The Learned Counsel appearing for the CPCB submits that vide our Order dated 6<sup>th</sup> January, 2016 some cities had been identified and the Report on pollution levels in those cities have already been filed on record. All the 11 cities which were indicated, are having ambient air quality which is violative of the prescribed standard. It is a known fact that there are primarily three sources of pollution, burning of waste and other materials, dust emission from various sources and vehicular pollution. The directions passed in regard to NCT, would safely be applied for all these cities. But before we pass Orders in that regard, in relation to all the major cities in the country, we would like the CPCB to place complete and comprehensive data afore-indicated.</p> <p data-bbox="511 1502 1432 2139">We make it clear that the 11 cities noticed in our Order for primarily in the State of Uttar Pradesh, State of Bihar, State of West Bengal, State of Maharashtra, State of Punjab, State of Rajasthan, State of Karnataka and State of Tamil Nadu. Learned Counsel appearing for the State of Maharashtra, State of Uttar Pradesh, State of Bihar and State of Tamil Nadu are present. They should be prepared to answer the query of the Tribunal on the next date of hearing.</p> <p data-bbox="511 2179 1432 2440">Let Notice be issued to the Resident Commissioners of the Stats who are not represented before the Tribunal today. The Notice would be issued without process fee and they also be informed telephonically or by e-mail.</p>

We will be taking up the matter both in relation to NCT Delhi and all India matters of air pollution on 30<sup>th</sup> May, 2016.
