HON'BLE DR. NAGIN NANDA, EXPERT MEMBER**

For Applicant(s):

For Respondent (s):

Mr. Pradeep Misra, Mr. Daleep Dhyani,  
Advocates for UPPCB

**ORDER**

The question for consideration is the remedial measures against the water pollution caused by cloth dyeing and printing industry at M.G Road, Industrial Area Block, Dhaulana, District Hapur, Uttar Pradesh.

An action taken report was sought from the Uttar Pradesh State Pollution Control Board (UPPCB). Accordingly, report furnished vide email dated 20.01.2019 acknowledges that industrial effluents and sewage are being discharged into the drain connecting Hindon River which is broken at many places. Overflow of the effluents is collected in vacant plots.

Learned counsel for the UPPCB states that after the above report was submitted, there is further development that UPSIDC has initiated remedial action on being asked by UPPCB. The UPPCB may monitor the compliance of the environmental norms and furnish a further report to this Tribunal after three months by email at [ngt.filing@gmail.com](mailto:ngt.filing@gmail.com).

Learned counsel for the UPPCB further states that this problem is faced by most of the industrial areas in Uttar Pradesh. When industrial areas are set up, requisite infrastructure for scientific discharge of effluents is not being developed. Let this aspect be considered by the Chief Secretary, Uttar Pradesh and remedial measures be taken in respect of areas already set up as well as the areas which may be set up later.

A copy of this order be sent to the Chief Secretary, Uttar Pradesh by email.

List for further consideration on 04.09.2019.

Adarsh Kumar Goel, CP

K. Ramakrishnan, JM

Dr. Nagin Nanda, EM
