**BEFORE THE NATIONAL GREEN TRIBUNAL
SOUTHERN ZONE BENCH, CHENNAI
ORIGINAL APPLICATION NO. 191/2024**

IN THE MATTER OF:

Yelahanka - Puttenahalli Lake and
Bird Conservation Trust (Regd)

...Applicant

VERSUS

State of Karnataka and Others

...Respondents

**REPORT ON BEHALF OF RESPONDENT NO. 6 (BWSSB) IN
COMPLIANCE OF ORDER DATED 24.04.2025**

MOST RESPECTFULLY SHOWETH:

1. The instant report is being filed pursuant to the directions issued by this Hon'ble Tribunal vide order dated 24.04.2025 in the present Original Application, wherein the following was directed by this Hon'ble Tribunal:

“4. Though the Minutes of the Meeting have been furnished, the plan of action is not mentioned. It would be appropriate for them to furnish a sketch indicating the separate jobs yet to be carried out or executed by the BBMP and BWSSB. While furnishing the above particulars, let the officials also furnish the survey numbers and classification of the land and ensure that the above-said structures do not spill onto the buffer zone of the lakes.”

2. With respect to the above, it is submitted as follows:
3. **Action Plan of BWSSB** – As per the deliberations of the Committee formed by this Hon'ble Tribunal vide order dated 05.03.2025, due to no other feasible alternative, the action plan of the BWSSB is:

- i. to lay 700 mm Dia RCC sewer line for about 600 mts on the lake bund walking path to ensure that no sewage enters the lake.
 - ii. to convey the sewage from this upcoming pipeline to the upcoming STP at Yelehanka.
 - iii. DI Pressure machine-hole rings and covers shall be provided for the machine-holes in the Puttenahalli Lake bund walkway, as the same will completely restrict the overflow of the sewage.
 - iv. The proposed work shall be taken up along with the ongoing tender work of “Procurement and Construction of Main Sewers including Manholes in Byatarayanpura Zones (Hebbal Valley Catchment) [Works-B] under JICA Loan”.
4. **Details of Survey Number and Sketch** – The pathway of the proposed BWSSB pipeline falls in Survey No. 36 of Puttenahalli Village, Chowdeshwari Ward, Yelahanka Hobli, Bangalore North Taluk, as per Survey Settlement and Land Records of the State of Karnataka. It is submitted that the said survey number has been classified as “tank.” However, physically, the lake does not extend to the place where the pipeline is being laid down. It is submitted at the cost of repetition that in order to ensure that there is no entry of sewage into the lake, it is essential for the pipeline to be laid down. True Copy of Revenue Maps is viewed using Google Earth is annexed herewith as **Annexure R-1**.
5. It is submitted that the sketch of the proposed pipeline has already been placed on record by the answering Respondent as Annexure R4 to the report

dated 28.08.2024. However, the sketch of the proposed pipeline along with the details of the lake-bund width, existing buildings, levels is annexed herewith as **Annexure R-2**.

6. It is thus submitted that the proposed pipeline along the Puttenahalli Lake bund walkway has become an absolute necessity in order to ensure that there is no entry of sewage into the Puttenahalli Lake. It is thus prayed that the present Original Application may be dismissed.
