Let rejoinder be filed before the next date.</p> <p style="text-align: center;">Since the question involved in this case appears to be more or less settled leaving only the question of Developing green belt as a condition in the consent to operate granted by DL &amp; LRO to be decided, list this</p>

matter on **13.4.2017** for final disposal.

We would, however, express our view that since in the case of new kilns a mandatory condition for establishing multi-layered green belt is since being imposed, it would also be applicable to the applicants with a leeway in the period prescribed therefor. This would hold good even if the applicants claim that their brick kilns existed prior to or after the year 2000.
