Committee Report
on
Functional Audit of SEIAA, Uttar
Pradesh
in
Compliance with Hon'ble NGT Order
in
OA No. 199/2021 titled as
Saviour Park Apartment Owners
Association
Vs.
State of Uttar Pradesh & Ors.

Committee Report on Functional Audit of SEIAA, Uttar Pradesh in Compliance with Hon'ble NGT Order in OA No. 199/2021 titled as Saviour Park Apartment Owners Association Vs. State of Uttar Pradesh & Ors.

Chapter 1 Background

1.0 Background

1.1 Grievance of the Applicants and Original Application (OA) before Hon'ble NGT

Grievance in Original Application No. 199/2021 titled as Saviour Park Apartment Owners Association Vs. State of Uttar Pradesh & Ors. is against violation of environmental norms in setting up of a construction project – "Saviour Park", Plot No.108, Katori Mill, Loni Road, Mohan Nagar, Ghaziabad, UP, by Respondent No. 10 – Savfab Buildtech Pvt. Ltd., without valid Environmental Clearance (EC) and without requisite safeguards. It is further stated that EC conditions and environmental norms are being violated.

1.2 Observations of Hon'ble NGT

In the observation of the present matter, reliance has been placed by Hon'ble NGT on the Order of the Tribunal dated 24.05.2021 in Appeal No. 34/2020(WZ), Tanaji B. Gambhire v. Chief Secretary Government of Maharashtra & Ors., wherein Hon'ble Tribunal noted rampant and continuous violation of environmental norms in completion of construction projects without valid ECs and failure of the regulatory authorities to prevent such violations by requiring demolition or payment of compensation. It was felt by NGT that if this is not checked the rule of law cannot be upheld. Reliance has also been placed on order of Hon'ble NGT dated 08.06.2021 in OA No.13/2021 (WZ), Shashikant Vithal Kamble v. M/s. Key Stone Properties & Ors. for further actions in the matter.

1.3 Orders issued by Hon'ble NGT

Hon'ble NGT vide order dated 13.08.2021 (**Annexure-1**) has directed as follows:

"5. We are of the view that on the pattern of above orders passed by this Tribunal in Appeal No. 34/2020(WZ) and OA No. 13/2021 (WZ),

apart from considering the remedial action against violations, two-member Committee comprising Additional Secretary, MoEF&CC, to be nominated by the Secretary MoEF&CC and the Chairman, CPCB need to conduct functional audit of SEIAA, UP to find out how frequent blatant violations are taking place and how the situation can be remedied. The Committee will be free to take assistance from any other expert/institution and interact with the stake-holders. SEIAA, UP has to review its working in the light of judgments of the Hon'ble Supreme Court and in the light of frequent and rampant violations. Considering the report, an appropriate SOP may to be laid down by the MoEF&CC to deal with such ECs which may be circulated to all SEIAAs."

Chapter 2

Constitution and Proceedings of the Committee

2.0 Constitution and Proceedings of the Committee

Details on the follow-up actions in the matter are as follows:

2.1 Constitution of the Committee

In compliance with the Orders as issued by Hon'ble NGT, the Two Member Committee had been constituted with following Members;

1. Shri Ravi Agrawal, Additional Secretary, Ministry of Environment, Forest and Climate Change, Government of India, IA.III - Division, Indira Paryavaran Bhawan, Jor Bagh Road, New Delhi - 110 003
2. The Chairman, Central Pollution Control Board, Parivesh Bhawan, East Arjun Nagar, Delhi – 110032.

2.2 Inclusion of Expert Members

Later on, Member Secretary, CPCB was included in the Committee as an Expert Member and the Committee co-opted Shri N. K. Gupta, Scientist E and Shri J. D. Marcus Knight Scientist 'D' from the Ministry of EF & CC for providing necessary support as may be required in providing requisite support to the Committee in collecting, analysing and interpreting the data.

2.3 Details of Meetings Convened and Proceedings

First Meeting of the Two Member Committee was convened on 23.08.2021 wherein it was decided to collect factual information as available with SEIAA, Uttar Pradesh with regard to Environmental Clearance (EC) violation cases. Accordingly, MoEF&CC vide letter dated 16.09.2021 had requested SEIAA, UP (**Annexure-2**) and UPPCB (**Annexure-3**) to provide factual information pertaining to Environmental Clearance violation cases in the prescribed format to CPCB. Further reminders were issued to SEIAA, UP and UPPCB from CPCB vide letters dated 08.10.2021 (**Annexure-4 & Annexure-5**).

However, UPPCB replied vide letter dated 01.11.2021 with data only for the Project under reference i.e. Saviour Park Apartment. Further reminder was issued from CPCB to SEIAA, UP vide letter dated 26.11.2021 (**Annexure-6**). Said Letters

were communicated through E-mail also. Response from SEIAA, UP was received vide letter dated 08.12.2021 **(Annexure-7)**.

Second meeting of the Committee was conducted on 22.12.2021 for deciding further course of action in the matter. During the meeting it was decided that the Member Secretary, CPCB may be included in the Committee as an Expert Member.

Further, letters dated 24.12.2021 **(Annexure-8)** and 19.01.2022 **(Annexure-9)** were issued to SEIAA, UP by CPCB seeking additional information on following issues:

- i. Details of violation cases which were received during the 'Window Periods' i.e. from 14.03.2017 to 13.09.2017 and from 14.03.2018 to 13.04.2018.
- ii. Details of violation cases which were received after the window period and status of the same.
- iii. Details of projects for which post-facto ECs were granted, including the ECs for expansion projects which were in violation of existing EC.
- iv. Copies of all cases of violation where ECs were granted.
- v. Date of application of EC for the period from 01.01.2017 till date and the date of grant of EC and the reasons for delay, if any.
- vi. Before granting of EC, whether SEIAA had examined/verified regarding disciplinary/legal action, taken/in progress by Uttar Pradesh State Pollution Control Board / Other Enforcement Agency against the project proponent.
- vii. NGT order dated 24.05.2021 inter-alia stated on formulation of SoP for handling such violation cases. The Ministry has already issued SoP dated 7th July 2021 which has been interim stayed by Hon'ble Madras High Court, Madurai bench on 15th July 2021. Details of violation cases which are pending due to this are required to be provided by SEIAA.
- viii. In context to violation cases: Details in respect of status of damage assessment, bank guarantee imposed, remediation action taken including cost aspects. Details of the agency who is monitoring the remediation action plans.
- ix. Detailed information about the Project namely M/s Saviour Park Apartment, Mohan Nagar Ghaziabad.
- x. Any other information/observation/suggestion by SEIAA, Uttar Pradesh which they like to submit.

However, response from SEIAA, UP to CPCB's letter dated 24.12.2021 has been received vide E-mail dated 24.01.2022 **(Annexure-10)**. It was observed that, some information were not provided as per format devised by the

Committee. Hence, SEIAA, UP was requested further vide letter dated 27.01.2022 (**Annexure 11**) to provide the requisite information.

Meanwhile, Shri Ravi Agrawal, Additional Secretary had been transferred from MoEF&CC in first week of January 2022. Thereafter, Shri Tanmay Kumar, Additional Secretary, MoEF&CC who is also holding the charge of the post of the Chairman, CPCB, has been entrusted with full responsibility of the Committee. He was assisted by following officers of MoEF&CC and CPCB:

- i. Shri Sujit Kumar Bajpayee, Joint Secretary, IA Division, MoEF&CC
- ii. Dr. Prashant Gargava, Member Secretary, CPCB
- iii. Shri N.K. Gupta, Scientist E, CPCB
- iv. Dr. J.D. Marcus Knight, Scientist 'D', IA Division, MoEF&CC

Third and Fourth meetings of the Committee were convened on 13.01.2022 and 23.02.2022 respectively wherein officers of SEIAA, Uttar Pradesh were also present. On request of SEIAA, UP, next meeting was conducted with them on 25.02.2022. The Committee expressed displeasure on delay in submission and quality of information provided by SEIAA, Uttar Pradesh. The Committee advised SEIAA, Uttar Pradesh for expediting submission of requisite information. Committee further sought additional information in the matter vide letters dated 25.02.2022 (**Annexure-12(i)**) and 04.03.2022 (**Annexure-12(ii)**).

2.4 Additional information sought from SEIAA including Violation Cases during Window Period

Meetings as referred above had been convened with SEIAA, UP and communications had been made with them from time to time seeking following additional information:

- i. *Process adopted for Grant of EC*
- ii. *What is the application format?*
- iii. *Is it same for all the Project or varies for different types of project?*
- iv. *How the application is processed?*
- v. *Whether other enforcement agencies are concerned including SPCB, Local Bodies, Town & Country Planning Dept.? If yes, how?*
- vi. *What are the necessary Clearances/NOCs/Licenses etc. required for processing application?*
- vii. *What are the prescribed timelines? Max. & Min.?*
- viii. *Is there any specific methodology for building projects?*
- ix. *What is mechanism for compliance monitoring?*
- x. *Is Environmental Compensation is also imposed?*

- xi. *What is the Check-list? Standardized TOR? Is it same for all types of Projects or does it vary project-wise?*
- xii. *In case of Violation matters during Window Period, what were the natures of violation viz. before grant of EC, during grant of EC or after the grant of EC?*
- xiii. *Why are construction projects of the State not following provisions of EIA Notification, 2006?*
- xiv. *Do other Enforcement Agencies take cognizance of requirement of prior EC or EC conditions?*
- xv. *Why are such frequent blatant violations taking place and how can the situation be remedied?*
- xvi. *Details of violation cases which were received during the 'Window Periods' i.e. from 14.03.2017 to 13.09.2017 and from 14.03.2018 to 13.04.2018. Detailed status of these cases are required for Functional Audit.*
- xvii. *Details of violation cases which were received after the window period and status of the same.*
- xviii. *Details of projects for which post-facto ECs are granted, including the ECs for expansion projects which were in violation of existing EC.*
- xix. *Copies of all violation ECs granted.*
- xx. *Date of application of EC for the period from 01.01.2017 till date and the date of grant of EC and the reason(s) for delay, if any.*
- xxi. *Before granting of EC, whether the SEIAA has examined/verified regarding disciplinary/legal action, taken/in progress by Uttar Pradesh State Pollution Control Board/Other Enforcement Agency(ies) against the project proponent.*
- xxii. *In context to violation cases: Details in respect of status of damage assessment, bank guarantee imposed, remediation action taken including cost aspects. Details of the agency who is monitoring the remediation action plans.*
- xxiii. *Detailed information regarding M/s Saviour Park Apartment, Mohan Nagar Ghaziabad.*
- xxiv. *Any other information/observation/suggestion by Uttar Pradesh, SEIAA which they may like to submit.*

Subsequently, data and information have been provided by SEIAA, in several phases. The same have been analysed and observations are presented in subsequent chapters.

Last meeting of the Committee with SEIAA, UP was convened on 18.04.2022 and further information/clarification have been sought on priority vide mail dated 18.04.2022 on the issues mentioned as follows:

1. It is noted that, for most of the projects under violation category, date of application for EC are beyond the window period.
2. Action u/s 15 of the E(P) Act, 1986 against all the projects falling under violation category have not been initiated by SEIAA, Uttar Pradesh.
3. In some cases, it has been found that, two types of Bank Guarantees have been imposed. In such cases, one information has been provided by SEIAA itself and information has been provided by SPCB.
4. Project completion status in detail may be provided by SEIAA in respect of all the projects under violation category.
5. Ground Status of 15 projects for which applications had been received under violation category during Window Period but the ECs are yet to be granted.
6. Ground Status of 619 Projects for which applications had been received but ECs were not granted.
7. Lack of adherence to the Stepwise flowchart and time-lines for issue of Environment Clearance by SEIAA and lack of institutional mechanism for coordination with SPCB, Municipal Bodies, Town Planning and other enforcement agencies / designated bodies involved in sanctioning building construction projects at local level.
8. Absence of well laid down procedure regarding examination of EC and sanction of plan by the Town Planning Department. It is not clear whether the approval process for Building Construction by the Town Planning Department / Municipal Bodies also includes examining whether EC has been granted and whether there is any requirement of CTE / CTO before sanctioning or issuing of Occupancy certificate by concerned Agencies/ Authorities?
9. Lack of clarity regarding requirement of necessary Clearances/ NOCs/ Licenses etc. required for processing application for EC.
10. Lack of clarity regarding methodology to be followed for building projects and imposition of Environmental Compensation for building projects.
11. Besides, no specific information has been received from SEIAA, UP on:
 - i. Information with respect to Application format
 - ii. Procedure adopted for processing of application
 - iii. Reasons for blatant violations taking place and how can the situation be remedied

A reply from SEIAA, UP is received on 27.04.2022 i.e. just at the time of finalization of the report. Copy of this reply from SEIAA is attached as **Annexure-13**.

Chapter - 3

Court/Tribunal Directions Related to Violation Cases

3.1. Hindustan Copper Limited Vs Union of India in W.P. (C) No. 2364 of 2014

The Hon'ble High Court of Jharkhand in the matter of Hindustan Copper Limited Vs Union of India in W.P. (C) No. 2364 of 2014, vide order dated 28.11.2014 held: "(...) action for alleged violation would be an independent and separate proceeding and therefore, consideration of proposal for environment clearance cannot await initiation of action against the project proponent."

"(...) the proposal of the petitioner company for environmental clearance must be examined on its merits, independent of any proposed action for the alleged violation of the environmental laws."

3.2. Puducherry Environment Protection Association Vs The Union of India in W.P. No. 11189 of 2017

Hon'ble Madras High Court in the matter of Puducherry Environment Protection Association Vs The Union of India in W.P. No. 11189 of 2017, vide order dated 13.10.2017 held "*27. The question is whether an establishment contributing to the economy of the country and providing livelihood to hundreds of people should be closed down only because of failure to obtain prior environmental clearance, even though the establishment may not otherwise be violating pollution laws or the pollution, if any, can conveniently and effectively be checked. The answer necessarily has to be in the negative.*"

"29. It is reiterated that protection of environment and prevention of environmental pollution and degradation are non-negotiable. At the same time, the Court cannot altogether ignore the economy of the Nation and the need to protect the livelihood of hundreds of employees employed in projects, which as stated above, otherwise comply with or can be made to comply with norms."

3.3. Common Cause Vs Union of India in W.P. (C) No. 114 of 2014

The Hon'ble Supreme Court in the matter of Common Cause Vs Union of India in W.P. (C) No. 114 of 2014, vide order dated 2.8.2017 held: "(...) an EC will come into force not earlier than the date of its grant."

3.4. Alembic Pharmaceuticals Ltd. Vs Rohit Prajapati & Ors. in C.A. No. 1526 of 2016

The Hon'ble Supreme Court in the matter of Alembic Pharmaceuticals Ltd. Vs Rohit Prajapati & Ors. in C.A. No. 1526 of 2016, vide order dated 1.4.2020 held: "(...) this Court must take a balanced approach which holds the industries to account for having operated without environmental clearances in the past without ordering a closure of operations. The directions of the NGT for the revocation of the ECs and for closure of the units do not accord with the principle of proportionality"

3.5. Indian Council for Enviro- Legal Action Vs Union of India (the Bichhri village industrial pollution case) in (1996 SCC [3] SCC 212)

The Hon'ble Supreme Court in the matter of Indian Council for Enviro- Legal Action Vs Union of India (the Bichhri village industrial pollution case) in (1996 SCC [3] SCC 212) held: a) The Central Government is empowered to take all measures and issue all such directions as are called for the above purpose. The said powers will include giving directions ... and also the power to impose the cost of remedial measures on the offending industry and utilize the amount so recovered for carrying out remedial measures...

b) Levy of costs required for carrying out remedial measures is implicit in Sections 3 and 5 which are couched in very wide and expansive language. Sections 3 and 5 of the Environment (Protection) Act, 1986, apart from other provisions of Water and Air Acts, empower the Government to make all such directions and take all such measures as are necessary or expedient for protecting and promoting the 'environment', which expression has been defined in very wide and expansive terms in Section 2 (a) of the Environment (Protection) Act. This power includes the power to prohibit an activity, close an industry, direct to carry out remedial measures, and wherever necessary impose the cost of remedial measures upon the offending industry.

c) The question of liability of the respondents to defray the costs of remedial measures can also be looked into from accepted universally sound principle, viz., the "Polluter Pays" Principle. "The polluter pays principle demands that the financial costs of preventing or remedying damage caused by pollution should lie with the undertakings which cause the pollution, or produce the goods which cause the pollution".

3.6. Original Application No. 287 of 2020 in the matter of Dastak N.G.O. Vs Synochem Organics Pvt. Ltd. & Ors.

Hon'ble NGT in Original Application No. 287 of 2020 in the matter of Dastak N.G.O. Vs Synochem Organics Pvt. Ltd. & Ors. and in applications pertaining to same subject matter in Original Application No. 298 of 2020 in Vineet Nagar Vs. Central Ground Water Authority & Ors., vide order dated 03.06.2021 held that "(...) *for past violations, the concerned authorities are free to take appropriate action in accordance with polluter pays principle, following due process*".

3.7. O.A No. 34/2020 WZ in the matter of Tanaji B. Gambhire vs. Chief Secretary, Government of Maharashtra and ors.

Hon'ble National Green Tribunal in O.A No. 34/2020 WZ in the matter of Tanaji B. Gambhire vs. Chief Secretary, Government of Maharashtra and ors., vide order dated 24.05.2021 has directed that *"...a proper SoP be laid down for grant of EC in such cases so as to address the gaps in binding law and practice being currently followed. The MoEF&CC may also consider circulating such SoP to all SEIAAs in the country"*.

3.8. S.O. 804(E) dated 14.03.2017

The Ministry had issued a Notification vide S.O. 804 (E) dated 14.03.2017 for appraisal of projects for grant of terms of reference (ToR) / EC, which have started the work on site, expanded the production beyond the limit of EC, or changed the product mix without obtaining prior EC under EIA Notification, 2006. Only the projects or activities which were in violation on date of this notification were eligible to apply for EC under this notification and the project proponents could apply for EC under this notification only within six months from the date of this notification. The Notification S.O. 804 (E) dated 14.03.2017 was applicable for six months from the date of publication i.e. 14.03.2017 to 13.09.2017 and further based on court direction from 14.03.2018 to 13.04.2018.

3.9. SoP Dated 07.07.2021 for Identification and handling of violation cases under EIA Notification 2006 in compliance of Hon'ble Nation Green Tribunal in O.A. No. 34/2020 WZ.

MoEF&CC has issued a SoP for identification and handling of violation cases under EIA Notification, 2006 vide OM dated 07.07.2021. the said OM dated 07.07.2021 imposes penalty and does not grant EC in all cases but EC is granted only for projects on merit after due appraisal/diligence. There are instances where the Courts as mentioned above have allowed the industry to continue functioning even without EC. However, the SoP directs that the project which is functioning without EC should as a first step be stopped from functioning until the required EC is obtained.

The OM dated 07.07.2021 has been formulated which, inter alia, deals with the process for identification and handling of cases of violation in the following manner. As a preliminary step:

- i. In case there is no prior EC taken there will be an order to close the operations.
- ii. In the instance where prior EC is available for existing/ old unit the project shall be reverted to the permissible limits.
- iii. In case the EC was not required for earlier production level but is now required the activity or project shall be restricted to the extent to which prior EC was not required.

Consequently, action under Section 15 read with Section 19 of the Environment (Protection) Act, 1986 shall be initiated against the project proponent for running the unit in violation of the said EIA Notification. Thereafter, the permissibility of the project shall be examined as to whether such activity/project was at all eligible for the grant of prior Environmental Clearance.

The projects which are not permissible shall be ordered for demolition/closure after issuing a show cause notice and providing an opportunity of hearing. The closure and demolition project/activity shall be issued under Section 5 of the Environment (Protection) Act, 1986 by the respective authority.

Only, if the activity/project is found permissible, further consideration for issuing Terms of Reference (TOR) and preparation of Environmental Impact Assessment report (hereinafter referred to as EIA report) and Environmental Management Plan (hereinafter referred to as EMP) in a time bound manner shall be done. Such cases of violation shall also be subjected to appropriate damage assessment, remedial plan and community augmentation plan by the Central Level Sectoral Expert Appraisal Committee or State/ Union Territory Level Expert Appraisal Committees, as the case may be.

Further, the project proponent shall be required to submit a bank guarantee equivalent to the amount of Remediation Plan and Natural & Community Resource Augmentation Plan with the Central/ State Pollution Control Board. Such bank guarantee shall be released after successful implementation of the Remediation Plan and Natural & Community Resource Augmentation Plan.

The instance of violation cases and applications for new projects, the project proponent shall also be liable to pay a penalty of 1% of the total project cost incurred up to the date of filing of application along with EIA/EMP report where the operation has not commenced. Further, the project proponent shall be liable to pay penalty of 1% of the total project cost incurred up to the date of filing of such applications along with EIA/EMP report in addition to a penalty of 0.25% of the total turnover during the period of violation where operations have commenced without EC.

The instance of violation cases and applications for expansion projects, the project proponent shall be liable to pay 1% of the total project cost, attributable to the expansion incurred up to the date of filing of application along with EIA/EMP report, where operation/production with expanded capacity has not commenced. Furthermore, the project proponent shall be liable to pay 1% of the project cost incurred upto the date of filing of application along with EIA/EMP report in addition to 0.25% of the total turnover involved during the period of violation where operations/production with expanded capacity have commenced.

The EC granted to such project shall be effective only from the date of issuance of such clearance and will not have a retrospective application.

Chapter – 4

Evolution of requirement of EC for Building projects

4.1 Evolution of requirement of EC for Building projects

MoEF&CC issued EIA Notification, 1994 S.O. 60 (E) dated 27.01.1994 mandating requirement of Environment Clearance (EC) for undertaking any new project in any part of India or the expansion or modernization of any existing industry or project listed in the Schedule-I.

1. Vide order dated 12.12.2003 in WP (C) No. 725 of 1994 with I.A. No. 20, 21, 1207, 1183, 1216 and 1251 in WP (C) No. 4677 of 1985 in the matter of news item published in Hindustan Times titled "And Quiet Flows the Maily Yamuna" Vs Central Pollution Control Board and Others the Hon'ble Supreme Court observed, that building construction causes damage to the environment and therefore such construction projects may be considered to be brought under EIA regime so that all such projects must take all the mitigating steps so as to save the environment of the area in which such a project was being constructed by the project proponent.
2. Considering the abovementioned observation of the Hon'ble Supreme Court, MoEF&CC issued notification S.O. No. 801(E) dated 07.07.2004. Herein, the requirement of prior EC for certain category of construction and development activities (**New Construction Project and New Industrial Estate**) in the country was also inserted in the Schedule-I, after item 30 through an amendment in the EIA Notification, 1994 (operative at that time) vide. The above-said amendment mentioned that
"(...) New construction projects which were undertaken without obtaining the clearance required under this notification, and where construction work has not come up to the plinth level, shall require clearance under this notification with effect from the 7th day of July, 2004....."
3. Further, the Central Government issued the Environment Impact Assessment (EIA) Notification vide S.O. 1533(E) dated 14th September, 2006 (hereinafter referred to as the "EIA Notification, 2006") superseding the Environmental Impact Assessment Notification 1994. Under the provisions of the EIA Notification, 2006, Environment Clearance for Building and Construction Projects & Township and Area Development Projects are covered under entry 8 (a) & (b) of the Schedule to the EIA Notification, 2006. The entry 8(a) and 8(b) of the Schedule of EIA Notification 2006 provides as follows:

4.1 Schedule of EIA notification w.r.t 8(a) and 8(b) projects				
(1)	(2)	(3)	(4)	(5)

8	Building or Construction projects or Area Development projects and Townships			
8(a)	Building and Construction projects		≥20000 sq.mtrs and <1,50,000 sq.mtrs. of built-up area	# (built up area for covered construction; in the case of facilities open to the sky, it will be the activity area)
8(b)	Townships and Area Development projects.		Covering an area ≥ 50 ha and or built up area ≥1,50,000 sq. mtrs	All projects under Item 8(b) shall be appraised as Category B1

4. The aforementioned entries of items 8(a) and 8(b) are qualified as category 'B' projects under the EIA Notification, 2006 and the said projects are appraised by the State Level Expert Appraisal Committees (SEACs) and approved by the State Environmental Impact Assessment Authorities (SEIAAs).
5. Further, MoEF&CC issued notification S.O. 3252(E) dated 22.12.2014 wherein it was inserted that the term "built up area" for the purpose of this notification the built up or covered area on all floors put up together, including its basement and other service areas, which are proposed in the building or construction projects. The projects or activities shall not include industrial shed, school, college, hostel for educational institution, but such buildings shall ensure sustainable environmental management, solid and liquid waste management, rain water harvesting and may use recycled materials such as fly ash bricks. Herein, general conditions shall not be applicable. MoEF&CC issued Notification S.O. 3252(E) dated 22.12.2014 wherein industrial shed, school, college, hostel for educational institution were exempted.
6. Furthermore, MoEF&CC vide S.O. 3999(E) dated 9.12.2016 decentralized regulation in relation to building projects. Certain specified building and construction projects of specified area were exempted from the ambit of the EIA Notification as shown below:
 - i. Built up area 5,000-20,000 sq m, Urban Local Bodies (ULB) authorized to give approval after obtaining self-declaration from the building proponent regarding adherence to the environmental conditions.

- ii. Built-up area 20,000-1,50,000 sq m, ULB is authorized to give approval after considering the recommendation of the Environmental Cell.
 - iii. Built-up area 1,50,000-3,00,000 sq m, SEIAA is authorized to give Environmental Clearance after recommendation of SEAC.
 - iv. Built-up area more than 3,00,000 sq m the MoEFCC is authorized to give Environmental Clearance after recommendation of EAC.
7. The Ministry's notification S.O. 3999(E) dated 9th December 2016 was challenged in the Original Applications No. 677 of 2016, 01 of 2017, 07 of 2017, 55 of 2017 and 67 of 2017 along with all the Miscellaneous Applications No. 148 of 2017, 03 of 2017, 445 of 2017, 879 of 2017 and 620 of 2017. This was disposed of by the Hon'ble NGT, Delhi vide order dated 8.12.2017 which was uploaded on 15.12.2017.
8. In the final order dated 8.12.2017 the Hon'ble NGT has passed the following order/directions:
- i. We hold and declare that this Tribunal has jurisdiction to examine the legality, validity and correctness of a Notification issued by the competent forum in exercise of its power of subordinate legislation with regard to acts stated in Schedule-I to the National Green Tribunal Act, 2010.
 - ii. We hold and declare that (i) clause 14(8), (ii) the provisions relating to exclusion of Consent to Operate and Consent to Establish under Water (Prevention and Control of Pollution) Act, 1974 and the Air (Prevention and Control of Pollution) Act, 1981 in clause 14 of the impugned Notification; (iii) Appendix-XVI relating to constitution and functioning of Environmental Cell, cannot be sustained and are liable to be quashed for the reasons afore-stated. Thus, we direct MoEF&CC to re-examine its Notification dated 9th December, 2016 and take appropriate steps to delete, amend and rectify the clauses of the said Notification in light of this judgment.
 - iii. As a result of the above, the byelaws amended by the DDA vide its Notification dated 22nd March, 2016 can also not be given effect to, unless the Notification dated 9th December, 2016 is amended in terms of this judgment.
 - iv. Till the time the Ministry comply with the above directions and notify the amended provisions of Regulations of 2006, it will not implement the impugned Notifications. However, once the amended regulations are notified, MoEF&CC/SEIAA /Local Authorities can give effect to that, without any further reference to the Tribunal.
 - v. MoEF&CC shall, particularly take care that the laudable social cause of 'providing Housing to the poor' does not get defeated by business, economic profitability with reference to 'ease of doing business', while particularly protecting the environment.

9. The Ministry preferred to file an SLP, before the Hon'ble Supreme Court, against the order of the Hon'ble NGT. The SLP with CA No. 2522/2018 titled Union of India V/s Society for Protection of Environment & Biodiversity (SPENBIO) is pending adjudication before the Hon'ble Supreme Court. The SLP has been filed challenging the following orders of the Hon'ble NGT (PB).

4.2 Court cases with Title		
SL. No	Case No.	Title
1.	Original Application No. 01 of 2017	Pushp Jain Vs. Union of India
2.	Original Application No. 07 of 2017	Ajay Kumar Singh Vs. MoEFCC
3.	Original Application No. 55 of 2017	Mahendra Pandey Vs. Union of India
4.	Original Application No. 67 of 2017	R. Shreedhar Vs. Union of India
5.	Original Application No. 677 of 2017	Society for Protection of Environment & Biodiversity Vs. Union of India

10. Subsequently, the Ministry streamlined the permissions for buildings and construction sector while simultaneously strengthening efforts to improve environment through greater objectivity and transparency to avoid delays by issuing a Notification vide S.O.5733 (E) dated 14th November 2018 wherein in exercise of the powers conferred by section 23 of the Environment (Protection) Act, 1986 (29 of 1986), the Central Government has delegated the power to the local bodies such as Municipalities, Development Authorities, District Panchayats as the case may be. These State government bodies shall ensure the compliance of the environmental conditions as specified in the Appendix of the Notification in respect of building or construction projects with built-up area >20,000 sq. mtrs. to 50,000 sq. mtrs. and industrial sheds, educational institutions, hospitals and hostels for educational institutions \geq 20,000 sq. mtrs. upto 1,50,000 sq. mtrs. along with building permission and to ensure that the conditions specified in the Appendix are complied with, before granting the occupation certificate/completion certificate.
11. Further vide Notification no. S.O.5736 (E) dated 15th November 2018, the Ministry has exempted Building or Construction projects with a built-up area upto 50,000 square metres, from the Environmental Impact Assessment (EIA) process and from obtaining a prior environmental clearance. Local bodies such as Municipalities, Development Authorities and District Panchayats, shall stipulate environmental conditions while granting building permission, for the Building or Construction projects with built-up area \geq 20,000 sq. m. and <50,000 sq. m. and industrial sheds, educational institutions, hospitals and hostels for educational institutions from built-up area \geq 20,000 sq.m. to <1,50,000 sq.m. as specified in Notification S.O. 5733(E) dated 14th November, 2018"

12. However, the operation of both the aforesaid notifications has been stayed by the Hon'ble High Court of Delhi and the Hon'ble NGT. The various court cases pertaining to the Notification dated 14.11.2018 and 15.11.2018 are as below:

4.3 Court Cases with status				
S. No.	Case No.	Title	Court	Status
1.	Writ Petition (Civil) No. 12517 of 2018	Social Action for Forest and Environment Vs. Union of India	High Court of Delhi	Stay order has continued
2.	Writ Petition (Civil) No. 12570 of 2018	Society for Protection of Environment & Biodiversity (SPENBIO) Vs. Union of India	High Court of Delhi	Stay order has continued
3.	Original Application No. 1017 of 2018	Shashikant Vithal Kamble Vs. Union of India & Ors	National Green Tribunal, Delhi	Was disposed of vide order dated 22.01.2019.
4.	Contempt Case (Civil) No. 872 of 2018	Social Action for Forest & Environment vs. C. K. Mishra, Secretary & Another	High Court of Delhi	Still pending

13. For the purposes of effective environment protection and management, it was considered necessary to put in place Standardized, Outcome based & quantifiable environmental regulations so as to bring in transparency in approach & encourage ease of doing business. Further it was also considered necessary to expand the monitoring mechanism through third party audits, encouraging green certifications and leveraging on the presence of regulatory agencies at different levels of governance while retaining the overall superintendence of regulatory framework with the Central Government.
14. In this regard the Ministry of Environment Forest and Climate Change has issued the draft Building Construction Environment Management Regulations, 2022 vide Notification no. SO. 861(E) dated 25th February, 2022 for soliciting comments and suggestions from various stakeholders.

Chapter – 5

Policy Framework Governing the EC Process for Building/Construction

5.1. EIA Notification 2006

The Ministry has issued an Environmental Impact Assessment Notification number S.O. 1533 E dated 14, September 2006 superseding the Environmental Impact Assessment Notification 1994. The EIA Notification, 2006 regulates developmental projects in different parts of the country.

The EIA Notification, 2006 covers 39 projects/activities in its Schedule which inter-alia, includes different types of infrastructure projects viz. Mining , Industrial Projects , Airports, Ports, Highways, Building & Construction Projects etc. as specified and categorized in the said schedule.

The EIA Notification, 2006 categorized all the projects into two categories namely; Category A and Category B based on the spatial extent of potential impacts and potential impacts on human health and natural and manmade resources. The Category A projects are appraised at the Central Level in the Ministry of Environment, Forest & Climate Change in consultation with the Expert Appraisal Committee (EAC), while the Category 'B' projects are appraised at the State level i.e., State Level Environment Impact Assessment Authorities and Committees (SEIAAs and SEACs). The EAC/SEAC is a multi-disciplinary Committee constituted by the Ministry of Environment, Forest & Climate Change in terms of the provisions of the EIA Notification, 2006 entrusted with the responsibility of appraisal of the projects.

5.2. Constitution of SEIAA/SEAC

The SEIAA/SEACs are constituted in exercise of the powers conferred by sub-section (3) of section 3 of the Environment (Protection) Act, 1986. Sub-section (3) of section 3 provides the powers to constitute authorities for the purposes of exercising and performing such of the powers and functions (including the power to issue directions under section 5) of the Central Government under this Act and for taking measures with respect to such of the matters referred to in sub-section (2) as may be mentioned in the order and subject to the supervision and control of the Central Government and the provisions of such order, such authority or authorities may exercise the powers or perform the functions or take the measures so mentioned in the order as if such authority or authorities had been empowered by this Act to exercise those powers or perform those functions or take such measures.

SEIAAs are a very important arm of the Ministry for implementation of EIA Notification at the State level and they have been delegated powers to consider and grant environmental clearance (EC) for all proposals under Category B. The SEIAAs have been constituted at the State level for decentralisation of the EC process for expeditious examination of such Project proposals for environment clearances which do not have high pollution potential. Further, the States would have better knowledge of the ground situation. Projects such as building & construction, small mining activities and other small scale industries which serve for local area development by employment generation have been categorised as category B projects in the EIA Notification 2006.

5.1 No of days involved in stepwise EC process as EIA notification 2006		
EC process with reference to provisions in EIA 2006	No of days	
	Step wise	Cumulative
Receipt of application	0	0
Application scrutinised by MoEF&CC and informed to EAC (Para 2 of Appendix V)	30	30
Further scrutiny and agenda preparation (Para 4 of Appendix V)	15	60
Applicant informed of Agenda (Para 5 of Appendix V)	15	
Minutes of the meeting (Para 6 of Appendix V)	5	65
Processing of file by the Division (Para 7 IV (iii))	10	75
Approval by senior officers and HMEF and decision conveyed to proponent (Para 8 (ii))	30	105

That under the provisions of the EIA Notification, 2006, Environment Clearance for Building and Construction Projects & Township and Area Development Projects are covered under entry 8 (a) & (b) of the Schedule to the EIA Notification, 2006. The entry 8(a) and 8(b) of the Schedule of EIA Notification 2006 provides as follows;

"8(a): Building and Construction projects - ≥ 20000 sq. mtrs and < 150000 sq. mtrs of built-up area require EC. All projects under Item 8(b) shall be appraised as Category B2 i.e EIA/EMP and Public Hearing is not required.

8(b): Townships and Area Development projects - Covering an area ≥ 50 ha. and or built up area > 150000 sq. mtrs – require EC. All projects under Item 8(b) shall be appraised as Category B1 i.e EIA/EMP and Public Hearing are required.

The entries under item 8(a) and 8(b) require appraisal by the State Level Expert Appraisal Committees (SEACs) and are approved by the State Level Environment

Impact Assessment Authorities (SEIAAs). Further, that as per the EIA Notification, 2006, in the absence of a duly constituted SEIAA/SEAC, a category 'B' project shall be considered at the Central Level as category 'A' project.

5.3. Time line for grant of EC as per EIA Notification 2006

The EIA Notification provides a time period of 105 days for granting EC.

5.4. Steps taken by Ministry to expedite the EC process

The Ministry has taken several measures/initiatives for streamlining of the environmental clearance process and to reduce the time taken for grant of it, inter alia, including:

- i. Complete processing of proposals online on PARIVESH portal both at Central and State level
- ii. Flexibility in collection of baseline data even before grant of ToR, provided that the data should not be older than 3 years at the time of submission of proposal.
- iii. Conducting fortnightly EAC meeting either physically or through VC or in hybrid mode.
- iv. Prescribing relevant and monitorable EC conditions.
- v. Consideration of proposals based on the documents submitted by project proponent, even if project proponent is unable to attend the meeting.

5.5. Other major policy interventions carried out by Ministry to facilitate the EC process

1. Notification-S.O.562(E) dated 26.2.2014 was issued stating that all projects or activities listed under Category "B2" against building & construction project shall not require Scoping which means that no ToR would be issued and no EIA/EMP reports would be required.
The copy of the abovementioned Notification marked and attached herewith as **Annexure-14**.
2. Validity of Terms of Reference for EIA/EMP studies for the projects/activities requiring Environmental Clearance was extended to four years vide OM J-11013/41/2006-IA-II(I) dated 29.08.2017.
The copy of the above mentioned OM marked and attached herewith as **Annexure-15**.

3. Directions for consideration of Category "B" proposals at the Central level in the absence of duly constituted State Level Environment Impact Assessment Authority (SEIAA) or State Expert Appraisal Committee (SEAC), etc. was issued vide OM J-11013/41/2006-IA.III dated 23.10.2017. The copy of the abovementioned OM marked and attached herewith as **Annexure-16**.
4. Standardization of Environment Clearance conditions was carried out vide OM 22-34/2018-IA.III dated 09.08.2018, 04.01.2019 and 08.01.2019.

OM dated 09th August 2018 issued in order to bring uniformity on stipulated terms and conditions across the projects and sectors and as a general guidance to the EAC as well as project proponents, the Ministry issued standard Environment Clearance conditions for 25 different activities mentioned in the schedule.

Another OM dated 04th January, 2019 issued for the standard Environment Clearance conditions for activities like Infrastructure, Building/Construction & Area Development projects.

OM dated 08.01.2019 issued regarding the standard Environment Clearance conditions for Mining, extraction of natural resources (Non-coal mining) covered under schedule 1(a) of the EIA Notification 2006.

The copy of the abovementioned OM dated 09.08.2018, 4.01.2019 and 8.01.2019 are marked and attached herewith as **Annexure-17**, **Annexure-18** and **Annexure-19** respectively.

5. Form 3-8 were developed to facilitate application for seeking prior environmental clearance for the projects / activities given in the schedule of EIA Notification, 2006 and issued vide OM F. No. 22-1/2019-IA.III dated 11.06.2019.

5.2 Types of form as per OM dated 11.06.2019		
S.NO	Forms	Purpose
i.	Form-3	Application for Amendment in ToR
ii.	Form-4	Application for Amendment in Environmental Clearance
iii.	Form-5	Application for Extension of Validity of TOR
iv.	Form-6	Application for Extension of Validity of Environmental Clearance
v.	Form-7	Application for Transfer of Environmental Clearance

vi.	Form-8	Application for Transfer of Terms of Reference
-----	--------	--

The copy of the abovementioned OM marked and attached herewith as **Annexure-20**.

6. Directions to the SEIAA/SEAC to process the files on PARIVESH has been issued vide OM dated 20th November, 2020. Office memorandum vide file no- 22-1/2019-IA.III [E-116917] dated 15.12.2021 issued regarding EC application form for B2 category Projects- reg. On selection of B2 category, now project proponents are required to file application through Form2 available on Parivesh, hence all the State are filing all the application through PARIVESH only.

The copy of the abovementioned OM marked and attached herewith as **Annexure-21**.

7. Guidelines for further streamlining the process of grant of environmental clearances regarding rationalization of Essential Details Sought or Additional Details Sought was issued vide OM 22-35/2020-IA.III dated 30th December, 2020.

It was directed through the OM dated 30.12.2020 to ensure that the EDS/ADS will be relevant to the proposal under appraisal for the grant of Environmental Clearance.

The copy of the abovementioned OM marked and attached herewith as **Annexure-22**.

8. Directions regarding Processing of files for grant of Terms of Reference and Environmental Clearance through PARIVESH was issued vide OM 22-37/2018- IA.III dated 23rd February, 2021.

OM dated 1st March 2021, it was strictly directed to all SEIAAs that processing of files for approval of ToR as well as Environmental Clearance are processed through PARIVESH only.

The copy of the abovementioned OM marked and attached herewith as **Annexure-23**.

9. As SEIAAs are the arm of the Ministry at the State level, the Ministry issued an OM no IA3-22/45/2021-IA.III [170617] dated 17th January 2022 for rating the SEIAAs as it is desirable that accountability and transparency is maintained at the level of SEIAAs also. This is intended as a mode of recognition and encouragement as well as for prompting improvements where needed. **Annexure-24**.

Chapter - 6

Policy Framework for Handling Violations

6.1. Definition of Violation and Non-compliance

i. "Violation" means cases where Project Proponents have either started the construction work or installation or excavation, whichever is earlier, on site or have expanded the production capacity or changed the product mix or have started producing new products and / or expanded the project area beyond the limit specified in the Environmental Clearance (Prior-EC) without obtaining Prior-EC or have changed the scope without prior approval from the Ministry.

ii. "Non-compliance" means non-compliance of terms and conditions prescribed by the Regulatory Authority in the Prior Environment Clearance granted to the Project.

6.2. Provisions of Environment (Protection) Act, 1986 for handling violations

The Environment (Protection) Act, 1986 mandates the Central Government to take all measures as it deems necessary or expedient for the purposes of protecting and improving the quality of the environment and preventing, controlling and abating environmental pollution (reference sub-section (1) of Section 3 of Environment (Protection) Act, 1986).

Further, clause (xiv) of sub-section (2) of Section 3 of the Environment (Protection) Act, 1986 specifies that the measures stipulated under sub-section (1) of Section 3 of the Environment (Protection) Act 1986 includes '*such other matters as the Central Government deems necessary or expedient for the purpose of securing effective implementation of the provisions of this Act*'.

Notwithstanding anything contained in any other law but subject to the provisions of the Environment Protection Act, 1986, Section 5 of the Environment (Protection) Act, 1986, provides that the Central Government may, in the exercise of powers and performance of Central Government functions under the said Act, issue directions in writing to any person, officer or any authority and such person, officer or authority shall be bound to comply with such directions.

6.3. Evolution of process for handling violations

In view of the different types of violation cases coming to notice of the Ministry from time to time, it was considered expedient to establish a process for handling such cases. Accordingly, this Ministry issued Office Memoranda dated

12.12.2012 and 27.06.2013 to establish a process for grant of environmental clearance to cases of violation.

As per OM dated 12.12.2012, the matter relating to the violation supposed to be put up by the Project Proponent to the Board of Directors of its Company or to the Managing Committee / CEO of the Society, Trust, partnership / individually owned concern for consideration of its environment related policy / plan of action as also a written commitment in the form of a formal resolution to be submitted to MoEF&CC to ensure that violations will not be repeated. For this purpose, a time limit of 60 days will be given to the project proponent. In the meantime, the project will be delisted. In the eventuality of not having any response from the project proponent within the prescribed limit of 60 days, it will be presumed that it is no longer interested in pursuing the project further and the project file will be closed, where after the procedure will have to be initiated de novo by such project proponents.

Along with above the State government concerned was directed to initiate credible action on the violation by invoking powers under Section 19 of the Environment (Protection) Act, 1986 for taking necessary legal action under Section 15 of the Act for the period for which the violation taken place and evidence provided to MoEF&CC of the credible action taken.

The details of the project proponent and a copy of the commitment etc. need to be put on the website of MoEF&CC for information of all stakeholders.

Once action as mentioned above has been taken, the concerned case will be dealt with and processed as per the prescribed procedure for dealing with cases for grant of TORs/Environment Clearance I CRZ Clearance and appropriate recommendation made by the EAC/decision taken by the Ministry as per the merit of the case.

The Hon'ble High Court of Jharkhand, vide order dated 28th November, 2014 in W.P. (C) No. 2364 of 2014 in the matter of Hindustan Copper Limited Vs Union of India, held that the conditions laid down in OM dated 12.12.2012 were illegal and unconstitutional. The Hon'ble High Court further held that action for alleged violation would be an independent and separate proceeding and therefore, consideration of proposal for Environment Clearance (EC) could not await initiation of action against the Project Proponent. Furthermore, the Hon'ble Court ruled that the proposal for EC must be examined on its merits, independent of any proposed action for alleged violation of the environmental laws. The copy of the above mentioned OM marked and attached herewith as **Annexure-25**.

Subsequently Hon'ble National Green Tribunal, Principal Bench vide its order dated 7th July, 2015 in Original Application No. 37 of 2015 and Original Application

No. 213 of 2015 had also held that the Office Memoranda dated 12.12.2012 and 27.06.2013 on the subject of consideration of proposals for Terms of Reference or Environment Clearance or Coastal Regulation Zone Clearance involving violations of the Environment (Protection) Act, 1986 or Environment Impact Assessment (EIA) Notification, 2006 Coastal Regulation Zone Notification, 2011 could not alter or amend the provisions of the EIA notification, 2006 and had quashed the same.

The Ministry however had been receiving violation cases and it was deemed necessary to bring them under compliance within the regulatory regime in expedient manner necessarily for the purpose of protecting and improving the quality of the environment and abating environmental pollution.

6.4. Notification issued to deal with Violations

In view of the above requirement the Ministry issued a notification number S.O. 804(E), dated the 14th March, 2017 detailing the process for grant of Terms of Reference (ToR) and EC in respect of projects or activities which have started the work on site and/or expanded the production beyond the limit of Prior EC or changed the product mix without obtaining Prior EC under the EIA Notification, 2006.

This Notification was applicable for six months from the date of publication i.e. 14.03.2017 to 13.09.2017 and further based on court direction from 14.03.2018 to 13.04.2018.

6.5. Standard Operating Procedure dated 7th July 2021

The Ministry issued a Standard Operating Procedure dated 7th July 2021 bearing file number 22-21/2020-IA.III, for identification and handling of violation cases under EIA Notification 2006 in compliance of the order of the Hon'ble National Green Tribunal in O.A. No. 34/2020 (WZ) titled Tanaji B. Gambhire Vs Chief Secretary, Government of Maharashtra.

Guiding principles of the SoP are:

- I. Polluter Pays Principle: provision for penalty
- II. Precautionary Principle: Capturing violation cases, remediation plans, augmentation plan, monitoring framework
- III. Principle of proportionality

The SoP inter-alia comprises the following key features:

Step (i): Closure of the Project if no EC is available or Revision to permissible levels until grant of EC. Step 1 Closure or Revision from SOP dated 07.07.2021 is mentioned below:

6.1 Step-1 Closure or Revision from SOP dated 07.07.2021		
Sl no.	Status of EC	Actions
1	If no prior EC has been taken	Order to close its operation
2.	If prior EC is available for existing/old unit.	Order to revert the activity/production to permissible limits.
3.	If prior EC was not required for earlier production level but is now required.	Restrict the activity/production to the extent to which prior EC was not required.

Step (ii): Action under Environment (Protection) Act, 1986

Step: (iii): Appraisal under EIA Notification, 2006

- a. If not permissible: Closure/ demolition
- b. If permissible: EC granted-(Flowchart already prepared and submitted)

Further, a provision for penalty was also included based on proportionality principle to serve as a deterrent to the violators. The penalty provisions are as given below:

- i. Where operation has not commenced: 1% of the total project cost

Not commenced refer as not being operational. However, para 12 "Penalty provisions for Violation cases and applications" of the SOP dated 07.07.2021 is reproduced below for more clarity: -

12. Penalty provisions for Violation cases and applications:

- a. For new projects:
 - i. Where operation has not commenced: 1% of the total project cost incurred up to the date of filing of application along with EIA/EMP report; [Ex: Rs.1 lakh for project cost of Rs.1 Cr]
 - ii. Where operations have commenced without EC: 1% of the total project cost incurred up to the date of filing of application along with EIA/EMP report PLUS 0.25% of the total turnover during the period of violation. [Ex: For Rs.100 Cr project cost and Rs.100 Cr total turnover, the penalty shall be Rs.1 Cr + Rs. 0.25 Cr = Rs.1.25 Cr]
- b. For expansion projects:
 - i. Where operation/production with expanded capacity has not commenced: 1% of the project cost, attributable to the expansion,

incurred up to the date of filing of application along with EIA/EMP report.

Where operation/ production with expanded capacity have commenced: 1% of the project cost (attributable to the expansion activity) incurred upto the date of filing of application along with EIA/EMP report PLUS 0.25% of the total turnover (attributable to the expanded activity/capacity) involved during the period of violation.

- ii. Where operations have commenced without EC: 1% of the total project and 0.25% of total turnover. – i.e. combination of two.

The SoP has been challenged in the Madurai Bench of the High Court of Madras in the matter W.P.(MD) No. 11757 of 2021 titled Fatima Vs Union of India and has been interim stayed vide order dated 15th July 2021.

However, recently, in the Order dated 9th December 2021 in the matter of Civil Appeal Nos. 7576-7577 of 2021 in Electrosteel Steels Limited Vs Union of India and Ors., the Hon'ble Supreme Court of India has inter-alia observed the following:

"93. The interim order passed by the Madras High Court appears to be misconceived. However, this Court is not hearing an appeal from that interim order. The interim stay passed by the Madras High Court can have no application to operation of the Standard Operating Procedure to projects in territories beyond the territorial jurisdiction of Madras High Court. Moreover, final decision may have been taken in accordance with the Orders/Rules prevailing prior to 7th July, 2021."

Chapter 7

Functional Audit of SEIAA, Uttar Pradesh

Data and Information were received from SEIAA, Uttar Pradesh in parts vide E-mails as follows:

- Email dated 08.12.2021 **(Annexure-7)**
- E-mail dated 24.01.2022 **(Annexure-10)** and in continuation further vide dated 03.02.2022
- E-mail dated 11.03.2022 **(Annexure-26)**

The information and data have been analysed and the details and observations are as follows:

7.1 Existing Mechanism for grant of EC within SEIAA, Uttar Pradesh

7.1.1 Application format

It is submitted by SEIAA, UP that the Application Format is the same as prescribed in EIA Notification dated 14/09/2006 (as amended thereof).

7.1.2 Type of Format for Consolidated Statement

It is submitted by SEIAA, UP that the Application Formats are as per the categories prescribed in EIA Notification, 14/09/2006 (as amended thereof).

7.1.3 Procedure of processing of application

It is submitted by SEIAA, UP that procedure as prescribed in EIA Notification, 14/09/2006 (as amended thereof) is followed for processing of application.

7.1.4 Involvement of SPCB, Local Bodies, Town and Country Planning Department

It is submitted by SEIAA, UP that interaction with other enforcement agencies including SPCB, Local Bodies, Town & Country Planning Dept takes place during the appraisal of project. Many a times, it becomes necessary to coordinate with concerned department to verify the factual status of the project. Also, in many cases, litigation against the project is filed in the Hon'ble Court(s) by the social community or by the project proponent itself making the concerned departments as the pro-forma party or may be impleaded as the case may be. Ground status of the project in question is required to be answered in compliance

of the Hon'ble Court(s) orders. Hence, other enforcement agencies are coordinated including SPCB, Local Bodies, Town & Country Planning Dept. etc.

7.1.5 Stepwise flowchart and time-lines for issue of Environment Clearance by SEIAA and institutional mechanism for coordination with SPCB, Municipal Bodies, Town Planning and other designated bodies involved in sanctioning building construction projects at local level.

It is stated by SEIAA that the process adopted is as per EIA Notification, 2006 (as amended thereof).

The Committee is not satisfied with the reply of SEIAA.

7.1.6 Procedure of sanction of plan by Town and Country Planning. Does the approval process for Building Construction by the Town Planning Department / Municipal Bodies also includes examining whether EC has been granted? Whether there is any requirement of CTE / CTO before sanctioning or issuing of Occupancy certificate by concerned Agencies/ Authorities?

It is stated by SEIAA that the matter is related to Housing and Urban Planning Department UP.

The Committee is not satisfied with the reply of SEIAA.

7.1.7 Necessary Clearances/ NOCs/ Licences etc. required for processing application

SEIAA, UP submitted that, Clearances/ NOCs/ Licences etc. are required as prescribed in EIA Notification, 14/09/2006 (as amended thereof).

The Committee is not satisfied with the reply of SEIAA.

7.1.8 Coordination /Information Exchange between SEIAA and Local Authorities – Sharing of Environment Clearance Document issued by SEIAA or CTE/CTO issued by SPCB with the Town Planning/ Municipal Bodies or any other designated body responsible for approving the building plan

It is stated by SEIAA that EC letter issued to the concerned project proponent for the very project. The copy of the same with enclosure for Information and necessary action are issued to:

- Advisor, IA Division, Ministry of Environment, Forests & Climate Change, Govt. of India, Indira Paryavaran Bhawan, JorBagh Road, Aliganj, New Delhi.
- Additional Director, Regional Office, Ministry of Environment & Forests, (Central Region), Kendriya Bhawan, 5th Floor, Sector-H, Aliganj, Lucknow.
- District Magistrate (Concerned District).
- The Member Secretary, U.P. Pollution Control Board, TC-12V, Paryavaran Bhawan, VibhutiKhand, Gomti Nagar, Lucknow.

7.1.9 Prescribed timelines - Max and Min. for issuing of Environmental Clearance

Timeline is as prescribed in EIA Notification, 14/09/2006 (as amended thereof).

The Committee felt that the SEIAA has not been able to provide the complete information as desired.

7.1.10 Specific Methodology for Building Projects

SEIAA, UP submitted that, Methodology for Building Projects is as prescribed in EIA Notification, 14/09/2006 (as amended thereof)

The Committee is not satisfied with the reply of SEIAA.

7.1.11 Mechanism for Compliance Monitoring

It is submitted by SEIAA that the mechanism for compliance monitoring has been well defined in the office order issued vide file no. J-11013/10/2009-IA.I dated 30/09/2009 wherein it has been mentioned that:

"The Monitoring Cell in IA Division is the nodal point for monitoring and compliance of the stipulated conditions imposed on the industrial units/infrastructural projects including CRZ, while granting Environmental Clearance (EC). A copy of the EC is endorsed to the concerned Regional Office of the MoEF&CC for monitoring the compliance of the stipulated conditions, besides to the concerned State Pollution Control Board (SPCB) and Central Pollution Control Board (CPCB)."

For the aforesaid purpose, after the grant of EC, letter is issued to the concerned project proponent for the very project and the copy of the same together with enclosure are endorsed to the following for information and necessary action:

- Advisor, IA Division, Ministry of Environment, Forests & Climate Change, Govt. of India, Indira Paryavaran Bhawan, Jor Bagh Road, Aliganj, New Delhi
- Additional Director, Regional Office, Ministry of Environment & Forests, (Central Region), Kendriya Bhawan, 5th Floor, Sector-H, Aliganj, Lucknow
- District Magistrate, (Concerned District)
- The Member Secretary, U.P. Pollution Control Board, TC-12V, Paryavaran Bhawan, Vibhuti Khand, Gomti Nagar, Lucknow.

And more specifically, SEIAA/SEAC, appraises the violation category cases as per the EIA Notification dated 14/09/2006 (as amended thereof) read along with notification dated 14/03/2017 and 08/03/2018. The SEIAA/SEAC, stipulates the implementation of Environmental Management Plan, comprising remediation plan and natural and community resource augmentation plan corresponding to the ecological damage assessed and economic benefit derived due to violation as a condition of environmental clearance. The conditions stipulates that:

The project proponent is asked to submit bank guarantee of Rs. (The sum levied) equivalent to the amount of remediation plan and natural and community resource augmentation plan within 15 days to the SPCB.

The Committee felt that SEIAA needs to expedite the action in this regard.

7.1.12 Imposition of Environmental Compensation

It is stated by SEIAA that, as per CPCB guidelines, compensation is imposed by State Pollution Control Board.

The Committee is not satisfied with the reply of SEIAA.

7.1.13 What is the Checklist? Standardized TOR? Is it same for all types of projects or project-wise varies?

It is submitted by SEIAA that, for different categories, Standard ToRs have been prescribed by MoEF&CC. SEAC/SEIAA follows the same. However, in some cases wherein, additional environmental information regarding the project is required which are not covered in the standard ToR's in that case additional ToR is suggested to be carried out during the study for EIA of the project.

7.2(i) Why are construction projects of the State not following provisions of EIA Notification, 2006?

It is stated by SEIAA, UP that, every project has to follow EIA Notification, 2006.

The Committee is not satisfied with the reply of SEIAA.

(ii) Do other Enforcement agencies take cognizance of requirement of prior EC or EC conditions?

It is informed that, the concerned Regional Office of the Ministry/SPCB takes cognizance of requirement of prior EC or EC conditions.

The Committee is not satisfied with the reply of SEIAA.

(iii) Why are such frequent blatant violations taking place and how can the situation be remedied?

SEIAA, UP has expressed disagreement with the above statement. They have submitted that, SEIAA/SEAC processes more than 700 cases/year and violation have been observed only in 2-3 cases/year which cannot be considered as frequent blatant violations. IT has also been stated that SEIAA is facing shortage of manpower. The situation can be improved only by providing adequate resources to SEIAA. SEIAA/SEAC are the bodies constituted by Govt. of India therefore Govt. of India should take responsibility of providing sufficient resources to discharge their responsibilities in a more efficient and transparent manner **which is an incorrect statement considering that the expenses of SEIAA is to be borne by the State government / State Pollution Control Board which has sufficient resources for providing adequate manpower.**

7.3 Analysis of Violation Cases received by SEIAA during Window Period

Some information has been received from SEIAA, UP in different phases (Annexure 26A, 26B& 26C). Same have been analyzed as follows:

Table 7.3.1(a): List of Cases received during window Period i.e. from 14.03.2017 to 13.09.2017 and from 14.03.2018 to 13.04.2018

S. N.	Project Title	Sector	Date of Application for EC	Committee Meeting Date	Committee Decision	Reply Received against query raised by SEAC	Auth ority Meeting Date	Auth ority Decision	Reply Received against query raised	Category of Violation whether Expansion/New	Final status/Damage of Grant of EC

**Table 7.3.1(b): Summary of Cases received during Window Period
[from 14.03.2017 to 13.09.2017 and from 14.03.2018 to 13.04.2018]**

Sector	Total Applications received	EC Granted	EC Pending
Building Construction	29	14	15
Industry	01	01	00
Total	30	15	15

Observations:

It is submitted by SEIAA, UP that, during violation period total 30 no. of application were received. But, from the Annexure 26A and Table 7.3.1(a), it is noted that, for most of the projects dates of application for EC are beyond the window period. However, out of them 15 were granted EC and 15 no. were not granted EC. Out of 30 projects there are 29 construction projects and 01 is industry project. Details status of the projects follows:

**Table 7.3.2 (a): Detailed status of the Projects under violation Category
w.e.f. 01.04.2017 to 31.07.2021 for which EC has been granted (In

Observation:

It is reported that, ECs have been issued to 15 projects and actions under Section 15 of the Environment (Protection) Act, 1986 have been taken against all these 15 projects. Most of these ECs have been issued within a period of 01 year from the date of application.

Out of the 15 aforesaid cases; damage assessments have been made in respect of 14 cases. However, this exercise of damage assessment has not been undertaken for the remaining 1 project belonging to the government sector. Same observations have been made in context of preparation of Remediation Action Plan.

In some cases, it has been found that, two types of Bank Guarantees have been imposed. In such cases, one information has been provided by SEIAA itself and another information has been provided by SPCB. Clarification in these regard has not been provided.

Project completion status as provided by SEIAA in respect of these 15 projects are as follows:

- 7. Completed – 04 Projects
- 8. Under construction – 06 Projects
- 9. Work stopped – 01 Project
- 10. No information – 04 projects

Observations:

Observations are as follows:

- Out of 30 project proposals, ECs have not been granted to 15 projects.
- Out of these 15 projects to whom ECs are yet to be issued:
 - 09 nos. of projects have been completed
 - 04 are under construction.
 - 01 project is yet to be started

- No information has been made available regarding remaining 01 project.
- **Action Under Section 15 of E(P) Act has not been taken even for a single project**
- Damage assessment has been carried out only for 07 projects and remediation action plan has not been formulated for any of the projects.

7.4 Detailed status of violation cases which were received after the window period

SEIAA, UP, submitted that only one project has been received after window period (**Annexure 26 D**). Details are as follows:

S . N .	Project Title	Se ctor	Date of Application for EC	Date of Grant of EC	Category of Violation whether Expansion/ New	Under Section 15 of E(P), Act	Bank Guarantee Imposed	Remedial Action Plan	Final Status	Remark
1	Proposed Project "Gomti River Front Channelization Project from Harding to Gomti Weir, District- Lucknow, U.P.	8(b) Building Construction	26-11-2018	21-08-2020	Expansion	Action under section 15 of E(P) Act initiated vide letter dated 07/08/2020	Letter sent to MoEF & CC for exemption of bank guarantee being a govt. project	Submitted	EC Issued	The application was submitted to EAC on 01/03/2018 which was transferred to SEIAA, UP as per notification dated 08/03/2018

But, from the Annexure 26A and Table 7.3.1(a), it is noted that, for most of the projects, date of application for EC are beyond the window period.

7.5 Details of projects for which post-facto ECs are granted, including the ECs for expansion projects which were in violation of existing EC:

UPPCB informed that, these information are included in **Annexure-14A**. Same is represented in **Table 7.3.2(a)**.

7.6 Consideration of Disciplinary / Legal Action by other Enforcement Agencies

As per information provided by SEIAA, it is submitted that before grant of EC, they have informed that action under section 15 of the E(P) Act have been taken and UPPCB has also initiated disciplinary / legal action in such cases against the project proponent.

7.7 Details of the Agency which is monitoring the remediation action plans

The reply of SEIAA, UP is reproduced here-below:

The mechanism for compliance monitoring has been well defined in the office order issued vide file no. J-11013/10/2009-IA.I dated 30/09/2009 wherein it has been mentioned that:-

"The Monitoring Cell in IA Division is the nodal point for monitoring and compliance of the stipulated conditions imposed on the industrial units/infrastructural projects including CRZ, while granting Environmental Clearance (EC). A copy of the EC is endorsed to the concerned Regional Office of the MoEF&CC for monitoring the compliance of the stipulated conditions, besides to the concerned State Pollution Control Board (SPCB) and Central Pollution Control Board (CPCB)."

For the aforesaid purpose after the grant of EC letter issued to the concerned project proponent for the very project, the copy of the same is endorsed with enclosure for information and necessary action to:

- *Advisor, IA Division, Ministry of Environment, Forests & Climate Change, Govt. of India, Indira Paryavaran Bhawan, Jor Bagh Road, Aliganj, New Delhi.*
- *Additional Director, Regional Office, Ministry of Environment & Forests, (Central Region), Kendriya Bhawan, 5th Floor, Sector-H, Aliganj, Lucknow.*
- *District Magistrate, (Concerned District).*
- *The Member Secretary, U.P. Pollution Control Board, TC-12V, Paryavaran Bhawan, Vibhuti Khand, Gomti Nagar, Lucknow.*

And more specifically, SEIAA/SEAC, appraises the violation category cases as per the EIA Notification dated 14/09/2006 (as amended thereof) read along with notification dated 14/03/2017 and 08/03/2018. The SEIAA/SEAC, stipulates the implementation of Environmental Management Plan, comprising remediation plan and natural and community resource augmentation plan corresponding to the

ecological damage assessed and economic benefit derived due to violation as a condition of environmental clearance. The condition implies as given below:

"The project proponent is asked to submit bank guarantee of Rs.(the sum levied) equivalent to the amount of remediation plan and natural and community resource augmentation plan within 15 days to the SPCB.

It is observed by the Committee that the reply of SEIAA doesn't make it clear that the SPCB or the Regional Office have verified the progress of implementation of Remediation Action Plan or the Natural and Community Resource Augmentation Plan.

7.8 Types of Projects and Time Taken by SEIAA to Grant Environmental Clearances

The data provided by SEIAA was processed to assess types of projects coming up in the State and time taken for grant of Environmental Clearance to these projects. Data are presented in the following Tables No. 3.8.1 to 3.8.4:

**Table 7.8.1: Project category-wise dealt with regard to granting of Environmental Clearances
(Period 01.01.2017 – 25.12.2021)**

19.	541-570	1	38.	1111-1140	0
Total : 1486					

Observations are as follows:

- i. For the Period of 01.01.2017 – 25.12.2021, a total of 2105 project applications were received & dealt with by SEIAA, UP for issue of EC. Out of them, EC have been issued to 1486 projects. Ground status of remaining 601 projects as on date is not intimated.
- ii. During aforesaid period, mining projects predominated in the State. This was followed by building construction projects.
- iii. **In 745 cases, the ECs were granted within reasonable time (105 days) period.**
- iv. **In 86 cases, the time taken to grant ECs varied from 1yr to more than 4 years. Possibility of initiation of the construction activities in such cases without obtaining EC, cannot be ruled out.**
- v. Delay in granting EC: Decisions have been taken by SEIAA within reasonable time for majority of the projects, but justification for the cases where inordinate delay has taken place, is not in order.

7.9 Brief Details of the NGT Matter under reference - information about the Project namely M/s Saviour Park Apartment, Mohan Nagar Ghaziabad.

In context of project under reference following observations have been made:

- PP got the approval for the site plan from Ghaziabad Development Authority on 21.06.2011.
- PP has obtained the CTE from UPPCB vide letter no. F08023/C-1/NOC/G-752/2012/6 dated 26.07.2012, before obtaining the Environmental Clearance.
- Environmental Clearance was received for project under reference vide dated 04.03.2013.
- As per record, the project was inspected by MoEF&CC, IRO, Lucknow on 30.05.2019 to review the status of stipulated EC conditions granted by SEIAA, U.P. on 04.03.2013. Subsequently, a letter of non-compliances was sent to PPs vide letter no. VII/Env/SCL-UP/510/2019/422 dated 13.08.2019. The certified compliance report indicating various non-compliance with detailed monitoring report was also sent to PPs with a copy to SEIAA, UP vide letter no. VII/Env/SCL-UP/510/2019/423 dated 13.08.2019. However, no response has been received by IRO, Lucknow against the above mentioned letter. Further, no compliance report has been received in the MoEF&CC, IRO, Lucknow since 2019 onwards.
- Additionally, PPs have obtained the Expansion EC from SEIAA, U.P. vide letter no. 788/Parya/SEAC/6057-5683/2019 dated 04.03.2021.
- PP had obtained the CTO vide dated 17/09/2020 from UPPCB which is valid till 31.07.2025.

Following violations have been reported by the five Member Committee in this matter.

- Project Proponent is supplying water to Township through bore wells but has not obtained any approval from CGWA.
- Rain Water Harvesting pits were found clogged and filled with mud and stagnant water.
- The STP operated by M/s Savfab Buildtech Pvt. Ltd in apartment is not functioning properly. Sample obtained from STP outlet is not complying with the prescribed standards.
- During the site visit, entire basement area of the project was found affected with seepage and large number of cracks were visible in many pillars upon which structural stability of all the towers resides.

- However, Joint committee also observed that, various measures with respect to EC conditions have not been taken by the PP. Compliance of EC conditions was not ensured in 'letter & spirit'.
- It was observed from the records submitted by PPs and records of project as available with UP RERA that construction of Phase II towers / flats had been started before grant of EC for Phase II.

In the matter under reference following additional information have been received from SEIAA, UP:

When was the violation noticed in the above case? Is there any gap in the appraisal process adopted by SEIAA or SPCB?

SEIAA submitted that violation has not been established as the matter is still sub-judice in Hon'ble NGT. There is no gap in the appraisal process adopted by SEIAA/SEAC.

It would be worthwhile to mention that the aforementioned project has already been categorized as a violation case by the Joint Inspection Team.

Was CTE/CTO issued in this case? Was the violation not noticed at the time of grant of CTE and CTO?

Following points are intimated by SEIAA:

1. *Unit has obtained CTE for existing project (Total Built up area 1,55,000 sqm) vide letter dated 26/07/2012.*
2. *RO, Ghaziabad, UPPCB reported that unit has obtained CTO for existing project (Total 850 flats against 980 flats, built up area 1,55,000 sqm) vide letter dated 17/09/2020. During inspection for CTO on 26/07/2020, a total of 850 flats were observed as constructed, which is less than as permitted in CTE. No violation was noticed during inspection.*

It is observed by the Committee that reply of SEIAA is not satisfactory. Further, UPPCB didn't take cognizance of operation of tube-wells in the society without permission from CGWA. Many other non-compliances **such as poor performance of STP have been** observed by the Joint Inspection Committee, were not recorded by UPPCB during its routine inspections.

Chapter 8

Overall observations of the Committee

8.1 Overall observations of the Committee

- It is observed that applications in respect of a total of 2105 Projects have been received during 01.01.2017 to 25.12.2021. Further details in this matter are as follows:
 - Applications processed: 2105
 - ECs granted: 1486
 - **Present Ground status of remaining 619 projects are not known.**
 - Possibility of their continuation or completion of such projects cannot be ruled out.

- During aforesaid period, mining projects predominated in the State. This was followed by building construction projects.
 - In some cases, the ECs are granted within reasonable time period.
 - In many cases, the time taken to grant ECs varied from 1 yr to more than 4 years. Possibility of initiation of the construction activities in such cases without obtaining EC, cannot be ruled out.
 - Delay in granting EC: Decisions have been taken by SEIAA within reasonable time for majority of the projects, but justification for the cases where exorbitantly higher time have been taken is not in order. SEIAA, UP has mentioned about the Parivesh Portal and procedure in this regard.

- It is intimated by SEIAA, UP that, during window period, a total of 30 nos. of application were received. Out of these 30 projects, there are 29 construction projects and 01 is industry project. Although, these cases are received during Window Period but from the Annexure 26A and Table 7.3.1(a), it is noted that, for most of the projects, the dates of application for EC are beyond the window period. Further, out of 30 applications, ECs have been

granted to 15 projects ECs to remaining 15 nos. of projects could not be granted due to various reasons.

- Further details in respect of those 15 projects to whom ECs have been granted, are as follows:
 - Actions under section 15 of the E(P) Act, 1986 have been initiated for all these 15 Projects.
 - Time-lines for grant of ECs were as follows:
 - Within 01 year – 10 Projects
 - 1 to 2 years – 4 Projects
 - 2-3 years – 1 Project
 - Completion of Damage Assessment – 14 Projects only. It could not be undertaken for remaining 01 Project as it belonged to the category of Government Project. Same observation was found in context to Remediation Plan.
 - In some cases it is found that, two types of Bank Guarantees have been imposed. In such cases, one information has been provided by SEIAA itself and another information has been provided by SPCB. Clarification in these regard have not been provided.
 - Out of these 15 projects:
 - 04 projects have already been completed
 - 06 are under construction
 - 01 project is stopped
 - No information is provided in respect of 04 projects.
- Further details in respect of those 15 nos. of projects to whom ECs are yet to be issued, are as follows:
 - - 09 nos. of projects have been completed
 - 04 are under construction.
 - 01 project is yet to be started
 - No information regarding remaining 01 project.
 - Action Under Section 15 of E(P) Act have not been taken for a single project
 - Damage assessment has been made only for 07 projects and Remediation Action Plan is not at all formulated for any of the project.
- Lack of coordination amongst various Agencies concerned for issuing Permissions, Clearance, Consents

etc. have been noticed as mentioned in the foregoing paras. Concerned Agencies are not following the Notifications issued from time to time which is leading to violations in many cases. Further, compliance verification and monitoring could not be performed from time to time.

- The Committee feels that SEIAA could have paid greater attention as regards the following:
 - Processing of EC applications including reasons having quoted for delay.
 - Actions under Section 15 of the E(P) Act, 1986 against violation projects
- **It is observed by the Committee that this action of monitoring of action plan undertaken recently by SEIAA through UPPCB could have been undertaken long back in these "Violation Category " i.e. immediately after submission of such plans by the violator PPs.**
- Violation of stipulated procedure has taken place during the process of grant of Expansion EC in the matter of M/s Saviour Park Apartment. Possibility of similar violation in other cases can't over-ruled.
- It emerged from the replies furnished by SEIAA UP that there was:
 - Lack of adherence to the Stepwise flowchart and time-lines for issue of Environment Clearance by SEIAA and lack of institutional mechanism for coordination with SPCB, Municipal Bodies, Town Planning and other enforcement agencies / designated bodies involved in sanctioning building construction projects at local level.
 - Absence of well laid down procedure regarding examination of EC and sanction of plan by the Town Planning Department. It is not clear whether the approval process for Building Construction by the Town Planning Department / Municipal Bodies also includes examining whether EC has been granted and whether there is any requirement of CTE / CTO before sanctioning or issuing of Occupancy certificate by concerned Agencies/ Authorities?

- Lack of clarity regarding requirement of necessary Clearances/ NOCs/ Licenses etc. required for processing application for EC.
- Lack of clarity regarding methodology to be following for building projects or imposition of Environmental Compensation for building projects.

Besides, no specific information has been received from SEIAA, UP.

- Information with respect to Application format
- Procedure adopted for processing of application
- Reasons for blatant violations taking place and how can the situation be remedied?

8.2 Identification of Issues leading to Blatant Violation

After careful examination of the information received from SEIAA, Uttar Pradesh issues leading to violation have been identified as follows:

- i. Wilful violation of the provisions of EIA Notification, 2006 by the Project Proponents.
- ii. Suppression of the information by the Project Proponents.
- iii. Processing of applications received for getting EC is not upto mark. This is including scrutinization of necessary NOCs / Licenses / Clearances from other concerned departments
- iv. Time-lines prescribed for processing the EC applications are not followed.
- v. Lack of coordination among the various Agencies concerned for issuing Permissions, Clearance, Consents etc.
- vi. Lack of surveillance in the State especially by UPPCB, T&C Planning Department and Local Bodies.

Chapter 9 Recommendations

9.1 Recommendations

9.1.1 For Project Proponent

Project Proponents may be made aware of the concerned Environmental Regulations and Environmental Norms. Periodic workshops may be organized with the related Associations, Organizations and key Institutions so as to apprise them about the extant provisions of Acts, Rules, OMs, Procedures and the Dos and the Don'ts as far as Environmental Clearances and adherence to Environmental Safeguards are concerned.

9.1.2 For SEIAA, UP

1. It was observed that Member Secretary of UPPCB is also the Member Secretary, SEIAA, UP. However, this does not appear to have translated into better synergy and convergence. It is, therefore, suggested that institution mechanism for sharing information between SEIAA and UPPCB may be established to ensure efficient and effective monitoring and implementation of environmental safeguards.
2. It is found that, during window period for most of the projects dates of application for EC are beyond the window period. SEIAA, UP may provide clarification in this regard.
3. It was observed that out of the 15 projects received during Window Period for which ECs were not granted, constructions of 09 nos of projects have been completed, and 04 are under construction. Action needs to be taken in these cases by SEIAA, UP and UPPCB.
4. Action u/s 15 of the E(P) Act, 1986 against all the projects falling under violation category may be initiated by SEIAA, Uttar Pradesh.
5. It is observed that applications in respect of a total of 2105 Projects have been received during 01.01.2017 to 25.12.2021. All the 2105 Applications have been processed and ECs are granted to 1486 projects. Inspection of remaining 619 projects may be conducted to assess their current status. Action against defaulter projects needs to be initiated as per the provisions of EIA Notification, 2006, as amended and E(P) Act, 1986. Further, Environmental Compensation also needs to be imposed as per orders issued by Hon'ble Supreme Court and Hon'ble National Green Tribunal.

6. SEIAA, Uttar Pradesh needs to follow the Rules/Provisions of '**Environment Impact Assessment Notification, 2006 including its amendments**' in 'letter & spirit' for considerations of the applications received for obtaining EC. Timelines for grant of EC need to be adhered to.
7. SEIAA, Uttar Pradesh may work in close coordination with State Government agencies including Uttar Pradesh Pollution Control Board, Town & Country Planning Department, Municipal Corporations, Ground Water Board, City Development Authority and other organization like CPCB (Regional Directorate) and IITs. This will facilitate transparency in the matter and effective enforcement of Legal Framework.
8. SEIAA may consider utilising the features of PARIVESH and also independently use the available IT Tools to assess the situation on the ground based on the latitude and longitude mentioned in the application submitted on the PARIVESH portal to ensure that construction of the Project/Activities for which EC has been asked for has not started so as to avoid grant of EC in a routine manner to "Violation Category" of Projects.
9. Taking a cue from the analysis of the Violation cases, it may be seen that delay in deciding upon the application for grant of ToR and processing for grant of EC may lead to a situation where the Project Proponent may be emboldened to start the Project which may result in compromising with the environmental safeguards which need to be observed. It may be worthwhile to explore the possibility of devising a method whereby PARIVESH Portal, through its own IT tool seamlessly flags the cases where there are delays beyond the specified time of 45 days post the recommendations of SEAC as mentioned in the EIA Notification, 2006, as amended and generates alerts not only for SEIAA but also for the Ministry so that such cases are dealt with on priority and corrective/remedial actions are undertaken by SEIAA/EAC in the best interest of protection of the environment.

10. SEIAA, UP may also take support of Technology viz. Parivesh for tracking of the process of issuing EC.
11. ECs issued by SEIAA may be given wider publicity by posting it on the relevant Portals/Websites so as to bring in transparency and keep the stakeholders informed.

9.1.3 For SPCB

- Stake-holder consultation in the State along with the State Environment Depts., may be conducted to avoid wilful violation of the provisions of EIA Notification, 2006 by the Project Proponents.

9.1.4 For all Agencies

- Coordination amongst concerned State level Agencies may be established. These Agencies include SEIAA, UPPCB, Town & Country Planning Department and Local Bodies so far as Construction Projects are concerned and similarly amongst the key stakeholders for other Projects/Activities. There is a need for exchange of knowledge and understanding the issues of enforcement.
- Surveillance activities in the State especially by UPPCB, T&C Planning Department, Public Health Engineering Department and Local Bodies may be improved for effective monitoring of EC conditions without causing undue interference in the execution of Projects /Activities by the Project Proponent.
- Monitoring and assessment of compliance of Environmental Regulations including EC conditions and Remediation Action Plans may be conducted on regular basis by the Integrated Regional Offices. Random inspection by Integrated Task Force comprising of the Officers from these departments may be conducted for surveillance in the State and execution of illegal / unauthorized projects in the State.

9.2 Additional recommendations are as follows:

- SEIAA may co-opt Member from Town and Country Planning, Local Bodies and other concerned agencies for processing of EC applications as per need.

- EC must be issued in transparent fashion and area wise database be uploaded for the information of all concerned.

Item No. 01

(Court No.1)

**BEFORE THE NATIONAL GREEN TRIBUNAL
PRINCIPAL BENCH, NEW DELHI**

(By Video Conferencing)

Original Application No. 199/2021

Saviour Park Apartment Owners Association

Applicant

Versus

State of Uttar Pradesh & Ors.

Respondent(s)

Date of hearing: 13.08.2021

**CORAM: HON'BLE MR. JUSTICE ADARSH KUMAR GOEL, CHAIRPERSON
HON'BLE MR. JUSTICE SUDHIR AGARWAL, JUDICIAL MEMBER
HON'BLE MR. JUSTICE BRIJESH SETHI, JUDICIAL MEMBER
HON'BLE DR. NAGIN NANDA, EXPERT MEMBER**

Applicant: Mr. Shighra Kumar, Advocate

ORDER

1. Grievance in this application is against violation of environmental norms in setting up of a construction project – “Saviour Park”, Plot No. 108, Katori Mill, Loni Road, Mohan Nagar, Ghaziabad, UP, by Respondent No. 10 – Savfab Buildtech Pvt. Ltd., without valid Environmental Clearance (EC) and without requisite safeguards. It is further stated that EC conditions and environmental norms are being violated.

2. Case set out in the application is that the applicant is association of apartment owners. The project site plan was approved by the Ghaziabad Development Association (GDA) on 21.06.2011. The project falls under category 8(b) of the EIA Notification dated 14.09.2006. Proposed built up area was 1,55,000.00 sqm. State Level Environment Impact Assessment Authority (SEIAA), UP granted EC dated 04.03.2013. However, in violation of EC conditions, the Project Proponent (PP) started construction and

selling of the flats to general public and also handing over possession before completion of construction. Further, EC for expansion was granted on 04.03.2021 without requisite appraisal. The PP has violated EC conditions by constructing 1102 units against 980 units sanctioned vide EC dated 04.03.2021. There is no arrangement for safe disposal of waste water and solid waste and there is violation of EC conditions in use of the diesel generators sets and maintenance of noise emission standards, effluent management and sagacious use of water including ground water and other measures to safeguard adverse impact on environment. Completion certificate has been granted on 07.04.2018 for Tower D-1 and partial completion certificate for Block- D-2 and Block D-3. The PP has dug out several groundwater extraction borewells to use fresh water in the construction process as well as for drinking purposes without requisite NOC from Central Ground Water Authority (CGWA). This is against the statement by the PP in Form-1 and Form-1A dated 03.12.2019 that no ground water will be extracted. Further violations of EC conditions alleged by the applicant are:

“(a) General Condition no 1, 15, 17, 37, 58 —*The Project Proponent failed to regularly monitor the parameters related to groundwater, soil, ambient noise and DG sent noise and as pointed out by Dr. Susheel Kumar, the reports related to these parameters should have been sent on a regular basis to the MoEFCC as part of statutory reporting, however this was never followed.*

(b) General Condition no. 4 & 7 - *The Project Proponent failed to submit Land use certificate, surface hydrology report and water regime report to the MoEFCC.*

(c) General Condition no. 11 - *The Project Proponent failed to submit STP water bills claimed to be used for construction work to the MoEFCC for suitable verification.*

(d) General Condition no. 12 & 20 – *The Project Proponent failed to submit Hazardous waste authorization certificate to the MoEFCC.*

(e) General Condition no 24- *The Project Proponent failed to follow the green building concept suggested by the Indian Green Building Council, which is a part of CII-Godrej GBC since 2013.*

(f) General Condition no 31 - The Project Proponent failed to place Environmental awareness related hoardings.

(g) General Condition no 38 —The project proponent failed to submit the justification for selecting alternate technologies to chlorination (for disinfection of wastewater) including methods like Ultraviolet radiations, ozonation etc. since 2013.

(h) General Condition no. 39 - The Project Proponent failed to submit detailed plantation details, including the area covered, number and species of trees planted etc. to the MoEFCC.

(i) General Condition no. 41- The Project Proponent failed to submit structural stability certificate to the MoEFCC. This is a critical violation as the entire basement area of the project is severely affected with heavy seepage and large number of cracks are visible in many pillars upon which structural stability of all the towers resides. The Residents of the Project have made several complaints to the Respondent No. 9; however, no action has been taken by the Project Proponent or the Respondent No. 9. The said issue has also been highlighted in the local newspapers. Copy of the photos depicting seepage and cracks in the Project is annexed herewith and marked as **ANNEXURE-A-19**. Copy of the newspaper clippings is annexed herewith and marked as **ANNEXURE-A-20**. Copy of the Minutes of the meeting held between the representatives of the residents, Project Proponent and Respondent No. 9 on 21.11.2019 is annexed herewith and marked as **ANNEXURE-A-21**.

(j) General Condition no 54 - The project proponent has failed to indicate that the cost of environmental activities is part of the overall project cost and additionally there is complete lack of highlighting the management issues and involvement of residents is completely ignored.

(k) General Condition no. 66 - The project proponent has failed to monitor groundwater downstream of rainwater harvesting pit nearest to STP for bacterial contamination and additionally has failed to provide hand pumps for sampling.

(l) General Condition no. 72 - The project proponent has failed to undertake Rapid EIA status for three months during the non-monsoon period as per the latest norms of the MoEFCC.

(m) General Condition no. 72 - The project proponent has failed to obtain ISO: 14001 certification and also failed to include all general and specific conditions mentioned under this in the environmental manual to be prepared for the certification purposes and compliances.

(n) General Condition no 73 -The project proponent has failed to create corpus of funds for implementation plan under social corporate and environmental responsibility of 2% of total project cost. This condition was to be fulfilled by the Project Proponent within 1 month of EC, failing which the EC was deemed to be cancelled. The Respondent No. 2 & 3 not only failed to cancel the original EC of the Project Proponent in spite of the above violation but also granted a new

EC for expansion and modification. This clearly shows that the Respondent No. 2 & 3 are hand in gloves with the Project Proponent.

xxxxxxxxx

*(a) **General Condition 29** - The Project Proponent failed to submit a detailed report showing how much power of institution can be provided through solar energy so that use and polluting effect of DG sets can be minimized. The Project Proponent also did not make provision of solar energy as an alternative source of energy with the illumination of common areas, street lighting, gardens.*

*(b) **General Condition 35** - The Project Proponent failed to submit report on the energy conservation measures confirming energy conservation norms finalize by the Bureau of Energy Efficiency (BEE)to incorporate details about building materials and technology, R and U factors, etc.*

*(c) **General Condition 46** - The Project Proponent failed to ensure that all street and park lighting area least 50% solar-powered.*

*(d) **General Condition 47-** The Project Proponent was under obligation to install solar water heater with a maximum possible capacity and additionally in spite of repeated requests to the Builder, no provision for centralized water heating system has been made as Residents at an individual level cannot install solar heaters as it requires a centralized facility, such as building rooftops.*

xxxxxxxxx

*(a) **General Condition 16** - The Project Proponent has failed to install Wind breaking walls and dust-prevention curtain sat the ongoing construction site which severely affects the air quality of the surrounding area.*

*(b) **General Condition 23** - The project Proponent has installed fully impermeable pavements at various locations across the project area where the provision of interlocking tiles was there for environment protection as the said impermeable pavements do not permit the water to seep through and in turn stops groundwater recharging and also do not allow suitable aeration and nutrition to the trees.*

*(c) **General Condition 32 & 52** - The Project Proponent has illegally sold parking areas with no demarcation of appropriate guest parking and even the approved layout plan does not indicate designated parking areas for guests which in turn creates traffic congestion inside and outside the project area and also leads to air pollution which is in violation of the norms provided by the MoEFCC and the building by laws.*

*(d) **General Condition 39** - The Project Proponent has failed to follow the green belt norms across the plot boundary. A significant stretch of the project boundary is fully paved with concrete obstructing any possibility of developing a green belt in the future as well. This also compromises the air quality as well as allows noise levels to increase beyond the permissible attenuation factor(s). A copy*

of the photographic evidence showing violation of green belt norms is annexed and marked herewith as Annexure A-24.

*(e) **Specific Condition 1 & General Condition 55** - The Project Proponent has failed to provide detailed plans which was to be submitted within 1 month of the EC for safe disposal of STP sludge along with mention of ultimate disposal location, quantitative estimates and measured proposed.*

*(f) **General Condition 61** - The Project Proponent has failed to construct roads in the project area with the use of suitably processed plastic waste.*

*(g) **General Condition 63** - The Project Proponent has failed to give a plan about the safe disposal of biomedical waste arising out of a proposed dispensary at the project site.”*

3. The applicant has further submitted that the project is within the prohibited distance of the critically polluted area, Ghaziabad, attracting general conditions appended to the EIA notification dated 14.9.2006. In such a case, the project required EC from Ministry of Environment, Forest and Climate Change (MoEF&CC), the project being required to be treated as Category-A. The applicant filed a representation dated 15.04.2021 to SEIAA, UP with copies thereof to MoEF&CC, State PCB and CGWA but no remedial action has been taken.

4. We have heard learned Counsel for the applicant. We have also considered the question whether in absence of an appeal against the EC, the issue raised in the application can be gone into. Learned Counsel submitted that if the Tribunal finds it appropriate, the application may be treated as an appeal against EC dated 04.03.2021 as appeal will be within extended limitation period in view of orders of the Hon'ble Supreme Court, extending limitation during pandemic. He further submitted that in any case, action against violation of EC conditions is within the scope of jurisdiction under Sections 14 and 15 of the NGT Act, *de hors* the appellate jurisdiction. Learned Counsel for the applicant also submitted that there is large scale violation in construction projects. The constructions start

before EC, built up area is expanded, groundwater is illegally extracted, proper waste management and other safeguards are not provided, open spaces are not provided and third party rights are created. In spite of such rampant violations, *ex post facto* EC is granted without adequate appraisal of mitigation measures. Reference has been made to the judgments of the Hon'ble Supreme Court in *Goel Ganga Developers India Pvt. Ltd. v UOI*¹, *Alembic Chemicals v Rohit Prajapati*² and *Keystone developers v. Anil Tharthare*³.

Reliance has been placed on order of this Tribunal dated 24.05.2021 in Appeal No. 34/2020(WZ), *Tanaji B. Gambhire v. Chief Secretary Government of Maharashtra & Ors.*, wherein this Tribunal noted rampant and continuous violation of environmental norms in completion of construction projects without valid ECs and the regulatory authorities failing to prevent such violations by requiring demolition or payment of compensation. This is not checked, rule of law cannot be upheld. Reliance has also been placed on order of this Tribunal dated 08.06.2021 in OA No. 13/2021 (WZ), *Shashikant Vithal Kamble v. M/s. Key Stone Properties & Ors.* The relevant part of the said order is reproduced below:

“2. The said order further directed disconnection of water and electricity connections of the building. Ignoring these developments, the State Level Environment Impact Assessment Authority (SEIAA), Maharashtra issued Environmental Clearance (EC) on 24.01.2020 in violation of mandate of prior EC in terms of EIA Notification dated 14.09.2006 and judgments of the Hon'ble Supreme Court *inter alia* in *Alembic Chemicals v Rohit Prajapati*⁴, *Keystone developers v. Anil Tharthare*⁵, *Goel Ganga Developers India Pvt. Ltd. v UOI*⁶ and *Bengaluru Development Authority v. Sudhakar Hegde & Ors.*⁷

3. From the above, *prima facie* it appears that EC has been granted in violation of law and without any application of mind. This is not for the first time we have come across this situation. Such

¹ (2018) 18 SCC 257

² 2020 SCC OnLine SC 347

³ (2020) 2 SCC 666

⁴ 2020 SCC OnLine SC 347

⁵ (2020) 2 SCC 666

⁶ (2018) 18 SCC 257

⁷ (2020 SCC OnLine SC 328

allegations are frequent. In Appeal No. 34/2020(WZ), Tanaji B. Gambhire v. Chief Secretary Government of Maharashtra & Ors. which was taken up for hearing on 24.05.2021, we directed SEIAA to review its working of mechanically granting Ex-post facto EC, in violation of law. The Tribunal also constituted an expert committee to look into the violations of that particular project and recommend remedial action. The observations therein are:

“ xxx.....xxx.....xxx

3. It is submitted that the construction project is illegal being without the mandatory prior EC. Ex-post facto EC is not substitute for prior EC as evaluation of impact on environment cannot be fully gone into as held by the Hon'ble Supreme Court in the case of the same PP viz. Goel Ganga Developers India Pvt. Ltd. v UOI⁸. There are further judgements of the Hon'ble Supreme Court to the same effect in Alembic Chemicals v Rohit Prajapati⁹ and Keystone developers v. Anil Tharthare¹⁰. **If the construction project is without prior EC, the project has either to be demolished or if it is found that environmental damage can be restored, the project can be permitted on payment of assessed compensation on polluter pays principle which needs to be spent for restoration of the environment. The authorities have thus failed to follow the binding law.**

4. **Since we are coming across the grievance of continuous violation of environment norms in construction projects being completed without prior EC and the SEIAA, Maharashtra is neither requiring demolition nor payment of assessed compensation to comply with the rule of law and protection of environment, it will be appropriate to require the SEIAA, Maharashtra to review its working in the light of the judgments of the Hon'ble Supreme Court and violations frequently being alleged, including the present case. A proper SOP be laid down for grant of EC in such cases so as to address the gaps in binding law and practice being currently followed. The MoEF may also consider circulating such SOP to all SEIAAs in the country. In this regard, we may refer to the directions in the earlier order of this Tribunal dated 1.2.2021 in OA 837/2018, Sandeep Mittal vs. MoEF, wherein it was inter-alia, directed:**

“MoEF&CC may give due attention for proper constitution of SEIAAs in the States to ensure the projects of category ‘B’ and ‘B-1’ are properly scrutinized.”

The MoEF&CC may file its action taken report in the matter before the next date.

5. **We also constitute a joint Committee of MoEF&CC, CPCB, and Maharashtra State PCB to look into the**

⁸ (2018) 18 SCC 257

⁹ 2020 SCC OnLine SC 347

¹⁰ (2020) 2 SCC 666

present matter and suggest a remedial action plan for the present case, including the quantum of compensation to be recovered, as far as possible within three months.

The CPCB and State PCB will be nodal agency for coordination and compliance. Another connected matter between same parties for a different project being Appeal No. 32/2020(WZ) is also being dealt with by a separate order today and this direction will also apply to the said case. Infact, to avoid duplication if the SEIAA, Maharashtra itself reviews all such cases, to avoid unnecessary and repeated litigation. The Committee may conduct proceedings online but if possible, visit the site. The Committee may also interact with the concerned parties. The report of the joint Committee may be filed by e-mail at judicial-ngt@gov.in preferably in the form of searchable PDF/ OCR Support PDF and not in the form of Image PDF before the next date. While submitting the report to this Tribunal, a copy of the report thereof be also forwarded to the PP and the applicant who may file their comments, if any, before the next date by e-mail."

4. Since the allegations of this nature are frequently being made before this Tribunal and *prima facie* **there appears to be fundamental flaw in working of the SEIAA in question, resulting in defeating the statutory mandate of prior EC and directions of the Hon'ble Supreme Court, we direct constitution of a two-member Committee comprising Additional Secretary, Ministry of Environment, Forest and Climate Change (MoEF&CC), nominated by the Secretary MoEF&CC and the Chairman, Central Pollution Control Board (CPCB) to conduct functional audit of SEIAA, Maharashtra to find out how such frequent blatant violations are taking place and how the situation can be remedied.** The Committee will be free to take assistance from any other expert/institution and interact with the stake-holders. This is necessary for protection of environment. If mechanically *ex post facto* ECs are granted by SEIAA, the purpose of requiring prior EC will be defeated. The 'Precautionary' and 'Sustainable Development' principles considered in the above judgments of the Hon'ble Supreme Court will be rendered nugatory. Precautions during the course of construction and compliance of conditions after constructions will be rendered difficult. EC is not a mechanical exercise. It may be after application of any mind and granted only after evaluation of impact and efficacy of mitigation measures proposed. Conditions imposed must be faithfully observed and monitored. If there is any violation, steps must be taken for restoration of damage at the cost of the project proponent. The persons manning SEIAA who have acted illegally need to be made accountable in civil and criminal law. It is further surprising in the present case that inspite of order of State PCB to disconnect water and electricity, it is not clear how the project is functioning. Present status of compliance of environment norms in the project and remedial action against non-compliances also needs to be ascertained.

5. Accordingly, apart from a Committee for the conduct of functional audit of functioning of SEIAA in the matter of grant of ECs, there is need to conduct audit of compliance of environmental requirements in the project in question by an independent Expert Committee. For this purpose, we constitute a four-member Expert

Committee comprising nominees of MoEF&CC, CPCB, IIT Bombay and Member Secretary, State PCB. The Committee will be at liberty to take assistance from any other expert/institution. The CPCB and State PCB will be nodal agency for coordination and compliance. The Committee may visit the site and conduct the proceedings online, wherever necessary and also interact with the stakeholders. The functional audit report as well as the Expert Committee report about status of compliance in the project may be furnished within three months by e-mail at judicial-ngt@gov.in preferably in the form of searchable PDF/ OCR Support PDF and not in the form of Image PDF before the next date with an advance copy to the PP for its response, if any, before the next date. Copy of second report about status of compliance of the project may be furnished to the PP in advance for its comments, if any, before the next date. Copy of the first report about functional audit may be furnished to the MoEF&CC also for its response in terms of action taken before the next date.

6. The first Committee may also consider the orders of this Tribunal dated 24.05.2021 in Appeal No. 32/2020(WZ), Tanaji B. Gambhire v. Chief Secretary Government of Maharashtra & Ors. and Appeal No. 34/2020(WZ), Tanaji B. Gambhire v. Chief Secretary Government of Maharashtra & Ors. inter alia requiring SEIAA, Maharashtra to review its working in the light of Supreme Court judgements and frequent violations alleged in the grant of EC and also in the gaps in compliance of EC conditions. The second Committee may also coordinate and work in tandem with the joint Committee constituted in Appeal No. 32/2020(WZ), Tanaji B. Gambhire v. Chief Secretary Government of Maharashtra & Ors. and Appeal No. 34/2020(WZ), Tanaji B. Gambhire v. Chief Secretary Government of Maharashtra & Ors.”

5. We are of the view that on the pattern of above orders passed by this Tribunal in Appeal No. 34/2020(WZ) and OA No. 13/2021 (WZ), apart from considering the remedial action against violations, two-member Committee comprising Additional Secretary, MoEF&CC, to be nominated by the Secretary MoEF&CC and the Chairman, CPCB need to conduct functional audit of SEIAA, UP to find out how frequent blatant violations are taking place and how the situation can be remedied. The Committee will be free to take assistance from any other expert/institution and interact with the stake-holders. SEIAA, UP has to review its working in the light of judgments of the Hon’ble Supreme Court and in the light of frequent and rampant violations. Considering the report, an appropriate SOP may to be laid down by the MoEF&CC to deal with such ECs which may be circulated to all SEIAAs.

6. Apart from above, remedial action appears to be necessary under Section 15 of the NGT Act after verification of factual position. Accordingly, we also constitute a joint Committee comprising of MoEF&CC, CPCB, SEIAA, UP, State PCB and District Magistrate, Ghaziabad. CPCB and SEIAA, UP will jointly be the nodal agency for coordination and compliance. Joint Committee may give its report covering issues mentioned in para 2 above and availability of basic infrastructure facilities like sewerage and solid waste management. Meeting of the joint Committee may be held within 15 days from today to take stock of the situation. The joint Committee may visit the site and interact with the stakeholders including the PP to verify the status of compliance. Based on the facts found, the statutory authorities may take remedial action including stopping creation of third party rights and further construction activities, if the same are found to be in violation of law. Needless to say that if adverse action becomes necessary, the same may be taken by following prescribed procedure. The report of the joint Committee report may be furnished to this Tribunal within three months by e-mail at judicial-ngt@gov.in preferably in the form of searchable PDF/ OCR Support PDF and not in the form of Image PDF, and if the report is adverse to the PP, a copy thereof may be furnished to PP for its response, if any, before the next date.

A copy of this order be forwarded to Secretary, MoEF&CC, Chairman, CPCB, SEIAA, UP, State PCB and District Magistrate, Ghaziabad by e-mail for compliance.

List for further consideration on 17.12.2021.

Subject: Compliance of Orders issued by Hon'ble NGT in OA No. 199/2021 (Principal bench) titled as Saviour Park Apartment Owners Association Vs State of Uttar Pradesh & Ors pending before the NGT, PB. New Delhi - regarding gathering of information on projects related to violation category -regarding.

Sir,

Hon'ble NGT vide Order dated 13.08.2021(Copy enclosed), in the OA No. 199/2021 (Principal bench) titled as Saviour Park Apartment Owners Association Vs State of Uttar Pradesh & Ors has directed as follows:

"We are of the view that on the pattern of above orders passed by this Tribunal in Appeal No. 34/2020(WZ) and OA No. 13/2021 (WZ), apart from considering the remedial action against violations, two-member Committee comprising Additional Secretary, MoEF&CC, to be nominated by the Secretary MoEF&CC and the Chairman, CPCB need to conduct functional audit of SEIAA, UP to find out how frequent blatant violations are taking place and how the situation can be remedied. The Committee will be free to take assistance from any other expert/institution and interact with the stake-holders. SEIAA, UP has to review its working in the light of judgments of the Hon'ble Supreme Court and in the light of frequent and rampant violations. Considering the report, an appropriate SOP may to be laid down by the MoEF&CC to deal with such ECs which may be circulated to all SEIAAs".

3. In pursuance of the above mentioned NGT Orders, a committee comprising Shri Ravi Agarwal, Additional Secretary, MoEF&CC and Chairman, CPCB has been constituted. First meeting of the committee was convened on 23.08.21 wherein it has been decided to collect factual information as available with SEIAA, Uttar Pradesh with regard to EC violation cases. It is requested

25

that the requisite information may be provided in the attached format by the 24.09.2021 to CPCB directly. Shri N.K Gupta Additional Director, CPCB, Head UPC-I is the nodal officer in the matter and prescribed information may be sent directly to (Email: nkgupta.cpcb@nic.in).

Encl.: as above

Yours faithfully

(Lalit Bokolia)
Director

Item No. 01

(Court No.1)

**BEFORE THE NATIONAL GREEN TRIBUNAL
PRINCIPAL BENCH, NEW DELHI**

(By Video Conferencing)

Original Application No. 199/2021

Saviour Park Apartment Owners Association

Applicant

Versus

State of Uttar Pradesh & Ors.

Respondent(s)

Date of hearing: 13.08.2021

**CORAM: HON'BLE MR. JUSTICE ADARSH KUMAR GOEL, CHAIRPERSON
HON'BLE MR. JUSTICE SUDHIR AGARWAL, JUDICIAL MEMBER
HON'BLE MR. JUSTICE BRIJESH SETHI, JUDICIAL MEMBER
HON'BLE DR. NAGIN NANDA, EXPERT MEMBER**

Applicant: Mr. Shighra Kumar, Advocate

ORDER

1. Grievance in this application is against violation of environmental norms in setting up of a construction project – "Saviour Park", Plot No. 108, Katori Mill, Loni Road, Mohan Nagar, Ghaziabad, UP, by Respondent No. 10 – Savfab Buildtech Pvt. Ltd., without valid Environmental Clearance (EC) and without requisite safeguards. It is further stated that EC conditions and environmental norms are being violated.

2. Case set out in the application is that the applicant is association of apartment owners. The project site plan was approved by the Ghaziabad Development Association (GDA) on 21.06.2011. The project falls under category 8(b) of the EIA Notification dated 14.09.2006. Proposed built up area was 1,55,000.00 sqm. State Level Environment Impact Assessment Authority (SEIAA), UP granted EC dated 04.03.2013. However, in violation of EC conditions, the Project Proponent (PP) started construction and

selling of the flats to general public and also handing over possession before completion of construction. Further, EC for expansion was granted on 04.03.2021 without requisite appraisal. The PP has violated EC conditions by constructing 1102 units against 980 units sanctioned vide EC dated 04.03.2021. There is no arrangement for safe disposal of waste water and solid waste and there is violation of EC conditions in use of the diesel generators sets and maintenance of noise emission standards, effluent management and sagacious use of water including ground water and other measures to safeguard adverse impact on environment. Completion certificate has been granted on 07.04.2018 for Tower D-1 and partial completion certificate for Block- D-2 and Block D-3. The PP has dug out several groundwater extraction borewells to use fresh water in the construction process as well as for drinking purposes without requisite NOC from Central Ground Water Authority (CGWA). This is against the statement by the PP in Form-1 and Form-1A dated 03.12.2019 that no ground water will be extracted. Further violations of EC conditions alleged by the applicant are:

(a) General Condition no 1, 15, 17, 37, 58 —The Project Proponent failed to regularly monitor the parameters related to groundwater, soil, ambient noise and DG sent noise and as pointed out by Dr. Susheel Kumar, the reports related to these parameters should have been sent on a regular basis to the MoEFCC as part of statutory reporting, however this was never followed.

(b) General Condition no. 4 & 7 - The Project Proponent failed to submit Land use certificate, surface hydrology report and water regime report to the MoEFCC.

(c) General Condition no. 11 - The Project Proponent failed to submit STP water bills claimed to be used for construction work to the MoEFCC for suitable verification.

(d) General Condition no. 12 & 20 - The Project Proponent failed to submit Hazardous waste authorization certificate to the MoEFCC.

(e) General Condition no 24- The Project Proponent failed to follow the green building concept suggested by the Indian Green Building Council, which is a part of CII-Godrej GBC since 2013.

- (f) **General Condition no 31** - The Project Proponent failed to place Environmental awareness related hoardings.
- (g) **General Condition no 38** —The project proponent failed to submit the justification for selecting alternate technologies to chlorination (for disinfection of wastewater) including methods like Ultraviolet radiations, ozonation etc. since 2013.
- (h) **General Condition no. 39** - The Project Proponent failed to submit detailed plantation details, including the area covered, number and species of trees planted etc. to the MoEFCC.
- (i) **General Condition no. 41-** The Project Proponent failed to submit structural stability certificate to the MoEFCC. This is a critical violation as the entire basement area of the project is severely affected with heavy seepage and large number of cracks are visible in many pillars upon which structural stability of all the towers resides. The Residents of the Project have made several complaints to the Respondent No. 9; however, no action has been taken by the Project Proponent or the Respondent No. 9. The said issue has also been highlighted in the local newspapers. Copy of the photos depicting seepage and cracks in the Project is annexed herewith and marked as **ANNEXURE-A-19**. Copy of the newspaper clippings is annexed herewith and marked as **ANNEXURE-A-20**. Copy of the Minutes of the meeting held between the representatives of the residents, Project Proponent and Respondent No. 9 on 21.11.2019 is annexed herewith and marked as **ANNEXURE-A-21**.
- (j) **General Condition no 54** - The project proponent has failed to indicate that the cost of environmental activities is part of the overall project cost and additionally there is complete lack of highlighting the management issues and involvement of residents is completely ignored.
- (k) **General Condition no. 66** - The project proponent has failed to monitor groundwater downstream of rainwater harvesting pit nearest to STP for bacterial contamination and additionally has failed to provide hand pumps for sampling.
- (l) **General Condition no. 72** - The project proponent has failed to undertake Rapid EIA status for three months during the non-monsoon period as per the latest norms of the MoEFCC.
- (m) **General Condition no. 72** - The project proponent has failed to obtain ISO: 14001 certification and also failed to include all general and specific conditions mentioned under this in the environmental manual to be prepared for the certification purposes and compliances.
- (n) **General Condition no 73** -The project proponent has failed to create corpus of funds for implementation plan under social corporate and environmental responsibility of 2% of total project cost. This condition was to be fulfilled by the Project Proponent within 1 month of EC, failing which the EC was deemed to be cancelled. The Respondent No. 2 & 3 not only failed to cancel the original EC of the Project Proponent in spite of the above violation but also grated a new

12244/2021/UPC-1/HO

EC for expansion and modification. This clearly shows that the Respondent No. 2 & 3 are hand in gloves with the Project Proponent.

xxxxxxxxx

(a) **General Condition 29** - The Project Proponent failed to submit a detailed report showing how much power of institution can be provided through solar energy so that use and polluting effect of DG sets can be minimized. The Project Proponent also did not make provision of solar energy as an alternative source of energy with the illumination of common areas, street lighting, gardens.

(b) **General Condition 35** - The Project Proponent failed to submit report on the energy conservation measures confirming energy conservation norms finalize by the Bureau of Energy Efficiency (BEE) to incorporate details about building materials and technology, R and U factors, etc.

(c) **General Condition 46** - The Project Proponent failed to ensure that all street and park lighting area least 50% solar-powered.

(d) **General Condition 47** - The Project Proponent was under obligation to install solar water heater with a maximum possible capacity and additionally in spite of repeated requests to the Builder, no provision for centralized water heating system has been made as Residents at an individual level cannot install solar heaters as it requires a centralized facility, such as building rooftops.

xxxxxxxxx

(a) **General Condition 16** - The Project Proponent has failed to install Wind breaking walls and dust-prevention curtain sat the ongoing construction site which severely affects the air quality of the surrounding area.

(b) **General Condition 23** - The project Proponent has installed fully impermeable pavements at various locations across the project area where the provision of interlocking tiles was there for environment protection as the said impermeable pavements do not permit the water to seep through and in turn stops groundwater recharging and also do not allow suitable aeration and nutrition to the trees.

(c) **General Condition 32 & 52** - The Project Proponent has illegally sold parking areas with no demarcation of appropriate guest parking and even the approved layout plan does not indicate designated parking areas for guests which in turn creates traffic congestion inside and outside the project area and also leads to air pollution which is in violation of the norms provided by the MoEFCC and the building by laws.

(d) **General Condition 39** - The Project Proponent has failed to follow the green belt norms across the plot boundary. A significant stretch of the project boundary is fully paved with concrete obstructing any possibility of developing a green belt in the future as well. This also compromises the air quality as well as allows noise levels to increase beyond the permissible attenuation factor(s). A copy

22/11/2021/UPC-IHO

of the photographic evidence showing violation of green belt norms is annexed and marked herewith as Annexure A-24.

(e) **Specific Condition 1 & General Condition 55** - The Project Proponent has failed to provide detailed plans which was to be submitted within 1 month of the EC for safe disposal of STP sludge along with mention of ultimate disposal location, quantitative estimates and measured proposed.

(f) **General Condition 61** - The Project Proponent has failed to construct roads in the project area with the use of suitably processed plastic waste.

(g) **General Condition 63** - The Project Proponent has failed to give a plan about the safe disposal of biomedical waste arising out of a proposed dispensary at the project site."

3. The applicant has further submitted that the project is within the prohibited distance of the critically polluted area, Ghaziabad, attracting general conditions appended to the EIA notification dated 14.9.2006. In such a case, the project required EC from Ministry of Environment, Forest and Climate Change (MoEF&CC), the project being required to be treated as Category A. The applicant filed a representation dated 15.04.2021 to SEIAA, UP with copies thereof to MoEF&CC, State PCB and CGWA but no remedial action has been taken.

4. We have heard learned Counsel for the applicant. We have also considered the question whether in absence of an appeal against the EC, the issue raised in the application can be gone into. Learned Counsel submitted that if the Tribunal finds it appropriate, the application may be treated as an appeal against EC dated 04.03.2021 as appeal will be within extended limitation period in view of orders of the Hon'ble Supreme Court, extending limitation during pandemic. He further submitted that in any case, action against violation of EC conditions is within the scope of jurisdiction under Sections 14 and 15 of the NGT Act, *de hors* the appellate jurisdiction. Learned Counsel for the applicant also submitted that there is large scale violation in construction projects. The constructions start

before EC, built up area is expanded, groundwater is illegally extracted, proper waste management and other safeguards are not provided, open spaces are not provided and third party rights are created. In spite of such rampant violations, *ex post facto* EC is granted without adequate appraisal of mitigation measures. Reference has been made to the judgments of the Hon'ble Supreme Court in *Goel Ganga Developers India Pvt. Ltd. v UOI*¹, *Alembic Chemicals v Rohit Prajapati*² and *Keystone developers v. Anil Tharthare*³.

Reliance has been placed on order of this Tribunal dated 24.05.2021 in Appeal No. 34/2020(WZ), *Tanaji B. Gambhire v. Chief Secretary Government of Maharashtra & Ors.*, wherein this Tribunal noted rampant and continuous violation of environmental norms in completion of construction projects without valid ECs and the regulatory authorities failing to prevent such violations by requiring demolition or payment of compensation. This is not checked, rule of law cannot be upheld. Reliance has also been placed on order of this Tribunal dated 08.06.2021 in OA No. 13/2021 (WZ), *Shashikant Vithal Kamble v. M/s. Key Stone Properties & Ors.* The relevant part of the said order is reproduced below:

"2. The said order further directed disconnection of water and electricity connections of the building. Ignoring these developments, the State Level Environment Impact Assessment Authority (SEIAA), Maharashtra issued Environmental Clearance (EC) on 24.01.2020 in violation of mandate of prior EC in terms of EIA Notification dated 14.09.2006 and judgments of the Hon'ble Supreme Court inter alia in *Alembic Chemicals v Rohit Prajapati*⁴, *Keystone developers v. Anil Tharthare*⁵, *Goel Ganga Developers India Pvt. Ltd. v UOI*⁶ and *Bengaluru Development Authority v. Sudhakar Hegde & Ors.*⁷

3. From the above, *prima facie* it appears that EC has been granted in violation of law and without any application of mind. This is not for the first time we have come across this situation. Such

¹ (2018) 18 SCC 257

² 2020 SCC OnLine SC 347

³ (2020) 2 SCC 666

⁴ 2020 SCC OnLine SC 347

⁵ (2020) 2 SCC 666

⁶ (2018) 18 SCC 257

⁷ (2020 SCC OnLine SC 328

allegations are frequent. In Appeal No. 34/2020(WZ), Tanaji B. Gambhire v. Chief Secretary Government of Maharashtra & Ors. which was taken up for hearing on 24.05.2021, we directed SEIAA to review its working of mechanically granting Ex-post facto EC, in violation of law. The Tribunal also constituted an expert committee to look into the violations of that particular project and recommend remedial action. The observations therein are:

“ XXX.....XXX.....XXX

3. It is submitted that the construction project is illegal being without the mandatory prior EC. Ex-post facto EC is not substitute for prior EC as evaluation of impact on environment cannot be fully gone into as held by the Hon'ble Supreme Court in the case of the same PP viz. Goel Ganga Developers India Pvt. Ltd. v UOI⁸. There are further judgements of the Hon'ble Supreme Court to the same effect in Alembic Chemicals v Rohit Prajapati⁹ and Keystone developers v. Anil Tharthare¹⁰. **If the construction project is without prior EC, the project has either to be demolished or if it is found that environmental damage can be restored, the project can be permitted on payment of assessed compensation on polluter pays principle which needs to be spent for restoration of the environment. The authorities have thus failed to follow the binding law.**

4. Since we are coming across the grievance of continuous violation of environment norms in construction projects being completed without prior EC and the SEIAA, Maharashtra is neither requiring demolition nor payment of assessed compensation to comply with the rule of law and protection of environment, it will be appropriate to require the SEIAA, Maharashtra to review its working in the light of the judgments of the Hon'ble Supreme Court and violations frequently being alleged, including the present case. A proper SOP be laid down for grant of EC in such cases so as to address the gaps in binding law and practice being currently followed. The MoEF may also consider circulating such SOP to all SEIAAs in the country. In this regard, we may refer to the directions in the earlier order of this Tribunal dated 1.2.2021 in OA 837/2018, Sandeep Mittal vs. MoEF, wherein it was inter-alia, directed:

“MoEF&CC may give due attention for proper constitution of SEIAAs in the States to ensure the projects of category ‘B’ and ‘B-1’ are properly scrutinized.”

The MoEF&CC may file its action taken report in the matter before the next date.

5. **We also constitute a joint Committee of MoEF&CC, CPCB, and Maharashtra State PCB to look into the**

⁸ (2018) 18 SCC 257

⁹ 2020 SCC OnLine SC 347

¹⁰ (2020) 2 SCC 666

12/11/2021/UPC-LHO

present matter and suggest a remedial action plan for the present case, including the quantum of compensation to be recovered, as far as possible within three months. The CPCB and State PCB will be nodal agency for coordination and compliance. Another connected matter between same parties for a different project being Appeal No. 32/2020(WZ) is also being dealt with by a separate order today and this direction will also apply to the said case. Infact, to avoid duplication if the SEIAA, Maharashtra itself reviews all such cases, to avoid unnecessary and repeated litigation. The Committee may conduct proceedings online but if possible, visit the site. The Committee may also interact with the concerned parties. The report of the joint Committee may be filed by e-mail at judicial-ngt@gov.in preferably in the form of searchable PDF/OCR Support PDF and not in the form of Image PDF before the next date. While submitting the report to this Tribunal, a copy of the report thereof be also forwarded to the PP and the applicant who may file their comments, if any, before the next date by e-mail."

4. Since the allegations of this nature are frequently being made before this Tribunal and *prima facie* **there appears to be fundamental flaw in working of the SEIAA in question, resulting in defeating the statutory mandate of prior EC and directions of the Hon'ble Supreme Court, we direct constitution of a two-member Committee comprising Additional Secretary, Ministry of Environment, Forest and Climate Change (MoEF&CC), nominated by the Secretary MoEF&CC and the Chairman, Central Pollution Control Board (CPCB) to conduct functional audit of SEIAA, Maharashtra to find out how such frequent blatant violations are taking place and how the situation can be remedied.** The Committee will be free to take assistance from any other expert/institution and interact with the stake-holders. This is necessary for protection of environment. If mechanically *ex post facto* ECs are granted by SEIAA, the purpose of requiring prior EC will be defeated. The 'Precautionary' and 'Sustainable Development' principles considered in the above judgments of the Hon'ble Supreme Court will be rendered nugatory. Precautions during the course of construction and compliance of conditions after constructions will be rendered difficult. EC is not a mechanical exercise. It may be after application of any mind and granted only after evaluation of impact and efficacy of mitigation measures proposed. Conditions imposed must be faithfully observed and monitored. If there is any violation, steps must be taken for restoration of damage at the cost of the project proponent. The persons manning SEIAA who have acted illegally need to be made accountable in civil and criminal law. It is further surprising in the present case that inspite of order of State PCB to disconnect water and electricity, it is not clear how the project is functioning. Present status of compliance of environment norms in the project and remedial action against non-compliances also needs to be ascertained.

5. Accordingly, apart from a Committee for the conduct of functional audit of functioning of SEIAA in the matter of grant of ECs, there is need to conduct audit of compliance of environmental requirements in the project in question by an independent Expert Committee. For this purpose, we constitute a four-member Expert

Committee comprising nominees of MoEF&CC, CPCB, IIT Bombay and Member Secretary, State PCB. The Committee will be at liberty to take assistance from any other expert/institution. The CPCB and State PCB will be nodal agency for coordination and compliance. The Committee may visit the site and conduct the proceedings online, wherever necessary and also interact with the stakeholders. The functional audit report as well as the Expert Committee report about status of compliance in the project may be furnished within three months by e-mail at judicial-ngt@gov.in preferably in the form of searchable PDF/ OCR Support PDF and not in the form of Image PDF before the next date with an advance copy to the PP for its response, if any, before the next date. Copy of second report about status of compliance of the project may be furnished to the PP in advance for its comments, if any, before the next date. Copy of the first report about functional audit may be furnished to the MoEF&CC also for its response in terms of action taken before the next date.

6. *The first Committee may also consider the orders of this Tribunal dated 24.05.2021 in Appeal No. 32/2020(WZ), Tanaji B. Gambhire v. Chief Secretary Government of Maharashtra & Ors. and Appeal No. 34/2020(WZ), Tanaji B. Gambhire v. Chief Secretary Government of Maharashtra & Ors. inter alia requiring SEIAA, Maharashtra to review its working in the light of Supreme Court judgements and frequent violations alleged in the grant of EC and also in the gaps in compliance of EC conditions. The second Committee may also coordinate and work in tandem with the joint Committee constituted in Appeal No. 32/2020(WZ), Tanaji B. Gambhire v. Chief Secretary Government of Maharashtra & Ors. and Appeal No. 34/2020(WZ), Tanaji B. Gambhire v. Chief Secretary Government of Maharashtra & Ors."*

5. We are of the view that on the pattern of above orders passed by this Tribunal in Appeal No. 34/2020(WZ) and OA No. 13/2021 (WZ), apart from considering the remedial action against violations, two-member Committee comprising Additional Secretary, MoEF&CC, to be nominated by the Secretary MoEF&CC and the Chairman, CPCB need to conduct functional audit of SEIAA, UP to find out how frequent blatant violations are taking place and how the situation can be remedied. The Committee will be free to take assistance from any other expert/institution and interact with the stake-holders. SEIAA, UP has to review its working in the light of judgments of the Hon'ble Supreme Court and in the light of frequent and rampant violations. Considering the report, an appropriate SOP may to be laid down by the MoEF&CC to deal with such ECs which may be circulated to all SEIAAs.

6. Apart from above, remedial action appears to be necessary under Section 15 of the NGT Act after verification of factual position. Accordingly, we also constitute a joint Committee comprising of MoEF&CC, CPCB, SEIAA, UP, State PCB and District Magistrate, Ghaziabad. CPCB and SEIAA, UP will jointly be the nodal agency for coordination and compliance. Joint Committee may give its report covering issues mentioned in para 2 above and availability of basic infrastructure facilities like sewerage and solid waste management. Meeting of the joint Committee may be held within 15 days from today to take stock of the situation. The joint Committee may visit the site and interact with the stakeholders including the PP to verify the status of compliance. Based on the facts found, the statutory authorities may take remedial action including stopping creation of third party rights and further construction activities, if the same are found to be in violation of law. Needless to say that if adverse action becomes necessary, the same may be taken by following prescribed procedure. The report of the joint Committee report may be furnished to this Tribunal within three months by e-mail at judicial-ngt@gov.in preferably in the form of searchable PDF/ OCR Support PDF and not in the form of Image PDF, and if the report is adverse to the PP, a copy thereof may be furnished to PP for its response, if any, before the next date.

A copy of this order be forwarded to Secretary, MoEF&CC, Chairman, CPCB, SEIAA, UP, State PCB and District Magistrate, Ghaziabad by e-mail for compliance.

List for further consideration on 17.12.2021.

Subject: Compliance of Orders issued by Hon'ble NGT in OA No. 199/2021 (Principal bench) titled as Saviour Park Apartment Owners Association Vs State of Uttar Pradesh & Ors pending before the NGT, PB. New Delhi - regarding gathering of information on projects related to violation category -regarding.

Sir,

Hon'ble NGT vide Order dated 13.08.2021 (Copy enclosed), in the OA No. 199/2021 (Principal bench) titled as Saviour Park Apartment Owners Association Vs State of Uttar Pradesh & Ors has directed, which is as follow:

"We are of the view that on the pattern of above orders passed by this Tribunal in Appeal No. 34/2020(WZ) and OA No. 13/2021 (WZ), apart from considering the remedial action against violations, two-member Committee comprising Additional Secretary, MoEF&CC, to be nominated by the Secretary MoEF&CC and the Chairman, CPCB need to conduct functional audit of SEIAA, UP to find out how frequent blatant violations are taking place and how the situation can be remedied. The Committee will be free to take assistance from any other expert/institution and interact with the stake-holders. SEIAA, UP has to review its working in the light of judgments of the Hon'ble Supreme Court and in the light of frequent and rampant violations. Considering the report, an appropriate SOP may to be laid down by the MoEF&CC to deal with such ECs which may be circulated to all SEIAAs".

3 In compliance of the above mentioned NGT Orders, a Committee comprising of Shri Ravi Agrawal, Additional Secretary, MoEF&CC and Chairman, CPCB has been constituted. First meeting of the committee was convened on 23.08.2021 wherein it has been decided to gather the information as available with UPPCB with regard to EC/CTE/CTO on violation cases. In this regard, it is requested that the factual information may please be provided in the

attached format by 28.09.2021 to CPCB directly. Shri N. K. Gupta, Additional Director, Head UPC-I, CPCB is the nodal officer in the matter and prescribed information may be sent directly to him (Email: nkgupta.cpcb@nic.in).

Encl.: as above

Yours faithfully

(Lalit Bokolia)
Director

Information to be Provided by Uttar Pradesh Pollution Control Board,
in the NGT Matter in OA No. 199/2021 (Principal bench)
titled as Saviour Park Apartment Owners Association Vs State of Uttar Pradesh & Ors
 in respect of EC granted under violation category w.e.f. 01.01.2017 to 30.08.2021

S. No.	(1) Name of Project & Address	(2) Sector (e.g. Industry, Mining, Building Construction)	(3) CTE/CTO granted to project having EC under violation category		(4) CTE/CTO granted to project requiring EC but operating without EC		(5) Action taken by SPCB/Cross communication against project regarding not obtaining EC	(6) Attachment of relevant documents	(7) Remarks (if any other information)
			Date of CTE	Date of CTO	Date of CTE	Date of CTO			

Note : Details of those Projects requiring EC and CTE/CTO both but have not obtained any of these clearances, may be attached separately. .

(f) **General Condition no 31** - The Project Proponent failed to place Environmental awareness related hoardings.

(g) **General Condition no 38** —The project proponent failed to submit the justification for selecting alternate technologies to chlorination (for disinfection of wastewater) including methods like Ultraviolet radiations, ozonation etc. since 2013.

(h) **General Condition no. 39** - The Project Proponent failed to submit detailed plantation details, including the area covered, number and species of trees planted etc. to the MoEFCC.

(i) **General Condition no. 41**- The Project Proponent failed to submit structural stability certificate to the MoEFCC. This is a critical violation as the entire basement area of the project is severely affected with heavy seepage and large number of cracks are visible in many pillars upon which structural stability of all the towers resides. The Residents of the Project have made several complaints to the Respondent No. 9; however, no action has been taken by the Project Proponent or the Respondent No. 9. The said issue has also been highlighted in the local newspapers. Copy of the photos depicting seepage and cracks in the Project is annexed herewith and marked as ANNEXURE-A-19. Copy of the newspaper clippings is annexed herewith and marked as ANNEXURE-A-20. Copy of the Minutes of the meeting held between the representatives of the residents, Project Proponent and Respondent No. 9 on 21.11.2019 is annexed herewith and marked as ANNEXURE-A-21.

(j) **General Condition no 54** - The project proponent has failed to indicate that the cost of environmental activities is part of the overall project cost and additionally there is complete lack of highlighting the management issues and involvement of residents is completely ignored.

(k) **General Condition no. 66** - The project proponent has failed to monitor groundwater downstream of rainwater harvesting pit nearest to STP for bacterial contamination and additionally has failed to provide hand pumps for sampling.

(l) **General Condition no. 72** - The project proponent has failed to undertake Rapid EIA status for three months during the non-monsoon period as per the latest norms of the MoEFCC.

(m) **General Condition no. 72** - The project proponent has failed to obtain ISO: 14001 certification and also failed to include all general and specific conditions mentioned under this in the environmental manual to be prepared for the certification purposes and compliances.

(n) **General Condition no 73** -The project proponent has failed to create corpus of funds for implementation plan under social corporate and environmental responsibility of 2% of total project cost. This condition was to be fulfilled by the Project Proponent within 1 month of EC, failing which the EC was deemed to be cancelled. The Respondent No. 2 & 3 not only failed to cancel the original EC of the Project Proponent in spite of the above violation but also granted a new

EC for expansion and modification. This clearly shows that the Respondent No. 2 & 3 are hand in gloves with the Project Proponent.

xxxxxxxxx

(a) **General Condition 29** - The Project Proponent failed to submit a detailed report showing how much power of institution can be provided through solar energy so that use and polluting effect of DG sets can be minimized. The Project Proponent also did not make provision of solar energy as an alternative source of energy with the illumination of common areas, street lighting, gardens.

(b) **General Condition 35** - The Project Proponent failed to submit report on the energy conservation measures confirming energy conservation norms finalized by the Bureau of Energy Efficiency (BEE) to incorporate details about building materials and technology, R and U factors, etc.

(c) **General Condition 46** - The Project Proponent failed to ensure that all street and park lighting area least 50% solar-powered.

(d) **General Condition 47** - The Project Proponent was under obligation to install solar water heater with a maximum possible capacity and additionally in spite of repeated requests to the Builder, no provision for centralized water heating system has been made as Residents at an individual level cannot install solar heaters as it requires a centralized facility, such as building rooftops.

xxxxxxxxx

(a) **General Condition 16** - The Project Proponent has failed to install Wind breaking walls and dust-prevention curtain at the ongoing construction site which severely affects the air quality of the surrounding area.

(b) **General Condition 23** - The project Proponent has installed fully impermeable pavements at various locations across the project area where the provision of interlocking tiles was there for environment protection as the said impermeable pavements do not permit the water to seep through and in turn stops groundwater recharging and also do not allow suitable aeration and nutrition to the trees.

(c) **General Condition 32 & 52** - The Project Proponent has illegally sold parking areas with no demarcation of appropriate guest parking and even the approved layout plan does not indicate designated parking areas for guests which in turn creates traffic congestion inside and outside the project area and also leads to air pollution which is in violation of the norms provided by the MoEFCC and the building by laws.

(d) **General Condition 39** - The Project Proponent has failed to follow the green belt norms across the plot boundary. A significant stretch of the project boundary is fully paved with concrete obstructing any possibility of developing a green belt in the future as well. This also compromises the air quality as well as allows noise levels to increase beyond the permissible attenuation factor(s). A copy

12213/2021/UPC-I-HO

116

of the photographic evidence showing violation of green belt norms is annexed and marked herewith as Annexure A-24.

(e) **Specific Condition 1 & General Condition 55** - The Project Proponent has failed to provide detailed plans which was to be submitted within 1 month of the EC for safe disposal of STP sludge along with mention of ultimate disposal location, quantitative estimates and measured proposed.

(f) **General Condition 61** - The Project Proponent has failed to construct roads in the project area with the use of suitably processed plastic waste.

(g) **General Condition 63** - The Project Proponent has failed to give a plan about the safe disposal of biomedical waste arising out of a proposed dispensary at the project site."

3. The applicant has further submitted that the project is within the prohibited distance of the critically polluted area, Ghaziabad, attracting general conditions appended to the EIA notification dated 14.9.2006. In such a case, the project required EC from Ministry of Environment, Forest and Climate Change (MoEF&CC), the project being required to be treated as Category A. The applicant filed a representation dated 15.04.2021 to SEIAA, UP with copies thereof to MoEF&CC, State PCB and CGWA but no remedial action has been taken.

4. We have heard learned Counsel for the applicant. We have also considered the question whether in absence of an appeal against the EC, the issue raised in the application can be gone into. Learned Counsel submitted that if the Tribunal finds it appropriate, the application may be treated as an appeal against EC dated 04.03.2021 as appeal will be within extended limitation period in view of orders of the Hon'ble Supreme Court, extending limitation during pandemic. He further submitted that in any case, action against violation of EC conditions is within the scope of jurisdiction under Sections 14 and 15 of the NGT Act, *de hors* the appellate jurisdiction. Learned Counsel for the applicant also submitted that there is large scale violation in construction projects. The constructions start

before EC, built up area is expanded, groundwater is illegally extracted, proper waste management and other safeguards are not provided, open spaces are not provided and third party rights are created. In spite of such rampant violations, *ex post facto* EC is granted without adequate appraisal of mitigation measures. Reference has been made to the judgments of the Hon'ble Supreme Court in *Goel Ganga Developers India Pvt. Ltd. v UOI*, *Alembic Chemicals v Rohit Prajapati*² and *Keystone developers v. Anil Tharthare*³.

Reliance has been placed on order of this Tribunal dated 24.05.2021 in Appeal No. 34/2020(WZ), *Tanaji B. Gambhire v. Chief Secretary Government of Maharashtra & Ors.*, wherein this Tribunal noted rampant and continuous violation of environmental norms in completion of construction projects without valid ECs and the regulatory authorities failing to prevent such violations by requiring demolition or payment of compensation. This is not checked, rule of law cannot be upheld. Reliance has also been placed on order of this Tribunal dated 08.06.2021 in OA No. 13/2021 (WZ), *Shashikant Vithal Kamble v. M/s. Key Stone Properties & Ors.* The relevant part of the said order is reproduced below:

"2. The said order further directed disconnection of water and electricity connections of the building. Ignoring these developments, the State Level Environment Impact Assessment Authority (SEIAA), Maharashtra issued Environmental Clearance (EC) on 24.01.2020 in violation of mandate of prior EC in terms of EIA Notification dated 14.09.2006 and judgments of the Hon'ble Supreme Court *inter alia* in *Alembic Chemicals v Rohit Prajapati*⁴, *Keystone developers v. Anil Tharthare*⁵, *Goel Ganga Developers India Pvt. Ltd. v UOI*⁶ and *Bengaluru Development Authority v. Sudhakar Hegde & Ors.*⁷

3. From the above, *prima facie* it appears that EC has been granted in violation of law and without any application of mind. This is not for the first time we have come across this situation. Such

Chief Secretary Government of Maharashtra & Ors. and Appeal No. 34/2020(WZ), Tanaji B. Gambhire v. Chief Secretary Government of Maharashtra & Ors."

5. We are of the view that on the pattern of above orders passed by this

Tribunal in Appeal No. 34/2020(WZ) and OA No. 13/2021 (WZ), apart from considering the remedial action against violations, two-member Committee comprising Additional Secretary, MoEF&CC, to be nominated by the Secretary MoEF&CC and the Chairman, CPCB need to conduct functional audit of SEIAA, UP to find out how frequent blatant violations are taking place and how the situation can be remedied. The Committee will be free to take assistance from any other expert/institution and interact with the stake-holders. SEIAA, UP has to review its working in the light of judgments of the Hon'ble Supreme Court and in the light of frequent and rampant violations. Considering the report, an appropriate SOP may to be laid down by the MoEF&CC to deal with such ECs which may be circulated to all SEIAAs.

6. Apart from above, remedial action appears to be necessary under Section 15 of the NGT Act after verification of factual position. Accordingly, we also constitute a joint Committee comprising of MoEF&CC, CPCB, SEIAA, UP, State PCB and District Magistrate, Ghaziabad. CPCB and SEIAA, UP will jointly be the nodal agency for coordination and compliance. Joint Committee may give its report covering issues mentioned in para 2 above and availability of basic infrastructure facilities like sewerage and solid waste management. Meeting of the joint Committee may be held within 15 days from today to take stock of the situation. The joint Committee may visit the site and interact with the stakeholders including the PP to verify the status of compliance. Based on the facts found, the statutory authorities may take remedial action including stopping creation of third party rights and further construction activities, if the same are found to be in violation of law. Needless to say that if adverse action becomes necessary, the same may be taken by following prescribed procedure. The report of the joint Committee report may be furnished to this Tribunal within three months by e-mail at judicial-ngt@gov.in preferably in the form of searchable PDF/ OCR Support PDF and not in the form of Image PDF, and if the report is adverse to the PP, a copy thereof may be furnished to PP for its response, if any, before the next date.

A copy of this order be forwarded to Secretary, MoEF&CC, Chairman, CPCB, SEIAA, UP, State PCB and District Magistrate, Ghaziabad by e-mail for compliance.

List for further consideration on 17.12.2021.

Sir,

Subject: Functional Audit of State EIA Authority - Uttar Pradesh .

Ref : Order issued by Hon'ble NGT on 13.08.2021 in OA No. O.A No 199/2021 titled as Saviour Park Apartment Owners Association Versus State of Uttar Pradesh & Ors.

You are aware that Hon'ble NGT vide Orders dated 13.08.2021 in OA as referred above has directed for constitution of a two-member Committee comprising of Additional Secretary, Ministry of Environment, Forest and Climate Change (MoEF&CC), nominated by the Secretary MoEF&CC and the Chairman, Central Pollution Control Board (CPCB). This Committee is constituted to conduct functional audit of SEIAA, Uttar Pradesh so as to find out violations in context to Environmental Clearances (EC) cases and suggest remedies for improvement of situations.

- In compliance of the above mentioned NGT Orders , the Committee comprising of Shri Ravi Agrawal , Additional Secretary , MoEF&CC and Shri Tanmay Kumar , Chairman, CPCB has been constituted. Second meeting of the committee has been convened on 23.12.2021 wherein the information earlier forwarded by Uttar Pradesh SEIAA has been examined. It is observed that the information forwarded by Uttar Pradesh SEIAA is not comprehensive and following additional information are required for auditing the functioning of the SEIAA.
- Details of violation cases which were received during the 'Window Periods' i.e. from 14.03.2017 to 13.09.2017 and from 14.03.2018 to 13.04.2018. Detailed status of these cases are required.
- Details of violation cases which were received after the window period and status of the same.
- Details of projects for which post-facto ECs are granted, including the ECs for expansion projects which were in violation of existing EC.
- Copies of all violation ECs granted.

contd..p2/-

-2-

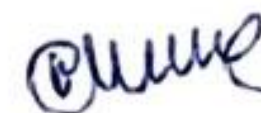

From pre-page 1/-

- vi. Date of application of EC for the period from 01.01.2017 till date and the date of grant of EC and the reason for delay, if any.
- vii. Before granting of EC, whether the SEIAA has examined/verified regarding disciplinary/legal action, taken/in progress by Maharashtra State Pollution Control Board / Other Enforcement Agency against the project proponent.
- viii. The NGT order dated 24.05.2021 inter-alia stated on formulation of SoP for handling such violation cases. The Ministry has already issued a SoP dated 7th July 2021 which has been interim stayed by Hon'ble Madras High Court, Madurai bench on 15th July 2021. Details of violation cases which are pending due to this may be provided by SEIAA.
- ix. In context to violation cases : Details in respect of status of damage assessment, bank guarantee imposed, remediation action taken including cost aspects. Details of the agency who is monitoring the remediation action plans.
- x. Detailed information about the Project namely **M/s Saviour Park Apartment, Mohan Nagar Ghaziabad.**
- xi. Any other information/ observation / suggestion by Maharashtra SEIAA which they may like to submit.

In view of the above, it is requested that aforesaid information may please be provided by Jan. 05, 2022.

This is issued with approval of the Chairman of the Committee.

Yours Faithfully

Annexure

- i. In many cases especially violation category projects, time taken to grant EC, is not mentioned. Time period may please be mentioned.
- ii. Reasons for delay in granting EC.
- iii. For the period of 01.01.2017 – 25.12.2021, total 15 nos. of projects have been reported under violation category. But, action taken u/s 15 of the E(P) Act, 1986, for these projects have not been mentioned. Details of Action taken may be provided.
- iv. It is found that, during window period 25 no. of projects received. Out of them 11 nos. of projects have been issued EC and 12 nos are delisted. For 02 nos of projects, decision taken are not mentioned. Even, where the ECs are issued, details regarding action taken may be provided. Ground status of delisted projects / pending projects under violation category may be provided.
- X. List of violation cases which were received after the window period, has been provided. Detailed status and categorical information of the same may be provided.
- XI. Details of projects for which post-facto ECs are granted, including the ECs for expansion projects which were in violation of existing EC - categorical information may be provided.
- XII. In context to violation cases: following details are not provided by SEIAA:
 - a. Remediation action taken including cost aspects-detailed information may be provided.
 - b. Details of the agency(ies) who is(are) monitoring the remediation action plans- Details may be provided.
- XIII. Clarification/rectification may be on the projects having date of issue of EC earlier than date of application (i.e. EC issued earlier and application submitted later-on) with following Sl. Nos.:
 252, 274, 513, 518, 537, 540, 548, 590, 603, 605, 610, 622, 626, 629, 630, 634, 737, 743, 817, 835, 844, 883, 1073, 1074, 1075, 1077, 1078, 1079, 1080, 1081, 1084, 1085, 1086, 1091, 1092, 1093, 1094, 1147, 1187, 1190, 1191, 1192, 1235, 1283, 1302, 1329, 1330, 1331, 1332, 1339, 1341, 1344, 1346, 1347, 1348, 1349, 1352, 1353, 1355, 1364, 1366, 1367, 1368, 1369, 1370, 1371, 1382, 1384, 1389, 1392, 1393, 1405, 1412, 1426, 1448, 1454, 1461, 1671, 1673, 1676, 1699, 1700, 1702, 1706, 1707, 1746, 1747, 1790, 1844, 1848, 1904, 1905, 1908, 1912, 1916, 1919, 1921, 1927, 1928, 1932, 2041, 2062.
- XIV. Valid date of EC issued for Project placed at Sl. No. 1517 may be provided.

In addition to above, following information are also required to prepare the report on functional audit of SEIAA:

- a) Process adopted for Grant of EC
 - i. What is the application format?
 - ii. Is it same for all the Project or varies for different types of project?
 - iii. How the application is processed?
 - iv. Whether other enforcement agencies are concerned including SPCB, Local Bodies, Town & Country Planning Dept.? If yes, how?
 - v. What are the necessary Clearances / NOCs/Licenses etc. required for processing application?
 - vi. What are the prescribed timelines? Max. & Min.?
 - vii. Is there any specific methodology for building projects?

- viii. What is mechanism for compliance monitoring?
 - ix. Is Environmental Compensation is also imposed?
 - x. What is the Check-list? Standardized TOR? Is it same for all types of Projects or project-wise varies?
- b) In case of Violation cases during Window Period, what were the natures of violation viz. before grant of EC, during grant of EC or after the grant of EC?
 - c) Why are construction projects of the State not following provisions of EIA Notification, 2006?
 - d) Do other Enforcement Agencies take cognizance of requirement of prior EC or EC conditions?
 - e) Why are such frequent blatant violations taking place and how can the situation be remedied ?
 - f) Copy of the Power Point Presentation made by CPCB on 25-02-2022 is also attached as Annexure II. Anomalies pointed out there in the presentation may please be clarified.

Copy to:

1. The Member Secretary, Uttar Pradesh Pollution Control Board, Lucknow
2. Shri S. K. Bajpayee, Joint Secretary, IA Division, MoEFCC, New Delhi
3. The Member Secretary, CPCB
4. Dr. J. D. Marcus Knight, Scientist 'D', IA Division, MoEF&CC
5. PS to the Chairman, CPCB, Delhi.

Annexure

1. Brief details of the nature of violation noticed in case of project under reference (i.e M/s. Savfab Buildtech Pvt. Ltd. Mohan Nagar, Ghaziabad) – how/when did violation happen, how the violation went unnoticed by SEIAA, Uttar Pradesh.
2. When was the violation noticed in the above two cases? Is there any gap in the appraisal process adopted by SEIAA or by SPCB?
3. How did the directions/Show cause notice, issued by Uttar Pradesh Pollution Control Board go unnoticed at the time of appraisal for EC?
4. Was CTE/CTO issued in this case? Was the violation not noticed at the time of grant of CTE and CTO?
5. Chronological sequence of events from the time of application of EC till the time these violations came to notice, may be provided and also the date from which the construction actually started at site.
6. The procedure of sanction of plan by the Town Planning Department may be provided. Does the approval process for Building Construction by the Town Planning Department / Municipal Bodies also includes examining whether EC has been granted? Whether there is any requirement of CTE / CTO before sanctioning or issuing of Occupancy certificate by concerned Agencies/ Authorities?
7. Whether the Environmental Clearance issued by SEIAA or CTE/CTO issued by UPPCB are endorsed to the Town Planning / Municipal Bodies or any other designated body responsible for approving the building plan.
8. Stepwise flow chart and time-lines for issue of Environmental Clearance by SEIAA and the institutional mechanism for coordination with the SPCB, Municipal Bodies, Town Planning or other designated bodies involved in sanctioning building construction projects at the local level.

To,

Shri N.K. Gupta,
Divisional Head, UPC-1,

Member-Secretary,
SEIAA, UP

Required Information in the matter of Functional Audit of SEIAA, Uttar Pradesh

S.N.	Question	Reply
1.	It is noted that, for most of the projects under violation category, date of application for EC are beyond the window period.	<ul style="list-style-type: none"> At the time when SEIAA, UP was not under existence some projects were applied within the window period directly on MoEFCC portal, when Chairman/Members was nominated the projects were transferred to SEIAA, UP for consideration. In some projects date of application is beyond violation period because date of application is for EC. Application for TOR was made within the violation window.
2.	Action u/s 15 of the E(P) Act, 1986 against all the projects falling under violation category have not been initiated by SEIAA, Uttar Pradesh.	<ul style="list-style-type: none"> Projects for which EC was granted under violation category, action u/s 15 of the EPA, 1986 has been initiated which is annexed as annexure-1 letter no. 1062/Parya/SEIAA-Gen/2022, dated 11/03/2022.
3.	In some cases, it has been found that, two types of Bank Guarantees have been imposed. In such cases, one information has been provided by SEIAA itself and information has been provided by SPCB.	<ul style="list-style-type: none"> Two bank guarantee have been mentioned in project KW Shristi. One bank guarantee was imposed of Rs. 10,000,00/- against NOC by UPPCB which was wrongly mentioned there.
4.	Project completion status in detail may be provided by SEIAA in respect of projects under violation category.	<ul style="list-style-type: none"> Completion status of Violation projects (25 numbers) applied on SEIAA, UP Portal within the violation window has already been submitted as annexure-3 of letter no. 1062/Parya/SEIAA-Gen/2022, dated 11/03/2022.
5.	Ground Status of 619 Projects for which ECs were not granted.	<ul style="list-style-type: none"> Ground Status will be prepared with the help of UPPCB
6.	Lack of adherence to the Stepwise flowchart and time-lines for issue of Environment Clearance by SEIAA and lack of institutional mechanism for coordination with SPCB, Municipal Bodies, Town Planning and other enforcement agencies / designated bodies involved in sanctioning building construction projects at local level.	<ul style="list-style-type: none"> Strictly adhere to EIA Notification, 2006 (as amended thereof)
7.	Absence of well laid down procedure regarding examination of EC and sanction of plan by the Town Planning Department. It is not clear whether the approval process for Building Construction by the Town Planning Department / Municipal	<ul style="list-style-type: none"> Housing Department of UP Govt. is being requested to direct all the development authorities/regulatory bodies/town planning department for ensuring that necessary certificates to such projects are issued only after they obtain CTE/EC from competent authority.

	Bodies also includes examining whether EC has been granted and whether there is any requirement of CTE / CTO before sanctioning or issuing of Occupancy certificate by concerned Agencies/ Authorities?	
8.	Lack of clarity regarding requirement of necessary Clearances/ NOCs/ Licenses etc. required for processing application for EC.	<ul style="list-style-type: none"> Necessary clearances/NOCs are checked before granting EC or conditional EC is granted as per EIA Notification, 2006 (as amended thereof).
9.	Lack of clarity regarding methodology to be followed for building projects and imposition of Environmental Compensation for building projects.	<ul style="list-style-type: none"> Methodology for building projects is followed as per EIA Notification, 2006 (as amended thereof). Environmental Compensation is imposed by UPPCB.
10.	Besides, no specific information has been received from SEIAA, UP on: <ul style="list-style-type: none"> Information with respect to Application format 	<ul style="list-style-type: none"> Application format is as prescribed by MOEFCC
	<ul style="list-style-type: none"> Procedure adopted for processing of application 	<ul style="list-style-type: none"> As prescribed in EIA Notification, 2006 (as amended thereof).
	<ul style="list-style-type: none"> Reasons for blatant violations taking place and how can the situation be remedied? 	<ul style="list-style-type: none"> Concerned Development Authority should ensure that no building construction is started without prior environmental clearance, if needed and it can be remedied after direction by Housing Department, UP Govt. are issued to various authorities.

To,

Shri N.K. Gupta,
Divisional Head, UPC-1,

OFFICE MEMORANDUM

Subject: Terms of Reference for EIA/EMP studies for the projects/activities requiring Environmental Clearance under the EIA Notification, 2006 - Extension of validity period - regarding.

In order to streamline the process and provide greater clarity in issuing Terms of Reference (ToRs) for undertaking EIA/EMP studies for the projects/activities requiring Environmental Clearance under the EIA Notification, 2006, the following decisions have been taken with immediate effect:

- (i) The validity of ToRs for projects/activities (except for River Valley and HEP Projects), for submission of EIA/EMP reports shall be three years.
- (ii) The validity of ToRs for River Valley and HEP Projects, for submission of EIA/EMP report shall be four years.
- (iii) The above validity period can be extended by the concerned Regulatory Authority for a maximum period of one year without referring the proposal to the EAC/SEAC concerned, provided an application is made by the applicant before expiry of the validity period, together with an updated Form-1 and proper justification and there is no change in terms and conditions of the ToRs. After the lapse of validity, such extension will need EAC/SEAC consideration.
- (iv) Thus, an outer limit of validity of ToRs shall be 4 years for all the projects/activities and 5 years for River Valley and HEP Projects.
- (v) The ToRs will specifically mention the date of expiry of validity.
- (vi) Extension of validity of ToRs beyond the outer limit of four years for all projects/activities, and five years for River Valley and HEP projects, shall not be allowed/considered by the Regulatory Authority.
- (vii) The baseline data used for preparation of EIA/EMP reports may be collected at any stage, irrespective of the request for ToR or the issue thereof. However, such a baseline data and the public consultation should not be older than 3 years, at the time of submission of the proposal, for grant of Environmental Clearance, as per ToRs prescribed.

- (viii) Public consultation shall be conducted during the validity of the ToRs. The public consultation conducted after the expiry of ToRs shall not be accepted by the Regulating Authority.
- (ix) In case the proposal for Environmental Clearance along with EIA/EMP reports based on the ToRs prescribed, is not submitted within the validity period of ToRs, and/or not complying with the above conditions, the process shall be started *de novo*. The already collected baseline data may be re-used, provided it is not more than 3 years old and duly recommended by EAC/SEAC in their due diligence.
- (x) In case, any proposal for ToR is delisted for want of additional information within the time period, as stipulated by the Ministry, the same can be listed again after the requisite information is submitted.

2. This Office Memorandum is issued in supersession of the earlier OMs of this Ministry as under:

- i) No. J-11013/ 41/2006-IA-II (I) dated 22.03.2010;
 - ii) No. Z-11012/1/2013-IA-I (Part) dated 19.11.2013;
 - iii) No. Z-11012/1/2013-IA-I (part) dated 12.12.2013;
 - iv) No. J-11013/ 41/2006-IA-II (I) dated 22.08.2014;
 - v) No. J-11013/ 41/2006-IA.II (I) dated 08.10.2014;
 - vi) No. J-11013/41/2006-IA.II(I) dated 07.11.2014; and
 - vii) No. J-11015/109/2013-IA.II(M) dated 12.01.2017
3. This issues with the approval of the competent authority.

Date: 23rd October, 2017.

CIRCULAR

Sub: Consideration of Category "B" proposals at the Central level in the absence of duly constituted State Level Environment Impact Assessment Authority (SEIAA) or State Expert Appraisal Committee (SEAC), etc.

As per para 4(iii) of the Environment Impact Assessment (EIA) Notification, 2006 all projects or activities covered under Category B in the Schedule, in the absence of duly constituted SEIAA or SEAC, in the respective States/UTs shall be considered at the central level.

2. For consideration of such proposals, the following clarifications are issued for compliance with immediate effect: -

- i) If the SEIAA/SEAC is constituted before the Expert Appraisal Committee (EAC) meeting wherein the proposal (Terms of Reference(TOR)/Environment Clearance (EC) is listed as an agenda item for consideration, then the proposal, be not appraised by the EAC and it shall be transferred online to the concerned SEIAA/SEAC.
- ii) In cases of ToR issued at the central level due to non-existence/functioning of SEIAA/SEAC, proposals for Environment Clearance shall be submitted to SEIAA/SEAC only if constituted in the meantime. If any such proposal is submitted at the central level, the concerned Member Secretary shall transfer it online to the SEIAA/SEAC.
- iii) In cases, the proposal is appraised by the EAC due to non-existence of SEIAA/SEAC, then irrespective of whether recommended, deferred or additional information sought, it will continue to be appraised and decided at the central level, even if the SEIAA/SEAC is constituted later on.
- iv) The concerned Member Secretary, while transferring the proposal online to the SEIAA/SEAC, shall inform the Project Proponent also online in this regard.

This issue with the approval of Competent Authority.

F. No. 22-34/2018-IA.III
Government of India
Ministry of Environment, Forest and Climate Change
(Impact Assessment Division)

Indira Paryavaran Bhawan
Aliganj, Jorbagh Road
New Delhi-110 003

Dated: 9th August, 2018

Office Memorandum

Sub.: Standardization of Environment Clearance conditions – reg.

The Ministry of Environment, Forest and Climate Change has notified the Environmental Impact Assessment (EIA) Notification, 2006 imposing certain restrictions and prohibitions on new projects or activities, or on the expansion or modernization of existing projects or activities based on their potential environmental impacts as indicated in the Schedule to the notification, being undertaken in any part of India, unless prior environmental clearance has been accorded in accordance with the provisions of the Environment (Protection) Act, 1986.

2.0 The process, *inter alia*, includes screening, scoping, public consultation and appraisal by Expert Appraisal Committee (EAC). Expert Appraisal Committee concerned shall make categorical recommendations to the regulatory authority concerned either for grant of prior environmental clearance on stipulated terms and conditions, or rejection of the application for prior environmental clearance, together with reasons for the same.

3.0 In order to bring uniformity on stipulated terms and conditions across the projects and sectors and as a general guidance to the EAC as well as project proponents, the Ministry has prepared standard conditions for the following sectors:

- i. Integrated Iron and Steel Plants
- ii. Coke Oven plants
- iii. Sponge Iron Plants
- iv. Induction Furnace and Rolling Mills
- v. Pellet Plants
- vi. Aluminium Smelters
- vii. Aluminium Refineries
- viii. Asbestos Based Industries
- ix. Mineral benefaction plants
- x. Integrated cement plants
- xi. Standalone Cement Grinding Units with captive power plants
- xii. Standalone Cement Grinding Units without captive power plants

- xiii. Tanneries / Hide processing industries
- xiv. Paper and Pulp Industries
- xv. Open Cast Coal Mines
- xvi. Underground Coal Mines
- xvii. Coal Washeries
- xviii. Petroleum Refineries Industry, Petro Chemical Complexes and Petro Chemicals Products and Petro Chemical based processing.
- xix. Distilleries & Sugar
- xx. Pharmaceuticals and chemical industries
- xxi. Off-shore and On-shore oil and gas exploration, development and production
- xxii. Oil and gas transportation,
- xxiii. Isolated storage and handling of hazardous chemicals.
- xxiv. River Valley and Hydro-electric projects
- xxv. Industrial Estates

4.0 The standard EC conditions enclosed herewith shall be considered by Expert Appraisal Committee at the time of appraisal of the proposals. EAC after due diligence, can modify, delete and add conditions based on the project specific requirements. The recommended conditions by the EAC shall be brought in the minutes of the meeting of the Expert Appraisal Committee.

This issues with the approval of competent authority.

 (Sharath Kumar Pallerla)
 Director (IA-Policy)

To,

1. Chairman, CPCB
2. Chairmen of all the Expert Appraisal Committees
3. Chairperson/Member Secretaries of all the SEIAA/SEACs
4. Chairpersons/Member Secretaries of all SPCBs/UTPCCs
5. All the officers of IA Division

Copy for information to:

1. PS to Minister for Environment, Forest and Climate Change
2. PS to MoS (EF&CC)
3. PPS to Secretary (EF&CC)
4. PPS to AS(AKJ) / AS(AKM)
5. PPS to JS(GB) / JS(JT)
6. Website, MoEF&CC
7. Guard File.

ANNEXURE - I**Standard EC Conditions for Integrated Iron and Steel Plants****I. Statutory compliance:**

- i. The project proponent shall obtain forest clearance under the provisions of Forest (Conservation) Act, 1986, in case of the diversion of forest land for non-forest purpose involved in the project.
- ii. The project proponent shall obtain clearance from the National Board for Wildlife, if applicable.
- iii. The project proponent shall prepare a Site-Specific Conservation Plan & Wildlife Management Plan and approved by the Chief Wildlife Warden. The recommendations of the approved Site-Specific Conservation Plan / Wildlife Management Plan shall be implemented in consultation with the State Forest Department. The implementation report shall be furnished along with the six-monthly compliance report. (incase of the presence of schedule-I species in the study area)
- iv. The project proponent shall obtain Consent to Establish / Operate under the provisions of Air (Prevention & Control of Pollution) Act, 1981 and the Water (Prevention & Control of Pollution) Act, 1974 from the concerned State pollution Control Board/ Committee.
- v. The project proponent shall obtain the necessary permission from the Central Ground Water Authority, in case of drawl of ground water / from the competent authority concerned in case of drawl of surface water required for the project.
- vi. The project proponent shall obtain authorization under the Hazardous and other Waste Management Rules, 2016 as amended from time to time

II. Air quality monitoring and preservation

- i. The project proponent shall install 24x7 continuous emission monitoring system at process stacks to monitor stack emission with respect to standards prescribed in Environment (Protection) Rules 1986 vide G.S.R 277 (E) dated 31st March 2012(Integrated iron & Steel); G.S.R 414 (E) dated 30th May 2008 (Sponge Iron) as amended from time to time; S.O. 3305 (E) dated 7th December 2015 (Thermal Power Plants)as amended from time to time and connected to SPCB and CPCB online servers and calibrate these system from time to time according to equipment supplier specification through labs recognised under Environment (Protection) Act, 1986 or NABL accredited laboratories.
- ii. The project proponent shall monitor fugitive emissions in the plant premises at least once in every quarter through labs recognised under Environment (Protection) Act, 1986.
- iii. The project proponent shall install system to carryout Continuous Ambient Air Quality monitoring for common/criterion parameters relevant to the main pollutants

released (e.g. PM₁₀ and PM_{2.5} in reference to PM emission, and SO₂ and NO_x in reference to SO₂ and NO_x emissions) within and outside the plant area at least at four locations (one within and three outside the plant area at an angle of 120° each), covering upwind and downwind directions. (case to case basis small plants: Manual; Large plants: Continuous)

- iv. The cameras shall be installed at suitable locations for 24X7 recording of battery emissions on the both sides of coke oven batteries and videos shall be preserved for at least one-month recordings.
- v. Sampling facility at process stacks and at quenching towers shall be provided as per CPCB guidelines for manual monitoring of emissions.
- vi. The project proponent shall submit monthly summary report of continuous stack emission and air quality monitoring and results of manual stack monitoring and manual monitoring of air quality /fugitive emissions to Regional Office of MoEF&CC, Zonal office of CPCB and Regional Office of SPCB along with six-monthly monitoring report.
- vii. Appropriate Air Pollution Control (APC) system shall be provided for all the dust generating points including fugitive dust from all vulnerable sources, so as to comply prescribed stack emission and fugitive emission standards.
- viii. The project proponent shall provide leakage detection and mechanised bag cleaning facilities for better maintenance of bags.
- ix. Secondary emission control system shall be provided at SMS Converters.
- x. Pollution control system in the steel plant shall be provided as per the CREP Guidelines of CPCB.
- xi. Sufficient number of mobile or stationery vacuum cleaners shall be provided to clean plant roads, shop floors, roofs, regularly.
- xii. Recycle and reuse iron ore fines, coal and coke fines, lime fines and such other fines collected in the pollution control devices and vacuum cleaning devices in the process after briquetting/ agglomeration.
- xiii. The project proponent use leak proof trucks/dumpers carrying coal and other raw materials and cover them with tarpaulin.
- xiv. Facilities for spillage collection shall be provided for coal and coke on wharf of coke oven batteries (Chain conveyors, land based industrial vacuum cleaning facility).
- xv. Land-based APC system shall be installed to control coke pushing emissions.
- xvi. Monitor CO, HC and O₂ in flue gases of the coke oven battery to detect combustion efficiency and cross leakages in the combustion chamber.
- xvii. Vapour absorption system shall be provided in place of vapour compression system for cooling of coke oven gas in case of recovery type coke ovens.

- xviii. In case concentrated ammonia liquor is incinerated, adopt high temperature incineration to destroy Dioxins and Furans. Suitable NO_x control facility shall be provided to meet the prescribed standards.
- xix. The coke oven gas shall be subjected to desulphurization if the sulphur content in the coal exceeds 1%.
- xx. Wind shelter fence and chemical spraying shall be provided on the raw material stock piles.
- xxi. Design the ventilation system for adequate air changes as per ACGIH document for all tunnels, motor houses, Oil Cellars.
- xxii. The project proponent shall install Dry Gas Cleaning Plant with bag filter for Blast Furnace and SMS converter. *(to be decided on case to case basis depending on type and size of plant)*
- xxiii. Dry quenching (CDQ) system shall be installed along with power generation facility from waste heat recovery from hot coke

III. Water quality monitoring and preservation

- i. The project proponent shall install 24x7 continuous effluent monitoring system with respect to standards prescribed in Environment (Protection) Rules 1986 vide G.S.R 277 (E) dated 31st March 2012 (Integrated iron & Steel); G.S.R 414 (E) dated 30th May 2008 (Sponge Iron) as amended from time to time; S.O. 3305 (E) dated 7th December 2015 (Thermal Power Plants) as amended from time to time and connected to SPCB and CPCB online servers and calibrate these system from time to time according to equipment supplier specification through labs recognised under Environment (Protection) Act, 1986 or NABL accredited laboratories. (case to case basis small plants: Manual; Large plants: Continuous)
- ii. The project proponent shall monitor regularly ground water quality at least twice a year (pre and post monsoon) at sufficient numbers of piezometers/sampling wells in the plant and adjacent areas through labs recognised under Environment (Protection) Act, 1986 and NABL accredited laboratories.
- iii. The project proponent shall submit monthly summary report of continuous effluent monitoring and results of manual effluent testing and manual monitoring of ground water quality to Regional Office of MoEF&CC, Zonal office of CPCB and Regional Office of SPCB along with six-monthly monitoring report.
- iv. The project proponent shall provide the ETP for coke oven and by-product to meet the standards prescribed in G.S.R 277 (E) dated 31st March 2012 (Integrated iron & Steel); G.S.R 414 (E) dated 30th May 2008 (Sponge Iron) as amended from time to time; S.O. 3305 (E) dated 7th December 2015 (Thermal Power Plants) as amended from time to time as amended from time to time;
- v. Adhere to 'Zero Liquid Discharge'
- vi. Sewage Treatment Plant shall be provided for treatment of domestic wastewater to meet the prescribed standards.

- vii. Garland drains and collection pits shall be provided for each stock pile to arrest the run-off in the event of heavy rains and to check the water pollution due to surface run off.
- viii. Tyre washing facilities shall be provided at the entrance of the plant gates
- ix. CO₂ injection shall be provided in GCP of SMS to reduce pH in circulating water to ensure optimal recycling of treated water for converter gas cleaning.
- x. The project proponent shall practice rainwater harvesting to maximum possible extent.
- xi. Treated water from ETP of COBP shall not be used for coke quenching.
- xii. Water meters shall be provided at the inlet to all unit processes in the steel plants.
- xiii. The project proponent shall make efforts to minimise water consumption in the steel plant complex by segregation of used water, practicing cascade use and by recycling treated water.

IV. Noise monitoring and prevention

- i. Noise level survey shall be carried as per the prescribed guidelines and report in this regard shall be submitted to Regional Officer of the Ministry as a part of six-monthly compliance report.
- ii. The ambient noise levels should conform to the standards prescribed under E(P)A Rules, 1986 viz. 75 dB(A) during day time and 70 dB(A) during night time

V. Energy Conservation measures

- i. The project proponent shall provide TRTs to recover energy from top gases of Blast Furnaces.
- ii. Coke Dry Quenching (CDQ) shall be provided for coke quenching for both recovery and non-recovery type coke ovens;
- iii. Waste heat shall be recovered from Sinter Plants coolers and Sinter Machines.
- iv. Use torpedo ladle for hot metal transfer as far as possible. If ladles not used, provide covers for open top ladles.
- v. Use hot charging of slabs and billets/blooms as far as possible.
- vi. Waste heat recovery systems shall be provided in all units where the flue gas or process gas exceeds 300°C.
- vii. Explore feasibility to install WHRS at Waste Gases from BF stoves; Sinter Machine; Sinter Cooler, and all reheating furnaces and if feasible shall be installed.
- viii. Restrict Gas flaring to < 1%.

- ix. Provide solar power generation on roof tops of buildings, for solar light system for all common areas, street lights, parking around project area and maintain the same regularly;
- x. Provide LED lights in their offices and residential areas.
- xi. Ensure installation of regenerative type burners on all reheating furnaces.

VI. Waste management

- i. An attrition grinding unit to improve the bulk density of BF granulated slag from 1.0 to 1.5 Kg/l shall be installed to use slag as river sand in construction industry.
- ii. In case of Non-Recovery coke ovens, the gas main carrying hot flue gases to the boiler, shall be insulated to conserve heat and to maximise heat recovery.
- iii. Tar Sludge and waste oil shall be blended with coal charged in coke ovens (applicable only to recovery type coke ovens).
- iv. Carbon recovery plant to recover the elemental carbon present in GCP slurries for use in Sinter plant shall be installed.
- v. Waste recycling Plant shall be installed to recover scrap, metallic and flux for recycling to sinter plant and SMS.
- vi. Used refractories shall be recycled as far as possible.
- vii. SMS slag after metal recovery in waste recycling facility shall be conditioned and used for road making, railway track ballast and other applications. The project proponent shall install a waste recycling facility to recover metallic and flux for recycle to sinter plant. The project proponent shall establish linkage for 100% reuse of rejects from Waste Recycling Plant.
- viii. 100% utilization of fly ash shall be ensured. All the fly ash shall be provided to cement and brick manufacturers for further utilization and Memorandum of Understanding in this regard shall be submitted to the Ministry's Regional Office.
- ix. Oil Collection pits shall be provided in oil cellars to collect and reuse/recycle spilled oil. Oil collection trays shall be provided under coils on saddles in cold rolled coil storage area.
- x. The waste oil, grease and other hazardous waste like acidic sludge from pickling, galvanising, chrome plating mills etc. shall be disposed of as per the Hazardous & Other waste (Management & Transboundary Movement) Rules, 2016. Coal tar sludge / decanter shall be recycled to coke ovens
- xi. Kitchen waste shall be composted or converted to biogas for further use.*(to be decided on case to case basis depending on type and size of plant)*

VII. Green Belt

- i. Green belt shall be developed in an area equal to 33% of the plant area with a native tree species in accordance with CPCB guidelines. The greenbelt shall inter alia cover the entire periphery of the plant
- ii. The project proponent shall prepare GHG emissions inventory for the plant and shall submit the programme for reduction of the same including carbon sequestration including plantation.

VIII. Public hearing and Human health issues

- i. Emergency preparedness plan based on the Hazard identification and Risk Assessment (HIRA) and Disaster Management Plan shall be implemented.
- ii. The project proponent shall carry out heat stress analysis for the workmen who work in high temperature work zone and provide Personal Protection Equipment (PPE) as per the norms of Factory Act.
- iii. Provision shall be made for the housing of construction labour within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, crèche etc. The housing may be in the form of temporary structures to be removed after the completion of the project.
- iv. Occupational health surveillance of the workers shall be done on a regular basis and records maintained as per the Factories Act.

IX. Corporate Environment Responsibility

- i. The project proponent shall comply with the provisions contained in this Ministry's OM vide F.No. 22-65/2017-IA.III dated 1st May 2018, as applicable, regarding Corporate Environment Responsibility.
- ii. The company shall have a well laid down environmental policy duly approved by the Board of Directors. The environmental policy should prescribe for standard operating procedures to have proper checks and balances and to bring into focus any infringements/deviation/violation of the environmental / forest / wildlife norms / conditions. The company shall have defined system of reporting infringements / deviation / violation of the environmental / forest / wildlife norms / conditions and / or shareholders / stake holders. The copy of the board resolution in this regard shall be submitted to the MoEF&CC as a part of six-monthly report.
- iii. A separate Environmental Cell both at the project and company head quarter level, with qualified personnel shall be set up under the control of senior Executive, who will directly report to the head of the organization.
- iv. Action plan for implementing EMP and environmental conditions along with responsibility matrix of the company shall be prepared and shall be duly approved by competent authority. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Year wise progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six Monthly Compliance Report.

- v. Self environmental audit shall be conducted annually. Every three years third party environmental audit shall be carried out.
- vi. All the recommendations made in the Charter on Corporate Responsibility for Environment Protection (CREP) for the Iron and Steel plants shall be implemented.

X. Miscellaneous

- i. The project proponent shall make public the environmental clearance granted for their project along with the environmental conditions and safeguards at their cost by prominently advertising it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days and in addition this shall also be displayed in the project proponent's website permanently.
- ii. The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn has to display the same for 30 days from the date of receipt.
- iii. The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and update the same on half-yearly basis.
- iv. The project proponent shall monitor the criteria pollutants level namely; PM₁₀, SO₂, NO_x (ambient levels as well as stack emissions) or critical sectoral parameters, indicated for the projects and display the same at a convenient location for disclosure to the public and put on the website of the company.
- v. The project proponent shall submit six-monthly reports on the status of the compliance of the stipulated environmental conditions on the website of the ministry of Environment, Forest and Climate Change at environment clearance portal.
- vi. The project proponent shall submit the environmental statement for each financial year in Form-V to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently and put on the website of the company.
- vii. The project proponent shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities, commencing the land development work and start of production operation by the project.
- vii. The project authorities must strictly adhere to the stipulations made by the State Pollution Control Board and the State Government.
- viii. The project proponent shall abide by all the commitments and recommendations made in the EIA/EMP report, commitment made during Public Hearing and also that during their presentation to the Expert Appraisal Committee.
- viii. No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment, Forests and Climate Change (MoEF&CC).

- ix. Concealing factual data or submission of false/fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.
- x. The Ministry may revoke or suspend the clearance, if implementation of any of the above conditions is not satisfactory.
- xi. The Ministry reserves the right to stipulate additional conditions if found necessary. The Company in a time bound manner shall implement these conditions.
- xii. The Regional Office of this Ministry shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (s) of the Regional Office by furnishing the requisite data / information/monitoring reports.
- xiii. The above conditions shall be enforced, inter-alia under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and Rules and any other orders passed by the Hon'ble Supreme Court of India / High Courts and any other Court of Law relating to the subject matter.
- xiv. Any appeal against this EC shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

ANNEXURE - II**Standard EC Conditions for Coke Oven Plants****I. Statutory compliance:**

- i. The project proponent shall obtain forest clearance under the provisions of Forest (Conservation) Act, 1986, in case of the diversion of forest land for non-forest purpose involved in the project.
- ii. The project proponent shall obtain clearance from the National Board for Wildlife, if applicable.
- iii. The project proponent shall prepare a Site-Specific Conservation Plan & Wildlife Management Plan and approved by the Chief Wildlife Warden. The recommendations of the approved Site-Specific Conservation Plan / Wildlife Management Plan shall be implemented in consultation with the State Forest Department. The implementation report shall be furnished along with the six-monthly compliance report. (incase of the presence of schedule-I species in the study area)
- iv. The project proponent shall obtain Consent to Establish / Operate under the provisions of Air (Prevention & Control of Pollution) Act, 1981 and the Water (Prevention & Control of Pollution) Act, 1974 from the concerned State pollution Control Board/ Committee.
- v. The project proponent shall obtain the necessary permission from the Central Ground Water Authority, in case of drawl of ground water / from the competent authority concerned in case of drawl of surface water required for the project.
- vi. The project proponent shall obtain authorization under the Hazardous and other Waste Management Rules, 2016 as amended from time to time.

II. Air quality monitoring and preservation

- i. The project proponent shall install 24x7 continuous emission monitoring system at process stacks to monitor stack emission with respect to standards prescribed in Environment (Protection) Rules 1986 (G.S.R 277 (E) dated 31st March 2012(applicable to Coke oven)as amended from time to time) and connected to SPCB and CPCB online servers and calibrate these system from time to time according to equipment supplier specifications through laboratories recognised under Environment (Protection) Act, 1986 and NABL accredited laboratories.
- ii. The project proponent shall monitor fugitive emissions in the plant premises at least once in every quarter through labs recognised under Environment (Protection) Act, 1986.
- iii. The project proponent shall install system carryout to Continuous Ambient Air Quality monitoring for common/criterion parameters relevant to the main pollutants released (e.g. PM₁₀ and PM_{2.5} in reference to PM emission, and SO₂ and NO_x in reference to SO₂ and NO_x emissions) within and outside the plant area at least at four

locations (one within and three outside the plant area at an angle of 120° each), covering upwind and downwind directions. (case to case basis small plants: Manual; Large plants: Continuous)

- iv. The cameras shall be installed at suitable locations for 24X7 recording of battery emissions on the both sides of coke oven batteries and videos shall be preserved for at least one-month recordings.
- v. Sampling facility at process stacks and at quenching towers shall be provided as per CPCB guidelines for manual monitoring of emissions.
- vi. The project proponent shall submit monthly summary report of continuous stack emission and air quality monitoring and results of manual stack monitoring and manual monitoring of air quality /fugitive emissions to Regional Office of MoEF&CC, Zonal office of CPCB and Regional Office of SPCB along with six-monthly monitoring report.
- vii. Appropriate Air Pollution Control (APC) system shall be provided for all the dust generating points including fugitive dust from all vulnerable sources, so as to comply prescribed stack emission and fugitive emission standards.
- viii. The project proponent shall provide leakage detection and mechanised bag cleaning facilities for better maintenance of bags.
- ix. Secondary emission control system shall be provided at SMS Converters.
- x. Pollution control system in the steel plant shall be provided as per the CREP Guidelines of CPCB.
- xi. Sufficient number of mobile or stationery vacuum cleaners shall be provided to clean plant roads, shop floors, roofs, regularly.
- xii. Recycle and reuse iron ore fines, coal and coke fines, lime fines and such other fines collected in the pollution control devices and vacuum cleaning devices in the process after briquetting/ agglomeration.
- xiii. The project proponent use leak proof trucks/dumpers carrying coal and other raw materials and cover them with tarpaulin.
- xiv. Facilities for spillage collection shall be provided for coal and coke on wharf of coke oven batteries (Chain conveyors, land based industrial vacuum cleaning facility).
- xv. Land-based APC system shall be installed to control coke pushing emissions.
- xvi. Monitor CO, HC and O₂ in flue gases of the coke oven battery to detect combustion efficiency and cross leakages in the combustion chamber.
- xvii. Vapour absorption system shall be provided in place of vapour compression system for cooling of coke oven gas in case of recovery type coke ovens.

- xviii. In case concentrated ammonia liquor is incinerated, adopt high temperature incineration to destroy Dioxins and Furans. Suitable NO_x control facility shall be provided to meet the prescribed standards.
- xix. The coke oven gas shall be subjected to desulphurization if the sulphur content in the coal exceeds 1%.
- xx. Wind shelter fence and chemical spraying shall be provided on the raw material stock piles.
- xxi. Design the ventilation system for adequate air changes as per ACGIH document for all tunnels, motor houses, Oil Cellars.
- xxii. The project proponent shall install Dry Gas Cleaning Plant with bag filter for Blast Furnace and SMS converter. (to be decided on case to case basis depending on type and size of plant)
- xxiii. Dry quenching (CDQ) system shall be installed along with power generation facility from waste heat recovery from hot coke.

III. Water quality monitoring and preservation

- i. The project proponent shall install 24x7 continuous effluent monitoring system with respect to standards prescribed in Environment (Protection) Rules 1986 vide G.S.R 277 (E) dated 31st March 2012 (Integrated iron & Steel); G.S.R 414 (E) dated 30th May 2008 (Sponge Iron) as amended from time to time; S.O. 3305 (E) dated 7th December 2015 (Thermal Power Plants) as amended from time to time and connected to SPCB and CPCB online servers and calibrate these system from time to time according to equipment supplier specification through labs recognised under Environment (Protection) Act, 1986 or NABL accredited laboratories. (case to case basis small plants: Manual; Large plants: Continuous)
- ii. The project proponent shall monitor regularly ground water quality at least twice a year (pre and post monsoon) at sufficient numbers of piezometers/sampling wells in the plant and adjacent areas through labs recognised under Environment (Protection) Act, 1986 and NABL accredited laboratories.
- iii. The project proponent shall submit monthly summary report of continuous effluent monitoring and results of manual effluent testing and manual monitoring of ground water quality to Regional Office of MoEF&CC, Zonal office of CPCB and Regional Office of SPCB along with six-monthly monitoring report.
- iv. The project proponent shall provide appropriate ETP for effluents discharged from coke oven and by-product to meet the standards prescribed in G.S.R 277 (E) 31st March 2012 (applicable to Coke oven plants) as amended from time to time.
- v. Adhere to 'Zero Liquid Discharge'.
- vi. Sewage Treatment Plant shall be provided for treatment of domestic wastewater to meet the prescribed standards.

- vii. Garland drains and collection pits shall be provided for each stock pile to arrest the run-off in the event of heavy rains and to check the water pollution due to surface run off
- viii. The project proponent shall practice rainwater harvesting to maximum possible extent.
- ix. Treated water from ETP of COBP shall not be used for coke quenching.
- x. Water meters shall be provided at the inlet to all unit processes in the steel plants.
- xi. The project proponent shall make efforts to minimise water consumption in the steel plant complex by segregation of used water, practicing cascade use and by recycling treated water.

IV. Noise monitoring and prevention

- i. Noise level survey shall be carried as per the prescribed guidelines and report in this regard shall be submitted to Regional Officer of the Ministry as a part of six-monthly compliance report
- ii. The ambient noise levels should conform to the standards prescribed under E(P)A Rules, 1986 viz. 75 dB(A) during day time and 70 dB(A) during night time

V. Energy Conservation measures

- i. The project proponent shall provide TRTs to recover energy from top gases of Blast Furnaces.
- ii. Coke Dry Quenching (CDQ) shall be provided for coke quenching for both recovery and non-recovery type coke ovens.
- iii. Waste heat shall be recovered from Sinter Plants coolers and Sinter Machines.
- iv. Use torpedo ladle for hot metal transfer as far as possible. If ladles not used, provide covers for open top ladles.
- v. Use hot charging of slabs and billets/blooms as far as possible.
- vi. Waste heat recovery systems shall be provided in all units where the flue gas or process gas exceeds 300°C.
 - i. Explore feasibility to install WHRS at Waste Gases from BF stoves; Sinter Machine; Sinter Cooler, and all reheating furnaces and if feasible shall be installed.
 - ii. Restrict Gas flaring to < 1%.
 - iii. Provide solar power generation on roof tops of buildings, for solar light system for all common areas, street lights, parking around project area and maintain the same regularly.
 - iv. Provide LED lights in their offices and residential areas.

- vii. Ensure installation of regenerative type burners on all reheating furnaces.

VI. Waste management

- i. An attrition grinding unit to improve the bulk density of BF granulated slag from 1.0 to 1.5 Kg/l shall be installed to use slag as river sand in construction industry.
- ii. In case of Non-Recovery coke ovens, the gas main carrying hot flue gases to the boiler, shall be insulated to conserve heat and to maximise heat recovery.
- iii. Tar Sludge and waste oil shall be blended with coal charged in coke ovens (applicable only to recovery type coke ovens).
- iv. Carbon recovery plant to recover the elemental carbon present in GCP slurries for use in Sinter plant shall be installed.
- v. Waste recycling Plant shall be installed to recover scrap, metallic and flux for recycling to sinter plant and SMS.
- vi. Used refractories shall be recycled as far as possible.
- vii. SMS slag after metal recovery in waste recycling facility shall be conditioned and used for road making, railway track ballast and other applications. The project proponent shall install a waste recycling facility to recover metallic and flux for recycle to sinter plant. The project proponent shall establish linkage for 100% reuse of rejects from Waste Recycling Plant.
- viii. 100% utilization of fly ash shall be ensured. All the fly ash shall be provided to cement and brick manufacturers for further utilization and Memorandum of Understanding in this regard shall be submitted to the Ministry's Regional Office.
- ix. Oil Collection pits shall be provided in oil cellars to collect and reuse/recycle spilled oil. Oil collection trays shall be provided under coils on saddles in cold rolled coil storage area.
- x. The waste oil, grease and other hazardous waste like acidic sludge from pickling, galvanising, chrome plating mills etc. shall be disposed of as per the Hazardous & Other waste (Management & Transboundary Movement) Rules, 2016. Coal tar sludge / decanter shall be recycled to coke ovens.
- xi. Kitchen waste shall be composted or converted to biogas for further use.*(to be decided on case to case basis depending on type and size of plant)*

VII. Green Belt

- i. Green belt shall be developed in an area equal to 33% of the plant area with a native tree species in accordance with CPCB guidelines. The greenbelt shall inter alia cover the entire periphery of the plant
- ii. The project proponent shall prepare GHG emissions inventory for the plant and shall submit the programme for reduction of the same including carbon sequestration including plantation.

VIII. Public hearing and Human health issues

- i. Emergency preparedness plan based on the Hazard identification and Risk Assessment (HIRA) and Disaster Management Plan shall be implemented.
- ii. The project proponent shall carry out heat stress analysis for the workmen who work in high temperature work zone and provide Personal Protection Equipment (PPE) as per the norms of Factory Act.
- iii. Provision shall be made for the housing of construction labour within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, crèche etc. The housing may be in the form of temporary structures to be removed after the completion of the project.
- iv. Occupational health surveillance of the workers shall be done on a regular basis and records maintained as per the Factories Act.

IX. Corporate Environment Responsibility

- i. The project proponent shall comply with the provisions contained in this Ministry's OM vide F.No. 22-65/2017-IA.III dated 1st May 2018, as applicable, regarding Corporate Environment Responsibility.
- ii. The company shall have a well laid down environmental policy duly approve by the Board of Directors. The environmental policy should prescribe for standard operating procedures to have proper checks and balances and to bring into focus any infringements/deviation/violation of the environmental / forest / wildlife norms / conditions. The company shall have defined system of reporting infringements / deviation / violation of the environmental / forest / wildlife norms / conditions and / or shareholders / stake holders. The copy of the board resolution in this regard shall be submitted to the MoEF&CC as a part of six-monthly report.
- iii. A separate Environmental Cell both at the project and company head quarter level, with qualified personnel shall be set up under the control of senior Executive, who will directly to the head of the organization.
- iv. Action plan for implementing EMP and environmental conditions along with responsibility matrix of the company shall be prepared and shall be duly approved by competent authority. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Year wise progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six Monthly Compliance Report.
- v. Self environmental audit shall be conducted annually. Every three years third party environmental audit shall be carried out.
- vi. All the recommendations made in the Charter on Corporate Responsibility for Environment Protection (CREP) for the Coke Oven plants shall be implemented.

X. Miscellaneous

- i. The project proponent shall make public the environmental clearance granted for their project along with the environmental conditions and safeguards at their cost by prominently advertising it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days and in addition this shall also be displayed in the project proponent's website permanently.
- ii. The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn has to display the same for 30 days from the date of receipt.
- iii. The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and update the same on half-yearly basis.
- iv. The project proponent shall monitor the criteria pollutants level namely; PM₁₀, SO₂, NO_x (ambient levels as well as stack emissions) or critical sectoral parameters, indicated for the projects and display the same at a convenient location for disclosure to the public and put on the website of the company.
- v. The project proponent shall submit six-monthly reports on the status of the compliance of the stipulated environmental conditions on the website of the ministry of Environment, Forest and Climate Change at environment clearance portal.
- vi. The project proponent shall submit the environmental statement for each financial year in Form-V to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently and put on the website of the company.
- vii. The project proponent shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities, commencing the land development work and start of production operation by the project.
 - i. The project authorities must strictly adhere to the stipulations made by the State Pollution Control Board and the State Government.
 - ii. The project proponent shall abide by all the commitments and recommendations made in the EIA/EMP report, commitment made during Public Hearing and also that during their presentation to the Expert Appraisal Committee.
- viii. No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment, Forests and Climate Change (MoEF&CC).
- ix. Concealing factual data or submission of false/fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.
- x. The Ministry may revoke or suspend the clearance, if implementation of any of the above conditions is not satisfactory.

- xi. The Ministry reserves the right to stipulate additional conditions if found necessary. The Company in a time bound manner shall implement these conditions.
- xii. The Regional Office of this Ministry shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (s) of the Regional Office by furnishing the requisite data / information/monitoring reports.
- xiii. The above conditions shall be enforced, inter-alia under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and Rules and any other orders passed by the Hon'ble Supreme Court of India / High Courts and any other Court of Law relating to the subject matter.
- xiv. Any appeal against this EC shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

ANNEXURE - III**Standard EC Conditions for Sponge Iron (DRI) Plants:****I. Statutory compliance:**

- i. The project proponent shall obtain forest clearance under the provisions of Forest (Conservation) Act, 1986, in case of the diversion of forest land for non-forest purpose involved in the project.
- ii. The project proponent shall obtain clearance from the National Board for Wildlife, if applicable.
- iii. The project proponent shall prepare a Site-Specific Conservation Plan & Wildlife Management Plan and approved by the Chief Wildlife Warden. The recommendations of the approved Site-Specific Conservation Plan / Wildlife Management Plan shall be implemented in consultation with the State Forest Department. The implementation report shall be furnished along with the six-monthly compliance report. (incase of the presence of schedule-I species in the study area)
- iv. The project proponent shall obtain Consent to Establish / Operate under the provisions of Air (Prevention & Control of Pollution) Act, 1981 and the Water (Prevention & Control of Pollution) Act, 1974 from the concerned State pollution Control Board/ Committee.
- v. The project proponent shall obtain the necessary permission from the Central Ground Water Authority, in case of drawl of ground water / from the competent authority concerned in case of drawl of surface water required for the project.
- vi. The project proponent shall obtain authorization under the Hazardous and other Waste Management Rules, 2016 as amended from time to time.

II. Air quality monitoring and preservation

- i. The project proponent shall install 24x7 continuous emission monitoring system at process stacks to monitor stack emission with respect to standards prescribed in Environment (Protection) Rules 1986 (G.S.R 414 (E) dated 30th May 2008 as amended from time to time; S.O. 3305 (E) dated 7th December 2015 (Thermal Power Plants)as amended from time to time)and connected to SPCB and CPCB online servers and calibrate these system from time to time according to equipment supplier specification through labs recognised under Environment (Protection) Act, 1986 or NABL accredited laboratories.
- ii. The project proponent shall monitor fugitive emissions in the plant premises at least once in every quarter through laboratories recognised under Environment (Protection) Act, 1986 or NABL accredited laboratories.
- iii. The project proponent shall install system carryout Continuous Ambient Air Quality monitoring for common/criterion parameters relevant to the main pollutants released (e.g. PM₁₀ and PM_{2.5} in reference to PM emission, and SO₂ and NO_x in reference to

SO₂ and NO_x emissions) within and outside the plant area (at least at four locations one within and three outside the plant area at an angle of 120° each), covering upwind and downwind directions. (case to case basis small plants: Manual; Large plants: Continuous)

- iv. The project proponent shall submit monthly summary report of continuous stack emission and air quality monitoring and results of manual stack monitoring and manual monitoring of air quality / fugitive emissions to Regional Office of MoEF&CC, Zonal office of CPCB and Regional Office of SPCB along with six-monthly monitoring report.
- v. Appropriate Air Pollution Control (APC) system shall be provided for all the dust generating points including fugitive dust from all vulnerable sources, so as to comply prescribed stack emission and fugitive emission standards.
- vi. The project proponent shall provide leakage detection and mechanised bag cleaning facilities for better maintenance of bags.
- vii. Provide pollution control system in the sponge iron plant as per the CREP Guidelines of CPCB.
- viii. Sufficient number of mobile or stationery vacuum cleaners shall be provided to clean plant roads, shop floors, roofs, regularly.
- ix. Recycle and reuse iron ore fines, coal and coke fines, lime fines and such other fines collected in the pollution control devices and vacuum cleaning devices in the process after briquetting/ agglomeration.
- x. The project proponent shall ensure covered transportation and conveying of ore, coal and other raw material to prevent spillage and dust generation;
- xi. Wind shelter fence and chemical spraying shall be provided on the raw material stock piles.

III. Water quality monitoring and preservation

- i. The project proponent shall install 24x7 continuous effluent monitoring system with respect to standards prescribed in Environment (Protection) Rules 1986 (G.S.R 414 (E) dated 30th May 2008; S.O. 3305 (E) dated 7th December 2015 (Thermal Power Plants) as amended from time to time and connected to SPCB and CPCB online servers and calibrate these system from time to time according to equipment supplier specification through labs recognised under Environment (Protection) Act, 1986 or NABL accredited laboratories. (case to case basis small plants: Manual; Large plants: Continuous)
- ii. The project proponent shall monitor regularly ground water quality at least twice a year (pre and post monsoon) at sufficient numbers of piezometers/sampling wells in the plant and adjacent areas through labs recognised under Environment (Protection) Act, 1986 and NABL accredited laboratories.
- iii. The project proponent shall submit monthly summary report of continuous effluent monitoring and results of manual effluent testing and manual monitoring of ground

water quality to Regional Office of MoEF&CC, Zonal office of CPCB and Regional Office of SPCB along with six-monthly monitoring report.

- iv. Adhere to 'Zero Liquid Discharge'.
- v. Sewage Treatment Plant shall be provided for treatment of domestic wastewater to meet the prescribed standards.
- vi. Garland drains and collection pits shall be provided for each stock pile to arrest the run-off in the event of heavy rains and to check the water pollution due to surface run off.
- vii. The project proponent shall practice rainwater harvesting to maximum possible extent.
- viii. The project proponent shall make efforts to minimise water consumption in the steel plant complex by segregation of used water, practicing cascade use and by recycling treated water.

IV. Noise monitoring and prevention

- i. Noise level survey shall be carried as per the prescribed guidelines and report in this regard shall be submitted to Regional Officer of the Ministry as a part of six-monthly compliance report
- ii. The ambient noise levels should conform to the standards prescribed under E(P)A Rules, 1986 viz. 75 dB(A) during day time and 70 dB(A) during night time

V. Energy Conservation measures

- i. The project proponent shall provide waste heat recovery system on the DRI Kilns.
- ii. The dolochar generated shall be used for power generation.
- iii. Provide solar power generation on roof tops of buildings, for solar light system for all common areas, street lights, parking around project area and maintain the same regularly.
- iv. Provide LED lights in their offices and residential areas.

VI. Waste management

- i. Used refractories shall be recycled as far as possible.
- ii. 100% utilization of fly ash shall be ensured. All the fly ash shall be provided to cement and brick manufacturers for further utilization and Memorandum of Understanding in this regard shall be submitted to the Ministry's Regional Office.
- iii. The waste oil, grease and other hazardous waste shall be disposed of as per the Hazardous & Other waste (Management & Transboundary Movement) Rules, 2016

- iv. Kitchen waste shall be composted or converted to biogas for further use.*(to be decided on case to case basis depending on type and size of plant)*

VII. Green Belt

- i. Green belt shall be developed in an area equal to 33% of the plant area with a native tree species in accordance with CPCB guidelines. The greenbelt shall inter alia cover the entire periphery of the plant
- ii. The project proponent shall prepare GHG emissions inventory for the plant and shall submit the programme for reduction of the same including carbon sequestration including plantation.

VIII. Public hearing and Human health issues

- i. Emergency preparedness plan based on the Hazard identification and Risk Assessment (HIRA) and Disaster Management Plan shall be implemented.
- ii. The project proponent shall carry out heat stress analysis for the workmen who work in high temperature work zone and provide Personal Protection Equipment (PPE) as per the norms of Factory Act.
- iii. Provision shall be made for the housing of construction labour within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, crèche etc. The housing may be in the form of temporary structures to be removed after the completion of the project.
- iv. Occupational health surveillance of the workers shall be done on a regular basis and records maintained as per the Factories Act.

IX. Corporate Environment Responsibility

- i. The project proponent shall comply with the provisions contained in this Ministry's OM vide F.No. 22-65/2017-IA.III dated 1st May 2018, as applicable, regarding Corporate Environment Responsibility.
- ii. The company shall have a well laid down environmental policy duly approve by the Board of Directors. The environmental policy should prescribe for standard operating procedures to have proper checks and balances and to bring into focus any infringements/deviation/violation of the environmental / forest / wildlife norms / conditions. The company shall have defined system of reporting infringements / deviation / violation of the environmental / forest / wildlife norms / conditions and / or shareholders / stake holders. The copy of the board resolution in this regard shall be submitted to the MoEF&CC as a part of six-monthly report.
- iii. A separate Environmental Cell both at the project and company head quarter level, with qualified personnel shall be set up under the control of senior Executive, who will directly to the head of the organization.
- i. Action plan for implementing EMP and environmental conditions along with responsibility matrix of the company shall be prepared and shall be duly approved by competent authority. The year wise funds earmarked for environmental protection

measures shall be kept in separate account and not to be diverted for any other purpose. Year wise progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six Monthly Compliance Report.

- iv. Self environmental audit shall be conducted annually. Every three years third party environmental audit shall be carried out.
- v. All the recommendations made in the Charter on Corporate Responsibility for Environment Protection (CREP) for the Sponge Iron plants shall be implemented.

X. Miscellaneous

- i. The project proponent shall make public the environmental clearance granted for their project along with the environmental conditions and safeguards at their cost by prominently advertising it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days and in addition this shall also be displayed in the project proponent's website permanently.
- ii. The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn has to display the same for 30 days from the date of receipt.
- iii. The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and update the same on half-yearly basis.
- iv. The project proponent shall monitor the criteria pollutants level namely; PM₁₀, SO₂, NO_x (ambient levels as well as stack emissions) or critical sectoral parameters, indicated for the projects and display the same at a convenient location for disclosure to the public and put on the website of the company.
- v. The project proponent shall submit six-monthly reports on the status of the compliance of the stipulated environmental conditions on the website of the ministry of Environment, Forest and Climate Change at environment clearance portal.
- vi. The project proponent shall submit the environmental statement for each financial year in Form-V to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently and put on the website of the company.
- vii. The project proponent shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities, commencing the land development work and start of production operation by the project.
 - i. The project authorities must strictly adhere to the stipulations made by the State Pollution Control Board and the State Government.
 - ii. The project proponent shall abide by all the commitments and recommendations made in the EIA/EMP report, commitment made during Public Hearing and also that during their presentation to the Expert Appraisal Committee.

- viii. No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment, Forests and Climate Change (MoEF&CC).
- ix. Concealing factual data or submission of false/fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.
- x. The Ministry may revoke or suspend the clearance, if implementation of any of the above conditions is not satisfactory.
- xi. The Ministry reserves the right to stipulate additional conditions if found necessary. The Company in a time bound manner shall implement these conditions.
- xii. The Regional Office of this Ministry shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (s) of the Regional Office by furnishing the requisite data / information/monitoring reports.
- xiii. The above conditions shall be enforced, inter-alia under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and Rules and any other orders passed by the Hon'ble Supreme Court of India / High Courts and any other Court of Law relating to the subject matter.
- xiv. Any appeal against this EC shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

ANNEXURE - IV**Standard EC Conditions for Induction/ Electric Arc Furnace & Rolling Mills****I. Statutory compliance:**

- i. The project proponent shall obtain forest clearance under the provisions of Forest (Conservation) Act, 1986, in case of the diversion of forest land for non-forest purpose involved in the project.
- ii. The project proponent shall obtain clearance from the National Board for Wildlife, if applicable.
- iii. The project proponent shall prepare a Site-Specific Conservation Plan & Wildlife Management Plan and approved by the Chief Wildlife Warden. The recommendations of the approved Site-Specific Conservation Plan / Wildlife Management Plan shall be implemented in consultation with the State Forest Department. The implementation report shall be furnished along with the six-monthly compliance report. (incase of the presence of schedule-I species in the study area)
- iv. The project proponent shall obtain Consent to Establish / Operate under the provisions of Air (Prevention & Control of Pollution) Act, 1981 and the Water (Prevention & Control of Pollution) Act, 1974 from the concerned State pollution Control Board/ Committee.
- v. The project proponent shall obtain the necessary permission from the Central Ground Water Authority, in case of drawl of ground water / from the competent authority concerned in case of drawl of surface water required for the project.
- vi. The project proponent shall obtain authorization under the Hazardous and other Waste Management Rules, 2016 as amended from time to time.

II. Air quality monitoring and preservation

- i. The project proponent shall install 24x7 continuous emission monitoring system at process stacks to monitor stack emission with respect to standards prescribed in Environment (Protection) Rules 1986 vide G.S.R 277 (E) dated 31st March 2012 (applicable to IF/EAF) as amended from time to time; S.O. 3305 (E) dated 7th December 2015(Thermal Power Plants) as amended from time to time) and connected to SPCB and CPCB online servers and calibrate these system from time to time according to equipment supplier specification through labs recognised under Environment (Protection) Act, 1986 or NABL accredited laboratories.
- ii. The project proponent shall monitor fugitive emissions in the plant premises at least once in every quarter through laboratories recognised under Environment (Protection) Act, 1986 or NABL accredited laboratories.
- iii. The project proponent shall install system carryout Continuous Ambient Air Quality monitoring for common/criterion parameters relevant to the main pollutants released

(e.g. PM₁₀ and PM_{2.5} in reference to PM emission, and SO₂ and NO_x in reference to SO₂ and NO_x emissions) within and outside the plant area (at least at four locations one within and three outside the plant area at an angle of 120° each), covering upwind and downwind directions. (case to case basis small plants: Manual; Large plants: Continuous)

- iv. The project proponent shall submit monthly summary report of continuous stack emission and air quality monitoring and results of manual stack monitoring and manual monitoring of air quality / fugitive emissions to Regional Office of MoEF&CC, Zonal office of CPCB and Regional Office of SPCB along with six-monthly monitoring report.
- v. Appropriate Air Pollution Control (APC) system shall be provided for all the dust generating points including fugitive dust from all vulnerable sources.
- vi. The project proponent shall provide leakage detection and mechanised bag cleaning facilities for better maintenance of bags.
- vii. Sufficient number of mobile or stationery vacuum cleaners shall be provided to clean plant roads, shop floors, roofs, regularly.
- viii. Recycle and reuse iron ore fines, coal and coke fines, lime fines and such other fines collected in the pollution control devices and vacuum cleaning devices in the process after briquetting/ agglomeration.
- ix. The project proponent shall use leak proof trucks/dumpers carrying coal and other raw materials and cover them with tarpaulin.
- x. The project proponent shall provide covered sheds for raw materials like scrap and sponge iron, lump ore, coke, coal, etc.
- xi. The project proponent shall provide primary and secondary fume extraction system at all melting furnaces.
- xii. Design the ventilation system for adequate air changes as per ACGIH document for all tunnels, motor houses, Oil Cellars.

III. Water quality monitoring and preservation

- i. The project proponent shall install 24x7 continuous effluent monitoring system with respect to standards prescribed in Environment (Protection) Rules 1986 vide G.S.R 277 (E) dated 31st March 2012 (applicable to IF/EAF) as amended from time to time; S.O. 3305 (E) dated 7th December 2015 (Thermal Power Plants) as amended from time to time) and connected to SPCB and CPCB online servers and calibrate these system from time to time according to equipment supplier specification through labs recognised under Environment (Protection) Act, 1986 or NABL accredited laboratories. (case to case basis small plants: Manual; Large plants: Continuous)
- ii. The project proponent shall monitor regularly ground water quality at least twice a year (pre and post monsoon) at sufficient numbers of piezometers/sampling wells in the plant and adjacent areas through labs recognised under Environment (Protection) Act, 1986 and NABL accredited laboratories.

- iii. The project proponent shall submit monthly summary report of continuous effluent monitoring and results of manual effluent testing and manual monitoring of ground water quality to Regional Office of MoEF&CC, Zonal office of CPCB and Regional Office of SPCB along with six-monthly monitoring report.
- iv. Adhere to 'Zero Liquid Discharge'.
- v. Sewage Treatment Plant shall be provided for treatment of domestic wastewater to meet the prescribed standards.
- vi. The project proponent shall provide the ETP for effluents of rolling mills to meet the standards prescribed in G.S.R 277 (E) 31st March 2012 (applicable to IF/EAF) as amended from time to time.
- vii. Garland drains and collection pits shall be provided for each stock pile to arrest the run-off in the event of heavy rains and to check the water pollution due to surface run off
- viii. The project proponent shall practice rainwater harvesting to maximum possible extent.
- ix. The project proponent shall make efforts to minimise water consumption in the steel plant complex by segregation of used water, practicing cascade use and by recycling treated water.

IV. Noise monitoring and prevention

- i. Noise level survey shall be carried as per the prescribed guidelines and report in this regard shall be submitted to Regional Officer of the Ministry as a part of six-monthly compliance report.
- ii. The ambient noise levels should conform to the standards prescribed under E(P)A Rules, 1986 viz. 75 dB(A) during day time and 70 dB(A) during night time.

V. Energy Conservation measures

- i. The project proponent shall provide waste heat recovery system (pre-heating of combustion air) at the flue gases of reheating furnaces.
- ii. Practice hot charging of slabs and billets/blooms as far as possible.
- iii. Ensure installation of regenerative type burners on all reheating furnaces.
- iv. Provide solar power generation on roof tops of buildings, for solar light system for all common areas, street lights, parking around project area and maintain the same regularly.
- v. Provide the project proponent for LED lights in their offices and residential areas.

VI. Waste management

- i. Used refractories shall be recycled as far as possible.

- ii. Oily scum and metallic sludge recovered from rolling mills ETP shall be mixed, dried, and briquetted and reused melting Furnaces
- iii. 100% utilization of fly ash shall be ensured. All the fly ash shall be provided to cement and brick manufacturers for further utilization and Memorandum of Understanding in this regard shall be submitted to the Ministry's Regional Office.
- iv. The waste oil, grease and other hazardous waste shall be disposed of as per the Hazardous & Other waste (Management & Transboundary Movement) Rules, 2016.
- v. Kitchen waste shall be composted or converted to biogas for further use.*(to be decided on case to case basis depending on type and size of plant)*

VII. Green Belt

- i. Green belt shall be developed in an area equal to 33% of the plant area with a native tree species in accordance with CPCB guidelines. The greenbelt shall inter alia cover the entire periphery of the plant
- ii. The project proponent shall prepare GHG emissions inventory for the plant and shall submit the programme for reduction of the same including carbon sequestration including plantation.

VIII. Public hearing and Human health issues

- i. Emergency preparedness plan based on the Hazard identification and Risk Assessment (HIRA) and Disaster Management Plan shall be implemented.
- ii. The project proponent shall carry out heat stress analysis for the workmen who work in high temperature work zone and provide Personal Protection Equipment (PPE) as per the norms of Factory Act.
- iii. Provision shall be made for the housing of construction labour within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, crèche etc. The housing may be in the form of temporary structures to be removed after the completion of the project.
- iv. Occupational health surveillance of the workers shall be done on a regular basis and records maintained as per the Factories Act.

IX. Corporate Environment Responsibility

- i. The project proponent shall comply with the provisions contained in this Ministry's OM vide F.No. 22-65/2017-IA.III dated 1st May 2018, as applicable, regarding Corporate Environment Responsibility.
- ii. The company shall have a well laid down environmental policy duly approve by the Board of Directors. The environmental policy should prescribe for standard operating procedures to have proper checks and balances and to bring into focus any infringements/deviation/violation of the environmental / forest / wildlife norms / conditions. The company shall have defined system of reporting infringements / deviation / violation of the environmental / forest / wildlife norms / conditions and / or

shareholders / stake holders. The copy of the board resolution in this regard shall be submitted to the MoEF&CC as a part of six-monthly report.

- iii. A separate Environmental Cell both at the project and company head quarter level, with qualified personnel shall be set up under the control of senior Executive, who will directly to the head of the organization.
- iv. Action plan for implementing EMP and environmental conditions along with responsibility matrix of the company shall be prepared and shall be duly approved by competent authority. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Year wise progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six Monthly Compliance Report.
- v. Self environmental audit shall be conducted annually. Every three years third party environmental audit shall be carried out.
- vi. All the recommendations made in the Charter on Corporate Responsibility for Environment Protection (CREP) for the plants shall be implemented.

X. Miscellaneous

- i. The project proponent shall make public the environmental clearance granted for their project along with the environmental conditions and safeguards at their cost by prominently advertising it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days and in addition this shall also be displayed in the project proponent's website permanently.
- ii. The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn has to display the same for 30 days from the date of receipt.
- iii. The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and update the same on half-yearly basis.
- iv. The project proponent shall monitor the criteria pollutants level namely; PM₁₀, SO₂, NO_x (ambient levels as well as stack emissions) or critical sectoral parameters, indicated for the projects and display the same at a convenient location for disclosure to the public and put on the website of the company.
- v. The project proponent shall submit six-monthly reports on the status of the compliance of the stipulated environmental conditions on the website of the ministry of Environment, Forest and Climate Change at environment clearance portal.
- vi. The project proponent shall submit the environmental statement for each financial year in Form-V to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently and put on the website of the company.

- vii. The project proponent shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities, commencing the land development work and start of production operation by the project.
- i. The project authorities must strictly adhere to the stipulations made by the State Pollution Control Board and the State Government.
- ii. The project proponent shall abide by all the commitments and recommendations made in the EIA/EMP report, commitment made during Public Hearing and also that during their presentation to the Expert Appraisal Committee.
- viii. No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment, Forests and Climate Change (MoEF&CC).
- ix. Concealing factual data or submission of false/fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.
- x. The Ministry may revoke or suspend the clearance, if implementation of any of the above conditions is not satisfactory.
- xi. The Ministry reserves the right to stipulate additional conditions if found necessary. The Company in a time bound manner shall implement these conditions.
- xii. The Regional Office of this Ministry shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (s) of the Regional Office by furnishing the requisite data / information/monitoring reports.
- xiii. The above conditions shall be enforced, inter-alia under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and Rules and any other orders passed by the Hon'ble Supreme Court of India / High Courts and any other Court of Law relating to the subject matter.
- xiv. Any appeal against this EC shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

ANNEXURE - V**Standard EC Conditions Iron Ore Pelletisation Plants (including CPP):****I. Statutory compliance:**

- i. The project proponent shall obtain forest clearance under the provisions of Forest (Conservation) Act, 1986, in case of the diversion of forest land for non-forest purpose involved in the project.
- ii. The project proponent shall obtain clearance from the National Board for Wildlife, if applicable.
- iii. The project proponent shall prepare a Site-Specific Conservation Plan & Wildlife Management Plan and approved by the Chief Wildlife Warden. The recommendations of the approved Site-Specific Conservation Plan / Wildlife Management Plan shall be implemented in consultation with the State Forest Department. The implementation report shall be furnished along with the six-monthly compliance report. (incase of the presence of schedule-I species in the study area)
- iv. The project proponent shall obtain Consent to Establish / Operate under the provisions of Air (Prevention & Control of Pollution) Act, 1981 and the Water (Prevention & Control of Pollution) Act, 1974 from the concerned State pollution Control Board/ Committee.
- v. The project proponent shall obtain the necessary permission from the Central Ground Water Authority, in case of drawl of ground water / from the competent authority concerned in case of drawl of surface water required for the project.
- vi. The project proponent shall obtain authorization under the Hazardous and other Waste Management Rules, 2016 as amended from time to time.

II. Air quality monitoring and preservation

- i. The project proponent shall install 24x7 continuous emission monitoring system at process stacks to monitor stack emission with respect to standards prescribed in Environment (Protection) Rules 1986 vide G.S.R 277 (E) dated 31st March 2012 (applicable to pellet plants) as amended from time to time; S.O. 3305 (E) dated 7th December 2015 (Thermal Power Plants) as amended from time to time) and connected to SPCB and CPCB online servers and calibrate these system from time to time according to equipment supplier specification through labs recognised under Environment (Protection) Act, 1986 or NABL accredited laboratories.
- ii. The project proponent shall monitor fugitive emissions in the plant premises at least once in every quarter through laboratories recognised under Environment (Protection) Act, 1986 or NABL accredited laboratories.
- iii. The project proponent shall install system carryout Continuous Ambient Air Quality monitoring for common/criterion parameters relevant to the main pollutants released (e.g. PM₁₀ and PM_{2.5} in reference to PM emission, and SO₂ and NO_x in reference to

SO₂ and NO_x emissions) within and outside the plant area (at least at four locations one within and three outside the plant area at an angle of 120° each), covering upwind and downwind directions. (case to case basis small plants: Manual; Large plants: Continuous)

- iv. The project proponent shall submit monthly summary report of continuous stack emission and air quality monitoring and results of manual stack monitoring and manual monitoring of air quality / fugitive emissions to Regional Office of MoEF&CC, Zonal office of CPCB and Regional Office of SPCB along with six-monthly monitoring report.
- v. Appropriate Air Pollution Control (APC) system shall be provided for all the dust generating points including fugitive dust from all vulnerable sources.
- vi. The project proponent shall provide leakage detection and mechanised bag cleaning facilities for better maintenance of bags.
- vii. Sufficient number of mobile or stationery vacuum cleaners shall be provided to clean plant roads, shop floors, roofs, regularly.
- viii. Recycle and reuse iron ore fines, coal and coke fines, lime fines and such other fines collected in the pollution control devices and vacuum cleaning devices in the process after briquetting/ agglomeration.
- ix. Use leak proof trucks/dumpers carrying coal and other raw materials and cover them with tarpaulin.
- x. Provide covered sheds for raw materials like scrap and sponge iron, lump ore, coke, coal, etc.
- xi. Provide primary and secondary fume extraction system at all melting furnaces.
- xii. Design the ventilation system for adequate air changes as per ACGIH document for all tunnels, motor houses, Oil Cellars.

III. Water quality monitoring and preservation

- i. The project proponent shall install 24x7 continuous effluent monitoring system with respect to standards prescribed in Environment (Protection) Rules 1986 vide G.S.R 277 (E) dated 31st March 2012 (applicable to pellet plants) as amended from time to time; S.O. 3305 (E) dated 7th December 2015 (Thermal Power Plants) as amended from time to time and connected to SPCB and CPCB online servers and calibrate these system from time to time according to equipment supplier specification through labs recognised under Environment (Protection) Act, 1986 or NABL accredited laboratories. (case to case basis small plants: Manual; Large plants: Continuous)
- ii. The project proponent shall monitor regularly ground water quality at least twice a year (pre and post monsoon) at sufficient numbers of piezometers/sampling wells in the plant and adjacent areas through labs recognised under Environment (Protection) Act, 1986 and NABL accredited laboratories.

- iii. The project proponent shall submit monthly summary report of continuous effluent monitoring and results of manual effluent testing and manual monitoring of ground water quality to Regional Office of MoEF&CC, Zonal office of CPCB and Regional Office of SPCB along with six-monthly monitoring report.
- iv. Adhere to 'Zero Liquid Discharge'
- v. Sewage Treatment Plant shall be provided for treatment of domestic wastewater to meet the prescribed standards.
- vi. Garland drains and collection pits shall be provided for each stock pile to arrest the run-off in the event of heavy rains and to check the water pollution due to surface run off.
- vii. The project proponent shall practice rainwater harvesting to maximum possible extent.
- viii. The project proponent shall make efforts to minimise water consumption in the steel plant complex by segregation of used water, practicing cascade use and by recycling treated water.

IV. Noise monitoring and prevention

- i. Noise level survey shall be carried as per the prescribed guidelines and report in this regard shall be submitted to Regional Officer of the Ministry as a part of six-monthly compliance report.
- ii. The ambient noise levels should conform to the standards prescribed under E(P)A Rules, 1986 viz. 75 dB(A) during day time and 70 dB(A) during night time

V. Energy Conservation measures

- i. The project proponent shall provide solar power generation on roof tops of buildings, for solar light system for all common areas, street lights, parking around project area and maintain the same regularly.
- ii. Provide the project proponent for LED lights in their offices and residential areas

VI. Waste management

- i. 100% utilization of fly ash shall be ensured. All the fly ash shall be provided to cement and brick manufacturers for further utilization and Memorandum of Understanding in this regard shall be submitted to the Ministry's Regional Office.
- ii. The waste oil, grease and other hazardous waste shall be disposed of as per the Hazardous & Other waste (Management & Transboundary Movement) Rules, 2016.
- iii. Kitchen waste shall be composted or converted to biogas for further use.*(to be decided on case to case basis depending on type and size of plant)*

VII. Green Belt

- i. Green belt shall be developed in an area equal to 33% of the plant area with a native tree species in accordance with CPCB guidelines. The greenbelt shall inter alia cover the entire periphery of the plant
- ii. The project proponent shall prepare GHG emissions inventory for the plant and shall submit the programme for reduction of the same including carbon sequestration including plantation.

VIII. Public hearing and Human health issues

- i. Emergency preparedness plan based on the Hazard identification and Risk Assessment (HIRA) and Disaster Management Plan shall be implemented.
- ii. The project proponent shall carry out heat stress analysis for the workmen who work in high temperature work zone and provide Personal Protection Equipment (PPE) as per the norms of Factory Act.
- iii. Provision shall be made for the housing of construction labour within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, crèche etc. The housing may be in the form of temporary structures to be removed after the completion of the project.
- iv. Occupational health surveillance of the workers shall be done on a regular basis and records maintained as per the Factories Act.

IX. Corporate Environment Responsibility

- i. The project proponent shall comply with the provisions contained in this Ministry's OM vide F.No. 22-65/2017-IA.III dated 1st May 2018, as applicable, regarding Corporate Environment Responsibility.
- ii. The company shall have a well laid down environmental policy duly approved by the Board of Directors. The environmental policy should prescribe for standard operating procedures to have proper checks and balances and to bring into focus any infringements/deviation/violation of the environmental / forest / wildlife norms / conditions. The company shall have defined system of reporting infringements / deviation / violation of the environmental / forest / wildlife norms / conditions and / or shareholders / stake holders. The copy of the board resolution in this regard shall be submitted to the MoEF&CC as a part of six-monthly report.
- iii. A separate Environmental Cell both at the project and company head quarter level, with qualified personnel shall be set up under the control of senior Executive, who will directly report to the head of the organization.
- iv. Action plan for implementing EMP and environmental conditions along with responsibility matrix of the company shall be prepared and shall be duly approved by competent authority. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Year wise progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six Monthly Compliance Report.

- v. Self environmental audit shall be conducted annually. Every three years third party environmental audit shall be carried out.
- vi. All the recommendations made in the Charter on Corporate Responsibility for Environment Protection (CREP) for the pellet plants shall be implemented.

I. Miscellaneous

- i. The project proponent shall make public the environmental clearance granted for their project along with the environmental conditions and safeguards at their cost by prominently advertising it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days and in addition this shall also be displayed in the project proponent's website permanently.
- ii. The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn has to display the same for 30 days from the date of receipt.
- iii. The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and update the same on half-yearly basis.
- iv. The project proponent shall monitor the criteria pollutants level namely; PM₁₀, SO₂, NO_x (ambient levels as well as stack emissions) or critical sectoral parameters, indicated for the projects and display the same at a convenient location for disclosure to the public and put on the website of the company.
- v. The project proponent shall submit six-monthly reports on the status of the compliance of the stipulated environmental conditions on the website of the ministry of Environment, Forest and Climate Change at environment clearance portal.
- vi. The project proponent shall submit the environmental statement for each financial year in Form-V to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently and put on the website of the company.
- vii. The project proponent shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities, commencing the land development work and start of production operation by the project.
 - i. The project authorities must strictly adhere to the stipulations made by the State Pollution Control Board and the State Government.
 - ii. The project proponent shall abide by all the commitments and recommendations made in the EIA/EMP report, commitment made during Public Hearing and also that during their presentation to the Expert Appraisal Committee.
- viii. No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment, Forests and Climate Change (MoEF&CC).

- ix. Concealing factual data or submission of false/fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.
- x. The Ministry may revoke or suspend the clearance, if implementation of any of the above conditions is not satisfactory.
- xi. The Ministry reserves the right to stipulate additional conditions if found necessary. The Company in a time bound manner shall implement these conditions.
- xii. The Regional Office of this Ministry shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (s) of the Regional Office by furnishing the requisite data / information/monitoring reports.
- xiii. The above conditions shall be enforced, inter-alia under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and Rules and any other orders passed by the Hon'ble Supreme Court of India / High Courts and any other Court of Law relating to the subject matter.
- xiv. Any appeal against this EC shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

ANNEXURE - VI**Standard EC Conditions for Aluminium Smelters****I. Statutory compliance:**

- i. The project proponent shall obtain forest clearance under the provisions of Forest (Conservation) Act, 1986, in case of the diversion of forest land for non-forest purpose involved in the project.
- ii. The project proponent shall obtain clearance from the National Board for Wildlife, if applicable.
- iii. The project proponent shall prepare a Site-Specific Conservation Plan & Wildlife Management Plan and approved by the Chief Wildlife Warden. The recommendations of the approved Site-Specific Conservation Plan / Wildlife Management Plan shall be implemented in consultation with the State Forest Department. The implementation report shall be furnished along with the six-monthly compliance report. (incase of the presence of schedule-I species in the study area)
- iv. The project proponent shall obtain Consent to Establish / Operate under the provisions of Air (Prevention & Control of Pollution) Act, 1981 and the Water (Prevention & Control of Pollution) Act, 1974 from the concerned State pollution Control Board/ Committee.
- v. The project proponent shall obtain the necessary permission from the Central Ground Water Authority, in case of drawl of ground water / from the competent authority concerned in case of drawl of surface water required for the project.
- vi. The project proponent shall obtain authorization under the Hazardous and other Waste Management Rules, 2016 as amended from time to time.

II. Air quality monitoring and preservation

- i. The project proponent shall install 24x7 continuous emission monitoring system at process stacks to monitor stack emission with respect to standards prescribed in Environment (Protection) Rules 1986 vide G.S.R 742 (E) dated 30th August 1990 and thereafter amended vide G.S.R 46 (E) dated 3rd February 2006 (Aluminium); S.O. 3305 (E) dated 7th December 2015 (Thermal Power Plants) as amended from time to time and connected to SPCB and CPCB online servers and calibrate these system from time to time according to equipment supplier specification through labs recognised under Environment (Protection) Act, 1986 or NABL accredited laboratories.
- ii. The project proponent shall monitor fugitive emissions in the plant premises at least once in every quarter through labs recognised under Environment (Protection) Act, 1986.
- iii. The project proponent shall install system to carryout Continuous Ambient Air Quality monitoring for common/criterion parameters relevant to the main pollutants

released (e.g. PM₁₀ and PM_{2.5} in reference to PM emission, and SO₂ and NO_x in reference to SO₂ and NO_x emissions) within and outside the plant area at least at four locations (one within and three outside the plant area at an angle of 120° each), covering upwind and downwind directions.

- iv. The project proponent shall submit monthly summary report of continuous stack emission and air quality monitoring and results of manual stack monitoring and manual monitoring of air quality /fugitive emissions to Regional Office of MoEF&CC, Zonal office of CPCB and Regional Office of SPCB along with six-monthly monitoring report.
- v. Appropriate Air Pollution Control (APC) system shall be provided for all the dust generating points including fugitive dust from all vulnerable sources, so as to comply prescribed stack emission and fugitive emission standards.
- vi. The project proponent shall provide leakage detection and mechanised bag cleaning facilities for better maintenance of bags.
- vii. Pollution control system in the plant shall be provided as per the CREP Guidelines of CPCB.
- viii. Sufficient number of mobile or stationery vacuum cleaners shall be provided to clean plant roads, shop floors, roofs, regularly.
- ix. Ensure covered transportation and conveying of ore, coal and other raw material to prevent spillage and dust generation.
- x. Provide covered sheds for raw materials like bauxite, coal, etc.
- xi. Adopt measures to recover fluoride gas from electrolytic cells and recycle the same in the process.
- xii. Practice use of low-sulphur tars for baking anodes
- xiii. Adopt dry scrubbing combined with incineration in order to control emissions of tar and volatile organic compounds (VOCs). The waste heat shall be recovered from the flue gases of incinerator.
- xiv. Make efforts to increase the life of pot lining through better construction and operating techniques.
- xv. Recycle alumina dust collected in ESPs installed in calciner.
- xvi. Design the pot roofs with louvers and roof ventilators
- xvii. Ventilation system shall be designed for adequate air changes as per ACGIH document for all tunnels, motor houses

III. Water quality monitoring and preservation

- i. The project proponent shall install 24x7 continuous effluent monitoring system with respect to standards prescribed in Environment (Protection) Rules 1986 (G.S.R 742

(E) dated 30th August 1990 and further amended vide G.S.R 46 (E) dated 3rd February 2006(Aluminium); S.O. 3305 (E) dated 7th December 2015(Thermal Power Plants) as amended from time to time and connected to SPCB and CPCB online servers and calibrate these system from time to time according to equipment supplier specification through labs recognised under Environment (Protection) Act, 1986 or NABL accredited laboratories.

- ii. The project proponent shall monitor regularly ground water quality at least twice a year (pre and post monsoon) at sufficient numbers of piezometers/sampling wells in the plant and adjacent areas through labs recognised under Environment (Protection) Act, 1986 and NABL accredited laboratories.
- iii. The project proponent shall submit monthly summary report of continuous effluent monitoring and results of manual effluent testing and manual monitoring of ground water quality to Regional Office of MoEF&CC, Zonal office of CPCB and Regional Office of SPCB along with six-monthly monitoring report.
- iv. Adhere to 'Zero Liquid Discharge'
- v. Sewage Treatment Plant shall be provided for treatment of domestic wastewater to meet the prescribed standards.
- vi. Garland drains and collection pits shall be provided for each stock pile to arrest the run-off in the event of heavy rains and to check the water pollution due to surface run off.
- vii. The project proponent shall practice rainwater harvesting to maximum possible extent.
- viii. Reduce water consumption in bauxite beneficiation and alumina refinery by concentrating the solids in the tailings
- ix. The project proponent shall make efforts to minimise water consumption in the steel plant complex by segregation of used water, practicing cascade use and by recycling treated water.

IV. Noise monitoring and prevention

- i. Noise level survey shall be carried as per the prescribed guidelines and report in this regard shall be submitted to Regional Officer of the Ministry as a part of six-monthly compliance report.
- ii. The ambient noise levels should conform to the standards prescribed under E(P)A Rules, 1986 viz. 75 dB(A) during day time and 70 dB(A) during night time

V. Energy Conservation measures

- i. The project proponent shall provide waste heat recovery system (pre-heating of combustion air) at the flue gases.

- ii. Provide solar power generation on roof tops of buildings, for solar light system for all common areas, street lights, parking around project area and maintain the same regularly;
- iii. Provide LED lights in their offices and residential areas.

VI. Waste management

- i. Used refractories shall be recycled as far as possible.
- ii. A plan for 100 % utilisation of red mud generated shall be implemented. Under the Plan, MOU with shall be signed with potential buyers including cement companies for supply of red mud. (For new Projects)
- iii. 100% utilization of fly ash shall be ensured. All the fly ash shall be provided to cement and brick manufacturers for further utilization and Memorandum of Understanding in this regard shall be submitted to the Ministry's Regional Office.
- iv. Oily scum and metallic sludge recovered from ETP shall be mixed, dried, and briquetted and reused.
- v. The waste oil, grease and other hazardous waste shall be disposed of as per the Hazardous & Other waste (Management & Transboundary Movement) Rules, 2016
- vi. Kitchen waste shall be composted or converted to biogas for further use.*(to be decided on case to case basis depending on type and size of plant)*

VII. Green Belt

- i. Green belt shall be developed in an area equal to 33% of the plant area with a native tree species in accordance with CPCB guidelines. The greenbelt shall inter alia cover the entire periphery of the plant
- ii. The project proponent shall prepare GHG emissions inventory for the plant and shall submit the programme for reduction of the same including carbon sequestration including plantation.

VIII. Public hearing and Human health issues

- i. Emergency preparedness plan based on the Hazard identification and Risk Assessment (HIRA) and Disaster Management Plan shall be implemented.
- ii. The project proponent shall carry out heat stress analysis for the workmen who work in high temperature work zone and provide Personal Protection Equipment (PPE) as per the norms of Factory Act.
- iii. Provision shall be made for the housing of construction labour within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, crèche etc. The housing may be in the form of temporary structures to be removed after the completion of the project.

- iv. Occupational health surveillance of the workers shall be done on a regular basis and records maintained as per the Factories Act.

IX. Corporate Environment Responsibility

- i. The project proponent shall comply with the provisions contained in this Ministry's OM vide F.No. 22-65/2017-IA.III dated 1st May 2018, as applicable, regarding Corporate Environment Responsibility.
- ii. The company shall have a well laid down environmental policy duly approved by the Board of Directors. The environmental policy should prescribe for standard operating procedures to have proper checks and balances and to bring into focus any infringements/deviation/violation of the environmental / forest /wildlife norms/ conditions. The company shall have defined system of reporting infringements / deviation / violation of the environmental / forest / wildlife norms / conditions and / or shareholders / stake holders. The copy of the board resolution in this regard shall be submitted to the MoEF&CC as a part of six-monthly report.
- iii. A separate Environmental Cell both at the project and company head quarter level, with qualified personnel shall be set up under the control of senior Executive, who will directly report to the head of the organization
- iv. All the recommendations made in the Charter on Corporate Responsibility for Environment Protection (CREP) for the Aluminium Industry shall be implemented.

X. Miscellaneous

- i. The project proponent shall make public the environmental clearance granted for their project along with the environmental conditions and safeguards at their cost by prominently advertising it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days and in addition this shall also be displayed in the project proponent's website permanently.
- ii. The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn has to display the same for 30 days from the date of receipt.
- iii. The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and update the same on half-yearly basis.
- iv. The project proponent shall monitor the criteria pollutants level namely; PM₁₀, SO₂, NO_x (ambient levels as well as stack emissions) or critical sectoral parameters, indicated for the projects and display the same at a convenient location for disclosure to the public and put on the website of the company.
- v. The project proponent shall submit six-monthly reports on the status of the compliance of the stipulated environmental conditions on the website of the ministry of Environment, Forest and Climate Change at environment clearance portal.

- vi. The project proponent shall submit the environmental statement for each financial year in Form-V to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently and put on the website of the company.
- vii. The project proponent shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities, commencing the land development work and start of production operation by the project.
 - i. The project authorities must strictly adhere to the stipulations made by the State Pollution Control Board and the State Government.
 - ii. The project proponent shall abide by all the commitments and recommendations made in the EIA/EMP report, commitment made during Public Hearing and also that during their presentation to the Expert Appraisal Committee.
- viii. No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment, Forests and Climate Change (MoEF&CC).
- ix. Concealing factual data or submission of false/fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.
- x. The Ministry may revoke or suspend the clearance, if implementation of any of the above conditions is not satisfactory.
- xi. The Ministry reserves the right to stipulate additional conditions if found necessary. The Company in a time bound manner shall implement these conditions.
- xii. The Regional Office of this Ministry shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (s) of the Regional Office by furnishing the requisite data / information/monitoring reports.
- xiii. The above conditions shall be enforced, inter-alia under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and Rules and any other orders passed by the Hon'ble Supreme Court of India / High Courts and any other Court of Law relating to the subject matter.
- xiv. Any appeal against this EC shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

ANNEXURE - VII**Standard EC Conditions for Aluminium Refineries****I. Statutory compliance:**

- i. The project proponent shall obtain forest clearance under the provisions of Forest (Conservation) Act, 1986, in case of the diversion of forest land for non-forest purpose involved in the project.
- ii. The project proponent shall obtain clearance from the National Board for Wildlife, if applicable.
- iii. The project proponent shall prepare a Site-Specific Conservation Plan & Wildlife Management Plan and approved by the Chief Wildlife Warden. The recommendations of the approved Site-Specific Conservation Plan / Wildlife Management Plan shall be implemented in consultation with the State Forest Department. The implementation report shall be furnished along with the six-monthly compliance report. (incase of the presence of schedule-I species in the study area)
- iv. The project proponent shall obtain Consent to Establish / Operate under the provisions of Air (Prevention & Control of Pollution) Act, 1981 and the Water (Prevention & Control of Pollution) Act, 1974 from the concerned State pollution Control Board/ Committee.
- v. The project proponent shall obtain the necessary permission from the Central Ground Water Authority, in case of drawl of ground water / from the competent authority concerned in case of drawl of surface water required for the project.
- vi. The project proponent shall obtain authorization under the Hazardous and other Waste Management Rules, 2016 as amended from time to time.

II. Air quality monitoring and preservation

- i. The project proponent shall install 24x7 continuous emission monitoring system at process stacks to monitor stack emission with respect to standards prescribed in Environment (Protection) Rules 1986 vide G.S.R 742 (E) dated 30th August 1990 and thereafter amended vide G.S.R 46 (E) dated 3rd February 2006 (Aluminium); S.O. 3305 (E) dated 7th December 2015 (Thermal Power Plants) as amended from time to time and connected to SPCB and CPCB online servers and calibrate these system from time to time according to equipment supplier specification through labs recognised under Environment (Protection) Act, 1986 or NABL accredited laboratories.
- ii. The project proponent shall monitor fugitive emissions in the plant premises at least once in every quarter through labs recognised under Environment (Protection) Act, 1986.
- iii. The project proponent shall install system to carryout Continuous Ambient Air Quality monitoring for common/criterion parameters relevant to the main pollutants

released (e.g. PM₁₀ and PM_{2.5} in reference to PM emission, and SO₂ and NO_x in reference to SO₂ and NO_x emissions) within and outside the plant area at least at four locations (one within and three outside the plant area at an angle of 120° each), covering upwind and downwind directions.

- iv. The project proponent shall submit monthly summary report of continuous stack emission and air quality monitoring and results of manual stack monitoring and manual monitoring of air quality /fugitive emissions to Regional Office of MoEF&CC, Zonal office of CPCB and Regional Office of SPCB along with six-monthly monitoring report.
- v. Appropriate Air Pollution Control (APC) system shall be provided for all the dust generating points including fugitive dust from all vulnerable sources, so as to comply prescribed stack emission and fugitive emission standards.
- vi. The project proponent shall provide leakage detection and mechanised bag cleaning facilities for better maintenance of bags.
- vii. Pollution control system in the plant shall be provided as per the CREP Guidelines of CPCB.
- viii. Sufficient number of mobile or stationery vacuum cleaners shall be provided to clean plant roads, shop floors, roofs, regularly.
- ix. Ensure covered transportation and conveying of ore, coal and other raw material to prevent spillage and dust generation.
- x. Provide covered sheds for raw materials like bauxite, coal, etc.
- xi. recycle alumina dust collected in ESPs installed in calciner
- xii. Ventilation system shall be designed for adequate air changes as per ACGIH document for all tunnels, motor houses

III. Water quality monitoring and preservation

- i. The project proponent shall install 24x7 continuous effluent monitoring system with respect to standards prescribed in Environment (Protection) Rules 1986 (G.S.R 742 (E) dated 30th August 1990 and further amended vide G.S.R 46 (E) dated 3rd February 2006(Aluminium); S.O. 3305 (E) dated 7th December 2015(Thermal Power Plants) as amended from time to time and connected to SPCB and CPCB online servers and calibrate these system from time to time according to equipment supplier specification through labs recognised under Environment (Protection) Act, 1986 or NABL accredited laboratories.
- ii. The project proponent shall monitor regularly ground water quality at least twice a year (pre and post monsoon) at sufficient numbers of piezometers/sampling wells in the plant and adjacent areas through labs recognised under Environment (Protection) Act, 1986 and NABL accredited laboratories.
- iii. The project proponent shall submit monthly summary report of continuous effluent monitoring and results of manual effluent testing and manual monitoring of ground

water quality to Regional Office of MoEF&CC, Zonal office of CPCB and Regional Office of SPCB along with six-monthly monitoring report.

- iv. Adhere to 'Zero Liquid Discharge'
- v. Sewage Treatment Plant shall be provided for treatment of domestic wastewater to meet the prescribed standards.
- vi. Garland drains and collection pits shall be provided for each stock pile to arrest the run-off in the event of heavy rains and to check the water pollution due to surface run off.
- vii. The project proponent shall practice rainwater harvesting to maximum possible extent.
- viii. Reduce water consumption in bauxite beneficiation and alumina refinery by concentrating the solids in the tailings
- ix. The project proponent shall make efforts to minimise water consumption in the steel plant complex by segregation of used water, practicing cascade use and by recycling treated water.

IV. Noise monitoring and prevention

- i. Noise level survey shall be carried as per the prescribed guidelines and report in this regard shall be submitted to Regional Officer of the Ministry as a part of six-monthly compliance report.
- ii. The ambient noise levels should conform to the standards prescribed under E(P)A Rules, 1986 viz. 75 dB(A) during day time and 70 dB(A) during night time

V. Energy Conservation measures

- i. The project proponent shall provide waste heat recovery system (pre-heating of combustion air) at the flue gases.
- ii. Provide solar power generation on roof tops of buildings, for solar light system for all common areas, street lights, parking around project area and maintain the same regularly;
- iii. Provide LED lights in their offices and residential areas.

VI. Waste management

- i. Used refractories shall be recycled as far as possible.
- ii. The red mud generated from the project shall be stored in the red mud pond lined with impervious clay prior to use to prevent leakage, designed as per the CPCB guidelines with proper leachate collection system. Ground water shall be monitored regularly all around the red mud disposal area and report submitted to the Regional Office of the Ministry. Proper care shall be taken to ensure no run off or seepage from the red mud disposal site to natural drainage.

(For Expansion Projects)

(The red mud already generated from the existing plant shall be stored in the red mud pond lined with impervious clay prior to use to prevent leakage, designed as per the CPCB guidelines with proper leachate collection system. Ground water shall be monitored regularly all around the red mud disposal area and report submitted to the Regional Office of the Ministry. Proper care shall be taken to ensure no run off or seepage from the red mud disposal site to natural drainage. Plan shall be implemented for utilising the already generated red mud in a time bound manner)

- iii. 100% utilization of fly ash shall be ensured. All the fly ash shall be provided to cement and brick manufacturers for further utilization and Memorandum of Understanding in this regard shall be submitted to the Ministry's Regional Office.
- iv. Oily scum and metallic sludge recovered from ETP shall be mixed, dried, and briquetted and reused.
- v. The waste oil, grease and other hazardous waste shall be disposed of as per the Hazardous & Other waste (Management & Transboundary Movement) Rules, 2016
- vi. Kitchen waste shall be composted or converted to biogas for further use.*(to be decided on case to case basis depending on type and size of plant)*

VII. Green Belt

- i. Green belt shall be developed in an area equal to 33% of the plant area with a native tree species in accordance with CPCB guidelines. The greenbelt shall inter alia cover the entire periphery of the plant
- ii. The project proponent shall prepare GHG emissions inventory for the plant and shall submit the programme for reduction of the same including carbon sequestration including plantation.

VIII. Public hearing and Human health issues

- i. Emergency preparedness plan based on the Hazard identification and Risk Assessment (HIRA) and Disaster Management Plan shall be implemented.
- ii. The project proponent shall carry out heat stress analysis for the workmen who work in high temperature work zone and provide Personal Protection Equipment (PPE) as per the norms of Factory Act.
- iii. Provision shall be made for the housing of construction labour within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, crèche etc. The housing may be in the form of temporary structures to be removed after the completion of the project.
- iv. Occupational health surveillance of the workers shall be done on a regular basis and records maintained as per the Factories Act.

IX. Corporate Environment Responsibility

- i. The project proponent shall comply with the provisions contained in this Ministry's OM vide F.No. 22-65/2017-IA.III dated 1st May 2018, as applicable, regarding Corporate Environment Responsibility.
- ii. The company shall have a well laid down environmental policy duly approved by the Board of Directors. The environmental policy should prescribe for standard operating procedures to have proper checks and balances and to bring into focus any infringements/deviation/violation of the environmental / forest /wildlife norms/ conditions. The company shall have defined system of reporting infringements / deviation / violation of the environmental / forest / wildlife norms / conditions and / or shareholders / stake holders. The copy of the board resolution in this regard shall be submitted to the MoEF&CC as a part of six-monthly report.
- iii. A separate Environmental Cell both at the project and company head quarter level, with qualified personnel shall be set up under the control of senior Executive, who will directly report to the head of the organization.
 - i. Action plan for implementing EMP and environmental conditions along with responsibility matrix of the company shall be prepared and shall be duly approved by competent authority. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Year wise progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six Monthly Compliance Report.
- iv. Self environmental audit shall be conducted annually. Every three years third party environmental audit shall be carried out
- v. All the recommendations made in the Charter on Corporate Responsibility for Environment Protection (CREP) for the Aluminium Industry shall be implemented.

I. Miscellaneous

- i. The project proponent shall make public the environmental clearance granted for their project along with the environmental conditions and safeguards at their cost by prominently advertising it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days and in addition this shall also be displayed in the project proponent's website permanently.
- ii. The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn has to display the same for 30 days from the date of receipt.
- iii. The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and update the same on half-yearly basis.
- iv. The project proponent shall monitor the criteria pollutants level namely; PM₁₀, SO₂, NO_x (ambient levels as well as stack emissions) or critical sectoral parameters, indicated for the projects and display the same at a convenient location for disclosure to the public and put on the website of the company.

- v. The project proponent shall submit six-monthly reports on the status of the compliance of the stipulated environmental conditions on the website of the ministry of Environment, Forest and Climate Change at environment clearance portal.
- vi. The project proponent shall submit the environmental statement for each financial year in Form-V to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently and put on the website of the company.
- vii. The project proponent shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities, commencing the land development work and start of production operation by the project.
 - i. The project authorities must strictly adhere to the stipulations made by the State Pollution Control Board and the State Government.
 - ii. The project proponent shall abide by all the commitments and recommendations made in the EIA/EMP report, commitment made during Public Hearing and also that during their presentation to the Expert Appraisal Committee.
- viii. No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment, Forests and Climate Change (MoEF&CC).
- ix. Concealing factual data or submission of false/fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.
- x. The Ministry may revoke or suspend the clearance, if implementation of any of the above conditions is not satisfactory.
- xi. The Ministry reserves the right to stipulate additional conditions if found necessary. The Company in a time bound manner shall implement these conditions.
- xii. The Regional Office of this Ministry shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (s) of the Regional Office by furnishing the requisite data / information/monitoring reports.
- xiii. The above conditions shall be enforced, inter-alia under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and Rules and any other orders passed by the Hon'ble Supreme Court of India / High Courts and any other Court of Law relating to the subject matter.
- xiv. Any appeal against this EC shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

ANNEXURE - VIII**Standard EC Conditions for Asbestos Based Industries:****I. Statutory compliance:**

- i. The project proponent shall obtain forest clearance under the provisions of Forest (Conservation) Act, 1986, in case of the diversion of forest land for non-forest purpose involved in the project.
- ii. The project proponent shall obtain clearance from the National Board for Wildlife, if applicable.
- iii. The project proponent shall prepare a Site-Specific Conservation Plan & Wildlife Management Plan and approved by the Chief Wildlife Warden. The recommendations of the approved Site-Specific Conservation Plan / Wildlife Management Plan shall be implemented in consultation with the State Forest Department. The implementation report shall be furnished along with the six-monthly compliance report. (incase of the presence of schedule-I species in the study area)
- iv. The project proponent shall obtain Consent to Establish / Operate under the provisions of Air (Prevention & Control of Pollution) Act, 1981 and the Water (Prevention & Control of Pollution) Act, 1974 from the concerned State pollution Control Board/ Committee.
- v. The project proponent shall obtain the necessary permission from the Central Ground Water Authority, in case of drawl of ground water / from the competent authority concerned in case of drawl of surface water required for the project.
- vi. The project proponent shall obtain authorization under the Hazardous and other Waste Management Rules, 2016 as amended from time to time
- vii. The project proponent shall obtain a certificate from the supplier of Chrysotile fibre that it does not contain any toxic or trace metals. A copy of certificate shall be submitted to the Ministry of Environment and Forests.
- viii. The project proponent shall adhere to the prescribed BIS standards and laws regarding use and handling of asbestos, safety of employees etc. Raw materials like asbestos fibre and cement shall be transported in closed containers. Asbestos fibre shall be brought in pelletized form in impermeable bags and under compressed condition.
- ix. Only Chrysotile white asbestos fibre shall be used. Blue asbestos shall not be utilized as raw material in the manufacturing process.

II. Air quality monitoring and preservation

- i. The project proponent shall install 24x7 continuous emission monitoring system at process stacks to monitor stack emission with respect to standards prescribed in Environment (Protection) Rules 1986 vide G.S.R. No. 913 (E) dated 24th October, 1989 as amended time to time (Asbestos); S.O. 3305 (E) dated 7th December 2015 (Thermal Power Plants) as amended from time to time) and connected to SPCB and

CPCB online servers and calibrate these system from time to time according to equipment supplier specification through labs recognised under Environment (Protection) Act, 1986 or NABL accredited laboratories.

- ii. The project proponent shall monitor fugitive emissions including asbestos fibre count in the plant premises at least once in every quarter through laboratories recognised under Environment (Protection) Act, 1986 or NABL accredited NIOH / ITRC / NCB or any other approved agency.
- iii. The project proponent shall install system to carryout Continuous Ambient Air Quality monitoring for common/criterion parameters relevant to the main pollutants released (e.g. PM_{10} and $PM_{2.5}$ in reference to PM emission, and SO_2 and NO_x in reference to SO_2 and NO_x emissions) within and outside the plant area at least at four locations (one within and three outside the plant area at an angle of 120° each), covering upwind and downwind directions. (case to case basis small plants: Manual; Large plants: Continuous)
- iv. The project proponent shall submit monthly summary report of continuous stack emission and air quality monitoring and results of manual stack monitoring and manual monitoring of air quality /fugitive emissions to Regional Office of MoEF&CC, Zonal office of CPCB and Regional Office of SPCB along with six-monthly monitoring report.
- v. The project proponent shall provide appropriate dust collectors to Fibre mill, Bag opening device (BOD), Cement and Fly ash silos. Bag filters followed by wet washer shall be provided at automatic bag opening machine, bag shredder, fibre mill and to cement silo to collect the dust and recycle the same into the process.
- vi. High Efficiency Particulate Air filters (HEPA) preceded by primary filters shall be installed on all asbestos contaminated areas.
- vii. Total dust emission limit of 2 mg/Nm^3 as notified under the Environment (Protection) Act, 1986 shall be complied. Adequate measures shall be adopted to control the process emission and ensure that the stack emission of asbestos fibre shall not exceed the emission limit of 0.2 fibre/cc. Asbestos fibre in work zone environment shall be maintained within 0.1 fibre/cc.
- viii. Provide leakage detection and mechanised bag cleaning facilities for better maintenance of bags.
- ix. Pollution control system in the steel plant shall be provided as per the CREP Guidelines of CPCB.
- x. Sufficient number of mobile or stationery vacuum cleaners shall be provided to clean plant roads, shop floors, roofs, regularly.
- xi. Channelize through hood with proper suction arrangement, bag filter and stack the fugitive emissions generated from hopper of Jaw crusher and pulverizer.
- xii. Separate truck parking area shall be provided and monitor vehicular emissions at regular interval.

- xiii. Bring the cement in closed tankers, fly ash in covered trucks and asbestos in impervious bags opening inside a closed mixer.
- xiv. The bags containing asbestos fibre including damaged bags, if any shall be stored in enclosed area.
- xv. Place the asbestos contaminated materials (non-encapsulated) for off-site removal in sealed packaging such as double sealed heavy duty (700 gauge) plastic bags, suitably labelled.
- xvi. Empty and damaged fibre bags shall be shredded into fine particles in a bag-shredder and recycled into the process.
- xvii. AC sheets shall be piled in wet condition only.
- xviii. Efforts shall be made to reduce impact of the transport of the raw materials and end products on the surrounding environment including agricultural land by the use of covered conveyor belts/railways as a mode of transport.
- xix. Proper housekeeping shall be maintained within the plant premises. Process machinery, exhaust and ventilation systems shall be laid in accordance with Factories Act. Better housekeeping practices shall be adopted for improvement of the environment within the work environment also. These include:
 - a. All monitoring transfer points shall be connected to dust extraction system.
 - b. Leakages or dust from machines and ducts shall be plugged.
 - c. Floor shall be cleaned by vacuum cleaner only and the dust collected shall be reused in the process.
 - d. Enclosed belt conveyer shall be used instead of manual transportation of asbestos within the premises
- xx. Ventilation system shall be designed for adequate air changes as per ACGIH document for all tunnels, motor houses, cement bagging plants

III. Water quality monitoring and preservation

- i. The project proponent shall install 24x7 continuous effluent monitoring system with respect to standards prescribed in Environment (Protection) Rules 1986 (G.S.R. No. 913 (E) dated 24th October, 1989 as amended time to time (Asbestos); S.O. 3305 (E) dated 7th December 2015 (Thermal Power Plants) as amended from time to time and connected to SPCB and CPCB online servers and calibrate these system from time to time according to equipment supplier specification through labs recognised under Environment (Protection) Act, 1986 or NABL accredited laboratories. (case to case basis small plants: Manual; Large plants: Continuous)
- ii. The project proponent shall monitor regularly ground water quality at least twice a year (pre and post monsoon) at sufficient numbers of piezometers/sampling wells in the plant and adjacent areas through labs recognised under Environment (Protection) Act, 1986 and NABL accredited laboratories.

- iii. The project proponent shall submit monthly summary report of continuous effluent monitoring and results of manual effluent testing and manual monitoring of ground water quality to Regional Office of MoEF&CC, Zonal office of CPCB and Regional Office of SPCB along with six-monthly monitoring report.
- iv. The water drawl shall not exceed --- (existing and the expansion project put together)
- v. Adhere to 'Zero Liquid Discharge'
- vi. Sewage Treatment Plant shall be provided for treatment of domestic wastewater to meet the prescribed standards.
- vii. The project proponent shall practice rainwater harvesting to maximum possible extent.
- viii. Water meters shall be provided at the inlet to all unit processes in the plants.
- ix. The project proponent shall make efforts to minimise water consumption in the steel plant complex by segregation of used water, practicing cascade use and by recycling treated water.

IV. Noise monitoring and prevention

- i. Noise level survey shall be carried as per the prescribed guidelines and report in this regard shall be submitted to Regional Officer of the Ministry as a part of six-monthly compliance report.
- ii. The ambient noise levels should conform to the standards prescribed under E(P)A Rules, 1986 viz. 75 dB(A) during day time and 70 dB(A) during night time

V. Energy Conservation measures

- i. Waste heat shall be recovered from kiln and cooler.
- ii. Provide solar power generation on roof tops of buildings, for solar light system for all common areas, street lights, parking around project area and maintain the same regularly;
- iii. Provide LED lights in their offices and residential areas.
- iv. Maximize utilization of fly ash, slag and sweetener in cement blend as per BIS standards.
- v. Maximize utilization of alternate fuels and Co-processing to achieve best practice norms.

VI. Waste management

- i. The PP shall ensure that the entire solid waste generated including process rejects, cement, fly ash, dust from bag filters and empty asbestos bag shall be recycled back in the manufacturing process. There will be no solid waste disposal outside the plant premises. Asbestos fibres which cannot be further recycled due to contamination of

iron dust shall be stored in HDPE lined secured landfill. The disposal facilities for asbestos waste shall be in accordance with the Bureau of Indian Standard Code.

- ii. The waste oil, grease and other hazardous shall be disposed of as per the Hazardous & Other waste (Management & Transboundary Movement) Rules, 2016.
- iii. Kitchen waste shall be composted or converted to biogas for further use. *(to be decided on case to case basis depending on type and size of plant)*

VII. Green Belt

- i. Green belt shall be developed in an area equal to 33% of the plant area with a native tree species in accordance with CPCB guidelines. The greenbelt shall inter alia cover the entire periphery of the plant
- ii. The project proponent shall prepare GHG emissions inventory for the plant and shall submit the programme for reduction of the same including carbon sequestration including plantation.

VIII. Public hearing and Human health issues

- i. There shall be no manual handling/opening of asbestos fibre bags. The company shall install fully automatic asbestos fibre debagging system.
- ii. To educate the workers, all the work places where asbestos dust may cause a hazard shall be clearly indicated as a dust exposure area through the use of display signs which identifies the hazard and the associated health effects.
- iii. Emergency preparedness plan based on the Hazard identification and Risk Assessment (HIRA) and Disaster Management Plan shall be implemented.
- iv. Regular medical examination of the workers and health monitoring of all the employees shall be carried out and if cases of asbestosis are detected, necessary compensation shall be arranged under the existing laws. The proponent shall create in-house facilities for spirometry test. A competent occupational health physician shall be appointed to carry out medical surveillance. Occupational health of all the workers shall be monitored for lung function test, Spirometry test, chest x-ray, sputum for acid-fast-bacilli (AFC) and asbestos body (AB), urine for sugar and albumen, blood tests for TLC, DLC, ESR, Hb and records maintained for at least 40 years from the beginning of the employment or 15 years after the retirement or cessation of employment whichever is later. Occupational Health Surveillance shall be carried out as per the directives of the Hon'ble Supreme Court including the recent Kalyaneswari case
- v. The project proponent shall provide Personal Protection Equipment (PPE) as per the norms of Factory Act.
- vi. Provision shall be made for the housing of construction labour within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, crèche etc. The housing may be in the form of temporary structures to be removed after the completion of the project.

- vii. The commitment made by the project proponent to the issues raised during Public Hearing shall be implemented by the proponent

IX. Corporate Environment Responsibility

- i. The project proponent shall comply with the provisions contained in this Ministry's OM vide F. No. 22-65/2017-IA.III dated 1st May 2018, as applicable, regarding Corporate Environment Responsibility.
- ii. The company shall have a well laid down environmental policy duly approve by the Board of Directors. The environmental policy should prescribe for standard operating procedures to have proper checks and balances and to bring into focus any infringements/deviation/violation of the environmental / forest / wildlife norms / conditions. The company shall have defined system of reporting infringements / deviation / violation of the environmental / forest / wildlife norms / conditions and / or shareholders / stake holders. The copy of the board resolution in this regard shall be submitted to the MoEF&CC as a part of six-monthly report.
- iii. A separate Environmental Cell both at the project and company head quarter level, with qualified personnel shall be set up under the control of senior Executive, who will directly to the head of the organization.
- iv. All the recommendations made in the Charter on Corporate Responsibility for Environment Protection (CREP) for the Asbestos Based Plants shall be implemented.

X. Miscellaneous

- i. The project proponent shall make public the environmental clearance granted for their project along with the environmental conditions and safeguards at their cost by prominently advertising it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days and in addition this shall also be displayed in the project proponent's website permanently.
- ii. The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn has to display the same for 30 days from the date of receipt.
- iii. The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and update the same on half-yearly basis.
- iv. The project proponent shall monitor the criteria pollutants level namely; PM₁₀, SO₂, NO_x (ambient levels as well as stack emissions) or critical sectoral parameters, indicated for the projects and display the same at a convenient location for disclosure to the public and put on the website of the company.
- v. The project proponent shall submit six-monthly reports on the status of the compliance of the stipulated environmental conditions on the website of the ministry of Environment, Forest and Climate Change at environment clearance portal.

- vi. The project proponent shall submit the environmental statement for each financial year in Form-V to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently and put on the website of the company.
- vii. The project proponent shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities, commencing the land development work and start of production operation by the project.
 - i. The project authorities must strictly adhere to the stipulations made by the State Pollution Control Board and the State Government.
 - ii. The project proponent shall abide by all the commitments and recommendations made in the EIA/EMP report, commitment made during Public Hearing and also that during their presentation to the Expert Appraisal Committee.
- viii. No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment, Forests and Climate Change (MoEF&CC).
- ix. Concealing factual data or submission of false/fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.
- x. The Ministry may revoke or suspend the clearance, if implementation of any of the above conditions is not satisfactory.
- xi. The Ministry reserves the right to stipulate additional conditions if found necessary. The Company in a time bound manner shall implement these conditions.
- xii. The Regional Office of this Ministry shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (s) of the Regional Office by furnishing the requisite data / information/monitoring reports.
- xiii. The above conditions shall be enforced, inter-alia under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and Rules and any other orders passed by the Hon'ble Supreme Court of India / High Courts and any other Court of Law relating to the subject matter.
- xiv. Any appeal against this EC shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

ANNEXURE - IX**Standard EC Conditions for Mineral Beneficiation Plants:****I. Statutory compliance:**

- i. The project proponent shall obtain forest clearance under the provisions of Forest (Conservation) Act, 1986, in case of the diversion of forest land for non-forest purpose involved in the project.
- ii. The project proponent shall obtain clearance from the National Board for Wildlife, if applicable.
- iii. The project proponent shall prepare a Site-Specific Conservation Plan & Wildlife Management Plan and approved by the Chief Wildlife Warden. The recommendations of the approved Site-Specific Conservation Plan / Wildlife Management Plan shall be implemented in consultation with the State Forest Department. The implementation report shall be furnished along with the six-monthly compliance report. (incase of the presence of schedule-I species in the study area)
- iv. The project proponent shall obtain Consent to Establish / Operate under the provisions of Air (Prevention & Control of Pollution) Act, 1981 and the Water (Prevention & Control of Pollution) Act, 1974 from the concerned State pollution Control Board/ Committee.
- v. The project proponent shall obtain the necessary permission from the Central Ground Water Authority, in case of drawl of ground water / from the competent authority concerned in case of drawl of surface water required for the project.
- vi. The project proponent shall obtain authorization under the Hazardous and other Waste Management Rules, 2016 as amended from time to time

II. Air quality monitoring and preservation

- i. The project proponent shall install 24x7 continuous emission monitoring system at process stacks to monitor stack emission with respect to standards prescribed in Environment (Protection) Rules 1986 as amended from time to time and connected to SPCB and CPCB online servers and calibrate these system from time to time according to equipment supplier specification through labs recognised under Environment (Protection) Act, 1986 or NABL accredited laboratories. Monitor fugitive emissions in the plant premises.
- ii. The project proponent shall monitor fugitive emissions in the plant premises at least once in every quarter through labs recognised under Environment (Protection) Act, 1986.
- iii. The project proponent shall install system to carryout Continuous Ambient Air Quality monitoring for common/criterion parameters relevant to the main pollutants released (e.g. PM₁₀ and PM_{2.5} in reference to PM emission, and SO₂ and NO_x in reference to SO₂ and NO_x emissions) within and outside the plant area at least at four locations (one within and

three outside the plant area at an angle of 120° each), covering upwind and downwind directions. (case to case basis small plants: Manual; Large plants: Continuous)

- iv. The project proponent shall submit monthly summary report of continuous stack emission and air quality monitoring and results of manual stack monitoring and manual monitoring of air quality /fugitive emissions to Regional Office of MoEF&CC, Zonal office of CPCB and Regional Office of SPCB along with six-monthly monitoring report.
- v. Appropriate Air Pollution Control (APC) system shall be provided for all the dust generating points including fugitive dust from all vulnerable sources, so as to comply prescribed stack emission and fugitive emission standards.
- vi. The project proponent use leak proof trucks/dumpers carrying ore and other raw materials and cover them with tarpaulin.
- vii. Wind shelter fence and chemical spraying shall be provided on the raw material stock piles.
- viii. Design the ventilation system for adequate air changes as per ACGIH document for all tunnels, motor houses, Oil Cellars.

III. Water quality monitoring and preservation

- i. The project proponent shall install 24x7 continuous effluent monitoring system with respect to standards prescribed in Environment (Protection) Rules 1986 as amended from time to time and connected to SPCB and CPCB online servers and calibrate these system from time to time according to equipment supplier specification through labs recognised under Environment (Protection) Act, 1986 or NABL accredited laboratories. (case to case basis small plants: Manual; Large plants: Continuous)
- ii. The project proponent shall monitor regularly ground water quality at least twice a year (pre and post monsoon) at sufficient numbers of piezometers/sampling wells in the plant and adjacent areas through labs recognised under Environment (Protection) Act, 1986 and NABL accredited laboratories.
- iii. The project proponent shall submit monthly summary report of continuous effluent monitoring and results of manual effluent testing and manual monitoring of ground water quality to Regional Office of MoEF&CC, Zonal office of CPCB and Regional Office of SPCB along with six-monthly monitoring report.
- iv. The project proponent shall provide the slime disposal facility with impervious lining and collection wells for seepage. The water collected from the slime pond shall be treated and recycled.
- v. Adhere to 'Zero Liquid Discharge'
- vi. Sewage Treatment Plant shall be provided for treatment of domestic wastewater to meet the prescribed standards.
- vii. Garland drains and collection pits shall be provided for each stock pile to arrest the run-off in the event of heavy rains and to check the water pollution due to surface run off.

- viii. The project proponent shall practice rainwater harvesting to maximum possible extent.
- ix. The project proponent shall make efforts to minimise water consumption in the steel plant complex by segregation of used water, practicing cascade use and by recycling treated water.

IV. Noise monitoring and prevention

- i. Noise level survey shall be carried as per the prescribed guidelines and report in this regard shall be submitted to Regional Officer of the Ministry as a part of six-monthly compliance report.
- ii. The ambient noise levels should conform to the standards prescribed under E(P)A Rules, 1986 viz. 75 dB(A) during day time and 70 dB(A) during night time

V. Energy Conservation measures

- i. Provide solar power generation on roof tops of buildings, for solar light system for all common areas, street lights, parking around project area and maintain the same regularly;
- ii. Provide LED lights in their offices and residential areas.

VI. Waste management

- i. The waste oil, grease and other hazardous waste shall be disposed of as per the Hazardous & Other waste (Management & Transboundary Movement) Rules, 2016
- ii. Kitchen waste shall be composted or converted to biogas for further use. *(to be decided on case to case basis depending on type and size of plant)*

VII. Green Belt and EMP

- i. Green belt shall be developed in an area equal to 33% of the plant area with a native tree species in accordance with CPCB guidelines. The greenbelt shall inter alia cover the entire periphery of the plant
- ii. The project proponent shall prepare GHG emissions inventory for the plant and shall submit the programme for reduction of the same including carbon sequestration including plantation.

VIII. Public hearing and Human health issues

- i. Emergency preparedness plan based on the Hazard identification and Risk Assessment (HIRA) and Disaster Management Plan shall be implemented.
- ii. The project proponent shall carry out heat stress analysis for the workmen who work in high temperature work zone and provide Personal Protection Equipment (PPE) as per the norms of Factory Act.
- iii. Provision shall be made for the housing of construction labour within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile

STP, safe drinking water, medical health care, crèche etc. The housing may be in the form of temporary structures to be removed after the completion of the project.

- iv. Occupational health surveillance of the workers shall be done on a regular basis and records maintained as per the Factories Act.

IX. Corporate Environment Responsibility

- i. The project proponent shall comply with the provisions contained in this Ministry's OM vide F.No. 22-65/2017-IA.III dated 1st May 2018, as applicable, regarding Corporate Environment Responsibility.
- ii. The company shall have a well laid down environmental policy duly approved by the Board of Directors. The environmental policy should prescribe for standard operating procedures to have proper checks and balances and to bring into focus any infringements/deviation/violation of the environmental / forest /wildlife norms/ conditions. The company shall have defined system of reporting infringements / deviation / violation of the environmental / forest / wildlife norms / conditions and / or shareholders / stake holders. The copy of the board resolution in this regard shall be submitted to the MoEF&CC as a part of six-monthly report.
- iii. A separate Environmental Cell both at the project and company head quarter level, with qualified personnel shall be set up under the control of senior Executive, who will directly report to the head of the organization.
 - i. Action plan for implementing EMP and environmental conditions along with responsibility matrix of the company shall be prepared and shall be duly approved by competent authority. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Year wise progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six Monthly Compliance Report.
- iv. Self environmental audit shall be conducted annually. Every three years third party environmental audit shall be carried out
- v. All the recommendations made in the Charter on Corporate Responsibility for Environment Protection (CREP) for the Mineral Beneficiation plants shall be implemented.

X. Miscellaneous

- i. The project proponent shall make public the environmental clearance granted for their project along with the environmental conditions and safeguards at their cost by prominently advertising it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days and in addition this shall also be displayed in the project proponent's website permanently.
- ii. The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn has to display the same for 30 days from the date of receipt.

- iii. The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and update the same on half-yearly basis.
- iv. The project proponent shall monitor the criteria pollutants level namely; PM₁₀, SO₂, NO_x (ambient levels as well as stack emissions) or critical sectoral parameters, indicated for the projects and display the same at a convenient location for disclosure to the public and put on the website of the company.
- v. The project proponent shall submit six-monthly reports on the status of the compliance of the stipulated environmental conditions on the website of the ministry of Environment, Forest and Climate Change at environment clearance portal.
- vi. The project proponent shall submit the environmental statement for each financial year in Form-V to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently and put on the website of the company.
- vii. The project proponent shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities, commencing the land development work and start of production operation by the project.
 - i. The project authorities must strictly adhere to the stipulations made by the State Pollution Control Board and the State Government.
 - ii. The project proponent shall abide by all the commitments and recommendations made in the EIA/EMP report, commitment made during Public Hearing and also that during their presentation to the Expert Appraisal Committee.
- viii. No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment, Forests and Climate Change (MoEF&CC).
- ix. Concealing factual data or submission of false/fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.
- x. The Ministry may revoke or suspend the clearance, if implementation of any of the above conditions is not satisfactory.
- xi. The Ministry reserves the right to stipulate additional conditions if found necessary. The Company in a time bound manner shall implement these conditions.
- xii. The Regional Office of this Ministry shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (s) of the Regional Office by furnishing the requisite data / information/monitoring reports.
- xiii. The above conditions shall be enforced, inter-alia under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and Rules and any other

orders passed by the Hon'ble Supreme Court of India / High Courts and any other Court of Law relating to the subject matter.

- xiv. Any appeal against this EC shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

ANNEXURE - X**Standard EC Conditions Integrated Cement Plants:****I. Statutory compliance:**

- i. The project proponent shall obtain forest clearance under the provisions of Forest (Conservation) Act, 1986, in case of the diversion of forest land for non-forest purpose involved in the project.
- ii. The project proponent shall obtain clearance from the National Board for Wildlife, if applicable.
- iii. The project proponent shall prepare a Site-Specific Conservation Plan & Wildlife Management Plan and approved by the Chief Wildlife Warden. The recommendations of the approved Site-Specific Conservation Plan / Wildlife Management Plan shall be implemented in consultation with the State Forest Department. The implementation report shall be furnished along with the six-monthly compliance report. (incase of the presence of schedule-I species in the study area)
- iv. The project proponent shall obtain Consent to Establish / Operate under the provisions of Air (Prevention & Control of Pollution) Act, 1981 and the Water (Prevention & Control of Pollution) Act, 1974 from the concerned State pollution Control Board/ Committee.
- v. The project proponent shall obtain the necessary permission from the Central Ground Water Authority, in case of drawl of ground water / from the competent authority concerned in case of drawl of surface water required for the project.
- i. The project proponent shall obtain authorization under the Hazardous and other Waste Management Rules, 2016 as amended from time to time.

II. Air quality monitoring and preservation

- i. The project proponent shall install 24x7 continuous emission monitoring system at process stacks to monitor stack emission with respect to standards prescribed in Environment (Protection) Rules 1986 (G.S.R. No. 612 (E) dated 25th August, 2014 (Cement) and subsequent amendment dated 9th May, 2016 (Cement) and 10th May, 2016 (Co-processing Cement); S.O. 3305 (E) dated 7th December 2015 (Thermal Power Plants) as amended from time to time and connected to SPCB and CPCB online servers and calibrate these system from time to time according to equipment supplier specification through labs recognised under Environment (Protection) Act, 1986 or NABL accredited laboratories.
- ii. The project proponent shall monitor fugitive emissions in the plant premises at least once in every quarter through labs recognised under Environment (Protection) Act, 1986.
- iii. The project proponent shall install system carryout to Continuous Ambient Air Quality monitoring for common/criterion parameters relevant to the main pollutants

released (e.g. PM₁₀ and PM_{2.5} in reference to PM emission, and SO₂ and NO_x in reference to SO₂ and NO_x emissions) within and outside the plant area at least at four locations (one within and three outside the plant area at an angle of 120° each), covering upwind and downwind directions. (case to case basis small plants: Manual; Large plants: Continuous)

- iv. The project proponent shall submit monthly summary report of continuous stack emission and air quality monitoring and results of manual stack monitoring and manual monitoring of air quality /fugitive emissions to Regional Office of MoEF&CC, Zonal office of CPCB and Regional Office of SPCB along with six-monthly monitoring report.
- v. Appropriate Air Pollution Control (APC) system shall be provided for all the dust generating points including fugitive dust from all vulnerable sources, so as to comply prescribed stack emission and fugitive emission standards.
- vi. The project proponent shall provide leakage detection and mechanised bag cleaning facilities for better maintenance of bags.
- vii. Pollution control system in the cement plant shall be provided as per the CREP Guidelines of CPCB.
- viii. Sufficient number of mobile or stationery vacuum cleaners shall be provided to clean plant roads, shop floors, roofs, regularly.
- ix. Recycle and reuse lime fines, coal fines and such other fines collected in the pollution control devices and vacuum cleaning devices in the process after agglomeration.
- x. Ensure covered transportation and conveying of ore, coal and other raw material to prevent spillage and dust generation; Use closed bulkers for carrying fly ash;
- xi. Provide wind shelter fence and chemical spraying on the raw material stock piles; and
- xii. Provide Low NO_x burners as primary measures and SCR /NSCR technologies as secondary measure to control NO_x emissions. Have separate truck parking area and monitor vehicular emissions at regular interval.
- xiii. Efforts shall be made to reduce impact of the transport of the raw materials and end products on the surrounding environment including agricultural land by the use of covered conveyor belts/railways as a mode of transport
- xiv. Ventilation system shall be designed for adequate air changes as per ACGIH document for all tunnels, motor houses, cement bagging plants

III. Water quality monitoring and preservation

- i. The project proponent shall install 24x7 continuous effluent monitoring system with respect to standards prescribed in Environment (Protection) Rules 1986 vide G.S.R. No. 612 (E) dated 25th August, 2014 (Cement) and subsequent amendment dated 9th May, 2016 (Cement) and 10th May, 2016 (in case of Co-processing Cement) as amended from time to time; S.O. 3305 (E) dated 7th December 2015 (Thermal Power Plants) as amended from time to time) and connected to SPCB and CPCB online

servers and calibrate these system from time to time according to equipment supplier specification through labs recognised under Environment (Protection) Act, 1986 or NABL accredited laboratories. (case to case basis small plants: Manual; Large plants: Continuous)

- ii. The project proponent shall monitor regularly ground water quality at least twice a year (pre and post monsoon) at sufficient numbers of piezometers/sampling wells in the plant and adjacent areas through labs recognised under Environment (Protection) Act, 1986 and NABL accredited laboratories.
- iii. The project proponent shall submit monthly summary report of continuous effluent monitoring and results of manual effluent testing and manual monitoring of ground water quality to Regional Office of MoEF&CC, Zonal office of CPCB and Regional Office of SPCB along with six-monthly monitoring report.
- iv. Adhere to 'Zero Liquid Discharge'.
- v. Sewage Treatment Plant shall be provided for treatment of domestic wastewater to meet the prescribed standards.
- vi. Garland drains and collection pits shall be provided for each stock pile to arrest the run-off in the event of heavy rains and to check the water pollution due to surface run off
- vii. The project proponent shall practice rainwater harvesting to maximum possible extent.
- viii. Water meters shall be provided at the inlet to all unit processes in the cement plant.
- ix. The project proponent shall make efforts to minimise water consumption in the steel plant complex by segregation of used water, practicing cascade use and by recycling treated water.

IV. Noise monitoring and prevention

- i. Noise level survey shall be carried as per the prescribed guidelines and report in this regard shall be submitted to Regional Officer of the Ministry as a part of six-monthly compliance report
- ii. The ambient noise levels should conform to the standards prescribed under E(P)A Rules, 1986 viz. 75 dB(A) during day time and 70 dB(A) during night time.

V. Energy Conservation measures

- i. Waste heat recovery system shall be provided for kiln and cooler.
- ii. The project proponent make efforts to achieve power consumption less than 65 units/tonne for Portland Pozzolona Cement (PPC) and 85 units/tonne for Ordinary Portland Cement (OPC) production and thermal energy consumption of 670 Kcal/Kg of clinker.

- iii. Provide solar power generation on roof tops of buildings, for solar light system for all common areas, street lights, parking around project area and maintain the same regularly.
- iv. Provide the project proponent for LED lights in their offices and residential areas.
- v. Maximize utilization of fly ash, slag and sweetener in cement blend as per BIS standards.
- vi. maximize utilization of alternate fuels and Co-processing to achieve best practice norms

VI. Waste management

- i. Used refractories shall be recycled as far as possible.
- ii. The waste oil, grease and other hazardous shall be disposed of as per the Hazardous & Other waste (Management & Transboundary Movement) Rules, 2016.
- iii. Kitchen waste shall be composted or converted to biogas for further use. *(to be decided on case to case basis depending on type and size of plant)*

VII. Green Belt

- i. Green belt shall be developed in an area equal to 33% of the plant area with a native tree species in accordance with CPCB guidelines. The greenbelt shall inter alia cover the entire periphery of the plant
- ii. The project proponent shall prepare GHG emissions inventory for the plant and shall submit the programme for reduction of the same including carbon sequestration including plantation.

VIII. Public hearing and Human health issues

- i. Emergency preparedness plan based on the Hazard identification and Risk Assessment (HIRA) and Disaster Management Plan shall be implemented.
- ii. The PP shall carry out heat stress analysis for the workmen who work in high temperature work zone and provide Personal Protection Equipment (PPE) as per the norms of Factory Act.
- iii. Provision shall be made for the housing of construction labour within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, crèche etc. The housing may be in the form of temporary structures to be removed after the completion of the project.
- iv. Occupational health surveillance of the workers shall be done on a regular basis and records maintained as per the Factories Act.

IX. Corporate Environment Responsibility

- i. The project proponent shall comply with the provisions contained in this Ministry's OM vide F.No. 22-65/2017-IA.III dated 1st May 2018, as applicable, regarding Corporate Environment Responsibility.
- ii. The company shall have a well laid down environmental policy duly approved by the Board of Directors. The environmental policy should prescribe for standard operating procedures to have proper checks and balances and to bring into focus any infringements/deviation/violation of the environmental / forest / wildlife norms / conditions. The company shall have defined system of reporting infringements / deviation / violation of the environmental / forest / wildlife norms / conditions and / or shareholders / stake holders. The copy of the board resolution in this regard shall be submitted to the MoEF&CC as a part of six-monthly report.
- iii. A separate Environmental Cell both at the project and company head quarter level, with qualified personnel shall be set up under the control of senior Executive, who will directly report to the head of the organization.
- iv. Action plan for implementing EMP and environmental conditions along with responsibility matrix of the company shall be prepared and shall be duly approved by competent authority. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Year wise progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six Monthly Compliance Report.
- v. Self environmental audit shall be conducted annually. Every three years third party environmental audit shall be carried out.
- vi. All the recommendations made in the Charter on Corporate Responsibility for Environment Protection (CREP) for the Cement plants shall be implemented.

X. Miscellaneous

- i. The project proponent shall make public the environmental clearance granted for their project along with the environmental conditions and safeguards at their cost by prominently advertising it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days and in addition this shall also be displayed in the project proponent's website permanently.
- ii. The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn has to display the same for 30 days from the date of receipt.
- iii. The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and update the same on half-yearly basis.
- iv. The project proponent shall monitor the criteria pollutants level namely; PM₁₀, SO₂, NO_x (ambient levels as well as stack emissions) or critical sectoral parameters, indicated for the projects and display the same at a convenient location for disclosure to the public and put on the website of the company.

- v. The project proponent shall submit six-monthly reports on the status of the compliance of the stipulated environmental conditions on the website of the ministry of Environment, Forest and Climate Change at environment clearance portal.
- vi. The project proponent shall submit the environmental statement for each financial year in Form-V to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently and put on the website of the company.
- vii. The project proponent shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities, commencing the land development work and start of production operation by the project.
 - i. The project authorities must strictly adhere to the stipulations made by the State Pollution Control Board and the State Government.
 - ii. The project proponent shall abide by all the commitments and recommendations made in the EIA/EMP report, commitment made during Public Hearing and also that during their presentation to the Expert Appraisal Committee.
- viii. No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment, Forests and Climate Change (MoEF&CC).
- ix. Concealing factual data or submission of false/fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.
- x. The Ministry may revoke or suspend the clearance, if implementation of any of the above conditions is not satisfactory.
- xi. The Ministry reserves the right to stipulate additional conditions if found necessary. The Company in a time bound manner shall implement these conditions.
- xii. The Regional Office of this Ministry shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (s) of the Regional Office by furnishing the requisite data / information/monitoring reports.
- xiii. The above conditions shall be enforced, inter-alia under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and Rules and any other orders passed by the Hon'ble Supreme Court of India / High Courts and any other Court of Law relating to the subject matter.
- xiv. Any appeal against this EC shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

ANNEXURE - XI**Standard EC Conditions for Cement Grinding Units with Captive Power Plants:****I. Monitoring of compliance**

- i. The project proponent shall obtain forest clearance under the provisions of Forest (Conservation) Act, 1986, in case of the diversion of forest land for non-forest purpose involved in the project.
- ii. The project proponent shall obtain clearance from the National Board for Wildlife, if applicable.
- iii. The project proponent shall prepare a Site-Specific Conservation Plan & Wildlife Management Plan and approved by the Chief Wildlife Warden. The recommendations of the approved Site-Specific Conservation Plan / Wildlife Management Plan shall be implemented in consultation with the State Forest Department. The implementation report shall be furnished along with the six-monthly compliance report. (incase of the presence of schedule-I species in the study area)
- iv. The project proponent shall obtain Consent to Establish / Operate under the provisions of Air (Prevention & Control of Pollution) Act, 1981 and the Water (Prevention & Control of Pollution) Act, 1974 from the concerned State pollution Control Board/ Committee.
- v. The project proponent shall obtain the necessary permission from the Central Ground Water Authority, in case of drawl of ground water / from the competent authority concerned in case of drawl of surface water required for the project.
- vi. The project proponent shall obtain authorization under the Hazardous and other Waste Management Rules, 2016 as amended from time to time.

II. Air quality monitoring and preservation

- i. The project proponent shall install 24x7 continuous emission monitoring system at process stacks to monitor stack emission with respect to standards prescribed in Environment (Protection) Rules 1986 (G.S.R. No. 612 (E) dated 25th S.O. 3305 (E) dated 7th December 2015 (Thermal Power Plants) as amended from time to time and connected to SPCB and CPCB online servers and calibrate these system from time to time according to equipment supplier specification through labs recognised under Environment (Protection) Act, 1986 or NABL accredited laboratories.
- ii. The project proponent shall monitor fugitive emissions in the plant premises at least once in every quarter through labs recognised under Environment (Protection) Act, 1986.
- iii. The project proponent shall install system carryout to Ambient Air Quality monitoring for common/criterion parameters relevant to the main pollutants released (e.g. PM₁₀ and PM_{2.5} in reference to PM emission, and SO₂ and NO_x in reference to

SO₂ and NO_x emissions) within and outside the plant area at least at four locations (one within and three outside the plant area at an angle of 120° each), covering upwind and downwind directions. (case to case basis small plants: Manual; Large plants: Continuous)

- iv. The project proponent shall submit monthly summary report of continuous stack emission and air quality monitoring and results of manual stack monitoring and manual monitoring of air quality /fugitive emissions to Regional Office of MoEF&CC, Zonal office of CPCB and Regional Office of SPCB along with six-monthly monitoring report.
- v. Appropriate Air Pollution Control (APC) system shall be provided for all the dust generating points including fugitive dust from all vulnerable sources, so as to comply prescribed stack emission and fugitive emission standards.
- vi. The project proponent shall provide leakage detection and mechanised bag cleaning facilities for better maintenance of bags.
- vii. Pollution control system in the cement plant shall be provided as per the CREP Guidelines of CPCB.
- viii. Sufficient number of mobile or stationery vacuum cleaners shall be provided to clean plant roads, shop floors, roofs, regularly.
- ix. Ensure covered transportation and conveying of raw material to prevent spillage and dust generation; Use closed bulkers for carrying fly ash.
- x. Provide wind shelter fence and chemical spraying on the raw material stock piles; and
- xi. Provide Low NO_x burners as primary measures and SCR /NSCR technologies as secondary measure to control NO_x emissions.
- xii. Have separate truck parking area and monitor vehicular emissions at regular interval.
- xiii. Efforts shall be made to reduce impact of the transport of the raw materials and end products on the surrounding environment including agricultural land by the use of covered conveyor belts/railways as a mode of transport
- xiv. Ventilation system shall be designed for adequate air changes as per ACGIH document for all tunnels, motor houses, cement bagging plants

III. Water quality monitoring and preservation

- i. The project proponent shall install effluent monitoring system with respect to standards prescribed in Environment (Protection) Rules 1986 vide G.S.R. No. 612 (E) dated 25th August, 2014 (Cement) and subsequent amendment dated 9th May, 2016 (Cement) and S.O. 3305 (E) dated 7th December 2015 (Thermal Power Plants) as amended from time to time) and connected to SPCB and CPCB online servers and calibrate these system from time to time according to equipment supplier specification through labs recognised under Environment (Protection) Act, 1986 or NABL accredited laboratories. (case to case basis small plants: Manual; Large plants: Continuous)

- ii. The project proponent shall monitor regularly ground water quality at least twice a year (pre and post monsoon) at sufficient numbers of piezometers / sampling wells in the plant and adjacent areas through labs recognised under Environment (Protection) Act, 1986 and NABL accredited laboratories.
- iii. The project proponent shall submit monthly summary report of continuous effluent monitoring and results of manual effluent testing and manual monitoring of ground water quality to Regional Office of MoEF&CC, Zonal office of CPCB and Regional Office of SPCB along with six-monthly monitoring report.
- iv. Adhere to 'Zero Liquid Discharge'.
- v. Sewage Treatment Plant shall be provided for treatment of domestic wastewater to meet the prescribed standards.
- vi. Garland drains and collection pits shall be provided for each stock pile to arrest the run-off in the event of heavy rains and to check the water pollution due to surface run off
- vii. The project proponent shall practice rainwater harvesting to maximum possible extent.
- viii. Water meters shall be provided at the inlet to all unit processes in the cement plant.
- ix. The project proponent shall make efforts to minimise water consumption in the cement plant complex by segregation of used water, practicing cascade use and by recycling treated water.

IV. Noise monitoring and prevention

- i. Noise level survey shall be carried as per the prescribed guidelines and report in this regard shall be submitted to Regional Officer of the Ministry as a part of six-monthly compliance report.
- ii. The ambient noise levels should conform to the standards prescribed under E(P)A Rules, 1986 viz. 75 dB(A) during day time and 70 dB(A) during night time

V. Energy Conservation measures

- i. Provide solar power generation on roof tops of buildings, for solar light system for all common areas, street lights, parking around project area and maintain the same regularly.
- ii. Provide the project proponent for LED lights in their offices and residential areas.
- iii. Maximize utilization of fly ash, slag and sweetener in cement blend as per BIS standards.

VI. Waste management

- i. The waste oil, grease and other hazardous shall be disposed of as per the Hazardous & Other waste (Management & Transboundary Movement) Rules, 2016.

- ii. Kitchen waste shall be composted or converted to biogas for further use. *(to be decided on case to case basis depending on type and size of plant)*

VII. Green Belt

- i. Green belt shall be developed in an area equal to 33% of the plant area with a native tree species in accordance with CPCB guidelines. The greenbelt shall inter alia cover the entire periphery of the plant
- ii. The project proponent shall prepare GHG emissions inventory for the plant and shall submit the programme for reduction of the same including carbon sequestration including plantation.

VIII. Public hearing and Human health issues

- i. Emergency preparedness plan based on the Hazard identification and Risk Assessment (HIRA) and Disaster Management Plan shall be implemented.
- ii. The PP shall provide Personal Protection Equipment (PPE) as per the norms of Factory Act.
- iii. Provision shall be made for the housing of construction labour within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, crèche etc. The housing may be in the form of temporary structures to be removed after the completion of the project.
- iv. Occupational health surveillance of the workers shall be done on a regular basis and records maintained as per the Factories Act.

IX. Corporate Environment Responsibility

- i. The project proponent shall comply with the provisions contained in this Ministry's OM vide F.No. 22-65/2017-IA.III dated 1st May 2018, as applicable, regarding Corporate Environment Responsibility.
- ii. The company shall have a well laid down environmental policy duly approved by the Board of Directors. The environmental policy should prescribe for standard operating procedures to have proper checks and balances and to bring into focus any infringements/deviation/violation of the environmental / forest / wildlife norms / conditions. The company shall have defined system of reporting infringements / deviation / violation of the environmental / forest / wildlife norms / conditions and / or shareholders / stake holders. The copy of the board resolution in this regard shall be submitted to the MoEF&CC as a part of six-monthly report.
- iii. A separate Environmental Cell both at the project and company head quarter level, with qualified personnel shall be set up under the control of senior Executive, who will directly to the head of the organization.
- iv. Action plan for implementing EMP and environmental conditions along with responsibility matrix of the company shall be prepared and shall be duly approved by competent authority. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other

purpose. Year wise progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six Monthly Compliance Report.

- v. Self environmental audit shall be conducted annually. Every three years third party environmental audit shall be carried out.
- vi. All the recommendations made in the Charter on Corporate Responsibility for Environment Protection (CREP) for the cement plants shall be implemented.

X. Miscellaneous

- i. The project proponent shall make public the environmental clearance granted for their project along with the environmental conditions and safeguards at their cost by prominently advertising it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days and in addition this shall also be displayed in the project proponent's website permanently.
- ii. The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn has to display the same for 30 days from the date of receipt.
- iii. The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and update the same on half-yearly basis.
- iv. The project proponent shall monitor the criteria pollutants level namely; PM₁₀, SO₂, NO_x (ambient levels as well as stack emissions) or critical sectoral parameters, indicated for the projects and display the same at a convenient location for disclosure to the public and put on the website of the company.
- v. The project proponent shall submit six-monthly reports on the status of the compliance of the stipulated environmental conditions on the website of the ministry of Environment, Forest and Climate Change at environment clearance portal.
- vi. The project proponent shall submit the environmental statement for each financial year in Form-V to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently and put on the website of the company.
- vii. The project proponent shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities, commencing the land development work and start of production operation by the project.
 - i. The project authorities must strictly adhere to the stipulations made by the State Pollution Control Board and the State Government.
 - ii. The project proponent shall abide by all the commitments and recommendations made in the EIA/EMP report, commitment made during Public Hearing and also that during their presentation to the Expert Appraisal Committee.

- viii. No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment, Forests and Climate Change (MoEF&CC).
- ix. Concealing factual data or submission of false/fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.
- x. The Ministry may revoke or suspend the clearance, if implementation of any of the above conditions is not satisfactory.
- xi. The Ministry reserves the right to stipulate additional conditions if found necessary. The Company in a time bound manner shall implement these conditions.
- xii. The Regional Office of this Ministry shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (s) of the Regional Office by furnishing the requisite data / information/monitoring reports.
- xiii. The above conditions shall be enforced, inter-alia under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and Rules and any other orders passed by the Hon'ble Supreme Court of India / High Courts and any other Court of Law relating to the subject matter.
- xiv. Any appeal against this EC shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

ANNEXURE - XII**Standard EC Conditions for Cement Grinding Units without Captive Power Plants:****I. Statutory compliance**

- i. The project proponent shall obtain forest clearance under the provisions of Forest (Conservation) Act, 1986, in case of the diversion of forest land for non-forest purpose involved in the project.
- ii. The project proponent shall obtain clearance from the National Board for Wildlife, if applicable.
- iii. The project proponent shall prepare a Site-Specific Conservation Plan & Wildlife Management Plan and approved by the Chief Wildlife Warden. The recommendations of the approved Site-Specific Conservation Plan / Wildlife Management Plan shall be implemented in consultation with the State Forest Department. The implementation report shall be furnished along with the six-monthly compliance report. (incase of the presence of schedule-I species in the study area)
- iv. The project proponent shall obtain Consent to Establish / Operate under the provisions of Air (Prevention & Control of Pollution) Act, 1981 and the Water (Prevention & Control of Pollution) Act, 1974 from the concerned State pollution Control Board/ Committee.
- v. The project proponent shall obtain the necessary permission from the Central Ground Water Authority, in case of drawl of ground water / from the competent authority concerned in case of drawl of surface water required for the project.
- vi. The project proponent shall obtain authorization under the Hazardous and other Waste Management Rules, 2016 as amended from time to time.

II. Air quality monitoring and preservation

- i. The project proponent shall install 24x7 continuous emission monitoring system at process stacks to monitor stack emission with respect to standards prescribed in Environment (Protection) Rules 1986 vide G.S.R. No. 612 (E) dated 25th August, 2014 (Cement) and subsequent amendment dated 9th May, 2016 (Cement) and connected to SPCB and CPCB online servers and calibrate these system from time to time according to equipment supplier specification through labs recognised under Environment (Protection) Act, 1986 or NABL accredited laboratories.
- ii. The project proponent shall monitor fugitive emissions in the plant premises at least once in every quarter through labs recognised under Environment (Protection) Act, 1986.
- iii. The project proponent shall install system carryout to Ambient Air Quality monitoring for common/criterion parameters relevant to the main pollutants released (e.g. PM₁₀ and PM_{2.5} in reference to PM emission, and SO₂ and NO_x in reference to

SO₂ and NO_x emissions) within and outside the plant area at least at four locations (one within and three outside the plant area at an angle of 120° each), covering upwind and downwind directions. (case to case basis small plants: Manual; Large plants: Continuous)

- iv. The project proponent shall submit monthly summary report of continuous stack emission and air quality monitoring and results of manual stack monitoring and manual monitoring of air quality /fugitive emissions to Regional Office of MoEF&CC, Zonal office of CPCB and Regional Office of SPCB along with six-monthly monitoring report.
- v. Appropriate Air Pollution Control (APC) system shall be provided for all the dust generating points including fugitive dust from all vulnerable sources, so as to comply prescribed stack emission and fugitive emission standards.
- vi. The project proponent shall provide leakage detection and mechanised bag cleaning facilities for better maintenance of bags.
- vii. Pollution control system in the cement plant shall be provided as per the CREP Guidelines of CPCB.
- viii. Sufficient number of mobile or stationery vacuum cleaners shall be provided to clean plant roads, shop floors, roofs, regularly.
- ix. Ensure covered transportation and conveying of raw material to prevent spillage and dust generation; Use closed bulkers for carrying fly ash.
- x. Provide wind shelter fence and chemical spraying on the raw material stock piles; and
- xi. Have separate truck parking area and monitor vehicular emissions at regular interval.
- xii. Efforts shall be made to reduce impact of the transport of the raw materials and end products on the surrounding environment including agricultural land by the use of covered conveyor belts/railways as a mode of transport
- xiii. Ventilation system shall be designed for adequate air changes as per ACGIH document for all tunnels, motor houses, cement bagging plants

III. Water quality monitoring and preservation

- i. The project proponent shall install effluent monitoring system with respect to standards prescribed in Environment (Protection) Rules 1986 vide G.S.R. No. 612 (E) dated 25th August, 2014 (Cement) and subsequent amendment dated 9th May, 2016 (Cement) and connected to SPCB and CPCB online servers and calibrate these system from time to time according to equipment supplier specification through labs recognised under Environment (Protection) Act, 1986 or NABL accredited laboratories. (case to case basis small plants: Manual; Large plants: Continuous)
- ii. The project proponent shall monitor regularly ground water quality at least twice a year (pre and post monsoon) at sufficient numbers of piezometers/sampling wells in the plant and adjacent areas through labs recognised under Environment (Protection) Act, 1986 and NABL accredited laboratories.

- iii. The project proponent shall submit monthly summary report of continuous effluent monitoring and results of manual effluent testing and manual monitoring of ground water quality to Regional Office of MoEF&CC, Zonal office of CPCB and Regional Office of SPCB along with six-monthly monitoring report.
- iv. Adhere to 'Zero Liquid Discharge'.
- v. Sewage Treatment Plant shall be provided for treatment of domestic wastewater to meet the prescribed standards.
- vi. Garland drains and collection pits shall be provided for each stock pile to arrest the run-off in the event of heavy rains and to check the water pollution due to surface run off
- vii. The project proponent shall practice rainwater harvesting to maximum possible extent.
- viii. Water meters shall be provided at the inlet to all unit processes in the cement plant.
- ix. The project proponent shall make efforts to minimise water consumption in the cement plant complex by segregation of used water, practicing cascade use and by recycling treated water.

IV. Noise monitoring and prevention

- i. Noise level survey shall be carried as per the prescribed guidelines and report in this regard shall be submitted to Regional Officer of the Ministry as a part of six-monthly compliance report.
- ii. The ambient noise levels should conform to the standards prescribed under E(P)A Rules, 1986 viz. 75 dB(A) during day time and 70 dB(A) during night time

V. Energy Conservation measures

- i. Provide solar power generation on roof tops of buildings, for solar light system for all common areas, street lights, parking around project area and maintain the same regularly.
- ii. Provide the project proponent for LED lights in their offices and residential areas.
- iii. Maximize utilization of fly ash, slag and sweetener in cement blend as per BIS standards.

VI. Waste management

- i. The waste oil, grease and other hazardous shall be disposed of as per the Hazardous & Other waste (Management & Transboundary Movement) Rules, 2016.
- ii. Kitchen waste shall be composted or converted to biogas for further use.*(to be decided on case to case basis depending on type and size of plant)*

VII. Green Belt

- i. Green belt shall be developed in an area equal to 33% of the plant area with a native tree species in accordance with CPCB guidelines. The greenbelt shall inter alia cover the entire periphery of the plant
- ii. The project proponent shall prepare GHG emissions inventory for the plant and shall submit the programme for reduction of the same including carbon sequestration including plantation.

VIII. Public hearing and Human health issues

- i. Emergency preparedness plan based on the Hazard identification and Risk Assessment (HIRA) and Disaster Management Plan shall be implemented.
- ii. The PP shall provide Personal Protection Equipment (PPE) as per the norms of Factory Act.
- iii. Provision shall be made for the housing of construction labour within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, crèche etc. The housing may be in the form of temporary structures to be removed after the completion of the project.
- iv. Occupational health surveillance of the workers shall be done on a regular basis and records maintained as per the Factories Act.

IX. Corporate Environment Responsibility

- i. The project proponent shall comply with the provisions contained in this Ministry's OM vide F.No. 22-65/2017-IA.III dated 1st May 2018, as applicable, regarding Corporate Environment Responsibility.
- ii. The company shall have a well laid down environmental policy duly approved by the Board of Directors. The environmental policy should prescribe for standard operating procedures to have proper checks and balances and to bring into focus any infringements/deviation/violation of the environmental / forest /wildlife norms/ conditions. The company shall have defined system of reporting infringements / deviation / violation of the environmental / forest / wildlife norms / conditions and / or shareholders / stake holders. The copy of the board resolution in this regard shall be submitted to the MoEF&CC as a part of six-monthly report.
- iii. A separate Environmental Cell both at the project and company head quarter level, with qualified personnel shall be set up under the control of senior Executive, who will directly report to the head of the organization.
 - i. Action plan for implementing EMP and environmental conditions along with responsibility matrix of the company shall be prepared and shall be duly approved by competent authority. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Year wise progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six Monthly Compliance Report.
- iv. Self environmental audit shall be conducted annually. Every three years third party environmental audit shall be carried out.

- v. All the recommendations made in the Charter on Corporate Responsibility for Environment Protection (CREP) for the cement plants shall be implemented.

X. Miscellaneous

- i. The project proponent shall make public the environmental clearance granted for their project along with the environmental conditions and safeguards at their cost by prominently advertising it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days and in addition this shall also be displayed in the project proponent's website permanently.
- ii. The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn has to display the same for 30 days from the date of receipt.
- iii. The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and update the same on half-yearly basis.
- iv. The project proponent shall monitor the criteria pollutants level namely; PM₁₀, SO₂, NO_x (ambient levels as well as stack emissions) or critical sectoral parameters, indicated for the projects and display the same at a convenient location for disclosure to the public and put on the website of the company.
- v. The project proponent shall submit six-monthly reports on the status of the compliance of the stipulated environmental conditions on the website of the ministry of Environment, Forest and Climate Change at environment clearance portal.
- vi. The project proponent shall submit the environmental statement for each financial year in Form-V to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently and put on the website of the company.
- vii. The project proponent shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities, commencing the land development work and start of production operation by the project.
 - i. The project authorities must strictly adhere to the stipulations made by the State Pollution Control Board and the State Government.
 - ii. The project proponent shall abide by all the commitments and recommendations made in the EIA/EMP report, commitment made during Public Hearing and also that during their presentation to the Expert Appraisal Committee.
- viii. No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment, Forests and Climate Change (MoEF&CC).
- ix. Concealing factual data or submission of false/fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.

- x. The Ministry may revoke or suspend the clearance, if implementation of any of the above conditions is not satisfactory.
- xi. The Ministry reserves the right to stipulate additional conditions if found necessary. The Company in a time bound manner shall implement these conditions.
- xii. The Regional Office of this Ministry shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (s) of the Regional Office by furnishing the requisite data / information/monitoring reports.
- xiii. The above conditions shall be enforced, inter-alia under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and Rules and any other orders passed by the Hon'ble Supreme Court of India / High Courts and any other Court of Law relating to the subject matter.
- xiv. Any appeal against this EC shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

ANNEXURE - XIII**Standard EC Conditions for Tanneries and Leather / Hide Processing Units Industries****I. Statutory compliance:**

- i. The project proponent shall obtain forest clearance under the provisions of Forest (Conservation) Act, 1986, in case of the diversion of forest land for non-forest purpose involved in the project.
- ii. The project proponent shall obtain clearance from the National Board for Wildlife, if applicable.
- iii. The project proponent shall prepare a Site-Specific Conservation Plan & Wildlife Management Plan and approved by the Chief Wildlife Warden. The recommendations of the approved Site-Specific Conservation Plan / Wildlife Management Plan shall be implemented in consultation with the State Forest Department. The implementation report shall be furnished along with the six-monthly compliance report. (in case of the presence of schedule-I species in the study area)
- iv. The project proponent shall obtain Consent to Establish / Operate under the provisions of Air (Prevention & Control of Pollution) Act, 1981 and the Water (Prevention & Control of Pollution) Act, 1974 from the concerned State pollution Control Board/ Committee.
- v. The project proponent shall obtain the necessary permission from the Central Ground Water Authority, in case of drawl of ground water / from the competent authority concerned in case of drawl of surface water required for the project.

II. Air quality monitoring and preservation

- i. The project proponent shall install emission monitoring system at process stacks to monitor stack emission with respect to standards prescribed in Environment (Protection) Rules 1986.
- ii. The project proponent shall monitor fugitive emissions (for PM_{2.5}, PM₁₀, NH₃ and VOCs) in the plant premises at least once in a year through labs recognised under Environment (Protection) Act, 1986.
- iii. The project proponent shall submit monthly summary report of monitoring of air quality / fugitive emissions to Regional Office of MoEF&CC, Zonal office of CPCB and Regional Office of SPCB in the six-monthly monitoring report.
- iv. The project proponent shall provide appropriate Air Pollution Control (APC) system for all the emission generating points so as to comply prescribed stack emission standards (if any stack is proposed).
- v. Adequate method shall be adopted to control odour and a report submitted to the Ministry's Regional Office.

- vi. The Company shall provide stacks of adequate height to the D.G. Sets along with acoustic enclosures for noise control as per guidelines. The DG Sets should comply with the norms notified.

III. Water quality monitoring and preservation

- i. The project proponent shall install 24x7 continuous effluent monitoring system at discharge points for effluents with respect to standards prescribed in Environment (Protection) Rules 1986 and connect to SPCB and CPCB online servers and calibrate these system from time to time according to equipment supplier specification through labs recognised under Environment (Protection) Act, 1986 or NABL accredited laboratories.
- ii. The effluent shall monitor manually with respect to standards prescribed in Environment (Protection) Rules 1986 at least once in every quarter through labs recognised under Environment (Protection) Act, 1986.
- iii. The project proponent shall monitor regularly ground water quality at least twice a year (pre and post monsoon) at sufficient numbers of piezometers / sampling wells in the plant and adjacent areas through labs recognised under Environment (Protection) Act, 1986 and NABL accredited laboratories.
- iv. Ground water monitoring around the solid waste disposal site/secured landfill (SLF), if any, should be carried out regularly
- v. The project proponent shall submit monthly summary report of continuous effluent monitoring and results of manual effluent testing and manual monitoring of ground water quality to Regional Office of MoEF&CC, Zonal office of CPCB and Regional Office of SPCB along with six-monthly monitoring report.
- vi. The project proponent provide the ETP for effluent to meet the standards prescribed under the Environment (Protection) Rules, 1986 as amended from time to time.
- vii. The project proponent allow the treated effluent to be discharged in the ambient environment only after exhausting options for reuse in order to minimise freshwater usage. (in case of the large scale tanneries in sensitive / critical areas-implement Zero Liquid Discharge)
- viii. Wastewater after primary treatment should be discharged into the CETP through a closed pipeline. **(it shall be applicable if tannery effluent is send to a CETP)**
- ix. At 100% utilisation of the processing capacity, the total effluent generated from the leather complex should not exceed stipulated limit. All tanneries located in the area should install required pre-treatment facilities in their tannery. The entire effluent generated (except chrome liquor) after pre-treatment, should be treated in the CETP and it shall meet the prescribed CETP standards. The final CETP design and recommended standards should be approved by a Govt. institute such as NEERI, CLRI, IITs, NITs **(it shall be applicable to tannery CETP)**

- x. Provide Sewage Treatment Plant for domestic wastewater in case there is no municipal sewer line to convey sewage for treatment at Municipality sewage treatment plant.
- xi. Garland drains and collection pits shall be provided for each stock pile to arrest the run-off in the event of heavy rains and to check the water pollution due to surface run off.
- xii. The project proponent shall practice rainwater harvesting to maximum possible extent.
- xiii. Water meters shall be provided at the inlet to all unit processes in the steel plants.
- xiv. The project proponent shall make efforts for reduction in specific water and power consumption and increase in the recycling of the treated effluent.

IV. Noise monitoring and prevention

- i. The ambient noise levels should conform to the standards prescribed under E(P)A Rules, 1986 viz. 75 dB(A) during day time and 70 dB(A) during night time.

V. Energy Conservation measures

- i. Provide solar power generation on roof tops of buildings, for solar light system for all common areas, street lights, parking around project area and maintain the same regularly;
- ii. Provide LED lights in their offices and residential areas.

VI. Waste management

- i. Spent chrome liquor should be segregated at the tannery premises and collected separately and processed for recovery and reuse of chromium in the tanneries. The process adopted should be the one involving precipitation of chromium with the help of a suitable alkali. Design of the proposed continuous Chrome Recovery plant should be approved by a Govt. institute such as NEERI, CLRI, IITs, NITs.
- ii. In-house various salt control measures shall be adopted by tanneries: such as mechanical desalting of hide, counter current soaking and recycling of pickle liquor to reduce TDS.
- iii. The company shall dispose of solid waste in the secured double lined landfill site. The fleshings from the tannery shall be supplied to the manufacturers of dog chew and glue or properly dispose of in environment-friendly manner.
- iv. The waste shall be disposed of as per the Hazardous & Other waste (Management & Transboundary Movement) Rules, 2016 and Solid Waste Management Rules, 2016.

VII. Green Belt

- i. Green belt shall be developed in an area equal to 33% of the plant area with a native tree species in accordance with CPCB guidelines. The greenbelt shall inter alia cover the entire periphery of the plant

VIII. Public hearing and Human health issues

- i. Emergency preparedness plan based on the Hazard identification and Risk Assessment (HIRA) and Disaster Management Plan shall be implemented.
- ii. Occupational health surveillance of the workers shall be done on a regular basis and records maintained as per the Factories Act.

IX. Corporate Environment Responsibility

- i. The project proponent shall comply with the provisions contained in this Ministry's OM vide F.No. 22-65/2017-IA.III dated 1st May 2018, as applicable, regarding Corporate Environment Responsibility.
- ii. The company shall have a well laid down environmental policy duly approve by the Board of Directors. The environmental policy should prescribe for standard operating procedures to have proper checks and balances and to bring into focus any infringements/deviation/violation of the environmental / forest /wildlife norms/ conditions. The company shall have defined system of reporting infringements / deviation / violation of the environmental / forest / wildlife norms / conditions and / or shareholders / stake holders. The copy of the board resolution in this regard shall be submitted to the MoEF&CC as a part of six-monthly report.
- iii. A separate Environmental Cell both at the project and company head quarter level, with qualified personnel shall be set up under the control of senior Executive, who will directly to the head of the organization.
- iv. Action plan for implementing EMP and environmental conditions along with responsibility matrix of the company shall be prepared and shall be duly approved by competent authority. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Year wise progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six Monthly Compliance Report.
- v. Self environmental audit shall be conducted annually. Every three years third party environmental audit shall be carried out
- vi. All the recommendations made in the Charter on Corporate Responsibility for Environment Protection (CREP) for the tannery sector shall be implemented.

X. Miscellaneous

- i. The project proponent shall make public the environmental clearance granted for their project along with the environmental conditions and safeguards at their cost by prominently advertising it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days and in addition this shall also be displayed in the project proponent's website permanently.

- ii. The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn has to display the same for 30 days from the date of receipt.
- iii. The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and update the same on half-yearly basis.
- iv. The project proponent shall submit six-monthly reports on the status of the compliance of the stipulated environmental conditions on the website of the ministry of Environment, Forest and Climate Change at environment clearance portal.
- v. The project proponent shall submit the environmental statement for each financial year in Form-V to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently and put on the website of the company.
- vi. The project proponent shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities, commencing the land development work and start of production operation by the project.
- vii. The project authorities must strictly adhere to the stipulations made by the State Pollution Control Board and the State Government.
- viii. The project proponent shall abide by all the commitments and recommendations made in the EIA/EMP report, commitment made during Public Hearing and also that during their presentation to the Expert Appraisal Committee.
- ix. No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment, Forests and Climate Change (MoEF&CC).
- x. Concealing factual data or submission of false/fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.
- xi. The Ministry may revoke or suspend the clearance, if implementation of any of the above conditions is not satisfactory.
- xii. The Ministry reserves the right to stipulate additional conditions if found necessary. The Company in a time bound manner shall implement these conditions.
- xiii. The Regional Office of this Ministry shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (s) of the Regional Office by furnishing the requisite data / information/monitoring reports.
- xiv. The above conditions shall be enforced, inter-alia under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and Rules and any other

orders passed by the Hon'ble Supreme Court of India / High Courts and any other Court of Law relating to the subject matter.

- xv. Any appeal against this EC shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

ANNEXURE - XIV**Standard EC Conditions for Paper and Pulp Industries:****I. Statutory compliance:**

- i. The project proponent shall obtain forest clearance under the provisions of Forest (Conservation) Act, 1986, in case of the diversion of forest land for non-forest purpose involved in the project.
- ii. The project proponent shall obtain clearance from the National Board for Wildlife, if applicable.
- iii. The project proponent shall prepare a Site-Specific Conservation Plan & Wildlife Management Plan and approved by the Chief Wildlife Warden. The recommendations of the approved Site-Specific Conservation Plan / Wildlife Management Plan shall be implemented in consultation with the State Forest Department. The implementation report shall be furnished along with the six-monthly compliance report. (incase of the presence of schedule-I species in the study area)
- iv. The project proponent shall obtain Consent to Establish / Operate under the provisions of Air (Prevention & Control of Pollution) Act, 1981 and the Water (Prevention & Control of Pollution) Act, 1974 from the concerned State pollution Control Board/ Committee.
- v. The project proponent shall obtain the necessary permission from the Central Ground Water Authority, in case of drawl of ground water / from the competent authority concerned in case of drawl of surface water required for the project.
- vi. The project proponent shall obtain authorization under the Hazardous and other Waste Management Rules, 2016 as amended from time to time.

II. Air quality monitoring and preservation

- i. The project proponent shall install 24x7 continuous emission monitoring system at process stacks to monitor stack emission with respect to standards prescribed in Environment (Protection) Rules 1986 vide G.S.R. No. 546 (E) dated 30th August 2008 as amended from time to time and S.O. 3305 (E) dated 7th December 2015 (Thermal Power Plants) as amended from time to time and connected to SPCB and CPCB online servers and the systems be calibrated according to equipment supplier's specification through labs recognized under Environment (Protection) Act, 1986 or NABL accredited laboratories.
- ii. The project proponent shall monitor fugitive emissions in the plant premises at least once in every quarter through labs recognised under Environment (Protection) Act, 1986.
- iii. The project proponent shall install system to carryout Continuous Ambient Air Quality monitoring for common/criterion parameters relevant to the main pollutants released (e.g. PM₁₀ and PM_{2.5} in reference to PM emission, and SO₂ and NO_x in

reference to SO₂ and NO_x emissions) within and outside the plant area at least at four locations (one within and three outside the plant area at an angle of 120° each), covering upwind and downwind directions. (case to case basis small plants: Manual; Large plants: Continuous)

- iv. The project proponent shall submit monthly summary report of continuous stack emission and air quality monitoring and results of manual stack monitoring and manual monitoring of air quality /fugitive emissions to Regional Office of MoEF&CC, Zonal office of CPCB and Regional Office of SPCB along with six-monthly monitoring report.
- v. Appropriate Air Pollution Control (APC) system shall be provided for all the dust generating points including fugitive dust from all vulnerable sources, so as to comply prescribed stack emission and fugitive emission standards.
- vi. The project proponent shall install high volume, low concentration NCG collection & destruction system to mitigate all malodorous gases emitted.
- vii. Emissions shall be controlled from chemical recovery section through primary and secondary venturi scrubbers.
- viii. Pollution control system in the pulp and paper plant shall be provided as per the CREP Guidelines of CPCB.
- ix. Sufficient number of mobile or stationery vacuum cleaners shall be provided to clean plant roads, shop floors, roofs, regularly.
- x. Wind shelter fence and chemical spraying shall be provided on the raw material stock piles.
- xi. In case of treatment process disturbances/failure of pollution control equipment adopted by the unit, the respective unit shall be shut down and shall not be restarted until the control measures are rectified to achieve the desired efficiency.
- xii. The company shall install Oxygen Delignification (ODL) Plant and shall maintain AOX below 1 kg/tonne of paper production
- xiii. Elemental Chlorine Free (ECF) technology shall be used and lime kiln shall be installed to manage lime sludge

III. Water quality monitoring and preservation

- i. The project proponent shall install 24x7 continuous effluent monitoring with respect to standards prescribed in Environment (Protection) Rules 1986 vide G.S.R. No. 546 (E) dated 30th August 2008 as amended from time to time and S.O. 3305 (E) dated 7th December 2015 (Thermal Power Plants) as amended from time to time and connected to SPCB and CPCB online servers and calibrate these system from time to time according to equipment supplier specification through labs recognized under Environment (Protection) Act, 1986 or NABL accredited laboratories. (case to case basis small plants: Manual; Large plants: Continuous)

- ii. The project proponent shall monitor regularly ground water quality at least twice a year (pre and post monsoon) at sufficient numbers of piezometers/sampling wells in the plant and adjacent areas through labs recognised under Environment (Protection) Act, 1986 and NABL accredited laboratories.
- iii. The project proponent shall submit monthly summary report of continuous effluent monitoring and results of manual effluent testing and manual monitoring of ground water quality to Regional Office of MoEF&CC, Zonal office of CPCB and Regional Office of SPCB along with six-monthly monitoring report.
- iv. The project proponent shall provide the ETP to meet the standards prescribed in vide G.S.R. No. 546 (E) dated 30th August 2008 as amended from time to time and S.O. 3305 (E) dated 7th December 2015 (Thermal Power Plants) as amended from time to time.
- v. Sewage Treatment Plant shall be provided for treatment of domestic wastewater to meet the prescribed standards.
- vi. Garland drains and collection pits shall be provided for each stock pile to arrest the run-off in the event of heavy rains and to check the water pollution due to surface run off.
- vii. Tyre washing facilities shall be provided at the entrance of the plant gate(s).
- viii. Ensure that there is no black liquor spillage in the area of pulp mill, no use of elemental chlorine for bleaching in mill, installation of hypo preparation plant.
- ix. Ensure that no spillage of foam in chemical recovery plant, no discharge of foul condensate generated from MEE in the Chemical recovery process directly to ETP
- x. The project proponent shall practice rainwater harvesting to maximum possible extent.
- xi. Water meters shall be provided at the inlet to all unit processes in the steel plants.
- xii. The project proponent shall make efforts to minimise water consumption in the steel plant complex by segregation of used water, practicing cascade use and by recycling treated water.

IV. Noise monitoring and prevention

- i. Noise level survey shall be carried as per the prescribed guidelines and report in this regard shall be submitted to Regional Officer of the Ministry as a part of six-monthly compliance report.
- ii. The ambient noise levels should conform to the standards prescribed under E(P)A Rules, 1986 viz. 75 dB(A) during day time and 70 dB(A) during night time.

V. Energy Conservation measures

- i. Provide solar power generation on roof tops of buildings, for solar light system for all common areas, street lights, parking around project area and maintain the same regularly;
- ii. Provide LED lights in their offices and residential areas.

VI. Waste management

- i. Deinking sludge and fine sludge from ETP shall be disposed through TSDF.
- ii. Black Liquor shall be separately processed for recovery of energy and chemical in a Chemical Recovery Process.
- iii. Sufficient number of colour coded waste collection bins shall be constructed at shop floors in each shop to systematically segregate and store waste materials generated at the shop floors (other than Process waste) in designated coloured bins for value addition by promoting reuse of such wastes and for good housekeeping.
- iv. 100% utilization of fly ash shall be ensured. All the fly ash shall be provided to cement and brick manufacturers for further utilization and Memorandum of Understanding in this regard shall be submitted to the Ministry's Regional Office. (in case of CPP)
- v. The waste oil, grease and other hazardous waste shall be disposed of as per the Hazardous & Other waste (Management & Transboundary Movement) Rules, 2016
- vi. Kitchen waste shall be composted or converted to biogas for further use. *(to be decided on case to case basis depending on type and size of plant)*

VII. Green Belt

- i. Green belt shall be developed in an area equal to 33% of the plant area with a native tree species in accordance with CPCB guidelines. The greenbelt shall inter alia cover the entire periphery of the plant
- ii. The project proponent shall prepare GHG emissions inventory for the plant and shall submit the programme for reduction of the same including carbon sequestration including plantation.

VIII. Public hearing and Human health issues

- i. Emergency preparedness plan based on the Hazard identification and Risk Assessment (HIRA) and Disaster Management Plan shall be implemented.
- ii. The project proponent shall carry out heat stress analysis for the workmen who work in high temperature work zone and provide Personal Protection Equipment (PPE) as per the norms of Factory Act.
- iii. Provision shall be made for the housing of construction labour within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, crèche etc. The housing may be in the form of temporary structures to be removed after the completion of the project.

- iv. Occupational health surveillance of the workers shall be done on a regular basis and records maintained as per the Factories Act.
- v. The proponent shall follow International Standards of safety for ClO₂ generation and storage system, and ozone plant, and certification on regular basis may be submitted. Provision for adequate safety for personnel in case of any accidental leakage should be in place

IX. Corporate Environment Responsibility

- i. The project proponent shall comply with the provisions contained in this Ministry's OM vide F.No. 22-65/2017-IA.III dated 1st May 2018, as applicable, regarding Corporate Environment Responsibility.
- ii. The company shall have a well laid down environmental policy duly approve by the Board of Directors. The environmental policy should prescribe for standard operating procedures to have proper checks and balances and to bring into focus any infringements/deviation/violation of the environmental / forest /wildlife norms/ conditions. The company shall have defined system of reporting infringements / deviation / violation of the environmental / forest / wildlife norms / conditions and / or shareholders / stake holders. The copy of the board resolution in this regard shall be submitted to the MoEF&CC as a part of six-monthly report.
- iii. A separate Environmental Cell both at the project and company head quarter level, with qualified personnel shall be set up under the control of senior Executive, who will directly to the head of the organization.
- i. Action plan for implementing EMP and environmental conditions along with responsibility matrix of the company shall be prepared and shall be duly approved by competent authority. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Year wise progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six Monthly Compliance Report.
- iv. Self environmental audit shall be conducted annually. Every three years third party environmental audit shall be carried out.
- v. All the recommendations made in the Charter on Corporate Responsibility for Environment Protection (CREP) for the Pulp and Paper plants shall be implemented.

X. Miscellaneous

- i. The project proponent shall make public the environmental clearance granted for their project along with the environmental conditions and safeguards at their cost by prominently advertising it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days and in addition this shall also be displayed in the project proponent's website permanently.
- ii. The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition

to the relevant offices of the Government who in turn has to display the same for 30 days from the date of receipt.

- iii. The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and update the same on half-yearly basis.
- iv. The project proponent shall monitor the criteria pollutants level namely; PM₁₀, SO₂, NO_x (ambient levels as well as stack emissions) or critical sectoral parameters, indicated for the projects and display the same at a convenient location for disclosure to the public and put on the website of the company.
- v. The project proponent shall submit six-monthly reports on the status of the compliance of the stipulated environmental conditions on the website of the ministry of Environment, Forest and Climate Change at environment clearance portal.
- vi. The project proponent shall submit the environmental statement for each financial year in Form-V to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently and put on the website of the company.
- vii. The project proponent shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities, commencing the land development work and start of production operation by the project.
- viii. The project authorities must strictly adhere to the stipulations made by the State Pollution Control Board and the State Government.
- ix. The project proponent shall abide by all the commitments and recommendations made in the EIA/EMP report, commitment made during Public Hearing and also that during their presentation to the Expert Appraisal Committee.
- x. No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment, Forests and Climate Change (MoEF&CC).
- xi. Concealing factual data or submission of false/fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.
- xii. The Ministry may revoke or suspend the clearance, if implementation of any of the above conditions is not satisfactory.
- xiii. The Ministry reserves the right to stipulate additional conditions if found necessary. The Company in a time bound manner shall implement these conditions.
- xiv. The Regional Office of this Ministry shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (s) of the Regional Office by furnishing the requisite data / information/monitoring reports.
- xv. The above conditions shall be enforced, inter-alia under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of

Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and Rules and any other orders passed by the Hon'ble Supreme Court of India / High Courts and any other Court of Law relating to the subject matter.

- xvi. Any appeal against this EC shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

ANNEXURE - XV**STANDARD EC CONDITIONS FOR OPENCAST COAL MINES****I. Statutory compliance:**

- i. The project proponent shall obtain forest clearance under the provisions of Forest (Conservation) Act, 1986, in case of the diversion of forest land for non-forest purpose involved in the project.
- ii. The project proponent shall obtain clearance from the National Board for Wildlife, if applicable.
- iii. The project proponent shall prepare a Site-Specific Conservation Plan / Wildlife Management Plan and approved by the Chief Wildlife Warden. The recommendations of the approved Site-Specific Conservation Plan / Wildlife Management Plan shall be implemented in consultation with the State Forest Department. The implementation report shall be furnished along with the six-monthly compliance report. (incase of the presence of schedule-I species in the study area)
- iv. The project proponent shall obtain Consent to Establish / Operate under the provisions of Air (Prevention & Control of Pollution) Act, 1981 and the Water (Prevention & Control of Pollution) Act, 1974 from the concerned State pollution Control Board/ Committee.
- v. The project proponent shall obtain the necessary permission from the Central Ground Water Authority.
- vi. Solid waste/hazardous waste generated in the mines needs to addressed in accordance to the Solid Waste Management Rules, 2016 / Hazardous & Other Waste Management Rules, 2016

II. Air quality monitoring and preservation

- i. Continuous ambient air quality monitoring stations as prescribed in the statue be established in the core zone as well as in the buffer zone for monitoring of pollutants, namely PM₁₀, PM_{2.5}, SO₂ and NO_x. Location of the stations shall be decided based on the meteorological data, topographical features and environmentally and ecologically sensitive targets in consultation with the State Pollution Control Board. Online ambient air quality monitoring stations may also be installed in addition to the regular monitoring stations as per the requirement and/or in consultation with the SPCB. Monitoring of heavy metals such as Hg, As, Ni, Cd, Cr, etc to be carried out at least once in six months.
- ii. The Ambient Air Quality monitoring in the core zone shall be carried out to ensure the Coal Industry Standards notified vide GSR 742 (E) dated 25.9.2000 and as amended from time to time by the Central Pollution Control Board. Data on ambient air quality and heavy metals such as Hg, As, Ni, Cd, Cr and other monitoring data shall be regularly reported to the Ministry/Regional Office and to the CPCB/SPCB.
- iii. Transportation of coal, to the extent permitted by road, shall be carried out by covered trucks/conveyors. Effective control measures such as regular water/mist sprinkling/rain gun etc

OC

shall be carried out in critical areas prone to air pollution (with higher values of $PM_{10}/PM_{2.5}$) such as haul road, loading/unloading and transfer points. Fugitive dust emissions from all sources shall be controlled regularly. It shall be ensured that the Ambient Air Quality parameters conform to the norms prescribed by the Central/State Pollution Control Board.

- iv. The transportation of coal shall be carried out as per the provisions and route envisaged in the approved Mining Plan or environment monitoring plan. Transportation of the coal through the existing road passing through any village shall be avoided. In case, it is proposed to construct a 'bypass' road, it should be so constructed so that the impact of sound, dust and accidents could be appropriately mitigated.
- v. Vehicular emissions shall be kept under control and regularly monitored. All the vehicles engaged in mining and allied activities shall operate only after obtaining 'PUC' certificate from the authorized pollution testing centres.
- vi. Coal stock pile/crusher/feeder and breaker material transfer points shall invariably be provided with dust suppression system. Belt-conveyors shall be fully covered to avoid air borne dust. Side cladding all along the conveyor gantry should be made to avoid air borne dust. Drills shall be wet operated or fitted with dust extractors.
- vii. Coal handling plant shall be operated with effective control measures w.r.t. various environmental parameters. Environmental friendly sustainable technology should be implemented for mitigating such parameters.

III. Water quality monitoring and preservation

- i. The effluent discharge (mine waste water, workshop effluent) shall be monitored in terms of the parameters notified under the Water Act, 1974 Coal Industry Standards vide GSR 742 (E) dated 25.9.2000 and as amended from time to time by the Central Pollution Control Board.
- ii. The monitoring data shall be uploaded on the company's website and displayed at the project site at a suitable location. The circular No. J-20012/1/2006-IA.11 (M) dated 27.05.2009 issued by Ministry of Environment, Forest and Climate Change shall also be referred in this regard for its compliance.
- iii. Regular monitoring of ground water level and quality shall be carried out in and around the mine lease area by establishing a network of existing wells and constructing new piezometers during the mining operations. The monitoring of ground water levels shall be carried out four times a year i.e. pre-monsoon, monsoon, post-monsoon and winter. The ground water quality shall be monitored once a year, and the data thus collected shall be sent regularly to MOEFCC/RO.
- iv. Monitoring of water quality upstream and downstream of water bodies shall be carried out once in six months and record of monitoring data shall be maintained and submitted to the Ministry of Environment, Forest and Climate Change/Regional Office.
- v. Ground water, excluding mine water, shall not be used for mining operations. Rainwater harvesting shall be implemented for conservation and augmentation of ground water resources.

- vi. Catch and or garland drains and siltation ponds in adequate numbers and appropriate size shall be constructed around the mine working, coal heaps & OB dumps to prevent run off of water and flow of sediments directly into the river and water bodies. Further, dump material shall be properly consolidated/ compacted and accumulation of water over dumps shall be avoided by providing adequate channels for flow of silt into the drains. The drains/ ponds so constructed shall be regularly de-silted particularly before onset of monsoon and maintained properly. Sump capacity should provide adequate retention period to allow proper settling of silt material. The water so collected in the sump shall be utilised for dust suppression and green belt development and other industrial use. Dimension of the retaining wall constructed, if any, at the toe of the OB dumps within the mine to check run-off and siltation should be based on the rainfall data. The plantation of native species to be made between toe of the dump and adjacent field/habitation/water bodies.
- vii. Adequate groundwater recharge measures shall be taken up for augmentation of ground water. The project authorities shall meet water requirement of nearby village(s) after due treatment conforming to the specific requirement (standards).
- viii. Industrial waste water generated from CHP, workshop and other waste water, shall be properly collected and treated so as to conform to the standards prescribed under the standards prescribed under Water Act 1974 and Environment (Protection) Act, 1986 and the Rules made there under, and as amended from time to time. Adequate ETP /STP needs to be provided.
- ix. The water pumped out from the mine, after siltation, shall be utilized for industrial purpose viz. watering the mine area, roads, green belt development *etc.* The drains shall be regularly desilted particularly after monsoon and maintained properly.
- x. The surface drainage plan including surface water conservation plan for the area of influence affected by the said mining operations, considering the presence of river/rivulet/pond/lake etc, shall be prepared and implemented by the project proponent. The surface drainage plan and/or any diversion of natural water courses shall be as per the approved Mining Plan/EIA/EMP report and with due approval of the concerned State/Gol Authority. The construction of embankment to prevent any danger against inrush of surface water into the mine should be as per the approved Mining Plan and as per the permission of DGMS or any other authority as prescribed by the law.
- xi. The project proponent shall take all precautionary measures to ensure reverian/ riparian ecosystem in and around the coal mine upto a distance of 5 km. A revarian /riparian ecosystem conservation and management plan should be prepared and implemented in consultation with the irrigation / water resource department in the state government.

IV. Noise and Vibration monitoring and prevention

- i. Adequate measures shall be taken for control of noise levels as per Noise Pollution Rules, 2016 in the work environment. Workers engaged in blasting and drilling operations, operation of HEMM, etc shall be provided with personal protective equipments (PPE) like ear plugs/muffs

in conformity with the prescribed norms and guidelines in this regard. Adequate awareness programme for users to be conducted. Progress in usage of such accessories to be monitored.

- ii. Controlled blasting techniques shall be practiced in order to mitigate ground vibrations, fly rocks, noise and air blast etc., as per the guidelines prescribed by the DGMS.
- iii. The noise level survey shall be carried out as per the prescribed guidelines to assess noise exposure of the workmen at vulnerable points in the mine premises, and report in this regard shall be submitted to the Ministry/RO on six-monthly basis.

V. Mining Plan

- i. Mining shall be carried out under strict adherence to provisions of the Mines Act 1952 and subordinate legislations made there-under as applicable.
- ii. Mining shall be carried out as per the approved mining plan(including Mine Closure Plan) abiding by mining laws related to coal mining and the relevant circulars issued by Directorate General Mines Safety (DGMS).
- iii. No mining shall be carried out in forest land without obtaining Forestry Clearance as per Forest (Conservation) Act, 1980
- iv. Efforts should be made to reduce energy and fuel consumption by conservation, efficiency improvements and use of renewable energy.

VI. Land reclamation

- i. Digital Survey of entire lease hold area/core zone using Satellite Remote Sensing survey shall be carried out at least once in three years for monitoring land use pattern and report in 1:50,000 scale or as notified by Ministry of Environment, Forest and Climate Change(MOEFCC) from time to time shall be submitted to MOEFCC/Regional Office (RO).
- ii. The final mine void depth should preferably be as per the approved Mine Closure Plan, and in case it exceeds 40 m, adequate engineering interventions shall be provided for sustenance of aquatic life therein. The remaining area shall be backfilled and covered with thick and alive top soil. Post-mining land be rendered usable for agricultural/forestry purposes and shall be diverted. Further action will be treated as specified in the guidelines for Preparation of Mine Closure Plan issued by the Ministry of Coal dated 27th August, 2009 and subsequent amendments.
- iii. The entire excavated area, backfilling, external OB dumping (including top soil) and afforestation plan shall be in conformity with the "during mining"/"post mining" land-use pattern, which is an integral part of the approved Mining Plan and the EIA/EMP submitted to this Ministry. Progressive compliance status vis-a-vis the post mining land use pattern shall be submitted to the MOEFCC/RO.
- iv. Fly ash shall be used for external dump of overburden, backfilling or stowing of mine as per provisions contained in clause (i) and (ii) of subparagraph (8) of fly ash notification issued vide SO 2804 (E) dated 3rd November, 2009 as amended from time to time. Efforts shall be made to

utilize gypsum generated from Flue Gas Desulfurization (FGD), if any, along with fly ash for external dump of overburden, backfilling of mines. Compliance report shall be submitted to Regional Office of MoEF&CC, CPCB and SPCB.

- v. Further, it may be ensured that as per the time schedule specified in mine closure plan it should remain live till the point of utilization. The topsoil shall temporarily be stored at earmarked site(s) only and shall not be kept unutilized. The top soil shall be used for land reclamation and plantation purposes. Active OB dumps shall be stabilised with native grass species to prevent erosion and surface run off. The other overburden dumps shall be vegetated with native flora species. The excavated area shall be backfilled and afforested in line with the approved Mine Closure Plan. Monitoring and management of rehabilitated areas shall continue until the vegetation becomes self-sustaining. Compliance status shall be submitted to the Ministry of Environment, Forest and Climate Change/ Regional Office.
- vi. The project proponent shall make necessary alternative arrangements, if grazing land is involved in core zone, in consultation with the State government to provide alternate areas for livestock grazing, if any. In this context, the project proponent shall implement the directions of Hon'ble Supreme Court with regard to acquiring grazing land.

VII. Green Belt

- i. The project proponent shall take all precautionary measures during mining operation for conservation and protection of endangered/endemic flora/fauna, if any, spotted/reported in the study area. The Action plan in this regard, if any, shall be prepared and implemented in consultation with the State Forest and Wildlife Department.
- ii. Greenbelt consisting of 3-tier plantation of width not less than 7.5 m shall be developed all along the mine lease area as soon as possible. The green belt comprising a mix of native species (endemic species should be given priority) shall be developed all along the major approach/ coal transportation roads.

VIII. Public hearing and Human health issues

- i. Adequate illumination shall be ensured in all mine locations (as per DGMS standards) and monitored weekly. The report on the same shall be submitted to this ministry & it's RO on six-monthly basis.
- ii. The project proponent shall undertake occupational health survey for initial and periodical medical examination of the personnel engaged in the project and maintain records accordingly as per the provisions of the Mines Rules, 1955 and DGMS circulars. Besides regular periodic health check-up, 20% of the personnel identified from workforce engaged in active mining operations shall be subjected to health check-up for occupational diseases and hearing impairment, if any, as amended time to time.
- iii. Personnel (including outsourced employees) working in core zone shall wear protective respiratory devices and shall also be provided with adequate training and information on safety and health aspects.

- iv. Implementation of the action plan on the issues raised during the public hearing shall be ensured. The project proponent shall undertake all the tasks/measures as per the action plan submitted with budgetary provisions during the public hearing. Land oustees shall be compensated as per the norms laid down in the R&R policy of the company/State Government/Central Government, as applicable.
- v. The project proponent shall follow the mitigation measures provided in this Ministry's OM No.Z-11013/5712014-IA.II (M) dated 29th October, 2014, titled 'Impact of mining activities on habitations-issues related to the mining projects wherein habitations and villages are the part of mine lease areas or habitations and villages are surrounded by the mine lease area'.

IX. Corporate Environment Responsibility

- i. The project proponent shall comply with the provisions contained in this Ministry's OM vide F.No. 22-65/2017-IA.III dated 1st May 2018, as applicable, regarding Corporate Environment Responsibility.
- ii. The company shall have a well laid down environmental policy duly approve by the Board of Directors. The environmental policy should prescribe for standard operating procedures to have proper checks and balances and to bring into focus any infringements/deviation/violation of the environmental / forest / wildlife norms / conditions. The company shall have defined system of reporting infringements / deviation / violation of the environmental / forest / wildlife norms / conditions and / or shareholders / stake holders. The copy of the board resolution in this regard shall be submitted to the MoEF&CC as a part of six-monthly report.
- iii. A separate Environmental Cell both at the project and company head quarter level, with qualified personnel shall be set up under the control of senior Executive, who will directly to the head of the organization.
- iv. Action plan for implementing EMP and environmental conditions along with responsibility matrix of the company shall be prepared and shall be duly approved by competent authority. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Year wise progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six Monthly Compliance Report.
- v. Self environmental audit shall be conducted annually. Every three years third party environmental audit shall be carried out.

X. Miscellaneous

- i. The project proponent shall make public the environmental clearance granted for their project along with the environmental conditions and safeguards at their cost by prominently advertising it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days and in addition this shall also be displayed in the project proponent's website permanently.

- ii. The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn has to display the same for 30 days from the date of receipt.
- iii. The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and update the same on half-yearly basis.
- iv. The project proponent shall monitor the criteria pollutants level namely; PM₁₀, SO₂, NO_x (ambient levels) or critical sectoral parameters, indicated for the projects and display the same at a convenient location for disclosure to the public and put on the website of the company.
- v. The project proponent shall submit six-monthly reports on the status of the compliance of the stipulated environmental conditions on the website of the ministry of Environment, Forest and Climate Change at environment clearance portal.
- vi. The project proponent shall submit the environmental statement for each financial year in Form-V to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently and put on the website of the company.
- vii. The project authorities shall inform to the Regional Office of the MOEFCC regarding commencement of mining operations.
- vii. The project authorities must strictly adhere to the stipulations made by the State Pollution Control Board and the State Government.
- viii. The project proponent shall abide by all the commitments and recommendations made in the EIA/EMP report, commitment made during Public Hearing and also that during their presentation to the Expert Appraisal Committee.
- viii. No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment, Forests and Climate Change (MoEF&CC).
- ix. Concealing factual data or submission of false/fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.
- x. The Ministry may revoke or suspend the clearance, if implementation of any of the above conditions is not satisfactory.
- xi. The Ministry reserves the right to stipulate additional conditions if found necessary. The Company in a time bound manner shall implement these conditions.
- xii. The Regional Office of this Ministry shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (s) of the Regional Office by furnishing the requisite data / information/monitoring reports.
- xiii. The above conditions shall be enforced, inter-alia under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the

Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and Rules and any other orders passed by the Hon'ble Supreme Court of India / High Courts and any other Court of Law relating to the subject matter.

- xiv. Any appeal against this EC shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

ANNEXURE - XVI**STANDARD EC CONDITIONS FOR UNDERGROUND COAL MINES****I. Statutory compliance:**

- i. The Environmental clearance shall be subject to orders of Hon'ble Supreme Court of India, Hon'ble High Courts, NGT and any other Court of Law, from time to time, and as applicable to the project
- ii. The project proponent shall obtain forest clearance under the provisions of Forest (Conservation) Act, 1986, in case of the diversion of forest land for non-forest purpose involved in the project.
- iii. The project proponent shall obtain clearance from the National Board for Wildlife, if applicable.
- iv. The project proponent shall prepare a Site-Specific Conservation Plan / Wildlife Management Plan and approved by the Chief Wildlife Warden. The recommendations of the approved Site-Specific Conservation Plan / Wildlife Management Plan shall be implemented in consultation with the State Forest Department. The implementation report shall be furnished along with the six-monthly compliance report. (incase of the presence of schedule-I species in the study area)
- v. The project proponent shall obtain Consent to Establish / Operate under the provisions of Air (Prevention & Control of Pollution) Act, 1981 and the Water (Prevention & Control of Pollution) Act, 1974 from the concerned State pollution Control Board/ Committee.
- vi. The project proponent shall obtain the necessary permission from the Central Ground Water Authority.
- vii. Solid waste/hazardous waste generated in the mines needs to addressed in accordance to the Solid Waste Management Rules, 2016 / Hazardous & Other Waste Management Rules, 2016

II. Air quality monitoring and preservation

- i. Adequate ambient air quality monitoring stations shall be established in the core zone as well as in the buffer zone for monitoring of pollutants, namely particulates, SO₂ and NO_x. Location of the stations shall be decided based on the meteorological data, topographical features and environmentally and ecologically sensitive receptors in consultation with the State Pollution Control Board. Monitoring of heavy metals such as Hg, As, Ni, Cd, Cr, *etc.* to be carried out at least once in six months. Online ambient air quality monitoring station/stations may also be installed in addition to the regular air monitoring stations as per the requirement and/or in consultation with the SPCB
- ii. The Ambient Air Quality monitoring in the core zone shall be carried out to ensure the Coal Industry Standards notified vide GSR 742 (E) dated 25.9.2000 and as amended from time to time by the Central Pollution Control Board. Data on ambient air quality and heavy metals such

as Hg, As, Ni, Cd, Cr and other monitoring data shall be regularly reported to the Ministry/Regional Office and to the CPCB/SPCB.

- iii. Transportation of coal, to the extent permitted by road, shall be carried out by covered trucks/conveyors. Effective control measures such as regular water sprinkling/rain gun/ mist sprinkling etc., shall be carried out in critical areas prone to air pollution with higher level of particulate matter all through the coal transport roads, loading/unloading and transfer points. Fugitive dust emissions from all sources shall be controlled regularly. It shall be ensured that the ambient air quality parameters conform to the norms prescribed by the Central/State Pollution Control Board.
- iv. Major approach roads shall be black topped and properly maintained.
- v. The transportation of coal shall be carried out as per the provisions and route proposed in the approved mining plan. Transportation of the coal through the existing road passing through any village shall be avoided. In case, it is proposed to construct a 'bypass' road, it should be so constructed that the impact of sound, dust and accidents could be appropriately mitigated.
- vi. Vehicular emissions shall be kept under control and regularly monitored. All the vehicles engaged in mining and allied activities shall operate only after obtaining 'PUC' certificate from the authorized pollution testing centres.
- vii. Coal stock pile/crusher/feeder and breaker material transfer points shall invariably be provided with dust suppression system. Belt-conveyors shall be fully covered to avoid air borne dust. Side cladding all along the conveyor gantry should be made to avoid air borne dust. Drills shall be wet operated or fitted with dust extractors.
- viii. Coal handling plant shall be operated with effective control measures w.r.t. various environmental parameters. Environmental friendly sustainable technology should be implemented for mitigating such parameters.

III. Water quality monitoring and preservation

- i. The effluent discharge (mine waste water, workshop effluent) shall be monitored in terms of the parameters notified under the Water Act, 1974 Coal Industry Standards vide GSR 742 (E) dated 25.9.2000 and as amended from time to time by the Central Pollution Control Board.
- ii. The monitoring data shall be uploaded on the company's website and displayed at the project site at a suitable location. The circular No. J-20012/1/2006-IA.11 (M) dated 27.05.2009 issued by Ministry of Environment, Forest and Climate Change shall also be referred in this regard for its compliance.
- iii. Regular monitoring of ground water level and quality shall be carried out in and around the mine lease area by establishing a network of existing wells and constructing new piezometers during the mining operations. The monitoring of ground water levels shall be carried out four times a year i.e. pre-monsoon, monsoon, post-monsoon and winter. The ground water quality shall be monitored once a year, and the data thus collected shall be sent regularly to MOEFCC/RO.

- iv. Monitoring of water quality upstream and downstream of water bodies shall be carried out once in six months and record of monitoring data shall be maintained and submitted to the Ministry of Environment, Forest and Climate Change/Regional Office.
- v. Ground water, excluding mine water, shall not be used for mining operations. Rainwater harvesting shall be implemented for conservation and augmentation of ground water resources.
- vi. The project proponent shall not alter major water channels around the site. Appropriate embankment shall be provided along the side of the river/nallah flowing near or adjacent to the mine. The embankment constructed along the river/nallah boundary shall be of suitable dimensions and critical patches shall be strengthened by stone pitching on the river front side, stabilized with plantation so as to withstand the peak water pressure preventing any chance of mine inundation.
- vii. Garland drains (of suitable size, gradient and length) around the critical areas i.e. mine shaft and low lying areas, shall be designed keeping at least 50% safety margin over and above the peak sudden rainfall and maximum discharge in the area adjoining the mine sites. The sump capacity shall also provide adequate retention period to allow proper settling of silt material of the surface runoff
- viii. The water pumped out from the mine, after siltation, shall be utilized for industrial purpose viz. watering the mine area, roads, green belt development etc. The drains shall be regularly desilted particularly after monsoon and maintained properly.
- ix. Industrial waste water from coal handling plant and mine water shall be properly collected and treated so as to conform to the standards prescribed under the Environment (Protection) Act, 1986 and the Rules made thereunder, and as amended from time to time. Oil and grease trap shall be installed before discharge of workshop effluent. Sewage treatment plant of adequate capacity shall be installed for treatment of domestic waste water.
- x. Adequate groundwater recharge measures shall be taken up for augmentation of ground water. The project authorities shall meet water requirement of nearby village(s) in case the village wells go dry due to dewatering of mine.
- xi. The surface drainage plan including surface water conservation plan for the area of influence affected by the said mining operations shall be prepared, considering the presence of any river/rivulet/pond/lake etc., with impact of mining activities on it, and implemented by the project proponent. The surface drainage plan and/or any diversion of natural water courses shall be as per the provisions of the approved Mining Plan/ EIA-EMP submitted to this Ministry and the same should be done with due approval of the concerned State/GoI Authority. The construction of embankment to prevent any danger against inrush of surface water into the mine should be as per the approved mining plan and as per the permission of DGMS.
- xii. The project proponent shall take all precautionary measures to ensure reverian/ riparian ecosystem in and around the coal mine upto a distance of 5 km. A revarian /riparian ecosystem conservation and management plan should be prepared and implemented in consultation with the irrigation / water resource department in the state government.

IV. Noise and Vibration monitoring and prevention

- i. Adequate measures shall be taken for control of noise levels below 85 dB(A) in the work environment. Workers engaged in underground mining operations, operation of HEMM, etc. shall be provided with personal protective equipments (PPE) like ear plugs/muffs in conformity with the prescribed norms/guidelines in this regard. Progress in usage of such accessories to be monitored. Adequate awareness programme for users to be conducted.
- ii. The noise level survey shall be carried out as per the prescribed guidelines to assess noise exposure of the workmen at vulnerable points in the mine premises, and report in this regard shall be submitted to the Ministry/RO on six-monthly basis.

V. Mining Plan

- i. Mining shall be carried out under strict adherence to provisions of the Mines Act 1952 and subordinate legislations made there-under as applicable.
- ii. No change in mining method *i.e.* UG to OC, calendar programme and scope of work shall be made without obtaining prior approval of the Ministry of Environment, Forests and Climate Change (MoEFCC).
- iii. Mining shall be carried out as per the approved mining plan (including mine closure plan) abiding by mining laws related to coal mining and the relevant circulars issued by Directorate General Mines Safety (DGMS).
- iv. Underground work place environmental conditions shall be rendered ergonomic and air breathable with adequate illumination in conformance with DGMS standards.
- v. No mining activity shall be carried out in forest land without obtaining Forestry Clearance as per Forest (Conservation) Act, 1980 and also adhering to The Scheduled Tribes and Other Traditional Forest Dwellers (Recognition of Forest Rights) Act, 2006 read with provisions of Indian Forest Act, 1927.
- vi. Efforts should be made to reduce energy and fuel consumption by conservation, efficiency improvements and use of renewable energy.

VI. Land reclamation

- i. Digital Survey of entire lease hold area/core zone using Satellite Remote Sensing survey shall be carried out at least once in three years for monitoring land use pattern and report in 1:50,000 scale or as notified by Ministry of Environment, Forest and Climate Change(MOEFCC) from time to time shall be submitted to MOEFCC/Regional Office (RO).
- ii. Post-mining land be rendered usable for agricultural/forestry purposes and shall be handed over to the respective State Government, as specified in the Guidelines for Preparation of Mine Closure Plan, issued by the Ministry of Coal dated 27th August, 2009 and subsequent amendments.

- iii. Regular monitoring of subsidence movement on the surface over and around the working areas and its impact on natural drainage pattern, water bodies, vegetation, structure, roads and surroundings shall be continued till movement ceases completely. In case of observation of any high rate of subsidence beyond the limit prescribed, appropriate effective mitigation measures shall be taken to avoid loss of life and materials. Cracks should be effectively plugged in with ballast and clay soil/suitable material.
- iv. Fly ash shall be used for external dump of overburden, backfilling or stowing of mine as per provisions contained in clause (i) and (ii) of subparagraph (8) of fly ash notification issued vide SO 2804 (E) dated 3rd November, 2009 as amended from time to time. Efforts shall be made to utilize gypsum generated from Flue Gas Desulfurization (FGD), if any, alongwith fly ash for external dump of overburden, backfilling or stowing of mines. Compliance report shall be submitted to Regional Office of MoEF&CC, CPCB and SPCB.
- v. A separate team for subsidence monitoring and surface mitigation measures shall be constituted and continuous monitoring & implementation of mitigation measures be carried out.
- vi. Thorough inspection of the mine lease area for any cracks developed at the surface due to mining activities below ground shall be carried out to prevent inrush of water in the mine.
- vii. Native tree species shall be selected and planted over areas affected by subsidence.
- viii. The project proponent shall make necessary alternative arrangements, if grazing land is involved in core zone, in consultation with the State government to provide alternate areas for livestock grazing, if any. In this context, the project proponent shall implement the directions of Hon'ble Supreme Court with regard to acquiring grazing land.

VII. Green Belt

- i. The project proponent shall take all precautionary measures during mining operation for conservation and protection of endangered flora/fauna, if any, spotted/reported in the study area. Action plan, in this regard, if any, shall be prepared and implemented in consultation with the State Forest and Wildlife Department.
- ii. Greenbelt, consisting of three-tier plantation, of width not less than 7.5 m, shall be developed all along the mine lease area in a phased manner. The green belt comprising of a mix of native species shall be developed all along the major approach roads/ coal transportation roads.

VIII. Public hearing and Human health issues

- i. Adequate illumination shall be ensured in all mine locations (as per DGMS standards) and monitored.
- ii. The Project Proponent shall undertake Occupational Health survey for initial and Periodical medical examination of the workers engaged in the Project and maintain records accordingly as per the provisions of the Mines Rules, 1955 and DGMS Circulars. Besides carrying out regular periodic health check-up of their workers, 20% of the workers engaged in active mining operations shall be subjected to health check-up for occupational diseases and hearing impairment, if any.

- iii. Personnel (including outsourcing employees) working in dusty areas shall wear protective respiratory devices and shall also be provided with adequate training and information on safety and health aspects.
- iv. Skill training as per safety norms specified by DGMS shall be provided to all workmen including the outsourcing employees to ensure high safety standards in mines.
- v. Effective arrangement shall be made to provide and maintain at suitable points conveniently situated, a sufficient supply of drinking water for all the persons employed.
- vi. Implementation of Action Plan on the issues raised during the Public Hearing shall be ensured. The Project Proponent shall undertake all the tasks as per the Action Plan submitted with budgetary provisions during the Public Hearing. Land oustees shall be compensated as per the norms laid out R&R Policy of the Company/ or the National R&R Policy/ R&R Policy of the State Government, as applicable
- vii. The project proponent shall follow the mitigation measures provided in this Ministry's OM No.Z-11013/5712014-IA.II (M) dated 29th October, 2014, titled 'Impact of mining activities on habitations-issues related to the mining projects wherein habitations and villages are the part of mine lease areas or habitations and villages are surrounded by the mine lease area'.

IX. Corporate Environment Responsibility

- i. The project proponent shall comply with the provisions contained in this Ministry's OM vide F.No. 22-65/2017-IA.III dated 1st May 2018, as applicable, regarding Corporate Environment Responsibility.
- ii. The company shall have a well laid down environmental policy duly approve by the Board of Directors. The environmental policy should prescribe for standard operating procedures to have proper checks and balances and to bring into focus any infringements/deviation/violation of the environmental / forest / wildlife norms / conditions. The company shall have defined system of reporting infringements / deviation / violation of the environmental / forest / wildlife norms / conditions and / or shareholders / stake holders. The copy of the board resolution in this regard shall be submitted to the MoEF&CC as a part of six-monthly report.
- iii. A separate Environmental Cell both at the project and company head quarter level, with qualified personnel shall be set up under the control of senior Executive, who will directly to the head of the organization.
- iv. Action plan for implementing EMP and environmental conditions along with responsibility matrix of the company shall be prepared and shall be duly approved by competent authority. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Year wise progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six Monthly Compliance Report.
- v. Self environmental audit shall be conducted annually. Every three years third party environmental audit shall be carried out.

X. Miscellaneous

- i. The project proponent shall make public the environmental clearance granted for their project along with the environmental conditions and safeguards at their cost by prominently advertising it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days and in addition this shall also be displayed in the project proponent's website permanently.
- ii. The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn has to display the same for 30 days from the date of receipt.
- iii. The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and update the same on half-yearly basis.
- iv. The project proponent shall submit six-monthly reports on the status of the compliance of the stipulated environmental conditions on the website of the ministry of Environment, Forest and Climate Change at environment clearance portal.
- v. The project proponent shall submit the environmental statement for each financial year in Form-V to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently and put on the website of the company.
- vi. The project authorities shall inform to the Regional Office of the MOEFCC regarding commencement of mining operations.
- viii. The project authorities must strictly adhere to the stipulations made by the State Pollution Control Board and the State Government.
- ix. The project proponent shall abide by all the commitments and recommendations made in the EIA/EMP report, commitment made during Public Hearing and also that during their presentation to the Expert Appraisal Committee.
- vii. No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment, Forests and Climate Change (MoEF&CC).
- viii. Concealing factual data or submission of false/fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.
- ix. The Ministry may revoke or suspend the clearance, if implementation of any of the above conditions is not satisfactory.
- x. The Ministry reserves the right to stipulate additional conditions if found necessary. The Company in a time bound manner shall implement these conditions.

- xi. The Regional Office of this Ministry shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (s) of the Regional Office by furnishing the requisite data / information/monitoring reports.
- xii. The above conditions shall be enforced, inter-alia under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and Rules and any other orders passed by the Hon'ble Supreme Court of India / High Courts and any other Court of Law relating to the subject matter.
- xiii. Any appeal against this EC shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

ANNEXURE - XVII**STANDARD EC CONDITIONS FOR COAL WASHERY****I. Statutory compliance:**

- i. The project proponent shall obtain forest clearance under the provisions of Forest (Conservation) Act, 1986, in case of the diversion of forest land for non-forest purpose involved in the project.
- ii. The project proponent shall obtain clearance from the National Board for Wildlife, if applicable.
- iii. The project proponent shall prepare a Site-Specific Conservation Plan / Wildlife Management Plan and approved by the Chief Wildlife Warden. The recommendations of the approved Site-Specific Conservation Plan / Wildlife Management Plan shall be implemented in consultation with the State Forest Department. The implementation report shall be furnished along with the six-monthly compliance report. (incase of the presence of schedule-I species in the study area)
- iv. The project proponent shall obtain Consent to Establish / Operate under the provisions of Air (Prevention & Control of Pollution) Act, 1981 and the Water (Prevention & Control of Pollution) Act, 1974 from the concerned State pollution Control Board/ Committee.
- v. The project proponent shall obtain the necessary permission from the Central Ground Water Authority.
- vi. Solid waste/hazardous waste generated in the washery needs to addressed in accordance to the Solid Waste Management Rules, 2016 / Hazardous & Other Waste Management Rules, 2016.
- vii. Coal beneficiation practices shall be carried out under strict adherence to provisions of the Factories Act, 1957 and subordinate legislations made there under.

II. Air quality monitoring and preservation

- i. Adequate ambient air quality monitoring stations shall be established in the core zone as well as in the buffer zone for monitoring of pollutants, namely particulates, SO₂ and NO_x. Location of the stations shall be decided based on the meteorological data, topographical features and environmentally and ecologically sensitive receptors in consultation with the State Pollution Control Board. Monitoring of heavy metals such as Hg, As, Ni, Cd, Cr, etc. carried out at least once in six months.
- ii. Continuous ambient air quality monitoring stations as prescribed in the statue be established in the core zone as well as in the buffer zone for monitoring of pollutants, namely PM₁₀, PM_{2.5}, SO₂ and NO_x. Location of the stations shall be decided based on the meteorological data, topographical features and environmentally and ecologically sensitive targets in consultation with the State Pollution Control Board. Online ambient air quality monitoring stations may also be installed in addition to the regular monitoring stations as per the requirement and/or in

consultation with the SPCB. Monitoring of heavy metals such as Hg, As, Ni, Cd, Cr, etc to be carried out at least once in six months.

- iii. Transportation of coal by road shall be carried out by covered trucks/conveyors. The transportation of clean coal and rejects shall be by rail with wagon loading through silo. Effective measures such as regular water sprinkling shall be carried out in critical areas prone to air pollution and having high levels of particulates such as roads, belt conveyors, loading/unloading and transfer points. Fugitive dust emissions from all sources shall be controlled at source. It shall be ensured that the ambient air quality parameters conform to the norms prescribed by the Central/State Pollution Control Board
- iv. All approach roads shall be black topped and internal roads shall be concreted. The roads shall be regularly cleaned. Coal transportation shall be carried out by covered trucks.
- v. Covered trucks shall be engaged for mineral transportation outside the washery upto the railway siding, shall be optimally loaded to avoid spillage en-route. Trucks shall be adequately maintained and emissions shall be below notified limits.
- vi. Facilities for parking of trucks carrying raw material from linked mine shall be created within the unit.
- vii. Vehicular emissions shall be kept under control and regularly monitored. The vehicles having 'PUC' certificate from authorized pollution testing centres shall be deployed for washery operations.
- viii. Hoppers of the coal crushing unit and other washery units shall be fitted with high efficiency bag filters/mist spray water sprinkling system shall be installed and operated effectively at all times of operation to check fugitive emissions from crushing operations, transfer points of closed belt conveyor systems and from transportation roads.
- ix. The raw coal, washed coal and coal wastes (rejects) shall be stacked properly at earmarked site (s) within stockyards fitted with wind breakers/shields. Adequate measures shall be taken to ensure that the stored mineral does not catch fire.
- x. The temporary reject sites should appropriate planned and designed to avoid air and water pollution from such sites.

III. Water quality monitoring and preservation

- i. The effluent discharge (mine waste water, workshop effluent) shall be monitored in terms of the parameters notified under the Water Act, 1974 Coal Industry Standards vide GSR 742 (E) dated 25.9.2000 and as amended from time to time by the Central Pollution Control Board.
- ii. The monitoring data shall be uploaded on the company's website and displayed at the project site at a suitable location. The circular No. J-20012/1/2006-1A.11 (M) dated 27.05.2009 issued by Ministry of Environment, Forest and Climate Change shall also be referred in this regard for compliance.

- iii. Industrial waste water shall be properly collected and treated so as to conform to the standards prescribed under the Environment (Protection) Act, 1986 and the Rules made there under, and as amended from time to time.
- iv. The project proponent shall not alter major water channels around the site. Appropriate embankment shall be provided along the side of the river/nallah flowing near or adjacent to the washery. The embankment constructed along the river/nallah boundary shall be of suitable dimensions and critical patches shall be strengthened by stone pitching on the river front side stabilised with plantation so as to withstand the peak water pressure preventing any chance of inundation.
- v. Heavy metal content in raw coal and washed coal shall be analysed once in a year and records maintained thereof.
- vi. The rejects should preferably be utilized in FBC power plant or disposed off through sale for its gainful utilization. If the coal washery rejects are to be disposed off, it should be done in a safe and sustainable manner with adequate compaction and post closure arrangement to avoid water pollution due to leachate from rejects and surface run off from reject dumping sites.
- vii. An Integrated Surface Water Management Plan for the washery area up to its buffer zone considering the presence of any river/rivulet/pond/lake *etc.* with impact of coal washing activities on it, shall be prepared, submitted to MoEFCC and implemented.
- viii. Waste Water shall be effectively treated and recycled completely either for washery operations or maintenance of green belt around the plant.
- ix. Rainwater harvesting in the washery premises shall be implemented for conservation and augmentation of ground water resources in consultation with Central Ground Water Board.
- x. No ground water shall be used for coal washing unless otherwise permitted in writing by competent authority (CGWA) or MoEFCC. The make-up water requirement of washery should not exceed 1.5 m³/tonne of raw coal.
- xi. Regular monitoring of ground water level and quality shall be carried out in and around the mine lease area by establishing a network of existing wells and constructing new piezometers during the mining operations. The monitoring of ground water levels shall be carried out four times a year i.e. pre-monsoon, monsoon, post-monsoon and winter. The ground water quality shall be monitored once a year, and the data thus collected shall be sent regularly to MOEFCC/RO.
- xii. Monitoring of water quality upstream and downstream of water bodies shall be carried out once in six months and record of monitoring data shall be maintained and submitted to the Ministry of Environment, Forest and Climate Change/Regional Office.
- xiii. The project proponent shall take all precautionary measures to ensure riverine/ riparian ecosystem in and around the coal mine up to a distance of 5 km. A riverine/riparian ecosystem conservation and management plan should be prepared and implemented in consultation with the irrigation / water resource department in the state government

IV. Noise and Vibration monitoring and prevention

- i. The noise level survey shall be carried out as per the prescribed guidelines to assess noise exposure of the workmen at vulnerable points in the mine premises, and report in this regard shall be submitted to the Ministry/RO on six-monthly basis
- ii. Adequate measures shall be taken for control of noise levels as per noise pollution Rules, 2016 in the work environment. Workers engaged in blasting and drilling operations, operation of HEMM, etc shall be provided with personal protective equipments (PPE) like ear plugs/muffs in conformity with the prescribed norms and guidelines in this regard. Adequate awareness programme for users to be conducted. Progress in usage of such accessories to be monitored.

V. Coal beneficiation

- i. Coal stacking plan shall be prepared separately for raw coal, clean coal, middling and rejects.
- ii. Efforts should be made to reduce energy consumption by conservation, efficiency improvements and use of renewable energy.

VI. Green Belt

- i. Three tier greenbelt comprising of a mix of native species, of minimum 30 m width shall be developed all along the washery area to check fugitive dust emissions and to render aesthetic to neighbouring stakeholders. A 3-tier green belt comprising of a mix of native species or tree species with thick leaves shall be developed along vacant areas, storage yards, loading/transfer points and also along internal roads/main approach roads.
- ii. The project proponent shall make necessary alternative arrangements, if grazing land is involved in core zone, in consultation with the State government to provide alternate areas for livestock grazing, if any. In this context, the project proponent shall implement the directions of Hon'ble Supreme Court with regard to acquiring grazing land.

VII. Public hearing and Human health issues

- i. Adequate illumination shall be ensured in all mine locations (as per DGMS standards) and monitored weekly. The report on the same shall be submitted to this ministry & its RO on six-monthly basis.
- ii. The project proponent shall undertake occupational health survey for initial and periodical medical examination of the personnel engaged in the project and maintain records accordingly as per the provisions of the Mines Rules, 1955 and DGMS circulars. Besides regular periodic health check-up, 20% of the personnel identified from workforce engaged in active mining operations shall be subjected to health check-up for occupational diseases and hearing impairment, if any, as amended time to time.
- iii. Personnel (including outsourced employees) working in core zone shall wear protective respiratory devices and shall also be provided with adequate training and information on safety and health aspects.

- iv. Implementation of the action plan on the issues raised during the public hearing shall be ensured. The project proponent shall undertake all the tasks/measures as per the action plan submitted with budgetary provisions during the public hearing. Land oustees shall be compensated as per the norms laid down in the R&R policy of the company/State Government/Central Government, as applicable.
- v. The project proponent shall follow the mitigation measures provided in this Ministry's OM No.Z-11013/5712014-IA.II (M) dated 29th October, 2014, titled 'Impact of mining activities on habitations-issues related to the mining projects wherein habitations and villages are the part of mine lease areas or habitations and villages are surrounded by the mine lease area'.

VIII. Corporate Environment Responsibility

- i. The project proponent shall comply with the provisions contained in this Ministry's OM vide F.No. 22-65/2017-IA.III dated 1st May 2018, as applicable, regarding Corporate Environment Responsibility.
- ii. The company shall have a well laid down environmental policy duly approved by the Board of Directors. The environmental policy should prescribe for standard operating procedures to have proper checks and balances and to bring into focus any infringements/deviation/violation of the environmental / forest / wildlife norms / conditions. The company shall have defined system of reporting infringements / deviation / violation of the environmental / forest / wildlife norms / conditions and / or shareholders / stake holders. The copy of the board resolution in this regard shall be submitted to the MoEF&CC as a part of six-monthly report.
- iii. A separate Environmental Cell both at the project and company head quarter level, with qualified personnel shall be set up under the control of senior Executive, who will directly to the head of the organization.
- iv. Action plan for implementing EMP and environmental conditions along with responsibility matrix of the company shall be prepared and shall be duly approved by competent authority. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Year wise progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six Monthly Compliance Report.
- v. Self environmental audit shall be conducted annually. Every three years third party environmental audit shall be carried out.

IX. Miscellaneous

- i. The project proponent shall make public the environmental clearance granted for their project along with the environmental conditions and safeguards at their cost by prominently advertising it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days and in addition this shall also be displayed in the project proponent's website permanently.

- ii. The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn has to display the same for 30 days from the date of receipt.
- iii. The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and update the same on half-yearly basis.
- iv. The project proponent shall monitor the criteria pollutants level namely; PM₁₀, SO₂, NO_x (ambient levels) or critical sectoral parameters, indicated for the projects and display the same at a convenient location for disclosure to the public and put on the website of the company.
- v. The project proponent shall submit six-monthly reports on the status of the compliance of the stipulated environmental conditions on the website of the ministry of Environment, Forest and Climate Change at environment clearance portal.
- vi. The project proponent shall submit the environmental statement for each financial year in Form-V to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently and put on the website of the company.
- vii. The project authorities shall inform to the Regional Office of the MOEFCC regarding commencement of mining operations.
- viii. The project authorities must strictly adhere to the stipulations made by the State Pollution Control Board and the State Government.
- ix. The project proponent shall abide by all the commitments and recommendations made in the EIA/EMP report, commitment made during Public Hearing and also that during their presentation to the Expert Appraisal Committee.
- viii. No change in coal beneficiation process and scope of work shall be made without obtaining prior approval of the Ministry of Environment, Forests and Climate Change (MoEFCC) with such conditions mentioned therein. No change in the maximum quantum of raw material feed per annum against the approved washery capacity shall be made
- ix. Concealing factual data or submission of false/fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.
- x. The Ministry may revoke or suspend the clearance, if implementation of any of the above conditions is not satisfactory.
- xi. The Ministry reserves the right to stipulate additional conditions if found necessary. The Company in a time bound manner shall implement these conditions.
- xii. The Regional Office of this Ministry shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (s) of the Regional Office by furnishing the requisite data / information/monitoring reports.

- xiii. The above conditions shall be enforced, inter-alia under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and Rules and any other orders passed by the Hon'ble Supreme Court of India / High Courts and any other Court of Law relating to the subject matter.
- xiv. Any appeal against this EC shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

ANNEXURE - XVIII

Standard EC Conditions for Petroleum Refining Industry, Petro-chemical complexes and Petrochemical products and petrochemical based processing

[applicable to item 4(a) Petroleum refining industry; 5(c) Petro-chemical complexes (industries based on processing of petroleum fractions & natural gas and/or reforming to aromatics); 5(e) Petrochemical products and petrochemical based processing such as production of carbon black and electrode grade graphite (processes other than cracking & reformation and not covered under the complexes)]

I. Statutory compliance:

- i. The project proponent shall obtain forest clearance under the provisions of Forest (Conservation) Act, 1986, in case of the diversion of forest land for non-forest purpose involved in the project.
- ii. The project proponent shall obtain clearance from the National Board for Wildlife, if applicable.
- iii. The project proponent shall prepare a Site-Specific Conservation Plan & Wildlife Management Plan and approved by the Chief Wildlife Warden. The recommendations of the approved Site-Specific Conservation Plan / Wildlife Management Plan shall be implemented in consultation with the State Forest Department. The implementation report shall be furnished along with the six-monthly compliance report. (incase of the presence of schedule-I species in the study area)
- iv. The project proponent shall obtain Consent to Establish / Operate under the provisions of Air (Prevention & Control of Pollution) Act, 1981 and the Water (Prevention & Control of Pollution) Act, 1974 from the concerned State pollution Control Board/ Committee.
- v. The project proponent shall obtain the necessary permission from the Central Ground Water Authority, in case of drawl of ground water / from the competent authority concerned in case of drawl of surface water required for the project.
- vi. The project proponent shall obtain authorization under the Hazardous and other Waste Management Rules, 2016 as amended from time to time.
- vii. The Company shall strictly comply with the rules and guidelines under Manufacture, Storage and Import of Hazardous Chemicals (MSIHC) Rules, 1989 as amended time to time. All transportation of Hazardous Chemicals shall be as per the Motor Vehicle Act (MVA), 1989.

II. Air quality monitoring and preservation

- i. The project proponent shall install 24x7 continuous emission monitoring system at process stacks to monitor stack emission with respect to standards prescribed in Environment (Protection) Rules 1986 and connected to SPCB and CPCB online servers and calibrate these system from time to time according to equipment supplier

specification through labs recognised under Environment (Protection) Act, 1986 or NABL accredited laboratories.

- ii. The project proponent shall monitor fugitive emissions in the plant premises at least once in every quarter through labs recognised under Environment (Protection) Act, 1986.
- iii. The project proponent shall install system to carryout Continuous Ambient Air Quality monitoring for common/criterion parameters relevant to the main pollutants released (e.g. PM₁₀ and PM_{2.5} in reference to PM emission, and SO₂ and NO_x in reference to SO₂ and NO_x emissions) within and outside the plant area at least at four locations (one within and three outside the plant area at an angle of 120° each), covering upwind and downwind directions. (case to case basis small plants: Manual; Large plants: Continuous)
- iv. The project proponent shall submit monthly summary report of continuous stack emission and air quality monitoring and results of manual stack monitoring and manual monitoring of air quality /fugitive emissions to Regional Office of MoEF&CC, Zonal office of CPCB and Regional Office of SPCB along with six-monthly monitoring report.
- v. Appropriate Air Pollution Control (APC) system shall be provided for all the dust generating points including fugitive dust from all vulnerable sources, so as to comply prescribed stack emission and fugitive emission standards.
- vi. Sulphur content should not exceed 0.5% in the coal for use in coal fired boilers to control particulate emissions within permissible limits (as applicable). The gaseous emissions shall be dispersed through stack of adequate height as per CPCB/SPCB guidelines.
- vii. The DG sets shall be equipped with suitable pollution control devices and the adequate stack height so that the emissions are in conformity with the extant regulations and the guidelines in this regard.
- viii. The National Emission Standards for Petroleum Oil Refinery issued by the Ministry vide G.S.R. 186(E) dated 18th March, 2008 and G.S.R. 595(E) dated 21st August, 2009 as amended from time to time shall be followed.
- ix. The National Emission Standards for Petrochemical (Basic & Intermediates) issued by the Ministry vide G.S.R. 820 (E) dated 9th November, 2012as amended time to time shall be followed.
- x. Storage of raw materials, coal etc shall be either stored in silos or in covered areas to prevent dust pollution and other fugitive emissions

III. Water quality monitoring and preservation

- i. The project proponent shall provide online continuous monitoring of effluent, the unit shall install web camera with night vision capability and flow meters in the channel/drain carrying effluent within the premises (applicable in case of the projects achieving ZLD).

- ii. The project proponent shall monitor regularly ground water quality at least twice a year (pre and post monsoon) at sufficient numbers of piezometers/sampling wells in the plant and adjacent areas through labs recognised under Environment (Protection) Act, 1986 and NABL accredited laboratories.
- iii. The project proponent shall submit monthly summary report of continuous effluent monitoring and results of manual effluent testing and manual monitoring of ground water quality to Regional Office of MoEF&CC, Zonal office of CPCB and Regional Office of SPCB along with six-monthly monitoring report.
- iv. The effluent discharge shall conform to the standards prescribed under the Environment (Protection) Rules, 1986, or as specified by the State Pollution Control Board while granting Consent under the Air/Water Act, whichever is more stringent.
- v. As already committed by the project proponent, Zero Liquid Discharge shall be ensured and no waste/treated water shall be discharged outside the premises (applicable in case of the projects achieving the ZLD).
- vi. Total fresh water requirement shall not exceed the proposed quantity or as specified by the Committee. Prior permission shall be obtained from the concerned regulatory authority/CGWA in this regard.
- vii. Process effluent/any wastewater shall not be allowed to mix with storm water. The storm water from the premises shall be collected and discharged through a separate conveyance system.
- viii. The project proponent shall practice rainwater harvesting to maximum possible extent.
- ix. The project proponent shall make efforts to minimise water consumption in the complex by segregation of used water, practicing cascade use and by recycling treated water.

IV. Noise monitoring and prevention

- i. Acoustic enclosure shall be provided to DG set for controlling the noise pollution.
- ii. The overall noise levels in and around the plant area shall be kept well within the standards by providing noise control measures including acoustic hoods, silencers, enclosures etc. on all sources of noise generation.
- iii. The ambient noise levels should conform to the standards prescribed under E(P)A Rules, 1986 viz. 75 dB(A) during day time and 70 dB(A) during night time

V. Energy Conservation measures

- i. The energy sources for lighting purposes shall preferably be LED based.

VI. Waste management

- i. Hazardous chemicals shall be stored in tanks, tank farms, drums, carboys etc. Flame arresters shall be provided on tank farm and the solvent transfer through pumps.

- ii. Process organic residue and spent carbon, if any, shall be sent to cement industries. ETP sludge, process inorganic & evaporation salt shall be disposed off to the TSDF.
- iii. The company shall undertake waste minimization measures as below:-
 - a. Metering and control of quantities of active ingredients to minimize waste.
 - b. Reuse of by-products from the process as raw materials or as raw material substitutes in other processes.
 - c. Use of automated filling to minimize spillage.
 - d. Use of Close Feed system into batch reactors.
 - e. Venting equipment through vapour recovery system.
 - f. Use of high pressure hoses for equipment clearing to reduce wastewater generation.

VII. Green Belt

- i. The green belt of 5-10 m width shall be developed in more than 33% of the total project area, mainly along the plant periphery, in downward wind direction, and along road sides etc. Selection of plant species shall be as per the CPCB guidelines in consultation with the State Forest Department.

VIII. Public hearing and Human health issues

- i. Emergency preparedness plan based on the Hazard identification and Risk Assessment (HIRA) and Disaster Management Plan shall be implemented.
- ii. The unit shall make the arrangement for protection of possible fire hazards during manufacturing process in material handling. Fire fighting system shall be as per the norms.
- iii. Training shall be imparted to all employees on safety and health aspects of chemicals handling. Pre-employment and routine periodical medical examinations for all employees shall be undertaken on regular basis. Training to all employees on handling of chemicals shall be imparted
- iv. The project proponent shall carry out heat stress analysis for the workmen who work in high temperature work zone and provide Personal Protection Equipment (PPE) as per the norms of Factory Act.
- v. Provision shall be made for the housing of construction labour within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, crèche etc. The housing may be in the form of temporary structures to be removed after the completion of the project.
- vi. There shall be adequate space inside the plant premises earmarked for parking of vehicles for raw materials and finished products, and no parking to be allowed outside on public places

- vii. Occupational health surveillance of the workers shall be done on a regular basis and records maintained as per the Factories Act.

IX. Corporate Environment Responsibility

- i. The project proponent shall comply with the provisions contained in this Ministry's OM vide F.No. 22-65/2017-IA.III dated 1st May 2018, as applicable, regarding Corporate Environment Responsibility.
- ii. The company shall have a well laid down environmental policy duly approve by the Board of Directors. The environmental policy should prescribe for standard operating procedures to have proper checks and balances and to bring into focus any infringements/deviation/violation of the environmental / forest / wildlife norms / conditions. The company shall have defined system of reporting infringements / deviation / violation of the environmental / forest / wildlife norms / conditions and / or shareholders / stake holders. The copy of the board resolution in this regard shall be submitted to the MoEF&CC as a part of six-monthly report.
- iii. A separate Environmental Cell both at the project and company head quarter level, with qualified personnel shall be set up under the control of senior Executive, who will directly to the head of the organization.
- iv. Action plan for implementing EMP and environmental conditions along with responsibility matrix of the company shall be prepared and shall be duly approved by competent authority. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Year wise progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six Monthly Compliance Report.
- v. Self environmental audit shall be conducted annually. Every three years third party environmental audit shall be carried out.
- vi. All the recommendations made in the Charter on Corporate Responsibility for Environment Protection (CREP) for the Iron and Steel plants shall be implemented.

X. Miscellaneous

- i. The project proponent shall make public the environmental clearance granted for their project along with the environmental conditions and safeguards at their cost by prominently advertising it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days and in addition this shall also be displayed in the project proponent's website permanently.
- ii. The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn has to display the same for 30 days from the date of receipt.
- iii. The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and update the same on half-yearly basis.

- iv. The project proponent shall monitor the criteria pollutants level namely; PM₁₀, SO₂, NO_x (ambient levels as well as stack emissions) or critical sectoral parameters, indicated for the projects and display the same at a convenient location for disclosure to the public and put on the website of the company.
- v. The project proponent shall submit six-monthly reports on the status of the compliance of the stipulated environmental conditions on the website of the ministry of Environment, Forest and Climate Change at environment clearance portal.
- vi. The project proponent shall submit the environmental statement for each financial year in Form-V to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently and put on the website of the company.
- vii. The project proponent shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities, commencing the land development work and start of production operation by the project.
- viii. The project authorities must strictly adhere to the stipulations made by the State Pollution Control Board and the State Government.
- ix. The project proponent shall abide by all the commitments and recommendations made in the EIA/EMP report, commitment made during Public Hearing and also that during their presentation to the Expert Appraisal Committee.
- viii. No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment, Forests and Climate Change (MoEF&CC).
- ix. Concealing factual data or submission of false/fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.
- x. The Ministry may revoke or suspend the clearance, if implementation of any of the above conditions is not satisfactory.
- xi. The Ministry reserves the right to stipulate additional conditions if found necessary. The Company in a time bound manner shall implement these conditions.
- xii. The Regional Office of this Ministry shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (s) of the Regional Office by furnishing the requisite data / information/monitoring reports.
- xiii. The above conditions shall be enforced, inter-alia under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and Rules and any other orders passed by the Hon'ble Supreme Court of India / High Courts and any other Court of Law relating to the subject matter.

- xiv. Any appeal against this EC shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

ANNEXURE - XIX**Standard EC Conditions Distillery sector
(applicable to item S.N. 5(g)- Distilleries & 5(j) - Sugar industry)****I. Statutory compliance**

- i. The project proponent shall obtain forest clearance under the provisions of Forest (Conservation) Act, 1986, in case of the diversion of forest land for non-forest purpose involved in the project.
- ii. The project proponent shall obtain clearance from the National Board for Wildlife, if applicable.
- iii. The project proponent shall prepare a Site-Specific Conservation Plan & Wildlife Management Plan and approved by the Chief Wildlife Warden. The recommendations of the approved Site-Specific Conservation Plan / Wildlife Management Plan shall be implemented in consultation with the State Forest Department. The implementation report shall be furnished along with the six-monthly compliance report. (incase of the presence of schedule-I species in the study area)
- iv. The project proponent shall obtain Consent to Establish / Operate under the provisions of Air (Prevention & Control of Pollution) Act, 1981 and the Water (Prevention & Control of Pollution) Act, 1974 from the concerned State pollution Control Board/ Committee.
- v. The project proponent shall obtain authorization under the Hazardous and other Waste Management Rules, 2016 as amended from time to time.
- vi. The Company shall strictly comply with the rules and guidelines under Manufacture, Storage and Import of Hazardous Chemicals (MSIHC) Rules, 1989 as amended time to time. All transportation of Hazardous Chemicals shall be as per the Motor Vehicle Act (MVA), 1989

II. Air quality monitoring and preservation

- i. The project proponent shall install 24x7 continuous emission monitoring system at process stacks to monitor stack emission with respect to standards prescribed in Environment (Protection) Rules 1986 and connected to SPCB and CPCB online servers and calibrate these system from time to time according to equipment supplier specification through labs recognised under Environment (Protection) Act, 1986 or NABL accredited laboratories.
- ii. The project proponent shall install system carryout to Ambient Air Quality monitoring for common/criterion parameters relevant to the main pollutants released (e.g. PM₁₀ and PM_{2.5} in reference to PM emission, and SO₂ and NO_x in reference to SO₂ and NO_x emissions) within and outside the plant area at least at four locations (one within and three outside the plant area at an angle of 120° each), covering upwind and downwind directions. (case to case basis small plants: Manual; Large plants: Continuous)

- iii. The project proponent shall submit monthly summary report of continuous stack emission and air quality monitoring and results of manual stack monitoring and manual monitoring of air quality /fugitive emissions to Regional Office of MoEF&CC, Zonal office of CPCB and Regional Office of SPCB along with six-monthly monitoring report.
- iv. Appropriate Air Pollution Control (APC) system shall be provided for all the dust generating points including fugitive dust from all vulnerable sources, so as to comply prescribed stack emission and fugitive emission standards.
- v. The National Ambient Air Quality Emission Standards issued by the Ministry vide G.S.R. No. 826(E) dated 16th November, 2009 shall be complied with.
- vi. Sulphur content should not exceed 0.5% in the coal for use in coal fired boilers to control particulate emissions within permissible limits (as applicable). The gaseous emissions shall be dispersed through stack of adequate height as per CPCB/SPCB guidelines.
- vii. The DG sets shall be equipped with suitable pollution control devices and the adequate stack height so that the emissions are in conformity with the extant regulations and the guidelines in this regard.
- viii. Storage of raw materials, coal etc shall be either stored in silos or in covered areas to prevent dust pollution and other fugitive emissions.

III. Water quality monitoring and preservation

- i. For online continuous monitoring of effluent, the unit shall install web camera with night vision capability and flow meters in the channel/drain carrying effluent within the premises (applicable in case of the projects achieving ZLD) and connected to SPCB and CPCB online servers.
- ii. Zero Liquid Discharge shall be ensured and no waste/treated water shall be discharged outside the premises (applicable in case of the projects achieving the ZLD)
- iii. Process effluent/any wastewater shall not be allowed to mix with storm water. The storm water from the premises shall be collected and discharged through a separate conveyance system.
- iv. The effluent discharge shall conform to the standards prescribed under the Environment (Protection) Rules, 1986, or as specified by the State Pollution Control Board while granting Consent under the Air/Water Act, whichever is more stringent.
- v. Total fresh water requirement shall not exceed the proposed quantity or as specified by the Committee. Prior permission shall be obtained from the concerned regulatory authority/CGWA in this regard.
- vi. Industrial/trade effluent shall be segregated into High COD/TDS and Low COD/TDS effluent streams. High TDS/COD shall be passed through stripper followed by MEE and ATFD (agitated thin film drier). Low TDS effluent stream shall be treated in ETP and then passed through RO system.

- vii. The Company shall harvest rainwater from the roof tops of the buildings and storm water drains to recharge the ground water and utilize the same for different industrial operations within the plant.

IV. Noise monitoring and prevention

- i. Acoustic enclosure shall be provided to DG set for controlling the noise pollution.
- ii. The overall noise levels in and around the plant area shall be kept well within the standards by providing noise control measures including acoustic hoods, silencers, enclosures etc. on all sources of noise generation.
- iii. The ambient noise levels should conform to the standards prescribed under E(P)A Rules, 1986 viz. 75 dB(A) during day time and 70 dB(A) during night time

V. Energy Conservation measures

- i. The energy sources for lighting purposes shall preferably be LED based.

VI. Waste management

- i. Hazardous chemicals shall be stored in tanks, tank farms, drums, carboys etc. Flame arresters shall be provided on tank farm and the solvent transfer through pumps.
- ii. Process organic residue and spent carbon, if any, shall be sent to cement industries. ETP sludge, process inorganic & evaporation salt shall be disposed off to the TSDF.
- iii. The company shall undertake waste minimization measures as below:-
 - a. Metering and control of quantities of active ingredients to minimize waste.
 - b. Reuse of by-products from the process as raw materials or as raw material substitutes in other processes.
 - c. Use of automated filling to minimize spillage.
 - d. Use of Close Feed system into batch reactors.
 - e. Venting equipment through vapour recovery system.
 - f. Use of high pressure hoses for equipment clearing to reduce wastewater generation

VII. Green Belt

- i. Green belt shall be developed in an area equal to 33% of the plant area with a native tree species in accordance with CPCB guidelines. The greenbelt shall inter alia cover the entire periphery of the plant

VIII. Safety, Public hearing and Human health issues

- i. Emergency preparedness plan based on the Hazard identification and Risk Assessment (HIRA) and Disaster Management Plan shall be implemented.

- ii. The PP shall provide Personal Protection Equipment (PPE) as per the norms of Factory Act.
- iii. Training shall be imparted to all employees on safety and health aspects of chemicals handling. Pre-employment and routine periodical medical examinations for all employees shall be undertaken on regular basis. Training to all employees on handling of chemicals shall be imparted.
- iv. Provision shall be made for the housing of construction labour within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, crèche etc. The housing may be in the form of temporary structures to be removed after the completion of the project.
- v. Occupational health surveillance of the workers shall be done on a regular basis and records maintained as per the Factories Act.
- vi. There shall be adequate space inside the plant premises earmarked for parking of vehicles for raw materials and finished products, and no parking to be allowed outside on public places

IX. Corporate Environment Responsibility

- i. The project proponent shall comply with the provisions contained in this Ministry's OM vide F.No. 22-65/2017-IA.III dated 1st May 2018, as applicable, regarding Corporate Environment Responsibility.
- ii. The company shall have a well laid down environmental policy duly approve by the Board of Directors. The environmental policy should prescribe for standard operating procedures to have proper checks and balances and to bring into focus any infringements/deviation/violation of the environmental / forest /wildlife norms/ conditions. The company shall have defined system of reporting infringements / deviation / violation of the environmental / forest / wildlife norms / conditions and / or shareholders / stake holders. The copy of the board resolution in this regard shall be submitted to the MoEF&CC as a part of six-monthly report.
- iii. A separate Environmental Cell both at the project and company head quarter level, with qualified personnel shall be set up under the control of senior Executive, who will directly to the head of the organization.
- iv. Action plan for implementing EMP and environmental conditions along with responsibility matrix of the company shall be prepared and shall be duly approved by competent authority. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Year wise progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six Monthly Compliance Report.
- v. Self environmental audit shall be conducted annually. Every three years third party environmental audit shall be carried out.

X. Miscellaneous

- i. The project proponent shall make public the environmental clearance granted for their project along with the environmental conditions and safeguards at their cost by prominently advertising it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days and in addition this shall also be displayed in the project proponent's website permanently.
- ii. The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn has to display the same for 30 days from the date of receipt.
- iii. The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and update the same on half-yearly basis.
- iv. The project proponent shall monitor the criteria pollutants level namely; PM₁₀, SO₂, NO_x (ambient levels as well as stack emissions) or critical sectoral parameters, indicated for the projects and display the same at a convenient location for disclosure to the public and put on the website of the company.
- v. The project proponent shall submit six-monthly reports on the status of the compliance of the stipulated environmental conditions on the website of the ministry of Environment, Forest and Climate Change at environment clearance portal.
- vi. The project proponent shall submit the environmental statement for each financial year in Form-V to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently and put on the website of the company.
- vii. The project proponent shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities, commencing the land development work and start of production operation by the project.
- viii. The project authorities must strictly adhere to the stipulations made by the State Pollution Control Board and the State Government.
- ix. The project proponent shall abide by all the commitments and recommendations made in the EIA/EMP report, commitment made during Public Hearing and also that during their presentation to the Expert Appraisal Committee.
- x. No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment, Forests and Climate Change (MoEF&CC).
- xi. Concealing factual data or submission of false/fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.
- xii. The Ministry may revoke or suspend the clearance, if implementation of any of the above conditions is not satisfactory.

- xiii. The Ministry reserves the right to stipulate additional conditions if found necessary. The Company in a time bound manner shall implement these conditions.
- xiv. The Regional Office of this Ministry shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (s) of the Regional Office by furnishing the requisite data / information/monitoring reports.
- xv. The above conditions shall be enforced, inter-alia under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and Rules and any other orders passed by the Hon'ble Supreme Court of India / High Courts and any other Court of Law relating to the subject matter.
- xvi. Any appeal against this EC shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

ANNEXURE - XX

Standard EC Conditions for Pharmaceutical/Chemical Industry sector
(applicable to item S.N. 4(d) - Chlor-alkali industry; 4(e) - Soda ash industry; 5(b) -Pesticides industry and Pesticides specific intermediates; 5(f) - Synthetic organic chemicals industry {dyes & dye intermediates, bulk drugs and intermediates & synthetic rubbers etc} and 5(h) - Integrated paint industry)

I. Statutory compliance

- i. The project proponent shall obtain forest clearance under the provisions of Forest (Conservation) Act, 1986, in case of the diversion of forest land for non-forest purpose involved in the project.
- ii. The project proponent shall obtain clearance from the National Board for Wildlife, if applicable.
- iii. The project proponent shall prepare a Site-Specific Conservation Plan & Wildlife Management Plan and approved by the Chief Wildlife Warden. The recommendations of the approved Site-Specific Conservation Plan / Wildlife Management Plan shall be implemented in consultation with the State Forest Department. The implementation report shall be furnished along with the six-monthly compliance report. (incase of the presence of schedule-I species in the study area)
- iv. The project proponent shall obtain Consent to Establish / Operate under the provisions of Air (Prevention & Control of Pollution) Act, 1981 and the Water (Prevention & Control of Pollution) Act, 1974 from the concerned State pollution Control Board/ Committee.
- v. The project proponent shall obtain authorization under the Hazardous and other Waste Management Rules, 2016 as amended from time to time.
- vi. The Company shall strictly comply with the rules and guidelines under Manufacture, Storage and Import of Hazardous Chemicals (MSIHC) Rules, 1989 as amended time to time. All transportation of Hazardous Chemicals shall be as per the Motor Vehicle Act (MVA), 1989

II. Air quality monitoring and preservation

- i. The project proponent shall install 24x7 continuous emission monitoring system at process stacks to monitor stack emission with respect to standards prescribed in Environment (Protection) Rules 1986 and connected to SPCB and CPCB online servers and calibrate these system from time to time according to equipment supplier specification through labs recognised under Environment (Protection) Act, 1986 or NABL accredited laboratories.
- ii. The project proponent shall monitor fugitive emissions in the plant premises at least once in every quarter through labs recognised under Environment (Protection) Act, 1986.

- iii. The project proponent shall install system to carryout Ambient Air Quality monitoring for common/criterion parameters relevant to the main pollutants released (e.g. PM₁₀ and PM_{2.5} in reference to PM emission, and SO₂ and NO_x in reference to SO₂ and NO_x emissions) within and outside the plant area at least at four locations (one within and three outside the plant area at an angle of 120° each), covering upwind and downwind directions.
- iv. To control source and the fugitive emissions, suitable pollution control devices shall be installed to meet the prescribed norms and/or the NAAQS. Sulphur content should not exceed 0.5% in the coal for use in coal fired boilers to control particulate emissions within permissible limits (as applicable). The gaseous emissions shall be dispersed through stack of adequate height as per CPCB/SPCB guidelines.
- v. Storage of raw materials, coal etc shall be either stored in silos or in covered areas to prevent dust pollution and other fugitive emissions.
- vi. National Emission Standards for Organic Chemicals Manufacturing Industry issued by the Ministry vide G.S.R. 608(E) dated 21st July, 2010 and amended from time to time shall be followed.
- vii. The National Ambient Air Quality Emission Standards issued by the Ministry vide G.S.R. No. 826(E) dated 16th November, 2009 shall be complied with

III. Water quality monitoring and preservation

- i. The project proponent shall provide online continuous monitoring of effluent, the unit shall install web camera with night vision capability and flow meters in the channel/drain carrying effluent within the premises (applicable in case of the projects achieving ZLD)
- ii. As already committed by the project proponent, Zero Liquid Discharge shall be ensured and no waste/treated water shall be discharged outside the premises (applicable in case of the projects achieving the ZLD).
- iii. The effluent discharge shall conform to the standards prescribed under the Environment (Protection) Rules, 1986, or as specified by the State Pollution Control Board while granting Consent under the Air/Water Act, whichever is more stringent.
- iv. Total fresh water requirement shall not exceed the proposed quantity or as specified by the Committee. Prior permission shall be obtained from the concerned regulatory authority/CGWA in this regard.
- v. Process effluent/any wastewater shall not be allowed to mix with storm water. The storm water from the premises shall be collected and discharged through a separate conveyance system.
- vi. The Company shall harvest rainwater from the roof tops of the buildings and storm water drains to recharge the ground water and utilize the same for different industrial operations within the plant.

- vii. The DG sets shall be equipped with suitable pollution control devices and the adequate stack height so that the emissions are in conformity with the extant regulations and the guidelines in this regard.

IV. Noise monitoring and prevention

- i. Acoustic enclosure shall be provided to DG set for controlling the noise pollution.
- ii. The overall noise levels in and around the plant area shall be kept well within the standards by providing noise control measures including acoustic hoods, silencers, enclosures etc. on all sources of noise generation.
- iii. The ambient noise levels should conform to the standards prescribed under E(P)A Rules, 1986 viz. 75 dB(A) during day time and 70 dB(A) during night time

V. Energy Conservation measures

- i. The energy sources for lighting purposes shall preferably be LED based.

VI. Waste management

- i. Hazardous chemicals shall be stored in tanks, tank farms, drums, carboys etc. Flame arresters shall be provided on tank farm and the solvent transfer through pumps.
- ii. Process organic residue and spent carbon, if any, shall be sent to cement industries. ETP sludge, process inorganic & evaporation salt shall be disposed off to the TSDF.
- iii. The company shall undertake waste minimization measures as below:-
 - a. Metering and control of quantities of active ingredients to minimize waste.
 - b. Reuse of by-products from the process as raw materials or as raw material substitutes in other processes.
 - c. Use of automated filling to minimize spillage.
 - d. Use of Close Feed system into batch reactors.
 - e. Venting equipment through vapour recovery system.
 - f. Use of high pressure hoses for equipment clearing to reduce wastewater generation

VII. Green Belt

- i. The green belt of 5-10 m width shall be developed in more than 33% of the total project area, mainly along the plant periphery, in downward wind direction, and along road sides etc. Selection of plant species shall be as per the CPCB guidelines in consultation with the State Forest Department.

VIII. Safety, Public hearing and Human health issues

- ii. Emergency preparedness plan based on the Hazard identification and Risk Assessment (HIRA) and Disaster Management Plan shall be implemented.
- iii. The unit shall make the arrangement for protection of possible fire hazards during manufacturing process in material handling. Fire fighting system shall be as per the norms.
- iv. The PP shall provide Personal Protection Equipment (PPE) as per the norms of Factory Act.
- v. Training shall be imparted to all employees on safety and health aspects of chemicals handling. Pre-employment and routine periodical medical examinations for all employees shall be undertaken on regular basis. Training to all employees on handling of chemicals shall be imparted.
- vi. Provision shall be made for the housing of construction labour within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, crèche etc. The housing may be in the form of temporary structures to be removed after the completion of the project.
- vii. Occupational health surveillance of the workers shall be done on a regular basis and records maintained as per the Factories Act.
- viii. There shall be adequate space inside the plant premises earmarked for parking of vehicles for raw materials and finished products, and no parking to be allowed outside on public places

IX. Corporate Environment Responsibility

- i. The project proponent shall comply with the provisions contained in this Ministry's OM vide F.No. 22-65/2017-IA.III dated 1st May 2018, as applicable, regarding Corporate Environment Responsibility.
- ii. The company shall have a well laid down environmental policy duly approve by the Board of Directors. The environmental policy should prescribe for standard operating procedures to have proper checks and balances and to bring into focus any infringements/deviation/violation of the environmental / forest /wildlife norms/ conditions. The company shall have defined system of reporting infringements / deviation / violation of the environmental / forest / wildlife norms / conditions and / or shareholders / stake holders. The copy of the board resolution in this regard shall be submitted to the MoEF&CC as a part of six-monthly report.
- iii. A separate Environmental Cell both at the project and company head quarter level, with qualified personnel shall be set up under the control of senior Executive, who will directly to the head of the organization.
- iv. Action plan for implementing EMP and environmental conditions along with responsibility matrix of the company shall be prepared and shall be duly approved by competent authority. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other

purpose. Year wise progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six Monthly Compliance Report.

- v. Self environmental audit shall be conducted annually. Every three years third party environmental audit shall be carried out.

X. Miscellaneous

- i. The project proponent shall make public the environmental clearance granted for their project along with the environmental conditions and safeguards at their cost by prominently advertising it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days and in addition this shall also be displayed in the project proponent's website permanently.
- ii. The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn has to display the same for 30 days from the date of receipt.
- iii. The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and update the same on half-yearly basis.
- iv. The project proponent shall monitor the criteria pollutants level namely; PM₁₀, SO₂, NO_x (ambient levels as well as stack emissions) or critical sectoral parameters, indicated for the projects and display the same at a convenient location for disclosure to the public and put on the website of the company.
- v. The project proponent shall submit six-monthly reports on the status of the compliance of the stipulated environmental conditions on the website of the ministry of Environment, Forest and Climate Change at environment clearance portal.
- vi. The project proponent shall submit the environmental statement for each financial year in Form-V to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently and put on the website of the company.
- vii. The project proponent shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities, commencing the land development work and start of production operation by the project.
- viii. The project authorities must strictly adhere to the stipulations made by the State Pollution Control Board and the State Government.
- ix. The project proponent shall abide by all the commitments and recommendations made in the EIA/EMP report, commitment made during Public Hearing and also that during their presentation to the Expert Appraisal Committee.
- x. No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment, Forests and Climate Change (MoEF&CC).

- xi. Concealing factual data or submission of false/fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.
- xii. The Ministry may revoke or suspend the clearance, if implementation of any of the above conditions is not satisfactory.
- xiii. The Ministry reserves the right to stipulate additional conditions if found necessary. The Company in a time bound manner shall implement these conditions.
- xiv. The Regional Office of this Ministry shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (s) of the Regional Office by furnishing the requisite data / information/monitoring reports.
- xv. The above conditions shall be enforced, inter-alia under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and Rules and any other orders passed by the Hon'ble Supreme Court of India / High Courts and any other Court of Law relating to the subject matter.
- xvi. Any appeal against this EC shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

ANNEXURE - XXI**Standard EC Conditions for Offshore and Onshore Oil and Gas exploration, development & production sector****I. Statutory compliance:**

- i. The project proponent shall obtain forest clearance under the provisions of Forest (Conservation) Act, 1986, in case of the diversion of forest land for non-forest purpose involved in the project.
- ii. The project proponent shall obtain clearance from the National Board for Wildlife, if applicable.
- iii. The project proponent shall prepare a Site-Specific Conservation Plan & Wildlife Management Plan and approved by the Chief Wildlife Warden. The recommendations of the approved Site-Specific Conservation Plan / Wildlife Management Plan shall be implemented in consultation with the State Forest Department. The implementation report shall be furnished along with the six-monthly compliance report. (incase of the presence of schedule-I species in the study area)
- iv. The project proponent shall obtain Consent to Establish / Operate under the provisions of Air (Prevention & Control of Pollution) Act, 1981 and the Water (Prevention & Control of Pollution) Act, 1974 from the concerned State pollution Control Board/ Committee.
- v. Necessary authorization required under the Hazardous and Other Wastes (Management and Trans-Boundary Movement) Rules, 2016, Solid Waste Management Rules, 2016 shall be obtained and the provisions contained in the Rules shall be strictly adhered to.
- vi. The project proponent shall obtain and adhere to statutory clearance under the Coastal Regulation Zone Notification, 2011, as applicable

II. Air quality monitoring and preservation

- i. The National Ambient Air Quality Emission Standards issued by the Ministry vide G.S.R. No. 826(E) dated 16th November, 2009 shall be complied with
- ii. To control source and the fugitive emissions, suitable pollution control devices shall be installed to meet the prescribed norms and/or the NAAQS. Sulphur content should not exceed 0.5% in the coal for use in coal fired boilers to control particulate emissions within permissible limits (as applicable). The gaseous emissions shall be dispersed through stack of adequate height as per CPCB/SPCB guidelines.
- iii. The locations of ambient air quality monitoring stations shall be decided in consultation with the State Pollution Control Board (SPCB) and it shall be ensured that at least one stations each is installed in the upwind and downwind direction as well as where maximum ground level concentrations are anticipated.

- iv. Ambient air quality shall be monitored at the nearest human settlements as per the National Ambient Air Quality Emission Standards issued by the Ministry vide G.S.R. No. 826(E) dated 16th November, 2009 for PM10, PM2.5, SO2, NOX, CO, CH4, HC, Non-methane HC etc.
- v. During exploration, production, storage and handling, the fugitive emission of methane, if any, shall be monitored using Infra-red camera/ appropriate technology.
- vi. The project proponent also to ensure trapping/storing of the CO2 generated, if any, during the process and handling.
- vii. Approach road shall be made pucca to minimize generation of suspended dust

III. Water quality monitoring and preservation

- i. As proposed by the project proponent, Zero Liquid Discharge shall be ensured and no waste/treated water shall be discharged to any surface water body, sea and/or on land. Domestic sewage shall be disposed off through septic tank/soak pit.
- ii. The effluent discharge shall conform to the standards prescribed under the Environment (Protection) Rules, 1986, or as specified by the State Pollution Control Board while granting Consent under the Air/Water Act, whichever is more stringent.
- iii. Total fresh water requirement shall not exceed the proposed quantity or as specified by the Committee. Prior permission shall be obtained from the concerned regulatory authority/CGWA in this regard.
- iv. The company shall construct the garland drain all around the drilling site to prevent runoff of any oil containing waste into the nearby water bodies. Separate drainage system shall be created for oil contaminated and non-oil contaminated. Effluent shall be properly treated and treated wastewater shall conform to CPCB standards.
- v. Drill cuttings separated from drilling fluid shall be adequately washed and disposed in HDPE lined pit. Waste mud shall be tested for hazardous contaminants and disposed according to HWMH Rules, 2016. No effluent/drilling mud/drill cutting shall be discharged/disposed off into nearby surface water bodies. The company shall comply with the guidelines for disposal of solid waste, drill cutting and drilling fluids for onshore drilling operation notified vide GSR.546(E) dated 30th August, 2005.

IV. Noise monitoring and prevention

- i. The company shall make all arrangements for control of noise from the drilling activity. Acoustic enclosure shall be provided for the DG sets along with the adequate stack height as per CPCB guidelines.
- ii. The overall noise levels in and around the plant area shall be kept well within the standards by providing noise control measures including acoustic hoods, silencers, enclosures etc. on all sources of noise generation.
- iii. The ambient noise levels shall conform to the standards prescribed under Environment (Protection) Act, 1986 Rules, 1989 viz. 75 dBA (day time) and 70 dBA (night time).

V. Energy Conservation measures

- iv. The energy sources for lighting purposes shall preferably be LED based.

VI. Waste management

- i. Oil spillage prevention and mitigation scheme shall be prepared. In case of oil spillage/ contamination, action plan shall be prepared to clean the site by adopting proven technology. The recyclable waste (oily sludge) and spent oil shall be disposed of to the authorized recyclers.
- ii. Oil content in the drill cuttings shall be monitored by some Authorized agency and report shall be sent to the Ministry's Regional Office

VII. Safety, Public hearing and Human health issues

- i. Emergency preparedness plan based on the Hazard identification and Risk Assessment (HIRA) and Disaster Management Plan shall be implemented.
- ii. Blow Out Preventer system shall be installed to prevent well blowouts during drilling operations. BOP measures during drilling shall focus on maintaining well bore hydrostatic pressure by proper pre-well planning and drilling fluid logging etc.
- iii. Company shall prepare operating manual in respect of all activities, which would cover all safety & environment related issues and measures to be taken for protection. One set of environmental manual shall be made available at the drilling site/ project site. Awareness shall be created at each level of the management. All the schedules and results of environmental monitoring shall be available at the project site office. Remote monitoring of site should be done.
- iv. On completion of drilling, the company has to plug the drilled wells safely and obtain certificate from environment safety angle from the concerned authority
- v. The company shall take measures after completion of drilling process by well plugging and secured enclosures, decommissioning of rig upon abandonment of the well and drilling site shall be restored the area in original condition. In the event that no economic quantity of hydrocarbon is found a full abandonment plan shall be implemented for the drilling site in accordance with the applicable Indian Petroleum Regulations
- vi. The Company shall take necessary measures to prevent fire hazards, containing oil spill and soil remediation as needed. Possibility of using ground flare shall be explored. At the place of ground flaring, the overhead flaring stack with knockout drums shall be installed to minimize gaseous emissions during operation.
- vii. Training shall be imparted to all employees on safety and health aspects of chemicals handling. Pre-employment and routine periodical medical examinations for all employees shall be undertaken on regular basis. Training to all employees on handling of chemicals shall be imparted.
- viii. The company shall develop a contingency plan for H₂S release including all necessary aspects from evacuation to resumption of normal operations. The workers shall be

provided with personal H₂S detectors in locations of high risk of exposure along with self containing breathing apparatus

- ix. Provision shall be made for the housing of construction labour within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, crèche etc. The housing may be in the form of temporary structures to be removed after the completion of the project.
- x. Occupational health surveillance of the workers shall be done on a regular basis and records maintained as per the Factories Act.
- xi. The Company shall carry out long term subsidence study by collecting base line data before initiating drilling operation till the project lasts. The data so collected shall be submitted six monthly to the Ministry and Regional Office.

VIII. Corporate Environment Responsibility

- i. The project proponent shall comply with the provisions contained in this Ministry's OM vide F.No. 22-65/2017-IA.III dated 1st May 2018, as applicable, regarding Corporate Environment Responsibility.
- ii. The company shall have a well laid down environmental policy duly approve by the Board of Directors. The environmental policy should prescribe for standard operating procedures to have proper checks and balances and to bring into focus any infringements/deviation/violation of the environmental / forest / wildlife norms / conditions. The company shall have defined system of reporting infringements / deviation / violation of the environmental / forest / wildlife norms / conditions and / or shareholders / stake holders. The copy of the board resolution in this regard shall be submitted to the MoEF&CC as a part of six-monthly report.
- iii. A separate Environmental Cell equipped with full-fledged laboratory facilities shall be set up to carry out the Environmental Management and Monitoring functions, with qualified personnel shall be set up under the control of senior Executive, who will directly to the head of the organization.
- iv. Action plan for implementing EMP and environmental conditions along with responsibility matrix of the company shall be prepared and shall be duly approved by competent authority. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Year wise progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six Monthly Compliance Report.
- v. Self environmental audit shall be conducted annually. Every three years third party environmental audit shall be carried out.

IX. Miscellaneous

- i. The project proponent shall make public the environmental clearance granted for their project along with the environmental conditions and safeguards at their cost by prominently advertising it at least in two local newspapers of the District or State, of

which one shall be in the vernacular language within seven days and in addition this shall also be displayed in the project proponent's website permanently.

- ii. The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn has to display the same for 30 days from the date of receipt.
- iii. The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and update the same on half-yearly basis.
- iv. The project proponent shall submit six-monthly reports on the status of the compliance of the stipulated environmental conditions on the website of the ministry of Environment, Forest and Climate Change at environment clearance portal.
- v. The project proponent shall submit the environmental statement for each financial year in Form-V to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently and put on the website of the company.
- vi. The project proponent shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities, commencing the land development work and start of production operation by the project.
- vii. Restoration of the project site shall be carried out satisfactorily and report shall be sent to the Ministry's Regional Office
- vii. The project authorities must strictly adhere to the stipulations made by the State Pollution Control Board and the State Government.
- viii. The project proponent shall abide by all the commitments and recommendations made in the EIA/EMP report, commitment made during Public Hearing and also that during their presentation to the Expert Appraisal Committee.
- viii. No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment, Forests and Climate Change (MoEF&CC).
- ix. Concealing factual data or submission of false/fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.
- x. The Ministry may revoke or suspend the clearance, if implementation of any of the above conditions is not satisfactory.
- xi. The Ministry reserves the right to stipulate additional conditions if found necessary. The Company in a time bound manner shall implement these conditions.
- xii. The Regional Office of this Ministry shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (s) of the Regional Office by furnishing the requisite data / information/monitoring reports.

- xiii. The above conditions shall be enforced, inter-alia under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and Rules and any other orders passed by the Hon'ble Supreme Court of India / High Courts and any other Court of Law relating to the subject matter.
- xiv. Any appeal against this EC shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

ANNEXURE - XXII**Standard EC Conditions for Oil & gas transportation pipeline sector****I. Statutory compliance:**

- i. The project proponent shall obtain forest clearance under the provisions of Forest (Conservation) Act, 1986, in case of the diversion of forest land for non-forest purpose involved in the project.
- ii. The project proponent shall obtain clearance from the National Board for Wildlife, if applicable.
- iii. The project proponent shall prepare a Site-Specific Conservation Plan & Wildlife Management Plan and approved by the Chief Wildlife Warden. The recommendations of the approved Site-Specific Conservation Plan / Wildlife Management Plan shall be implemented in consultation with the State Forest Department. The implementation report shall be furnished along with the six-monthly compliance report. (incase of the presence of schedule-I species in the study area)
- iv. The project proponent shall obtain Consent to Establish / Operate under the provisions of Air (Prevention & Control of Pollution) Act, 1981 and the Water (Prevention & Control of Pollution) Act, 1974 from the concerned State pollution Control Board/ Committee.
- v. Necessary authorization required under the Hazardous and Other Wastes (Management and Trans-Boundary Movement) Rules, 2016, Solid Waste Management Rules, 2016 shall be obtained and the provisions contained in the Rules shall be strictly adhered to.
- vi. The project proponent shall obtain and adhere to statutory clearance under the Coastal Regulation Zone Notification, 2011, as applicable.
- vii. The Oil Industry Safety Directorate (OISD) guidelines for pipeline projects shall be followed in letter and spirit.
- viii. Necessary approval from Chief Controller of Explosive must be obtained before commission of project.

II. Air quality monitoring and preservation

- i. The locations of ambient air quality monitoring stations shall be decided in consultation with the State Pollution Control Board (SPCB) and it shall be ensured that at least one stations each is installed in the upwind and downwind direction as well as where maximum ground level concentrations are anticipated.
- ii. The DG sets shall be equipped with suitable pollution control devices and the adequate stack height so that the emissions are in conformity with the extant regulations and the guidelines in this regard.

- iii. The National Ambient Air Quality Emission Standards issued by the Ministry vide G.S.R. No. 826(E) dated 16th November, 2009 shall be complied with.

III. Water quality monitoring and preservation

- i. As already committed by the project proponent, Zero Liquid Discharge shall be ensured and no waste/treated water shall be discharged outside the premises (applicable in case of the projects achieving the ZLD).
- ii. The effluent discharge shall conform to the standards prescribed under the Environment (Protection) Rules, 1986, or as specified by the State Pollution Control Board while granting Consent under the Air/Water Act, whichever is more stringent.
- iii. Total fresh water requirement shall not exceed the proposed quantity or as specified by the Committee. Prior permission shall be obtained from the concerned regulatory authority/CGWA in this regard.
- iv. The Company shall harvest rainwater from the roof tops of the buildings and storm water drains to recharge the ground water and utilize the same for different industrial operations within the plant.
- v. The construction of pipelines through the waterbodies shall be avoided during the rainy season/ breeding seasons of aquatic animals.
- vi. The riverbed, embankments and dykes shall be restored adequately after installation of crossings.

IV. Noise monitoring and prevention

- i. Acoustic enclosure shall be provided to DG set for controlling the noise pollution.
- ii. The overall noise levels in and around the plant area shall be kept well within the standards by providing noise control measures including acoustic hoods, silencers, enclosures etc. on all sources of noise generation.
- iii. The ambient noise levels shall conform to the standards prescribed under Environment (Protection) Act, 1986 Rules, 1989 viz. 75 dBA (day time) and 70 dBA (night time).

V. Energy Conservation measures

- i. The energy sources for lighting purposes shall preferably be LED based.

VI. Waste management

- i. Oil spillage prevention and mitigation scheme shall be prepared. In case of oil spillage/ contamination, action plan shall be prepared to clean the site by adopting proven technology. The recyclable waste (oily sludge) and spent oil shall be disposed of to the authorized recyclers.

VII. Safety, Public hearing and Human health issues

- i. SCADA system shall be installed with dedicated optical fiber based telecommunication link for safe operation of pipeline and leak detection system.
- ii. Intelligent pigging facilities shall be provided for the entire pipeline system for internal corrosion monitoring. Coating and impressed current cathodic protection system shall be provided to prevent external corrosion.
- iii. All the recommendations mentioned in the risk assessment report shall be implemented and Emergency response plan shall be based on guideline prepared by OISD
- iv. Emergency preparedness plan based on the Hazard identification and Risk Assessment (HIRA) and Onsite and Offsite Disaster Management Plan shall be implemented.

VIII. Corporate Environment Responsibility

- i. The project proponent shall comply with the provisions contained in this Ministry's OM vide F.No. 22-65/2017-IA.III dated 1st May 2018, as applicable, regarding Corporate Environment Responsibility.
- ii. The company shall have a well laid down environmental policy duly approve by the Board of Directors. The environmental policy should prescribe for standard operating procedures to have proper checks and balances and to bring into focus any infringements/deviation/violation of the environmental / forest / wildlife norms / conditions. The company shall have defined system of reporting infringements / deviation / violation of the environmental / forest / wildlife norms / conditions and / or shareholders / stake holders. The copy of the board resolution in this regard shall be submitted to the MoEF&CC as a part of six-monthly report.
- iii. A separate Environmental Cell equipped with full-fledged laboratory facilities shall be set up to carry out the Environmental Management and Monitoring functions, with qualified personnel shall be set up under the control of senior Executive, who will directly to the head of the organization.
- iv. Action plan for implementing EMP and environmental conditions along with responsibility matrix of the company shall be prepared and shall be duly approved by competent authority. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Year wise progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six Monthly Compliance Report.
- v. Self environmental audit shall be conducted annually. Every three years third party environmental audit shall be carried out.

IX. Miscellaneous

- i. The project proponent shall make public the environmental clearance granted for their project along with the environmental conditions and safeguards at their cost by prominently advertising it at least in two local newspapers of the District or State, of

which one shall be in the vernacular language within seven days and in addition this shall also be displayed in the project proponent's website permanently.

- ii. The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn has to display the same for 30 days from the date of receipt.
- iii. The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and update the same on half-yearly basis.
- iv. The project proponent shall submit six-monthly reports on the status of the compliance of the stipulated environmental conditions on the website of the ministry of Environment, Forest and Climate Change at environment clearance portal.
- v. The project proponent shall submit the environmental statement for each financial year in Form-V to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently and put on the website of the company.
- vi. The project proponent shall inform the Regional Office as well as the Ministry, the date of commencing the land development work and completion of the project.
- ix. The project authorities must strictly adhere to the stipulations made by the State Pollution Control Board and the State Government.
- x. The project proponent shall abide by all the commitments and recommendations made in the EIA/EMP report, commitment made during Public Hearing and also that during their presentation to the Expert Appraisal Committee.
- vii. No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment, Forests and Climate Change (MoEF&CC).
- viii. Concealing factual data or submission of false/fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.
- ix. The Ministry may revoke or suspend the clearance, if implementation of any of the above conditions is not satisfactory.
- x. The Ministry reserves the right to stipulate additional conditions if found necessary. The Company in a time bound manner shall implement these conditions.
- xi. The Regional Office of this Ministry shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (s) of the Regional Office by furnishing the requisite data / information/monitoring reports.
- xii. The above conditions shall be enforced, inter-alia under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other

Wastes (Management and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and Rules.

- xiii. Any appeal against this EC shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

ANNEXURE - XXIII**Standard EC Conditions for isolated storage and handling of hazardous chemicals sector****I. Statutory compliance:**

- i. The project proponent shall obtain forest clearance under the provisions of Forest (Conservation) Act, 1986, in case of the diversion of forest land for non-forest purpose involved in the project.
- ii. The project proponent shall obtain clearance from the National Board for Wildlife, if applicable.
- iii. The project proponent shall prepare a Site-Specific Conservation Plan & Wildlife Management Plan and approved by the Chief Wildlife Warden. The recommendations of the approved Site-Specific Conservation Plan / Wildlife Management Plan shall be implemented in consultation with the State Forest Department. The implementation report shall be furnished along with the six-monthly compliance report. (incase of the presence of schedule-I species in the study area)
- iv. The project proponent shall obtain Consent to Establish / Operate under the provisions of Air (Prevention & Control of Pollution) Act, 1981 and the Water (Prevention & Control of Pollution) Act, 1974 from the concerned State pollution Control Board/ Committee.
- v. Necessary authorization required under the Hazardous and Other Wastes (Management and Trans-Boundary Movement) Rules, 2016 shall be obtained and the provisions contained in the Rules shall be strictly adhered to.
- vi. During construction phase, air pollution and solid waste management aspects need to be properly addressed ensuring compliance of the Construction and Demolition Waste Management Rules, 2016.
- vii. The Company shall strictly comply with the rules and guidelines under Manufacture, Storage and Import of Hazardous Chemicals (MSIHC) Rules, 1989 as amended time to time. All transportation of Hazardous Chemicals shall be as per the Motor Vehicle Act (MVA), 1989.
- viii. The company should obtain all requisite clearances for fire safety and explosives and should comply with the stipulation made by the respective authorities.
- ix. Necessary approvals from Chief Controller of Explosives must be obtained before commission of project, if applicable.
- x. The project proponent shall obtain and adhere to statutory clearance under the Coastal Regulation Zone Notification, 2011, as applicable

II. Air quality monitoring and preservation

- i. The National Ambient Air Quality Emission Standards issued by the Ministry vide G.S.R. No. 826(E) dated 16th November, 2009 shall be complied with.
- ii. The locations of ambient air quality monitoring stations shall be decided in consultation with the State Pollution Control Board (SPCB) and it shall be ensured that at least one stations each is installed in the upwind and downwind direction as well as where maximum ground level concentrations are anticipated.
- iii. Regularly monitoring of VOC and HC in the work zone area in the plant premises should be carried out and data be submitted to Ministry's Regional Office, CPCB and State Pollution Control Board. Quarterly monitoring for fugitive emissions should be carried out as per the guidelines of CPCB and reports submitted to Ministry's Regional Office.
- iv. During storage and handling, the fugitive emission of methane, if any, shall be monitored using Infra-red camera/ appropriate technology.
- v. The project proponent also to ensure trapping/storing of the CO₂ generated, if any, during the process and handling.
- vi. The DG sets shall be equipped with suitable pollution control devices and the adequate stack height so that the emissions are in conformity with the extant regulations and the guidelines in this regard.
- vii. Water sprinkling has to be undertaken on regular basis to control the polluting particles.
- viii. Approach road shall be made pucca to minimize generation of suspended dust.

III. Water quality monitoring and preservation

- i. As already committed by the project proponent, Zero Liquid Discharge shall be ensured (applicable in case of the projects achieving the ZLD).
- ii. The Company shall harvest rainwater from the roof tops of the buildings and storm water drains to recharge the ground water and utilize the same for different industrial operations within the plant.

IV. Noise monitoring and prevention

- i. Acoustic enclosure shall be provided to DG set for controlling the noise pollution.
- ii. The overall noise levels in and around the plant area shall be kept well within the standards by providing noise control measures including acoustic hoods, silencers, enclosures etc. on all sources of noise generation.
- iii. The ambient noise levels shall conform to the standards prescribed under Environment (Protection) Act, 1986 Rules, 1989 viz. 75 dBA (day time) and 70 dBA (night time).

V. Energy Conservation measures

- iv. The energy sources for lighting purposes shall preferably be LED based.

VI. Waste management

- i. Oil spillage prevention and mitigation scheme shall be prepared. In case of oil spillage/ contamination, action plan shall be prepared to clean the site by adopting proven technology. The recyclable waste (oily sludge) and spent oil shall be disposed of to the authorized recyclers.

VII. Green Belt

- i. The green belt of 5-10 m width shall be developed in more than 33% of the total project area, mainly along the plant periphery, in downward wind direction, and along road sides etc. Selection of plant species shall be as per the CPCB guidelines in consultation with the State Forest Department.

VIII. Safety, Public hearing and Human health issues

- i. Emergency preparedness plan based on the Hazard identification and Risk Assessment (HIRA) and guidelines prepared by OISD, DGMS and Govt. of India. Mock drill should be conducted once in a month. onsite and off-site Disaster Management Plan shall be implemented.
- ii. Training shall be imparted to all employees on safety and health aspects of chemicals handling. Pre-employment and routine periodical medical examinations for all employees shall be undertaken on regular basis. Training to all employees on handling of chemicals shall be imparted.
- iii. Additional safety measures should be taken by using remote operated shut off valve, double block & bleed valve (DBB), impervious dyke wall and un-bonded flexible roof drain pipe, if applicable.
- iv. High and low-level alarms shall be fitted to plant storage tanks which can detect overfilling. However, proper supervision shall be done every time.
- v. Unit should carry out safety audit and report submitted to the Regional Office.
- vi. Provision shall be made for the housing of construction labour within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, crèche etc. The housing may be in the form of temporary structures to be removed after the completion of the project.
- vii. Occupational health surveillance of the workers shall be done on a regular basis and records maintained as per the Factories Act.

IX. Corporate Environment Responsibility

- i. The project proponent shall comply with the provisions contained in this Ministry's OM vide F.No. 22-65/2017-IA.III dated 1st May 2018, as applicable, regarding Corporate Environment Responsibility.

- ii. The company shall have a well laid down environmental policy duly approve by the Board of Directors. The environmental policy should prescribe for standard operating procedures to have proper checks and balances and to bring into focus any infringements/deviation/violation of the environmental / forest / wildlife norms / conditions. The company shall have defined system of reporting infringements / deviation / violation of the environmental / forest / wildlife norms / conditions and / or shareholders / stake holders. The copy of the board resolution in this regard shall be submitted to the MoEF&CC as a part of six-monthly report.
- iii. A separate Environmental Cell equipped with full-fledged laboratory facilities shall be set up to carry out the Environmental Management and Monitoring functions, with qualified personnel shall be set up under the control of senior Executive, who will directly to the head of the organization.
- iv. Action plan for implementing EMP and environmental conditions along with responsibility matrix of the company shall be prepared and shall be duly approved by competent authority. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Year wise progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six Monthly Compliance Report.
- v. Self environmental audit shall be conducted annually. Every three years third party environmental audit shall be carried out.

X. Miscellaneous

- i. The project proponent shall make public the environmental clearance granted for their project along with the environmental conditions and safeguards at their cost by prominently advertising it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days and in addition this shall also be displayed in the project proponent's website permanently.
- ii. The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn has to display the same for 30 days from the date of receipt.
- iii. The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and update the same on half-yearly basis.
- iv. The project proponent shall submit six-monthly reports on the status of the compliance of the stipulated environmental conditions on the website of the ministry of Environment, Forest and Climate Change at environment clearance portal.
- v. The project proponent shall submit the environmental statement for each financial year in Form-V to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently and put on the website of the company.

- vi. The project proponent shall inform the Regional Office as well as the Ministry, the date of commencing the land development work and completion of the project.
- vii. Restoration of the project site shall be carried out satisfactorily and report shall be sent to the Ministry's Regional Office.
- xi. The project authorities must strictly adhere to the stipulations made by the State Pollution Control Board and the State Government.
- xii. The project proponent shall abide by all the commitments and recommendations made in the EIA/EMP report, commitment made during Public Hearing and also that during their presentation to the Expert Appraisal Committee.
- viii. No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment, Forests and Climate Change (MoEF&CC).
- ix. Concealing factual data or submission of false/fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.
- x. The Ministry may revoke or suspend the clearance, if implementation of any of the above conditions is not satisfactory.
- xi. The Ministry reserves the right to stipulate additional conditions if found necessary. The Company in a time bound manner shall implement these conditions.
- xii. The Regional Office of this Ministry shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (s) of the Regional Office by furnishing the requisite data / information/monitoring reports.
- xiii. The above conditions shall be enforced, inter-alia under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and Rules.
- xiv. Any appeal against this EC shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

XI. Miscellaneous(*applicable only for LPG storage*)

- i. No packing/loading/unloading of LPG cylinders shall be made on road/outside factory premises. Vehicles loaded/unloaded with LPG cylinders shall be parked inside the plant premises only and not on road sides.
- ii. The proponent shall strictly follow Oil Industry Safety Directorate (OISD) norms/guidelines for installation and design of equipments and operation of the LPG Bottling Plants.

- iii. Cylinders should be filled with the LPG and should never be over-filled. Cylinders should be checked before and after filling to ensure that they are fit to fill, have been correctly filled, are gas tight and will be trouble-free in service.
- iv. Cylinder filling operations should be carried out in accordance with a reputable technical standard or code such as ISO 10691.
- v. Road tankers should be equipped to the standard specified in national regulations reputable code. Vehicles should be mobilized during transfer operations and equipped to prevent untimely movement. Loading/unloading bays should be protected against impact. Fire-resistant coatings shall be provided to tanks/vessels.
- vi. Sections of pipeline and storage systems that can be isolated with valves or blinds should be equipped with safety valves to protect against possible damage as liquid LPG expands with increases in temperature.
- vii. The norms/guidelines of Oil Industry Safety Directorate (OISD) for installation and design of equipments and operation of the LPG Bottling Plants shall be strictly followed. Safety audit to be carried out and report submitted to the Regional Office.
- viii. The project proponent shall conduct a traffic density survey on the approach road to be used for transportation of LPG tankers and LPG cylinders.
- ix. Static electricity discharge shall be checked. Steel structures and pipeline should be securely earthed. Road tankers should be bonded to earth before LP Gas transfers commence and remain so until the operation is complete and the hose is disconnected.
- x. The proponent shall strictly comply with Government of India's Gas Cylinder Rules and its amendments.

ANNEXURE - XXIV**Standard EC Conditions for River Valley and Hydroelectric projects****I. Statutory compliance:**

- i. The project proponent shall obtain forest clearance under the provisions of Forest (Conservation) Act, 1986, in case of the diversion of forest land for non-forest purpose involved in the project.
- ii. The project proponent shall obtain clearance from the National Board for Wildlife, if applicable.
- iii. The project proponent shall prepare a Site-Specific Conservation Plan & Wildlife Management Plan and approved by the Chief Wildlife Warden. The recommendations of the approved Site-Specific Conservation Plan / Wildlife Management Plan shall be implemented in consultation with the State Forest Department. The implementation report shall be furnished along with the six-monthly compliance report. (incase of the presence of schedule-I species in the study area)
- iv. The project proponent shall obtain Consent to Establish / Operate under the provisions of Air (Prevention & Control of Pollution) Act, 1981 and the Water (Prevention & Control of Pollution) Act, 1974 from the concerned State pollution Control Board/ Committee.
- v. NOC shall be obtained from National Commission of Seismic Design Parameters (NCSDS) of CWC.
- vi. Necessary approval of CEA shall be obtained for those projects having the project cost more than Rs. 1,000 crore.

II. Air quality monitoring and preservation

- i. Regular monitoring of various environmental parameters viz., Water Quality, Ambient Air Quality and Noise levels as per the CPCB guidelines at designated locations shall be carried out on monthly basis and a detailed database of the same shall be prepared and recorded. This shall be used as a baseline data for post construction EIA / Monitoring purposes.
- ii. Appropriate Air Pollution Control (APC) system shall be provided for all the dust generating points including fugitive dust from all vulnerable sources, so as to comply prescribed standards.
- iii. Necessary control measures such as water sprinkling arrangements, etc. be taken up to arrest fugitive dust at all the construction sites.

III. Water quality monitoring and preservation

- i. Conjunctive use of surface water to be planned in the project to check water logging as well as to increase crops productivity. The field drains shall be connected with natural drainage system.

- ii. Remodelling of existing natural drains (link drains) and connecting them with irrigated land through constructed field drains, collector drains, etc. are to be ensured on priority basis..
- iii. Before impounding of the water, Cofferdams for both at the upstream and downstream are to be decommissioned as per EIA/EMP report so that once the project is commissioned; cofferdam should not create any adverse impact on water environment including the rock mass and muck used for the Cofferdam.
- iv. As the reservoir will be acting as balancing reservoir and there would be fluctuation of water level during peaking period, efforts be made to reduce impact on aquatic life including impacts during spawning period both at the upstream and downstream of the project
- v. Water depth sensors shall be installed at suitable locations to monitor e-flow. Hourly data to be collected and converted to discharge data. The Gauge and Discharge data in the form of Excel Sheet be submitted to the Regional Office, MoEF & CC and to the CWC on weekly basis.
- vi. Mixed irrigation shall be practised and necessary awareness be given to all the farmers and trained in the use of such systems. Proper crops selection shall be carried out for making irrigation facility more effective.
- vii. On Farm Development (OFD) works like landscaping, land levelling, drainage facilities, field irrigation channels and farm roads, etc. should be taken up in phased manner prior to the start of irrigation in the entire command area. The Command Area Development Plan should be strictly implemented as proposed in the EIA/EMP report

IV. Noise monitoring and prevention

- i. All the equipment likely to generate high noise shall be appropriately enclosed or inbuilt noise enclosures be provided so as to meet the ambient noise standards as notified under the Noise Pollution (Regulation and Control) Rules, 2000, as amended in 2010 under the Environment Protection Act (EPA), 1986.
- ii. The ambient noise levels should conform to the standards prescribed under E(P)A Rules, 1986 viz. 75 dB(A) during day time and 70 dB(A) during night time

V. Catchment Area Treatment Plan

- i. Catchment Area Treatment (CAT) Plan as proposed in the EIA/EMP report shall be implemented in consultation with the State Forest Department and shall be implemented in synchronization with the construction of the project.

VI. Waste management

- i. Muck disposal be carried out only in the approved and earmarked sites. The dumping sites shall be located sufficiently away from the HFL of the river. Efforts be made to reuse the muck for construction and other filling purposes and balanced be disposed of at the designated disposal sites. Once the muck disposal sites are inactive, proper treatment measures like both engineering and biological measures be carried out so that sites are stabilized quickly.

- ii. Solid waste management should be planned in details. Land filling of plastic waste shall be avoided and instead be used for various purposes as envisaged in the EIA/EMP reports. Efforts be made to avoid one time use of plastics.

VII. Green Belt, EMP Cost, Fisheries and Wildlife Management

- i. Based on the recommendation of Cumulative Impact Assessment and Carrying capacity study of river basin or as per the ToR conditions or minimum 15% of the average flow of four consecutive leanest months, whichever value is higher, shall be released as environmental flow.
- ii. Detailed information on species composition particular to fish species from previous study/literature be inventorized and proper management plan shall be prepared for in-situ conservation in the streams, tributaries of river and the main river itself for which adequate budget provision be made and followed strictly.
- iii. Wildlife Conservation Plan prepared for both core and buffer zones shall be implemented in consultation with the local State Forest Department.
- iv. To enrich the habitat of the project site, plantation shall be raised as envisaged in the EIA/EMP report. Plantation to be developed along the periphery of the reservoir in multi-layers with local indigenous species in consultation with the local State Forest Department.
- v. Compensatory afforestation programme shall be implemented as per the plan approved.
- vi. Fish ladder/pass as envisaged in the EIA/EMP report shall be provided for migration of fishes. Regular monitoring of this facility be carried out to ensure its effectiveness.

VIII. Public hearing and Human health issues

- i. Resettlement & Rehabilitation plan be implemented in consultation with the State Govt. as approved by the State Govt
- ii. Budget provisions made for the community and social development plan including community welfare schemes shall be implemented in toto.
- iii. Preventive measures viz. fuming and spraying of mosquito control shall be done in and around the labour colonies, affected villages, stagnated pools, etc. Provisions be made to not to create any stagnated pools to avoid creation of breeding grounds of the vector borne diseases
- iv. Provision shall be made for the housing of construction labour within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, crèche etc. The housing may be in the form of temporary structures to be removed after the completion of the project.
- v. Labourforce to be engaged for construction works shall be examined thoroughly and adequately treated before issuing them work permit. Medical facilities shall be provided at the construction sites.

- vi. Early Warning Telemetric system shall be installed in the upper catchment area of the project for advance intimation of flood forecast.
- vii. Emergency preparedness plan be made for any eventuality of the dam failure and shall be implemented as per the Dam Break Analysis

IX. Corporate Environment Responsibility

- i. The project proponent shall comply with the provisions contained in this Ministry's OM vide F.No. 22-65/2017-IA.III dated 1st May 2018, as applicable, regarding Corporate Environment Responsibility.
- ii. Skill mapping be undertaken for the youths of the affected project area and based on the skill mapping, necessary trainings to the youths be provided for their long time livelihood generation
- iii. The company shall have a well laid down environmental policy duly approve by the Board of Directors. The environmental policy should prescribe for standard operating procedures to have proper checks and balances and to bring into focus any infringements/deviation/violation of the environmental / forest / wildlife norms / conditions. The company shall have defined system of reporting infringements / deviation / violation of the environmental / forest / wildlife norms / conditions and / or shareholders / stake holders. The copy of the board resolution in this regard shall be submitted to the MoEF&CC as a part of six-monthly report.
- iv. A separate Environmental Cell both at the project and company head quarter level, with qualified personnel shall be set up under the control of senior Executive, who will directly to the head of the organization.
- v. Action plan for implementing EMP and environmental conditions along with responsibility matrix of the company shall be prepared and shall be duly approved by competent authority. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Year wise progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six Monthly Compliance Report.
- vi. Post EIA and SIA be prepared for the project through a third party and evaluation report be submitted to the Ministry after five years of commissioning of the project.
- vii. Multi Disciplinary Committee (MDC) be constituted with experts from Ecology, Forestry, Wildlife, Sociology, Soil Conservation, Fisheries, NGO, etc. to oversee implementation of various environmental safeguards proposed in EIA/EMP report during construction of the project. The monitoring report of the Committee shall be uploaded in the website of the Company.
- viii. Formation of Water User Association/Co-operative be made involment of the whole community be ensured for discipline use of available water for irrigation purposes

X. Miscellaneous

- i. The project proponent shall make public the environmental clearance granted for their project along with the environmental conditions and safeguards at their cost by

prominently advertising it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days and in addition this shall also be displayed in the project proponent's website permanently.

- ii. The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn has to display the same for 30 days from the date of receipt.
- iii. The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and update the same on half-yearly basis.
- iv. The project proponent shall submit six-monthly reports on the status of the compliance of the stipulated environmental conditions on the website of the ministry of Environment, Forest and Climate Change at environment clearance portal.
- v. The project proponent shall submit the environmental statement for each financial year in Form-V to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently and put on the website of the company.
- vi. The project proponent shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities, commencing the land development work and start of production operation by the project.
- vii. The project authorities must strictly adhere to the stipulations made by the State Pollution Control Board and the State Government.
- viii. The project proponent shall abide by all the commitments and recommendations made in the EIA/EMP report, commitment made during Public Hearing and also that during their presentation to the Expert Appraisal Committee.
- vii. No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment, Forests and Climate Change (MoEF&CC).
- viii. Concealing factual data or submission of false/fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.
- ix. The Ministry may revoke or suspend the clearance, if implementation of any of the above conditions is not satisfactory.
- x. The Ministry reserves the right to stipulate additional conditions if found necessary. The Company in a time bound manner shall implement these conditions.
- xi. The Regional Office of this Ministry shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (s) of the Regional Office by furnishing the requisite data / information/monitoring reports.

- xii. The above conditions shall be enforced, inter-alia under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and Rules and any other orders passed by the Hon'ble Supreme Court of India / High Courts and any other Court of Law relating to the subject matter.
- xiii. Any appeal against this EC shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

ANNEXURE - XXV**STANDARD ENVIRONMENT AND CRZ CLEARANCE CONDITIONS FOR THE PROJECTS RELATED TO INDUSTRIAL ESTATES/PARKS/COMPLEXES/ AREAS, EXPORT PROCESSING ZONES (EPZS), SPECIAL ECONOMIC ZONES (SEZS), BIOTECH PARKS, LEATHER COMPLEXES****I. Statutory compliance:**

- i. This clearance is subject to final order of the Hon'ble Supreme Court of India in the matter of Goa Foundation Vs Union of India in Writ Petition (Civil) No.460 of 2004 as may be applicable to this project
- ii. The project proponent shall obtain forest clearance under the provisions of Forest (Conservation) Act, 1986, in case of the diversion of forest land for non-forest purpose involved in the project.
- iii. The project proponent shall obtain clearance from the National Board for Wildlife, if applicable.
- iv. The project proponent shall prepare a Site-Specific Conservation Plan & Wildlife Management Plan and approved by the Chief Wildlife Warden. The recommendations of the approved Site-Specific Conservation Plan / Wildlife Management Plan shall be implemented in consultation with the State Forest Department. The implementation report shall be furnished along with the six-monthly compliance report. (incase of the presence of schedule-I species in the study area)
- v. The project proponent shall obtain Consent to Establish / Operate under the provisions of Air (Prevention & Control of Pollution) Act, 1981 and the Water (Prevention & Control of Pollution) Act, 1974 from the concerned State pollution Control Board/ Committee.
- vi. The project proponent shall obtain the necessary permission from the Central Ground Water Authority, in case of drawl of ground water / from the competent authority concerned in case of drawl of surface water required for the project.
- vii. The project proponent shall obtain authorization under the Hazardous and other Waste Management Rules, 2016 as amended from time to time.
- viii. All other statutory clearances such as the approvals for storage of diesel from Chief Controller of Explosives, Fire Department, Civil Aviation Department shall be obtained, as applicable by project proponents from the respective competent authorities.
- ix. This environmental clearance is only for the said Industrial Area. Any other activity within the Industrial Area would require separate environmental clearance, as applicable under EIA Notification, 2006 as amended from time to time. For all the individual units, environmental clearances, as applicable, shall be obtained from the respective regulatory authorities.

- x. The buildings shall have adequate distance (as per local building bye laws) between them to allow movement of fresh air and passage of natural light, air and ventilation in accordance with guidelines of local authorities

II. Air quality monitoring and preservation

- i. The project proponent shall install system to carryout Ambient Air Quality monitoring for common/criterion parameters relevant to the main pollutants released (e.g. PM₁₀ and PM_{2.5} in reference to PM emission, and SO₂ and NO_x in reference to SO₂ and NO_x emissions) within and outside the Industrial area at least at four locations (one within and three outside the plant area at an angle of 120° each), covering upwind and downwind directions.
- ii. The D.G. sets to be used during development/ construction phase shall be in conformity to Environment (Protection) Rules prescribed for air and noise emission standards. Storage of diesel shall be made underground and necessary approvals/permissions from Chief control of explosives to be obtained.
- iii. Traffic congestion near the entry and exit points from the roads adjoining the proposed project site must be avoided. Parking, loading and unloading shall be fully internalized and no public space shall be utilized.
- iv. Vehicles hired for bringing construction material to the site should have a Pollution Under Control (PUC) certificate and shall conform to applicable air and noise emission standards and shall be operated only during non-peak hours.

III. Water quality monitoring and preservation

- i. The project proponent shall install effluent monitoring system with respect to standards prescribed in Environment (Protection) Rules 1986.
- ii. Construction of storm water drains for collection, storage and its re-use as per guidelines of Central Ground Water Authority (CGWA).
- iii. The project proponent shall report to the State Pollution Control Board about the compliance of the prescribed standards for all discharges from the Industrial Area into the sea. - Project specific
- iv. Fixtures for showers, toilet flushing and drinking shall be of low flow either by use of aerators or pressure reducing devices or sensor based control.
- v. The quantity of fresh water usage, water recycling and rainwater harvesting shall be measured/recorded to ensure the water balance as projected by the project proponent. The record shall be submitted to the concerned Regional Office of the Ministry along with six monthly monitoring reports.
- vi. Water demand during development/construction shall be reduced by use of pre-mixed concrete, curing agents and other best practices referred. Project specific
- vii. The project proponent shall monitor regularly ground water quality at least twice a year (pre and post monsoon) at sufficient numbers of piezometers/sampling wells in

the plant and adjacent areas through labs recognised under Environment (Protection) Act, 1986 and NABL accredited laboratories.

- viii. The project proponent shall make efforts to minimise water consumption in the industrial complex by segregation of used water, practicing cascade use and by recycling treated water.
- ix. Member industries shall treat the effluent to meet the prescribed CETP inlet norms.
- x. The member units shall provide RCC tanks for storage of effluent for monitoring the characteristics of effluent before taking into the Common Effluent Treatment Plant (CETP) for further treatment.
- xi. Proper flow meters along with online monitoring facilities shall be provided to monitor the effluent quality and quantity sent from member industries to CETP and from CETP to the final disposal/re-use on a continuous basis.
- xii. Weep holes in the compound walls shall be provided to ensure natural drainage of rain water in the catchment area during the monsoon period.
- xiii. To achieve the Zero Liquid Discharge, waste water generated from different industrial operations shall be properly collected, treated to the prescribed standards and then recycled or reused for the identified uses. – Project specific
- xiv. The project should not amend or alter the pathways of the natural streams or creeks/nallah flowing.
- xv. Rain water harvesting for roof run-off and surface run-off, as plan submitted shall be implemented. Before recharging the surface run off, pre-treatment must be done to remove suspended matter, oil and grease. The bore well for rainwater recharging shall be kept at least 4 m above the highest ground water table.

IV. Noise monitoring and prevention

- i. Noise level survey shall be carried as per the prescribed guidelines and report in this regard shall be submitted to Regional Officer of the Ministry as a part of six-monthly compliance report.
- ii. The ambient noise levels should conform to the standards prescribed under E(P)A Rules, 1986 viz. 75 dB(A) during day time and 70 dB(A) during night time

V. Energy Conservation measures

- i. Provide solar power generation on roof tops of buildings, for solar light system for all common areas, street lights, parking around project area and maintain the same regularly;
- ii. Provide LED lights in their offices and residential areas.

VI. Waste management

- i. Disposal of muck during development/construction phase should not create any adverse effect on the neighbouring communities and be disposed taking the necessary precautions for general safety and health aspects of people, only in approved sites with the approval of competent authority. The ground water quality of the adjacent to dumping area should be monitored and report should be submitted to MoEF&CC and its Regional Office concerned.
- ii. Fly ash bricks should be used as building material in the construction as per the provisions of Fly Ash Notification of September, 1999 and amended as on 27th August, 2003 and 25th January, 2016
- iii. All hazardous waste generated during development/ construction phase, shall be disposed off as per applicable rules and norms with necessary approvals of the Central Pollution Control Board/State Pollution Control Board.
- iv. Used LEDs shall be properly collected and disposed off/sent for recycling as per the prevailing guidelines/rules of the regulatory authority to avoid mercury contamination. Use of solar panels may be done to the extent possible. Energy conservation measures should be as per Bureau of Energy Efficiency (BEE) standards.
- v. Air pollution and the solid waste management aspects need to be properly addressed ensuring compliance of the Construction and Demolition Waste Management Rules, 2016.
- vi. The solid waste generated shall be properly collected and segregated in accordance with the Solid Waste Management Rules, 2016. Wet garbage shall be composted and dry/inert solid waste should be disposed off to the approved sites for land filling after recovering recyclable material. No municipal waste shall be disposed off outside the premises

VII. Green Belt

- i. The green belt/plantation of to a width of 15 m should be provided all along the periphery of industrial area with native species. The individual units should keep 33% of allotted area as green area with native place. The time bound action plan for green belt/plantation be submitted to the MoEF&CC and concerned Regional Office within three months of issue of this letter.
- ii. Cutting of plants/trees are to be totally avoided by the construction labours. The contractor has to maintain log book for the purchase and distribution of fuel wood.
- iii. Management Plan for biodiversity conservation along with the implementation schedule should be prepared with the help of concerned government institution /state forest department, and same to be submitted to MoEF&CC and its Regional Office before commencement of work. Sufficient fund provision to be made to implement the same.
- iv. All the topsoil excavated during development/construction activities should be stored for use in horticulture/landscape development within the project site. Report should be submitted to MoEF&CC and its Regional Office concerned.

- v. For monitoring of land use pattern, a time series of landuse maps, based on satellite imagery (on a scale of 1: 5000) of the core zone and buffer zone, shall be prepared once in 3 years (for any one particular season which is consistent in the time series), and the report submitted to MOEF and its concerned Regional office

VIII. Public hearing and Human health issues

- i. Provision shall be made for the housing of construction labour within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, crèche etc. The housing may be in the form of temporary structures to be removed after the completion of the project.
- ii. Occupational health surveillance of the workers shall be done on a regular basis and records maintained as per the Factories Act.

IX. Corporate Environment Responsibility

- i. The project proponent shall comply with the provisions contained in this Ministry's OM vide F.No. 22-65/2017-IA.III dated 1st May 2018, as applicable, regarding Corporate Environment Responsibility.
- ii. The company shall have a well laid down environmental policy duly approve by the Board of Directors. The environmental policy should prescribe for standard operating procedures to have proper checks and balances and to bring into focus any infringements/deviation/violation of the environmental / forest / wildlife norms / conditions. The company shall have defined system of reporting infringements / deviation / violation of the environmental / forest / wildlife norms / conditions and / or shareholders / stake holders. The copy of the board resolution in this regard shall be submitted to the MoEF&CC as a part of six-monthly report.
- iii. A separate Environmental Cell both at the project and company head quarter level, with qualified personnel shall be set up under the control of senior Executive, who will directly to the head of the organization.
- iv. Action plan for implementing EMP and environmental conditions along with responsibility matrix of the company shall be prepared and shall be duly approved by competent authority. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Year wise progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six Monthly Compliance Report.
- v. Self environmental audit shall be conducted annually. Every three years third party environmental audit shall be carried out.
- vi. All the recommendations made in the Charter on Corporate Responsibility for Environment Protection (CREP) regarding plants located in the industrial estates/park shall be implemented.
- vii. Special purpose vehicle shall be established for implementation, monitoring and compliance of the environmental safeguards.

X. Miscellaneous

- i. Construction material has to be brought from approved/authorized places.
- ii. Internal Road widths within the industrial area shall be minimum 18 m ROW.
- iii. Parking space to accommodate trucks, cars, two wheelers and bicycles shall be provided as per the norms.
- iv. The project proponent shall make public the environmental clearance granted for their project along with the environmental conditions and safeguards at their cost by prominently advertising it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days and in addition this shall also be displayed in the project proponent's website permanently.
- v. The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn has to display the same for 30 days from the date of receipt.
- vi. The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and update the same on half-yearly basis.
- vii. The project proponent shall monitor the criteria pollutants level namely; PM₁₀, SO₂, NO_x (ambient levels as well as stack emissions) or critical sectoral parameters, indicated for the projects and display the same at a convenient location for disclosure to the public and put on the website of the company.
- viii. The project proponent shall submit six-monthly reports on the status of the compliance of the stipulated environmental conditions on the website of the ministry of Environment, Forest and Climate Change at environment clearance portal.
- ix. The project proponent shall submit the environmental statement for each financial year in Form-V to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently and put on the website of the company.
- x. The project proponent shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities, commencing the land development work and start of production operation by the project.
- xi. The project authorities must strictly adhere to the stipulations made by the State Pollution Control Board and the State Government.
- xii. The project proponent shall abide by all the commitments and recommendations made in the EIA/EMP report, commitment made during Public Hearing and also that during their presentation to the Expert Appraisal Committee.
- xi. No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment, Forests and Climate Change (MoEF&CC).

- xii. Concealing factual data or submission of false/fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.
- xiii. The Ministry may revoke or suspend the clearance, if implementation of any of the above conditions is not satisfactory.
- xiv. The Ministry reserves the right to stipulate additional conditions if found necessary. The Company in a time bound manner shall implement these conditions.
- xv. The Regional Office of this Ministry shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (s) of the Regional Office by furnishing the requisite data / information/monitoring reports.
- xvi. The above conditions shall be enforced, inter-alia under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and Rules and any other orders passed by the Hon'ble Supreme Court of India / High Courts and any other Court of Law relating to the subject matter.
- xvii. Any appeal against this EC shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

XI. Coastal Regulation Zone (CRZ) – If applicable

- i. On the project site physical HTL demarcation has to be compulsorily made with the help of Government of India organizations/Institutions.
- ii. Screens and trash bars shall be provided to avoid entry of fishes and fish larvae in to the system - Project Specific
- iii. There shall be no disturbance to the sand dunes (Size and location latitude and longitude to be given).
- iv. All the provisions of the CRZ Notification, 2011 and subsequent amendments shall be strictly complied with, and in case of any change in scope of work, necessary recommendations from the concerned CZMA shall be obtained for further consideration by the concerned regulatory authority.
- v. No construction work other than those permitted in CRZ Notification shall be carried out in CRZ area.
- vi. The physic – chemical and biological parameters including benthic fauna and flora, primary and secondary productions as well as fishery populations are to be monitored regularly during the construction phase by employing qualified persons.
- vii. In view of the river ecology and dependency for sustenance of fishery in coastal areas, alternate water resources shall be explored to meet the huge water demand for the

project, in addition to the best recycling practices for the industrial requirements. Natural flow of River shall not be altered or tampered with. Project specific

- viii. Though the sumps and pump house are located beyond CRZ area, in view of its proximity to sea necessary prior permission shall be obtained for construction of sumps from the competent authority. Copy of permission shall be submitted to the concerned the concerned Regional Office of the Ministry prior to the commencement of work. Project Specific
- ix. Detailed scientific studies for Coastal Management Plan shall be prepared by an expert institution of repute and time bound action plan to be submitted to the Ministry and its Regional Office concerned within three months of issue of this letter.
- x. Non vegetated mudflats must be clearly demarcated on the map.and no artificial plantation to be undertaken on non- vegetated mudflats.
- xi. 2% of the project cost shall be apportioned for marine and coastal biodiversity protection and conservation measures, to be spent by the project proponent towards fulfilling its Corporate Environmental Responsibility (CER). Project Specific.
- xii. The temperature at the discharge point has to be monitored regularly and also the physico-chemical and biological parameters including benthic fauna and flora, primary and secondary productions as well as fishery populations has to be monitor regularly during the operation phase by employing qualified persons.
- xiii. The project proponent shall report to the State Pollution Control Board about the compliance of the prescribed standards for all discharges from the Industrial Area into the sea.
- xiv. The desalination plant reject has to be disposed properly.
- xv. Periodic monitoring of coastal water shall be carried out at outfall location by the project proponent by establishing minimum 3 monitoring stations. Proper record of monitoring should be placed along with six monthly compliance report.
- xvi. Implementation of Marine Environmental Management Plan in Toto

F. No. 22-34/2018-IA.III
Government of India
Ministry of Environment, Forest and Climate Change
(Impact Assessment Division)

Indira Paryavaran Bhawan
Jor Bagh Road, Aliganj,
New Delhi – 110003

E-mail: sharath.kr@gov.in
Tel: 011-24695319

Dated: 4th January, 2019

OFFICE MEMORANDUM

Sub.: Standardization of Environment Clearance conditions – reg.

The Ministry of Environment, Forest and Climate Change has notified the Environmental Impact Assessment (EIA) Notification, 2006 under the provisions of the Environment (Protection) Act, 1986, which regulates development and their expansion/modernization of 39 sectors/activities listed in the Schedule to the EIA Notification, 2006. There are two Category of projects viz. Category 'A' projects that are handled at the level of MoEF&CC and Category 'B' projects that are handled by the respective State Environment Impact Assessment Authority (SEIAA) following the procedure prescribed under the EIA Notification, 2006.

2. All projects or activities included as Category 'A' in the Schedule, including expansion and modernization of existing projects or activities and change in product mix, shall require prior environmental clearance from the Central Government in the Ministry of Environment and Forest and Climate Change (MoEF&CC) on the recommendations of an Expert Appraisal Committee (EAC) constituted by the Central Government for the purposes of this notification.
3. The Standard Environmental Clearance conditions have been prepared for expediting the process of Environmental Clearance without compromising environmental norms and the rigor of environment impact assessment.
4. The standard Environment Clearance conditions shall be considered by the concerned EAC with due diligence while recommending the Environmental Clearance. The expert appraisal committee can modify, prescribe additional conditions based on the project specific requirements.
5. The recommended conditions by the EAC shall be brought in the minutes of the meeting of the EAC.

6. The standard Environment Clearance conditions are herewith issued for the following sectors:

S.No.	Sector	Project / Activity
I.	Infrastructure	7(a) Airports 7(d) Common hazardous waste treatment, storage and disposal facilities (TSDFs) 7(da) Bio-medical waste treatment facility 7(e) Port, Harbour, Break water and Dredging 7(g) Aerial Ropeways 7(h) Common Effluent Treatment Plants 7(i) Common Municipal Solid Waste Management Facility
II.	Building/construction Projects, Area Development Projects	8 (a) Building and construction projects 8(b) Township and Area Development Projects.

7. This issues with the approval of competent authority.

(Sharath Kumar Pallerla)
Director (IA-III-Policy)

To

1. Chairman, Central Pollution Control Board (CPCB).
2. Chairman of all the Expert Appraisal Committees
3. Chairperson/Member Secretaries of all the SEIAAs/SEACs
4. All the Officers of I.A. Division
5. Chairpersons/Member Secretaries of all SPCBs/UTPCCs

Copy for information to:

1. PS to Hon'ble Minister for Environment, Forest and Climate Change
2. PS to Hon'ble MoS (EF&CC)
3. PPS to Secretary(EF&CC)
4. PPS to AS(AKJ) / AS (AKM)
5. PS to JS (RSP)/ JS(JT)/JS(GM)
6. Website, MoEF&CC
7. Guard file.

Standard EC Conditions for Project/Activity 7(a): Airport

I. Statutory compliance:

- i. The project proponent shall obtain forest clearance under the provisions of Forest (Conservation) Act, 1986, in case of the diversion of forest land for non-forest purpose involved in the project.
- ii. The project proponent shall obtain clearance from the National Board for Wildlife, if applicable.
- iii. The project proponent shall prepare a Site-Specific Conservation Plan & Wildlife Management Plan and approved by the Chief Wildlife Warden. The recommendations of the approved Site-Specific Conservation Plan / Wildlife Management Plan shall be implemented in consultation with the State Forest Department. The implementation report shall be furnished along with the six-monthly compliance report. (incase of the presence of schedule-I species in the study area)
- iv. The project proponent shall obtain Consent to Establish / Operate under the provisions of Air (Prevention & Control of Pollution) Act, 1981 and the Water (Prevention & Control of Pollution) Act, 1974 from the concerned State Pollution Control Board/ Committee.
- v. The project proponent shall obtain the necessary permission from the Central Ground Water Authority, in case of drawl of ground water / from the competent authority concerned in case of drawl of surface water required for the project.
- vi. Clearance from Directorate General of Civil Aviation (DGCA) and Airports Authority of India (AAI) for safety and project facilities shall be obtained.
- vii. A certificate of adequacy of available power from the agency supplying power to the project along with the load allowed for the project should be obtained.
- viii. All other statutory clearances such as the approvals for storage of diesel from Chief Controller of Explosives, Fire Department, Civil Aviation Department shall be obtained, as applicable by project proponents from the respective competent authorities.

II. Air quality monitoring and preservation

- i. The project proponent shall install system to carryout Ambient Air Quality monitoring for common/criterion parameters relevant to the main pollutants released (e.g. PM₁₀ and PM_{2.5} in reference to PM emission, and SO₂ and NO_x in reference to SO₂ and NO_x emissions) within and outside the airport area at least at four locations

(one within and three outside the plant area at an angle of 120° each), covering upwind and downwind directions.

- ii. Diesel power generating sets proposed as source of backup power should be of enclosed type and conform to rules made under the Environment (Protection) Act, 1986. The height of stack of DG sets should be equal to the height needed for the combined capacity of all proposed DG sets. Use of low sulphur diesel. The location of the DG sets may be decided with in consultation with State Pollution Control Board.
- iii. A detailed traffic management and traffic decongestion plan shall be drawn up to ensure that the current level of service of the roads within a 05 kms radius of the project is maintained and improved upon after the implementation of the project. This plan should be based on cumulative impact of all development and increased habitation being carried out or proposed to be carried out by the project or other agencies in this 05 Kms radius of the site in different scenarios of space and time and the traffic management plan shall be duly validated and certified by the State Urban Development department and the P.W.D./ competent authority for road augmentation and shall also have their consent to the implementation of components of the plan which involve the participation of these departments.
- iv. Soil and other construction materials should be sprayed with water prior to any loading, unloading or transfer operation so as to maintain the dusty material wet
- v. The excavation working area should be sprayed with water after operation so as to maintain the entire surface wet.
- vi. Excavated materials shall be handled and transported in a manner that they do not cause any problems of air pollution.
- vii. The soil/construction materials carried by the vehicle should be covered by impervious sheeting to ensure that the dusty materials do not leak from the vehicle.

III. Water quality monitoring and preservation

- i. Run off from chemicals and other contaminants from aircraft maintenance and other areas within the airport shall be suitably contained and treated before disposal. A spillage and contaminant containment plan shall be drawn up and implemented to the satisfaction of the State Pollution Control Board.
- ii. Proper drainage systems, emergency containment in the event of a major spill during monsoon season etc. shall be provided.
- iii. The runoff from paved structures like Runways, Taxiways, can be routed through drains to oil separation tanks and sedimentation basins before being discharged into rainwater harvesting structures.

- iv. Storm water drains are to be built for discharging storm water from the air-field to avoid flooding/water logging in project area. Domestic and industrial waste water shall not be allowed to be discharged into storm water drains.
- v. Rain water harvesting for roof run-off and surface run-off, as plan submitted should be implemented. Rain water harvesting structures shall conform to CGWA designs. Before recharging the surface run off, pre-treatment must be done to remove suspended matter, oil and grease.
- vi. Total fresh water use shall not exceed the proposed requirement as provided in the project details. Prior permission from competent authority shall be obtained for use of fresh water.
- vii. Sewage Treatment Plant shall be provided to treat the wastewater generated from airport. Treated water shall be reused for horticulture, flushing, backwash, HVAC purposes and dust suppression
- viii. A certificate from the competent authority for discharging treated effluent/ untreated effluents into the Public sewer/ disposal/drainage systems along with the final disposal point should be obtained.
- ix. A detailed drainage plan for rain water shall be drawn up and implemented.

IV. Noise monitoring and prevention

- i. Noise level survey shall be carried as per the prescribed guidelines and report in this regard shall be submitted to Regional Officer of the Ministry as a part of six-monthly compliance report.
- ii. Noise from vehicles, power machinery and equipment on-site should not exceed the prescribed limit. Equipment should be regularly serviced. Attention should also be given to muffler maintenance and enclosure of noisy equipments.
- iii. Acoustic enclosures for DG sets, noise barriers for ground-run bays, ear plugs for operating personnel shall be implemented as mitigation measures for noise impact due to ground sources.
- iv. During airport operation period, noise should be controlled to ensure that it does not exceed the prescribed standards. During night time the noise levels measured at the boundary of the building shall be restricted to the permissible levels to comply with the prevalent regulations.
- v. Where construction activity is likely to cause noise nuisance to nearby residents, restrict operation hours between 7 am to 6 pm.

V. Energy Conservation measures

- i. Energy conservation measures like installation of LED/CFLs/TFLs for the lighting the areas outside the building should be integral part of the project design and should be in place before project commissioning.

VI. Waste management

- ii. Soil stockpile shall be managed in such a manner that dust emission and sediment runoff are minimized. Ensure that soil stockpiles are designed with no slope greater than 2:1 (horizontal/vertical).
- iii. The project activity shall conform to the Fly Ash notification issued under the E.P. Act of 1986.
- iv. Solid inert waste found on construction sites consists of building rubble, demolition material, concrete; bricks, timber, plastic, glass, metals, bitumen etc shall be reused/recycled or disposed off as per Solid Waste Management Rules, 2016 and Construction and Demolition Waste Rules, 2016.
- v. Any wastes from construction and demolition activities related thereto shall be managed so as to strictly conform to the Construction and Demolition Rules, 2016.
- vi. The project proponents shall implement a management plan duly approved by the State Pollution Control Board and obtain its permissions for the safe handling and disposal of:
 - a. Trash collected in flight and disposed at the airport including segregation, collection and disposed.
 - b. Toilet wastes and sewage collected from aircrafts and disposed at the Airport.
 - c. Wastes arising out of maintenance and workshops
 - d. Wastes arising out of eateries and shops situated inside the airport complex.
 - e. Hazardous and other wastes
- vii. The solid wastes shall be segregated as per the norms of the Solid Waste Management Rules, 2016. Recycling of wastes such as paper, glass (produced from terminals and aircraft caterers), metal (at aircraft maintenance site), plastics (from aircrafts, terminals and offices), wood, waste oil and solvents (from maintenance and engineering operations), kitchen wastes and vegetable oils (from caterers) shall be carried out. Solid wastes shall be disposed in accordance to the Solid Waste Management Rules, 2016 as amended.

- viii. A certificate from the competent authority handling municipal solid wastes should be obtained, indicating the existing civic capacities of handling and their adequacy to cater to the M.S.W. generated from project.
- ix. Used CFLs and TFLs should be properly collected and disposed off/sent for recycling as per the prevailing guidelines/ rules of the regulatory authority to avoid mercury contamination.

VII. Green Belt

- i. Green belt shall be developed in area as provided in project details, with native tree species in accordance with Forest Department. The greenbelt shall inter alia cover the entire periphery of the Air Port.
- ii. Top soil shall be separately stored and used in the development of green belt.

VIII. Public hearing and Human health issues

- i. Construction site should be adequately barricaded before the construction begins.
- ii. Traffic congestion near the entry and exit points from the roads adjoining the airport shall be avoided. Parking should be fully internalized and no public space should be utilized.
- iii. Provision of Electro-mechanical doors for toilets meant for disabled passengers. Children nursing/feeding room to be located conveniently near arrival and departure gates.
- iv. Emergency preparedness plan based on the Hazard identification and Risk Assessment (HIRA) and Disaster Management Plan shall be implemented.
- v. Provision shall be made for the housing of construction labour within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, crèche etc. The housing may be in the form of temporary structures to be removed after the completion of the project.
- vi. Occupational health surveillance of the workers shall be done on a regular basis.

IX. Corporate Environment Responsibility

- i. The project proponent shall comply with the provisions contained in this Ministry's OM vide F.No. 22-65/2017-IA.III dated 1st May 2018, as applicable, regarding Corporate Environment Responsibility.
- ii. The company shall have a well laid down environmental policy duly approved by the Board of Directors. The environmental policy should prescribe for standard operating procedures to have proper checks and balances and to bring into focus any

- infringements/deviation/violation of the environmental / forest /wildlife norms/ conditions. The company shall have defined system of reporting infringements / deviation / violation of the environmental / forest / wildlife norms / conditions and / or shareholders / stake holders. The copy of the board resolution in this regard shall be submitted to the MoEF&CC as a part of six-monthly report.
- iii. A separate Environmental Cell both at the project and company head quarter level, with qualified personnel shall be set up under the control of senior Executive, who will directly to the head of the organization.
 - iv. Action plan for implementing EMP and environmental conditions along with responsibility matrix of the company shall be prepared and shall be duly approved by competent authority. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Year wise progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six Monthly Compliance Report.
 - v. Self environmental audit shall be conducted annually. Every three years third party environmental audit shall be carried out.

X. Miscellaneous

- i. The project proponent shall make public the environmental clearance granted for their project along with the environmental conditions and safeguards at their cost by prominently advertising it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days and in addition this shall also be displayed in the project proponent's website permanently.
- ii. The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn has to display the same for 30 days from the date of receipt.
- iii. The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and update the same on half-yearly basis.
- iv. The project proponent shall submit six-monthly reports on the status of the compliance of the stipulated environmental conditions on the website of the ministry of Environment, Forest and Climate Change at environment clearance portal.
- v. The project proponent shall submit the environmental statement for each financial year in Form-V to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently and put on the website of the company.

- vi. The criteria pollutant levels namely; PM 10, PM2.5, SO₂, NO_x (ambient levels) shall be monitored and displayed at a convenient location near the main gate of the company in the public domain.
- vii. The project proponent shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities, commencing the land development work and start of production operation by the project.
- ix. The project authorities must strictly adhere to the stipulations made by the State Pollution Control Board and the State Government.
- x. The project proponent shall abide by all the commitments and recommendations made in the EIA/EMP report, commitment made during Public Hearing and also that during their presentation to the Expert Appraisal Committee.
- viii. No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment, Forests and Climate Change (MoEF&CC).
- ix. Concealing factual data or submission of false/fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.
- x. The Ministry may revoke or suspend the clearance, if implementation of any of the above conditions is not satisfactory.
- xi. The Ministry reserves the right to stipulate additional conditions if found necessary. The Company in a time bound manner shall implement these conditions.
- xii. The Regional Office of this Ministry shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (s) of the Regional Office by furnishing the requisite data / information/monitoring reports.
- xiii. The above conditions shall be enforced, inter-alia under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and Rules and any other orders passed by the Hon'ble Supreme Court of India / High Courts/NGT and any other Court of Law relating to the subject matter.
- xiv. Any appeal against this EC shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

Standard EC Conditions for Project/Activity 7(d): Common hazardous waste treatment, storage and disposal facilities (TSDFs)

I. Statutory compliance:

- i. The project proponent shall obtain forest clearance under the provisions of Forest (Conservation) Act, 1986, in case of the diversion of forest land for non-forest purpose involved in the project.
- ii. The project proponent shall obtain clearance from the National Board for Wildlife, if applicable.
- iii. The project proponent shall prepare a Site-Specific Conservation Plan & Wildlife Management Plan and approved by the Chief Wildlife Warden. The recommendations of the approved Site-Specific Conservation Plan / Wildlife Management Plan shall be implemented in consultation with the State Forest Department. The implementation report shall be furnished along with the six-monthly compliance report. (incase of the presence of schedule-I species in the study area)
- iv. The project proponent shall obtain Consent to Establish / Operate under the provisions of Air (Prevention & Control of Pollution) Act, 1981 and the Water (Prevention & Control of Pollution) Act, 1974 from the concerned State Pollution Control Board/ Committee.
- v. The Project proponent should ensure that the TSDF fulfils all the provisions of Hazardous and other Wastes (Management and Transboundary Movement) Rules, 2016.
- vi. The project proponents shall adhere to all conditions as prescribed in the Protocol for 'Performance Evaluation and Monitoring of the Common Hazardous waste treatment, storage and disposal facilities' published by the CPCB in May, 2010.
- vii. Incinerator shall be designed as per CPCB guidelines. Energy shall be recovered from incinerator.
- viii. The project proponent shall obtain the necessary permission from the Central Ground Water Authority, in case of drawl of ground water / from the competent authority concerned in case of drawl of surface water required for the project.
- ix. A certificate of adequacy of available power from the agency supplying power to the project along with the load allowed for the project should be obtained.
- x. All other statutory clearances such as the approvals for storage of diesel from Chief Controller of Explosives, Fire Department, Civil Aviation Department shall be

obtained, as applicable by project proponents from the respective competent authorities

II. Air quality monitoring and preservation

- i. The project proponent shall install 24x7 continuous emission monitoring system at process stacks to monitor stack emission with respect to standards prescribed in Environment (Protection) Rules 1986 and connected to SPCB and CPCB online servers and calibrate these systems from time to time according to equipment supplier specification through labs recognised under Environment (Protection) Act, 1986 or NABL accredited laboratories.
- ii. The project proponent shall monitor fugitive emissions in the plant premises at least once in every quarter through labs recognised under Environment (Protection) Act, 1986.
- iii. The project proponent shall install system to carryout Ambient Air Quality monitoring for common/criterion parameters relevant to the main pollutants released (e.g. PM₁₀ and PM_{2.5} in reference to PM emission, and SO₂ and NO_x in reference to SO₂ and NO_x emissions) within and outside the plant area at least at four locations (one within and three outside the plant area at an angle of 120° each), covering upwind and downwind directions.
- iv. Sampling facility at process stacks and at quenching towers shall be provided as per CPCB guidelines for manual monitoring of emissions.
- v. The project proponent shall submit monthly summary report of continuous stack emission and air quality monitoring and results of manual stack monitoring and manual monitoring of air quality /fugitive emissions to Regional Office of MoEF&CC, Zonal office of CPCB and Regional Office of SPCB along with six-monthly monitoring report.
- vi. Appropriate Air Pollution Control (As proposed, air pollution control device viz. gas quencher; treatment with mixture of hydrated lime and activated powder for adsorption of partial acidity and VOCs (if any); bagfilter/ESP for removal of particulate matter; venturi scrubber followed by packed bed scrubber with caustic circulation to neutralize the acidic vapours in flue gas; and demister column for arresting water carry over will be provided to the incinerator) system shall be provided for all the dust generating points including fugitive dust from all vulnerable sources, so as to comply prescribed stack emission and fugitive emission standards.
- vii. The periodical monitoring of Dioxins and Furans in the Stack emissions shall be carried out. Analysis of Dioxins and Furans shall be done through CSIR – National Institute for Interdisciplinary Science and Technology (NIIST), Thiruvananthapuram or equivalent NABL Accredited laboratory

- viii. Gas generated in the Land fill should be properly collected, monitored and flared
- ix. A detailed traffic management and traffic decongestion plan shall be drawn up to ensure that the current level of service of the roads within a 02 kms radius of the project is maintained and improved upon after the implementation of the project. This plan should be based on cumulative impact of all development and increased habitation being carried out or proposed to be carried out by the project or other agencies in this 02 Kms radius of the site in different scenarios of space and time and the traffic management plan shall be duly validated and certified by the State Urban Development department and the P.W.D./ competent authority for road augmentation and shall also have their consent to the implementation of components of the plan which involve the participation of these departments.

III. Water quality monitoring and preservation

- i. The project proponent shall install continuous effluent monitoring system with respect to standards prescribed in Environment (Protection) Rules 1986 and connected to SPCB and CPCB online servers and calibrate these systems from time to time according to equipment supplier specification through labs recognised under Environment (Protection) Act, 1986 or NABL accredited laboratories.
- ii. Sufficient number of Piezometer wells shall be installed in and around the project site to monitor the ground water quality in consultation with the State Pollution Control Board / CPCB. Trend analysis of ground water quality shall be carried out each season and information shall be submitted to the SPCB and the Regional Office of MoEF&CC.
- iii. The project proponent shall submit monthly summary report of continuous effluent monitoring and results of manual effluent testing and manual monitoring of ground water quality to Regional Office of MoEF&CC, Zonal office of CPCB and Regional Office of SPCB along with six-monthly monitoring report.
- iv. No discharge in nearby river(s)/pond(s).
- v. The depth of the land fill site shall be decided based on the ground water table at the site.
- vi. The Company shall ensure proper handling of all spillages by introducing spill control procedures for various chemicals.
- vii. All leachates arising from premises should be collected and treated in the ETP followed by RO. RO rejects shall be evaporated in MEE. Toxicity Characteristic Leaching Procedure (TCLP) test to be performed on leachates.
- viii. The Company shall review the unit operations provided for the treatment of effluents, specially the sequencing of MEE after tertiary treatment, the source of permeate when

no R.O. is recommended and the treatment of MEE condensate. The scheme for treatment of effluents shall be as permitted by the Pollution Control Board/Committee under the provisions of consent to establish.

- ix. Scrubber water, leachate water or wheel wash effluent shall be treated in the effluent treatment plant followed by RO to achieve zero liquid discharge.
- x. Total fresh water use shall not exceed the proposed requirement as provided in the project details. Prior permission from competent authority shall be obtained for use of fresh water.
- xi. Sewage Treatment Plant shall be provided to treat the wastewater generated from the project. Treated water shall be reused within the project.
- xii. A certificate from the competent authority for discharging treated effluent/ untreated effluents into the Public sewer/ disposal/drainage systems along with the final disposal point should be obtained.
- xiii. Rain water runoff from hazardous waste storage area shall be collected and treated in the effluent treatment plant.

IV. Noise monitoring and prevention

- i. Noise level survey shall be carried as per the prescribed guidelines and report in this regard shall be submitted to Regional Officer of the Ministry as a part of six-monthly compliance report.
- ii. The ambient noise levels should conform to the standards prescribed under E(P)A Rules, 1986 viz. 75 dB(A) during day time and 70 dB(A) during night time.
- iii. Acoustic enclosures for DG sets, noise barriers for ground-run bays, ear plugs for operating personnel shall be implemented as mitigation measures for noise impact due to ground sources.

V. Energy Conservation measures

- i. Energy conservation measures like installation of LED/CFLs/TFLs for the lighting the areas outside the building should be integral part of the project design and should be in place before project commissioning.

VI. Waste management

- i. The TSDF should only handle the waste generated from the member units.
- ii. Periodical soil monitoring to check the contamination in and around the site shall be carried out.

- iii. No non-hazardous wastes, as defined under the Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016, shall be handled in the premises.
- iv. The Project proponent shall not store the Hazardous Wastes more than the quantity that has been permitted by the CPCB/SPCB.
- v. The solid wastes shall be segregated, managed and disposed as per the norms of the Solid Waste Management Rules, 2016.
- vi. A certificate from the competent authority handling municipal solid wastes should be obtained, indicating the existing civic capacities of handling and their adequacy to cater to the M.S.W. generated from project.
- vii. Any wastes from construction and demolition activities related thereto shall be managed so as to strictly conform to the Construction and Demolition Rules, 2016.

VII. Green Belt

- i. Green belt shall be developed in an area as provided in project details, with native tree species in accordance with Forest Department. The greenbelt shall inter alia cover the entire periphery of the project site.
- ii. Top soil shall be separately stored and used in the development of green belt.

VIII. Public hearing and Human health issues

- i. Traffic congestion near the entry and exit points from the roads adjoining the project site shall be avoided. Parking should be fully internalized and no public space should be utilized.
- ii. Emergency preparedness plan based on the Hazard identification and Risk Assessment (HIRA) and Disaster Management Plan shall be implemented.
- iii. Provision shall be made for the housing of construction labour within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, crèche etc. The housing may be in the form of temporary structures to be removed after the completion of the project.
- iv. Occupational health surveillance of the workers shall be done on a regular basis.

IX. Corporate Environment Responsibility

- i. The project proponent shall comply with the provisions contained in this Ministry's OM vide F.No. 22-65/2017-IA.III dated 1st May 2018, as applicable, regarding Corporate Environment Responsibility.

- ii. The company shall have a well laid down environmental policy duly approved by the Board of Directors. The environmental policy should prescribe for standard operating procedures to have proper checks and balances and to bring into focus any infringements/deviation/violation of the environmental / forest /wildlife norms/ conditions. The company shall have defined system of reporting infringements / deviation / violation of the environmental / forest / wildlife norms / conditions and / or shareholders / stake holders. The copy of the board resolution in this regard shall be submitted to the MoEF&CC as a part of six-monthly report.
- iii. A separate Environmental Cell both at the project and company head quarter level, with qualified personnel shall be set up under the control of senior Executive, who will directly to the head of the organization.
- iv. Action plan for implementing EMP and environmental conditions along with responsibility matrix of the company shall be prepared and shall be duly approved by competent authority. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Year wise progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six Monthly Compliance Report.
- v. Self environmental audit shall be conducted annually. Every three years third party environmental audit shall be carried out.

X. Miscellaneous

- i. The project proponent shall make public the environmental clearance granted for their project along with the environmental conditions and safeguards at their cost by prominently advertising it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days and in addition this shall also be displayed in the project proponent's website permanently.
- ii. The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn has to display the same for 30 days from the date of receipt.
- iii. The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and update the same on half-yearly basis.
- iv. The project proponent shall submit six-monthly reports on the status of the compliance of the stipulated environmental conditions on the website of the ministry of Environment, Forest and Climate Change at environment clearance portal.
- v. The project proponent shall submit the environmental statement for each financial year in Form-V to the concerned State Pollution Control Board as prescribed under

the Environment (Protection) Rules, 1986, as amended subsequently and put on the website of the company.

- vi. The criteria pollutant levels namely; SPM, RSPM, SO₂, NO_x (ambient levels as well as stack emissions) or critical sectoral parameters, indicated for the project shall be monitored and displayed at a convenient location near the main gate of the company in the public domain.
- vii. The project proponent shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities, commencing the land development work and start of production operation by the project.
- xi. The project authorities must strictly adhere to the stipulations made by the State Pollution Control Board and the State Government.
- xii. The project proponent shall abide by all the commitments and recommendations made in the EIA/EMP report, commitment made during Public Hearing and also that during their presentation to the Expert Appraisal Committee.
- viii. No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment, Forests and Climate Change (MoEF&CC).
- ix. Concealing factual data or submission of false/fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.
- x. The Ministry may revoke or suspend the clearance, if implementation of any of the above conditions is not satisfactory.
- xi. The Ministry reserves the right to stipulate additional conditions if found necessary. The Company in a time bound manner shall implement these conditions.
- xii. The Regional Office of this Ministry shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (s) of the Regional Office by furnishing the requisite data / information/monitoring reports.
- xiii. The above conditions shall be enforced, inter-alia under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and Rules and any other orders passed by the Hon'ble Supreme Court of India / High Courts/NGT and any other Court of Law relating to the subject matter.

- xiv. Any appeal against this EC shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

Standard EC Conditions for Project/Activity 7(da): Bio-Medical Waste Treatment Facilities

I. Statutory compliance:

- i. The project proponent shall obtain forest clearance under the provisions of Forest (Conservation) Act, 1986, in case of the diversion of forest land for non-forest purpose involved in the project.
- ii. The project proponent shall obtain clearance from the National Board for Wildlife, if applicable.
- iii. The project proponent shall prepare a Site-Specific Conservation Plan & Wildlife Management Plan and approved by the Chief Wildlife Warden. The recommendations of the approved Site-Specific Conservation Plan / Wildlife Management Plan shall be implemented in consultation with the State Forest Department. The implementation report shall be furnished along with the six-monthly compliance report. (incase of the presence of schedule-I species in the study area)
- iv. The project proponent shall obtain Consent to Establish / Operate under the provisions of Air (Prevention & Control of Pollution) Act, 1981 and the Water (Prevention & Control of Pollution) Act, 1974 from the concerned State Pollution Control Board/ Committee.
- v. Transportation and handling of Bio-medical Wastes shall be as per the Biomedical Wastes (Management and Handling) Rules, 20016 including the section 129 to 137 of Central Motor Vehicle Rules 1989.
- vi. Project shall fulfill all the provisions of hazardous Wastes (Management, handling and Transboundary Movement) Rules, 2016 including collection and transportation design etc and also guidelines for Common Hazardous Waste Incineration – 2005, issued by CPCBGuidelines of CPCB/MPPCB for Bio-medical Waste Common Hazardous Wastes incinerators shall be followed.
- vii. The project proponent shall obtain the necessary permission from the Central Ground Water Authority, in case of drawl of ground water / from the competent authority concerned in case of drawl of surface water required for the project.
- viii. A certificate of adequacy of available power from the agency supplying power to the project along with the load allowed for the project should be obtained.
- ix. All other statutory clearances such as the approvals for storage of diesel from Chief Controller of Explosives, Fire Department, Civil Aviation Department shall be obtained, as applicable by project proponents from the respective competent authorities

II. Air quality monitoring and preservation

- i. The project proponent shall install emission monitoring system including Dioxin and furans to monitor stack emission with respect to standards prescribed in Environment (Protection) Rules 1986 and connected to SPCB and CPCB online servers and calibrate these systems from time to time according to equipment supplier specification through labs recognised under Environment (Protection) Act, 1986 or NABL accredited laboratories.
- ii. Periodical air quality monitoring in and around the site including VOC, HC shall be carried out.
- iii. Incineration plants shall be operated (combustion chambers) with such temperature, retention time and turbulence, so as to achieve Total Organic Carbon (TOC) content in the slag and bottom ashes less than 3%, or their loss on ignition is less than 5% of the dry weight of the material.
- iv. Venturiscrubber (alkaline) should be provided with the incinerator with stack of adequate height (Minimum 30 meters) to control particulate emission within 50mg/Nm³.
- v. Appropriate Air Pollution Control (APC) system shall be provided for fugitive dust from all vulnerable sources, so as to comply prescribed standards. All necessary air pollution control devices (quenching, Venturi scrubber, mist eliminator) should be provided for compliance of emission standards.
- vi. Masking agents should be used for odour control.

III. Water quality monitoring and preservation

- i. The project proponent shall install effluent monitoring system with respect to standards prescribed in Environment (Protection) Rules 1986 through labs recognised under Environment (Protection) Act, 1986 or NABL accredited laboratories.
- ii. Waste water generated from the facility shall be treated in the ETP and treated waste water shall be reused in the APCD connected to the incinerator. The water quality of treated effluent shall meet the norms prescribed by State Pollution Control Board. Zero discharge should be maintained.
- iii. Process effluent/any waste water should not be allowed to mix with storm water.
- iv. Total fresh water use shall not exceed the proposed requirement as provided in the project details. Prior permission from competent authority shall be obtained for use of fresh water.
- v. Sewage Treatment Plant shall be provided to treat the wastewater generated from the project. Treated water shall be reused within the project.

- vi. A certificate from the competent authority for discharging treated effluent/ untreated effluents into the Public sewer/ disposal/drainage systems along with the final disposal point should be obtained.
- vii. The leachate from the facility shall be collected and treated to meet the prescribed standards before disposal.
- viii. Magnetic flow meters shall be provided at the inlet and outlet of the ETP & all ground water abstraction points and records for the same shall be maintained regularly.
- ix. Rain water runoff from hazardous waste storage area shall be collected and treated in the effluent treatment plant.

IV. Noise monitoring and prevention

- i. The ambient noise levels should conform to the standards prescribed under E(P)A Rules, 1986 viz. 75 dB(A) during day time and 70 dB(A) during night time.

V. Energy Conservation measures

- i. Provide solar power generation on roof tops of buildings, for solar light system for all common areas, street lights, parking around project area and maintain the same regularly;
- i. Provide LED lights in their offices and residential areas

VI. Waste management

- i. Incinerated ash shall be disposed at approved TSDF and MoU made in this regard shall be submitted to the Ministry prior to the commencement.
- ii. The solid wastes shall be segregated as per the norms of the Solid Waste Management Rules, 2016.
- iii. A certificate from the competent authority handling municipal solid wastes should be obtained, indicating the existing civic capacities of handling and their adequacy to cater to the M.S.W. generated from project.
- iv. Any wastes from construction and demolition activities related thereto shall be managed so as to strictly conform to the Construction and Demolition Rules, 2016
- v. No landfill site is allowed within the CBWTF site
- vi. The Project proponent shall not store the Hazardous Wastes more than the quantity that has been permitted by the CPCB/SPCB

VII. Green Belt

- i. Green belt shall be developed in area as provided in project details, with native tree Green belt shall be developed in an area equal to 33% of the plant area with a native tree species in accordance with CPCB guidelines. The greenbelt shall inter alia cover the entire periphery of the plant.

VIII. Public hearing and Human health issues

- i. Feeding of materials/Bio-medical waste should be mechanized and automatic no manual feeding is permitted.
- ii. Proper parking facility should be provided for employees & transport used for collection & disposal of waste materials.
- iii. Necessary provision shall be made for fire-fighting facilities within the complex.
- iv. Emergency preparedness plan based on the Hazard identification and Risk Assessment (HIRA) and Disaster Management Plan shall be implemented.
- v. Emergency plan shall be drawn in consultation with SPCB/CPCB and implemented in order to minimize the hazards to human health or environment from fires, explosion or any unplanned sudden or gradual release of hazardous waste or hazardous waste constituents to air, soil or surface water.
- vi. Provision shall be made for the housing of construction labour within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, crèche etc. The housing may be in the form of temporary structures to be removed after the completion of the project.
- vii. Occupational health surveillance of the workers shall be done on a regular basis.

IX. Corporate Environment Responsibility

- i. The project proponent shall comply with the provisions contained in this Ministry's OM vide F.No. 22-65/2017-IA.III dated 1st May 2018, as applicable, regarding Corporate Environment Responsibility.
- ii. The company shall have a well laid down environmental policy duly approve by the Board of Directors. The environmental policy should prescribe for standard operating procedures to have proper checks and balances and to bring into focus any infringements/deviation/violation of the environmental / forest /wildlife norms/ conditions. The company shall have defined system of reporting infringements / deviation / violation of the environmental / forest / wildlife norms / conditions and / or shareholders / stake holders. The copy of the board resolution in this regard shall be submitted to the MoEF&CC as a part of six-monthly report.

- iii. A separate Environmental Cell both at the project and company head quarter level, with qualified personnel shall be set up under the control of senior Executive, who will directly to the head of the organization.
- iv. Action plan for implementing EMP and environmental conditions along with responsibility matrix of the company shall be prepared and shall be duly approved by competent authority. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Year wise progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six Monthly Compliance Report.
- v. Self environmental audit shall be conducted annually. Every three years third party environmental audit shall be carried out.

X. Miscellaneous

- i. The project proponent shall prominently advertise it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days indicating that the project has been accorded environment clearance and the details of MoEFCC/SEIAA website where it is displayed
- ii. The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn has to display the same for 30 days from the date of receipt.
- iii. The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and update the same on half-yearly basis.
- iv. The project proponent shall submit six-monthly reports on the status of the compliance of the stipulated environmental conditions on the website of the ministry of Environment, Forest and Climate Change at environment clearance portal.
- v. The project proponent shall submit the environmental statement for each financial year in Form-V to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently and put on the website of the company.
- vi. The criteria pollutant levels namely; SPM, RSPM, SO₂, NO_x (ambient levels as well as stack emissions) or critical sectoral parameters, indicated for the project shall be monitored and displayed at a convenient location near the main gate of the company in the public domain.
- vii. The project proponent shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities,

commencing the land development work and start of production operation by the project.

- x. The project authorities must strictly adhere to the stipulations made by the State Pollution Control Board and the State Government.
- xi. The project proponent shall abide by all the commitments and recommendations made in the EIA/EMP report, commitment made during Public Hearing and also that during their presentation to the Expert Appraisal Committee.
- viii. No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment, Forests and Climate Change (MoEF&CC).
- ix. Concealing factual data or submission of false/fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.
- x. The Ministry may revoke or suspend the clearance, if implementation of any of the above conditions is not satisfactory.
- xi. The Ministry reserves the right to stipulate additional conditions if found necessary. The Company in a time bound manner shall implement these conditions.
- xii. The Regional Office of this Ministry shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (s) of the Regional Office by furnishing the requisite data / information/monitoring reports.
- xiii. The above conditions shall be enforced, inter-alia under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and Rules and any other orders passed by the Hon'ble Supreme Court of India / High Courts/NGT and any other Court of Law relating to the subject matter.
- xiv. Any appeal against this EC shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

Standard EC Conditions for Project/Activity 7(e): Port, Harbor, Break water, Dredging

I. Statutory compliance:

- i. The project proponent shall obtain forest clearance under the provisions of Forest (Conservation) Act, 1986, in case of the diversion of forest land for non-forest purpose involved in the project.
- ii. The project proponent shall obtain clearance from the National Board for Wildlife, if applicable. No dredging is allowed in protected habitat areas without prior permission from NBWL.
- iii. The project proponent shall prepare a Site-Specific Conservation Plan & Wildlife Management Plan and approved by the Chief Wildlife Warden. The recommendations of the approved Site-Specific Conservation Plan / Wildlife Management Plan shall be implemented in consultation with the State Forest Department. The implementation report shall be furnished along with the six-monthly compliance report. (incase of the presence of schedule-I species in the study area).
- iv. Construction activity shall be carried out strictly according to the provisions of CRZ Notification, 2011 and the State Coastal Zone Management Plan as drawn up by the State Government. No construction work other than those permitted in Coastal Regulation Zone Notification shall be carried out in Coastal Regulation Zone area.
- v. All the recommendations and conditions specified by State Coastal Zone Management Authority for the project shall be complied with.
- vi. The project proponent shall obtain Consent to Establish / Operate under the provisions of Air (Prevention & Control of Pollution) Act, 1981 and the Water (Prevention & Control of Pollution) Act, 1974 from the concerned State Pollution Control Board/Committee.
- vii. The project proponent shall obtain the necessary permission from the Central Ground Water Authority, in case of drawl of ground water / from the competent authority concerned in case of drawl of surface water required for the project.
- viii. All excavation related dewatering shall be as duly authorized by the CGWA. A NOC from the CGWA shall be obtained for all dewatering and ground water abstraction
- ix. A certificate of adequacy of available power from the agency supplying power to the project along with the load allowed for the project should be obtained.
- x. All other statutory clearances such as the approvals for storage of diesel from Chief Controller of Explosives, Fire Department, Coast Guard, Civil Aviation Department shall be obtained, as applicable by project proponents from the respective competent authorities.

II. Air quality monitoring and preservation

- i. The project proponent shall install system to carryout Ambient Air Quality monitoring for common/criterion parameters relevant to the main pollutants released (e.g. PM₁₀ and PM_{2.5} in reference to PM emission, and SO₂ and NO_x in reference to SO₂ and NO_x emissions) within and outside the project area at least at four locations (one within and three outside the plant area at an angle of 120° each), covering upwind and downwind directions.
- ii. Appropriate Air Pollution Control (APC) system shall be provided for all the dust generating points including fugitive dust from all vulnerable sources, so as to comply prescribed emission standards.
- iii. Shrouding shall be carried out in the work site enclosing the dock/proposed facility area. This will act as dust curtain as well achieving zero dust discharge from the site. These curtain or shroud will be immensely effective in restricting disturbance from wind in affecting the dry dock operations, preventing waste dispersion, improving working conditions through provision of shade for the workers.
- iv. Dust collectors shall be deployed in all areas where blasting (surface cleaning) and painting operations are to be carried out, supplemented by stacks for effective dispersion.
- v. The Vessels shall comply the emission norms prescribed from time to time.
- vi. Diesel power generating sets proposed as source of backup power should be of enclosed type and conform to rules made under the Environment (Protection) Act, 1986. The height of stack of DG sets should be equal to the height needed for the combined capacity of all proposed DG sets. Use of low sulphur diesel. The location of the DG sets may be decided with in consultation with State Pollution Control Board.
- vii. A detailed traffic management and traffic decongestion plan shall be drawn up to ensure that the current level of service of the roads within a 05 kms radius of the project is maintained and improved upon after the implementation of the project. This plan should be based on cumulative impact of all development and increased habitation being carried out or proposed to be carried out by the project or other agencies in this 05 Kms radius of the site in different scenarios of space and time and the traffic management plan shall be duly validated and certified by the State Urban Development department and the P.W.D./ competent authority for road augmentation and shall also have their consent to the implementation of components of the plan which involve the participation of these departments.

III. Water quality monitoring and preservation

- i. The Project proponent shall ensure that no creeks or rivers are blocked due to any activities at the project site and free flow of water is maintained.

- ii. Appropriate measures must be taken while undertaking digging activities to avoid any likely degradation of water quality. Silt curtains shall be used to contain the spreading of suspended sediment during dredging within the dredging area.
- iii. No ships docking at the proposed project site will discharge its on-board waste water untreated in to the estuary/ channel. All such wastewater load will be diverted to the proposed Effluent Treatment Plant of the project site.
- iv. Measures should be taken to contain, control and recover the accidental spills of fuel and cargo handle.
- v. The project proponents will draw up and implement a plan for the management of temperature differences between intake waters and discharge waters.
- vi. Spillage of fuel / engine oil and lubricants from the construction site are a source of organic pollution which impacts marine life. This shall be prevented by suitable precautions and also by providing necessary mechanisms to trap the spillage.
- vii. Total fresh water use shall not exceed the proposed requirement as provided in the project details. Prior permission from competent authority shall be obtained for use of fresh water.
- viii. Sewage Treatment Plant shall be provided to treat the wastewater generated from the project. Treated water shall be reused for horticulture, flushing, backwash, HVAC purposes and dust suppression.
- ix. A certificate from the competent authority for discharging treated effluent/ untreated effluents into the Public sewer/ disposal/drainage systems along with the final disposal point should be obtained.
- x. No diversion of the natural course of the river shall be made without prior permission from the Ministry of Water resources.
- xi. All the erosion control measures shall be taken at water front facilities. Earth protection work shall be carried out to avoid erosion of soil from the shoreline/boundary line from the land area into the marine water body.

IV. Noise monitoring and prevention

- i. Noise level survey shall be carried as per the prescribed guidelines and report in this regard shall be submitted to Regional Officer of the Ministry as a part of six-monthly compliance report.
- ii. Noise from vehicles, power machinery and equipment on-site should not exceed the prescribed limit. Equipment should be regularly serviced. Attention should also be given to muffler maintenance and enclosure of noisy equipments.

- iii. Acoustic enclosures for DG sets, noise barriers for ground-run bays, ear plugs for operating personnel shall be implemented as mitigation measures for noise impact due to ground sources.
- iv. The ambient noise levels should conform to the standards prescribed under E(P)A Rules, 1986 viz. 75 dB(A) during day time and 70 dB(A) during night time.

V. Energy Conservation measures

- i. Provide solar power generation on roof tops of buildings, for solar light system for all common areas, street lights, parking around project area and maintain the same regularly;
- ii. Provide LED lights in their offices and residential areas.

VI. Waste management

- i. Dredged material shall be disposed safely in the designated areas.
- ii. Shoreline should not be disturbed due to dumping. Periodical study on shore line changes shall be conducted and mitigation carried out, if necessary. The details shall be submitted along with the six monthly monitoring report.
- iii. Necessary arrangements for the treatment of the effluents and solid wastes must be made and it must be ensured that they conform to the standards laid down by the competent authorities including the Central or State Pollution Control Board and under the Environment (Protection) Act, 1986.
- iv. The solid wastes shall be managed and disposed as per the norms of the Solid Waste Management Rules, 2016.
- v. Any wastes from construction and demolition activities related thereto shall be managed so as to strictly conform to the Construction and Demolition Rules, 2016.
- vi. A certificate from the competent authority handling municipal solid wastes should be obtained, indicating the existing civic capacities of handling and their adequacy to cater to the M.S.W. generated from project.
- vii. Used CFLs and TFLs should be properly collected and disposed off/sent for recycling as per the prevailing guidelines/ rules of the regulatory authority to avoid mercury contamination.
- viii. Oil spill contingency plan shall be prepared and part of DMP to tackle emergencies. The equipment and recovery of oil from a spill would be assessed. Guidelines given in MARPOL and Shipping Acts for oil spill management would be followed. Mechanism for integration of terminals oil contingency plan with the overall area contingency plan under the co-ordination of Coast should be covered

VII. Green Belt

- i. Green belt shall be developed in area as provided in project details with a native tree species in accordance with CPCB guidelines. The greenbelt shall inter alia cover the entire periphery of the plant.
- ii. Top soil shall be separately stored and used in the development of green belt.

VIII. Marine Ecology

- i. Dredging shall not be carried out during the fish breeding and spawning seasons.
- ii. Dredging, etc shall be carried out in the confined manner to reduce the impacts on marine environment.
- iii. The dredging schedule shall be so planned that the turbidity developed is dispersed soon enough to prevent any stress on the fish population.
- iv. While carrying out dredging, an independent monitoring shall be carried out through a Government Agency/Institute to assess the impact and necessary measures shall be taken on priority basis if any adverse impact is observed.
- v. A detailed marine biodiversity management plan shall be prepared through the NIOS or any other institute of repute on marine, brackish water and fresh water ecology and biodiversity and submitted to and implemented to the satisfaction of the State Biodiversity Board and the CRZ authority. The report shall be based on a study of the impact of the project activities on the intertidal biotopes, corals and coral communities, molluscs, sea grasses, sea weeds, sub-tidal habitats, fishes, other marine and aquatic micro, macro and mega flora and fauna including benthos, plankton, turtles, birds etc. as also the productivity. The data collection and impact assessment shall be as per standards survey methods and include underwater photography.
- vi. Marine ecology shall be monitored regularly also in terms of sea weeds, sea grasses, mudflats, sand dunes, fisheries, echinoderms, shrimps, turtles, corals, coastal vegetation, mangroves and other marine biodiversity components including all micro, macro and mega floral and faunal components of marine biodiversity.
- vii. The project proponent shall ensure that water traffic does not impact the aquatic wildlife sanctuaries that fall along the stretch of the river.

IX. Public hearing and Human health issues

- i. The work space shall be maintained as per international standards for occupational health and safety with provision of fresh air respirators, blowers, and fans to prevent any accumulation and inhalation of undesirable levels of pollutants including VOCs.

- ii. Workers shall be strictly enforced to wear personal protective equipments like dust mask, ear muffs or ear plugs, whenever and wherever necessary/ required. Special visco-elastic gloves will be used by labour exposed to hazards from vibration.
- iii. In case of repair of any old vessels, excessive care shall be taken while handling Asbestos & Freon gas. Besides, fully enclosed covering should be provided for the temporary storage of asbestos materials at site before disposal to CTSDf.
- iv. Safety training shall be given to all workers specific to their work area and every worker and employee will be engaged in fire hazard awareness training and mock drills which will be conducted regularly. All standard safety and occupational hazard measures shall be implemented and monitored by the concerned officials to prevent the occurrence of untoward incidents/ accidents.
- v. Emergency preparedness plan based on the Hazard identification and Risk Assessment (HIRA) and Disaster Management Plan shall be implemented.
- vi. Provision shall be made for the housing of construction labour within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, crèche etc. The housing may be in the form of temporary structures to be removed after the completion of the project.
- vii. Occupational health surveillance of the workers shall be done on a regular basis.

X. Corporate Environment Responsibility

- i. The project proponent shall comply with the provisions contained in this Ministry's OM vide F.No. 22-65/2017-IA.III dated 1st May 2018, as applicable, regarding Corporate Environment Responsibility.
- ii. The company shall have a well laid down environmental policy duly approved by the Board of Directors. The environmental policy should prescribe for standard operating procedures to have proper checks and balances and to bring into focus any infringements/deviation/violation of the environmental / forest /wildlife norms/ conditions. The company shall have defined system of reporting infringements / deviation / violation of the environmental / forest / wildlife norms / conditions and / or shareholders / stake holders. The copy of the board resolution in this regard shall be submitted to the MoEF&CC as a part of six-monthly report.
- iii. A separate Environmental Cell both at the project and company head quarter level, with qualified personnel shall be set up under the control of senior Executive, who will directly to the head of the organization.
- iv. Action plan for implementing EMP and environmental conditions along with responsibility matrix of the company shall be prepared and shall be duly approved by competent authority. The year wise funds earmarked for environmental protection

measures shall be kept in separate account and not to be diverted for any other purpose. Year wise progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six Monthly Compliance Report.

- v. Self environmental audit shall be conducted annually. Every three years third party environmental audit shall be carried out.

XI. Miscellaneous

- i. The project proponent shall make public the environmental clearance granted for their project along with the environmental conditions and safeguards at their cost by prominently advertising it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days and in addition this shall also be displayed in the project proponent's website permanently.
- ii. The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn has to display the same for 30 days from the date of receipt.
- iii. The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and update the same on half-yearly basis.
- iv. The project proponent shall submit six-monthly reports on the status of the compliance of the stipulated environmental conditions on the website of the ministry of Environment, Forest and Climate Change at environment clearance portal.
- v. The project proponent shall submit the environmental statement for each financial year in Form-V to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently and put on the website of the company.
- vi. The criteria pollutant levels namely; SPM, RSPM, SO₂, NO_x (ambient levels) or critical sectoral parameters, indicated for the project shall be monitored and displayed at a convenient location near the main gate of the company in the public domain.
- vii. The project proponent shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities, commencing the land development work and start of production operation by the project.
- viii. The project authorities must strictly adhere to the stipulations made by the State Pollution Control Board and the State Government.

- ix. The project proponent shall abide by all the commitments and recommendations made in the EIA/EMP report, commitment made during Public Hearing and also that during their presentation to the Expert Appraisal Committee.
- x. No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment, Forests and Climate Change (MoEF&CC).
- xi. Concealing factual data or submission of false/fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.
- xii. The Ministry may revoke or suspend the clearance, if implementation of any of the above conditions is not satisfactory.
- xiii. The Ministry reserves the right to stipulate additional conditions if found necessary. The Company in a time bound manner shall implement these conditions.
- xiv. The Regional Office of this Ministry shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (s) of the Regional Office by furnishing the requisite data / information/monitoring reports.
- xv. The above conditions shall be enforced, inter-alia under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and Rules and any other orders passed by the Hon'ble Supreme Court of India / High Courts and any other Court of Law relating to the subject matter.
- xvi. Any appeal against this EC shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

Standard EC Conditions for Project/Activity 7(g): Aerial ropeways

I. Statutory compliance:

- i. The project proponent shall obtain forest clearance under the provisions of Forest (Conservation) Act, 1986, in case of the diversion of forest land for non-forest purpose involved in the project.
- ii. The project proponent shall obtain clearance from the National Board for Wildlife, if applicable.
- iii. The project proponent shall prepare a Site-Specific Conservation Plan & Wildlife Management Plan and approved by the Chief Wildlife Warden. The recommendations of the approved Site-Specific Conservation Plan / Wildlife Management Plan shall be implemented in consultation with the State Forest Department. The implementation report shall be furnished along with the six-monthly compliance report. (incase of the presence of schedule-I species in the study area)
- iv. The project proponent shall obtain Consent to Establish / Operate under the provisions of Air (Prevention & Control of Pollution) Act, 1981 and the Water (Prevention & Control of Pollution) Act, 1974 from the concerned State Pollution Control Board/ Committee.
- v. A certificate of adequacy of available power from the agency supplying power to the project along with the load allowed for the project should be obtained.
- vi. All other statutory clearances such as the approvals for storage of diesel from Chief Controller of Explosives, Fire Department, Civil Aviation Department, the Forest Conservation Act, 1980 and the Wildlife (Protection) Act, 1972 etc. shall be obtained, as applicable by project proponents from the respective competent authorities.

II. Air quality monitoring and preservation

- i. The project proponent shall install system to carryout Ambient Air Quality monitoring for common/criterion parameters relevant to the main pollutants released (e.g. PM₁₀ and PM_{2.5} in reference to PM emission) covering upwind and downwind directions.
- ii. Appropriate Air Pollution Control (APC) system (both during the construction and operation) shall be provided for all the dust generating points *inter alia* including loading, unloading, transfer points, fugitive dust from all vulnerable sources, so as to comply prescribed standards.

iii. Diesel power generating sets proposed as source of backup power should be of enclosed type and conform to rules made under the Environment (Protection) Act, 1986. The height of stack of DG sets should be equal to the height needed for the combined capacity of all proposed DG sets. Use of low sulphur diesel. The location of the DG sets may be decided with in consultation with State Pollution Control Board.

iv. Adequate parking shall be constructed at upper terminal and lower terminal. PP shall ensure smooth traffic management.

III. Water quality monitoring and preservation

i. Storm water from the project area shall be passed through settling chamber.

ii. Garland drains and collection pits shall be provided for each stock pile to arrest the run-off in the event of heavy rains and to check the water pollution due to surface run off.

iii. Total fresh water use shall not exceed the proposed requirement as provided in the project details.

iv. Prior permission from competent authority shall be obtained for use of fresh water.

v. No wastewater shall be discharged in open. Appropriate Water Pollution Control system shall be provided for treatment of waste water.

vi. A certificate from the competent authority, in case of discharging treated effluent/ untreated effluents into the Public sewer/ disposal/drainage systems along with the final disposal point should be obtained.

IV. Noise monitoring and prevention

i. Noise level survey shall be carried as per the prescribed guidelines and report in this regard shall be submitted to Regional Officer of the Ministry as a part of six-monthly compliance report.

ii. The ambient noise levels should conform to the standards prescribed under E(P)A Rules, 1986 viz. 75 dB(A) during day time and 70 dB(A) during night time..

V. Energy Conservation measures

i. Energy conservation measures like installation of LED/CFLs/TFLs for lighting should be integral part of the project design and should be in place before project commissioning.

ii. Solar energy shall be used in the project i.e. at upper terminal and lower terminal to reduce the carbon footprint.

VII. Waste management

- i. The solid wastes shall be segregated, managed and disposed as per the norms of the Solid Waste Management Rules, 2016.
- ii. The waste oil, grease and other hazardous waste shall be disposed of as per the Hazardous & Other waste (Management & Transboundary Movement) Rules, 2016.
- iii. Any wastes from construction and demolition activities related thereto shall be managed so as to strictly conform to the Construction and Demolition Rules, 2016.

VIII. Public hearing and Human health/safety issues

- i. Comply with the safety procedures, norms and guidelines (as applicable) as outlined in IS 5228, IS 5229 and IS 5230, code of practice for construction of aerial ropeways, Bureau of Indian Standards.
- ii. Maintaining hoists and lifts, lifting machines, chains, ropes, and other lifting tackles in good condition.
- iii. Ensuring that walking surfaces or boards at height are of sound construction and are provided with safety rails or belts.
- iv. The project should conform to the norms prescribed by the Director General Mine safety. Necessary clearances in this regard shall be obtained.
- v. Adequate infrastructure, including power, shall be provided for emergency situations and disaster management.
- vi. Adequate first aid facility shall be provided during construction and operation phase of the project.
- vii. Regular safety inspection shall be carried out of the ropeway project and a copy of safety inspection report should be submitted to the Regional Office.
- viii. Emergency preparedness plan based on the Hazard identification and Risk Assessment (HIRA) and Disaster Management Plan shall be implemented.

IX Corporate Environment Responsibility

- ix. The project proponent shall comply with the provisions contained in this Ministry's OM vide F.No. 22-65/2017-IA.III dated 1st May 2018, as applicable, regarding Corporate Environment Responsibility.

- x. The company shall have a well laid down environmental policy duly approved by the Board of Directors. The environmental policy should prescribe for standard operating procedures to have proper checks and balances and to bring into focus any infringements/deviation/violation of the environmental / forest / wildlife norms / conditions. The company shall have defined system of reporting infringements / deviation / violation of the environmental / forest / wildlife norms / conditions and / or shareholders / stake holders. The copy of the board resolution in this regard shall be submitted to the MoEF&CC as a part of six-monthly report.
- xi. A separate Environmental Cell both at the project and company head quarter level, with qualified personnel shall be set up under the control of senior Executive, who will directly to the head of the organization.
- xii. Action plan for implementing EMP and environmental conditions along with responsibility matrix of the company shall be prepared and shall be duly approved by competent authority. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Year wise progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six Monthly Compliance Report.
- xiii. Self environmental audit shall be conducted annually. Every three years third party environmental audit shall be carried out.

X. Miscellaneous

- i. The project proponent shall prominently advertise it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days indicating that the project has been accorded environment clearance and the details of MoEFCC/SEIAA website where it is displayed.
- ii. The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn has to display the same for 30 days from the date of receipt.
- iii. The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and update the same on half-yearly basis.
- iv. The project proponent shall submit six-monthly reports on the status of the compliance of the stipulated environmental conditions on the website of the ministry of Environment, Forest and Climate Change at environment clearance portal.

- v. The project proponent shall submit the environmental statement for each financial year in Form-V to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently and put on the website of the company.
- vi. The project proponent shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities, commencing the land development work and start of production operation by the project.
- vii. The project authorities must strictly adhere to the stipulations made by the State Pollution Control Board and the State Government.
- viii. The project proponent shall abide by all the commitments and recommendations made in the EIA/EMP report, commitment made during Public Hearing and also that during their presentation to the Expert Appraisal Committee.
- ix. No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment, Forests and Climate Change (MoEF&CC).
- x. Concealing factual data or submission of false/fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.
- xi. The Ministry may revoke or suspend the clearance, if implementation of any of the above conditions is not satisfactory.
- xii. The Ministry reserves the right to stipulate additional conditions if found necessary. The Company in a time bound manner shall implement these conditions.
- xiii. The Regional Office of this Ministry shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (s) of the Regional Office by furnishing the requisite data / information/monitoring reports.
- xiv. The above conditions shall be enforced, inter-alia under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and Rules and any other orders passed by the Hon'ble Supreme Court of India / High Courts and any other Court of Law relating to the subject matter.

- xv. Any appeal against this EC shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

Standard EC Conditions for Project/Activity 7(h): Common Effluent Treatment plants (CETPs)

I. Statutory compliance:

- i. The project proponent shall obtain forest clearance under the provisions of Forest (Conservation) Act, 1986, in case of the diversion of forest land for non-forest purpose involved in the project.
- ii. The project proponent shall obtain clearance from the National Board for Wildlife, if applicable.
- iii. The project proponent shall prepare a Site-Specific Conservation Plan & Wildlife Management Plan and approved by the Chief Wildlife Warden. The recommendations of the approved Site-Specific Conservation Plan / Wildlife Management Plan shall be implemented in consultation with the State Forest Department. The implementation report shall be furnished along with the six-monthly compliance report. (incase of the presence of schedule-I species in the study area)
- iv. The project proponent shall obtain Consent to Establish / Operate under the provisions of Air (Prevention & Control of Pollution) Act, 1981 and the Water (Prevention & Control of Pollution) Act, 1974 from the concerned State Pollution Control Board/ Committee.
- v. The project proponent shall obtain the necessary permission from the Central Ground Water Authority, in case of drawl of ground water / from the competent authority concerned in case of drawl of surface water required for the project.
- vi. A certificate of adequacy of available power from the agency supplying power to the project along with the load allowed for the project should be obtained.
- vii. All other statutory clearances such as the approvals for storage of diesel from Chief Controller of Explosives, Fire Department, etc. shall be obtained, as applicable by project proponents from the respective competent authorities.

II. Air quality monitoring and preservation

- i. The gaseous emissions from DG set shall be dispersed through adequate stack height as per CPCB standards. Diesel generating sets shall be installed, in the downwind directions.
- ii. Appropriate Air Pollution Control (APC) system shall be provided for fugitive dust from all vulnerable sources, so as to comply prescribed standards.

III. Water quality monitoring and preservation

- i. The project proponent shall install 24x7 continuous effluent monitoring system with respect to standards prescribed in Environment (Protection) Rules 1986 as amended from time to time and connected to SPCB and CPCB online servers and calibrate these system from time to time according to equipment supplier specification through labs recognised under Environment (Protection) Act, 1986 or NABL accredited laboratories.
- ii. Total fresh water use shall not exceed the proposed requirement as provided in the project details. Prior permission from competent authority shall be obtained for use of fresh water.
- iii. There shall be flow meters at inlet and outlet of CETP to monitor the flow. Suitable meters shall be provided to measure the quantity of effluent received, quantity of effluent recycled/reused and discharged.
- iii. The units and the CETP will maintain daily log book of the quantity and quality of discharge from the units, quantity of inflow into the CETP, details of the treatment at each stage of the CETP including the raw materials used, quantity of the treated water proposed to be recycled, reused within the Industrial park/units, quantity of the treated effluent discharged. All the above information shall be provided on- line of the web site exclusively prepared for the purpose by the CETP owner. The website shall be accessible by the public. The financial and energy details of the CETP will also be provided along with details of the workers of the CETP.
- viii. The CETP operator will maintain an annual register of member units which will contain the details of products with installed capacities and quality and quantity of effluents accepted for discharge. This will form a part of the initial and renewal applications for consent to operate to be made before the State Pollution Control Board.
- iv. No changes in installed capacity, quality or quantity of effluents as agreed upon in the initial MOU between the operator and the member units, addition of any new member units shall be carried without prior approval of the ministry
- v. The Unit shall inform the State Pollution Control Board at least a week prior to undertaking maintenance activities in the recycle system and store/dispose treated effluents under their advice in the matter.
- vi. The unit shall also immediately inform the Pollution Control Board of any breakdown in the recycling system, store the effluents in the interim period and dispose effluents only as advised by the Pollution Control Board.
- vii. The MoU between CETP and member units shall indicate the maximum quantity of

effluent to be sent to the CETP along with the quality.

- viii. The unit shall maintain a robust system of conveyance for primary treated effluents from the member units and constantly monitor the influent quality to the CETP. The Management of the CETP and the individual member shall be jointly and severally responsible for conveyance and pre-treatment of effluents. Only those units will be authorized to send their effluents to the CETP which have a valid consent of the Pollution Control Board and which meet the primary treated standards as prescribed. The CETP operator shall with the consent of the State Pollution Control Board retain the powers to delink the defaulter unit from entering the conveyance system.
- ix. The effluent from member units shall be transported through pipeline. In case the effluent is transported thorough road, it shall be transported through CETP tankers only duly maintaining proper manifest system. The vehicles shall be fitted with proper GPS system.
- x. Before accepting any effluent from member units, the same shall be as permitted by the SPCB in the consent order. No effluent from any unit shall be accepted without consent from SPCB under the Water Act, 1974 as amended.
- xi. Treated water shall be disposed on land for irrigation. An irrigation management plan shall be drawn up in consultation with and to the satisfaction of the State Pollution Control Board.
- xii. The Project proponents will build operate and maintain the collection and conveyance system to transport effluents from the industrial units in consultation with and to the satisfaction of the State Pollution Control Board and ensure that the industrial units meet the primary effluent standards prescribed by the State Pollution Control Board.
- xiii. The State Pollution Control Board will also evaluate the treatment efficiency of the Effluent Treatment Plant (ETP) and its capability of meeting the prescribed standards. The final scheme of treatment would be such as is approved by the Pollution Control Board in the Consent to Establish.
- xiv. The project proponents will create an institutional arrangement for the involvement of individual members in the management of the CETP.

IV. Noise monitoring and prevention

- i. Noise level survey shall be carried as per the prescribed guidelines and report in this regard shall be submitted to Regional Officer of the Ministry as a part of six-monthly compliance report.

- ii. Noise from vehicles, power machinery and equipment on-site should not exceed the prescribed limit. Equipment should be regularly serviced. Attention should also be given to muffler maintenance and enclosure of noisy equipments.
- iii. Acoustic enclosures for DG sets, noise barriers for ground-run bays, ear plugs for operating personnel shall be implemented as mitigation measures for noise impact due to ground sources.

V. Waste management

- i. ETP sludge generated from CETP facility shall be handled and disposed to nearby authorized TSDF site as per Hazardous and Other Waste Management Rules, 2016.
- ii. Non Hazardous solid wastes and sludge arising out of the operation of the CETP shall be adequately disposed as per the Consent to be availed from the State Pollution Control Board. Non Hazardous solid wastes and sludge shall not be mixed with Hazardous wastes.
- iii. The CETP shall have adequate power back up facility, to meet the energy requirement in case of power failure from the grid.
- iv. The site for aerobic composting shall be selected and developed in consultation with and to the satisfaction of the State Pollution Control Board. Odour and insect nuisance shall be adequately controlled.
- v. Any wastes from construction and demolition activities related thereto shall be managed so as to strictly conform to the Construction and Demolition Rules, 2016.
- vi. The solid wastes shall be segregated, managed and disposed as per the norms of the Solid Waste Management Rules, 2016.

VI. Energy Conservation measures

- i. Provide solar power generation on roof tops of buildings, for solar light system for all common areas, street lights, parking around project area and maintain the same regularly;
- ii. Provide LED lights in their offices and residential areas

VII. Green Belt

- i. Green belt shall be developed in area as provided in project details, with native tree Green belt shall be developed in an area equal to 33% of the plant area with a native tree species in accordance with CPCB guidelines. The greenbelt shall inter alia cover the entire periphery of the plant.

VIII. Public hearing and Human health issues

- i. Emergency preparedness plan based on the Hazard identification and Risk Assessment (HIRA) and Disaster Management Plan shall be implemented.
- ii. Adequate infrastructure, including power, shall be provided for emergency situations and disaster management.
- iii. Provision shall be made for the housing of construction labour within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, crèche etc. The housing may be in the form of temporary structures to be removed after the completion of the project.
- iv. Occupational health surveillance of the workers shall be done on a regular basis.

IX. Corporate Environment Responsibility

- i. The project proponent shall comply with the provisions contained in this Ministry's OM vide F.No. 22-65/2017-IA.III dated 1st May 2018, as applicable, regarding Corporate Environment Responsibility.
- ii. The company shall have a well laid down environmental policy duly approved by the Board of Directors. The environmental policy should prescribe for standard operating procedures to have proper checks and balances and to bring into focus any infringements/deviation/violation of the environmental / forest / wildlife norms / conditions. The company shall have defined system of reporting infringements / deviation / violation of the environmental / forest / wildlife norms / conditions and / or shareholders / stake holders. The copy of the board resolution in this regard shall be submitted to the MoEF&CC as a part of six-monthly report.
- iii. A separate Environmental Cell both at the project and company head quarter level, with qualified personnel shall be set up under the control of senior Executive, who will directly report to the head of the organization.
- iv. Action plan for implementing EMP and environmental conditions along with responsibility matrix of the company shall be prepared and shall be duly approved by competent authority. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Year wise progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six Monthly Compliance Report.
- v. Self environmental audit shall be conducted annually. Every three years third party environmental audit shall be carried out.

X. Miscellaneous

- i. The project proponent shall prominently advertise it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days indicating that the project has been accorded environment clearance and the details of MoEFCC/SEIAA website where it is displayed.
- ii. The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn has to display the same for 30 days from the date of receipt.
- iii. The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and update the same on half-yearly basis.
- iv. The project proponent shall submit six-monthly reports on the status of the compliance of the stipulated environmental conditions on the website of the ministry of Environment, Forest and Climate Change at environment clearance portal.
- v. The project proponent shall submit the environmental statement for each financial year in Form-V to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently and put on the website of the company.
- vi. The criteria pollutant levels or critical sectoral parameters, indicated for the project shall be monitored and displayed at a convenient location near the main gate of the company in the public domain.
- vii. The project proponent shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities, commencing the land development work and start of operation by the project.
- ix. The project authorities must strictly adhere to the stipulations made by the State Pollution Control Board and the State Government.
- x. The project proponent shall abide by all the commitments and recommendations made in the EIA/EMP report, commitment made during Public Hearing and also that during their presentation to the Expert Appraisal Committee.
- viii. No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment, Forests and Climate Change (MoEF&CC).

- ix. Concealing factual data or submission of false/fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.
- x. The Ministry may revoke or suspend the clearance, if implementation of any of the above conditions is not satisfactory.
- xi. The Ministry reserves the right to stipulate additional conditions if found necessary. The Company in a time bound manner shall implement these conditions.
- xii. The Regional Office of this Ministry shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (s) of the Regional Office by furnishing the requisite data / information/monitoring reports.
- xiii. The above conditions shall be enforced, inter-alia under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and Rules and any other orders passed by the Hon'ble Supreme Court of India / High Courts and any other Court of Law relating to the subject matter.
- xiv. Any appeal against this EC shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

Standard EC Conditions for Project/Activity 7(i): Common Municipal Solid Waste Management Facility (CMSWMF)

I. Statutory compliance:

- i. The project proponent shall obtain forest clearance under the provisions of Forest (Conservation) Act, 1986, in case of the diversion of forest land for non-forest purpose involved in the project.
- ii. The project proponent shall obtain clearance from the National Board for Wildlife, if applicable.
- iii. The project proponent shall prepare a Site-Specific Conservation Plan & Wildlife Management Plan and approved by the Chief Wildlife Warden. The recommendations of the approved Site-Specific Conservation Plan / Wildlife Management Plan shall be implemented in consultation with the State Forest Department. The implementation report shall be furnished along with the six-monthly compliance report. (incase of the presence of schedule-I species in the study area)
- iv. The project proponent shall obtain Consent to Establish / Operate under the provisions of Air (Prevention & Control of Pollution) Act, 1981 and the Water (Prevention & Control of Pollution) Act, 1974 from the concerned State Pollution Control Board/ Committee.
- v. The project proponent shall obtain the necessary permission from the Central Ground Water Authority, in case of drawl of ground water / from the competent authority concerned in case of drawl of surface water required for the project.
- vi. A certificate of adequacy of available power from the agency supplying power to the project along with the load allowed for the project should be obtained.
- vii. All other statutory clearances such as the approvals for storage of diesel from Chief Controller of Explosives, Fire Department, Civil Aviation Department shall be obtained, as applicable by project proponents from the respective competent authorities.

II. Air quality monitoring and preservation

- i. The project proponent shall install 24x7 continuous emission monitoring system at process stacks to monitor stack emission with respect to standards prescribed in Environment (Protection) Rules 1986 and connected to SPCB and CPCB online servers and calibrate these systems from time to time according to equipment supplier specification through labs recognised under Environment (Protection) Act, 1986 or NABL accredited laboratories. ((for projects involving incineration)

- ii. As proposed, air pollution control device viz. gas quencher; treatment with mixture of hydrated lime and activated powder for adsorption of partial acidity and VOCs (if any); bagfilter/ESP for removal of particulate matter; venturi scrubber followed by packed bed scrubber with caustic circulation to neutralize the acidic vapours in flue gas; and demister column for arresting water carry over will be provided to the incinerator. Online pollutant monitoring shall be provided as per CPCB guidelines for monitoring particulate matter, SO₂, NO_x and CO from the incinerator stack. The periodical monitoring of Dioxins and Furans in the Stack emissions shall be carried out.
- iii. Analysis of Dioxins and Furans shall be done through CSIR – National Institute for Interdisciplinary Science and Technology (NIIST), Thiruvananthapuram or equivalent NABL Accredited laboratory.
- iv. Incinerator shall be designed as per CPCB guidelines. Energy shall be recovered from incinerator.
- v. Gas generated in the Land fill should be properly collected, monitored and flared.
- vi. The project proponent shall install system to carryout Ambient Air Quality monitoring for common/criterion parameters relevant to the main pollutants released (e.g. PM₁₀ and PM_{2.5} in reference to PM emission, and SO₂ and NO_x in reference to SO₂ and NO_x emissions) within and outside the plant area at least at four locations (one within and three outside the plant area at an angle of 120° each), covering upwind and downwind directions.

III. Water quality monitoring and preservation

- i. The project proponent shall install continuous effluent monitoring system with respect to standards prescribed in Environment (Protection) Rules 1986 and connected to SPCB and CPCB online servers and calibrate these systems from time to time according to equipment supplier specification through labs recognized under Environment (Protection) Act, 1986 or NABL accredited laboratories.
- ii. Sufficient number of Piezometer wells shall be installed in and around the project site to monitor the ground water quality in consultation with the State Pollution Control Board / CPCB. Trend analysis of ground water quality shall be carried out each season and information shall be submitted to the SPCB and the Regional Office of MoEF&CC.
- iii. The depth of the land fill site shall be decided based on the ground water table at the site.
- iv. Rain water runoff from the landfill area and other hazardous waste management area shall be collected and treated in the effluent treatment plant.

- v. Total fresh water use shall not exceed the proposed requirement as provided in the project details. Prior permission from competent authority shall be obtained for use of fresh water.
- vi. The Company shall ensure proper handling of all spillages by introducing spill control procedures for various chemicals.
- vii. All leachates arising from premises should be collected and treated in the ETP followed by RO. RO rejects shall be evaporated in MEE. Toxicity Characteristic Leaching Procedure (TCLP) test to be performed on leachates.
- viii. Scrubber water, leachate water or wheel wash effluent shall be treated in the effluent treatment plant followed by RO to achieve zero liquid discharge.
- ix. Sewage Treatment Plant shall be provided to treat the wastewater generated from the project. Treated water shall be reused within the project.
- x. A certificate from the competent authority for discharging treated effluent/ untreated effluents into the Public sewer/ disposal/drainage systems along with the final disposal point should be obtained.

IV. Waste management

- i. No non-hazardous wastes, as defined under the Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016, shall be handled in the premises.
- ii. The solid wastes shall be segregated, managed and disposed as per the norms of the Solid Waste Management Rules, 2016.
- iii. Any wastes from construction and demolition activities related thereto shall be managed so as to strictly conform to the Construction and Demolition Rules, 2016.
- iv. A certificate from the competent authority handling municipal solid wastes should be obtained, indicating the existing civic capacities of handling and their adequacy to cater to the M.S.W. generated from project.

V. Transportation

- i. Project should ensure that the site is properly cordoned off from general movement and no unauthorized person or goods permitted to enter the premises. Necessary security provision should be made as a condition in the Authorisation under the Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 to prevent

unwanted access.

- ii. Traffic congestion near the entry and exit points from the roads adjoining the project site shall be avoided. Parking should be fully internalized and no public space should be utilized.
- iii. A detailed traffic management and traffic decongestion plan shall be drawn up to ensure that the current level of service of the roads within a 02 kms radius of the project is maintained and improved upon after the implementation of the project. This plan should be based on cumulative impact of all development and increased habitation being carried out or proposed to be carried out by the project or other agencies in this 02 Kms radius of the site in different scenarios of space and time and the traffic management plan shall be duly validated and certified by the State Urban Development department and the P.W.D./ competent authority for road augmentation and shall also have their consent to the implementation of components of the plan which involve the participation of these departments.

VI. Green belt

- i. Green belt shall be developed in an area as provided in project details, with native tree species in accordance with Forest Department. The greenbelt shall inter alia cover the entire periphery of the project site.
- ii. Top soil shall be separately stored and used in the development of green belt.

VII. Public hearing and Human health/safety issues

- i. Emergency preparedness plan based on the Hazard identification and Risk Assessment (HIRA) and Disaster Management Plan shall be implemented.
- ii. Provision shall be made for the housing of construction labour within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, crèche etc. The housing may be in the form of temporary structures to be removed after the completion of the project.
- iii. Occupational health surveillance of the workers shall be done on a regular basis.

VIII. Corporate Environment Responsibility

- i. The project proponent shall comply with the provisions contained in this Ministry's OM vide F.No. 22-65/2017-IA.III dated 1st May 2018, as applicable, regarding Corporate Environment Responsibility.

- ii. The company shall have a well laid down environmental policy duly approved by the Board of Directors. The environmental policy should prescribe for standard operating procedures to have proper checks and balances and to bring into focus any infringements/deviation/violation of the environmental / forest / wildlife norms / conditions. The company shall have defined system of reporting infringements / deviation / violation of the environmental / forest / wildlife norms / conditions and / or shareholders / stake holders. The copy of the board resolution in this regard shall be submitted to the MoEF&CC as a part of six-monthly report.
- iii. A separate Environmental Cell both at the project and company head quarter level, with qualified personnel shall be set up under the control of senior Executive, who will directly report to the head of the organization.
- iv. Action plan for implementing EMP and environmental conditions along with responsibility matrix of the company shall be prepared and shall be duly approved by competent authority. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Year wise progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six Monthly Compliance Report.
- v. Self environmental audit shall be conducted annually. Every three years third party environmental audit shall be carried out.

IX. Miscellaneous

- i. The project proponent shall make public the environmental clearance granted for their project along with the environmental conditions and safeguards at their cost by prominently advertising it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days and in addition this shall also be displayed in the project proponent's website permanently. (for projects involving incineration)
- ii. The project proponent shall prominently advertise it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days indicating that the project has been accorded environment clearance and the details of MoEF&CC/SEIAA website where it is displayed (For projects involving only Landfill without incineration)
- iii. The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn has to display the same for 30 days from the date of receipt.

- iv. The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and update the same on half-yearly basis.
- v. The project proponent shall submit six-monthly reports on the status of the compliance of the stipulated environmental conditions on the website of the ministry of Environment, Forest and Climate Change at environment clearance portal.
- vi. The project proponent shall submit the environmental statement for each financial year in Form-V to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently and put on the website of the company.
- vii. The criteria pollutant levels namely; SPM, RSPM, SO₂, NO_x (ambient levels as well as stack emissions) or critical sectoral parameters, indicated for the project shall be monitored and displayed at a convenient location near the main gate of the company in the public domain (incase of incineration involved).
- viii. The project proponent shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities, commencing the land development work and start of production operation by the project.
- viii. The project authorities must strictly adhere to the stipulations made by the State Pollution Control Board and the State Government.
- ix. The project proponent shall abide by all the commitments and recommendations made in the EIA/EMP report, commitment made during Public Hearing and also that during their presentation to the Expert Appraisal Committee.
- ix. No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment, Forests and Climate Change (MoEF&CC).
- x. Concealing factual data or submission of false/fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.
- xi. The Ministry may revoke or suspend the clearance, if implementation of any of the above conditions is not satisfactory.
- xii. The Ministry reserves the right to stipulate additional conditions if found necessary. The Company in a time bound manner shall implement these conditions.

- xiii. The Regional Office of this Ministry shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (s) of the Regional Office by furnishing the requisite data / information/monitoring reports.
- xiv. The above conditions shall be enforced, inter-alia under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and Rules and any other orders passed by the Hon'ble Supreme Court of India / High Courts and any other Court of Law relating to the subject matter.
- xv. Any appeal against this EC shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

F. No. 22-34/2018-IA.III

Government of India

Ministry of Environment, Forest and Climate Change
(Impact Assessment Division)

Indira Paryavaran Bhawan
Jor Bagh Road, Aliganj,
New Delhi – 110003E-mail: sharath.kr@gov.in
Tel: 011-24695319Dated: 8th January, 2019**OFFICE MEMORANDUM****Sub.: Standardization of Environment Clearance conditions for Non-Coal mining sector – reg.**

The Ministry of Environment, Forest and Climate Change has notified the Environmental Impact Assessment (EIA) Notification, 2006 under the provisions of the Environment (Protection) Act, 1986, which regulates development and their expansion/modernization of 39 sectors/activities listed in the Schedule to the EIA Notification, 2006. There are two Category of projects viz. Category 'A' projects that are handled at the level of MoEF&CC and Category 'B' projects that are handled by the respective State Environment Impact Assessment Authority (SEIAA) following the procedure prescribed under the EIA Notification, 2006.

2. All projects or activities included as Category 'A' in the Schedule, including expansion and modernization of existing projects or activities and change in product mix, shall require prior environmental clearance from the Central Government in the Ministry of Environment and Forest and Climate Change (MoEF&CC) on the recommendations of an Expert Appraisal Committee (EAC) constituted by the Central Government for the purposes of this notification.
3. The Standard Environmental Clearance conditions have been prepared for expediting the process of Environmental Clearance without compromising environmental norms and the rigor of environment impact assessment.
4. The standard Environment Clearance conditions shall be considered by the concerned EAC with due diligence while recommending the Environmental Clearance. The expert appraisal committee can modify, prescribe additional conditions based on the project specific requirements.

ok
sharath
10/1/2019

5. The recommended conditions by the EAC shall be brought in the minutes of the meeting of the EAC.
6. In continuation to the OMs no. F. No. 22-34/2018-IA.III dated 9th August 2018 and 4th January 2019, the standard Environment Clearance conditions for Mining, extraction of natural resources (Non-coal mining) covered under schedule 1(a) of the EIA Notification 2006 are herewith issued
7. This issues with the approval of competent authority.

Date: 11th June, 2019

OFFICE MEMORANDUM

Sub: Application for seeking prior environmental clearance for the projects / activities given in the schedule of EIA Notification, 2006 regarding.

The Environmental Impact Assessment (EIA) Notification, 2006 under the Environment (Protection) Act, 1986 mandates the requirement of prior environmental clearance for the projects / activities listed in the schedule to the said Notification. To facilitate the same, the EIA Notification, 2006 read with subsequent amendments, provides for submission of project details in the prescribed Forms seeking Terms of Reference (ToRs) / Environmental Clearance (EC), as applicable, for certain category of projects.

2. The Project Proponents (PPs) are required to submit their proposals for ToR/ECs, on the portal of this Ministry/State level Environment Impact Committee (SEIAA), in different forms prescribed, as applicable. However, it has been observed that in certain processes where the Forms were not prescribed, the proposals are incomplete and lack clarity.

3. The matter has been examined in the Ministry, and in order to streamline various processes envisaged in the EIA Notification 2006, the following additional forms have been incorporated in PARIVESH which may be followed for uniformity and clarity while implementing the provisions of the EIA Notification 2006.

- i. Form-3: Application for Amendment in ToR
- ii. Form-4: Application for Amendment in Environmental Clearance
- iii. Form-5: Application for Extension of Validity of TOR
- iv. Form-6: Application for Extension of Validity of Environmental Clearance
- v. Form-7: Application for Transfer of Environmental Clearance
- vi. Form-8: Application for Transfer of Terms of Reference

This issues with the approval of the Competent Authority.

 (Sharath Kumar Pallerla)
 Director, IA (Policy) Division

F.No.22-1/2019-IA.III [E116917]

Government of India
Ministry of Environment, Forest and Climate Change
(Impact Assessment Division)

Indira Paryavaran Bhawan
Aliganj, Jorbagh Road
New Delhi- 110003

Dated: 15th December, 2021**OFFICE MEMORANDUM****Sub.: EC application form for B2 category projects – reg.**

The Ministry *vide* Notification dated 15th January 2016 amended the EIA Notification 2006 stating that projects regarding mining of minor minerals which fall under category B2 of the Notification shall apply through Form 1M provided in the appendix VIII of the Notification.

2. Further, the Ministry *vide* Office Memorandum dated 20th April 2018 directed that all project, other than projects covered under schedule 8 of the EIA Notification and mining of minor minerals upto five hectares, which are categorized as B2 shall apply for Environmental Clearance as per the provision of Form-2.

3. Subsequently, based on the direction of the Hon'ble National Green Tribunal (NGT) *vide* order dated 13th September, 2018 in O.A. No. 186 of 2016 (Satendra Pandey Vs Ministry of Environment Forest & Climate Change & Anr), use of Form-1M for accepting EC applications for minor minerals upto five hectares has been examined in the Ministry. The matter has also been discussed with various SEIAAs/SEACs.

4. Based on above, the Ministry hereby directs that, henceforth, for all Category "B2" projects [other than those covered in schedule 8 of the EIA Notification 2006], the project proponents shall apply in Form-2 on PARIVESH portal along with requisite documents. On selection of category as "B2", the fields in Form-2 which may not be relevant for such projects, [i.e., EIA Report etc.] shall automatically get disabled.

5. The Office Memorandum dated 20th April 2018 shall get modified to that extent.

6. This is issued with the approval of the competent authority.

New Delhi-110 003Dated: 30th December, 2020**CIRCULAR****Sub.: Streamlining the process of grant of environmental clearances -
Rationalization of Essential Details Sought or Additional Details
Sought – reg.**

During the review of various sectors of Impact Assessment, it has been observed by the Secretary, EF&CC that Essential Details Sought (EDS) or Additional Details Sought (ADS) by the Member Secretaries or Expert Appraisal Committees (EAC) respectively are often not directly relevant for the purposes of considering the proposal for grant of Environmental Clearance and lead to delay in grant of environmental clearances

2. In this regard the competent authority has directed that the Member Secretaries and EACs of various sectors shall ensure that the EDS/ADS are relevant to the proposal under appraisal for the grant of Environmental Clearance.

3. Further, the concerned Joint Secretaries should review the EDS/ADS periodically to ensure timely resolution.

4. This issues with the approval of the competent authority.

OFFICE MEMORANDUM

Sub: Processing of files for grant of Terms of Reference and Environmental Clearance through PARIVESH - reg.

The PARIVESH, a workflow based application, is being implemented in two phases with the first phase for facilitating online submission of proposals and tracking the status of such proposals at each stage of processing. The second phase involves online processing of these proposals subsequent to finalization of minutes by the EAC/SEAC and approval by the competent authorities through the PARIVESH portal. The Ministry vide D.O. letter dated 16th July, 2019 has directed to each SEIAAs for implementation of the PARIVESH.

2. It has been observed that the compliance of the above direction and implementation of second phase of PARIVESH by the SEIAAs has not been satisfactory.

3. In view of the above, SEIAAs are directed to ensure that the files for approval of Terms of Reference (ToR) as well as Environmental Clearance (EC) are processed strictly through PARIVESH only from 1st March, 2021 onwards.

This issues with the approval of the competent authority.

Office Memorandum

Subject: Criteria/Methodology for rating of SEIAAs – reg.

Ministry has taken several initiatives for streamlining the environmental clearance (EC) process and reduce the time taken for grant of clearances. The entire EC process has been made online through PARIVESH portal. Due to these initiatives, the average time taken in grant of EC has reduced considerably, to approximately 75 days as against the time-line of 105 days, prescribed in the EIA Notification 2006.

2. Further, one of the issues raised during the meeting chaired by Cabinet Secretary on 13.11.2021 to discuss the action taken on “Ease of Doing Business”, was regarding ranking of States based on the time taken in according clearances.

3. It has been decided to incentivize the states through a star-rating system, based on the efficiency and timeliness in grant of EC. This is intended as a mode of recognition and encouragement as well as for prompting improvements where needed.

4. After due deliberation, it has been decided that the following criteria and methodology shall be followed for star rating the SEIAAs to encourage transparency, efficiency and accountability:

Sl.No	Criteria	Methodology	Marks
1	Average number of days for granting EC	< 80 days (extra 1 mark]	2
		≤ 105 days	1
		105 to 120 days	0.5
		More than 120 days	0
2	% of disposal of fresh ToR/ ToR amendment proposals awaiting for more than 30 days	more than 90%	1
		80 – 90%	0.5
		Less than 80%	0
3	% of disposal of fresh EC/ EC amendment proposals awaiting for more than 105 days	more than 90%	1
		80 – 90%	0.5
		Less than 80%	0
4	Percentage of cases wherein more than one time EDS were sought by MS	10% or less	1
		20%	0.5
		30% or more	0

5	Average number of days taken for accepting the proposals for ToR/EC	≤ 5 days	1
		5-7 days	0.5
		More than 7 days	0
6	Complaints redressed by SEIAA	All complaints	1
		50% or more	0.5
		Less than 50%	0
7	Percentage of cases, out of total cases placed to SEAC, for which site visits were carried out by SEIAA/ SEAC.	Less than 10%	1
		10% to 20%	0.5
		More than 20%	0

Rating system:

Sl.No	Marks	Stars
1	7 marks or more	☆☆☆☆☆
2	6-7 marks	☆☆☆☆
3	5-6 marks	☆☆☆
4	4-5 marks	☆☆
5	3-4 marks	☆
6	Less than 3 marks	No stars

5. The rating of a SEIAA will be a dynamic process based on performance during last six months. Data for a block of six month starting from 1st day till last day of block period will be considered. This will be updated at end of every month.

6. The above rating criteria shall be implemented online through PARIVESH as the portal has been upgraded to capture action taken on ToR/EC applications.

7. This is issued with the approval of the competent authority.

Dated 12th December, 2012

Office Memorandum

Subject: Consideration of proposals for TORs/Environment Clearance/ CRZ Clearance involving violation of the Environment (Protection) Act, 1986 / Environment Impact Assessment (EIA) Notification, 2006 / Coastal Regulation Zone (CRZ) Notification, 2011 - reg.

The Environment Impact Assessment Notification (EIA), 2006 and its amendments thereafter require all new projects or activities and / or expansion and modernization of existing projects or activities listed in the schedule to the said Notification with capacity beyond threshold limits prescribed thereunder, to obtain prior Environment Clearance under the provisions thereof. Similarly, CRZ Notification, 2011 imposes certain restrictions on the setting up and expansion of industries, operations or processes and the like in the CRZ.

2. Instances have come to the notice of this Ministry where without obtaining the required clearance under the aforesaid Environment Impact Assessment Notification, 2006 and / or CRZ Notification, 2011, the construction / physical / operation activities relating to the projects have been started at the sites. Such activities amount to violations under the Environment (Protection) Act, 1986 / EIA Notification, 2006 / CRZ Notification, 2011 (henceforth referred to as violations).

3. The cases for granting Environment Clearance / CRZ Clearance for such projects are at present being dealt with in terms of OM of even number dated 16.11.2010. Now, it has been decided in that in supersession of this OM, the procedure henceforth stated in this OM will be followed while dealing with such cases.

4. The violations could come to the notice of the Ministry at various stages of processing of the proposals, i.e.:

- i. Processing the case in the Ministry before referring the same to the Expert Appraisal Committee (EAC) for TOR / Environment Clearance / CRZ Clearance;
- ii. During the deliberations in the EAC meeting and recorded as such in the minutes of the meeting; and;
- iii. Processing the case in the Ministry after the receipt of recommendations of the EAC but before granting TOR / Environment Clearance/CRZ Clearance.

5. As soon as any case of violation comes / is brought to the notice of the Ministry / EAC, the Ministry / EAC will proceed to verify the veracity of the complaint through the concerned Regional Office of MoEF / State Government / CZMA. Of course, such a verification will not be required in case

the project proponent does not contest the allegation of violation. Once the Ministry / EAC is satisfied that it is a violation case, before proceeding any further in the matter, the following will need to be ensured in the matter:

- i. The matter relating to the violation will need to be put up by the Project Proponent to the Board of Directors of its Company or to the Managing Committee / CEO of the Society, Trust, partnership / individually owned concern for consideration of its environment related policy / plan of action as also a written commitment in the form of a formal resolution to be submitted to MoEF to ensure that violations will not be repeated. For this purpose, a time limit of 60 days will be given to the project proponent. In the meantime, the project will be delisted. In the eventuality of not having any response from the project proponent within the prescribed limit of 60 days, it will be presumed that it is no longer interested in pursuing the project further and the project file will be closed, whereafter the procedure will have to be initiated *de novo* by such project proponents.
 - ii. The State Government concerned will need to initiate credible action on the violation by invoking powers under Section 19 of the Environment (Protection) Act, 1986 for taking necessary legal action under Section 15 of the Act for the period for which the violation has taken place and evidence provided to MoEF of the credible action taken.
 - iii. The details of the project proponent and a copy of the commitment, etc., mentioned at (i) above will be put on the website of MoEF for information of all stakeholders.
6. Once action as per para 5 above has been taken, the concerned case will be dealt with and processed as per the prescribed procedure for dealing with cases for grant of TORs / Environment Clearance / CRZ Clearance and appropriate recommendation made by the EAC/decision taken by the Ministry as per the merit of the case.
7. It may be clarified that the consideration of proposals for giving TORs/ Environment clearance / CRZ clearance for violation cases will not be a matter of right for the project proponent. In cases of serious violations, the Ministry reserves the right to outrightly reject such proposals and not consider the same at all.
8. The aforesaid procedure, as stated in para 4 to 7 above will apply *mutatis mutandis* to the cases handled at the State level by the State Environment Impact Assessment Authorities (SEIAAs)/ State Level Expert Appraisal Committees (SEACs).
9. This issues with the approval of the competent authority.

In addition to above, following information is also required to prepare the report on functional audit of SEIAA:

a) Process adopted for Grant of EC:		
S.N.	Required Information	Submission
i.	What is the application format?	As prescribed in EIA Notification, 14/09/2006 (as amended thereof)
ii.	Is it same for all the Project or varies for different types of project?	As prescribed in EIA Notification, 14/09/2006 (as amended thereof) as per the category implied.
iii.	How the application is processed?	As prescribed in EIA Notification, 14/09/2006 (as amended thereof)
iv.	Whether other enforcement agencies are concerned including SPCB, Local Bodies, Town & Country Planning Dept.? If yes, how?	Yes, other enforcement agencies are concerned including SPCB, Local Bodies, Town & Country Planning Dept. During the time of the appraisal of project many a time it becomes necessary to coordinate with concerned department to verify the factual status of the project. Also, many a time litigation against the project is filled in the Hon'ble Court(s) by the social community or by the project proponent itself making the concerned departments as the proforma party or may be impleaded as the case may be. Ground status of the project in question is required to be answered in compliance in to the Hon'ble Court(s) orders. Hence, other enforcement agencies

		are coordinated including SPCB, Local Bodies, Town & Country Planning Dept. etc are concerned.
v.	What are the necessary Clearances / NOCs/Licenses etc. required for processing application?	As prescribed in EIA Notification, 14/09/2006 (as amended thereof)
vi.	What are the prescribed timelines? Max. & Min.?	Timeline is prescribed in EIA Notification, 14/09/2006 (as amended thereof).
vii.	Is there any specific methodology for building projects?	As prescribed in EIA Notification, 14/09/2006 (as amended thereof).
viii.	What is mechanism for compliance monitoring?	<p>The mechanism for compliance monitoring has been well defined in the office order issued vide file no. J-11013/10/2009-IA.I dated 30/09/2009 wherein it has been mentioned that:-</p> <p><i>“The Monitoring Cell in IA Division in the nodal point for monitoring and compliance of the stipulated conditions imposed on the industrial units/infrastructural projects including CRZ, while granting Environmental Clearance (EC). A copy of the EC is endorsed to the concerned Regional Office of the MoEF for monitoring the compliance of the stipulated conditions, besides to the concerned State Pollution Control Board (SPCB) and Central Pollution Control Board (CPCB).”</i></p> <p><i>For the aforesaid purpose after the grant of EC letter issued to the concerned project proponent for the very project, the copy of the same <u>with enclosure for Information and necessary action to:</u></i></p> <ul style="list-style-type: none"> • Advisor, IA Division, Ministry of Environment, Forests & Climate Change, Govt. of India, Indira Paryavaran Bhawan, Jor Bagh Road, Aliganj, New Delhi. • Additional Director, Regional Office, Ministry of Environment & Forests, (Central Region), Kendriya Bhawan, 5th Floor, Sector-H, Aliganj, Lucknow. • District Magistrate, (Concerned District). • The Member Secretary, U.P. Pollution Control Board, TC-12V, Paryavaran Bhawan, Vibhuti Khand, Gomti Nagar, Lucknow. <p>And more specifically, SEIAA/SEAC, appraises the violation category cases as per the EIA Notification dated 14/09/2006 (as amended thereof) read along with notification dated 14/03/2017 and 08/03/2018. The SEIAA/SEAC, stipulates the implementation of Environmental Management Plan, comprising remediation plan and natural and community resource augmentation plan corresponding to the ecological damage assessed and economic benefit derived due to violation as a condition of environmental clearance. The condition implies as given below:</p> <p><i>The project proponent is asked to submit bank guarantee of Rs. (the sum levied) equivalent to the amount of remediation plan and natural and community resource augmentation plan</i></p>

		<i>within 15 days to the SPCB.</i>
ix.	Is Environmental Compensation is also imposed?	As per CPCB guidelines compensation is imposed by State Pollution Control Board.
x.	What is the Check-list? Standardized TOR? Is it same for all types of Projects or project-wise varies?	Standard ToR's for different categories has been prescribed by MoEFCC. SEAC/SEIAA follows the same. However, in some cases wherein, additional environmental information regarding the project is required which are not covered in the standard ToR's in that case additional ToR is suggested to be carried out during the study for EIA of the project.
b)	In case of Violation cases during Window Period, what were the natures of violation viz. before grant of EC, during grant of EC or after the grant of EC?	Nature of Violation - before grant of prior EC
c)	Why are construction projects of the State not following provisions of EIA Notification, 2006?	Every project has to follow EIA Notification, 2006.
d)	Do other Enforcement Agencies take cognizance of requirement of prior EC or EC conditions?	The concerned Regional Office of the Ministry/SPCB.
e)	Why are such frequent blatant violations taking place and how can the situation be remedied?	<p>We strongly refute this statement. SEIAA/SEAC process more than 700 cases/year. Hardly in 2-3 cases/year violation might have been observed. This cannot be considered as frequent blatant violation.</p> <p>However, there is no denial of the fact that SEIAA is highly constrained in its working due to gross inadequacy of human and technical resources. The situation can be improved only by providing adequate resources to SEIAA by MoEF&CC. SEIAA/SEAC are the bodies constituted by Govt. of India therefore Govt. of India should taken responsibility of providing sufficient resources to discharge their responsibilities in a more efficient and transparent manner.</p>

Required information as desired in E-mail dated 04-03-2022

S. No.	Information	Reply
1.	Brief details of the nature of violation noticed in case of project under reference (i.e M/s. Savfab Buildtech Pvt. Ltd. Mohan Nagar, Ghaziabad) – how/when did violation happen, how the violation went unnoticed by SEIAA, Uttar Pradesh.	An online Application dated 22/12/2020 was made by the project proponent for issuance of fresh Environmental Clearance of Expansion & Modification of proposed Group Housing Project “Saviour Park” at Karhera & Sahibabad, Mohan Nagar, Ghaziabad, Uttar Pradesh of M/s SAVFAB Buildtech Pvt. Ltd. without any declaration of violation. (Copy of proposal no. SIA/UP/MIS/59350/2019 enclosed, Annexure- 6)
2.	When was the violation noticed in the above two cases? Is there any gap in the appraisal process adopted by SEIAA or by SPCB?	Violation has not been established as the matter is still sub judicious in Hon’ble NGT. There is no gap in the appraisal process adopted by SEIAA/SEAC.
3.	How did the directions/Show cause notice, issued by Uttar Pradesh Pollution Control Board go unnoticed at the time of appraisal for EC?	Directions/ Show cause notice issued by Uttar Pradesh Pollution Control Board was not made available before SEIAA/SEAC.
4.	Was CTE/CTO issued in this case? Was the violation not noticed at the time of grant of CTE and CTO?	<ul style="list-style-type: none"> Unit has obtained CTE for existing project (Total Built up area 1,55,000 sqm) vide letter dated 26/07/2012. Ro, Ghaziabad, UPPCB reported that unit has obtained CTO for existing project (Total 850 flats against 980 flats, built up area 1,55,000 sqm) vide letter dated 17/09/2020. During inspection for CTO on dated 26/07/2020, total flats found construction 850 flats, which are lesser then CTE capacity. No violation was noticed during inspection.
5.	Chronological sequence of events from the time of application of EC till the time these violations came to notice, may be provided and also the date from which the construction actually started at site.	Annexure-7

6.	The procedure of sanction of plan by the Town Planning Department may be provided. Does the approval process for Building Construction by the Town Planning Department / Municipal Bodies also includes examining whether EC has been granted? Whether there is any requirement of CTE / CTO before sanctioning or issuing of Occupancy certificate by concerned Agencies/ Authorities?	The matter is related to Housing and Urban planning Department UP
7.	Whether the Environmental Clearance issued by SEIAA or CTE/CTO issued by UPPCB are endorsed to the Town Planning / Municipal Bodies or any other designated body responsible for approving the building plan.	<p><i>EC letter issued to the concerned project proponent for the very project, the copy of the same with enclosure for Information and necessary action to:</i></p> <ul style="list-style-type: none"> • Advisor, IA Division, Ministry of Environment, Forests & Climate Change, Govt. of India, Indira Paryavaran Bhawan, Jor Bagh Road, Aliganj, New Delhi. • Additional Director, Regional Office, Ministry of Environment & Forests, (Central Region), Kendriya Bhawan, 5th Floor, Sector-H, Aliganj, Lucknow. • District Magistrate, (Concerned District). • The Member Secretary, U.P. Pollution Control Board, TC-12V, Paryavaran Bhawan, Vibhuti Khand, Gomti Nagar, Lucknow.
8.	Stepwise flow chart and time-lines for issue of Environmental Clearance by SEIAA and the institutional mechanism for coordination with the SPCB, Municipal Bodies, Town Planning or other designated bodies involved in sanctioning building construction projects at the local level.	As per EIA Notification, 2006 (as amended thereof).

Note : During the violation window period 14/03/2017 to 13/09/2017 the constitution of SEIAA, U.P. was under process and as per EIA Notification, 2006 "In the absence of a duly constituted SEIAA or SEAC, a Category 'B' project shall be treated as a Category 'A' project". As a result during the violation window period from 14/03/2017 to 13/09/2017 no projects under violation category were received in the Secretariat.

Status of Violation projects received between 14/03/2018 to 13/04/2018

546	Proposed Integrated Old Age Home at Plot No.- B-225, Knowledge Park- V, Greater Noida, District- Gautam Buddh Nagar, U.P.	Building Construction	28-11-2018	31-01-2019	EC Issued
547	Proposed Manufacturing Unit of Water Purifier & Other Kitchen Appliances at Plot No.- A-7, Sector- 87, Phase- II, Village- Naya Gaon, Tehsil- Dari, District- Gautam Buddh Nagar, U.P.	Building Construction	28-11-2018	31-01-2019	EC Issued
548	River Sand/Morrum Mining Area - 84.0 Acre (34.00 Ha) For River Sand/ Morrum Mining Khand No. G.M-02 Gata No. 127, 128, 130, 126, 125, 123, 124, 122, 121, 108 97, 96 95 112, 99 98, 93, 94, 129, 132, 140 Area - 84.00 Acre (34.00 Ha) Village - Gadhiwa Majhigawa Tehsil- Khaga, District - Fatehpur U.P	Mining	29-11-2018	21-05-2019	EC Issued
549	Exansion of BPCL LPG Bottling Plant, Allahabad for obtaining Terms of Reference.	Industry	29-11-2018	31-01-2019	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
550	Proposed Moram Mining Project at Yamuna River Bed at Khand No.- 8/6 & 8/7 over an area of 15 ha situated in Village - Rushai Maharaniya Ka Pura, Tehsil- Chayal, District- Kaushambi, U.P.	Mining	29-11-2018		Closed
551	Proposed River Bed Sand/Morrum Mining Project from Ken River at Gata No.-5029, 5030 Ka, 5093 Ka, 5094 Ka, & 5097 Ka, Block No.- 15, Village- Durendi, Tehsil- Banda, District- Banda, U.P., Lease Area: 20.00 ha	Mining	29-11-2018	19-01-2019	EC Issued
552	Proposed River Bed Sand/Morrum Mining Project from Ghaghra River for M/s Laxmi Dev, located at Khand No.- 02, (Gata No.-498 Jha), Village- Udhaiya, Tehsil- Ramnagar, District- Barabanki, U.P., Sanctioned Lease Area: 12 ha,	Mining	01-12-2018	31-01-2019	EC Issued
553	Proposed 1 x 12 MW Cogeneration Power Plant of M/s H.L. Agro Product Ltd. At Gata No.- 1088 to 91, Village- Umaran, P.O.- Rani, District- Kanpur Dehat, U.P.	Industry	03-12-2018	13-06-2019	EC Issued
554	Proposed " Sand/Morrum Mining" at Yamuna Bed River, Gata No.-108 to 120, 124 to 133 & 153 & 162, Area - 35.63 Ha (88.00 Acres) Village- Oti, Tehsil- Fatehpur, District- Fatehpur, U.P., M/s Bansidhar Construction Pvt. Ltd., (Leased Area-35.63 Ha)	Mining	04-12-2018	31-01-2019	EC Issued
555	Bhedi Kharka Sand/Morrum Mining Khand No.- 23/21 over an area 24.291 ha near at Village-Bhedi Kharka, Tehsil- Sarila, District- Hamirpur, U.P., (Leased Area-24.291Ha)	Mining	04-12-2018	31-01-2019	EC Issued
556	Proposed Group Housing at Plot No.- GH-03 A, Sector-2, Tehsil- Dari, Greater Noida, District- Gautam Buddh Nagar, U.P.	Building Construction	07-12-2018	02-10-2019	EC Issued
557	Proposed Riverbed Sand/Morrum Project from Yamun River located at Gata No.- 826 Mi/1, at Village- Behmai, Tehsil - Sikandra, District- Kanpur Dehat, U.P., Sanctioned Lease Area-30 Ha, M/s Bundelkhand Industries	Mining	08-12-2018	23-05-2019	EC Issued
558	Rirua Basriya Sand/Morrum Mine on Betwa River at Khand No.- 22/12 (Total Lease area is 12.145 ha) Near Village- Rirua Basriya, Tehsil- Sarila, District- Hamirpur, U.P., M/s R.S.I. Stone World Pvt. Ltd.	Mining	10-12-2018	02-03-2019	EC issued
559	Proposed Dr. RMLIMS State "Administration and Management Academy" Village- Ahmamau & Mastemau, Pargana, Tehsil & Pargana- Mohanlalganj, District- Lucknow	Building Construction	11-12-2018	05-03-2019	EC issued
560	Enhancement of Storage & Filling Capacity of Petroleum Products By construction of Additional Tanks & Tank Lorry Filling Bays with allied facilities at Aonla Depot, IOCL, Aonla, Bareilly, Village Nagariya Satan (MBA)- Khasra No.- 981, 972, 973, 974, 55' Aa, 341 Mi, 348, 351, 368, 54, 341 Mi, 366, 55 Ka, 42, 971, 56, 340, 369, 371, 55 Mi, 4, 5 Mi, 7 Mi, 8 Mi, 17 Mi, 357, 358, 353, 354, 355, 356, 55 Mi, 341, 977, 987 Mi, 9 Mi, 10 Mi, 11 Mi, 55 kha, 39 Mi, 55 Mi, 345, 346, 359, 360, 361, 362 363, 364, 365, 343, 347, 352, 382, 983, 349, 350, 976, 979, 982 Aa, 978, 980, Village Rehtuiya- Khasra No.- 1114, 1115, 1116, 1118, 1119, 1120/1, 1120/2, 1121, 1122, 1123, 1124, 1125, Village Mizapur- Khasra No.- 96 Mi, 95 Mi, 100 Mi, 29 Mi, 93 Mi IOCL, Aonla, Bareilly.	Industry	11-12-2018	05-03-2019	EC Issued
561	Proposed Sand Mining Project at Sharda River Bed, Gata No.- 183 ba, over an area of 13.06 Ha situated in Village- Sarvashivpuri, Tehsil- Lakkhimpur, District- Kheri, U.P, Sanctioned Lease Area: 13.06 ha	Mining	11-12-2018	31-01-2019	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
562	Proposed Sand Mining Project at Sharda River Bed, Gata No.- 183 A, over an area of 13.06 Ha situated in Village- Sarvashivpuri, Tehsil- Lakkhimpur, District- Kheri, U.P, Sanctioned Lease Area: 13.06 ha	Mining	11-12-2018	31-01-2019	EC Issued
563	Proposed "Ordinary Sand Mining" Project at Gata No.- 498 Jha, Khand No.- 01, Village- Udhiya, Tehsil- Ramnagar, District- Barabanki, U.P., M/s Steel Sales (Leased Area: 12.0 Ha)	Mining	12-12-2018		Information SEAC
564	Proposed River Bed Sand/Morrum Mining Project from Yamuna River for M/s Balaji Coal Company, located at Khand No.- 9/8 to 9/10, Village- Umarwal, Tehsil- Chail, District- Kaushambi, U.P., Sanctioned Lease Area: 18 ha,	Mining	12-12-2018		Closed
565	Proposed Moram Mining Project at Yamuna River bed, Khand No. - 302, 301, 296, 297, 286 mi, 271 mi, 287 mi, 270 mi, 269 mi, 259, 58 mi, 255, 254, 253, 291, 252, 251, 292, 290, 289, 288, 287, 294, & 293, at Khand No.- A-10, OF Area-40.48, Ha(100.03 Acres) Village - Adhawal, Tehsil & District - Fatepur, U.P., M/s Bansidhar Construction Pvt. Ltd.	Mining	13-12-2018	22-10-2019	EC Issued
566	Proposed Riverbed Sand/Morrum Project from Ken River located at Gata No.- 5114/1, 5115, 5116, 5117, 5118, 5119, 5120, 5121, 5122, 5123, 5124, 5125, 5126, 5128, 5129, 5130, 5131, 5132, 5134, 5135, 5136, 5152, (Block No.-14), at Village Ladaka Purwa, Tehsil- Banda, District- Banda, U.P., Sanctioned Lease Area- 20 Ha, M/s Euphoria Mines and Minerals	Mining	13-12-2018	23-05-2019	EC Issued
567	Proposed Sand/Morrum (Minor Mineral) Mining Project for Ken River at Gata No.-1141 Part (12.796 ha), 1137, 1136, 1123/2, 1125, 1127, 1131, 1132, Production (7,40,000 cum), M.L. Area-37.0 ha, Village- Bhurendi, Tehsil- Banda, District- Banda, U.P., M/s Katayani Natural Resources Ltd., Sanctioned Lease Area: 37.0 Ha	Mining	13-12-2018	02-03-2019	EC Issued
568	Area- 60.0 Acre/24.291 Ha. for River Sand/Morrum Mining Project at Khand No./ Gata No.- 23/14, Village- Bhedi Kharka, Tehsil- Sarila, District- Hamirpur, U.P.	Mining	14-12-2018	12-12-2019	EC Issued
569	Proposed Morrum Mining at Yamuna River Bed at Khand No.- 9/25 to 9/26, Village- Mohammadabad Kewat Ka Purwa, Tehsil- Chail, District- Kaushambi, U.P.	Mining	14-12-2018		Closed
570	Proposed Sand/Morrum Mining Project for M/s Ghanaram Infra Engineers Pvt. Ltd., located at Gata No./Zone No./Khand No- 01 Ka, Village- Kukargaon, Tehsil- Tehrauli, District- Jhansi, U.P., (Leased Area- 30.361 Ha)	Mining	15-12-2018	31-01-2019	EC Issued
571	Proposed "SAI CITY" (Affordable Housing Project) under "P.M.A.Y." at Khasra No.- 60, Village- Baijpalpatti, Araji No.- 39, 48K, 79, 80, Village- Dasepur & Araji No.- 4, 3K, 3KH, 5K, 5KH, 7K, 7KH, 27K, Village- Annura, Tehsil- Pindra, District- Varanasi, U.P.	Building Construction	15-12-2018	10-09-2019	EC issued
572	Proposed River Sand/Morrum Mining Area - 30.0 Acres (12.146 Ha) Project at Gata No.- 246, Khand No.- B, Village- Khebandha, Tehsil- Robertsganj, District- Sonbhadra, U.P., M/s Shivlinga Enterprises	Mining	17-12-2018	24-01-2019	Closed
573	Proposed '2 x 33 MT Propane /LPG Mounded Bullet' Project at Gajraula, , District- Amroha, U.P.	Industry	17-12-2018	02-03-2019	EC issued
574	Proposed Project of River Bed Sand/Morrum Mining on the riverbed of River Ken at Gata No.- 5, 9, (Area- 25.0 Ha), located at Village- Biharka, Tehsil- Naraini, District- Banda, U.P., Lease Area: 25.0 ha	Mining	17-12-2018	07-03-2019	EC issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
575	Proposed "Integrated Office Cum Residential Complex" by M/s Dedicated Freight Corridor Corporation of India Ltd., Ministry of Railway (A Government of India Enterprises), at Sector- 145, Village- Jhatta, Tehsil- Sadar, Greater Noida, District- Gautam Buddh Nagar, U.P.	Building Construction	18-12-2018	08-02-2019	EC Issued
576	Proposed for Clearance of River Sand/Morrum (Minor Mineral) Mining Project in River Ken Khand Mo. - 02, Gata No.-53 & Part of 337, Production (4,80,000 cum), M.L Area 24.0 ha, near village Kanwara. Tehsil: Banda, District: Banda, Uttar Pradesh	Mining	18-12-2018	02-03-2019	EC issued
577	Affordable Housing Project (PMAY)"SCC BLOSSOM" at Khasra No.- 1179 & 1180, Village- Noor Nagar, District- Ghaziabad, U.P.	Building Construction	18-12-2018	12-06-2019	EC Issued
578	Proposed River Bed Sand / Morrum Mining Project at Ken River, 59.28 Acres (24.0 ha) Project at Block No.- 09, Khand No.-03, Gata No.- 337, Village - Kanwara, Tehsil- Banda, District- Banda, U.P., M/s Prakash Infraventure Pvt. Ltd., Leased Area-24.0 Ha	Mining	18-12-2018	08-02-2019	EC Issued
579	Proposed River Sand/Morrum Mining Area - 30.0 Acres (12.146 Ha) Project at Gata No.- 246, Khand No.- C, Village- Khebandha, Tehsil- Robertsganj, District- Sonbhadra, U.P.,	Mining	20-12-2018	24-01-2019	Closed
580	Proposed River Bed Sand/Morrum Mining over an area 12.145 ha (Total cluster area - 121.454) at Bank of Betwa River at Khand No.- 23-23, at Village-Bhedi Kharka, Tehsil- Sarila, District- Hamirpur, U.P., (Leased Area-12.145Ha)	Mining	22-12-2018	08-02-2019	EC Issued
581	Proposed "Granite (Khand, Gitti, Boulders) Mining" Project at Gata No.-2702, Khand No.- 04, Village- Pahara, Tehsil- Mahoba, District- Mahoba	Mining	22-12-2018		Closed
582	Proposed Construction of Additional Tankage (1 No's MS, Capacity- 7000 KL) at Meerut Terminal within existing plant at IOCL, Meerut, U.P., M/s Indian Oil Corporation Ltd.	Industry	22-12-2018	02-03-2019	EC Issued
583	Lakhnauti Silica Sand Mining Project (Area - 16.75 Ha) at Village- Lakhnauti, Tehsil- Bara, District- Allahabad, U.P.,	Mining	22-12-2018		Closed
584	Janwa Silica Sand Mining Project (Area - 5.49 Ha) at Village- Janwa, Tehsil- Bara, District- Allahabad, U.P.,	Mining	22-12-2018		Closed
585	Proposed Dillipur Sand Mining Project from Ganga River for M/s Sainik Foods Pvt. Ltd., located at Gata No./Khand No.- 550, Village- Dillipur, Tehsil- Ganaur, District- Sambhal, U.P., Lease Area: 49.00 ha (121.08 acre)	Mining	24-12-2018	12-12-2019	EC Issued
586	Proposed River Bed Sand/Morrum Mining Project Area- 36.437 ha (Total cluster area - 72.824 ha) at Bank of Betwa River at Khand No.- 26/5, at Village-Chandwari Ghurauli, Tehsil- Sarila, District- Hamirpur, U.P., (Leased Area- 36.437 ha)	Mining	24-12-2018	08-02-2019	EC Issued
587	Proposed River Sand/Morrum Mining Area - 30.0 Acres (12.146 Ha) Project at Gata No.- 385, Khand No.- B, Village- Barahmori, Tehsil- Robertsganj, District- Sonbhadra, U.P.,	Mining	24-12-2018	06-03-2019	Closed
588	Area- 40.0 Acre (16.194 ha) for River Sand/Morrum Mining at Khand No.-04, Gata No.- 2558, 2563, Village- Bandhauli, Tehsil- Urai, District- Jalaun, U.P., M/s Khajuraho Motors Pvt.Ltd (Leased Area-16.194 Ha)	Mining	25-12-2018	15/10/2020	EC Issued
589	Proposed "Group Housing Project" at Khasra No.- 19, 20, 26, 27, 29, 30, 33, 302, 303, 305, 306, 316, 322, 324 & 325, Village- Purnapur & Kuantanda, Tehsil & District- Bareilly, U.P., M/s Mega Infra Dreams LLP Consortium,	Building Construction	25-12-2018		Closed

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
590	Proposed Group Housing Project "Coco County" at Plot No.- GH-3C, Sector- 10, , Tehsil- Greater Noida, District- Gautam Budha Nagar, U.P.,M/s Mega Infra Dreams LLP Consortium,	Building Construction	26-12-2018	28/04/2019	EC Issued
591	Proposed River Sand/Morrum Mining Area - 30.0 Acres (12.146 Ha)Project at Gata No.- 385, Khand No.- C, Village- Barahmori, Tehsil- Robertsganj, District- Sonbhadra, U.P.,	Mining	26-12-2018	24-01-2019	Closed
592	Proposed Project IT/ITES Park "Infosys- Noida Campus" at Plot No.- A- 01 to A-06, Sector- 85, Noida, U.P.,District- Gautam Budha Nagar, M/s Infosys Ltd.	Building Construction	27-12-2018	07-03-2019	EC Issued
593	Manufacturing of "Rhodamine dye" at Gata No.-622Mi, Village- Mohammadpur Bastaur, Tehsil- Bilari, Distt.- Moradabad, U.P.,M/s Krishan dyechem Industries	Industry	27-12-2018	16-07-2019	EC Issued
594	Proposed Expansion of "Oxygen Boulevard (ITSEZ)" at Plot No. 07, Sector-144, Noida, District- Gautam Budh Nagar, U.P.,M/s Oxygen Business Park Pvt. Ltd.	Building Construction	29-12-2018	26-08-2019	EC Issued
595	Proposed Riverbed Sand/Morrum Mining Project from Ken River of M/s Kaims Infra Developers located at Gata No.- 61/3, Block No.- 28, Village- Khaptiha Kalan, Tehsil- Pailani, District-Banda, Uttar Pradesh. Sanctioned Lease Area-20 Ha	Mining	31-12-2018	08-02-2019	EC Issued
596	Proposed Group Housing Project "Mega Green City & Mega Eco Park" at Khasra No.-19,20, 26, 27, 29, 30, 33, 302, 303, 305, 306, 316, 322, 324 & 325, Village- Purnapur & Kuantanda, Tehsil- Bareilly, District- Bareilly, U.P.,M/s Mega Infra Dreams LLP Consortium,	Building Construction	07-01-2019		Delisted
597	Proposed River Bed Sand/Morrum Mining having lease area 23.00 ha (56.83 acre) along River Ken in Gata No.- 431, (Block No.- 11), at Village-Kanwara, Tehsil- Banda, District- Banda,, U.P., (Leased Area-23.00 Ha)	Mining	07-01-2019		Closed
598	Proposed River Bed Sand/Morrum Mining having lease area 15.0 ha (37.06 Acre) along River Yamuna in Khand No.- 03 (Block No.- 03 as per Lol) at Village- Jauharpur, Tehsil- Banda, District- Banda, U.P., M/s S.K. Enterprises (Leased Area- 15.0 Ha)	Mining	09-01-2019	09-03-2019	EC Issued
599	Rivised Group Housing Project located at Khasra No.- 322 & 324, Village-Noor Nagar, Tehsil- Loni, District- Ghazaibad, U.P., by M/s Diya Angels Realtors Pvt. Ltd.	Building Construction	09-01-2019	10-09-2019	EC Issued
600	Proposed River Bed Sand/Morrum Mining having lease area 36.437 ha (90.03 acre) along River Betwa in Khand No.- 20/5, Village- Tikapur, Tehsil- Maudaha, District- Hamirpur, U.P., M/s Om Prakash Ram Avatar, (Leased Area-36.437 Ha)	Mining	09-01-2019	09-03-2019	EC issued
601	EC for Proposed Thermal Power Plant at Vill-Raja Ka Shaspu, Tehsil-Billari, Distt-Moradabad, U.P., M/s Rana Power Ltd.	Industry	10-01-2019	22-01-2020	EC Issued
602	Proposed River Bed Sand/Morrum Mining having lease area 36.437 ha (90.03 acre) along River Betwa in Khand No.- 24/17(Old Khand No.- 24/16), Village- Chikasi, Tehsil- Sarila, District- Hamirpur, U.P., (Leased Area-36.437 Ha)	Mining	10-01-2019	08-02-2020	EC Issued
603	Proposed Group Housing Project at Plot No.- GH-03D, Sector- 144, Noida, District- Gautam Budha Nagar, U.P.,M/s Gulshan Homz Pvt. Ltd.,	Building Construction	11-01-2019	08-04-2019	EC Issued
604	Proposed Extraction of Sand/Morrum from river bed Yamuna at Zone No./Gata No/ Khand No.-38, 40, 41 and 42,Khand No.-07, Area- 12.0 ha. (29.64 Acres) Village- Daduakhadar, Tehsil- Baberu, Distt.- Banda, U.P.,M/s Sri Falgun Giri Mines, Lease Area: 24.28 Ha	Mining	12-01-2019		Closed

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
605	Proposed Group Housing Project "KW Srishti" at Khasra No.- 1125/1, 1125/2 &1125/3,Village- Noor Nagar, Pargana- Loni, Raj Nagar Extension, District- Ghaziabad,U.P.,M/s Dingle Buildcons Pvt. Ltd.	Building Construction	15-01-2019	08-04-2019	EC Issued
606	Proposed River Bed Sand/Morrum Mining having lease area 24.00 ha (59.30 acre) along River Ken in Gata No.- 337 (Part) and 431 (Part), (Block No.- 10), at Village-Kanwara, Tehsil- Banda, District- Banda,, U.P.,M/s Ma Kali Tyers, (Leased Area-24.00 Ha)	Mining	15-01-2019	27-09-2019	EC Issued
607	Construction of Proposed Mix Use Project Plot No.- TCG/1-A-V-6/TCG/1-A-V7, Gomti Nagar, Phase-I, Vibhuti Khand, Lucknow	Building Construction	15-01-2019	31/12/2020	EC issued
608	Proposed River Bed Sand/Morrum Mining having lease area 15.0 ha (37.06 Acre) along River Yamuna in Khand No.- 04, Village- Jauharpur, Tehsil- Banda, District- Banda, U.P., M/s Radhika Construction, (Leased Area- 15.0 Ha)	Mining	15-01-2019	27-05-2020	EC Issued
609	Proposed River Bed Sand/Morrum Mining having lease area 15.0 ha (37.06 Acre) along River Yamuna in Khand No.- 05(Block No.-5/Sr. No.- 5in revised DSR), Village- Jauharpur, Tehsil- Banda, District- Banda, U.P., M/s V A R Enterprises, (Leased Area- 15.0 Ha)	Mining	16-01-2019	09-03-2019	EC Issued
610	Affordable Housing Project "Jagdishpuram" at Khasra No.- 1207M, Village- Noor Nagar, District- Ghaziabad, U.P.	Building Construction	16-01-2019	08-04-2019	EC Issued
611	Proposed Hotel Cum Commercial Project Plot No.H1, Sector- 63, District-Gautam Budh Nagar, U.P., M/s JLG Properties vt. Ltd.	Building Construction	17-01-2019	06-06-2019	EC Issued
612	Proposed River Bed Sand/Morrum Mining having lease area 17.0 ha (42.00 Acre) along River Ken in Gata No.- 62 and 63/1 (Block No.- 29(as per Lol), Village- Khapatih Kalan, Tehsil- Pailani, District- Banda, U.P., M/s Jai Shakti Realcon Pvt. Ltd., (Leased Area- 17.0 Ha)	Mining	18-01-2019	09-03-2019	EC Issued
613	Proposed Construction of Additional Tankage at Mathura Marketing Terminal at Village- Bhainsa, Tehsil & Distt.- Mathura, U.P., M/s Indian Oil Corporation Ltd.	Industry	18-01-2019		Delisted
614	Proposed Capacity Expansion of Sand Stone (Gitte- Pathhar, Khandas, Boulder) mine at Khasra No.- Plot No.- 1251, Area- 6.07 Ha (15.00 Acres) at Village- Kohdar, Tehsil- Meja, District- Allahabad, U.P.	Mining	21-01-2019		Closed
615	Proposed River Bed Sand/Morrum Mining having lease area 24.92 ha (64.07 Acre) along River Yamuna in Gata No.- 20, 57, 58, 59, 61m, 62, 67m, 68, 69, 70, 71, 72, 73kh, 82m, 83, 84, 314, 86, 87, 88, 306, 310, 311, 312m, 313m, 317m,321m, 322/39 (Gata No.- 85, 273, 320, Area- 0.30 ha for haulage road) at Village- Nanglari Atatmal, Tehsil- Kairana, District- Shamli, U.P., (Leased Area- 24.92 Ha)	Mining	22-01-2019		Closed
616	Proposed Construction of Additional Tankage at Najibabad POL Terminal at Village- Lalluwala Dhanora, Rahoo-Khadi-Gadh, 163Ka, 163 Kha, 164, 166, 167 Ka, 167 Kha, 168, 169 Kha, 170, 171, Tattarpur Lallu: 41, 46, 32 Mi, 47, 31 Mi, 69/3, 43, 44, 45, 34 Mi, 42, 66Mi Distt.- Bijnor, U..P., M/s Indian Oil Corporation Ltd.	Industry	22-01-2019		Delisted
617	Proposed Hotel & Parking for Metro at Plot No.- C-171/2, Sector- 15, Tehsil- Dadri, Noida, District- Gautam Buddha Nagar, U.P.	Building Construction	23-01-2019	10-05-2019	EC Issued
618	Proposed Pradhan Mantri Awas Yojna (Urban) Under Affordable Housing Scheme for EWS Housing Units, at Village- Barkhapur), Tehsil- Raebareli, District- Raebareli, U.P.	Building Construction	24-01-2019	12-06-2019	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
619	Proposed River Bed Sand Mining Project from Ken River for M/s Saicharan Infraheight Pvt. Ltd. located at Gata No.- 356, Khand No.- 02, Village- Khaptiha Kalan, Tehsil- Pailani, District-Banda, U.P., Lease Area: 16.0 ha	Mining	24-01-2019	09-03-2019	EC issued
620	Proposed "Vinayak Central Park" at Sherwani Legacy at Arazi Bhumidhari Nos.- 404, 388, 384, 383, 386, 387, 381, 382, & Parts of Arazi Bhumidhari Nos.-380, 407/1, 367/1 and 405, Village- Harwara, Tehsil- Sadar, Sulaemsarai, District- Allahabad, U.P.	Building Construction	25-01-2019	10-05-2019	EC Issued
621	Proposed Sand Mining Project from Ganga River at Gata No.-293/1, 293/2, 394/6, 298/10, 299/1, 718/1, Village-Kachhla Kham, Teshsil & District- Badaun, U.P., Lease Area: 45.85 Ha	Mining	29-01-2019		Information SEAC
622	Proposed River Bed Sand/Morrum Mining having lease area 24.291 ha (60.02 Acre) along River Betwa in Khand No.- 23/26, Village- Beri, Tehsil- Hamirpur, District- Hamirpur, U.P., M/s J K S Mining Services Pvt. Ltd., (Leased Area- 24.291 Ha)	Mining	29-07-2018	22-10-2018	EC issued
623	Proposed Group Housing under Affordable Housing Scheme Project "ORO Elements" at Khasra No.- 652-P, Village- Madaion, Tehsil- Bakshi Ka Talab, Kursi Road, District- Lucknow, U.P., M/s Oro Constructions Pvt. Ltd.	Building Construction	30-01-2019	28-06-2019	EC Issued
624	Proposed River Bed Sand/Morrum Mining having lease area 36.437 ha (90.03 acre) along River Betwa in Khand No.- 10/22, at Village- Beri, Tehsil- Hamirpur, District- Hamirpur, U.P., (Leased Area-36.437 Ha)	Mining	30-01-2019	14-12-2021	EC Issued
625	Proposed Commercial Project "ATS Kabana High" at Plot No.- C-01, Sector- 04, Greater Noida, District- Gautam Buddha Nagar, U.P., M/s Dar Infra Ventures Pvt. Ltd.	Building Construction	31-01-2019	10-05-2019	EC Issued
626	Khaptiha Kalan Sand/Morrum Mine Deposit On Ken River at Gata No.- 100 (Khand No.- 02) (Total Lease area is 16.00 ha) Near Village- Khaptiha Kalan Tehsil- Pailani, District- Banda, U.P., M/s A D Agro Foods Pvt. Ltd.	Mining	02-02-2019	21/05/2019	EC Issued
627	Proposed IT/ITES "Noida World One" at Plot No.- 01, Sector- 90, Noida, District- Gautam Budha Nagar, U.P., M/s CBS International Projects Pvt. Ltd.	Building Construction	04-02-2019		Delisted
628	Proposed IT/ITES Project Max Digital Infotech Pvt Ltd .at Plot no-2 Sector - 140A, Noida, District- Gautam Budha Nagar, U.P., M/s Max Digi Infotech Pvt. Ltd.	Building Construction	04-02-2019	16-07-2019	EC Issued
629	Proposed River Sand/Morrum/Bajri (Minor Mineral) Mining Project in River Yamuna" Gata No.- 1/1, Production Capacity (9,47,368 cum/annum), M.L. Area- 52.63 ha, Near Village- Dariya Baramad, Tehsil & District- Saharanpur, U.P., M/s Prime Vision Industries Pvt. Ltd., (Leased Area- 52.63 ha)	Mining	04-02-2019	28/06/2019	EC Issued
630	Proposed Dillipur Sand Mining Project from Ganga River for M/s Sainik Foods Pvt. Ltd., located at Gata No./Khand No.- 550, Village- Dillipur, Tehsil- Ganaur, District- Sambhal, U.P., Lease Area: 49.00 ha (121.08 acre)	Mining	04-02-2019	12-12-2019	EC Issued
631	Proposed Construction of 6 Lane Elevated Corridor from Mayur Vihar Flyover (Near Chilla Regulator) to Mahamaya Flyover on Noida, Greater Noida Expressway Along Shahdara Drain, Tehsil- Dadri, Gautam Budha Nagar, U.P.	Building Construction	04-02-2019		Closed
632	Proposed Commercial Complex "Infosys- Noida Campus" at Plot No.- A- 01 to A-06, Sector- 85, Noida, District- Gautam Budha Nagar, U.P., M/s Infosys Ltd.	Building Construction	07-02-2019	07-03-2019	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
633	Proposed Residential Project"ATS Homekraft Pious Hideaways" at Plot No.- SC-02/J & K, Sector- 150, Noida, Tehsil- Gautam Budha Nagar, District- Gautam Budha Nagar, U.P., M/s Fest Homes Developers Pvt. Ltd.	Building Construction	07-02-2019	10-05-2019	EC Issued
634	Proposed Project of Mining of Minor Mineral (Building Stone (Granite), Khandas & Gitti, Boulder Mining (Capacity Expansion)) at Gata No.- 989,Khand No.- 13,Village- Makarbai, Tehsil- Mahoba, District- Mahoba, U.P.,(Leased Area-1.21 ha)	Mining	12-02-2019	02-11-2019	EC Issued
635	Proposed Project of Mining of Minor Mineral "Granite Stone(Khandas & Gitti, Boulder) Stone Mining", located at Gata No.- 989, Khand No.- 05,Village- Makarbai, Tehsil- Mahoba, District- Mahoba, U.P.,(Leased Area-0.80 ha (2.0 acre))	Mining	12-02-2019		Delisted
636	Proposed Project of Mining of Minor Mineral "Granite Stone(Khanda & Gitti, Boulder) Stone Mining, located at Gata No.- 2/4, Khand No.- 07,Area-1.61 ha (4.0 acre),Village- Jujhar, Tehsil- Mahoba, District- Mahoba, U.P.,(Leased Area-1.61 ha (4.0 acre))	Mining	13-02-2019		Delisted
637	Proposed ()Project of Building Stone(Granite),Khandas & Gitti, Boulder Mining Project located at Gata No.- 989, Khand No.- 10, Area -1.61 ha(4.0), Village- Bari, Tehsil- Mahoba, District- Mahoba, U.P.,Leased Area- 1.61 ha (4.0 acre))	Mining	13-02-2019		Information SEAC
638	Proposed Institutional Building on Plot No- 01 & 02, Sector- 159, Noida, District- Gautam Buddh Nagar, U.P., M/s One 97 Communcations Ltd.	Building Construction	14-02-2019		Delisted
639	Proposed Building Stone, Khanda, Gitti & Boulder Mining for M/s Wazid Stone Crusher Udyog located at Gata No.- 291, Khand No.- 01, located Village- Majhol, Tehsil- Charkhari, District- Mohaba,U.P., (Leased Area-0.809 Ha)	Mining	14-02-2019	23-05-2019	EC Issued
640	Proposed Building Stone, Khanda, Gitti & Boulder Mining for Shri Dinesh Chandra Agrawal g located at Gata No.- 288, Khand No.- 01, located at Village- Majhol, Tehsil- Charkhari, District- Mohaba,U.P., (Leased Area-1.214 Ha)	Mining	14-02-2019	23-05-2019	EC Issued
641	Proposed Project of "Building Stone Khandas & Gitti, Boulder Mining" located at Gata No.- 1370,Khand No.- 02,Area-2.024 ha, Village- Kulpahar, Tehsil- Kulpahar, District- Mahoba, U.P.,(Leased Area-2.024 ha)	Mining	16-02-2019	06-06-2019	EC Issued
642	Proposed Project of Building Stone (Khandas & Gitti, Boulder) Mining Project at Khasra No.- 707, Area- 1.619 ha, Village- Nathoopura, Tehsil- Mahoba, District- Mahoba, U.P.,(Leased Area-1.619ha)	Mining	16-02-2019	23/05/2019	EC Issued
643	Expansion of Group Housing Project "Signature Heights" Khasra no. 976,977 & 981 Noor Nagar, Loni, District- Ghaziabad. M/s Annika Promoter Pvt. Ltd.	Building Construction	18-02-2019	12-06-2019	EC Issued
644	Proposed Project of Building Stone, Khandas,Gitti & Boulder Mining Project at Gata No.- 3136, Khanda No.- 01, Area-1.012, Village- Mudhari, Tehsil- Kulpahar, District- Mahoba, U.P.,(Leased Area-1.012 ha)	Mining	20-02-2019	06-06-2019	EC Issued
645	Proposed Project of Building Stone, Khandas,Gitti & Boulder Mining Project at Gata No.- 953, Khanda No.- 01, Area-1.214, Village- Daharra, Tehsil & District- Mahoba, U.P.,(Leased Area-1.214 ha)	Mining	20-02-2019	06-06-2019	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
646	Proposed Project of Capacity Extension of Sugar Plant from 5000 TCD to 7500 TCD with 27 MWH Cogen power plant at UP State Sugar Corporation Ltd. Unit- Pipraich, District- Gorakhpur,U.P.	Industry	25-02-2019	15-11-2019	EC Issued
647	Proposed Project of Capacity Extension of Sugar Plant from 5000 TCD to 7500 TCD with 27 MWH Cogen power plant at UP State Sugar Corporation Ltd. Unit- Village-Munderwa , District- Basti,U.P.	Industry	26-02-2019	26-08-2019	EC Issued
648	Proposed Project of riverbed Korra Kanak Sand/Morrum Mining Project over an area of 40.48 ha (Plot no.381, 378, 383, 382, 384, 385, 386 Mi, 391,(Khand-2)) Near Village: Korra Kanak, Tehsil: Fatehpur, District:Fatehpur, State: Uttar Pradesh.	Mining	26-02-2019		Information SEAC
649	Proposed for Building Stone (Sand Stone) Mining Project for Area: 9.00 Acre/ 4.00 Ha , Sand Stone (Building Stone) mining at Araj No.- 6438 Ga, Village- Naugawan, Tehsil- Lalganj, District- Mirzapur, U.P.	Mining	27-02-2019	06-06-2019	EC Issued
650	Proposed Project of "Sand/Stone (Gitti & Boulder) Mine" Project at Gata No.- 104 Mi, Area-1.01 ha, Village- Gaurahi, Tehsil- robertsganj, District- Sonebhadra, U.P.,(Leased Area-1.01 ha)	Mining	14-02-2019		Delisted
651	Proposed Riverbed Sand/Morrum Mining Project from Ken River at Gata No.- 100, Khand No.- 01(Block No.- 24) Area No- 16.0 Ha located at, Village- Khaptiha Kalan, Tehsil- Pailani, District-Banda, Uttar Pradesh. Sanctioned Lease Area-16.0 Ha	Mining	27-02-2019	15/10/2020	EC Issued
652	Proposed Project of Building Stone, Khandas,Gitti & Boulder Mining Project at Gata No.- 3196, Khand No.- 03, Area-0.809 ha, Village- Jatipur, Tehsil- Kulpahar, District- Mahoba, U.P.,(Leased Area-0.809 ha)	Mining	28-02-2019	21-06-2019	EC Issued
653	Proposed Project of Gitti, Patthar & Boulder Mining Project at Plot No.- 2061, Khand No.- 1 A & B, Area- 6.07 ha, Village- Bhatauti, Tehsil- Meja, District- Allahabad, U.P.,(Leased Area-6.07ha)	Mining	28-02-2019		Closed
654	Proposed Project of Building Stone, (Sand Stone) Mining Project at Gata No.- 307/4, Area-0.80 ha, Moh.- Village Kamapur Kalan, Tehsil- Lalganj, District- Mirzapur, U.P., (Leased Area-0.80 ha)	Mining	28-02-2019	21-06-2019	EC Issued
655	Proposed Group Housing Project named Mega Eco Park at Village- Purnapur & Kuantanda, Bareilly- Bisalpur Road, District- Bareilly, U.P.,M/s Mega Infra Dreams LLP Consortium,	Building Construction	06-03-2019	22-07-2019	EC Issued
656	Sand Stone Mine' project at Gata no. 187Mi, Village Madfa Teshil Chunar, Distt: Mirzapur, UP Leased area 1.5175 ha.	Mining	13-03-2019	21/06/2019	EC Issued
657	Proposed Project of riverbed Sand/Morrum Mining on the riverbed of River Betwa at Khand No. 24/15, Area 36.437 Ha located at Village Chikasi, Tehsil Sarila & District Hamirpur U.P	Mining	14-03-2019	23-05-2019	EC Issued
658	Khanda, Gitty/Boulders (Building stone) project at Gata no./Araji no./Plot no. 1098, Khand-01,at Village Sakarar, Tehsil Mauranipur, District-Jhansi., Lease area 1.618 ha.M/s Radhika Raman yadav thekedar	Mining	14-03-2019	22-10-2019	EC Issued
659	Proposed Riverbed Sand/ Morrum Mining Project from Betwa River of M/s Shrikant Gupta located at Khand No. 24/13 , Village - Chikasi, Tehsil - Sarila, District - Hamirpur, Uttar Pradesh. Sanctioned Lease Area - 36.437 ha.	Mining	16-03-2019	12-12-2019	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
660	Granie (Khanda/Boulders) & Morrum mining project at Khasra/Gata no. 2131/6, Village Rauli Kalyanpur, Tehsil Karwi, Distt: Chitrakoot, U.P. L. area 2.4289 ha.	Mining	18-03-2019		Closed
661	River bed sand mining at Gata no. 979Ja, Vill: Khankuiya Nankar Tehsil Sohratgarh, Distt: Siddharth Nagar Lease area 3.16 ha.	Mining	18-03-2019	22-07-2019	EC Issued
662	Proposed Mining of Sand (Minor Mineral) at Gata No.- 839, 841 to 856, 858, 859, 860, 861, 863, 864, 865, 866, 867, 871, 872, 888, 889, 406, 407, in Village- Dhikka Kalan, Tehsil- Nakur, District- Saharanpur, U.P., M/s Balaji Trading Company, (Leased Area- 52.63 ha)	Mining	19-03-2019	21-06-2019	EC Issued
663	Proposed Riverbed Sand/Morrum Mining Project from Ken River of M/s Nav Arushi Traders Pvt. Ltd. located at Gata No.- Part No.- 356 (Khad No.- 01), Village-Khaptiha, Tehsil- Pailani, District- Banda, U.P., Lease Area: 16.0 ha,	Mining	19-03-2019	23-05-2019	EC Issued
664	Expansion of Group Housing Project located at Plot No.- GH- 05B, Sector- 16, Greater Noida, District- Gautam Budha Nagar, U.P., M/s Rudra Buildwell Constructions Pvt. Ltd.	Building Construction	12-03-2019	17/03/2021	EC Issued
665	Proposed Riverbed Sand/Morrum Mining Project from Betwa River of M/s Unnao Infradevelopers Pvt. Ltd. Located at Khand No. 10/3, Village - Beri, Tehsil - Hamirpur, district - Hamirpur, Uttar Pradesh Sanctioned Lease Area - 36.437 ha, Effective working Area 29.297 ha	Mining	23-03-2019	12-12-2019	EC Issued
666	Proposed Commercial Building at Plot No.- SC-01/A, Sector-150, Noida, U.P., M/s Logix Builders Promoters Pvt. Ltd.	Building Construction	25-03-2019		Delisted
667	Proposed Group Housing Project "Express One" at Plot No.- 14/COM-2, Vasundhara, District- Ghaziabad, U.P., M/s Solid Properties Pvt. Ltd.	Building Construction	25-03-2019	12-06-2019	EC Issued
668	Proposed Riverbed Sand/Morrum Mining Project from Yamuna River of M/s Shri Pramod Kumar Rai located at Gata No.- 30/1, 30/2, Village- Chakbasantpur, Tehsil- Gautam Buddh Nagar, District- Gautam Buddh Nagar Uttar Pradesh. Sanctioned Lease Area-39.138 Ha	Mining	26-03-2019	26-08-2019	EC Issued
669	Proposed Riverbed Sand/Morrum Mining Project at Khand No. - 10/30, Village-Beri, Tehsil-Hamirpur, District-Hamirpur, Uttar Pradesh	Mining	27-03-2019	23-05-2019	EC Issued
670	Proposed Project of Sand Stone (Gitti- Pathhar, Khandas & Boulder) Mine Project at Khasra No./Plot No.- 107, Khand No.- 8 & 9, Area- 2.631 Ha, Village- Surwadlapur, Tehsil- Meja, District- Prayagraj, U.P., (Leased Area-1.01 ha)	Mining	27-03-2019	05-08-2019	EC Issued
671	Proposed for the "Office Building" at Mauza Sehmalpur, Pargana- Athgawan, Tehsil- Pindra, District- Varanasi, U.P. M/s Utkarsh Small finance Bank.	Building Construction	02-03-2019	13-06-2019	EC Issued
672	Proposed IT/ITES Park at Plot No.- 01, for Tech Zone-2, Greater Noida, District- Gautam Budh Nagar, U.P. M/s Qubic Information Systems Pvt.Ltd.	Building Construction	29-03-2019		Delisted
673	Durendi (Area-40.00 ha) Sand/Morrum Mine on Ken River at Khanda No.- 4943, 4942, 4941, 4939 Ga, 4938, 4937, 4922 Ka, 4923 Ka, 4925 ka, 4931, 4959 Ga, 4958, 4957, 4955, 4883, Village- Durendi, Tehsil- Banda, District- Banda, U.P., M/s A D Agro Foods Pvt. Ltd., Lease Area: 40.00 ha ,	Mining	30-03-2019		Closed
674	Proposed Riverbed Sand/Morrum Mining Area- 60.0 Acres (24.291) Project from Betwa River located at Khand No./Gata No.-26/1, Village - Chandwari Ghaurauli, Tehsil- Sarila District- Hamirpur, U.P., U.P., (Leased Area-24.291Ha)	Mining	01-04-2019	26-08-2019	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
675	Proposed Affordable (PMAY) Housing Project "Ozone Classik" at Khasra No.- 823, 826, at Village- Noor Nagar, Khasra No.- 843, 842, 839, 840, 841, 834, 835, 838, at Village- Sadeek Nagar, NH-58, District- Ghaziabad, U.P., M/s Anthem Yash Kirti Infracity Pvt. Ltd.	Building Construction	03-04-2019	13-06-2019	EC Issued
676	Proposed Project of Building Stone, (Khandas & Gitti, Boulder) Mine Project located at Gata No./Plot No.- 22, Khand No.- 01, Area- 1.902 Ha (4.698 Acres), Villlage-Paraichha, Tehsil- Moth, District- Jhansi, U.P., M/s Mahadev Construction Company, Leased Area -1.902 ha	Mining	06-04-2019	22-10-2019	EC Issued
677	Proposed Project of Building Stone, (Khandas & Gitti, Boulder) Mine Project located at Gata No./Araji No./Plot No.- 281, Khand No.- 01, Area- 0.890 Ha (2.25 Acres), Villlage-Marodakhurd, Tehsil- Moth, District- Jhansi, U.P., M/s Harihar Stone Gramodhyog, Leased Area -0.890 ha	Mining	06-04-2019	07-07-2020	EC Issued
678	Proposed Project of Building Stone, (Khandas & Gitti, Boulder) Mine Project located at Gata No./Araji No./Plot No.- 87, Khand No.- 01, Area- 1.214 Ha, Villlage-Dasna, Tehsil- Moth, District- Jhansi, U.P., M/s Khare Traders, Leased Area -1.214ha	Mining	06-04-2019	13-05-2020	EC Issued
679	Proposed Project of Building Stone, (Gitti, Boulder) Mine Project located at Khasra No./Plot No.- 107, Khand No.- 7 & 8, Area- 2.631 Ha(6.50 Acres), Villlage-Surwadlapur, Tehsil- Meja, District- Allahabad (Prayagraj), U.P. of Shri Kamlesh Kumar Singh/89836, Leased Area -2.631ha	Mining	08-04-2019		Closed
680	Proposed Riverbed Sand/Morrum Mining Project from Belan River of Zone No./Gata No./Khand No.-48, Area- 4.00 Ha (9.88 Acres) at Village - Bhagesar to Sipauwa & Bans to Amiliy, Tehsil - Koraon, District - Allahabad (Prayagraj), U.P., M/s Sweta Enterprises/90068, Lease Area - 4.00 ha,	Mining	08-04-2019		Delisted
681	M/s Shri Goverdhan Baba Ent Udyog, Mine Project located at Khasra No.-227, Village- Hamirpur, Tehsil- Atrauli, District- Aligarh, U.P., Lease Area - 2.525 ha	Mining	09-04-2019	16/09/2020	EC Issued
682	M/s Sanjay Kumar Sirbo, Mine Project located at Gata No.- 515, Khand No.-01, Village-Sirbo, District- Jhansi, U.P., Lease Area - 2.023 ha	Mining	10-04-2019		Delisted
683	Padwa River Sand Mine at Araji No.- 01, at Villge- Padwa, Tehsil- Mahaoni, District- Lalitpur, U.P., M/s Ramraja Minerals, Leased Area -2.60 ha	Mining	12-04-2019	17-06-2019	EC Issued
684	Proposed Brick Earth Mining Project at Khasra No.-268, 269ka, 269kha, Village- Paraura, Tehsil- Atrauli, District- Aligarh, U.P., M/s Jeen Mata Brick Works, Leased Area -3.476 ha	Mining	17-04-2019	22-07-2019	EC Issued
685	Proposed "Industrail (IT/ITES) Building" located at Plot No.- A-10, Sector- 68, District- Gautam Buddh Nagar, U.P., M/s Krishna Computech Internatiol Pvt. Ltd.	Building Construction	18-04-2019	22-10-2019	EC Issued
686	Pachauni River Sand Mine at Araji no.-1288, Village-Pachauni, Tehsil & District- Lalitpur, U.P., Leased Area - 1.619 ha	Mining	18-04-2019	28-06-2019	EC Issued
687	Nauwa Cheriya Ordinary Sand Mining Project at Khasra No.- 12 Ra, Village- Nauwa Cheriya, Tehsil- Sadar, District- Gorakhpur, U.P., Leased Area -5.0 ha	Mining	19-04-2019	09-10-2019	EC Issued
688	Ukawali Brick Earth Mining Project at Village- Ukawli, Tehsil- Koil, District- Aligarh, U.P., M/s Shri Radha Bihari Ent Udyog, Leased Area -3.479 ha	Mining	20-04-2019	22-07-2019	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
689	Proposed Residential Township at Khasra no- 30,31,32,33,34,35,36,37ba,37sa,42,43,44,142,149,150,151,152,153,155,293sa,293sa,148,154,62,146 &147, Village- Jatikhara, Pargana- Bijnaur, Tehsil- Sarojni Nagar, District- Lucknow, U.P., M/s Eldeco Housing & Industries Ltd.	Building Construction	22-04-2019	28-06-2019	EC Issued

789	Proposed of "Building Stone (Khanda, Gitti & Boulder)Project at located Gata No.-1939, Area- 1.214 ha, at Village- Pahra, Tehsil & District- Mahoba, U.P., Leased Area -1.214 ha	Mining	16-07-2019	02-08-2020	EC Issued
790	Proposed Expansion (Existing capacity- 35,000 m3/87,500 TPA and proposed capacity-50, 000 m/1,25,00 TPA) of sandstone ((Gitti-Pathhar,Boulder)mine at Khasra No/ Plot No.-628,Area 0.80 ha(2.00 acres) at Village- Janwa, Tehsil- Bara, District- Prayagraj, U.P.of Shri Rajeev Kumar Singh	Mining	18-07-2019		Delisted
791	Proposed of "Building Stone (Khanda, Gitti & Boulder)Mining Project at located Gata No.-314, Khand No.- 02,, Area- 1.0 ha, at Village- Pangara, Thana- Naraini, District- Banda, U.P., Leased Area -1.0 ha	Mining	18-07-2019	09-01-2020	EC Issued
792	Proposed for develoment of a Manufaturing unit of Mobile Phones and its Hardware Components located at Plot No.- 08, Sector- 24,Yamuna Expressway Industrial Develoment Authority, District- Gautam Buddha Nagar, U.P.,M/s Vivo Mobile India Pvt. Ltd.	Building Construction	18-07-2019	22-10-2019	EC Issued
793	Proposed Brick Earth Mining Project located at Gata No.-311, 312/1, 324, 323, Area- 4.80 ha, at Village- Shernagar, Tehsil- Goverdhan, District- Mathura, U.P., M/s Shri Roshan Singh and Sons,(Leased Area: 4.80 Ha)	Mining	20-07-2019	11-03-2020	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
794	Proposed Brick Earth Mining Project located at Gata No.-693, 696, 729 a, 729 ba & 730, Area- 4.871 ha, at Village- Bada Bagar, Tehsil- Chhata, District- Mathura,U.P.,M/s Madhav Ent Udhyog,(Leased Area: 4.871 Ha)	Mining	20-07-2019	11-03-2020	EC Issued
795	Proposed of Ordinary Earth Earth Excavation from Khasra/Gata No.- 485, Area-0.2270 ha, at Village- Supasi, Tehsil- Unnao, District- Unnao, U.P.,(Leased Area: 0.2270 Ha)	Mining	21-07-2019		Delisted
796	Proposed of Ordinary Earth Earth Excavation from Khasra/Gata No.- 1226, 1227, 1228, 1229, 1230, 1231, 1232, Area-0.759 ha, at Village- Kushalpur Vasaina, Tehsil & District- Unnao, U.P.,(Leased Area: 0.759 Ha)	Mining	21-07-2019	04-11-2019	EC Issued
797	Proposed of Simple Soil Mine Excavation from Khasra/Gata No.- 247, 249, 86, 90 & 91, Area-0.687 ha, at Village- Devarakhurd, Tehsil & District- Unnao, U.P.,(Leased Area: 0.687 Ha)	Mining	21-07-2019	04-11-2019	EC Issued
798	Proposed Brick Earth Mining Project located at Gata No.-387, 421, 474, 896, 1241/386, 353 mi, 354 mi, 940, 1291, 1292, Area- 4.4410 ha, at Village- Surir Kalan, & Khawal, Tehsil- Mat, District- Mathura,U.P.,M/s Shanti Ent Udhyog,(Leased Area: 4.4410 Ha)	Mining	22-07-2019	11-03-2020	EC Issued
799	Proposed Brick Earth Mining Project located at Gata No.-83, 3, 42, 143 mi, Area- 4.453 ha, at Village- Sultanpur Bangar,Tehsil- Mat, District- Mathura,U.P.,M/s Shat Sai Ent Udhyog,(Leased Area: 4.4410 Ha)	Mining	22-07-2019	11-03-2020	EC Issued
800	Proposed Brick Earth Mining Project located at Gata No.-400/3, 400/4, Area- 2.879 ha, at Village- Shernagar Bangar,Tehsil- Goverdhan, District- Mathura,U.P., M/s Radha Brick FeildUdhyog,(Leased Area: 2.879 Ha)	Mining	22-07-2019	11-03-2020	EC Issued
801	Proposed of "Pradhan Mantri Awas Yojna, at 332,367,368,371,372,374,375,376,377,379,380,381,386,387,733,734, Sector- N, Vasant Kunj, Village- Bari-Kala, Tehsil- Sadar, District- Lucknow,U.P.	Building Construction	24-07-2019		Information SEIAA
802	Proposed of Group Housing Project on Khasra No.- 68/1, 68/2, 69, 70M, 95M, 96, 97M, 100, at Village- Chhajarsi, Tehsil- Dari District- Gautam Budha Nagar, U.P., M/s Ramprastha Nxt Project Pvt. Ltd.	Building Construction	24-07-2019	19-11-2019	EC Issued
803	Proposed Brick Earth Mining Project located at Gata No.-337, Area- 4.900 ha, at Village- Shernagar Bangar,Tehsil- Chhata, District- Mathura,U.P.M/s Murti Bricks Factory,(Leased Area: 4.900 Ha)	Mining	24-07-2019	11-03-2020	EC Issued
804	Proposed Brick Earth Mining Project located at Gata No.-413/1, 413/2, 414, 415, Area- 4.737 ha, at Village- Shernagar Bangar,Tehsil- Chhata, District- Mathura,U.P., M/s Shiv Bricks Field,(Leased Area: 4.737 Ha)	Mining	25-07-2019	11-03-2020	EC Issued
805	Proposed Brick Earth Mining Project located at Gata No.-322, 750, 808, 810, 1478, 411, 1417, 268, 1420, 86, Area- 4.334 ha, at Village- Kiriya, Tehsil- Mohammdi,District- Kheri, U.P., M/s Khan Bricks Field,(Leased Area: 4.334 Ha)	Mining	25-07-2019	11-03-2020	EC Issued
806	Proposed Brick Earth Mining Project located at Gata No.-263, Area- 2.8820 ha, at Village- Raipur Bangar, Tehsil- Mat, District- Mathura, U.P., M/s Dauji Ent Udhyog,(Leased Area: 2.8820 Ha)	Mining	25-07-2019	11-03-2020	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
807	Proposed Brick Earth Mining Project located at Area- 3.426 ha, at Village-Naushepur, Naujheel Bangar, Tehsil- Mat, District- Mathura, U.P., M/s K.P.S. Ent Udhog,(Leased Area: 3.426Ha)	Mining	25-07-2019	11-03-2020	EC Issued
808	Proposed River Bed Sand Mining at Gata No./ Khand No.- 413 DA/1mi, 412 mi, 412 DA mi, 413 Ka/53, at Village- Bardiya Lohar, Tehsil- Harraiya, District- Bastit, U.P., M/s Anthracite Infra Pvt. Ltd., (Leased Area- 4.34 Ha)	Mining	26-07-2019	20-01-2020	EC Issued
809	Proposed of Group Housing Project "Imperia Housing" at A-5, Sector-25, Jaypee Sports City,SDZ, District- Gautam Budha Nagar, U.P., M/s Imperia Structures Ltd.	Building Construction	26-07-2019	04-11-2019	EC Issued
810	Prop Sand/Morrum Mining Project from Ken River of M/s Katayni Natural Resources Ltd at Khand No.- 195/1, Village- Lahureta, Tehsil- Narani, District- Banda, U.P.,Sanctioned Lease Area: 33.00 ha ,	Mining	26-07-2019	12-11-2019	EC Issued
811	Proposed of "velodrome Guru Govind Singh Aports College" at Kursi Road, Guramba, Lucknow, U.P.	Building Construction	27-07-2019	17/09/2021	Exemption Letter
812	Proposed of Mining Lease for Extraction of Sand for M/s Shyam Enterprires Mining located at Gata No.- 286, Village - Katari Pariyar, Tehsil-Sadar, District- Unnao, U.P., U.P., Sanctioned Lease Area - 26.0566 Ha.	Mining	27-07-2019	19-11-2019	EC Issued
813	Proposed Brick Earth Mining Project Mine, Over an area- 3.8809 ha in Khasra/Gata No.- 340, 30/2, 34, 409/1,404, 202,29,406 Maheshpur Bithra, Naujheel Bangar, Tehsil & District- Pilibhit, U.P., for Production of 4959 m brick earth per year(Leased Area: 3.8809Ha)	Mining	28-07-2019	18-12-2019	EC Issued
814	Proposed Residential and Commercial Project" Khyber Range" at Khasra No.- 393, 394, 395,396, 397, 398, 399, 400, 401, 402, 403, 404, 405, 407, 408, 409, 410,411, 594, Situated at Village- Mehrauli, Khasra No.- 137/1, Mohalla- Shahpur Bamheta, Paragan- Dasna,Tehsil & District- Ghaziabad,U.P., M/s ATS Grand Realtors Pvt. Ltd.	Building Construction	29-07-2019	31-01-2020	EC Issued
815	Proposed Brick Earth Mining Project located at Gata No.-64, 67, 68, 75, Area- 2.3820 ha, at Village- Kaulan Bangar, Tehsil- Mat, District- Mathura, U.P., M/s Shri Radha Krishna Ent Udhog, (Leased Area: 2.3820 Ha)	Mining	29-07-2019	11-03-2020	EC Issued
816	Proposed Capacity Expansion from 2.70 MTPA to 3.25 MTPA (20.3 % increased) Diamond Cement "(Prop. Heidelberg Cement India Limited) through Optimization/ modernization located at Village- Madora, Post- Barataha Kalan, Tehsil- Jhansi, District- Jhansi, U.P.	Cement	29-07-2019	04-11-2019	EC Issued
817	Proposed Morrum Mining Project at Yamuna River Bed at Gata No- 33, 34, 38, 39, 50, 51, 56, 57, Khnad No. S.P.- 1 & 2, Village- Salempur, Tehsil- Khaga, District- Fatehpur, U.P.,M/s Aditya Building Material Supplier and Contractor ,(Leased Area-30.36 Ha)	Mining	29/01/2019	12-05-2019	EC Issued
818	Proposed Brick Earth Mining Project located at Gata No.- 6, 90/2, at Village- Naushepur,Tehsil- Mat, District- Mathura,U.P., M/s R.B.S Ent Udhog,(Leased Area: 3.283 Ha)	Mining	30-07-2019	11-03-2020	EC Issued
819	Proposed for Khanda, Gitti/Boulders(Granite), Pahari Lal Morrum mine in Khasra/Gata No.- 714/2 Village- Gonda, Tehsil- Karvi, District- Chitrakoot, U.P. over an area of 1.2145 ha.	Mining	30-07-2019	16-01-2020	EC Issued
820	Proposed Residential Project "ATS Destinaire" at Plot No.-GH-14 Sector-01 Greater Noida,District- Gautam Buddha Nagar, U.P.M/s Starcity Buildcon Private Limited.	Building Construction	31-07-2019	31-01-2020	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
821	Proposed of "Building Stone (Khanda, Gitti & Boulder) Mine" Project at located Gata No.-332, Khanda No.-05, Area - 0.40 ha , at Village- Badokhar Khurd, Tehsil- Naraini, District- Banda, U.P., Leased Area -0.40 ha	Mining	31-07-2019	19-11-2019	EC Issued
822	Proposed of "Building Stone (Khanda, Gitti & Boulder) Mining" Project at located Gata No.-281, Khanda No.- 05, Area - 1.780 ha , at Village- Madaurakhurd, Tehsil- Moth, District- Jhansi, U.P.,M/s Jai Ram Engineers Contractors, Leased Area -1.780 ha	Mining	31-07-2019	12-12-2019	EC Issued
823	Proposed Housing Project Entitled "Ajnara Fragrance" beiung developed under Pradhan Mantri Awas Yojna located at Khasra No.- 1239, 1249, 1250, 1266, 1267, Village- Noor Nagar, District- Ghazibad, U.P. By M/s Ajanara India Ltd	Building Construction	31-07-2019	20-01-2020	EC Issued
824	Proposed Commercial Project located at Plot No.- (C3-E2), Sector-129, Noida,District- Gautam Buddha Nagar, U.P., M/s Adonis Buildtech Pvt. Ltd.	Building Construction	31-07-2019	20-01-2020	EC Issued
825	Proposed Gitti/Patthar & Weathered Morrum Mine" Project at Gata No.-315, Khand No.-03, Village- Masni, Tehsil- Naraini, District- Banda,U.P.,Leased Area -2.0 ha	Mining	01-08-2019	08-02-2020	EC Issued
826	Proposed Brick Earth Mining Project located at Khasra No.- 162, 161 Aa, 161 Ba, 163 Aa,163 Ba, 155 Aa,155 Ba, 156 Aa, 156 , , Area- 4.509 ha, at Village- Bulakpur,Tehsil- Mat, District- Mathura,U.P.,M/s Shri Ram Ent Udhog,(Leased Area: 4.509 Ha)	Mining	03-08-2019		Delisted
827	Proposed Group Housing Project "Apex The Rio" at Khasra No.- 526/2,Village-Kanawni(V), Ahinsa Khand - II, Ghaziabad, U.P., M/s Rio Heights Pvt. Ltd.	Building Construction	03-08-2019	29/05/2020	EC Issued
828	Proposed for Establishment of new 60 KLPD distillery (Rectified Spirit/Extra Neutral alcohol/Absolute Alcohol) & Power Generation 3.0 MW by M/s Parle Biscuits Pvt. Ltd. (Distillery Division) Village- Kothwal Kalan, Tehsil- Kaisarganj, District- Bahriach, U.P., M/s Parle Biscuits Pvt. Ltd.,	Industry	05-08-2019	22-10-2019	EC Issued
829	Proposed Brick Earth Mining Project located at Khasra No.- 242,288, , Area- 2.2830 ha, at Village- Satlauni Kalan,Tehsil- Iglas, District- Aligarh, U.P., M/s Rakhi Ent Udyog,(Leased Area: 2.2830 Ha)	Mining	06-08-2019	11-03-2020	EC Issued
830	Proposed "Soil Excavation" Project at Gata No.-79, located in Village-Barha, Tehsil- Purwa, District- Unnao, U.P. ,M/s Maa Vindyawashini Builders,(Leased Area: 1.2715 Ha)	Mining	07-08-2019	22-01-2020	EC Issued
831	Proposed of Govt. Medical College located Gata No.- 1448, 1447, 1444, 1443, 1464, 1442, Village- Gauradanda, Pargana- Gopamau, Tehsil & District- Hardoi, U.P	Building Construction	07-08-2019		Delisted
832	Proposed River Bed Sand/Morrum Mining Project having lease area- 15.0 ha (37.06 acre) along River Yamuna in Khand No.- 01, Gata No.- 2211 (part), 2195 (part), 2196, 2197 (part), 2183 (part), 2198, 2199 (part), 2202, 2203, 2204, 2205, 2206, 2207, 2208, 2209, 2010, 2220, 2221 (part), 2223 (part), 2224 (part), 2226 (part), 2227, 2228 (part), 2229, 2149 (part), 2148 (part), 10 (part), 9 , 11 (part), 01 (part), 2150 (part), 08 (part), Village-Jauharpur, , Tehsil- Banda, District- Banda, U.P., M/s Jai Maa Siddhidatri Buildtech, Lease Area: 15.0 ha,	Mining	12-08-2019	27/12/2019	EC Issued
833	Proposed Cement Grinding Unit at Plot No.-1,2,3, Industrial Area,UPSIDC, Bijoli, District- Jhansi, U.P., M/s Fixem Cement Pvt. Ltd.	Cement	12-08-2019	07-01-2020	EC Issued
834	Proposed of "Building Stone(Khanda, Gitti, Boulder) Mining" Project at Khasra No.-452, at Village- Simardha, Tehsil & District- Jhansi, U.P., Leased Area -1.618 ha	Mining	12-08-2019		Delisted

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
835	Proposed River Bed Sand/Morrum Mining Project having lease area- 35.63 ha (88.00 acre) along River Yamuna in Khand No.- 04, Gata No.- 121 to 124, 135 to 153, at Village- Oti, Tehsil- Sadar, District- Fatehpur, U.P., M/s Shreebamdev Global Pvt. Ltd. Lease Area: 35.63 ha	Mining	16-08-2019	05-12-2019	EC Issued
836	Proposed River Bed Sand/Morrum Mining having lease area 15.0 ha (37.06 acre) along River Yamuna in Khand No.- 6, (Gata No.-01 (Part), 02(Part), 03, 2139(Part), 2138, 2137, 2136 (Part) in revised DSR on dated 17.08.2018) at Village-Jauharpur, Tehsil- Banda, District- Banda, U.P., (Leased Area-15.0 Ha)	Mining	17-08-2019		Information SEAC
837	Proposed Group Housing (PMAY) "Migsun Atharva- Phase-II" at Khasra No.-31, Village- Morta, Ghaziabad, U.P., M/s Mahaluxmi Buildtech Ltd.	Building Construction	17-08-2019	12-03-2020	EC Issued
838	Proposed for Soil Mining of Gata No.- 1767 Ka, 1795 Ka, 1752 Kha, 1216 Ka, 1189 Ka, 529, 1019, 577, 1991 Kha, 1637, 1953, 1985, 531, 1184 Kha, 1672, 1671, 1034, 931, 1535 Ka, 1514 Ka, 1369 in Village- Mushtafabad, Tehsil- Sadar, District- Varanasi, U.P., Leased Area -1.206 ha	Mining	22-08-2019		Delisted
839	Proposed River Bed Sand/Morrum Mining Project (Area- 20.34 ha) in River Yamuna at Gata No.- 621 ma, 622 ma, at Village-Mandawar-4, Tehsil- Kairana, District- Shamli, U.P., M/s P.C. Gupta & Company (Leased Area- 20.34 ha)	Mining	10-08-2018	17/03/2021	EC Issued
840	Proposed Project of "Granite(Gitti, Khanda, Boulder) Mining Project" located at Gaa No.- 309, Village- Nahari, Tehsil- Naraini, District-Banda, U.P., M/s S.S.GRANITE, Leased Area -3.25 ha	Mining	23-08-2019	13-05-2020	EC Issued
841	Proposed "Ordinary Excavation Project" at Gata No.- 115, 119, 127, Villae- Dewara Khurd, Tehsil- Unnao, District- Unnao, U.P., Leased Area -0.866 ha	Mining	23-08-2019	20-01-2020	EC Issued
842	Proposed Sand/Morrum Mining Project from Betwa River at Khand No.- 01, Gata No.- 2513, 2629, Village- Kharka, Tehsil- Orai, District-Jalaun, U.P., Leased Area-20.242 Ha	Mining	25-08-2019	02-07-2020	EC Issued
843	Proposed Sand/Morrum Mining Project at Khand No.-R-2, (Gata No.- 20, 42, 43, 45, 48, 21, 41, 40, 46, 47, 29, 30, 39, 38, 37, 28, 31, 32, 33, 36, 27, 34) , Village- Ranipur, Tehsil-Khaga, District- Fatehpur, U.P., M/s Devyash Project & Infra-Structure Pvt. Ltd. , (Leased Area- 32.38 ha)	Mining	18-08-2019	12-09-2019	EC Issued
844	Proposed Sand/Morrum Mining Project at Ken River Bed at Part of Gata no- 1130, khnad No.- 02, located at Village- Achharaund, Tehsil- Banda, District- Banda U.P. , (Leased Area-28.00 Ha)	Mining	22-08-2019	05-12-2019	EC Issued
845	Mandawar - 3 Sand Mining Project at Gata No. 621 ma, 622 ma Village -Mandawar - 3, Tehsil - Kairana, District -Shamli - Uttar Pradesh ,M/s Shiva Buildtech Pvt Ltd., Lease area - 20.34 ha	Mining	23-08-2019	27-05-2020	EC Issued
846	Proposed Brick Earth Mining Project located at Khasra No.- 777, 785, 68, 69, 70, 71, 72, 75, 371 & 379, at Village- Jamunia Rana & Rehjanja, Tehsil- Mitauli, District- Kheri, U.P., M/s Qadri Bricks Feild, (Leased Area:3.766 Ha)	Mining	02-09-2019	18-12-2019	EC Issued
847	Proposed of Sand/Morrum Mine of Gata No.-871 and 581 Ga near Village Pipardih and Koragi, Tehsil Dudhi, District Sonbhadra, U.P., (Leased Area:32.338 Ha)	Mining	03-09-2019	09-01-2020	EC Issued
848	Proposed River Bed Sand Mining Project from Ghaghra River of M/s Nandini Infrastructur Pvt. Ltd., located at Khand No.- 2509 Mi, Village- Tulsipur, Tehsil- Tarabganj, District- Gonda, U.P., Sanctioned Lease Area: 38.44 Ha	Mining	05-09-2019		Under Process

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
849	Proposed Brick Earth Mining Project located at Gata No.- 591, 594, 589, 595, 596, 709, 590, 598, 1419, 601, 600, at Village- Dundu Khera Bangar, Tehsil- Kairana, District- Shamli, U.P., M/s Jai Laxmi Brick Field,	Mining	07-09-2019		Delisted
850	Proposed for "Granite (Khanda, Gitti & Boulder)"& Pahadi Red Morrum Mine at Gata No.- 2131/1, Village- Rauli Kalyanpur, Tehsil- Karwi, District- Chitarkoot, U.P.,M/s Anil Singh Contractor, Leased Area -1.2145 ha	Mining	09-09-2019	01-05-2020	EC Issued
851	Proposed Project for Expansion of M.S Pipe from 90 MT/day to 1500 mt/day of M/s AMBA Skakti Industries Ltd., at Plot No.- 3,4, A-6, 7, 8, A-9/2, Sikandrabad, Industrial Area Bulandshahar, District - Bulandshahar, U.P.	Industry	12-09-2019	03-01-2020	EC Issued
852	Proposed of "Soil Excavative Project" at Gata No.-122, 194,located at Village-Badgahan, Tehsil-Sahjanva, District- Gorakhpur, U.P., Leased Area -1.072 ha	Mining	13-09-2019		Delisted
853	Proposed of "EWS Under Pradhan Mantri Yojna & Multistoried (LIG and MIG) Flats under compositity housing scheme at Gata No.- 2830, 2832, 2832, 2835, 2838, 2840, 2841, 2842, 2843, 2844, Village- Para, District- Lucknow, U.P.	Building Construction	14-09-2019		Delisted
854	Proposed of "Soil Excavative Project" at Gata No.-212/1, 212/2, 214/1, 339, 358/8,located at Village- Lalpur Tikar Mustakil and Gata No.- 419 E, 438, 436, 445 Kha, 449 Ka,located in Village- Betua Urf Chaneu, Tehsil-Sadar,District- Gorakhpur, U.P., Leased Area -2.4632 ha	Mining	14-09-2019		Delisted
855	Proposed of Mining Permit for Simple Soil Excavative(Period- 3.0 month) Project at Gata No.-353, at Village-Lala Khera Majra Paharpur, Tehsil-Purwastrict- Unnao,U.P.Lesed Area -0.5566	Mining	14-09-2019	24-02-2020	EC Issued
856	Proposed of Mining Permit for Simple Soil Excavative(Period- 3.0 month) Project at Gata No.-288, 305, 289, 299, 301, 302, 303, 304, 323, at Village-Supasi, Tehsil & Unnao,U.P.Lesed Area -1.365	Mining	14-09-2019		Delisted
857	Oswal Overseas Ltd.(OOL) Proposed 100 KLPD (60 klpd Molasses and 40 KLPD Grain) Multifeed Distillery at Gata No.- 135, 139, 140, 141, 142, 143, 145, 153, 154, 155, 156, 157, 1, Village- Aurangabad, Tehsil- Nawabganj, District- Bareilly, U.P., M/s Oswal Overseas Ltd.	Industry	14-09-2019	27-05-2021	EC Issued
858	Proposed River Bed Sand/Morrum Mining Project on Ken River in Khand No./ Gata No.- 60, at Village- Sadikhadar, Tehsil- Pailani, District- Banda, U.P., Lease Area: 18.0 ha,	Mining	14-09-2019	31-01-2020	EC Issued
859	Proposed of "Ordinary Soil Excavative Project" at Gata No.-112, 113, 134, at Village-Dewra Khurd, Tehsil- Unnao,District- Unnao, U.P., Leased Area -0.5821 ha	Mining	15-09-2019		Delisted
860	Proposed Brick Earth Mine Project located at Khasra No./Gata No.- 612, 615, 613, 614, 771, 807, 736, 90, 744, 173, 142, 871, 141, 743 in Village- Makhdoomnagar,Tehsil- Atrauli, District- Aligarh, U.P.,(Leased Area: 4.116 Ha)	Mining	16-09-2019	11-03-2020	EC Issued
861	Proposed Brick Earth Mine Project located at Khasra No./Gata No.- 133, 152/2, 144 in Village- Khairai,Tehsil- Chhata, District- Mathura, U.P.,(Leased Area: 3.691 Ha)	Mining	16-09-2019	11-03-2020	EC Issued
862	Proposed of Group Housing Project in name of "Uninav Bliss" Khasra No.- 1085, 1089, 1091 & 1091/1, at Village- Noor Nagar,Raj Nagar Ext.,District- Ghaziabad, U.P., M/s Uninav Developers Pvt. Ltd.	Building Construction	16-09-2019	31-01-2020	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
863	Proposed Brick Earth Mine Project located at Khasra No./Gata No.-173/1, 173/2, 471/1 mi, 471/2 mi, 471/3 mi, 572 mi, 580 mi, 581 mi, 588 mi, 512 mi, 513 mi, 967, 979, 981, 1162, & 80 in Village- Alahdadpur, Datawali & Paraura, Tehsil- Atrauli, District- Aligarh, U.P., (Leased Area: 4.769 Ha)	Mining	16-09-2019	16/09/2020	EC Issued
864	Proposed of "Ordinary Soil Excavative Project" at Gata No.-275, 276, at Village-Hadha, Tehsil- Unnao, District- Unnao, U.P., Leased Area -1.049 ha	Mining	16-09-2019		Delisted
865	Proposed of Project "Haier Industrial Park" located at Plot No.- H6 in DMIC Integrated Township Greater Noida Ltd., Greater Noida, District- Gautam Buddha Nagar, U.P., M/s Haier Appliance (India) Pvt. Ltd	Building Construction	16-09-2019	22-01-2020	EC Issued
866	Proposed River Bed Sand/ Morrum Mining at River Yumana Project at Khand No.- R-3, Gata No- 34 mi, 54, 55, 97, 96, 56, 53, 35, 95, 57, 58, 52, 51, 92, 91, 59, 60, 50, 89, 90, 62, 61, 49, Village- Ranipur, Tehsil- Khaga, District- Fatepur, U.P., Lease Area: 34.41 ha	Mining	16-09-2019	17-12-2019	EC Issued
867	Proposed of "Building Stone (khandas, Boulders, Balast, Gitti & Morrum) Mine" Project at Gata No.- 300, Khand No.- 01, at Village-Kandauhara, Tehsil- Atarra, District- Banda, U.P., Shri Digvijay Singh, Leased Area -0.809 ha	Mining	18-09-2019		Information SEAC
868	Proposed Brick Earth Mining Project located at Khasra No./Gata No.-985, 1054, 1170 Ga, 909, 913, 916, 978 Jh & 1179 in Village- Medua, Tehsil- Ram Sanehighat, District- Barabanki, U.P., (Leased Area: 4.202 Ha)	Mining	19-09-2019	24-02-2020	EC Issued
869	Proposed of " Soil/ Clay Excavative for Brick Kiln Site" at Gata No.-527, 665, 680, at Village-Kurauni, Tehsil- Sarojini Nagar, District- Lucknow, U.P., Leased Area -1.489 ha	Mining	19-09-2019	22-01-2020	EC Issued
870	Proposed of "Ordinary Soil Excavative Project" at Gata No.-147, 148, at Village-Dewra Khurd, Tehsil & District- Unnao, U.P., Leased Area -0.354ha	Mining	20-09-2019	16-01-2020	EC Issued
871	Proposed Brick Earth Mine Project located at Village- Dilupatti, Tehsil- Mat, District- Mathura, U.P., (Leased Area: 3.356 Ha)	Mining	20-09-2019		Delisted
872	Proposed of Revision and Expansion of "Sharda Institutional Area" including 1200 bedded hospital located at Plot No.-32 and 34, Knowledge Park- III, Greater Noida, District- Gautam Budh Nagar, U.P., M/s Sharda Education Trust	Building Construction	21-09-2019	30/06/2020	EC Issued
873	Expansion of "Omaxe Integrated Township" at Village-Sarsawan, Tehsil-Lucknow, Sultanpur Road, District- Lucknow, U.P., M/S Omaxe Pvt. Ltd.,	Building Construction	21-09-2019	22-01-2020	EC Issued
874	Proposed "Cement Grinding Unit" Project at Ararji No.- 469 mi & 470/1, Village- Dhauhan, Pargana- Saktesgarh, Tehsil- Chunar, District- Mirzapur, U.P. M/s Uddyam Cement Pvt. Ltd.	Cement	21-09-2019	24-02-2020	EC Issued
875	Capacity Expansion from 9000 TCD Sgar Mill (Operating at 8500 TCD) along with 40 MW Cogeneration PowerPlant to 15,000 TCD unit along with 60 MW Congeneration PowerPlant at Khasra No.- 3, 247, 347, Village- Rajpuri, Tehsil- Gunnaur, Distt.- Sambhal, M/s M/s Dhampur Sugar Mills Ltd.	Industry	21-09-2019		Information SEAC
876	Proposed of "Building Stone (Khandas, Gitti & Boulder) Mining" Project located at Ararji No.-696, Khand No.- 01, at Village-Karari, Tehsil & District- Jhansi, U.P., Leased Area -2.023 ha	Mining	22-09-2019	13-05-2020	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
877	Proposed Brick Earth Mining Project located at Khasra No.- 972, 1040, 1184 & 1197/1, at Village-Ukhla, Tehsil- Koil, District- Aligarh, U.P., M/s Triveni Ent Udhyog,(Leased Area: 3.5015 Ha)	Mining	22-09-2019		Delisted
878	Proposed Brick Earth Mining Project located at Khasra No.- 286, 419, 285 Aa, 284, 285 Ba, at Village-Datavali, Tehsil- Atrauli, District- Aligarh, U.P.,M/s Tirupati Balaji Ent Udhyog,(Leased Area: 3.412 Ha)	Mining	22-09-2019		Delisted
879	Proposed Brick Earth Mining Project located at Khasra No.-115/139/3, 122, 99/1, 98/1, at Village-Daulatpur,Tehsil- Koil, District- Aligarh, U.P., M/s Shri Ram Ent Udhyog,(Leased Area: 2.443 Ha)	Mining	22-09-2019		Delisted
880	Proposed Brick Earth Mining Project located at Khasra No.-149, 146, 145, 208 mi, 148, 349, 436, 150, at Village-Aramgarhi,Tehsil- Gabhana, District- Aligarh, U.P., M/s RS Brick Field,(Leased Area: 3.024 Ha)	Mining	22-09-2019		Delisted
881	Proposed of Bennett University is a part of the "Times of India Group" and is being setup at Plot No.- 8, 9, 10 and 11 of Sector Techzone- II, Greater Noida, District-Gautam Budh Nagar, U.P.,M/s Bennett Institute of Higher Education	Building Construction	25-09-2019	22/05/2020	EC Issued
882	Proposed Construction of "United" Medical College & Hospital, Dental College, Engineering College and University in Prayagraj, U.P.	Building Construction	26-09-2019	29/05/2020	EC Issued
883	Proposed Office Building at Plot No.- 02, Sector-142, Noida, District-Gautam Budh Nagar, being developed by M/s CTA Softech Pvt. Ltd.	Building Construction	27-09-2019	30/06/2020	EC Issued
884	Proposed Brick Earth Mining Project located at Gata No.-1111, 1100 B, 1114 A, 1116 , at Village- Ailum, Tehsil & District- Shamli, U.P.,M/s Hanuman Brick Field,(Leased Area: 2.336 Ha)	Mining	27-09-2019		Delisted
885	Proposed Brick Earth Mining Project located at Gata No.-629,641 MI, 625 , at Village- Palthedi, Tehsil-Oon, District- Shamli, U.P.,M/s Chaudhary Pritam Singh Brick Field,(Leased Area: 2.734 Ha)	Mining	28-09-2019		Delisted
886	Proposed for Group Housing Project "Panchsheel Wellington-Phase- II" located at Plot No.-06, Crossings Republik, Village- Dundhahera, District- Gaziabad, U.P., M/s Panchsheel Buildtech Pvt. Ltd.	Building Construction	28-09-2019	22/06/2020	EC Issued
887	Proposed of "Building Stone (Gitti- Pathhar,Khandas, Boulder) Mining" Project located at Gata No./Araji No./Plot No.- 310, Khand No.- 01, at Village-Dangriyaroond, Tehsil & District- Jhansi, U.P., Leased Area - 2.023 ha	Mining	30-09-2019		Delisted
888	Proposed of Gitti/Boulder (Dolostone) Mine" Project at Gata No.- 410, at Village-Meetapur, Tehsil-Robertsganj, District-Sonbhadra, U.P., Leased Area -1.45 ha	Mining	03-10-2019	12-11-2020	EC Issued
889	Proposed "Sand/Morrum Mining" Project at Araji No.- 166 (Khand No.-01), Village- Nagawan, Tehsil-duddhi, District- Sonebhadra, U.P.,M/s Aman Associates (Leased Area-8.097 ha)	Mining	06-10-2019	09-01-2020	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
890	Proposed for "Government Medical Collage, at Gata No.- 32 Mi/0.107 Ha, 79 Mi/0.657 Ha, 36 Mi/0.480 Ha, 37 Mi/0.320 Ha, 38 Mi/0.24 Ha, 83 Mi/0.120 Ha, 85 Mi/0.152 Ha, 88 Mi/0.421 Ha, 89 Mi/0.480 ha, 91 Mi/0 ,Village- Mudila, Pargana & Tehsil-Naugarh, District-Siddharthnagar, U.P.	Building Construction	07-10-2019	07-02-2020	EC Issued
891	Proposed for Principal Medical college at khasra no- 1056, 1057, 1059, 1060, 1061, 1062, 1063, 1064, 1065 Village- Pure keshav Rai, Tehsil and District- Pratapgarh, Pratapgarh, Uttar Pradesh-230502	Building Construction	07-10-2019	07-02-2020	EC Issued
892	Proposed River Bed Sand/Morrum Mining having lease area 24.92 ha (64.07 acre) along River Yamuna in Gata No.- 20, 57, 58, 59, 61m, 62, 67m, 68, 69, 70, 71, 72, 73kh, 82m, 83, 84, 314m, 86, 88, 306, 310, 311, 312m, 313m, 317m, 321m, 322/39(Gata No.- 85, 273, 320 area 0.30 ha for haulage road), at Village- Naglarai Atatmal, Tehsil- Kairana, District- Shamli, U.P., M/s Devansh Infra/109104 (Leased Area-24.92 Ha)	Mining	09-10-2019	22-01-2020	EC Issued
893	Proposed 'Granite (Gitti & Boulder) Mine Project at Gata no. 2Ga, Village Jata Juwa, Tehsil Dudhi, Distt: Sonbhadra, U.P. Lease area 1.670 ha.	Mining	11-10-2019	15/10/2020	EC Issued
894	Proposed of Building Stone "SandStone Project" at Araj No.-778, at Village- Hinauti, Tehsil- Sadar, District- Mirzapur, U.P., Leased Area -1.50 ha	Mining	11-10-2019		Delisted
895	Proposed of Ordinary Earth Excavation from Khasra/Gata No.- 1332, at Village- Sudesha Bahadur, Tehsil- Unnao, District- Unnao, U.P., (Leased Area: 0.481 Ha)	Mining	15-10-2019	07-02-2020	EC Issued
896	Proposed Sand/Morrum Mining Project at Khand No.- 02, (Gata No.- Part No.-01, Part No.-07, Part No.-08, Part No.-2147, Part No.-2148, Part No.-2150, Part No.-2200, Part No.-2181, Part No.-2181, Part No.-2182, Part No.-2180, Part No.-2178), Village-Jauharpur, Tehsil-Banda, District- Banda, U.P., M/s Sheetal Enterprises (Leased Area-15.0Ha)	Mining	14-10-2019	08-02-2020	EC Issued
897	Proposed of Mining Permit for Simple Soil Excavative (Period- 3.0 month) Project at Gata No.-448,449, at Village- Paharpur, Tehsil & Unnao, U.P. Leased Area -0.529	Mining	15-10-2019		Delisted
898	Proposed for Establishment of New Tannery Unit Of Capacity 1750 hides per day (Raw Hide to finished Leather) at Gata No-1698, 1726, 1729, 1735, 1736 & 1739, Vill-Banthar, District-Unnao, U.P., M/s Model Exims (India) Pvt Ltd.	Industry	15-10-2019		Information SEIAA
899	Proposed of " Soil/ Clay Excavative for Brick Kiln Site" at Gata No.-241/1, 214/2, 214/3, 215, 216, 218, at Village-Golapanday Urf Saindlipur, Tehsil- Kanth, District- Moradabad, U.P., Leased Area -1.663 ha	Mining	15-10-2019	14-10-2020	EC Issued
900	Proposed of " Soil/ Clay Excavative for Brick Kiln Site" at Gata No.-486, at Village-Azmatpur, Tehsil- Bilai, District- Moradabad, U.P., Leased Area -0.628 ha	Mining	15-10-2019	14-10-2020	EC Issued
901	Proposed of Sand/Morrum Mining Project at Gata No.- Part of 1130 (Khand no. 01) Village Achraud, Tehsil- Banda District: Banda, U.P., M/s Tripathi Contactor, Lease area 28.0 ha.	Mining	16-10-2019	15/01/2021	EC Issued
902	Proposed Residential Colony " R.S. City-II" at Jhansi-Gwalior Highway, Village- Ambabai, District- Jhansi, U.P. M/s Radha Swami Infradevelopers Pvt.TLd.	Building Construction	17-10-2019	15/01/2021	EC Issued
903	Proposed of Ordinary Earth Earth Excavation from Khasra/Gata No.- 163,165, at Village- Barakhempur, Tehsil-Bakshi Ka Talab, District- Lucknow, U.P., (Leased Area: 2.751Ha)	Mining	19-10-2019	18-12-2019	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
904	Proposed Brick Earth Mining Project located at Gata No.-1482, 138, 873, 875, 884, 922, 967 Sa, 854, 915, 972, 977 and 818, at Village- Kurauni, Kishunpur, Kuudiya and Banthara Sikandarpur, Tehsil- Sarojini Nagar, District- Lucknow, U.P., M/s Anil Ent Udyog, (Leased Area: 4.6161 Ha)	Mining	19-10-2019	11-03-2020	EC Issued
905	Proposed Brick Earth Mining Project located at Gata No.-728, 749, 725, 315, 317, 682, 722, 703, 706, 244, 247, at Village- Khandedev, Dadupur, Tehsil- Sarojini Nagar, District- Lucknow, U.P., M/s S.K. Brick Field, (Leased Area: 3.825 Ha)	Mining	19-10-2019	11-03-2020	EC Issued
906	Proposed "Soil Excavation" Project at Gata No.-1204, Village-Parvar Purab, Tehsil- Sarojini Nagar District- Lucknow, U.P., M/s Rail Vikas Nigam Ltd., (Leased Area: 0.11 Ha)	Mining	19-10-2019		Delisted
907	Proposed River Bed Sand/Morrum Mining having lease area 25.29 ha (62.49 acre) along River Ken in Gata No.-176mi, 172ga, 182 and 187 at Village- Amlorkhadar, Tehsil- Pailani, District- Banda, U.P., of Shri Vipul Tyagi, (Leased Area-25.29 Ha)	Mining	18-10-2019	28-01-2020	EC Issued
908	Proposed River Bed Sand/Morrum Mining having lease area 4.213 ha (10.41 acre) along River Yamuna in Gata No.- 1671 & 674, at Village- Issopur Khurgan, Tehsil- Kairana, District- Shamli, U.P., (Leased Area- 4.213 Ha)	Mining	19-10-2019	16-01-2020	EC Issued
909	Proposed "Soil Excavation" Project at Gata No.-194, Village- Sairpur, Tehsil-Bakshi Ka Talab, District- Lucknow, U.P., M/s Usha Construction Area: 0.8810 Ha)	Mining	21-10-2019	28-02-2020	EC Issued
910	Proposed "Soil Excavation" Project at Gata No.-624, Village- Rasoolpur, Tehsil-Bakshi Ka Talab, District- Lucknow, U.P., M/s Usha Construction Area: 0.6570 Ha)	Mining	21-10-2019	28-02-2020	EC Issued
911	Proposed "Soil Excavation" Project at Gata No.-441, Village- Rajauli, Tehsil-Bakshi Ka Talab, District- Lucknow, U.P. (Area: 0.8953 Ha)	Mining	21-10-2019	28-02-2020	EC Issued
912	Proposed Project of Brick Clay Mining at Gata No.- 465, 466, 59 Ga, 96, 307, Village- Alidadpur, Tehsil-- Sadar, District- Farrukhabad, U.P., M/s A.A. Ent Bhatta, (Leased Area-2.536 Ha)	Mining	22-10-2019		Delisted
913	Proposed "Earth Ordinary Excavation" Project at Gata No.-183, Village- Datauli, Tehsil- Purwa, District- Unnao, U.P., Area: 0.261 Ha)	Mining	22-10-2019	20-03-2020	EC Issued
914	Proposed Riverbed Ordinary Sand Mining Project located at Gata no. 443, Vill: Mudi, Tehsil Dhaurhara, Distt: Kheri. U.P. L.area 6.87 ha.	Mining	24-10-2019	16-01-2020	EC Issued
915	Proposed "Soil Excavation" Project at Gata No.-320, 222, Village- Salidapur, Tehsil- B.K.T., District- Lucknow, U.P., (Area: 1.2160 Ha)	Mining	24-10-2019	05-03-2020	EC Issued
916	Construction of 4 Lane Bundelkhand Expressway (expandable to 6 lane), District-Gurgaon, Chitrakoot, Banada, Hamirpur, Mahoba, Jalaun, Auraiya and Etawah	Highway	24-10-2019	23/11/2019	EC Issued
917	Proposed "Ordinary Earth Excavation Project" at Gata No.-2467 Kha, 2490 Ga, 1212, 1213, Village- Thari, Tehsil- Malihabad, District- Lucknow, U.P., Area: 0.975 Ha)	Mining	25-10-2019	28-02-2020	EC Issued
918	Proposed Project of "Granite (Khanda, Gitti & Boulders) Mine" Project at Gata No.- 735, Khanda No.- 02, Village- Daharra, Tehsil- Mahoba, District- Mohaba, U.P., M/s H.S.M Holdingh, (Leased Area-2.024 ha)	Mining	17-10-2019	08-02-2020	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
919	Proposed Project of "Granite (Khanda, Gitti & Boulder) Mine" Project at Gata No.- 339, Khanda No.- 07, Village- Daharra, Tehsil- Mohaba, District- Mahoba, U.P.,(Leased Area-1.619 ha)	Mining	17-10-2019	08-02-2020	EC Issued
920	Proposed river bed Sand/Morrum from river bed Yamuna at Khand No.- 7/17, Village- Rasulpur Byur, Tehsil- Chail, District.- Kaushambi, U.P.,Lease Area: 9.0 Ha	Mining	17-10-2019	08-02-2020	EC Issued
921	Proposed Project of "Granite (Khanda, Gitti & Boulder) Mining" Project at Gata No.- 735, Khanda No.- 03, Village- Daharra, Tehsil- Mahoba, District- Mahoba, U.P.,(Leased Area-1.012 ha)	Mining	18-10-2019	08-02-2020	EC Issued
922	Proposed Project of "Granite (Khanda, Gitti & Boulders) Mine" Project at Gata No.- 2702, Khanda No.- 04, Village- Pahara, Tehsil- Mahoba, District- Mahoba, U.P.,(Leased Area-5.668 ha)	Mining	20-10-2019	08-02-2020	EC Issued
923	Proposed " Ordinary Soil Excavation" Project at Gata No.- 180, 166/2, 165, 167, 168, 169, 171/2, 171/2, 172, 235/2, 176, 390,318, 207, 195, 196, 159, 163, 10/2, 273, 274 Ka, Village- Murtajanagar, Tehsil- Mahoodabad, District-Sitapur,U.P.,(Leased Area-2.502 Ha)	Mining	26-10-2019	04-03-2020	EC Issued
924	Proposed " Soil/Clay Excavation" for Brick Kiln site at Gata No.- 503, 479, 398, 57, Village- Kaparwar Banger & Beldad, Tehsil- Barhaj, District-Deoria, U.P., (Leased Area-3.01 Ha)	Mining	05-11-2019		Delisted
925	Proposed Project of Building Stone,Khandas & Gitti, Boulder Mining Project located at Gata No.- 93, Khand No.- 06, Villlage- Bari, Tehsil- Mahoba, District- Mahoba, U.P., Area -1.012 ha	Mining	05-11-2019	08-02-2020	EC Issued
926	Proposed " Soil/Clay Excavation" for Brick Kiln site at Gata No.- 97Mi, 467, 206, 156, 237, 228, Village- Kurmouli Urf Baksigaon, Garha Urf Kanuga, Agahaw, Rampur Faras, Tehsil- Bhatapar Rani, District-Deoria, U.P., (Leased Area-3.567 Ha)	Mining	05-11-2019		Delisted
927	Proposed " Soil/Clay Excavation" for Brick Kiln site at Gata No.- 118, 1712 Mi, 120, 31, Village- Fatepur, Marwatiya Raja, Tehsil- Rudrapur, District-Deoria, U.P., (Leased Area-2.768 Ha)	Mining	05-11-2019		Delisted
928	Proposed " Soil/Clay Excavation" for Brick Kiln site at Gata No.- 586, Village-Khoraram Tappa Dhatura , Tehsil- Deoria, District-Deoria, U.P., (Leased Area-2.50 Ha)	Mining	05-11-2019		Delisted
929	Proposed " Soil/Clay Excavation" for Brick Kiln site at Gata No.- 41, 235, 339 mi, 163, 443 mi, 325, Village- Chavar & Dubauli , Tehsil- Barhaj, District-Deoria, U.P., (Leased Area-1.902 Ha)	Mining	05-11-2019		Delisted
930	Proposed " Soil/Clay Excavation" for Brick Kiln site at Gata No.- 106, 122, 18, 33, 401, 71, 175, , Village- Dhangara Tappa Balia, Ajna Tappa Balia, Mugraul Tappa Balia, Tehsil- Salempur, District-Deoria, U.P., (Leased Area-3.957 Ha)	Mining	05-11-2019		Delisted
931	Proposed " Soil/Clay Excavation" for Brick Kiln site at Gata No.- 40, 185, 186 Ga, 46, 49 mi, 47, 60, 186, 179, Village-Tekuwa Tappa Raipur, Mugraul Tappa Balia, Tehsil- Barhaj, District-Deoria, U.P., (Leased Area-3.522 Ha)	Mining	05-11-2019		Closed
932	Proposed " Soil/Clay Excavation" for Brick Kiln site at Gata No.- 8, 30, 5, Village-Paari Tappa Haveli, Mugraul Tappa Balia, Tehsil- Bhatpar Rani, District-Deoria, U.P., (Leased Area-2.969 Ha)	Mining	05-11-2019		Closed

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
933	Proposed " Soil/Clay Execavation" for Brick Kiln site at Gata No.- 129, 248, 106, 208, 117 Mi, Village- Dhatura Khash, Mukundpur Tappa Dhatura, Tehsil- Deoria, District-Deoria, U.P., (Leased Area-2.938 Ha)	Mining	05-11-2019		Closed
934	Proposed Project of "Granite (Khanda, Gitti & Boulder) Mine" Project at Gata No.- 715, Khanda No.- 21, Village- Gonda, Tehsil- Karwi, District- Chitrakoot, U.P.,(Leased Area-2.02 ha)	Mining	07-11-2019	12-08-2020	EC Issued
935	Proposed Project of "Granite (Khanda, Gitti & Boulder) Mine" Project at Gata No.- 715, Khanda No.- 09, Village- Gonda, Tehsil- Karwi, District- Chitrakoot, U.P.,(Leased Area-2.02 ha)	Mining	07-11-2019	02-08-2020	EC Issued
936	Proposed "Ordinary Soil Mining Project" at Khasra No.- 390, 392, 360, 171/3, 337/3, 340, 393, Village- Nayabans Narendrgarhi, Tehsil- Koil, District-Aligarh, U.P., (Leased Area-1.9675 Ha)	Mining	09-11-2019		Delisted
937	Proposed "Ordinary Soil Mining Project" at Khasra No.- 420, Village-Hariharpur, Tehsil- Sarojaninagar, District-Lucknow, U.P., (Leased Area-0.3226 Ha)	Mining	09-11-2019		Delisted
938	Proposed Project of "Dolo Stone"(Gitti, Boulder) Mine Project located at Arajai No.- 7536 Ga Mi, Khand No.- 04, Villlage-Billimarkundi, Tehsil- Robertsganj, District- Sonbhadra, U.P, M/s Sai Ram Enterprises, Leased Area -4.0 ha	Mining	12-11-2019	19/11/2020	EC Issued
939	Proposed Project of "Dolo Stone", (Gitti, Boulder) Mine Project located at Arajai No.- 7536 Ga Mi, Khand No.- 02, Villlage-Billimarkundi, Tehsil- Robertsganj, District- Sonbhadra, U.P, Leased Area -4.0 ha	Mining	13-11-2019	19/11/2020	EC Issued
940	Proposed "Dolo Stone"(Gitti, Boulder) Mine Project located at Arajai No.- 5593 ka, Khand No.- 08, Villlage-Billimarkundi, Tehsil- Robertsganj, District- Sonbhadra, U.P, M/s Amit Enterprises, Leased Area -4.230 ha	Mining	13-11-2019	19/11/2020	EC Issued
941	Proposed Brick Earth Mining Project at Khasra No.-262, 256, 267, Village- Roopnagar Bangar, Tehsil- Chhata, District- Mathura, U.P., M/S Girraj Ent Udhyog, Leased Area -4.919 ha	Mining	14-11-2019	11-03-2020	EC Issued
942	Proposed Brick Earth Mining Project at Khasra No.-40, 41, 31, 46, Village- Naushepur, Tehsil- Mat, District- Mathura, U.P., M/s Triveni Ent Udhyog, Leased Area -3.441 ha	Mining	15-11-2019	11-03-2020	EC Issued
943	Proposed Brick Earth Mining Project at Khasra No.-153 AA, 218, 153 Ba, Village- Peerpur, Tehsil- Chhata, District- Mathura, U.P., M/s Shri Ram Ent Udhyog, Leased Area -1.7913 ha	Mining	15-11-2019	11-03-2020	EC Issued
944	Proposed Brick Earth Mining Project at Khasra No.-315, Village-Paigaon, Tehsil- Chhata, District- Mathura, U.P., ,Leased Area -2.3390 ha	Mining	15-11-2019	11-03-2020	EC Issued
945	Proposed Mixed use Development Project " Wave City Centre" at Sector- 32, Noida, District- Gautam Buddh Nagar, U.P., M/s Wave City Center	Building Construction	16-11-2019	12-08-2021	EC Issued
946	Proposed Brick Earth Mining Project at Khasra No.-254/3, 282/4, 124, 125, 351, 245/7, 245/2, 279, 280, 281, 28, Village-Beenapur Kalan, Tehsil- Sahawar, District- Kasganj, U.P., Leased Area -3.097 ha	Mining	16-11-2019		Closed
947	Proposed Brick Earth Mining Project at Khasra No.-184, 180/3, 180/3, 184, Village-Makhudmpur Bangar, Tehsil- Mat, District- Mathura, U.P., M/s Maa Baghwati Ent Udhyog, Leased Area -4.86 ha	Mining	16-11-2019	11-03-2020	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
948	Proposed "Ordinary Soil Excavation Project" at Gata No.- 313 Ka, 314, 316 Ka, 317, 334 Ka, 189, 432 Ka, 40, Village- Angrasi, Tehsil & District- Sitapur, U.P., (Leased Area-0.9805 Ha)	Mining	16-11-2019	04-03-2020	EC Issued
949	Proposed "Ordinary Soil Excavation Project" at Gata No.-90, 353, 478 Ka, 549, 572 Ga, 585, 587, 612, 613, 691, 705, 777, 778 Ga, Village- Khapura, Tehsil & District- Sitapur, U.P., (Leased Area-2.183 Ha)	Mining	16-11-2019	04-03-2020	EC Issued
950	Proposed Brick Earth Mining Project at Khasra No.-533, 536, 608, 532, 531, 542, Village-Utavar Ka Nagla Kosi Kalan, Tehsil- Chhata, District- Mathura, U.P., M/s Kahanha Brick Field , Leased Area 3.528 ha	Mining	16-11-2019	11-03-2020	EC Issued
951	Proposed "Ordinary Soil Excavation Project" at Gata No.- 03, 97, Village- Singhariya, Tehsil & District- Sitapur, U.P., (Leased Area-1.219 Ha)	Mining	16-11-2019	04-03-2020	EC Issued
952	Proposed "Ordinary Soil Excavation Project" at Gata No.- 809, 811, 813, Village- Ramnagar, Tehsil & District- Sitapur, U.P., (Leased Area-0.518 Ha)	Mining	17-11-2019	04-03-2020	EC Issued
953	Proposed for Revision and Modification of Group Housing Project "Migsun Ultimo" at Plot No.- GH-03, Sector- 03, Greater Noida, District- Gautam Buddha Nagar, U.P., M/s Mahaluxmi Infrhome Pvt. Ltd.	Building Construction	15-11-2019		Information SEIAA
954	Proposed for Modification of Group Housing Project "Migsun Roof" at Khasra No.- 4, 5 & 51, Sik Road, District- Ghaziabad, U.P., M/s Mahaluxmi Realtech Pvt. Ltd.	Building Construction	15-11-2019	15/01/2021	EC Issued
955	Proposed " Ordinary Earth (Clay)" mining to be used in Brick Kiln at Gata No.- 107, 108, 71, 127, 86, 126, Village-Sakhauli Khurd, Tehsil- Lambhua, District-Sultanpur, U.P., M/s Surya Brick Field, (Leased Area-1.606 Ha)	Mining	21-11-2019	11-03-2020	EC Issued
956	Proposed " Ordinary Earth (Clay)" mining to be used in Brick Kiln at Gata No.- 2374, 4813, 2338, 4862 Ka, 4960, 5003, 5095 Gha, 5106, Village- Raibigo, Tehsil- Kadipur, District-Sultanpur, U.P., M/s Vijay Brick Field, (Leased Area-2.595 Ha)	Mining	22-11-2019	11-03-2020	EC Issued
957	Proposed "Soil Excavation Project" at Gata No.- 134, Village- Naguvamau Khurd, Tehsil-B.K.T, District- Lucknow, U.P., (Leased Area-0.355 Ha)	Mining	22-11-2019	18-12-2019	EC Issued
958	Proposed "Soil Excavation Project" at Gata No.- 382 Ga, 382 Tha, Village- Kuit Mandir, Tehsil- Akbarpur, District- Kanpur Dehat, U.P., M/s Siddharth Enterprises (Leased Area-0.645 Ha)	Mining	22-11-2019	04-03-2020	EC Issued
959	Proposed "Soil Excavation Project" at Gata No.- 675 mi, Village- Kuit Mandir, Tehsil- Akbarpur, District- Kanpur Dehat, U.P., M/s Siddharth Enterprises (Leased Area-0.9220 Ha)	Mining	22-11-2019	04-03-2020	EC Issued
960	Proposed of "Expansion of IT/ITES office building" located at Plot No.-3A, 3B & 2C, Sector-126, Noida, District- Gautam Budh Nagar, U.P., M/s HCL Technologies Ltd.	Building Construction	22-11-2019		Delisted
961	Proposed for Project "TCS Noida IT Sez Campus" at Plot No.- 01 Sector- 157, Noida, District- Gautam Budha Nagar, U.P., M/s Tata Consultancy Services	Building Construction	22-11-2019		Closed
962	Proposed " Ordinary Earth Mine " at Khasra No./Gata No.- 1165 & 1166, Village- Baunamau, Tehsil- Sadar , District-Unnao, U.P., , (Leased Area-0.4390 Ha)	Mining	23-11-2019	04-03-2020	EC Issued
963	Proposed " Brick Earth Mine " at Khasra No./Gata No.- 275, 279, 19, 21, 22 ka, 06, 23, 24, 25, 148 & 41 mi, Village- Patwariya, Madaarijot & Karekhutawa, Tehsil- Khalilabad, District-Sant Kabir Nagar, U.P., (Leased Area-2.6804 Ha)	Mining	23-11-2019		Closed

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
964	Proposed "Soil Mine" at Gata No.- 489 & 497, Village- Jujharpur, Tehsil-Safipur, District- Unnao, U.P., (Leased Area-2.548 Ha)	Mining	23-11-2019	04-03-2020	EC Issued
965	Proposed " Brick Earth Mine " at Khasra No./Gata No.- 657 Sa, 658 Sa, 593/2, 75, 91 Ka, 68, 148, 129, 133, 15, 110, 54, 70, 36, 33, 259, 252, 327 Kha, 328 & 147 in , Village- Narayanpur, Udaha & Khaira, Tehsil- Ghanghat, District-Sant Kabir Nagar, U.P., (Leased Area-2.13713 Ha)	Mining	23-11-2019		Closed
966	Proposed " Ordinary Earth (Clay)" mining to be used in Brick Kiln at Gata No.- 681, 679, 702, 700, 680, 699, 647, 902, 672, 1018, Village-Jalalpur, Tehsil- Kadipur, District- Sultanpur, U.p., M/s aj Ent Udyog, (Leased Area-2.226 Ha)	Mining	23-11-2019	11-03-2020	EC Issued
967	Proposed " Ordinary Earth (Clay)" mining to be used in Brick Kiln at Gata No.- 110, 111, 238, 239, 253, Village-Bhimalpur, Tehsil- Kadipur, District- Sultanpur, U.p., M/s New Raj Ent Udyog, (Leased Area-1.808 Ha)	Mining	23-11-2019	11-03-2020	EC Issued
968	Proposed " Ordinary Earth (Clay)" mining to be used in Brick Kiln at Gata No.- 935, 947, 973, 1242, 974, 1367, Village-Lakshmanpur, Tehsil- Kadipur, District- Sultanpur, U.P., M/s Mata Ent Bhatta (Leased Area-1.3783 Ha)	Mining	23-11-2019	11-03-2020	EC Issued
969	Proposed " Ordinary Earth (Clay)" mining to be used in Brick Kiln at Gata No.- 319, 351, 499, Village- Alawalpur & Saidpur, Tehsil- Jaisinghpur, District- Sultanpur, U.P., M/s Maharaja Brick Field (Leased Area-3.192 Ha)	Mining	23-11-2019	11-03-2020	EC Issued
970	Proposed "Brick Earth Soil Excavation" Project at Gata No.-337, 334, 217, 103, located at Village- Laduapur, Gata No.- 473 mi, 482 mi, located at Nathu, Tehsil- Derapur, District- Kanpur Dehat, U.P., M/s Siddhi Brick Field, (Area: 3.3361 Ha)	Mining	23-11-2019	11-03-2020	EC Issued
971	Proposed "Soil Execavation Project" at Gata No.- 24, Village- Kgurdahi Khurd, Tehsil- Sikandra, District- Kanpur Dehat, U.P., (Leased Area-0.410 Ha)	Mining	23-11-2019	04-03-2020	EC Issued
972	Proposed "Brick Earth Soil Excavation" Project at Gata No.-1296, 1294, located at Village- Surir Kalan Bangar, Tehsil- Mat, District- Mathura, U.P., M/s J.M. Ent Udyog, (Area: 1.946 Ha)	Mining	23-11-2019	11-03-2020	EC Issued
973	Proposed "Brick Earth (Soil)" Project at Gata No.-1006, 1047, 1132, 1150, 1153, 1157, located at Village- Mahmoodpur & Gata No.- 466, 505, 518i, located at Village- Gurera, Tehsil- Biswan, District- Sitapur, U.P., M/s Samrat Brick Field, (Area: 3.079 Ha)	Mining	24-11-2019		Delisted
974	Proposed "Soil Execavation Project" at Gata No.- 735, 923, Village- Bhaurumau, Tehsil- B.K.T., District- Lucknow, U.P.,M/s Sadbhav Engineers Ltd. (Leased Area-0.410 Ha)	Mining	25-11-2019	18-12-2019	EC Issued
975	Proposed "Soil Execavation Project" at Gata No.-1378, Village- Malaha, Tehsil- Malihabad, District- Lucknow, U.P.,M/s Sadbhav Engineers Ltd. (Leased Area-1.520 Ha)	Mining	25-11-2019	18-12-2019	EC Issued
976	Proposed "Soil Execavation Project" at Gata No.-1377 Sa, Village- Malaha, Tehsil- Malihabad, District- Lucknow, U.P.,M/s Sadbhav Engineers Ltd. (Leased Area-0.7850 Ha)	Mining	25-11-2019	18-12-2019	EC Issued
977	Proposed " Ordinary Earth (Clay)" mining to be used in Brick Kiln at Gata No.- 555, 46, 53, 59, Village- Mujhana Mamor Patti & Ganapur, Tehsil- Kadipur, District- Sultanpur, U.P., M/s aj Ent Udyog, (Leased Area-2.903 Ha)	Mining	25-11-2019	11-03-2020	EC Issued
978	Proposed "Brick Earth Mining Project" at Gata No.-47, 136, located at Village- Surir Kalan Bangar, Tehsil- Mat, District- Mathura, U.P.,M/s S.S. Ent Udyog, (Area: 4.672 Ha)	Mining	25-11-2019		Delisted

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
979	Proposed of Affordabble Housing Project "Gopal Kiran" Under Pradhan Mantri Awas Yojna, located at Khasra No.- 1000 & 1004 ,Village- Khera Dehat, Tehsil- Dholana, District- Hapur,U.P., M/s Eureka Builders (P) Ltd.	Building Construction	25-11-2019		Closed
980	Proposed "Brick Earth Mining Project" at Gata No.-240, 247 Mi, 239, located at Village- Budhauli, Tehsil- Sikandara, District- Kanpur Dehat, U.P., M/s Katiyar Brick Field, (Area: 2.1822 Ha)	Mining	26-11-2019	11-03-2020	EC Issued
981	Proposed of Sand/Morrum Mining Project for M/s Prime Vision Industries Pvt. Ltd. at Khand No.- 11/37 to 11/39, Village- Engna, Tehsil- Manjhanpur, District- Kaushambi, U.P.,Leased Area -16.0 ha	Mining	26-11-2019	08-02-2020	EC Issued
982	Proposed "Soil Execavation Project" at Gata No.- 191, Village- Papnamu, Tehsil- Sadar, District-Lucknow, U.P., M/s PNC Infratech Ltd.(Leased Area-1.35 Ha)	Mining	28-11-2019	18-12-2019	EC Issued
983	Proposed "Brick Earth Mining Project" at Gata No.-59, 10, 181, located at Village- Ujhani,Tehsil- Chhata, District- Mathura, U.P.,M/s Shree Ji Ent Udhog, (Area: 4.099 Ha)	Mining	26-11-2019		Delisted
984	Proposed for our "Antara Noida" is located at Plot No.- SC-01/B1, Sector- 150, Noida, District-Gautam Buddha Nagar, U.P.,M/s Contend Builders Pvt. Ltd.	Building Construction	26-11-2019	14-10-2020	EC Issued
985	Proposed "Brick Earth Mining Project" at Gata No.-51013, 578, 505 Ka, 443, 50, 352, 455 Ka, 685, 1021, 1070, 686, located at Village-Sisi Gohli, Purthyovan, Salhi Nainpur & Dhamiyana,Tehsil-Hasanganj, District- Unnao, U.P., M/s Rama Brick Field , (Area: 3.4485 Ha)	Mining	26-11-2019		Delisted
986	Proposed Project of " Soil/Clay Execavation" for Brick Kiln site at Gata No.-172, 191, 145, Village-Naubasta Kalan, Tehsil- Tulsipur, District-Balrampur, U.P., (Leased Area-1.929 Ha)	Mining	28-11-2019		Delisted
987	Proposed "Brick Earth Mining Project" at Gata No.-177, 178/1, 178/2, located at Village-- Lamtori, Tehsil- Mat, District- Mathura, U.P., M/s Hari Ent Udyog , (Area: 2.3058 Ha)	Mining	26-11-2019		Delisted
988	Proposed "Brick Earth Mining Project" at Gata No.-184, 180 mi, 181 mi, 183, 402 mi , located at Village- Tehra Mant & Suri Vijau, Tehsil- Mat, District- Mathura, U.P., M/s Sai Ent Udyog , (Area: 4.0859 Ha)	Mining	26-11-2019		Delisted
989	Proposed Project of " Soil/Clay Execavation" for Brick Kiln site at Gata No.-9, 526, Village-Bherapakar, Tehsil- Bhatpar Rani, District- Deoria, U.P., M/s Aditya Brick Field (Leased Area-3.050 Ha)	Mining	27-11-2019		Delisted
990	Proposed "Soil Execavation Project" at Gata No.- 163, 561 & 669, Village- Dhatingra, Tehsil- B.K.T, District- Lucknow, U.P., M/s Arihant Constructions (Leased Area-4.099 Ha)	Mining	27-11-2019	18-12-2019	EC Issued
991	Proposed "Brick Earth Mining Project" at Gata No.-208, 149, 130, 633, 638, 639, 200, 431 V, located at Village- Itauria Bhiharpur, Shiv Nagar, Tehsil- Kali Nagar, District- Pilibhit, U.P., M/s Barkati Brick Field, (Area: 2.086Ha)	Mining	27-11-2019		Delisted
992	Proposed of Affordabble Housing Project at Plot No.- L & M, Sector-12 Greater Noida, District- Gautam Buddha Nagar, U.P., M/s Greater Noida Industrial Development Authority	Building Construction	27-11-2019	25/11/2020	EC Issued
993	Proposed of Affordabble Housing Project at Village- Gohodi Bahceda, Sector-Mu II, Greater Noida, District- Gautam Buddha Nagar, U.P., M/s Greater Noida Industrial Development Authority	Building Construction	27-11-2019	15/12/2020	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
994	Proposed "Soil Excavation Project" at Gata No.-394, Village- Sonava, Tehsil- B.K.T, District- Lucknow, U.P., M/s Arihant Constructions (Leased Area-4.360 Ha)	Mining	28-11-2019	18-12-2019	EC Issued
995	Proposed "Soil Excavation Project" at Gata No.-288, Village- Sonava, Tehsil- B.K.T, District- Lucknow, U.P., M/s Arihant Constructions (Leased Area-4.101 Ha)	Mining	28-11-2019	18-12-2019	EC Issued
996	Proposed "Soil Excavation Project" at Gata No.-364, 365 & 367 Village- Parsau, Pargana- Mahona, Tehsil- B.K.T, District- Lucknow, U.P., M/s Arihant Constructions (Leased Area-1.261 Ha)	Mining	28-11-2019	18-12-2019	EC Issued
997	Proposed "Soil Excavation Project" at Gata No.-1730/20 & 1730/23, Village- Shipuri, Tehsil- B.K.T, District- Lucknow, U.P., M/s Arihant Constructions (Leased Area-0.530 Ha)	Mining	28-11-2019	18-12-2019	EC Issued
998	Proposed "Soil Excavation Project" at Gata No.-1117 & 1141 Ka, Village- Paharpur, Tehsil- B.K.T, District- Lucknow, U.P., M/s Arihant Constructions (Leased Area-1.377 Ha)	Mining	28-11-2019	18-12-2019	EC Issued
999	Proposed Ordinary Earth Mine over an area 4.958 ha in Khasra No./Gata No.- 171 Ka & 171 Kha in Village- Banigon, Tehsil- Purwa, District- Unnao, U.P.,Leased Area -4.958 ha	Mining	28-11-2019	04-03-2020	EC Issued
1000	Proposed "Brick Earth Mining Project" at Gata No.-316, 99, 292, 308, 5, 583, 591, located at Village- Chatdang , Devipura, Bhilaiya Gaon Kheda, Chidaiya Deh & Kalyanpur Naugawan Tehsil & District- Pilibhit, U.P., M/s KGN Brick Field, (Area: 2.786 Ha)	Mining	28-11-2019		Delisted
1001	Proposed of Affordable Housing Project at Plot No.- GH-05, Sector-10, Greater Noida, District- Gautam Buddha Nagar, U.P., M/s Greater Noida Industrial Development Authority	Building Construction	28-11-2019	25/11/2020	EC Issued
1002	Proposed "Soil Excavation Project" at Gata No.-12, 16 Aa, 20 Sa Mi & 21 Sa, Village- Hardaurpur, Tehsil- B.K.T, District- Lucknow, U.P., M/s Arihant Constructions (Leased Area-3.648 Ha)	Mining	28-11-2019	18-12-2019	EC Issued
1003	Proposed "Brick Earth Mining Project" at Gata No.-434, 240, 346, located at Village- Itauriaj, Biharipur, Tehsil- Kalinagar, District- Pilibhit, U.P., M/s Deepak Brick Field, (Area: 2.87 Ha)	Mining	28-11-2019		Delisted
1004	Proposed Production "Cement Grinding Unit" Capacity 500 TPD Project at Village- Khatoni No- 88, Gata No.- 562, Village- Phelsanda, Tehsil -Rudauli, District- Faizabad, U.P. M/s Mayflex Cement Industries Pvt. Ltd.	Cement	28-11-2019	20-03-2020	EC Issued
1005	Proposed " Soil/Clay Excavation" for Brick Kiln site at Gata No.- 736 Mi, Village-Madhyannagar, Tehsil- Tulsipur, District- Balrampur, U.P., M/s Maa Pateshwari Brick Field (Leased Area-3.380 Ha)	Mining	28-11-2019	05-03-2020	EC Issued
1006	Proposed of Affordable Housing Project at Plot No.- GH-02, Sector-1 A, Greater Noida, District- Gautam Buddha Nagar, U.P., M/s Greater Noida Industrial Development Authority	Building Construction	28-11-2019	25/11/2020	EC Issued
1007	Proposed of Group Housing Project at Plot No.- GH-03A, Sector- Omicron-1, Greater Noida, District- Gautam Buddha Nagar, U.P., M/s Greater Noida Industrial Development Authority	Building Construction	28-11-2019	25/11/2020	EC Issued
1008	Proposed "Brick Earth Mining Project to be used in Brick Kiln at Gata No.-303, 1673, located at Village- Manat Manti, Pargana- Thanabhawan, Tehsil & District- Shamli, U.P., M/s Vaishno Ent Udyog, (Area: 2.8705 Ha)	Mining	28-11-2019		Delisted
1009	Proposed "Ordinary Earth Mining Project" to be used in Brick Kiln at Gata No.-537, 538 A, 464, located at Village-Khyawadi, Pargana- Thanabhawan , Tehsil & District- Shamli, U.P., M/s Vaishno Ent Udyog, (Area: 3.0910 Ha)	Mining	28-11-2019		Delisted

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1010	Proposed "Ordinary Earth Mining Project" to be used in Brick Kiln at Gata No.-525 mi, 524, 487, 528, 271m, 529, located at Village-Khyawadi, Pargana- Thanabhawan , Tehsil & District- Shamli, U.P., M/s Vishal Ent Udyog, (Area: 3.6025 Ha)	Mining	28-11-2019		Delisted
1011	Proposed Project of Manikapur kham sand mining project for mining of Ordinary Sand from the Bed of River Ganga, lease Area- 23.225 ha, Near Village- Manikapur kham, Tehsil- Sahawar, District- Kasganj, U.P.	Mining	15-11-2019	15-05-2020	EC Issued
1012	Proposed Project of Allipur Barwara Kham sand mining project for mining of Ordinary Sand from the Bed of River Ganga, lease Area- 8.384 ha, Near Village- Allipur Barwara kham, Tehsil- Kasganj, District- Kasganj, U.P.	Mining	15-11-2019	15-05-2020	EC Issued
1013	Proposed Common Hazardous Waste Treatment Storge and disposal Facility (CHW-TSDF) located at Khata Number- 941, 942 and 944, Village- Kharpadi, Tehsil- Hasanpur, District- Amroha, U.P., M/s Sangam Mediserve Pvt. Ltd.	Industry	15-11-2019		Closed
1014	Sadimadanpur Sand Mining Project of M/s Esteem Infrabuild Pvt. Ltd., (Khand No.- Part of 50, 52/1, 53, 54, 55, 56, 57, 58, 59 & 60/1/3 and Area- 28.33 ha) Near Village- Sadimadanpur, Tehsil- Pailani, District- Banda, U.P.	Mining	14-11-2019	27-05-2020	EC Issued
1015	Proposed Project is Intergrated Township at Naini, District-Allahabad, U.P.	Building Construction	29-11-2019	29-05-2020	EC Issued
1016	Proposed for Sri Ji Soil Mining Project (for category B2) at Gata No.- 450, 508, 371, 458, 457, Village- Dahiura, Tiulak, Maholiya Mundi, Tehsil- Sadar, District- Shahjahanpur, U.P, M/s Sri Ji and Group Contractor and Supplier	Mining	02-12-2019	20-03-2020	EC Issued
1017	Proposed for Satya Om Soil Mining Project (for category B2) at Gata No.- 348, 397, 431, 432, Village- Karimkuapur, Tehsil- Sadar, District- Shahjahanpur, U.P, M/s Satya Om Enterprises	Mining	02-12-2019	20-03-2020	EC Issued
1018	Proposed " Ordinary Soil Execavation Project" at Gata No.-4936, Village- Kantha, Tehsil- Purwa, District- Unnao, U.P., (Leased Area-1.329 Ha)	Mining	02-12-2019	27-01-2020	EC Issued
1019	Marauli Khadar Sand/Morrum Mining Project of Sahu Electicals Store (Gata No.- Part of 333/7, Khand No.- 02) & Area- 22.00 ha near Village- Marauli Khandar, Tehsil & District- Banda, U.P., (Leased Area-22.00 Ha)	Mining	02-12-2019	27-05-2020	EC Issued
1020	Proposed for Banke Bihari Brick Earth Mining Project (for category B2) at Gata No.- 168, 171, 165, 187, 170, 169, Village- Kewal Rampur Chilowa, Tehsil- Jalalabad, District- Shahjahanpur, U.P, M/s Banke Bihari Ent Udyog (Leased Area-3.422 Ha)	Mining	03-12-2019		Delisted
1021	Proposed " Soil/Clay Execavation" for Brick Kiln site at Gata No.-2684, 2291, 224, 225, 73 ka, 28, 37, 71 Ga, 38/1, 73 Kha/1, 157, Village-Kandipur Khurd & Sangapur, Tehsil- Kandipur, District-Sultanpur, U.P., M/s Pandey Ent Udyog(Leased Area-2.2440 Ha)	Mining	03-12-2019	11-03-2020	EC Issued
1022	Proposed "Sand/Morrum" Project at Gata No.- Part of 333/7, 418, 421 mi & 426/30 (Khand No.- 03), Village- Marauli Khandar, Tehsil- Banda, District- Banda, U.P., M/s K & S, Leased Area -23.00 ha	Mining	04-12-2019	28-02-2020	EC Issued
1023	Proposed "Sand/Morrum" Project at Gata No.- 332/17, Part of 333/7, 431/333/1, (Khand No.- 06), Village- Marauli Khandar, Tehsil- Banda, District- Banda, U.P., M/s Think Home Infrabuild Pvt. Ltd., Leased Area - 23.00 ha	Mining	04-12-2019	28-02-2020	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1024	Proposed Project of Sand Stone (Building Stone) Mining Project at Araj No.- 1/2, Village- Jahajpur, District- Lalitpur, U.P., (Leased Area-0.91 ha)	Mining	05-12-2019		Delisted
1025	Proposed of Soil Mine Excavation from Khasra/Gata No.-141Gha, 426 Ka, 824 & 576, at Village-Katri Baksar & Sangrampur, Tehsil- Bighapur, District- Unnao, U.P.,(Leased Area: 1.422 Ha)	Mining	06-12-2019		Delisted
1026	Proposed Project of Sand Stone (Building Stone) Mining Project at Araj No.- 01 Mi, Village- Jahajpur, District- Lalitpur, U.P., (Leased Area-2.22 ha)	Mining	06-12-2019		Delisted
1027	Proposed Ordinary Earth (Clay) mining to be used in Brick Kiln at Gata No.- 842 Kha, , Village-Bhimalpur, Tehsil- Kadipur, District- Sultanpur, U.p., M/s Jai Durga Brick Field, (Leased Area-2.247 Ha)	Mining	06-12-2019	11-03-2020	EC Issued
1028	Proposed for the Development of Gorakhpur Link Expressway	Highway	06-12-2019	25-01-2020	EC Issued
1029	Proposed Brick Clay mining of Khasra No.-56, in Village-Badhapur occupied by M/s Bansal Bricks. For Soil Bricks (Brick making by chimney Bhatta), Tehsil- Chandpur, District- Bijnor, U.P., (Leased Area-2.427 Ha)	Mining	07-12-2019	16/03/2020	EC Issued
1030	Proposed Brick Clay mining of Plot No.-02, in Village-Chamrola occupied by M/s Sagar Bricks Works. For Soil Bricks (Brick making by chimney Bhatta), Tehsil- Chandpur, District- Bijnor, U.P., (Leased Area-3.665 Ha)	Mining	07-12-2019	16/03/2020	EC Issued
1031	Proposed River Bed Sand/Morrum Mining Project Area- 39.52 acre (16.0 Ha) on Ken River in Khand No.- 03, Gata No.-Part of 100, at Village- Khapatiha, Tehsil- Pailani, District- Banda, U.P., Lease Area: 16.0 ha,	Mining	10-12-2019		Delisted
1032	Proposed "Ordinary Soil Excavation Project" at Gata No.-1238, 1241, 1243, 1254, 1252, Village- Katesar, Tehsil- Laharpur, District- Sitapur, U.P.(Leased Area-0.593 Ha)	Mining	10-12-2019	04-03-2020	EC Issued
1033	Proposed for Kashish Brick Earth Mining Project (for category B2) at Gata No.- 256, 309, 232, 261, Village- Dhanel, Tilhar, District- Shahjahanpur, U.P, M/s Kashish Brick Field(Leased Area-2.611 Ha)	Mining	12-12-2019		Closed
1034	Proposed of "TCS Noida IT Sez Campus" at Plot No.-01, Sector- 157, Noida, District- Gautam Budha Nagar, U.P., M/s Tata Consultancy Services	Building Construction	18-12-2019	28/02/2020	EC Issued
1035	Proposed Project of "Ekta Kunj Township to be constructed under UPAVP Township Policy 2014 at Gird Locality of District- Gonda, U.P.	Building Construction	14-12-2019	27-05-2021	EC Issued
1036	Proposed Project of "Comman Bio-Medical Treatment Facility (CBWTF) at located at Gata No.- 474, Mauja Mohanpurwa, Jignoda Road, District- Banda, U.P.	Industry	16-12-2019	08-02-2020	EC Issued
1037	Proposed Project of "Inaaya Royal Heights at Plot No.- GH 1/20 & 1/21, Gomti Nagar Extension Scheme, District- Lucknow, U.P.	Building Construction	16-12-2019	15/10/2020	EC Issued
1038	Proposed Project of Zodia -II Group Housing at Plot No.- 2B/GH-8, Vrindavan Yojana, No.-2 Phase-II, District- Lucknow, U.P.	Building Construction	16-12-2019	12-09-2021	EC Issued
1039	Proposed Project of Sand Stone (Imarati Patthar) Mining Project at Gata No./ Khand No.- 311/1, 311/6, 311/13, Village- Madaun, District- Lalitpur, U.P., (Leased Area-0.809 ha)	Mining	16-12-2019		Delisted
1040	Proposed " Ordinary Soil Excavation Project" at Gata No.-3389, Village- Korari Kalan, Tehsil & District- Unnao, U.P., (Leased Area-1.49 Ha)	Mining	18-12-2019		Closed

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1041	Proposed "Brick Earth Mining Project" at Gata No.-6420, 6422, 4171, 6419, 6443, 2014, 1407, 1408, 1409, 1673, 1, located at Village- Baoli, Jansar, Rainapur, Kaithan Khera & Dariyapur, Tehsil- Hasanganj, District- Unnao, U.P., M/s Vipin Brick Field, (Area: 2.386 Ha)	Mining	19-12-2019	11-03-2020	EC Issued
1042	Proposed River Bed Sand/Morrum Mining having lease area 12.15 ha (30.00 acre) along River Yamuna in Khand No.- 02, at Village- Daulatpur Kachhar, Tehsil- Bhognipur, District- Kanpur Dehat, U.P., M/s Anthracite Infra Pvt. Ltd., (Leased Area-12.15 Ha)	Mining	19-12-2019	28-02-2020	EC Issued
1043	Proposed River Bed Sand/Morrum Mining having lease area 25.0 ha (61.77 acre) along River Yamuna in Gata No.- 826mi/2, at Village- Behmai, Tehsil- Sikandara, District- Kanpur Dehat, U.P., M/s Laxmi Khad Bhandar, (Leased Area-25.0 Ha)	Mining	19-12-2019	28-02-2020	EC Issued
1044	Proposed "Brick Earth Mining Project" at Gata No.-198, 194, 749, 754, 271, 635 A, 635 B, 637, 1310, 603, 753, 684, located at Village- Dhanmau, Chharehati, Pura Chand, Dipwal, Tehsil- Hasanganj, District- Unnao, U.P., M/s Rama Ent Udyog, (Area: 4.582 Ha)	Mining	19-12-2019		Closed
1045	Proposed "Brick Earth Mining Project" at Gata No.-34, 120, 435, 19, 21 A, 21 B, located at Village- Dhanmau, Poora Chand, Dipwal, Tehsil- Hasanganj, District- Unnao, U.P., M/s Ankit Brick Field, (Area: 2.889 Ha)	Mining	19-12-2019		Closed
1046	Proposed of "Sandy Soil Excavation Project" from Khasra/Gata No.-163 Mi, at Village- Nagawa Bangar, Tehsil- Bhognipur, District- Kanpur Dehat, U.P., (Leased Area: 0.7170 Ha)	Mining	19-12-2019	04-03-2020	EC Issued
1047	Proposed "Sand/Morrum" Project at Gata No.- Part of 72/47 & 74/1, (Khand No.- 02), Village- Pathri, Tehsil- Banda, District- Banda, U.P., (Leased Area -19.0 ha)	Mining	04-12-2019	28-02-2020	EC Issued
1048	Proposed " Ordinary Earth (Clay) mining to be used in Brick Kiln site at Gata No.- 824, 63, 119, 429, 407, 271, Village-Alamau & Vidhaura , Tehsil- Baldirai, District-Sultanpur, U.P., M/s Aman Brick Field , (Leased Area-1.980 Ha)	Mining	18-12-2019	11-03-2020	EC Issued
1049	Proposed Project of Sand Stone , (Building Stone) Mining Project at Arajai No.- 1/2, 5/12, Village- Jakhlaum , District- Lalitpur, U.P., U.P., (Leased Area-1.21 ha)	Mining	19-12-2019		Delisted
1050	Proposed Soil Mining of Khasra No.- 206, Village- Sarosi, Tehsil & District- Unnao, U.P., (Leased Area-1.405 ha)	Mining	23-12-2019		Delisted
1051	Proposed Sand/ Morrum Mining Project at Khand No.- 10/1, Village- Beri, Tehsil- Hamirpur, District- Hamirpur, U.P., M/s Uma Builders, (Leased Area-36.437 ha)	Mining	24-12-2019	22/03/2020	EC Issued
1052	Proposed "Soil Excavation Project" at Gata No.-1217, Village- Gauriya Kala, Teshil- Mohanlalganj, District- Lucknow, U.P. (Leased Area-0.25067 Ha)	Mining	24-12-2019		Delisted
1053	Proposed "Soil Excavation Project" at Gata No.-873, 1029, 1197, Village- Dharurahara, Teshil- Mohanlalganj, District- Lucknow, U.P. (Leased Area-0.7160 Ha)	Mining	24-12-2019	04-03-2020	EC Issued
1054	Proposed Riverbed Sand Mining Project from Ganga River located at Gata No.-13 Mi, over an area of 5.3660 ha situated in Village - Manpur Ahatmali, Tehsil- Beeghpur, District- Unnao, U.P., Sanctioned Lease Area - 5.3660 Ha.	Mining	22-12-2019	03-05-2020	EC Issued
1055	Proposed "Soil Excavation Project" at Gata No.-1409 mi, 406, Village- Nimtikar, Teshil- Maharajganj, District- Reabareli, U.P. (Leased Area-0.662 Ha)	Mining	25-12-2019	04-03-2020	EC Issued
1056	Proposed for the Brick Earth Mining Project located at Village- Gangeru, Tehsil- Kairana, District- Shamli, U.P., M/s Mahadev Brick Field (Leased Area-2.925 Ha)	Mining	25-12-2019	11-03-2020	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1057	Proposed for the Brick Earth Mining Project located at Village-Bhaju, Teshil & District- Shamli, U.P., M/s Jai Sai Bricks (Leased Area-3.683 Ha)	Mining	25-12-2019	11-03-2020	EC Issued
1058	Proposed Project of Building Stone (Gitti, Boulder) Mine Project at Khasra No./Plot No.- 107, Khand No.- 7 & 8, Village- Surwadlapur, Tehsil-Meja, District- Allahabad, U.P., (Leased Area-2.631 ha)	Mining	26-12-2019	15/10/2020	EC Issued
1059	Proposed Commercial Complex at Plot No.- TC-A-1, Vibhuti Khand, Gomti Nagar, District- Lucknow, U.P., Purvanchal Projects Pvt. Ltd.	Building Construction	27-12-2019	29/05/2020	EC Issued
1060	Proposed " Ordinary Earth mining Project at Khasra/Gata No.- 1043, 1048, 1049, 1050, 1044 & 1763, Village- Aanta, Tehsil & District- Unnao, U.P. , (Leased Area-1.1844 Ha)	Mining	29-12-2019		Delisted
1061	Proposed " Ordinary Earth mining Project at Khasra/Gata No.- 127, 136, 137, 138 & 139, Village- Bardarkha, Tehsil-Sadar, District- Unnao, U.P. , (Leased Area-1.007 Ha)	Mining	29-12-2019	04-03-2020	EC Issued
1062	Proposed "Soil Excavation Project" at Gata No.-369, Village- Saraura, Tehsil- Bakshi Ka Talab, District- Lucknow, U.P.(Leased Area-0.623 Ha)	Mining	30-12-2019	20-03-2020	EC Issued
1063	Proposed "Soil Excavation Project" at Gata No.-336, Village- Saraura, Tehsil- Bakshi Ka Talab, District- Lucknow, U.P.(Leased Area-0.5780 Ha)	Mining	30-12-2019	04-03-2020	EC Issued
1064	Proposed for the Brick Earth Mining Project of M/s R.B.F Bhatta located at Village- Jijola, Tehsil- Unn, District- Shamli, U.P.,(Leased Area-4.708 Ha)	Mining	29-12-2019	11-03-2020	EC Issued
1065	Proposed for the Brick Earth Mining Project of M/s Shree Balaji Bhatta Udyog located at Village- Kudana, Tehsil- Shamli, District- Shamli, U.P.,(Leased Area-2.9085Ha)	Mining	30-12-2019	11-03-2020	EC Issued
1066	Proposed "Soil Excavation Project" at Gata No.-826 Sa, Village- Barauna, Tehsil- Sarojni Nagar, District- Lucknow, U.P.(Leased Area-3.228 Ha)	Mining	31-12-2019	25-01-2020	EC Issued
1067	Proposed of "Building Stone (Khanda, Gitti & Boulder) Mining" Project at located Gata No.-281, Khanda No.- 09, at Village- Madaurakhurd, Tehsil- Moth, District- Jhansi, U.P.,M/s Jai Ram Engineers Contractors, Leased Area -1.780 ha	Mining	01-01-2020		Delisted
1068	Proposed "Ordinary Soil Excavation Project" at Gata No.-350, 351, 1183 Ka, 1307, 1572, 1537, 633, 659, 630, 631, 520 Kha, Village- Malaha, Tehsil- Malihabad, District- Lucknow, U.P.(Leased Area-2.559 Ha)	Mining	02-01-2020	11-03-2020	EC Issued
1069	Proposed Expansion & Modification of existing distillery from 80 KLD to 100 KLD ALONG WITH 5.0 mw Co-gen Power within permise (under para 7 (ii) of EIA Notification) at Shamli of M/s Shamli Distillery & Chemical Works ,(A unit of Sir Shadi Lal Enterprises Ltd.)Tehsil & District- Shamli, U.P.	Industry	02-01-2020	10-05-2020	EC Issued
1070	Proposed Project of Building Stone, Khanda,Gitti& Boulder Mining Project at Gata No.- 735, Khanda No.- 04,Village- Daharra, Tehsil- Mahoba, District- Mahoba, U.P.,(Leased Area-1.012 ha)	Mining	03-01-2020	05-03-2020	EC Issued
1071	Proposed "Soil Excavation Project" at Gata No.-53, Village- Nizampur , Tehsil- Mohanlalganj, District- Lucknow, U.P.(Leased Area-1.066 Ha)	Mining	03-01-2020	11-03-2020	EC Issued
1072	Proposed "Soil Excavation Project" at Gata No.-229, 230, 342, 14, 21, 43, Village- Vandha & Bandhichak, Tehsil- Tilhar, District- Shahjanpur, U.P.(Leased Area-4.241Ha)	Mining	03-01-2020		Delisted

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1073	Proposed "Soil Excavation Project" at Gata No.-1819, 1820, 1822, Village- Gauriya Kala, Tehsil- Mohanlalganj, District- Lucknow, U.P. (Leased Area-2.238 Ha)	Mining	04-01-2020	11-03-2020	EC Issued
1074	Proposed "Soil Excavation Project" at Gata No.-1205Kh, located in Village- Jehta, Tehsil- Lucknow, District- Lucknow, U.P. (Leased Area-0.7590 Ha)	Mining	04-01-2020	04-03-2020	EC Issued
1075	Proposed "Soil Excavation Project" at Gata No.-496, 527, 902 Mi, 1100, 1101, 865, 1114, located in Village- Purauri, Tehsil- Kaimganj, District- Farrukhabad, U.P. (Leased Area-1.4126 Ha)	Mining	05-01-2020	11-03-2020	EC Issued
1076	Proposed Project of Ordinary Soil Mining Project" at Khasra No.- 218/4, 449, 450, & 648, Village-Satha, Tehsil- Kol, District-Aligarh, U.P., M/s Toshiba JSW Power System (Leased Area-4.966 Ha)	Mining	06-01-2020		Delisted
1077	Proposed of Kharai Sand Mining Project of M/s R.S.I. Stone World Pvt. Ltd. ,Khand No.-2/1, 2/2 & 2/4, Near Village- Kharai, Tehsil- Pailani, District- Banda, U.P., (Leased Area-5.80 Ha)	Mining	06-01-2020	05-03-2020	EC Issued
1078	Ordinary Earth mining Project of 6 months proposed by Shri Anirudh Yadav located at Gata No.-351, Village- Semradadi, Tehsil- Sadar, District- Gorakhpur, U.P., (Leased Area-0.623 Ha)	Mining	07-01-2020	20-03-2020	EC Issued
1079	Proposed for Building Stone (Sand Stone) mine at Gata No./Araji No.-141, at Village- Chiraiya, Tehsil- Chunar, District- Mirzapur, U.P., M/s P.B. Infratech Pvt. Ltd., Leased Area -3.434 ha	Mining	09-01-2020	13-05-2020	EC Issued
1080	Proposed of " Building Stone(Sand stone) Mine" Project at Gata No./Araji No.-141, at Village- Chiraiyai, Tehsil-Chunar, District Mirzapur, U.P. M/s P.B. Infratech Pvt. Ltd., Lease area-0.890 ha.	Mining	09-01-2020	13-05-2020	EC Issued
1081	Proposed Expansion of Existing Molasses Based Distillery unit from 60 KLD to 100 KLD & co-generation of power from 2.2 MW TO 4 MW by at Village- Khamaria Pandit, Air Estate, District- Lakhimpur Kheri, U.P., M/s Govind Sugar Mills (GSML) Distillery Unit	Industry	09-01-2020	16-07-2020	EC Issued
1082	Proposed Captive Cogeneration Power Plant of capacity:36 MW(18 MW x2) Within existing permise of Star Paper Mills Ltd., District- Saharanpur, U.P., M/s Star Paper Mills Ltd.	Industry	20-12-2019	29/05/2020	EC Issued
1083	Proposed "Soil Excavation Project" at Gata No.-399, Village- Kasimpur Viruha, Tehsil- Mohanlalganj, District- Lucknow, U.P. (Leased Area-1.0500 Ha)	Mining	10-01-2020		Delisted
1084	Proposed "Brick Earth Mining Project" at Khasra No.-566, 628, 627, 633, 614, 659, located at Village- Sultanpatti, Tehsil- Mat, District- Mathura, U.P., M/s Jay Durga Ent Udyog , (Area: 4.8045 Ha)	Mining	11-01-2020	16/03/2020	EC Issued
1085	Proposed "Ordinary Earth Mine Project" at Khasra/Gata No.-913 & 520, located at Village-Umran & Bilwaha, Tehsil- Akbarpur, District- Kanpur Dehat, U.P., M/s Baba Shiv Enterprises, (Area: 1.1615 Ha)	Mining	11-01-2020	05-03-2020	EC Issued
1086	Proposed Ordinary Earth Mining to be used in brick Kiln at Gata No.-48, 260, 2155, 100mi0, located at Village-Gopalpur Madhiya, Tehsil- Lambhua, District- Sultanpur, U.P., M/s Paramhansh Int Bhathha, (Area: 3.29 Ha)	Mining	11-01-2020	16/03/2020	EC Issued
1087	Proposed " Soil/Clay Excavation" for Brick Kiln site at Gata No.- 53, 140, 256, 230, 36, 64, 152, 155, 369, Village- Mahurao Tappa Ghati, Khoriwari Tappa Ghati, Tehsil- Salempur, District- Deoria, U.P., M/s Yadav Brick Field., (Leased Area-2.984 Ha)	Mining	11-01-2020		Delisted

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1088	Proposed "Soil Excavation Project" at Gata No.-293, 300, Village- Parapur, Tehsil- Sadar, District- Varansai, U.P./M/s Gammon Engineers & Contractors Pvt. Ltd.(Leased Area-3.123Ha)	Mining	14-01-2020	05-03-2020	EC Issued
1089	Proposed " Soil/Clay Excavation" for Brick Kiln site at Gata No.-119, 121, 52, 730, 1835, Village- Pratap Chapar, Sohanpur, Tehsil- Bhatpar Rani, District- Deoria, U.P., M/s Chandu Ent Udyog., (Leased Area-3.065 Ha)	Mining	11-01-2020		Delisted
1090	Proposed Group Housing Project at Plot No.- GH-2 & 3, Scheme No.- 03, Ambedkarpuram, District- Kanpur, U.P.,M/s Geetika Builders and Developres Pvt.Ltd.	Building Construction	11-01-2020		Closed
1091	Proposed "Brick Earth Mining Project" at Khasra No.-38mi, 62, located at Village- Surir Vijaru Bangar, Tehsil- Mant, District- Mathura, U.P., M/s Rawat Ent Udyog , (Area: 4.752 Ha)	Mining	11-01-2020	16/03/2020	EC Issued
1092	Proposed of "Building Stone (Khanda, Gitti & Boulder) Mine" Project at Gata No.-93, Khand No.- 34, at Village- Bari, Tehsil & District- Mahoba, U.P., Shri Pranjal Agrawal, Leased Area -1.012 ha	Mining	11-01-2020	16/03/2020	EC Issued
1093	Proposed Project of Building Stone, Gitti & Boulder Mining Project at Gata No.- 735, Khanda No.- 01, Village- Daharra, Tehsil- Mahoba, District- Mahoba, U.P.,M/s H.S.M. Holdings(Leased Area-0.959 ha)	Mining	01-03-2020	03-06-2020	EC Issued
1094	Proposed " Ordinary Earth (Clay)" mining to be used in Brick Kiln at Gata No.- 455, 526, 908, 916, 387, Village-Madhavpur & Chandapur, Tehsil- Sadar, District-Sultanpur, U.P., M/s R.S. Brick Field, (Leased Area-4.0930 Ha)	Mining	11-01-2020	16/03/2020	EC Issued
1095	Proposed of Rishita Mulberry Heights Group Housing at Pocket -6, Sector-C, Sushant Golf City, Hi-Tech Township, District- Lucknow, U.P.,M/s Rishita Developers Pvt. Ltd.	Building Construction	13-01-2020	28/07/2020	EC Issued
1096	Extraction of Sand/Morrum from river bed Yamuna at Zone No./Gata No/ Khand No.- 8/3 and 8/4, Village- Rushai, Saidpur, Tehsil- Chail, District.- Kaushambi, U.P.,M/s Sagar Brick Field., Lease Area: 24.28 Ha	Mining	13-01-2020	03-06-2020	EC Issued
1097	Proposed "Brick Earth Mining Project" at Khasra No.-2, 25, located at -Village- Nausherpur, Tehsil- Mant, District- Mathura, U.P., M/s R.P.S. Ent Udyog , (Area: 2.692 Ha)	Mining	13-01-2020	16/03/2020	EC Issued
1098	Proposed Ordinary Earth miningExtraction for Backfilling work at AIIMS Gorakhpur located at Gata No.- 40 Kha, 41, 114, Village-Lalpur Tikar Ahatmali, Tehsil- Sadar, District-Gorakhpur , U.P., M/s S.K. Construction and Supplier (Leased Area-2.337Ha)	Mining	14-01-2020	20-03-2020	EC Issued
1099	Proposed Project of Building Stone, (Sand Stone) Mine Project at Gata No.- 547, Village-Bhojpur Pahadi, Tehsil- Sadar, District- Mirzapur, U.P., (Leased Area-2.01 ha)	Mining	14-01-2020	15/10/2020	EC Issued
1100	Proposed Project of Building Stone, (Sand Stone) Mining Project at Gata No.-547, Village-Bhojpur Pahadi, Tehsil- Sadar, District- Mirzapur, U.P., (Leased Area-1.01 ha)	Mining	14-01-2020	01-06-2021	EC Issued
1101	Proposed "Brick Earth Mining Project" at Khasra No.-447, 447, 220mi, 220mi, 425mi, 425mi, 425mi, 425mi, located at -Village- Meerpur Bangar, Tehsil- Mant, District- Mathura, U.P., M/s Pawan. Ent Udyog, (Area: 4.666 Ha)	Mining	15-01-2020	16/03/2020	EC Issued
1102	Proposed "Brick Earth Mine Project" at Khasra/Gata No.-71, 160, 138, 148, 152, 194, 283, 240mi, 289, 292, 141, 212, 224 , in Village- Purainiya, Ramgulam, Barkhera Yasin, Laungag, Tehsil- Bisalpur, District- Pilibhit,U.P., (Area: 4.26Ha)	Mining	16-01-2020		Closed

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1103	Proposed "Brick Earth Mine Project" to make Gata No.-82, 83, 85,87, 51, 55, 36, 54, in Village- Barkagawn Kannauj, Tehsil- Kannauj, District- Kannauj, U.P., M/s Shiv Shakti Brick Field, (Area: 2.0443 Ha)	Mining	17-01-2020	16/03/2020	EC Issued
1104	Proposed "Brick Earth Mine Project" to make Gata No.-1547, 1585, 1414,4866, 1557, 1584, 1586, 1802, 1649, 1587, 1679, 1007mi, 1008, 1589, 1591, 1592, 1588, 1593, 1664, 1437, 1380mi, 1447, in Village- Rampur Maghila, Tehsil- Tirwa, District- Kannauj, U.P., M/s Jai Balaji Brick Field , (Area: 4.8430 Ha)	Mining	17-01-2020		Closed
1105	Proposed "Brick Earth Mining Project" at Khasra No.-86mi, 164mi, 130mi, located at -Village- Tehra mant, Tehsil- Mant, District- Mathura, U.P., M/s Kalika Ent Udyog, (Area: 2.311 Ha)	Mining	17-01-2020	16/03/2020	EC Issued
1106	Proposed "Brick Earth Mine Project" at Khasra No.-119 & 117, located at -Village- Kolana Bangar, Tehsil- Mant, District- Mathura, U.P., M/s Gopal Ent Udyog, (Area: 3.403 Ha)	Mining	17-01-2020	16/03/2020	EC Issued
1107	Proposed "Brick Earth Mining Project" at Khasra No.-58, 54, 55, 411, 430/1, 1494/5, 1488/5, 1489/4, located at -Village- Mirgawa and Khudlapur, Tehsil- Kannauj, District- Kannauj, U.P., M/s H K Brick Field, (Area: 3.450 Ha)	Mining	17-01-2020	11-03-2020	EC Issued
1108	Proposed "Soil Mine Project" at Khasra/Gata No.-831 Mi, 756 Mi, 782 Mi & 802 Mi, located at Village- Mohana, Tehsil- Akbarpur, District- Kanpur Dehat, U.P., M/s Baba Shiv Enterprises, (Area: 1.027 Ha)	Mining	17-01-2020		Closed
1109	Proposed Industrial Building Plot No.- 01, Sector-156, Noida Being developed by M/s Surbhi Tele- link Pvt. Ltd.	Building Construction	15-01-2020		Closed
1110	Proposed "Ordinary Earth Mine Project" at Khasra/Gata No.-325, 336, 755/4/1, 853, located at Village- Khanpur Chaube, Tehsil- Chhibaramau, District- Kannauj, U.P., (Area: 2.238 Ha)	Mining	17-01-2020		Closed
1111	Proposed "Soil Excavation Project" at Gata No.-99, 68, 69, 97, 98, 94, 24, 30, 34, 82, Village- Saraura, Tehsil- Bakshi Ka Talab, District- Lucknow, U.P., M/s Usha Construction(Leased Area-1.231 Ha)	Mining	17-01-2020		Closed
1112	Proposed "Ordinary Soil Excavation Project" at Gata No.-858, 854, 836, Village- Benjirpura Ghatampur, Tehsil- Sadar, District- Rampur, U.P., M/s S.A. Construction(Leased Area-0.771 Ha)	Mining	17-01-2020		Closed
1113	Proposed "Ordinary Earth Mine Project" located at Gata No.-879, 938, 942, 1761, 1739, 190, 200, 265 & 113, Village-Devmai, Banigon & Asehru, Tehsil- Purwa, District- Unnao, U.P., (Area: 2.5021 Ha)	Mining	17-01-2020		Closed
1114	Proposed Sand/Bajri/ Boulder Mining " Project at Gata No.-14/1, illage- Mayapur Roppur, Tehsil- Behat, District- Saharanpur, U.P., (Area: 3.10 Ha)	Mining	17-01-2020	27-05-2020	EC Issued
1115	Proposed Ordinary Earth Mine Project of 3 months by M/s Fanees Associates located at Gata No.-385, 629, 418, 718, Village-Betaua Urf Chanau, Tehsil- Gorakhpur, District- Gorakhpur, U.P., (Area: 0.9849 Ha)	Mining	17-01-2020	16/03/2020	EC Issued
1116	Proposed Ordinary Earth Mine Project of 6 months by M/s Shri Ram Construction located at Gata No.- 187 kha, 200 Ka, 190, 191 Ka, Village-Ajwaniya, Tehsil- Sadar, District- Gorakhpur, U.P., (Area: 1.320 Ha)	Mining	17-01-2020	20-03-2020	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1117	Proposed "Ordinary Soil Excavation Project" at Gata No.-945, 942 & 984, Village-Gagoli, Tehsil- Sadar, District- Farrukhabad, U.P.(Leased Area-1.251 Ha)	Mining	17-01-2020		Closed
1118	Proposed " Soil Earth Mine Project" located at Gata No.-181 & 182, Rasulpur Buraanda, Tehsil- Bhognipur, District- Kanpur Nagar, U.P., (Area: 0.460 Ha)	Mining	18-01-2020		Closed
1119	Proposed "Soil Excavation Project" at Gata No.-11, 14, Village- Chak Chalpur, Tehsil- Bhognipur, District- Kanpur Nagar, U.P.,M/s Kamal Construction Company, (Leased Area-0.5124 Ha)	Mining	19-01-2020		Closed
1120	Proposed "Soil Excavation Project" at Gata No.-51 Mi, Village- Dilauliya Kachhar, Tehsil- Bhognipur, District- Kanpur Dehat, U.P., M/s Maa Nav Durga Construction, (Leased Area-0.3510 Ha)	Mining	19-01-2020		Closed
1121	Gadhiwa Majhigawan Sand/Morrum Mining at Khasra No.- 177, 178 Mi, 176, 160, 159 A, 162, 161, 158, 157 Mi, 156, 155, 163 Mi, 154, 148, 146, 147, 145, 144, 143, 138, 142, 141, 139 Mi, 140 Mi, 129,, Village- Gadhiwa Majhigawan, Tehsil- Khaga, District- Fatehpur, U.P.,Lease Area: 34.00 ha	Mining	20-01-2020	15/01/2021	EC Issued
1122	Proposed for khanda, Gitti /Boulder (Granite)Mining" Project located at Khasra No.-1370,Village - Kulpahad, Tehsil-Kulpahad, District- Mahoba, U.P., Lease area- 2.024 ha.	Mining	20-01-2020	23/06/2020	EC Issued
1123	Proposed Integrated Paint Plant at Plot No.- B4 & B5 at Sandila Industrial Area Phase-I, District- Hardoi, U.P., M/s Berger Paints India Limited	Industry	14-10-2019	29/05/2020	EC Issued
1124	Proposed River Bed Sand/Morrum Mining having lease area 3.96 ha (9.78 acre) along River Yamuna in Gata No.- 553, 554, at Village- Issopur Khurgan, Tehsil- Kairana, District- Shamli, U.P., M/s Devansh Infra/109104 (Leased Area-3.96 Ha)	Mining	11-01-2020		Information SEAC
1125	Proposed Riverbed Sand/Morrum Mining Project from Yamuna River of M/s A.V. Mining and Company located at Gata No.- 21/21, 47/9, 58/27, 54/2, 53/2, 52/2, , Village- Pailani, Tehsil- Pailani, District- Banda, U.P., M/s A.V. Mining and Company, Lease Area-18.0 Ha	Mining	17-01-2020	13-05-2020	EC Issued
1126	Proposed "Brick Earth Mining Project" at Khasra No.-928mi, 929, 1039, 1027 Aa, 1027 Ba, 1043, located at - Village-Syaraul, Tehsil- Khair, District- Aligarh, U.P., M/s Shri Balaji Ent Udhog, (Area: 3.510 Ha)	Mining	21-01-2020		closed
1127	Proposed River Bed Sand/Morrum Mining Project from Yamuna River for M/s Balaji Enterprises, located at Gata No.- 220 & area located to State of U.P. from Delhi , Village- Raipur Khadar, Tehsil- Dadri, District- Gautam Buddha Nagar, U.P., Sanctioned Lease Area: 58.969 ha,	Mining	21-01-2020	09-10-2020	EC Issued
1128	Proposed Project of "Granite (Khanda , Gitti & Boulders) Mine" Project at Gata No.- 1078, Khanda No.- 34,Village- Gonda, Tehsil- Karwi, District- Chitrakoot, U.P.,(Leased Area-2.02 ha)	Mining	21-01-2020	15/10/2020	EC Issued
1129	Proposed Group Housing Project (PMAY) "Migsun Atharva Phase- I" located at Khasra No.- 408, 409, 410, 411, 423, 424, 425, 426, 427, 428, 429, 430, 431, 432(M), 433 (M), 434, 488, 489, 490, 492, 493, Village- Noor Nagar,District- Ghaziabad, U.P., M/s Mahaluxmi Buildtech Ltd.,	Building Construction	22-01-2020	29/05/2020	EC Issued
1130	Proposed for Revision & Expansion of Group Housing Project Plot No.- 3/SP-03, Sector-03, Siddharth Vihar, District- Ghaziabad,U.P.	Building Construction	22-01-2020		Closed

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1131	Proposed Expansion of Kundanganj Cement Grinding Unit Production Capacity from 3 MTPA to 4 MTPA AT within the existing plant premises at Village-Kundanganj, Tehsil & District-Raebareilly, U.P., M/s RCCPL Pvt. Ltd.	Cement	22-01-2020	29/05/2020	EC Issued
1132	Proposed "Soil Excavation Project" at Gata No.-963, Village-Dhanua Saad, Tehsil- Mohanlalganj, District-Lucknow, U.P. (Leased Area-1.631 Ha)	Mining	22-01-2020	07-02-2020	EC Issued
1133	Proposed "Soil Excavation Project" at Gata No.-307, Village-Nawabpura, Tehsil- Moradabad, District-Moradabad, U.P. (Leased Area-0.718 Ha)	Mining	22-01-2020		Closed
1134	Proposed Project "Hi-Tech Township" at Village- Devrakh Upperhar, Devrakh Kacchahar, Chak- Vishonath, Chak - Teju Dish, Mavai-Upperhar, Madhanwan Upperhar, Lavayan Kalan, District- Allahabad, U.P., M/s Pancham Realcon Pvt. Ltd	Building Construction	22-01-2020	06-09-2020	EC Issued
1135	Proposed "Ordinary Earth Mine Project" located at Gata No.-460, 463, & 462, Village-Kharwaniya, Tehsil-Sadar, District-Gorakhpur, U.P., (Area: 0.97 Ha)	Mining	22-01-2020	16/03/2020	EC Issued
1136	Proposed of the Brick Earht Mining Project of M/s Solanki Brick Supply located at Gata No.-517, 511, 243, Village-Kharwaniya, Tehsil & District-Shamli, U.P., (Area: 1.759 Ha)	Mining	22-01-2020	16/03/2020	EC Issued
1137	Proposed 60 KLD Molasses based Distillery along with 2.2. MW gen. power within existing permises of Sugar at Village- Gangadharpur, Tehsil- Chandausi, District- Sambhal, U.P., M/s Venus Sugar Ltd.	Industry	23-01-2020	30-06-2020	EC Issued
1138	Proposed "Soil Excavation Project" at Gata No.-175, 235, located in Village-Kuakhera Khalsa, Tehsil-Thakurdwara, District-Moradabad, U.P. (Leased Area-3.107 Ha)	Mining	23-01-2020		Closed
1139	Proposed "Soil Excavation Project" at Gata No.-60, located in Village-Boojpur Asha, Tehsil- Moradabad, District-Moradabad, U.P. (Leased Area-3.107 Ha)	Mining	23-01-2020		Closed
1140	Proposed "Sand/Morrum Mining at Gata No.- 2/4, 2/23, 2/24, 2/28, Khanda No.- 02, located at Village-Benda Khadar, Tehsil & District- Banda, U.P., (Leased Area-21.0 Ha)	Mining	23-01-2020	03-06-2020	EC Issued
1141	Proposed (Capacity Expansion) of Building Stone (Khand, Gitti & Boulder) Mine at Gata No.-128, Khanda No.- 01, Village- Marhathi, Tehsil & District- Mahoba, U.P., M/s Sahu Stone Crushing Industries, (Leased Area-1.619 ha)	Mining	23-01-2020		Information SEIAA
1142	Proposed "Brick Earth Mining Project" at Khasra No./Gata No.-593, 129, 153, 154 & 327, located at - Village- Khandewara & Khariyajat Lakhampur,, Tehsil- Mohammadi, District-Kheri, U.P., (Leased Area-4.742 ha)	Mining	24-01-2020		Closed
1143	Proposed of Building Stone, Gitti & Boulder at Araj No.-626, Sr. No.-17, at Village- Bhuili-II, Tehsil-Chaunar, District- Mirzapur, U.P., M/s Euphoria Mines and Minerals, Leased Area -0.909 ha	Mining	25-01-2020	15/10/2020	EC Issued
1144	Proposed Expansion of sugar mill cane crushing capacity from 6250 TCD to 8000 TCD along with 22 MW Co-gen power within existing permises at Shamli, Tehsil & District- Shamli, U.P., M/s Upper Doab Sugar Mills	Industry	23-01-2020	01-09-2020	EC Issued
1145	Proposed "Ordinary Earth Excavation Project" at Khasra/Gata No.-230, located at Village-Firojpur Kala, Tehsil- Safipur, District- Unnao, U.P., (Area: 1.518 Ha)	Mining	24-01-2020		Closed

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1146	Proposed "Brick Earth Soil Excavation Project" at Gata No.-160, 52 mi, 107, 182, 161, 165 mi, 306, 311 mi, located at Village-Fbhavanpur and Gata No.- 124 located in Village- Kulmau in Tehsil- Rasulabad, District-Kanpur Dehat, U.P., (Area: 2.944 Ha)	Mining	24-01-2020		Closed
1147	Proposed of Building Stone " Khandas & Gitti, Boulder Mining" at Gata No.- 93, Khand No.-01, Area- , at Village- Bari, Tehsil & District- Mahoba, U.P. ,Leased Area -1.012 ha	Mining	24-01-2020	01-09-2020	EC Issued
1148	Proposed "Brick Earth Mine Project" at Khasra No./Gata No.-703, 705, 730, 731, 547, 553, 373, 407,374 mi, 63 & 64 located at -Village- Nizampur Ramdas & Paharapur,Tehsil- Lakhimpur, District-Lakhimpur Kheri, U.P., (Leased Area-4.843 ha)	Mining	24-01-2020		Closed
1149	Proposed of the Work Project for Construction of Rubber dam at 1.5 Km downstream of Taj Mahal on River Yamuna in Agar City, District- Agar,U.P.	Building Construction	25-01-2020		Closed
1150	Proposed "Soil Excavation Project" at Gata No.-254, 446, 453, Village- Goverdhanpur Atamtali, Tehsil- District- Moradabad., District- District- Moradabad,U.P., (Leased Area-1.994 Ha)	Mining	25-01-2020		Closed
1151	Proposed for the Brick Earth ining Project located at Gata No.-464, 465, 463, 468, Village- Bamnoli Uncha Gaon, Tehsil Kairana, District- Shamli, U.P., M/s Nav Bharat Brick Field,(Leased Area-4.2917 Ha)	Mining	26-01-2020	16/03/2020	EC Issued
1152	Proposed for the Brick Earth ining Project located at Gata No.-41808, 1809, 2082, 2084, 2089, Village- Kairana Rural, Tehsil Kairana, District- Shamli, U.P., M/s Rehman Brick Field,(Leased Area-4.3398 Ha)	Mining	26-01-2020	06-09-2020	EC Issued
1153	Proposed for the Brick Earth ining Project located at Gata No.-218, Village- Nai Nagla, Tehsil -Unn, District- Shamli, U.P., M/s Kisan Brick Field,(Leased Area-4.3398 Ha)	Mining	27-01-2020		Closed
1154	Proposed for Soil Mining of Khasra No.- 89 & 90, located in Village- Ghatampur, Tehsil- Sadar, District- Varanasi, U.P.,(Leased Area-0.096 Ha)	Mining	27-01-2020		Closed
1155	Proposed "Soil Mining Project"at Gata No.-46/3, 140/(5, 6, 9 & 11)Mi, 137/(9, 46, 54, 57, 36 & 59), 40/14, 55/2, 49/2, 5/3, 1/6 & 12/4, located in Village-Amba, Tehsil- Sadar, Varanasi,U.P., M/s AD Construction (Leased Area-2.441 Ha)	Mining	27-01-2020		Closed
1156	Proposed "Soil Mining Project"at Gata No.-1037, 1043, 1046, 1068, 1045, 1140, 1047, 1040, located in Village-Rauna Khurd, Tehsil- Sadar, Varanasi,U.P., M/s JP Construction (Leased Area-2.763Ha)	Mining	27-01-2020		Closed
1157	Proposed for Ordinary Earth Mininig at Gata No.- 352, 357 Kha, 362 Ga, 365 Chha, 367, 372 Village- Narottampur Khurd, Tehsil- Sadar, District- Varanasi,U.P.,(Leased Area-1.928 Ha)	Mining	27-01-2020		Closed
1158	Proposed for Ordinary Earth Mininig at Gata No.- 352, 357 Kha, 362 Ga, 365 Chha, 367, 372 Village- Gola, Raunakhurd, Tehsil- Sadar, District- Varanasi,U.P.,(Leased Area-3.414Ha)	Mining	27-01-2020		Closed
1159	Proposed for the Brick Earth ining Project located at Gata No.-445, 446, 447, 448, 449, 450, 451, 457, Village- Aadampur,Tehsil -Shamli, District- Shamli, U.P., M/s Maha Shakti Brick Field,(Leased Area-2.089 Ha)	Mining	27-01-2020	01-09-2020	EC Issued
1160	Proposed "Soil Excavation Project" at Gata No.-1806, located in Village- Dhaurhara, Tehsil- Mohanlalganj, District- Lucknow, U.P.,(Leased Area-0.6290 Ha)	Mining	27-01-2020		Closed

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1161	Proposed of in Brick Kiln of M/s Chand Brick Field from Khasra/Gata No.- 825, 827, 16, 878, 416, 450, 147, 158, at Village- Ruda Bhavnathpur, Gopalpur, Lakshan Nagar, Makanpur, Ganeshpur, Tehsil- Laharpur, District-Sitapur,U.P.,(Leased Area-3.47 Ha)	Mining	27-01-2020		Closed
1162	Proposed "Soil Execavation Project" at Gata No.-695 & 697, located in Village- Katauli, Pargana & Tehsil- Malihabad, District- Lucknow, U.P..(Leased Area-0.7580 Ha)	Mining	27-01-2020		Closed
1163	Proposed "Soil Execavation Project" at Gata No.-51 mi, 85 mi, 51mi(469), 53 mi,, located in Village- Mahamadpur Sehjaniya, Tehsil-Puwanya, District-Shahjahanpur, U.P. ,(Leased Area-4.805 Ha)	Mining	27-01-2020		Closed
1164	Proposed for the Brick Earth ining Project located at Gata No.-674/1, 1321, 698, 711,Village- Masavi, Tehsil -Shamli, District- Shamli, U.P., M/s Ekta Brick Field,(Leased Area-3.489 Ha)	Mining	27-01-2020		Closed
1165	Proposed Sand/Morrum Mining Project at Gata No.-2/4, 2/23, 2/24 and 2/28, Khand No.-01,located at Village- Benda Khadar, Tehsil- Banda, District-Bandar, U.P., M/s Saroj Buildcon,(Leased Area-21.0 Ha)	Mining	28-01-2020	03-06-2020	EC Issued
1166	Proposed for the Brick Earth Mining Project located at Gata No.-147, 148,Village- Bhaiani, Tehsil -Shamli, District- Shamli, U.P., M/s Jee Brick Field,(Leased Area-2.462 Ha)	Mining	28-01-2020	06-09-2020	EC Issued
1167	Proposed for the Brick Earth Mining Project located at Gata No.-1156, 1170, 788, 1171, 226, 272, 273, 265, 418, Village- Rajwara & Chandakhera Digalhai, Tehsil -Purwa, District- Unnao, U.P., M/s Jee Brick Field,(Leased Area-2.967 Ha)	Mining	28-01-2020		Closed
1168	Proposed for the Brick Earth Mining Project located at Gata No.-1926, 1156, 1170, 393 Ka, 788, 226, 272, 273, 265, 418, 1729, 1734, 1171,, Village- Gulrihai, Tehsil -Purwa, District- Unnao, U.P.,M/s Maa Sididatri Brick Field ,(Leased Area-4.0355 Ha)	Mining	28-01-2020		Closed
1169	Proposed "Soil Execavation Project" at Gata No.-678, located in Village- Sadrauna, Tehsil- Sarojani Nagar, District- Lucknow, U.P..(Leased Area-3.428 Ha)	Mining	28-01-2020	05-03-2020	EC Issued
1170	Proposed "Ordinary Soil Execavation Project" at Khasra/Gata No.-478, located in Village- Birsinghpur (Jhalotar Aagain), Tehsil- Hasanganj, Nagar, District- Unnao, U.P..(Leased Area-1.155 Ha)	Mining	28-01-2020		Closed
1171	Proposed Project of Building Stone (Khand, Gitti,Boulder &Pattia) Mine at Gata No.- 1119,Village-Kabrai, Tehsil-Mahoba, District- Mahoba, U.P.,(Leased Area-1.587 ha)	Mining	29-01-2020		Information SEAC
1172	Proposed Project of Building Stone (Sand, Bajri & Boulder) Mining Project at Gata No.- 179/2,Village- Rahna, Tehsil-Behat, District- Saharanpur, U.P, (Leased Area-3.75 ha)	Mining	29-01-2020	27-05-2020	EC Issued
1173	Extraction of Building Stone, Khand, Gitti & Boulder at Araj No.-626, Sr. No.-16,at Village- Bhuili-I, Tehsil- Chaunar, District- Mirzapur, U.P., M/s Pan Zurex LLP, Leased Area -1.01 ha	Mining	25-01-2020	15/10/2020	EC Issued
1174	Proposed of "Building Stone, Khandas & Gitti, Boulder Mining Project" located at Gata No.-1370,Khand No.- 03, in Village- Kulpahar, Tehsil & District- Mahoba, U.P., M/s Bharat Granite Stone Works Leased Area -2.024 ha	Mining	25-01-2020	22/05/2020	EC Issued
1175	Proposed for Ordinary Earth Mininig at Khasra/Gata No.-06, Village- Lakhanpur, Tehsil- Kaimganj, District- Farrukhabad, U.P., (Leased Area-0.814 Ha)	Mining	30-01-2020		Closed
1176	Proposed for Ordinary Earth Mininig at Khasra/Gata No.-703, 704 & 705, Village- Lakhanpur, Tehsil- Kaimganj, District- Farrukhabad, U.P., (Leased Area-0.671 Ha)	Mining	30-01-2020		Closed

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1177	Proposed Institutional Building on Plot No- B-31 & B-32, Sector- 132, Noida, District- Gautam Buddh Nagar, U.P., M/s Enpro Telecom Pvt. Ltd.	Building Construction	25-01-2020		Closed
1178	Proposed "Soil Excavation Project" at Gata No.-25, 42, 198 & 125, located in Village- Goverdhanpur, Tehsil- Moradabad, District- Moradabad, U.P. (Leased Area-2.302Ha)	Mining	30-01-2020		Closed
1179	Proposed for the Brick Earth Mining Project located at Gata No.-242, 263, 267, 434 mi & 568, Village- Rathaura Nagla Nib, Tehsil -Sadar, District- Farrukhabad, U.P., U.P., (Leased Area-3.024 Ha)	Mining	31-01-2020		Closed
1180	Proposed for the Brick Earth Mining Project located at Gata No.-1310, 1323, 1324, 1230, 1233, 1325 a, 1324, Village- Ailum, Tehsil & District- Shamli, U.P., M/s Hanuman Brick Field No.-2, (Leased Area-3.471 Ha)	Mining	31-01-2020		Closed
1181	Proposed for the Brick Earth Mine Project located at Khasra/Gata No.-626 & 665, Village- Chandpur Kalan, Tehsil- Mant, District- Mathura, U.P. (Leased Area-3.439 Ha)	Mining	31-01-2020		Closed
1182	Proposed for the Brick Earth Mining Project located at Gata No.-367, 368, 369/2, 369/3, 369/4, 369/4, 369/5, 404, Village- Ailum, Tehsil & District- Shamli, U.P., M/s Om Brick Field, (Leased Area-2.207Ha)	Mining	01-02-2020		Closed
1183	Proposed "Soil Excavation Project" at Khasra No.-1204, located in Village & Tehsil- Sarojani Nagar, District- Lucknow, U.P., (Leased Area-0.0885 Ha)	Mining	01-02-2020		Closed
1184	Proposed for the Brick Earth Mining Project located at Gata No.-86, 106, Village- Matnawli, Tehsil & District- Shamli, U.P., M/s Jai Ganesh Brick Field, (Leased Area-3.354 Ha)	Mining	01-02-2020	06-09-2020	EC Issued
1185	Proposed of "KH-Vatee India Pvt. Ltd." project for manufacturing of ICT componets and modules for mobile phones & table "Electronic Industries" located at Plot No.-A-3, Ecotech-VI, Greater Noida, District- Gautam Buddha Nagar, U.P., M/s KHVA TEC India Pvt. Ltd.	Building Construction	03-02-2020	09-10-2020	EC Issued
1186	Proposed of " Soil/ Clay Excavative for Brick Kiln Site" at Gata No.-382, 739, 434, 779, 780, at Village- Khanta Deshu, Murai Tajpur, Tehsil- Mitauli, District- Lakhimpur Kheri, U.P., M/s Pradhan Brick Field, Leased Area -2.756 ha	Mining	03-02-2020		Closed
1187	Proposed Ordinary Earth Mine Project of 3 months by M/s The Creators Concept to Creation, located at Gata No.-142, 143 Ka, 144, 164, 165, 166, 167 Ka, 169, 170, 1447, Village- Lalpur Tikar Mu, Tehsil- Sadar, District- Gorakhpur, U.P., (Area: 0.819 Ha)	Mining	05-02-2020	05-03-2020	EC Issued
1188	Proposed Project of Building Stone (Khand, Gitti, Boulder & Pattia) Mine at Gata No./Araji No.- 137, Khanda Village- Kanchanpur, Tehsil- Chunar, District- Mirzapur, U.P., (Leased Area-1.13 ha)	Mining	05-02-2020	12-11-2020	EC Issued
1189	Proposed for the Brick Earth Mining Project located at Gata No.-138/4, 239, 240, 241, 242, 243, 244, 250, Village- Sheranagar Bangar, Tehsil- Chhata District- Mathura, U.P., M/s Baba Brick Field, (Leased Area- 4.4590 Ha)	Mining	07-02-2020		Closed
1190	Proposed of "Building Stone (Khanda, Gitti & Boulder) Mine" Project at Gata No.-634, (Khanda No.- 01), at Village- Nahari, Tehsil- Naraini, District- Banda, U.P., M/s S.R. Innovation LLP, Leased Area -2.25 ha	Mining	10-02-2020	23/06/2020	EC Issued
1191	Proposed of "Building Stone (Khanda, Gitti & Boulder) Mine" Project at Gata No.-587 & 588, (Khanda No.- 08), at Village- Nahari, Tehsil- Naraini, District- Banda, U.P., Leased Area -2.0 ha	Mining	10-02-2020	23/06/2020	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1192	Proposed of "Building Stone (Khanda, Gitti & Boulder) Mine" Project at Gata No.-1876, (Khanda No.- 05), at Village- Girwan, Tehsil-Naraini, District- Banda, U.P., Leased Area -1.21 ha	Mining	10-02-2020	23/06/2020	EC Issued
1193	Proposed of "Building Stone (Khanda, Gitti & Boulder) Mine" Project at Gata No.-587 (Khanda No.- 02), at Village- Nahari, Tehsil-Naraini, District- Banda, U.P.,M/s S.R.Innovation LLP, Leased Area -0.80 ha	Mining	10-02-2020	15/01/2021	EC Issued
1194	Proposed of "Building Stone (Khanda, Gitti & Boulder) Mine" Project at Gata No.-587 (Khanda No.- 07), at Village- Nahari, Tehsil-Naraini, District- Banda, U.P.,M/s S.S.Innovation LLP, Leased Area -2.0 ha	Mining	10-02-2020	08-11-2020	EC Issued
1195	Proposed of "Building Stone (Khanda, Gitti & Boulder) Mine" Project at Gata No.-1876 (Khanda No.- 02), at Village- Girwan, Tehsil-Naraini, District- Banda, U.P.,M/s Sulabh Saxena Pahari Pattedar , Leased Area -0.80 ha	Mining	10-02-2020	08-11-2020	EC Issued
1196	Proposed of " Building Stone (Khanda, Gitti & Boulder) Mine" Project at Gata No.-45 ,at Village- Khalari, Tehsil-Naraini, District Banda, U.P. Lease area-3.68 ha.	Mining	10-02-2020	08-11-2020	EC Issued
1197	Proposed of "Building Stone (Khanda, Gitti & Boulder) Mine" Project at Gata No.-1073, (Khanda No.- 03), at Village- Jarar, Tehsil-Naraini, District- Banda, U.P., M/s Malhotra Brothers ,Leased Area -2.0 ha	Mining	10-02-2020	08-11-2020	EC Issued
1198	Proposed of "Building Stone (Khanda, Gitti & Boulder) Mine" Project at Gata No.-1073, (Khanda No.- 04), at Village- Jarar, Tehsil-Naraini, District- Banda, U.P., M/s Malhotra Brothers ,Leased Area -2.0 ha	Mining	10-02-2020	08-11-2020	EC Issued
1199	Proposed Sand/Morrum Mining Project at Gata No.- Part of 333/7, 412, 413 & 414 ,Khand No.- 04, Village- Marauli Khadar, Tehsil- Pailani, District- Banda, U.P., Lease Area-23.0 Ha	Mining	10-02-2020	15/10/2020	EC Issued
1200	Proposed for Building Stone (khanda, Gitti /Boulder) Mine" Project at Gata no.-979, Khand No.- 01,Village -Gahra, Tehsil & District- Mahoba, U.P., Lease area- 2.226 ha.	Mining	10-02-2020	08-11-2020	EC Issued
1201	Proposed for the Brick Earth Mining Project located at Gata No.-185, 219, 217, 49, 60, 88, 82, 83, 84, 85, Village- Allahapur, Jatpura & Kuwerpur Kudra, Tehsil-Amritpur, District-Farrukhabad,U.P., M/s S B R Brick Field, (Leased Area-3.024 Ha)	Mining	10-02-2020		Closed
1202	Proposed for Ordinary Earth Excavation Project located at Gata No.- 73, 313, 71 & 487, Village- Manjharia Bistaul, Tehsil- Sadar, District- Gorakhpur,U.P.,(Leased Area-1.4965 Ha)	Mining	10-02-2020		Closed
1203	Proposed of "Building Stone (Khanda, Gitti & Boulder) Mine" Project at Gata No.-587, (Khanda No.- 05), at Village- Nahari, Tehsil-Naraini, District- Banda, U.P., Leased Area -2.0 ha	Mining	10-02-2020	08-11-2020	EC Issued
1204	Proposed of Group Housing at Plot No.-SC-01/C (A-7 & A-8), Sector-150, Noida, District-Gautam Budhha Nagar,M/s Abet Buildcon Pvt.Ltd.	Building Construction	11-02-2020		Closed
1205	Proposed of Group Housing at Plot No.-SC-01/C (A-7 & A-8), Sector-150, Noida, District-Gautam Budhha Nagar,M/s Saha Infratech Pvt.Ltd.	Building Construction	11-02-2020		Closed
1206	Proposed Rivion & Expansion of Group Housing "Vilaasa" at Plot No.-GH-01B(2), Sector-ETA-2, Greater Noida, District-Gautam Budhha Nagar, U.P.,M/s Yamuna Builtech Pvt. Ltd.	Building Construction	11-02-2020		Information SEAC

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1207	Proposed of M/s Avadh Sugar & Energy Ltd. Unit: New India Sugar Mills-Distillery Division has proposed to establish a new 100 KLD (RS/ENA/AA), MOLASSES BASED DISTILLERY ALONG WITH 4.0 mw Of Co-Generation Power Plant at Village- Dhada Bujurg, Tehsil- Hata, P.O.- Sukrauli, District-Kushinagar,U.P.	Industry	12-02-2020	06-12-2021	EC Issued
1208	Proposed "Soil Excavation Project" at Gata No.-29, located in Village- Hashampur Gopal, Tehsil & District- Moraadabad,U.P.(Leased Area-0.567 Ha)	Mining	13-02-2020		Closed
1209	Proposed Ordinary Earth Mine Project of 3 months by M/s Fanees Associates , located at Gata No.-8 mi, 15 mi, 16 mi,53 mi, & 53 mi, Village-Pipri Ahatamali, Tehsil- Sadar, District- Gorakhpur, U.P., (Area: 0.707 Ha)	Mining	13-02-2020	16/03/2020	EC Issued
1210	Prtoposed of Government Medical College, District- Ghazipur,U.P.	Building Construction	13-02-2020		Delisted
1211	Proposed for the Brick Earth Mining Project located at Gata No.-179, 110, 109, 122, 120, 173, Village- Musepur Jai Singh, Tehsil-Bisalpur, District-Pilibhit,U.P., M/s Friends Brick Field, (Leased Area-4.068 Ha)	Mining	14-02-2020		Delisted
1212	Proposed for the Brick Earth Mining Project located at Gata No.-176, 77, Village- Tehramat, Tehsil- Mat, District-Mathura, U.P., M/s Nirmala Ent Udhyog, (Leased Area-3.412 Ha)	Mining	14-02-2020		Delisted
1213	Proposed Building Stone (khanda, Gitti & Boulder) Mine Project at Gata No.-1876, Khand No.-01, Village- Girwan, Tehsil-Naraini, District Banda, U.P. Lease area-2.02 ha.	Mining	14-02-2020	08-11-2020	EC Issued
1214	Proposed of "Building Stone (Khanda, Gitti & Boulder) Mine" Project at located Gata No.-93, Khand No.-30, at Village- Bari, Tehsil & District- Mahoba, U.P., Leased Area -1.012 ha	Mining	14-02-2020	09-03-2020	EC Issued
1215	Proposed of "Building Stone (Khanda, Gitti & Boulder) Mine" Project at located Gata No.-356, Khand No.-03, at Village- Dudaiyan, Tehsil & District- Mahoba, U.P., Leased Area -1.214 ha	Mining	14-02-2020	09-03-2020	EC Issued
1216	Proposed "Soil Excavation Project" at Gata No.-518, 529 Sa, 540, located in Village- Palenhada, Tehsil - Sarojini Nagar, District- Lucknow, U.P. , M/s Ambay Build Infra Pvt. Ltd., (Leased Area-1.423 Ha)	Mining	14-02-2020	05-03-2020	EC Issued
1217	Proposed "Soil Excavation Project" at Gata No.-548 Jha, located in Village- Kaliya Khera, Tehsil -Sarojini Nagar, District- Lucknow, U.P. ,M/s Rajeev Associates, (Leased Area-4.87 Ha)	Mining	14-02-2020	05-03-2020	EC Issued
1218	Proposed for Brick Kiln Mining Project with lease located at Gata No.-125, 247, 75, 230, 87, 89, at Village- Khwaspur Urf Makhmoolpur, Tehsil & District- Shamli, U.P.,M/s Durga Brick Field, Leased Area -4.6787 ha	Mining	14-02-2020		Delisted
1219	Proposed for Brick Kiln Mining Project with lease located at Gata No.-133, 74, 143, 65 & 144, at Village- Kiwana, Tehsil & District- Shamli, U.P.,M/s Bala Ji Brick Field, Leased Area -3.3677 ha	Mining	15-02-2020		Delisted
1220	Proposed "Soil Excavation Project" at Gata No.-7, 150, 152, 153, 151, 165/3, 133/4, located in Village- Tikaitganj, Tehsil -Malihabad, District- Lucknow, U.P. M/s R.R. Construction, (Leased Area-1.3352Ha)	Mining	15-02-2020		Delisted
1221	Proposed "Soil Excavation Project" at Gata No.-824 Aa, located in Village- Bibipur, Tehsil -Sarojini Nagar, District- Lucknow, U.P., M/s R.R. Construction, (Leased Area-0.62 Ha)	Mining	15-02-2020		Delisted

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1222	Proposed for Brick Earth Mining Project at Gata No.-64, 174, 216, 376 & 379, at Village-Varchawal, Tehsil-Jaisinghpur District- Sultanpur, U.P., M/s Prakash Ent Product, Leased Area -2.091 ha	Mining	17-02-2020		Delisted
1223	Proposed Residential Township at Village- Gopal Khera, Purseni, Tehsil- Mohan Lalganj, District- Lucknow, U.P., M/s Omega Infrabuild Pvt. Ltd.	Building Construction	18-02-2020	15/01/2021	EC Issued
1224	Proposed for Brick Earth Mining Project at Khasra/Gata No.-327, 329/1 & 329/2, at Village-Shernagar Bangar, Tehsil-Chhata, District- Mathura, U.P., Leased Area -4.873 ha	Mining	18-02-2020		Delisted
1225	Proposed for Brick Earth Mining Project at Khasra/Gata No.-1310, 1290, 1311 & 1308, at Village-Surir Kala, Tehsil-Mant, District- Mathura, U.P., Leased Area -3.219 ha	Mining	18-02-2020		Delisted
1226	Proposed " Ordinary Soil Mining Project" at Gata No.-75, 210, 256, 257, located in Village- Bhagtupur, Tehsil- Pindra, District- Varanasi, U.P., M/s GR Infraprojects Ltd.(Leased Area-1.1160 Ha)	Mining	18-02-2020		Delisted
1227	Proposed for Brick Earth Mining Project at Khasra/Gata No.-90 Mi, 91, 149/4 & 133 Mi, at Village-Bhandanwara & Tehra Mant, Tehsil-Mant, District- Mathura, U.P., Leased Area -3.532 ha	Mining	18-02-2020		Delisted
1228	Proposed for Brick Kiln Mining Project at Gata No.-61, 72, 71, 318, 69, 68, 67, 42, 41, 45, 44, 43, 47 & 48, at Village-Shahpur, Tehsil-Shamli, District- Shamli, U.P., Leased Area -3.120 ha	Mining	18-02-2020		Delisted
1229	Proposed "Soil Execavation Project" at Khasra No.-114, located in Village-Malaha, Tehsil-Malihabad, District- Lucknow, U.P..(Leased Area-0.511 Ha)	Mining	19-02-2020	15/10/2020	EC Issued
1230	Proposed "Soil Execavation Project" at Khasra No.-1205, located in Village- Jehta, Teshil- Lucknow, District- Lucknow, U.P., U.P..(Leased Area-0.759 Ha)	Mining	19-02-2020		Delisted
1231	Proposed for Brick Earth Mining Project at Khasra/Gata No.-222, 411, 412, 416, 414, 448, 459 at Village-Navipur E. Tiulak & Tiulak, Tehsil-Sadar, District- Shahjahanpur, U.P., M/s Sri Ram Khanna & Company, Leased Area -2.5765 ha	Mining	20-02-2020		Delisted
1232	Proposed for Brick Kiln Mining Project at Gata No.-745, 35, 32, 31, 29 & 25, at Village-Shahpur, Tehsil-Shamli, District- Shamli, U.P., Leased Area -3.9937 ha	Mining	20-02-2020		Delisted
1233	Proposed Ordinary Earth Mine Project of 3 months by M/s Rumana Enterprises, located at Gata No.-16 Kha Mi, Village-Chilbilwa, Tehsil- Sadar, District- Gorakhpur, U.P., (Area: 0.122 Ha)	Mining	20-02-2020		Delisted
1234	Proposed of "TCS Noida IT Sez Campus" at Plot No.-01, Sector- 157, Noida, District- Gautam Budha Nagar, U.P., M/s Tata Consultancy Services	Building Construction	20-02-2020		Delisted
1235	Proposed for Building Stone (Sand Stone) mine at Gata No./Araji No./Plot NO.-1 ka, Area-2.02 ha (4.99 Acres) at Village- Sonpur, Tehsil- Chaunar, District- Mirzapur, U.P., M/s R.K Construction Company, Leased Area -2.02 ha	Mining	11-01-2020	13-05-2020	EC Issued
1236	Proposed for Building Stone (Sand Stone) mine at Gata No./Araji No./Plot NO.-997MI, Area-4.451 ha (10.99 Acres) at Village- Sindhora, Tehsil- Sadar, District- Mirzapur, U.P., M/s Khakhi Baba Construction Company, Leased Area -4.451 ha	Mining	14-01-2020	13-05-2020	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1237	Proposed for Building Stone (Sand Stone) mine at Gata No./Araji No./Plot NO.-732, Area-1.01 ha (2.49 Acres) at Village- Bhagauti-Dei, Tehsil- Chunar, District- Mirzapur, U.P., M/s Khakhi Baba Construction Company, Leased Area -1.01 ha	Mining	14-01-2020	13-05-2020	EC Issued
1238	Capacity expansion of DCM Shriram Ltd., Sugar Unit- Rapapur from 6500 TCD Sugar Mill along with 8.5 MW Cogeneration power plant to 12500 TCD along with 55 MW cogeneration power plant at Village- Munder, P.O.- Munder, Distt.- Hardoi, M/s DSCL Sugar Rapapur	Industry	24-02-2020	15/10/2020	EC Issued
1239	Proposed Ordinary Earth Mine Project of 3 months by Shri Shubham Tripathi located at Gata No.-1776, 1777, 1778, Village-Khawajipur, Tehsil- Sadar, District- Unnao, U.P., (Area: 1.248 Ha)	Mining	24-02-2020		Delisted
1240	Proposed for Brick Earth Mining Project at Khasra/Gata No.-716 & 796 m, in Village-Sahajpur, Tehsil- Gabhana, District- Aligarh, U.P., Leased Area -3.884 ha	Mining	25-02-2020		Delisted
1241	Proposed for Brick Earth Mining Project at Khasra/Gata No.-80/1, 139 Aa, 139 Ba, 115, 227 Ba, 45/1, , in Village-Raipur Dalpatpur & Khanpur Khitauli, Tehsil- Atrauli, District- Aligarh, U.P., Leased Area -3.9905 ha	Mining	25-02-2020		Delisted
1242	Proposed for Brick Earth Mining Project at Khasra/Gata No.-379, 671, 672, 659, 250, 258, 251, in Village-Tanda Bijaisi Mistkil and Tand Bijaisi Sahari, Tehsil- Amaria, District- Pilibhit, U.P., M/s Indian Brick Field, Leased Area -4.579 ha	Mining	25-02-2020	11-03-2020	EC Issued
1243	Proposed Jatajuwa Stone (Granite) Khanda, Gitti, Boulder Mining Project (Area- 6.603 Ha) at Gata No.- 119 Ka, 212 Ka, at Village- Mouja-Jatajuwa, Tehsil- Dudhhi, District- Sonbhadra, U.P., Leased Area -6.603 ha	Mining	25-02-2020		Information SEAC
1244	Proposed Residential Colony "R.S. City" at Arazi No.- 446 mi, 449, 450, 451, 452, 453, 456, 458 min, at Jhansi-Gwalor Highway, Village- Karari, District- Jhansi, U.P., M/s Radha Swami Infra Developers Pvt. Ltd.	Building Construction	25-02-2020	27-05-2021	EC Issued
1245	Proposed of Ordinary Earth Excavation Project located at Gata No.- 1391, 1392, 1450 & 1470 at Village-Patari, Tehsil- Sadar, District- Unnao, U.P., (Leased Area: 1.358 Ha)	Mining	25-02-2020		Delisted
1246	Proposed of Ordinary Earth Excavation Project located at Gata No.- 67 Mi, at Village- Dewaiya Mawaiya, Tehsil- Hasanganj, District- Unnao, U.P., (Leased Area: 1.046 Ha)	Mining	25-02-2020		Delisted
1247	Proposed for Brick Earth Mining Project for M/s Shri Om Brick Field Gata No.-110, 218, 382, 22, 23, 208, 274, 209, 266, 125/1 at Village-Bhairpuri, Lucknow Kalan, Amkheda Lucknow, Pratap Dandi, Tehsil- Bisalpur, District- Pilibhit, U.P., M/s Shri Om Brick Field, Leased Area -3.712 ha	Mining	27-02-2020	11-03-2020	EC Issued
1248	Proposed for Brick Earth Mining Project for M/s Singh Brick Field Gata No.-483, at Village-Saraini Tirkunia, Tehsil-Amaria, District- Pilibhit, U.P., M/s Singh Brick Field, Leased Area -2.464 ha	Mining	27-02-2020	11-03-2020	EC Issued
1249	Proposed of Brick Kiln Mining Project with lease located at Gata No.-760, 761, 764, 766, at Village-Faizalpur, Tehsil-Shamli, District-Shamli, U.P., M/s Vishnu Brick Field, Leased Area -3.4458ha	Mining	27-02-2020	11-03-2020	EC Issued
1250	Proposed for Project "The Mixed-Use Project IT/ITES SEZ" Plot No.- 01, Sector- 143 A, District- Gautam Budha Nagar, U.P., M/s Urvasi Infrattech Pvt. Ltd.	Building Construction	28-02-2020	24/12/2020	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1251	Proposed Expansion of "Cadence Technology Centre" at Plot No.-57 (A, B & C), 11 & 10 NSEZ, Noida, District- Gautam Budha Nagar, U.P.	Building Construction	28-02-2020	28/07/2020	EC Issued
1252	Proposed Brick Earth Mining Project for M/s Janta Int Bhattha to make Brick at Gata No.-177, 17, 4, Village- Chivra, Tehsil- Mehdawal, District- Sidharth Nagar, U.P., Leased Area -3.518 ha	Mining	28-02-2020		Delisted
1253	Proposed Brick Earth Mine Project at Khasra/Gata No.-204 & 217, Village- Surir Vijau Bangar, Tehsil - Mant, District- Mathura, U.P., M/s G.C.A Ent Udyog, Leased Area -3.775 ha	Mining	28-02-2020		Delisted
1254	Proposed "Brick Earth Soil Excavation" Project at Gata No.-185, 156 & 663, located at Village- Abghawa, Tehsil- Mitauli, District- Kheri, U.P., M/s Mawa Bricks, (Leased Area-1.507 Ha)	Mining	28-02-2020		Delisted
1255	River Bed Sand/Morrum Mining Project from Betwa River of Shri Shailendra Yadav located at Khand No.- 10/2, Village- Beri, Tehsil- Hamirpur, District- Hamirpur,, (Leased Area-36.437 Ha)	Mining	29-02-2020	27/05/2020	EC Issued
1256	Proposed Mining Brick Earth (Soil) located at Khasra/Gata No.-435, Village- Tiulak, Tehsil-Sadar, District- Shahjahanpur, U.P., M/s Khandelwal Brick Field, Leased Area -0.828 ha	Mining	29-02-2020		Delisted
1257	Proposed "Soil Excavation Project" at Gata No.-15 Ka, 176 Ka, 14 Ka, located in Village- Chaurhiya, Tehsil- Mohanlalganj, District- Lucknow, U.P., (Leased Area-1.321 Ha)	Mining	02-03-2020		Delisted
1258	Proposed of Ordinary Earth Excavation Project located at Gata No.- 683, at Village-Ograpur, Pargana- Asoha, Tehsil- Purwa, District- Unnao, U.P., (Leased Area: 0.311 Ha)	Mining	02-03-2020		Delisted
1259	Proposed Mining Brick Earth (Soil) located at Khasra/Gata No.-88, 127, 128, 133, 134, Village- Dhansingpur, Tehsil-Puwanya, District- Shahjahanpur, U.P., M/s RM Bricks, Leased Area -3.064 ha	Mining	03-03-2020		Delisted
1260	Proposed Project of Bio medical Waste Plant , at Gata No.- 295 Mi, Village- Fathepur Vishnoi, District- Moradabad, U.P., M/s Sushila Bio Medical Waste Plant.	Industry	02-03-2020	30/06/2020	EC Issued
1261	Proposed Riverbed Sand/Morrum Mining Project located at Khand No.- 31/3, Village Patyaura, Tehsil - Sadar, District: Hamirpur, U.P. Lease Area 36.437 ha	Mining	03-03-2020		Information SEAC
1262	Proposed of Bendakhadar Sand/Morrum Mining Project at Gata No.- 2/4, 2/23, 2/24 & 2/28, Khand No.- 4, Village- Bendakhadar, Tehsil- Banda, District- Banda, U.P., M/s Ashish Kumar Gautam Thekedar, Lease Area 21.0 ha	Mining	03-03-2020	15-05-2020	EC Issued
1263	Proposed of Bendakhadar Sand/Morrum Mining Project at Gata No.- 2/4, 2/23, 2/24 & 2/28, Khand No.- 3, Village- Bendakhadar, Tehsil- Banda, District- Banda,, U.P., M/s Maa Jayanti Infrastructure, Lease Area 21.0 ha	Mining	03-03-2020	23-06-2020	EC Issued
1264	Proposed Mining Brick Earth (Soil) located at Khasra/Gata No.-146, Village- Dudhauna Khadar, Tehsil- Sadar, District- Shahjahanpur, U.P., M/s Manu Bricks, Leased Area -0.5440 ha	Mining	03-03-2020		Delisted
1265	Proposed Mining Brick Earth Mine located at Khasra/Gata No.-20, 22, 23, 25, & 134, Village- Barraut Bangar & Nausherpur, Tehsil-Mant, District-Mathura, U.P., M/s Chandrawali Ent Udyog, Leased Area - 2.954 ha	Mining	03-03-2020		Delisted
1266	Proposed Mining Brick Earth Mine located at Khasra/Gata No.-07, Village- Makhdoompur Bangar, Tehsil- Mant, District-Mathura, U.P., M/s Mahadevi Ent Udyog, Leased Area -3.1597 ha	Mining	03-03-2020		Delisted

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1267	Proposed Mining Brick Earth Mine located at Khasra/Gata No.-3, 2, 68 & 296, Village- Mubarikpur & Naujhil Bangar, Tehsil-Mant, District-Mathura, U.P., M/s Mahadevi Ent Udyog, Leased Area -3.80 ha	Mining	03-03-2020		Delisted
1268	Proposed "Soil Excavation Project" at Gata No.-477 Ga, located in Village- Khatla, Tehsil- Sarojani Nagar, District- Lucknow, U.P..(Leased Area-2.7570 Ha)	Mining	04-03-2020		Delisted
1269	Proposed Mining Brick Earth (Soil) located at Khasra/Gata No.-200, 196, Village- Kushlapur, Tehsil- Puwanya, District- Shahjahanpur, U.P., M/s Rana Bricks Field, Leased Area -1.699 ha	Mining	04-03-2020		Delisted
1270	Proposed Mining Brick Earth (Soil) located at Khasra/Gata No.-128, 127, 112, 173,50, Village- Khai Kheda & Kassu Kheda, Tehsil-Sadar, District- Shahjahanpur, U.P., M/s New Gupta Ent Udyog, Leased Area -1.857 ha	Mining	04-03-2020		Delisted
1271	Proposed Project of riverbed "Ordinary Sand Mining" on the riverbed of River Gorboro at Gata No.- 373, 374, 382, 383, 384, 386, 387, 782, 800, 692 at Village-Navada, Tehsil-Mauranipur, District-Jhansi, U.P., M/s Sanika Construction, Leased Area -3.0 ha	Mining	04-03-2020	23-09-2020	EC Issued
1272	Proposed of Construct Warehoues Project "Reciprocal Logistics Park" at Khasra No.-353,354, 355, 364, 365, 366, 368, 367, 369, 370, 355/738, 223, 221, 220, 222, 373, 372, 374, 1550, 1548, 1546, 1547, 1551, 1554, 1553, 1552, 1535, 15, Village-Benti and Bhaukapur, Pargana-Bijnaur, Tehsil- Sarojani Nagar, District- Lucknow, U.P., M/s SNN Infrtech LLP	Building Construction	04-03-2020		Information SEAC
1273	Proposed "Soil Excavation Project" at Gata No.-488 mi, 573mi, 580mi, 593mi, 578 mi, located in Village- Oee, Tehsil- Maharajganj, District- Raebareli, U.P..(Leased Area-1.028 Ha)	Mining	05-03-2020		Delisted
1274	Proposed of "Building Stone (Khanda, Gitti & Boulder) Mining" Project at located Gata No.-979, Khanda No.- 04, at Village- Gahra, Tehsil & District- Mahoba, U.P., M/s Brijraj Singh Constructor, Leased Area - 1.113 ha	Mining	05-03-2020	23-09-2020	EC Issued
1275	Proposed for Brick Earth Mine Project at Khasra/Gata No.-199, 180, 53 Mi, & 126, at Village-Talepur, Tehsil-Gabhana, District- Aligarh, U.P., M/s Hari Shankar Ent Udyog, Leased Area -2.701 ha	Mining	06-03-2020		Delisted
1276	Proposed for Brick Earth Mine Project at Khasra/Gata No.-173Aa & 173bA, at Village-Ukawali, Pargana & Tehsil-Koil, District- Aligarh, U.P., M/s Hari Brick Works, Leased Area -2.861 ha	Mining	06-03-2020		Delisted
1277	Proposed for Brick Earth Mine Project at Khasra/Gata No.-337Mi, 337Mi, 983 Mi, & 1005, at Village- Pisawa, Tehsil-Gabhana, District- Aligarh, U.P., M/s Shivay Ent Udyog, Leased Area -3.398ha	Mining	06-03-2020		Delisted
1278	Proposed for Brick Earth Mine Project at Khasra/Gata No.-110,112,142 & 143, at Village-Pilakhan, Tehsil-Koil, District- Aligarh, U.P., M/s V.K.V Brick Works, Leased Area -2.891 ha	Mining	06-03-2020		Delisted
1279	Proposed for Brick Earth Mine Project at Khasra/Gata No.-41 & 43Mi, at Village-Syraul, Tehsil-Khair, District- Aligarh, U.P., M/s Shivay Ent Udyog, Leased Area -3.341 ha	Mining	06-03-2020		Delisted
1280	Proposed for Brick Earth Mine Project at Khasra/Gata No.-69, at Village-Ukawali, Pargana & Tehsil-Koil, District- Aligarh, U.P., M/s Hari Ent Udyog, Leased Area -3.177 ha	Mining	06-03-2020		Delisted

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1281	Proposed Ordinary Earth Mine Project of 3 months by Shri Jitendra Pratap Singh located at Gata No.-727, 736, Village-Kushhari, Tehsil-Hasanganj, District- Unnao, U.P., (Leased Area: 1.222 Ha)	Mining	06-03-2020		Delisted
1282	Area-4.20 Ha Badkala River Sand/Bajari/Boulder Mining Project at Khand No./Gata No.-8/1, 19, & 22, Village- Haiderpur Hinduwala, Tehsil- Behat, District-Saharanpur, U.P., (Leased Area: 4.20 Ha)	Mining	06-03-2020	24/08/2020	EC Issued
1283	Proposed Sand/Morrum Mining Project at Yamuna Rive Bed, Gata No,- 01, Village- Biyaval, Tehsil- Mau, District- Chitrakoot, U.P., M/s Harsh Enterprises, Lease Area: 32.7860 ha	Mining	06-03-2020	27-05-2020	EC Issued
1284	Proposed for Ordinary Sand Mining at Gata No.-57/4, Village-Motipur, Tehsil-Sadar, Distict-Gautam Buddha Nagar, U.P., Lease Area: 1.2650 ha	Mining	06-03-2020		Delisted
1285	Proposed for Brick Earth Mine Project at Khasra/Gata No.-571 Aaa, 571 Ba, 306 & 729 in, at Village- Jartauli, Tehsil-Khair, District- Aligarh, U.P., M/s Ambey Ent Udyog, Leased Area -2.63 ha	Mining	06-03-2020		Delisted
1286	Proposed for Brick Earth Mine Project at Khasra/Gata No.-477, 479, 480, 72, 74, 75 & 76, in Village- Shikhrana & Memadi, Tehsil-Koil, District- Aligarh, U.P., M/s Radha Krishna Ent Udyog, Leased Area -3.306 ha	Mining	07-03-2020		Delisted
1287	Proposed for Brick Earth Mine Project at Khasra/Gata No.-153, in Village-Padaka Sultanpur, Tehsil-Koil, District- Aligarh, U.P., M/s Lodhi Ent Udyog, Leased Area -2.007 ha	Mining	07-03-2020		Delisted
1288	Proposed for Brick Earth Mine Project at Khasra/Gata No.-1113Aaa, 1113Ba, 541Aa, 541Ba & 1479, in Village-Ahroula & Shivala , Tehsil-Khair, District- Aligarh, U.P., M/s Radha Krishna Ent Udyog, Leased Area - 3.845 ha	Mining	07-03-2020		Delisted
1289	Proposed "Soil Execavation Project" at Gata No.-44, 145, located in Village-Hasampur Gopal, Tehsil & - Moradabad, U.P., M/s V.R. Construction.(Leased Area-3.322 Ha)	Mining	11-03-2020		Delisted
1290	Proposed Sand/Morrum Mining Project at Ganga River Bed located at Khand No.- 1, Gata No.- 1 of Area- 9.879 Ha (24.41 Acres), Village- Uchagaon Khadar, Tehsil- Dibai, District-Bulandshahar, Uttar Pradesh. Sanctioned Lease Area-9.879 Ha	Mining	19-02-2020	15/10/2020	EC Issued
1291	Proposed "Soil Execavation Project" at Gata No.-602 Mi, 598 Mi, 603 Mi, located in Village-Sarsol, Tehsil - Sadar, District-Varansai, U.P., M/s Gammon Engineers & Contractors Pvt. Ltd.(Leased Area-4.5550 Ha)	Mining	11-03-2020		Delisted
1292	Proposed "Soil Execavation Project" at Gata No.-377, 392, located in Village-Kapasi, Tehsil -Sadar, District-Lucknow, U.P., (Leased Area-2.0130Ha)	Mining	12-03-2020		Delisted
1293	Proposed "Soil Execavation Project" at Gata No.-64,96, located in Village-Chaurhiya, Tehsil -Mohanlaganj, District-Lucknow, U.P.,(Leased Area-0.8030 Ha)	Mining	13-03-2020		Delisted
1294	Construction of Proposed "Commercial Tower" at Plot No.-C3-C, Sector-129, Noida, Gautam Buddha Nagar, U.P., M/s Northern Propmart Solutions Ltd.	Building Construction	14-03-2020	28/07/2020	EC Issued
1295	Proposed "Soil Execavation Project" at Gata No.-277, located in Village-Domghar(Kundarki), Tehsil -Bilari, District-Moradabad, U.P.(Leased Area-0.898 Ha)	Mining	14-03-2020		Delisted
1296	Proposed for the Brick Earth Mining Project located at Gata No.-301, 306, Village- Kaserva Khurd, Tehsil & District- Shamli, U.P., M/s Om Brick Field, (Leased Area-3.314 Ha)	Mining	15-03-2020		Delisted

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1297	Proposed Group Housing Project "Integrated Township" located at Gata No.- 731,732,729,737, 739, 568, Village Mangupura & Mehlapur Mafi- District- Moradabad, U.P.,M/s Chadha Infratech Pvt. Ltd.	Building Construction	16-03-2020		Information SEIAA
1298	Proposed "Soil Excavation Project" at Gata No.-327/3, 766 Sa, 763, 765Sa,777Sa, 769, located in Village-Kushmora Haluapur,District-Lucknow, U.P., M/s Raghu Vanshi Bultech Pvt. Ltd.(Leased Area-1.9970 Ha)	Mining	16-03-2020		Delisted
1299	Proposed of Government Medical College located Khasra No.- 1206 & 1093, Village- Siraon, District- Etah,U.P.	Building Construction	16-03-2020		Delisted
1300	Proposed "Soil Excavation Project" at Gata No.-275, located in Village-Malipur Mahmooda Nagala and Gata No.116 in Village-Thakarpur, Tehsil- Bilari ,District- Moradabad, U.P..(Leased Area-1.882 Ha)	Mining	16-03-2020		Delisted
1301	Proposed for Ordinary Soil Mining Project at Gata No.-408, 491, 546, 547, 548,634, 635 & 638 ,Village-Bakkas, Tehsil-Mohanalgaj,District-Lucknow, U.P.,Lease Area: 1.911 ha	Mining	17-03-2020		Delisted
1302	Proposed of Revision and Expansion of Group Housing Project "Devika Gold Homz" at Plot No.- GH-06C, Sector-01, Greater Noida(West),District-Gautam Budha Nagar, U.P., M/s Devika Gold Homz Pvt. Ltd.	Building Construction	17-03-2020	03-12-2020	EC Issued
1303	Proposed "Soil Excavation Project" at Gata No.-712, 713 Min, 714, 716, located in Village-Bainaterhar, Pragana- Kursi, Tehsil -Fatepur, District-Barabanki,U.P.(Leased Area-4.00 Ha)	Mining	18-03-2020		Delisted
1304	Proposed for Ordinary Earth Excavatio Soil Mining Project at Gata No.-536, 537, 538, 539, 541, 602,Village-Sarsundi, Pargana- Deva , Tehsil-Nawabganj,District-Barabanki, U.P.,M/s Shri O.P. Enterprises, Lease Area: 0.887 ha	Mining	18-03-2020		Delisted
1305	Proposed for Ordinary Earth Excavatio Soil Mining Project at Gata No.-51 & 52,Village-Miyapur, Pargana- Deva , Tehsil-Nawabganj,District-Barabanki, U.P.,M/s Shri O.P. Enterprises, Lease Area: 0.852 ha	Mining	18-03-2020		Delisted
1306	Proposed for Brick Earth Mine Project at Khasra/Gata No.-43, 4 \$, in Village-Sultanpur Bangar, Tehsil-Mant, District- Mathura, U.P., M/s Hawaldar Ent Udhyog, Leased Area -3.022 ha	Mining	18-03-2020		Delisted
1307	Proposed Brick Earth Mining Project at Gata No.-355, 356, 366, Village- Ambehta, Tehsil- Kairana, District-Shamli, U.P., M/s Chaudhary Israr Brick Field, Leased Area -3.239 ha	Mining	18-03-2020		Delisted
1308	Proposed Brick Earth Mine Project at Khasra/Gata No.-474, 475, 478, 107, 785, 135, Village-Kulatajpur, Tehsil- Laharpur, District-Sitapur, U.P., M/s Shukla and Lodhi Brick Field,Leased Area -2.278 ha	Mining	19-03-2020		Delisted
1309	Proposed for Addition of products for manufacturing of bulk drugs intermediates and organic chemicals at Plot/Survey/Khasra No.- 1214 & 1215 m, Village-Shernagar, District-Muzaffarnagar,U.P., M/s Sarai Chemtech LLP	Industry	29-04-2020		Closed
1310	Proposed for "Soil Mining" Project at Khasra No.- 1348 & 1353, Village- Jagdishpur, Tehsil- Bhoginipur, District- Kanpur Dehat,U.P.,M/s H R Builders,(Leased Area-1.761 Ha)	Mining	19-03-2020		Delisted

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1311	Proposed Ordinary Earth Mine Project of 3 months by Shri Akhilesh Kumar Yadav located at Gata No.-21 mi, 22 mi & 23 mi, Village-Pipri Ahatmali, Tehsil- Sadar, District- Gorakhpur, U.P., (Area: 1.085 Ha)	Mining	19-03-2020		Delisted
1312	Proposed of Development Project of Rose County East, Village-Sandauli Umarpur, Pargana- Devi Nawabganj, District- Barabanki, U.P.	Building Construction	19-03-2020		Information SEAC
1313	Proposed for Soil Mining project with lease located at Gata No.- 114, 115, 116, 117, 118, 119, 120, 123, 124, 133 Ka, 135, 136, 137, 138, 139, 167, 168, 169, 170 & 173, Village- Kishunpur, Tehsil- Kanpur Sadar, District- Kanpur Nagar, U.P., M/s R.S. Associates, Leased Area -2.38 ha	Mining	19-03-2020		Delisted
1314	Proposed Ordinary Earth Mine Project of 3 months by M/s R.K. Machinery & Engineering Suppliers, located at Gata No.-520 Ka, 328 Ka, 336 Ka, 330 Kha, 331 Kha, 363 Kha, 3364 Kha, 338 Ka, 857 Ka, 403/967, Village- Nauwa Awwal, Tehsil- Sadar, District- Gorakhpur, U.P., (Area: 1.528 Ha)	Mining	20-03-2020		Delisted
1315	Proposed "Soil Excavation" Project at Gata No.- 1239 Ka, 1241 & 1242, located in Village- Baraauli, Pargana- Deva, Tehsil- Nawabganj, District- Barabanki, U.P., (Leased Area-1.501 Ha)	Mining	20-03-2020		Delisted
1316	Proposed "Soil Excavation" Project at Gata No.-598 Ka, 599, 613, 615, 616, Village- Bahelia, Tehsil- Maliabad, District- Lucknow, U.P., M/s C.L. Construction, Area: 1.9376 Ha)	Mining	19-03-2020		Delisted
1317	Proposed "Soil Excavation" Project at Gata No.-2559, Village- Mau, Tehsil- Mohanlalganj, District- Lucknow, U.P., M/s Balaji Enterprises, Area: 0.2530 Ha)	Mining	19-03-2020		Delisted
1318	Proposed for Group Housing Project "Vrinda City located at Plot No. GH-2, Sector- PHI-04, Greater Noida, District- Gautam Buddha Nagar, U.P. M/S Centra And state Employees Sahakari Awas Samiti Limited	Building Construction	21-03-2020	15/01/2021	EC Issued
1319	Proposed "Soil Mine" Project at Khasra/Gata No.-2143 & 2181, Village- Baraauli, Tehsil- Nawabganj, District- Barabanki, U.P., M/s Kritavyu Co. Pvt. Ltd., Area: 0.253 Ha)	Mining	21-03-2020		Delisted
1320	Proposed for Group Housing Project located at Plot No.-SC-01/C-AS,, Sector- 150, Greater Noida, District- Gautam Buddha Nagar, U.P. ,M/s Augur Realtors Pvt. Ltd.	Building Construction	21-03-2020		Information SEIAA
1321	Proposed "Soil Mine" Project at Khasra/Gata No.-353, 362 Ga, 368 Ka, 381, 416 Ka, 477 & 549, Village- Sadewan, Tehsil- Sirauli Gauspur, District- Barabanki, U.P., M/s Lal Construction Co., Area: 1.3215 Ha)	Mining	21-03-2020		Delisted
1322	Proposed for Modify /Expansion of 'Residential Complex' at Plot No.- GH-05, Sector-16B, Greater Noida, District- Gautam Buddha Nagar, M/s S.J.P. Infracon Ltd.,	Building Construction	27-03-2020	28/07/2020	EC Issued
1323	Proposed of Project "Emami Nature" at Khellar, District- Jhansi, U.P., M/s Emami Realty Ltd.	Building Construction	30-03-2020	28/07/2020	EC Issued
1324	Proposed of "Ordinary Sand Mining" Project at Araj No.- 9 Gha/2, Village- Khaira, Tehsil- Sadar, District- Mirzapur, U.P., M/s Shubham Udyog, Leased Area -5.0 ha	Mining	30-03-2020	27-05-2020	EC Issued
1325	Proposed Project of M/s Shree Shailja Iron & Steels Pvt. Ltd production of 72000 MTPA Billets and 71280 MPTA Ingots at khasa no- 1797 & 1799 , at Opp. 66 KVA Power House, Industrial Area, Meerut Road, District- Muzaffarnagar, U.P.	Industry	01-04-2020	24-08-2020	EC Issued
1326	Proposed for Office Building Project located at Plot No.-04,, Sector- 142, Noida, District- Gautam Buddha Nagar, U.P. ,M/s ISGEC Heavy Engineering Ltd.	Building Construction	01-04-2020	15/10/2020	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1327	Proposed for Development of Shri Kashi Vishwnath Dham, Manikarnika Ghat and its Beautification Varanasi, U.P.	Building Construction	01-04-2020	22/05/2020	EC Issued
1328	Proposed Expansion of Induction Furnace and Rolling Mills 53000 MT PA Inuction furnace and 60000 MT TMT Bars to 2,25000 MT PA (115000 MT INGOT 110000 MT TMT Bars), at Khasra No.- 2074 & 2090, Village- Sujru, District- Muzaffarnagar, U.P., M/s Sarvottam Rolling Mills Pvt. Ltd.	Industry	16-04-2020		Closed
1329	Proposed Capacity Expansion of Cement Grinding Unit from 0.90 MTPA to 1.25 MTPA at UPSIDC Industrial are, Phase-II, Amawan road, Tehsil-Maharajganj, District- Reabareli, U.P., M/s Birla Corporation Ltd.	Cement	20-04-2020	31/12/2020	EC Issued
1330	Proposed Proposed "SGS City 2" PMAY AT Village Akbarpur and Behrampur Khasra No.4, 7, 8, 9, 10, 13, 15, 16, 21P, 22, 23, 24 Village :- Shahbad Urf Mithhepur, Khasra No:- 44M & 45. Village :- Mirzapur, Khasra No:113P, 114P, 115P, 116M, 117P, 118M, 119, 120, 121P, 123, 124, 125, 126, 127, 129, 136, 137, 138, 139, 140, 141P, 142 near Indrapuram, NH24, Dist. Ghaziabad, U.P, M/s SGS Construction and Developer Pvt. Ltd	Building Construction	05-05-2020	01-09-2020	EC Issued
1331	Proposed "SGS City 1" PMY at Village- Akbarpur and Behrampur Khasra No.- 1, 2, 3, 4, 5, 6, 6p, 7, 8, 16, 17, 18m, 19p, 20m, 21p, Village-Shahbad Urf Mithhepur Khasra No.- 46, 47, 48, 49, Village- Mirzapur Khasra No.- 126, 127, 128, 129, 130, 131, 132, 133, 134, 135, 136, 137, Near Indrapuram, NH24, District- Ghaziabad, U.P., M/s SGS Construction and Developer Pvt. Ltd.	Building Construction	05-06-2020	01-09-2020	EC Issued
1332	Proposed for ordinary sand mining from river bed of Ganga river at Khand No.- 30, at Village- Paranipur- II (Bara Shiv Temple to High Tension Line Tower) & Imlauti, Tehsil- Meja/ Handiya, District- Prayagraj, U.P., M/s Mahip Construction/88944, Leased Area -5.0 ha	Mining	11-05-2020	05-10-2020	EC Issued
1333	Proposed River Bed Ordinary Sand Mining Projectr at Gata No.- 30 Kha, 42 Kha, 42 Ga, 43 Ka, at Village- Durjanapur, Tehsil & District-Kannauj, U.P., Leased Area -5.0 ha	Mining	20-05-2020	13/10/2020	EC Issued
1334	Proposed for revise and expand the Group Housing Project "Flora Heritage : Tower-03" located at Plot No.- GH-16B, Sector-01, Greater Noida, District- Gautam Buddha Nagar, U.P., M/s Solaris Realtech Pvt. Ltd.	Building Construction	21-05-2020		Information SEIAA
1335	Proposed for the expansion of Mahamana Pandit Madan Mohan Malaviya Cancer Centre (A Unit of Tata Memorial Centre, DAE-GOI) AT bhu Campus, District- Varanasi, U.P.	Building Construction	25-05-2020		Information SEAC
1336	Proposed of Project Expansion of APIS and Bulk Drugs Manufacturing Unit from 28.70 TPA TO 324 TPA at 8th km. Jansath road, District- Muzaffarnagar, U.P., M/s Rati Pushp Intermediates Pvt. Ltd.	Industry	25-05-2020	07-07-2020	EC Issued
1337	Proposed for Imarati Patthar, Khanda, Gitti, Boulder, Mining Project at Gata No.-339, Khand-11, Village - Deherra, Tehsil- Mahoba, District- Mahoba, U.P., Lease area- 0.809 ha.	Mining	28-05-2019	09-03-2020	EC Issued
1338	Proposed River Bed Sand Mining Project from Managoru River at Gata No.-794, Village- Atpei, Tehsil- Mauranipur, District- Jhansi, U.P., Lease Area: 2.50 ha)	Mining	29-05-2020	28/07/2020	EC Issued
1339	Proposed Cement Unit at Plot No.- 190, Village- Mai, Rampur, Block- Mariyahun, District- Jaunpur, U.P., M/s VCC Hi-Tech Cement Pvt. Ltd.	Cement	29-05-2020	01-09-2020	EC Issued
1340	Proposed Cement Unit at Plot No.-B - 61, Industrial Area, Satharia (SIDA), Jaunpur.U.P., M/s Ganesh laxmi Cements Pvt. Ltd.	Cement	29-05-2020	24/08/2020	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1341	Proposed for " Addition of Products using main raw materials" by M/s Magam Industries Ltd., at Plot No.- C-24 to 28, UPSIDC Industrial Area, Meerut Road, Begrajpur, Muzaffarnagar, U.P	Industry	29-05-2020	24/08/2020	EC Issued
1342	Proposed of Modification of Shipra Commercial Complex Project at Plot No.- 10/3, Vaibhav Khand, Indrapuram, District- Ghaziabad, U.P., M/s Shipra Estate Ltd.	Building Construction	01-06-2020	07-07-2020	EC Issued
1343	Proposed Project of riverbed Sand/Morrum Mining on the Sharda River Bed, Gata No.- 504, Village- Atariya, Tehsil-Paliya, District-Kheri, U.P., M/s Raj Contractor and Supplier, Sanctioned Lease Area: 0.603 ha	Mining	01-06-2020	24/08/2020	EC Issued
1344	Proposed Group Housing Project "SKA Divya Towers" at Plot No.-Gh-01A/1, Sector-16, Greater Noida West, District -Gautam Buddha Nagar U.P., M/s JRS Conbuild Pvt. Ltd.,	Building Construction	03-06-2020	01-09-2020	EC Issued
1345	Proposed for Rajesh Soil ining Project (for category B2) at Gata No.-146 I, 123, 124, 21, 127, Village- Kurreya mu Khanpur, Tehsil- Puwanya, District- Shahjahanpur, U.P. Lease Area: 4.8 ha)	Mining	04-06-2020		Delisted
1346	Proposed of "Building Stone (Khandas, Gitti & Boulder)Mining Project at located Gata No.-42 & 44, Khand No.- 05,, Area- 1.46 ha, at Village- Baruwasyodha, Tehsil- Naraini, District- Banda, U.P., Leased Area -1.46 ha	Mining	04-06-2020	03-09-2020	EC Issued
1347	Proposed for 'Building Stone (khanda, Gitti & Boulder) Mine' Project at Gata no.-19, Khand-02, Village - Ganj, Tehsil- Mahoba, District- Mahoba, U.P., Lease area- 4.048 ha.	Mining	05-06-2020	03-09-2020	EC Issued
1348	Construction of Proposed "Light House"Project at Plot No.-1B, and 5/GH-04, Avadh Vihar, District- Lucknow, U.P.M/s JAM Sustainable Housing LLP,	Building Construction	05-06-2020	03-12-2020	EC Issued
1349	Proposed for 'Building Stone (khanda, Gitti & Boulder) Mine' Project at Gata No.-19, Khand No.-05, Village -Ganj, Tehsil- Mahoba, District- Mahoba, U.P., Lease area- 4.048 ha.	Mining	05-06-2020	03-09-2020	EC Issued
1350	Proposed of Building Stone, (Sand Stone) Mining Project at Araj No.- 1, Village- Sonpur, Tehsil- Chunar, District- Mirzapur, U.P., (Leased Area-1.01 ha)	Mining	09-06-2020	15/10/2020	EC Issued
1351	Proposed Project of Building Stone, (Sand Stone) Mining Project at Araj No.- 997 Mi, Area-3.03 ha, Village- Sindhora, Tehsil- Sadar, District- Mirzapur, U.P., M/s Vindhya Stone products. (Leased Area-3.03 ha)	Mining	10-06-2020	15/10/2020	EC Issued
1352	Proposed Project of riverbed "Ordinary Sand Mining" on the riverbed of River Ghaghra at Gata No.-1L, Village- Meerapur Dwaba, Tehsil-Sadar, District-Ayodhya, U.P.,(Leased Area-2.4 ha)	Mining	10-06-2020	23/09/2020	EC Issued
1353	Proposed Project of "Gitti/Patthar & Phahdi Morrum Mining Project "at Gata No.- 35, Khand No.- 01, in Village- Sangrampur, Tehsil- Atarra, District- Banda, U.P.,Area- 2.0 ha	Mining	11-06-2020	03-09-2020	EC Issued
1354	Proposed Project of "Gitti/Patthar & Phahdi Morrum Mining Project "located at Gata No.- 35, Khand No.- 02, Area- 2.0 ha in Village- Sangrampur, Tehsil- Atarra, District- Banda, U.P.	Mining	10-06-2020	09-10-2020	EC Issued
1355	Proposed establishment of new 60 KLPD Distillery (Rectified Spirit/Extra Neutral Alcohol/Absolute Alcohol) 7 Power Generation-2.5 MW,Village- Khadda, District- Kushinagar, U.P., M/s Indian Potash Ltd.,	Industry	12-06-2020	09-10-2020	EC Issued
1356	Proposed " Earth (Soil) Excavation" Project at Gata No.-1755 Mi, located at Village- Mawar, Tehsil- Bhognipur, District- Kanpur Dehat, U.P., M/s Siddhi Brick Field, (Area: 0.4090 Ha)	Mining	12-06-2020		Delisted

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1357	Proposed for River Sand Mine at Khasra/Araji No.-391, Village- Balargua, Talbehat, District-Lalitpur, U.P., M/s Natraj Builders,(Area: 3.238 Ha)	Mining	13-06-2020	24/08/2020	EC Issued
1358	Proposed of "Expansion of IT Park Project" located at B-6, Sector-132, Noida, District-Gautam Buddha Nagar,U.P.,M/s Espirit Techno Consultants Pvt. Ltd.	Building Construction	15-06-2020	24/08/2020	EC Issued
1359	Proposed " Soil Excavation" Project at Gata No.-313 Mi,located at Village- Sultanpur, Tehsil- B.K.T., District- Lucknow, U.P., M/s Siddhi Brick Field, (Area: 0.5090 Ha)	Mining	15-06-2020		Delisted
1360	Proposed Project of "Granite(Gitti, Khanda, Boulder) Mining Project" located at Gaa No.- 41 & 42, Khand No.- 02, Village- Baruwasyodha, Tehsil- Naraini, District-Banda, U.P., M/s Vikas Traders, Leased Area -2.0 ha	Mining	15-06-2020	09-10-2020	EC Issued
1361	Proposed of 300 Bedded Hospital in the satellite Compus of KGMU Lucknow at Khasra No.-00001, 00002, Balrampur, District-Balrampur, U.P.,	Building Construction	15-06-2020		Information SEIAA
1362	Proposed Project of riverbed Ordinary Sand Mining Project from riverbed of Ghaghra River of M/s Mahakal Traders located at Gata No.-1 La, Village- Meerapur Dwaba, Tehsil-Sadar, District-Ayodhya, U.P.,(Leased Area-2.5 ha)	Mining	16-06-2020	23/09/2020	EC Issued
1363	Proposed of "Building Stone (Khandas, Gitti & Boulder) Mining" Project located at Gata No.-501, at Village-Nahari, Tehsil-Naraini, District- Banda, U.P., Leased Area -1.21 ha	Mining	17-06-2020	09-10-2020	EC Issued
1364	Proposed of "Building Stone (Khandas, Gitti & Boulder) Mining" Project at Gata No.-332, Khanda No.- 02, , at Village- Barokhar Khurd, Tehsil- Naraini, District- Banda, U.P., Leased Area -1.61 ha	Mining	17-06-2020	05-10-2020	EC Issued
1365	Proposed of Earth Mining to be in used in "Earth Filling by Ordinary Soil Excavation, at Village-Mohammadpur Kirat, Tehsil-Ramsaneheight, District- Barabanki, U.P.,Leased Area -0.5086 ha	Mining	17-06-2020		Delisted
1366	Proposed Development of Government Medical College, NH2, Village- Chitaura, District-Fatehpur, U.P.	Building Construction	17-06-2020	31/12/2020	EC Issued
1367	Proposed for Ordinary Sand Mining from river bed of Ganga River located at Khand No.-27,Village-Chaudhraan, Tehsil- Karchhana, District- Prayagraj, U.P., Lease Area: 5.00 Ha ,	Mining	22-06-2020	05-10-2020	EC Issued
1368	Proposed of "Building Stone (Khandas, Gitti & Boulder) Mining" Project located at Gata No.-2450, Khanda No.- 05, at Village-Jarar, Tehsil-Naraini, District- Banda, U.P., Leased Area -2.0 ha	Mining	23-06-2020	05-10-2020	EC Issued
1369	Proposed of "Building Stone (Khandas, Gitti & Boulder) Mining" Project located at Gata No.-2450, Khanda No.- 03, at Village-Jarar, Tehsil-Naraini, District- Banda, U.P., Leased Area -2.0 ha	Mining	23-06-2020	05-10-2020	EC Issued
1370	Proposed for Ordinary Sand Mining from river bed of Ganga River located at Khand No.-25, Village- Kabra to Diha and Kakra to Jamunipur, Tehsil- Karchhana, District- Prayagraj, U.P., Lease Area: 4.00 Ha ,	Mining	24-06-2020	01-09-2020	EC Issued
1371	Proposed of Commercial Project "New Logistics (Warehouse) project at Village- Bhaukapur, Tehsil-Sarajini Nagar, District-Lucknow, U.P.,M/s Nanak Logistics Pvt. Ltd.	Building Construction	26-06-2020	01-09-2020	EC Issued
1372	Proposed Group Housing Project at Plot No.- GH-2 & 3, Scheme No.- 03, Ambedkarpuram, District-Kanpur, U.P.,M/s Geetika Builders and Developres Pvt.Ltd.	Building Construction	30-06-2020	09-10-2020	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1373	Proposed Expansion of Induction Furnace and Rolling Mills 53000 MT PA Induction furnace and 60000 MT TMT Bars to 2,25000 MT PA (115000 MT Ibgot 110000 MT TMT Bars), at Khasra No.- 2074 & 2090, Village-Sujru, District- Muzaffarnagar, U.P., M/s Sarvottam Rolling Mills Pvt. Ltd.	Industry	30-06-2020		Under Process
1374	Proposed River Bed Sand/ Morrum Mining Project from Betwa River for located at Khand No.- 8/4, Village- Naithi, Tehsil- Hamirpur, District- Hamirpu U.P.,M/s Kuber Kamna Marbles Pvt. Ltd., Lease Area: 38.866 ha	Mining	01-07-2020	03-09-2020	EC Issued
1375	Patyora Sand/Morrum Deposit On Yamuna River of Shri Shailendra Yadav, Authorised Signatory - Akarshit Sharma (Total Lease area is 36.437 ha) at Khand No.- 31/4,Village- Patyora, Tehsil- Hamirpur, District- Hamirpur, U.P.	Mining	04-07-2020	13/10/2020	EC Issued
1376	Proposed of the Work Project for Construction of Rubber dam at 1.5 Km downstream of Taj Mahal on River Yamuna in Agar City, District- Agar,U.P.	Building Construction	04-07-2020		Information SEIAA
1377	Proposed of Group Housing Project located at Khasra No.-656, Sector-2 C, Vasundhara, District- Ghaziabad, U.P., M/s Metro Suites Homes LLP	Building Construction	04-07-2020	09-10-2020	EC Issued
1378	Proposed of Revision and Expansion of Group Housing Project Migsun Wynn" at Plot No.- GH-01 B(1), Sector-ETA-2, Greater Noida,District- Gautam Budha Nagar, U.P., M/s SJP Hotel & Resort Pvt. Ltd.	Building Construction	06-07-2020	03-04-2021	EC Issued
1379	Proposed River Bed Sand/ Morrum Mining Project from Rapti River bed, for located at Block No.-02, Gata No.- 04, Village- Tal Mahulani, Tehsil- Campierganj, District-Gorakhpur, U.P., Lease Area: 5.0 ha	Mining	08-07-2020	15/10/2020	EC Issued
1380	Proposed of Ordinary Earth Excavation from Gata No.-674, 676, at Village-Bibipur, Tehsil-Chhibtramu, District-Kannauj, U.P.,(Leased Area: 0.773 Ha)	Mining	12-07-2020		Information SEAC
1381	Proposed Sand/Morrum Mining Project of Shri Raj Kumar Gupta(Area 30.769 Ha) at Khand No.- 9/1,Village-Kandour, Tehsil-Hamirpur, District-Hamirpur, U.P.	Mining	13-07-2020	13/10/2020	EC Issued
1382	"Adhwal Sand/Morrum Mining " Project for at river bank of Yamuna Gata No.-299, 300, 305, 306, 325 mi, 326 mi, 327 mi, at river bank of Yamuna Village- Adhawal, Tehsil- Fatehpur, District- Fatehpur, U.P.,(Leased Area: 15.0 Ha)	Mining	13-07-2020	04-09-2020	EC Issued
1383	Proposed of "Building Stone (Khanda, Gitti & Boulder) Mining" Project located at Gata No.-2451, Khand No.- 05, at Village-Jarar, Tehsil-Naraini, District- Banda, U.P.,M/s Maa Gaytri Traders, Leased Area -2.75 ha	Mining	14-07-2020		Absent
1384	Proposed of Manufacturing of Bulk Drug, Active Pharmaceutical Ingredient (API's) andIntermediates Products (84 TPA) locatedat Plot No.-M-3,Kosi Kotwan Extension-I, UPSIDC Industrial Area, Village- Nabipur, Tehsil-Chhata, District- Mathura, U.P., M/s Yas Fateh Bio Science Pvt. Ltd.	Industry	18-07-2020	05-10-2020	EC Issued
1385	Proposed Brick Earth Mining Project for M/s Sangam Brick Field to make Brick at Gata No.-4267, 1701, 4231, 4227, 3831, 4242, 4232,, Village- Kalsan, Tehsil-Tirwa, District- Kannauj, U.P., M/s Sangam Brick Field, (Leased Area: 2.553 Ha)	Mining	18-07-2020		Delisted
1386	Proposed "Ordinary Earth Mine Project" at Khasra/Gata No.-325, 336, 755/4/1, 853, located at Village-Khanpur Chaube, Tehsil- Chhibaramau, District- Kannauj, U.P., (Area: 2.238 Ha)	Mining	19-07-2020		Delisted

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1387	Proposed for Revision & Expansion of Commercial Project "Spectrum@metro- II" at Plot No.- A & B, Eco City, Sector- 75, Noida, District- Gautam Budh Nagar, U.P.,M/s Aims Max Gardenia Developers Pvt. Ltd.	Building Construction	21-07-2020	23/09/2020	EC Issued
1388	Proposed Brick Earth Mining Project for M/s Jai Balaji Brick Field at Gata No.-1547, 1585, 1414, 4866, 1557, 1584, 1586, 1802, 1649, 1587, 1679, 1007 mi, 1008, 1589, 1591, 1592, 1588, 1593, 1664, 1437, 1380 mi, 1447, Village- Rampur Maghila, Tehsil-Tirwa, District- Kannauj, U.P., M/s M/s Jai Balaji Brick Field , (Leased Area: 4.8430 Ha)	Mining	23-07-2020		Delisted
1389	Proposed of New Molasses/Cane Juice+ 80 KLD Grain based distillery having Capacity 80 KLD (Maximum Capacity of Distillery-160 KLD) along with 5.0 MW Co-Generation Power Plant at Khasra No.- 103, 46, 53, 37, 39, 59, 23, 41, 49mi,Village- Shalpur Navadiya, Tehsil- Tilhar, District- Shahjahanpur, U.P.,M/s Rajeshree Fine Chemical Industries India Pvt. Ltd.	Industry	27-07-2020	05-10-2020	EC Issued
1390	Proposed of Government Medical College located Khasra No.- 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 23, 24, 27, 28, 30, 31, 32, 33, 34, 38, 39, 40, 41, 43, 46, 47, 48, 49, 50, 53, 54, 55, 56, 57, 58, 59, 60, 64, 65, 66, 67, 68, 69, 70, 71, 73, 74, 75, 76, 77, 78, 79, 80, at Village- Daulatpur, Tehsil & District- Firozabad, U.P.	Building Construction	21-07-2020		Information SEIAA
1391	Proposed "Ordinary Earth Mine Project" at Khasra No.-420, located at Village-Hariharpur, Tehsil-Sarojaninagar, District- Lucknow, U.P., (Area: 0.3226 Ha)	Mining	30-07-2020		Closed
1392	Proposed Group Housing Project "Tirupati Paradise" at Arazi No.-581,Village-Mauza Dandupur, Pargana-Shivpur, ehsil 7 District-Varanasi, U.P.,M/s Tirupati Builders & Developers	Building Construction	30-07-2020	05-10-2020	EC Issued
1393	Proposed Industrial Building Plot No.- 01, Sector-156, Noida Being developed by M/s Surbhi Tele- link Pvt. Ltd.	Building Construction	31-07-2020	05-10-2020	EC Issued
1394	Proposed "Ordinary Soil Excavation Project" at Gata No.-146 Mi, 127, 123, 21, 124, located at Village-Kuraiya Mu Khanpur,Tehsil- Puwayan, District-Shahjahanpur, U.P., (Area: 4.80 Ha)	Mining	02-08-2020	23/09/2020	EC Issued
1395	Proposed Institutional Building located at Plot No.-B-31 & B-32, Noida, District-Gautam Buddha Nagar,U.P., M/s Enpro Telecom Pvt. Ltd.	Building Construction	05-08-2020	15/10/2020	EC Issued
1396	Proposed of Affordable Housing Project "Gopal Kiran" Under Pradhan Mantri Awas Yojna, located at Khasra No.- 1000 & 1004 ,Village- Khera Dehat, Tehsil- Dholana, District- Hapur,U.P., M/s Eureka Builders (P) Ltd.	Building Construction	05-08-2020	05-10-2020	EC Issued
1397	Proposed Group Housing Project "Prestige Bogainvillae Gardens" at Plot No.-SC-02/C, Sector-150, Noida, District- Gautam Buddha Nagar,M/s Allure Developers Pvt. Ltd.	Building Construction	05-08-2020	05-10-2020	EC Issued
1398	Proposed of "Building Stone (Khandas, Gitti & Boulder) Mining" Project located at Gata No.-22, Khanda No.- 01, at Village-Paraichha , Tehsil-Moth, District- Jhansi, U.P., Leased Area -1.902 ha	Mining	06-08-2020	15/10/2020	EC Issued
1399	Proposed for Imarati Patthar, khanda, Gitti , Boulder, Mining Project at Gata No.-339, Khand-04, Village - Deherra, Tehsil- Mahoba, District- Mahoba, U.P., Lease area- 1.619 ha.	Mining	07-08-2020	01-06-2021	EC Issued
1400	Proposed "Ordinary Earth Excavation Project" at Khasra/Gata No.-51 & 52, located at Village-Miyapur, Paragana-Dev,Tehsil- Nawabganj, District, Barabanki, U.P., (Area: 0.852 Ha)	Mining	07-08-2020		Closed

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1401	Proposed "Ordinary Earth Excavation Project" at Khasra/Gata No.-536, 537, 538, 539, 541, 602, located at Village-Sarasundi, Paragana-Dev, Tehsil- Nawabganj, District, Barabanki, U.P., (Area: 0.887Ha)	Mining	07-08-2020		Closed
1402	Proposed of Earth Mining to be in used in "Earth Filling by Ordinary Soil Excavation, at Khasra No.-296, Village-Mohammadpur Kirat, Tehsil-Ramsaneheight, District- Barabanki, U.P.,Leased Area -0.5086 ha	Mining	07-08-2020		Closed
1403	Proposed of "Building Stone (Sand Stone) Mining" Project at Arajai No.-547,at Village- Bhojpur Pahari, Tehsil- Sadar, District- Mirzapur, U.P., Leased Area -0.607 ha	Mining	08-08-2020		Information SEIAA
1404	Proposed of "Building Stone (Gitti, Boulder) Mine" Project at Gata No.-587, Khanda No.- 01, at Village- Nahari, Tehsil- Naraini, District- Banda, U.P.,M/s Jai Maa Sharda Traders, Leased Area -0.80 ha	Mining	08-08-2020	28/09/2020	EC Issued
1405	Proposed of "Building Stone (Khanda, Gitti & Boulder) Mine" Project at Gata No.-356, Khand No.- 01, at Village- Dudaiyani , Tehsil & District- Mahoba, U.P.,Leased Area -1.214 ha	Mining	08-08-2020	05-10-2020	EC Issued
1406	Stone Crusher Unit at Khasra No. 187, 188/1, 188/2 and 188/3, Village - Kasbagarh, Tehsil- Behat, District- Saharanpur U.P., M/s M.J. Stone Crusher	Mining	09-08-2019	11-08-2020	EC Issued
1407	Stone crusher at Village- Aslampur Bartha, Tehsil- Behat, Distt.-Saharanpur, U.P., M/s Neelkanth Stone Crusher	Mining	13-09-2019	11-08-2020	EC Issued
1408	Stone crusher at Village- Aslampur Bartha, Tehsil- Behat, District- Saharanpur, U.P., M/s Khalsa Stone Crusher	Mining	13-09-2019	11-08-2020	EC Issued
1409	Proposed Expansion Project of existing molasses based distillery from 45 KLD TO 65.3 KLD (RS/ENA/AA) along with power plant from 1.4 MW TO 2 MW at Khasra No.-634, 634 M, 633, 631, 627, 626, 624 partly, 622, Village-Rohana Mill, Block -Charthawal, Tehsil & District- Muzaffarnagar, U.P.,M/s Indian Potash Ltd.	Industry	09-08-2020	14/10/2020	EC Issued
1410	Proposed of "Building Stone (Khanda, Gitti & Boulder) Mine" Project at Gata No.- 1370, at Village- Kabrai, Tehsil -Kulpahad, District- Mahoba, U.P., Leased Area -2.428 ha	Mining	09-08-2020	13/10/2020	EC Issued
1411	Proposed of Expansion of "Candor Tech Space", IT/ITES, SEZ, Plot No.- 20-21, Sector- 135, Noida Distt.- G.B. Nagar, U.P., M/s Seaview Developers Pvt. Ltd.	Building Construction	09-08-2020	14/10/2020	EC Issued
1412	Proposed to Establish a 100 KLD (RS/RNA/Ethanol)Molasses based Distillery along with 4 MW of Co-Generation of Power at Village-Sujanpur,Ranet Chouraha Tehsil-Bisauli, District-Badaun,U.P., M/s Yadu Sugar Ltd.,	Industry	12-08-2020	14/10/2020	EC Issued
1413	Proposed "Soil Execavation Project" at Gata No.-488 mi, 573 mi, 580 mi, 593 mi, 578 mi,, Village- Oee, Teshil- Maharajganj, District- Reabareli, U.P.(Leased Area-1.028 Ha)	Mining	13-08-2020		Closed
1414	Proposed of "Building Stone (KhandaS, Gitti & Boulder) Mining" Project at Arajai No.- 972, at Village- Paswara, Tehsil -Sadar, District- Mahoba, U.P., Leased Area -2.429 ha	Mining	14-08-2020	13/10/2020	EC Issued
1415	Proposed "Soil Execavation Project" at Gata No.-175, 235, located in Village-Kuakhera Khalsa, Tehsil- Thakurdwara, District-Moradabad, U.P.(Leased Area-3.107 Ha)	Mining	19-08-2020	14/10/2020	EC Issued
1416	Proposed for Stone Crusher Project at Khasra No.-415, Village- Aslampur Bartha, Tehsil-Behat, District- Saharanpur, U.P.,M/s Jai Laxmi Stone Crushe	Mining	27-08-2020	10-06-2021	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1417	Proposed for Stone Crusher Project at Khasra No.439 म, 396, 397/2, Village- Aslampur Bartha, Tehsil-Behat, District- Saharanpur, U.P.,M/s Gangotri Crusheri Stone Crushe & Screening	Mining	27-08-2020	10-06-2021	EC Issued
1418	Proposed for Stone Crusher Project at Khasra No.-154/1, 179, 154/2, Village- Bartha Korsi, Tehsil-Behat, District- Saharanpur, U.P.,M/s S.S. Stone Crushe	Mining	27-08-2020	10-06-2021	EC Issued
1419	Proposed for Stone Crusher Project at Khasra No.-280, 299, 300, 301, 302, Village- Aslampur Bartha, Tehsil-Behat, District- Saharanpur, U.P.,M/s Shree Shakumbhari Stone Crushe	Mining	27-08-2020	10-06-2021	EC Issued
1420	Proposed for Stone Crusher Project at Khasra No.-398, 417, 418, 419, Village- Aslampur Bartha, Tehsil-Behat, District- Saharanpur, U.P.,M/s Shree Raja Ram Enterprises	Mining	27-08-2020	10-06-2021	EC Issued
1421	Proposed for Stone Crusher Project at Khasra No.-229/2, 235/3, 237, 235, 236, 238, 241, Village- Bartha Korsi, Tehsil-Behat, District- Saharanpur, U.P.,M/s Mohit Stone Crushe	Mining	27-08-2020	10-06-2021	EC Issued
1422	Proposed for Stone Crusher Project at Khasra No.-210 म, 211, Village- Bartha Korsi, Tehsil-Behat, District- Saharanpur, U.P.,M/s Sivam Mineral Industries	Mining	27-08-2020	10-06-2021	EC Issued
1423	Proposed for Vihaan Heights, at Plot No.-2B/GH-04, Vrindavan Yojana, District-Lucknow, U.P.,M/s Vivek Infratech Pvt. Ltd.	Building Construction	21-08-2020		Delisted
1424	Proposed Project of Building Stone, (Sand Stone mining) Mine Project at Gata No./Khasra No.- 258, Village - Baluwa Bajahur, Tehsil- Chunar, District-Mirzapur, U.P., (Leased Area-0.7 ha)	Mining	25-08-2020	15/10/2020	EC Issued
1425	Proposed for Ordinary Sand Mining to be used in Riverbed of Ghaghara M/s A.R. Vito Minerals from Gata No.-3225, Village-Chhapar Magaarbi, Teshil- Dhanghata, District- ant Kabir Nagar, U.P.,Leased Area -3.364 ha	Mining	25-08-2020	13/01/2021	EC Issued
1426	Proposed "Candor TechSpace IT Park" at Block-B, Plot No.- B-2, Sector-62, Noida, District- Gautam Budh Nagar, U.P , M/s Candor TechSpace IT/ITES SEZ	Building Construction	25-08-2020	03-12-2020	EC Issued
1427	Proposed of Riverbed Sand /Morrum mine at Khasra/Gata No.- 01,Khand No.-02 , Village-Pachauni, Tehsil & District- Lalitpur, U.P.,Leased Area -1.618 ha	Mining	26-08-2020	15/10/2020	EC Issued
1428	Proposed of Riverbed Sand /Morrum mine at Khasra/Gata No.- 01, Khand No.-01, Village-Pachauni, Tehsil & District- Lalitpur, U.P.,Leased Area -2.023 ha	Mining	26-08-2020	15/10/2020	EC Issued
1429	Proposed of " Surya Shyam Apartments at Khasra No.- 381 sa, 389, 390, Village- Ibrahimpur, Raibareilly Road, District- Lucknow, U.P.	Building Construction	28-08-2020		Information SEIAA
1430	Proposed of Industrial Building at Plot No.- 04, Sector-155, Noida, District- Gautam Buddha Nagar, U.P., M/s Surbhi Satcom Pvt. Ltd.	Building Construction	29-08-2020	31/12/2020	EC Issued
1431	Proposed for Stone Crusher Project at Khasra No.-256/1, Village- Bartha Korsi, Tehsil-Behat, District- Saharanpur, U.P.,M/s Shri Radhey Krishna Screening Plant	Mining	28-08-2020	11-06-2021	EC Issued
1432	Proposed Institutional Building at Plot No.- 51 & 52, Sector- 136, Noida, District- Gautam Budh Nagar, U.P., M/s EEE Realty Pvt. Ltd.	Building Construction	31-08-2020	15/10/2020	EC Issued
1433	Proposed for Stone Crusher Project at Khasra No.-414, Village- Aslampur Bartha, Tehsil-Behat, District- Saharanpur, U.P., M/s Chaudhary Screening Plant	Mining	02-09-2020	10-06-2021	EC Issued
1434	Proposed of Group Housing at Plot No.-SC-01/C & A-8, Sector-150, Noida, District-Gautam Budhha Nagar,M/s Abet Buildcon Pvt.Ltd.	Building Construction	01-09-2020	24/12/2020	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1435	Proposed of Group Housing at Plot No.-SC-01/C & A-7, Sector-150, Noida, District-Gautam Budhha Nagar,M/s Elicit Realtech Pvt.Ltd.	Building Construction	01-09-2020	24/12/2020	EC Issued
1436	Proposed Project of "Ordinary Sand Mining"on the river bed of River Ghaghra at Gata No.- 2 GH, 613, 1, 2, Village - Sarai asir Va Barai, Tehsil- Rudauli, District- Ayodhya, U.P.	Mining	02-09-2020	15/12/2020	EC Issued
1437	Proposed Institutional Building at Plot No.- 47, 48 & 49, Sector- 136, Noida, District- Gautam Budh Nagar, U.P., M/s Aakash Ganga Realty Pvt. Ltd.	Building Construction	03-09-2020		Information SEAC
1438	Proposed for Revision & Expansion of Group Housing Project Plot No.- 3/SP-03, Sector-03, Siddharth Vihar, District- Ghaziabad,U.P.	Building Construction	04-09-2020		Information SEAC
1439	Proposed of Ordinary Sand Mining Project on River Rapti at Gata No./Khand No./Zone No.- Ra-06, Village-Terhvir Karthari Urf Sisai, Tehsil- Campierganj, District- Gorakhpur, U.P.,Leased Area -5.00 ha	Mining	04-09-2020	15/10/2020	EC Issued
1440	Proposed of "Sand Mining " on Kosi River Bed at Gata No.- 90, Village- Bhuvra Aehatmali, Tehsil- Swaar, District- Rampur, U.P.,Leased Area -1.51.00 ha	Mining	04-09-2020	15/10/2020	EC Issued
1441	Proposed River Bed Sand/ Morrum Mining Project from Yamuna Riverbed for located at Gata No.- 453, Khand No.-01 , Village- Laibudwa, Tehsil- Balrampur, District- Balrampur U.P., Lease Area: 4.18 ha	Mining	04-09-2020	15/10/2020	EC Issued
1442	Proposed of Riverbed Sand/Bajri/Boulder ining Project from Yamuna River located at Gata No.-03, at Village-Kachhpura Beebamau, Tehsil-Jaswantnagar, District- Etawah, U.P.,M/s V.S. Construction and Developers, Leased Area -2.6861 ha	Mining	04-09-2020	15/10/2020	EC Issued
1443	Proposed of Ordinary Sand Mining Project on River bed of Tons, at Khand No.- 42, Village-From Ganga Tons Sangam to Bhaganpur, Tehsil- Karchhana, District- Prayagraj, U.P.,Leased Area -5.00 ha	Mining	05-09-2020	15/10/2020	EC Issued
1444	Proposed Warehouse at Khasra No.- 1251 Part, 1252 Ka (part),1252 Kha (part), 1253, 1257 Kha, 1258 Ka, 1259, 1259 Ka, 1260, 1261, 1263, 1267 (Part), 1268, 1297, 1298 & 1299 at Village- Mau, Tehsil- Mohanlalganj, District- Lucknow, U.P., M/s U.P. Asbestos Ltd.	Building Construction	07-09-2020	15/10/2020	EC Issued
1445	Proposed of Sand/Morrum Mining at Burma River Bed, Khand No.- 3, Gata No.- 468/14 & 1111, at Village-Dulara & Tolpatara, Tehsil- Kulpahad, District- Mahoba, U.P.,Leased Area -10.695 ha	Mining	07-09-2020	12-11-2020	EC Issued
1446	Proposed Manufacturing Unit of Water Purifier & Other Healthcare Products at Plot No.- 003, Sector- 155,Noida, District- Gautam Buddh Nagar, U.P.	Building Construction	08-09-2020	06-12-2021	EC Issued
1447	Proposed Data Centre at Plot o.-07, Knowledge Park V, Greater Noida, District- Gautam Buddh Nagar, U.P., M/s NIDP Developers Pvt. Ltd.	Building Construction	08-09-2020	19/11/2021	EC Issued
1448	Proposed of "Building Stone (Khanda, Gitti & Boulder) Mining" Project at Gata No.-356, Khand No.- 04, at Village- Dudhaiya, Tehsil & District- Mahoba, U.P., Leased Area -1.619 ha	Mining	11-09-2020	15/10/2020	EC Issued
1449	Proposed of "Building Stone (Khanda, Gitti & Boulder) Mining" Project at Gata No.-603, Khand No.- 02, at Village- Sywari (Siori), Tehsil- Mauranipur, District- Jhansi, U.P., Leased Area -1.214 ha	Mining	08-09-2020	15/10/2020	EC Issued
1450	Proposed for Construction of IT/ITES SEZ at Golden Tower at Plot No.- 08, Sector-144, Noida, District- Gautam Buddha Nagar, U.P.,M/s Golden Tower Infratech Pvt.	Building Construction	09-09-2020	15/01/2021	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1451	Proposed of "New Suncity Integrated Township" at Arazi No.- 828, 859, 862, 864, 865, 866, 867, 869, 878, 879, 957, 958, 959, 960, 961, 962, 963, 964, 965, 966, 967, 968, 969 Ka, 969 Kh, 970, 971 Ka, 9, Village- Mauja Andawa Mauja Bandhwa Tahirpur, Tehsil-Phulpur, District- Prayaganj, U.P.	Building Construction	10-09-2020		Information SEIAA
1452	Proposed "Noida Convention and Habitat Centre" at Sector-94, Noida, District-Gautam Budh Nagar, U.P./M/s New Okhila Industrial Development Authority	Building Construction	11-09-2020	24/12/2020	EC Issued
1453	Proposed Manufacturing Unit of Water Purifier & Other Kitchen Appliances at Plot No.- A-7, Sector- 87, Phase- II, Village- Naya Gaon, Tehsil- Dari, District- Gautam Buddha Nagar, U.P., M/s Kent Ro System Ltd.	Building Construction	12-09-2020	31/12/2020	EC Issued
1454	Proposed of "Building Stone (Khanda, Gitti & Boulder) Mine" Project at Gata No.-1293, Khand No.- 02, at Village- Karari, Tehsil- Sadar, District- Jhansi, U.P., Leased Area -2.03 ha	Mining	12-09-2020	15/10/2020	EC Issued
1455	Proposed for Multiplex "Himalaya City Centre" at Khasra No.- 542, 540, 544, 537 & 538, Village- Noor Nagar, District- Ghaziabad, U.P., M/s R.B. Infraestate Pvt. Ltd.,	Building Construction	12-09-2020	31/12/2020	EC Issued
1456	Proposed of "Sand Stone (Khanda, Gitti & Red Morrum) Mine" Project at Gata No.-52, at Village- Sirsiya Thakurai, Tehsil- Robertsganj, District- Sonebhadra, U.P., Leased Area -5.0 ha	Mining	12-09-2020	06-12-2021	EC Issued
1457	Proposed of Group Housing Project "Sushant Aquapolis", located at Village- Doondaherra, Tehsil- Loni, District- Ghaziabad, U.P., M/s Ansal Properties & Infrastructure Ltd.	Building Construction	14-09-2020		Information SEIAA
1458	Proposed River Bed Sand Mining Project from Betwa River for M/s A.P.M. Mining And Infra Pvt. Ltd. located at Khand No.- 10/29, Village- Beri, Tehsil- Hamirpur, District- Hamirpur, U.P., Sanctioned Lease Area: 12.145 ha	Mining	15-09-2020	15/10/2020	EC Issued
1459	Proposed for the Establishment of new Molasses based Distillery having Capacity: 100 KLD along with 7.0 MW co-gen power at Khasra No.- 108 in village Maslasia, 8, 46, 47, 49, 59, 60, 61, in Village-Musallepur, Tehsil- Dhanaura, District- J.P. Nagar, U.P., M/s Wave Industries Pvt. Ltd.	Industry	15-09-2020	15/10/2020	EC Issued
1460	Proposed of Jaypee Greens, Sports City East Part III, Sector- 19, District-Gautam Buddha Nagar, U.P.	Building Construction	15-09-2020		Information SEAC
1461	Proposed of "Building Stone (Khanda, Gitti & Boulder) Mine" Project at Gata No.-1293, Khand No.- 02, at Village- Karari, Tehsil- Sadar, District- Jhansi, U.P., Leased Area -2.03 ha	Mining	12-09-2020	15/10/2020	EC Issued
1462	Proposed of "Sand Stone (Khanda, Gitti & Red Morrum) Mine" Project at Gata No.-52, at Village- Sirsiya Thakurai, Tehsil- Robertsganj, District- Sonebhadra, U.P., Leased Area -5.0 ha	Mining	12-09-2020	06-12-2021	EC Issued
1463	Proposed River Bed Sand Mining Project from Betwa River for M/s A.P.M. Mining And Infra Pvt. Ltd. located at Khand No.- 10/29, Village- Beri, Tehsil- Hamirpur, District- Hamirpur, U.P., Sanctioned Lease Area: 12.145 ha	Mining	15-09-2020	15-10-2020	EC Issued
1464	Proposed for the Establishment of new Molasses based Distillery having Capacity: 100 KLD along with 7.0 MW co-gen power at Khasra No.- 108 in village Maslasia, 8, 46, 47, 49, 59, 60, 61, in Village-Musallepur, Tehsil- Dhanaura, District- J.P. Nagar, U.P., M/s Wave Industries Pvt. Ltd.	Industry	15-09-2020	15/10/2020	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1465	Proposed of Stone Crusher Unit at Khasra No.- 70/3/1, 70/3/1, 70/2, 68/2, 68/3/2, 68/1, Village- Dhaba, P.O.- Raipur, Tehsil- Behat, District- Saharanpur, U.P., M/s Salamti Stone Crusherr	Mining	15-09-2020		Under Process
1466	Proposed for Stone Crusher Project at Khasra No.-440, 441, 442 & 455, Village- Aslampur Bartha, Paragana-Faizabad, Tehsil-Behat, District- Saharanpur, U.P.,M/s Jai Sai Ram Enterprises	Mining	15-09-2020	03-12-2021	EC Issued
1467	Proposed for Stone Crusher Project at Khasra No.-54 & 254, Village- Bartha Korsi, Paragana-Faizabad, Tehsil-Behat, District- Saharanpur, U.P.,M/s Sanjay Construction	Mining	15-09-2020	11-09-2021	EC Issued
1468	Proposed for Stone Crusher Project at Khasra No.-57/1 & 51/2, Village- Said Mohammadpur, Paragana-Faizabad, Tehsil-Behat, District- Saharanpur, U.P., M/s Neelkanth Stone Products	Mining	15-09-2020	11-09-2021	EC Issued
1469	Proposed of "Building Stone (Khanda, Gitti & Boulder) Mine" Project at Gata No.-515, Khand No.- 04, at Village- Sirvo, Tehsil- Garautha, District- Jhansi, U.P., Leased Area -2.023 ha	Mining	15-09-2020	15/10/2020	EC Issued
1470	The Unit has proposed: 1- Establishment of new Molasses based Distillery of 100 KLD (RS/ENA/Ethanol) with 5.0 MW co-gen power 2- Sugar Plant Expansion from 2500 TCD to 8000 TCD AND Power Plant 6.0 MW to 30 MW. at Khasra No.-698, 699, 702, 703, 706, 707, 708, 709, 710, 711, 712, 713, 71, Village- Kamalapur, Tehsil- Sindauli, District- Sitapur, U.P., M/s N R Infracon Pvt .Ltd.	Industry	16-09-2020	15/10/2020	EC Issued
1471	Proposed of Building Stone "SandStone Project" at Arajai No.-639, at Village- Rampur Sakteshgarh, Tehsil- Chunar, District- Mirzapur, U.P.,Leased Area -3.64 ha	Mining	10-05-2019	27-09-2019	TOR issued
1472	Proposed River bed Sand Mining Project from Yamuna River for M/s H.S.M. Holding Pvt. Ltd. at Gata No.- 76 Mi, Village- Bela Kalan, Tehsil- Sadar, District-Gautma Buddh Nagar, U.P., (Leased Area-26.76 Ha)	Mining	16-09-2020	15/10/2020	EC Issued
1473	Proposed River Bed Sand/Morrum Mining having lease area 12.145 ha (30.00 acre) along River Betwa in Khand No.- 20/1, Village-Tikapur, Tehsil- Maudaha, District- Hamirpur, U.P.,(Leased Area-12.145 Ha)	Mining	16-09-2020	15/10/2020	EC Issued
1474	Proposed of Building Stone "SandStone Project" at Arajai No.-2577, Khand-01, at Village- Syawari (Siori), Tehsil- Mauranipur, District- Jhansi, U.P.,Leased Area -0.8090 ha	Mining	17-09-2020	15/10/2020	EC Issued
1475	Proposed of " Building Stone(Khanda, Gitti & Boulder) Mine" Project at Gata No.-587 , Khand No.-03,at Village- Nahari, Tehsil-Naraini, District Banda, U.P. Lease area-2.0 ha.	Mining	17-09-2020	10-09-2021	EC Issued
1476	Proposed of "Palm Emporio, at Khasra No.-1132, 1136, 1141, 1142, 1143, 1148, 1137, 1139, 1140, 1138, 1033, 1047, 1046, 1043, 1034, Talramgarh, Deoria By Pass Road at District- Gorakhpur, U.P.	Building Construction	17-09-2020	31/12/2020	EC Issued
1477	Proposed for "Granite (Khanda, Gitti & Boulder)" Mine Project at Gata No.-332, Khand No.- 03, Village- Badokhar Khurd, Tehsil- Naraini, District- Banda, U.P.,Leased Area -0.56 ha	Mining	17-09-2020	15/10/2020	EC Issued
1478	Proposed Project for Cement Grinding Unit of M/s Kanodia Cement Ltd. for proposed production of 2.0 MTPA at Khasra No.- 1164 K, 1165 K, 1168, 1170, 1140 Kha, 1162 Ga, 1167 mi, Village- Nagardeeh, District- Amethi, U.P.	Cement	17-09-2020	31/12/2020	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1479	Proposed of " Building Stone(Khanda, Gitti & Boulder) Mine" Project at Gata No.-587, Khand No.-06,at Village- Nahari, Tehsil-Naraini, District Banda, U.P. M/s Maa Sharda Associates, Lease area-2.0 ha.	Mining	17-09-2020	10-09-2021	EC Issued
1480	Proposed of Chamra Bojhi Soil Mining Project (for category B2) from Gata No.- 289 mi, 314 mi, 330 mi, 105, 147, 368 a, 419, Village- Chamra Bojhi, Tehsil- Puwanya, District- Shahjahanpur, U.P.,(Leased Area-3.907 Ha)	Mining	19-09-2020	15/01/2021	EC Issued
1481	Proposed for Stone Crusher Project at Khasra No.-194/1 & 195, Village- Aslampur Bartha, Paragana- Faizabad, Tehsil-Behat, District- Saharanpur, U.P.,M/s Royal Industries	Mining	18-09-2020	15/01/2021	EC Issued
1482	Proposed of Gadiya Sareli Soil Mining Project (for category B2) from Gata No.- 422, 428, 431, 432, 447, 448, 449, 451, 452, 453, Village- Gadiya Sareli, Tehsil- Puwanya, District- Shahjahanpur, U.P.,M/s Parth Enterprises, (Leased Area-4.588 Ha),	Mining	19-09-2020	15/01/2021	EC Issued
1483	Proposed of Satya Om Soil Mining Project (for category B2) from Gata No.- 62, 92 mi, 93, Village- Saharkhas Tukdadaoyam, Tehsil- Sadar, District- Shahjahanpur, U.P.,M/s Satya Om Enterprises(Leased Area-4.703 Ha),	Mining	19-09-2020	15/01/2021	EC Issued
1484	Proposed Commercial Building Project located at Plot No.-SC-01/C5, Sector-79, Noida,District- Gautam Buddha Nagar, U.P., M/s Three C City Developers Pvt. Ltd.	Building Construction	21-09-2020	24/12/2020	EC Issued
1485	Proposed Durga Industrial Park" at Khasra No.- 1/2m, 2 to 24, 25/m, 26 m, 27 m, 28, 29, 30/m, 31/m, 37m, 38m, 39m, 40m, 41 m, Jhandapur, Ghaziabad and Khasra No.-4974/1m, Pasonda Ghaziabad & Khasra No.- 448/m, 450/m, 451, 452/1, 453/1, 454, 455/2m, 455/3m, 457, 458m, 460m, 463m, 465/1m, 466m, 467m, & 468/2m, Jagola, District- Ghaziabad, U.P., M/s Durga Enterprises Pvt. Ltd.	Building Construction	21-09-2020	15/01/2021	EC Issued
1486	Proposed of Balaji Soil Mining Project (for category B2) from Gata No.- 657, 588, 83, 586, 621, 363, 468, 322, Village- Tiulak, Maholiya Mundi, Navipur E. Tiulak, Tehsil- Sadar, District- Shahjahanpur, U.P.,M/s Balaji Construction and Supplier, (Leased Area-2.145 Ha),	Mining	20-09-2020	03-04-2021	EC Issued
1487	Proposed of Ordinary Sand Mining Project at Gata No.- 36/1-3 & 38/1-3, Village-Dilari, Tehsil- Swar, District- Rampur, U.P., M/s A.A. Cable Layers.,Leased Area -1.2810 ha	Mining	21-09-2020	15/10/2020	EC Issued
1488	Proposed "Ordinary Earth Excavation Project" at Khasra/Gata No.-206, located at Village & Post- Sarosi, Tehsil & District- Unnoa, U.P. (Area:0.4050 Ha)	Mining	22-09-2020		Under Process
1489	Area-24.00 Ha on Dhasan River for Sand/Moorum Mining Project at Gata No.-1419 Kha, Khand No.-01, Villlage- Dhamnaud, Tehsil- Garautha, District- Jhansi, U.P.	Mining	22-09-2020		Under Process
1490	Proposed of Shri Banke Bihari Brick Earth Mining Project (for category B2) from Gata No.- 168, 171, 165, 187, 170, 169,, Village- Kewal Rampur Chilowa, Tehsil- Jalalabad, District- Shahjahanpur, U.P., M/s Shri Banke Bihari Ent Udyog , (Leased Area-3.422 Ha),	Mining	23-09-2020		Delisted
1491	Proposed of Kashish Brick Earth Mining Project (for category B2) from Gata No.- 256, 309, 232, 261, Village- Dhanela, Tehsil- Tilhar,District- Shahjahanpur, U.P,M/s Kashish Brick Field , (Leased Area-2.611 Ha),	Mining	23-09-2020		Delisted
1492	Proposed of Ashi Parveen Soil Mining Project (for category B2) from Gata No.- .92, 92/2, 92/17, 92/20, Village- Bhundi Khadar, Tehsil- Tilhar,District- Shahjahanpur, U.P, (Leased Area-1.772Ha),	Mining	23-09-2020	15/01/2021	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1493	Proposed River Sand Mining Project at the bank of Ken River, Khand No.-01, Gata No.-28 (Part) & 29), Khand No.- 01, Village-Kanwara, Tehsil & District- Banda, U.P., M/s Jai Durge Trading Company, Leased Area -27.0 ha	Mining	23-09-2020	15/01/2021	EC Issued
1494	Proposed of Expansion of Group Housing Project "Shere Shalimar Mannat" at PKhasra No.- 52, 53, 54 A, 54 B, 55, 59, 105, 110-119, 121, 123, at Village-Muhammadpur Nawabganj, District- Barabanki, U.P., M/s Shalimar Corp. Ltd.	Building Construction	23-09-2020	02-09-2021	EC Issued
1495	Proposed of Hira Brick Earth Mining Project (for category B2) from Gata No.- 69, 360, Village- Ismailpur Urf Navada, Tehsil- Tilhar, District- Shahjahanpur, U.P., M/s Hira Brick Field , (Leased Area-2.70 Ha),	Mining	23-09-2020	23/03/2021	EC Issued
1496	Proposed of Sabri Brick Earth Mining Project (for category B2) from Gata No.- 227/2, 208, 219, 272, 289, Village-Mansoorpur, Tehsil- Tilhar, District- Shahjahanpur, U.P., M/s Sabri Brick Field , (Leased Area-1.527 Ha),	Mining	23-09-2020	03-04-2021	EC Issued
1497	Proposed of Chand Brick Earth Mining Project (for category B2) from Gata No.- (00303), (00266) 730 mi, 433, 470, 158, 402, Village-Sehjana Tihulia, Ilra, Tehsil- Puwanya, District- Shahjahanpur, U.P., M/s Chand Brick Field , (Leased Area-2.703 Ha),	Mining	23-09-2020	23/03/2021	EC Issued
1498	Proposed of Singhal Brick Earth Mining Project (for category B2) from Gata No.- 32, Village-Dilawarpur Bhatkar, Tehsil- Sadar, District- Shahjahanpur, U.P., M/s Singhal Ent Udyog , (Leased Area-1.527 Ha),	Mining	23-09-2020	03-04-2021	EC Issued
1499	Proposed of Ordinary Sand Mining Project at Gata No.- 109, Village-Patti Kalan, Tehsil- Swar, District- Rampur, U.P., Leased Area -3.5660 ha	Mining	23-09-2020	15/10/2020	EC Issued
1500	Proposed of Ordinary Sand Mining Project at Gata No.- 92, 93 & 94, Village-Nayagaon Near Akbarabad, Tehsil- Tanda, District- Rampur, U.P., Leased Area -2.0240 ha	Mining	23-09-2020	15/10/2020	EC Issued
1501	Proposed of Igeneration Point Project at Chandhausi, Sambhal, U.P., M/s Tag Infrastructure Pvt. Ltd.	Building Construction	23-09-2020	02-09-2021	EC Issued
1502	Proposed River Bed Sand/Morrum Mining Project Betwa River at Khand No.-22/4, Village- Riruwa Basaria, Tehsil- Sarila, District- Hamirpur, U.P., M/s Malhotra Brothers, Lease Area 22.00 Ha	Mining	23-09-2020	15/10/2020	EC Issued
1503	Proposed Sand/ Morrum Mining Project of Yamuna River located at Gata No.-228, Village- Bidauli, Tehsil- Unn, District- Shamli, U.P., M/s Shakumbari Mines, Leased Area-20.469 Ha,	Mining	23-09-2020	13/01/2021	EC Issued
1504	Proposed of River Bed Sand/Morrum Mining having lease area 18.21 ha (45.00 acre) along River Yamuna in Khand No.- D2, Gata No.- 93 min, Village- Devlan, Tehsil & District- Fatehpur, U.P., M/s Santosh Kumar and Sons (Leased Area-18.21 Ha)	Mining	23-09-2020		Information SEAC
1505	Proposed of Kakra Kankar Kund Ordinary Sand Mining Project on the riverbed of Garra River at Gata No.- 634, 633, 632, 630 Kha, 1332, 1869 , at Village- Kakra Kankar Kund, Tehsil- Sadar, District- Shahjanpur, U.P., (Leased Area-11.628 Ha)	Mining	23-09-2020	15/10/2020	EC Issued
1506	Proposed for Stone Crusher Project at Khasra No.-10/1 & 44/1, Village- Abutalabpur, Paragana-Faizabad, Tehsil-Behat, District- Saharanpur, U.P., M/s K.G.N. Stone Crusher	Mining	22-09-2020	15/01/2021	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1507	Proposed River Bed Sand/Morrum Mining Project at Gata No.-05A, Gata No.- 2556 & 2557, Village-Bandhauli, Tehsil- Urai, Distt.- Jalaun, U.P., M/s A.S.V.P. Construction, Lease Area 36.437 Ha	Mining	24-09-2020	15/10/2020	EC Issued
1508	Proposed for Stone Crusher Project at Khasra No.-28/15/5, 28/17/2 & 28/18/4, Village- Madhati Ahatmal, Paragana-Faizabad, Tehsil-Behat, District- Saharanpur, U.P.,M/s Sattariya Stone Crusher	Mining	25-09-2020	15/01/2021	EC Issued
1509	Proposed "Soil Excavation" Project at Gata No.-942, 945, 984, Village-Gagoli, Tehsil- Sadar, District- Farrukhabad, U.P.,(Leased Area-1.2510 Ha)	Mining	25-09-2020	15/10/2020	EC Issued
1510	Proposed for Expansion of Hospital Block of Heritage Institute of Medical Sciences at Mauza- Bhadwar, Panditpur & Misirpur, Tehsil- Sadar and Dehat Amanat, District- Varanasi, U.P., M/s Heritage Hospitals limited	Building Construction	25-09-2020	15/01/2021	EC Issued
1511	Proposed Ordinary Earth Mining Project for at Gata No.- 141 Sa, 77 Ka & 78/1, Village- Jalalpur Marghati, Tehsil- Shikohabad, District- Firozabad, U.P.,Leased Area -3.21 ha, Shri Shailendra Kumar	Mining	26-09-2020		Under Process
1512	Proposed Ordinary Earth Mining Project for at Gata No.-117 B/3, Village- Wajidpur Kutukpur, Tehsil- Sadar, District- Firozabad, U.P.,Leased Area -0.827 ha, Shri Ram Nath	Mining	26-09-2020		Delisted
1513	Proposed of " Building Stone(Khanda, Gitti & Boulder) Mine" Project at Gata No.-19, Khand No.-05, at Village- Paraaichha, Tehsil-Moth, District- Jhansi, U.P. M/s M.C.C. Mahadev Construction Pvt. Ltd. , Lease area-2.023 ha.	Mining	26-09-2020	19/10/2021	EC Issued
1514	Proposed Sand/Morrum Mining Project located at Gata No.- 317 Mi, Khand No.- 04, Village- Kurauna, Tehsil- Orai, District- Jalaun, U.P.,(Leased Area-16.194 Ha)	Mining	26-09-2020	15/10/2020	EC Issued
1515	Proposed River Bed Sand/Morrum Mining Project from Betwa River for , located at Gata No.- 317 Mi, Khand No.- 03, Village- Kurauna, Tehsil- Orai, District- Jalaun, U.P.,M/s Shaksham Contractors Suppliers(Leased Area-20.242 Ha)	Mining	26-09-2020	15/10/2020	EC Issued
1516	Proposed of Jaypee Greens, Sports City East Part I & II, Sector- 19 & 22 of Yamuna Expressway Industrial De, District-Gautam Buddha Nagar,U.P., M/s Jaypee Infratech Limited	Building Construction	26-09-2020		Information SEAC
1517	Proposed for the Group Housing Project "The Park" located at Plot No.- GH-1C, Sector-16 C, Greater Noida, District- Gautam Buddha Nagar, U.P., M/s JNC Construction Pvt. Ltd.,	Building Construction	27-09-2020	31-12-2020	EC Issued
1518	Proposed of Hotel Cum Commercial and Residential Project at Khasra No.- 94-98, 1955-1959, 1962, 1986-88, 1995, 1996 & Part of Khasra No.- 99, 103, 1963, 1994 & 1997 Part of Plot No- G/C-01, Taj Nagari, District- Agar, U.P., M/s Gangetic Developers Pvt. Ltd.	Building Construction	28-09-2020		Information SEIAA
1519	Proposed of Modernization of Group Housing Project at Plot No.- GH-A(GH-6 TO GH-13), Housing Sector, Talanagari Industrial Area, District- Aligarh, U.P., M/s Ozone Promoters Pvt. Ltd.	Building Construction	28-09-2020	31/12/2020	EC Issued
1520	Proposed Ordinary Sand Mining Project from Ganga river for at Gata No.- 648, Village- Akbarabad, Tehsil- Tanda, District- Rampur, U.P.,Leased Area -2.9220 ha, M/s Shiv Shakti Enterprises	Mining	28-09-2020	15/10/2020	EC Issued
1521	Proposed for the Group Housing Project located at Plot No.- 76, Sector SIGMA IV, Greater Noida, District- Gautam Buddha Nagar, U.P., M/s S S Awas Samiti Ltd.	Building Construction	29-09-2020		Information SEIAA

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1522	Proposed Ordinary Sand Mining Project from Ghaghara river for at Gata No.- 2296 Kh, Village- Bhauri, Tehsil- Mahasi, District- Bahraich, U.P., Leased Area -4.536 ha, Shri Durgesh Kumar	Mining	29-09-2020	15/10/2020	EC Issued
1523	Proposed Project of River Bed Ordinary Sand Mining on the River Betwa at Gata No.- 1191/2, Khand No.- 04 , Village- Sikarivyas, Tehsil- Orai, District- Jalaun, U.P., M/s Gauri Traders Lease Area: 20.242 ha,	Mining	29-09-2020	15/10/2020	EC Issued
1524	Proposed river bed Ordinary Sand Mining from Betwa River at Gata No.-1396 , Khand No.-1, Village- Bhedi Khurd, Tehsil- Kalpi, District- Jalaun, U.P., M/s Mankameshwar Infrastructure, (Leased Area-20.42 Ha)	Mining	29-09-2020	15/10/2020	EC Issued
1525	Proposed "Ordinary Soil Excavation" Project at Gata No.-402, 409, 421, 364, Village-Bijaura Bijauriya, Tehsil- Puwanya, District- Shahjahanpur, U.P., (Leased Area-3.52 Ha)	Mining	30-09-2020		Information SEIAA
1526	Proposed Multiplex/ Shopping Mall "City Centre L A Mall Bareilly" at Khasra No.- 26, Plot No.- 103, Gram- Makrandpur, Sarkar, 98, Civil Lines, Bareilly, U.P., M/s Parish Buildwell Pvt. Ltd.	Building Construction	30-09-2020	31/12/2020	EC Issued
1527	Proposed for Expansion of Group Housing Project " Capital Atherna" located at Plot No.- GH-12A-2, Sector-01, Greater Noida, District- Gautam Buddh Nagar, U.P., M/s Capital Infratechomes Pvt Ltd.	Building Construction	30-09-2020	31/12/2020	EC Issued
1528	Proposed for Revision & Expansion of the Group Housing Project "Palm Olympia" at P[lot No.-GH-02, Sector-16 C, Greater Noida, District- Gautam Budha Nagar, U.P., M/s Sam India Abhimanyu Housing	Building Construction	30-09-2020	31/12/2020	EC Issued
1529	Proposed for Revision & Expansion of Integrated Township "Golf Links" located at Village- Mehrauli, Paragna- Dasna, Tehsil & District- Ghaziabad, U.P., M/s Landcraft Developers (P) Ltd.	Building Construction	30-09-2020	31/12/2020	EC Issued
1530	Proposed of "Onshore Oil & Gas Exploration & Appraisal and Early Production" in GV-ONHP-2017/1, Hydrocarbon Block falling in Kheri and Shahjahanpur Districts of U.P., M/s Vedanta Ltd.(Div: Carin Oil & Gas)	Industry	30-09-2020	19/10/2021	EC Issued
1531	Proposed of Group Housing Project at Village- Mauza Mau, Tehsil & District- Agra, U.P., M/s Paawan Sahkari Awas Samiti Ltd.	Building Construction	30-09-2020		Information SEAC
1532	Proposed of " Building Stone(Khanda, Gitti & Boulder) & Red Morrum Mining" Project at Gata No.-585, Khand No.-01, at Village- Bhandra, Tehsil-Mauranipur, District Jhansi, U.P. Lease area-2.0 ha., Shri Chaudhary Ubaid Ahmad Thekedar	Mining	30-09-2020		Information SEAC
1533	Proposed River Bed Sand/Morrum Mining having lease Area 14.00 ha (34.58 acre) along river Betwa in Gata No.- 01, 218 Ka, Village- Kudri, Tehsil- Garautha, District- Jhansi, U.P., Lease Area: 14.00 ha, Shri Tarun Gupta	Mining	30-09-2020	15/10/2020	EC Issued
1534	Proposed of " Building Stone(Khanda, Gitti & Boulder)Mining" Project at Gata No.-326, Khand No.-01, at Village- Todi, Tehsil-Moth, District Jhansi, U.P. Lease area-0.809 ha.	Mining	30-09-2020	17/09/2021	EC Issued
1535	Proposed of River Bed Sand Mining along Ganga river, at Gata No.- 72, at Village/Ghat- Katri Manpur, Tehsil- Sadar, District- Farrukhabad, U.P., of Shri Suresh Chandra Dani, Leased Area -10.177 ha	Mining	30-09-2020	15/10/2020	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1536	Proposed of River Bed Sand Mining along river bed of Ganga river, at Gata No.- 1/3, at Village-Sinauli, Tehsil- Kaimganj, District- Farrukhabad, U.P., of Shri Suresh Chandra Dani, Leased Area -10.177 ha	Mining	30-09-2020	15/10/2020	EC Issued
1537	Proposed "Ordinary Sand Mining at Gauriya Nala" located at Gata No.- 5, 7 Ka, 30 Ka Mi, 28, Village- Ahlad Naga , Tehsil & District- Balrampur, U.P., M/s Mishra Construction Company, Lease Area: 2.387 ha,	Mining	30-09-2020	15/10/2020	EC Issued
1538	Proposed Ordinary Sand Mining Project from Riverbed of Ghaghra River of Shri Devendra Kumar located at Gata No.- 2 Mi, Village- Baluwa Bhawanibaksh, Tehsil- Sagari, District- Azamgarh, U.P., (Lease Area: 4.56 ha)	Mining	01-10-2020	30/12/2020	EC Issued
1539	Proposed Ordinary Sand Mining Project from Riverbed of Ghaghra River of Shri Anil Kumar located at Gata No.- 767i, Village- Sahbadiya Sultanpur, Tehsil- Sagari, District- Azamgarh, U.P., (Lease Area: 4.94 ha)	Mining	01-10-2020	30/12/2020	EC Issued
1540	Proposed of " Building Stone (Khanda, Boulder, Bailast & Gitti)Mining" Project at Gata No.-2660, at Village- Pahra, Tehsil-Mahoba, District -Mahoba, U.P. Lease area-2.935 ha.	Mining	01-10-2020	06-10-2021	EC Issued
1541	Proposed of "Type-V, 100 Residence in 500 Bedded Super Specialty Block Ground,"Tehsil- Saifai, District- Eatwah, U.P.	Building Construction	02-10-2020		Information SEIAA
1542	Proposed River Bed Sand/Morrum Mining Project along river Betwa in Gata No.- 321 Ga, Village- Salemapur , Tehsil- Moth, District-Jhansi, U.P., (Leased Area-10.0 ha)	Mining	02-10-2020	01-06-2021	EC Issued
1543	Proposed of " Building Stone(Khanda, Gitti & Boulder) Mine" Project at Gata No.-181, Khand No.-01, at Village- Haivatpura, Tehsil-Garautha, District- Jhansi, U.P. M/s Dee. Enterprises, Lease area-2.023 ha.	Mining	03-10-2020	30/12/2020	EC Issued
1544	Proposed Project of riverbed Ordinary Sand Mining on the riverbed of Rapti River located at Gata No.- 10/2, Block No.- 02, Village- Nadua Lalpur Ehatmali, Tehsil- Sadar, District- Gorakhpur, U.P., (Lease Area: 5.0 ha)	Mining	03-10-2020	02-04-2021	EC Issued
1545	Proposed of Expansion of Cement Production Capacity from 1.0 MTPA to 1.25 MTPA of Existing stand-alone clinker Grinding Unit at Plot No.- 19 & 20, UPSIDC Industrial Area, Sikandrabad, District- Bulandshahar, U.P., M/s Ultra Tech Cement Ltd.	Cement	05-10-2020		Information SEIAA
1546	Proposed of Commercial Complex Project at Plot No.- LS-05, Sector-Gamma-01, Greater Noida, District- Gautam Buddha Nagar, U.P., M/s Vardhman Infrabuild Pvt. Ltd.	Building Construction	06-10-2020	15/01/2021	EC Issued
1547	Proposed of Sand Mining Project at Kosi River Bed located at Gata No.-97, Village- Dadhyal Aehatmali , Tehsil- Tanda, District- Rampur, U.P., (Lease Area: 1.654 ha)	Mining	07-10-2020	30/12/2020	EC Issued
1548	Proposed of Barua Aehatmalis Sand Mining Project of M/s Kashi Construction Company (Gata No.-392/1) & Area- 17.71 Ha Near Village- Barua Aehatmalisi, Tehsil- Rajapur, District- Chitrakoot, U.P.	Mining	07-10-2020	23/12/2020	EC Issued
1549	Proposed of " Rohit Colonisere Pvt. Ltd." 681/682, Village - Madaion, Tehsil- Bakshi Ka Talap, District- Lucknow, U.P.	Building Construction	08-10-2020		Information SEAC
1550	Proposed of "Building Stone (Sand Stone) Mine" Project at Gata No./Araji No.-730 , at Village- Bhagotidei , Tehsil- Chunar, District- Mirzapur, U.P., Leased Area -1.01 ha	Mining	09-10-2020	03-04-2021	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1551	Proposed Sand Mining at Ghaghara River bed, Gata No.-02 over an Area of 25.0 Ha Situated in Village- Sharwa Manjha, District-Faizabad, U.P., (Leased Area: 25.0 Ha)	Mining	09-10-2020	01-04-2022	EC Issued
1552	Proposed of Model Exims (Unit-02), A-32, LTP Banthar, District-Unnao, U.P.,	Industry	09-10-2020		Information SEAC
1553	Proposed Institutional Building at Plot No- 1 A, Sector, 142, District -Gautam Budha Nagar, U.P., M/s Suryakiran Info Pvt. Ltd.	Building Construction	10-10-2020	15/01/2021	EC Issued
1554	Proposed for Diaspore- Pyrophyllite Mining Project at Khasra No.- 1340, 1344, 1345, 1339, 1328, and Bawal Tanda 421, 422, at Village- Palar, Bewal & Tanda, Tehsil- Jhansi, U.P.,(Leased Area:72.50 Ha)	Mining	14-10-2020	24/02/2021	EC Issued
1555	Proposed "Soil Excavation" Project at Gata No.-291, 292, Kha, 307, 309, 273, 243, 274, Village-Bahadur Pur Rajput, Tehsil- Bilari, District- Moradabad, U.P. ,Lease area-1.3470 ha.	Mining	19-10-2020	16/03/2021	EC Issued
1556	Proposed "Ordinary Earth" Mining Project located at Gata No.-735, 732 Kha, 734 Kha, 732 Ka, 734 Ka, 699, Village- Neri, Tehsil & District- Sitapur, U.P., (Lease Area: 0.801ha)	Mining	21-10-2020	15/01/2021	EC Issued
1557	Proposed "Ordinary Earth" Mining Project located at Gata No.-7, 373, 374, 585, 587, 588, 589, 620, 692, 693, 706, 808, 809, 812, 463, 464, 467, 468, 469, 501, 683, 60, 481, 204, 338 ka , 279, 281 ka, 341, Village- Khapura, Tehsil & District- Sitapur, U.P.,M/s Ramraj Construction (Lease Area: 4.085ha)	Mining	23-10-2020	15/01/2021	EC Issued
1558	Proposed "Ordinary Earth" Mining Project located at Gata No.-125 mi, 1238 mi, , Village-Dhanai Khera, Tehsil & District- Sitapur, U.P., M/s Ramraj Construction, (Lease Area: 1.295 ha)	Mining	26-10-2020	15/01/2021	EC Issued
1559	Proposed of Earth Mining Project at Khasra No.- 116, 38 Ma, 601, 63 M, 65 Ma, Village- Sakeri, Tehsil- Budhana, District- Muzaffarnagar, U.P., M/s RCC Developers Ltd., (Lease Area: 4.955 ha)	Mining	26-10-2020		Information SEIAA
1560	Proposed of Soil Mine Project from Khasra/Gata No.-486 Kha & 486 Gha, at Village-Chilvara(Khairabad), Tehsil & District- Sitapur, U.P.,(Leased Area: 4.028 Ha)	Mining	26-10-2020	24/02/2021	EC Issued
1561	Proposed of Earth Mining Project at Khasra No.-56, 166, Village- Bharadwaj Colony, Tehsil- Shorampur, District- Bulandshahar, U.P., M/s Atlas Construction Pvt. Ltd., (Lease Area: 0.5137 ha)	Mining	26-10-2020		Information SEIAA
1562	Proposed of " Building Stone (Khanda, Gitti & Boulder)Mining" Project at Gata No.-173, Khand No.- 01, at Village- Dhawar, Tehsil-Moth, District -Jhansi, U.P., M/s Raj Construction Company, Lease area-2.832 ha.	Mining	29-10-2020	15/01/2021	EC Issued
1563	Proposed of " Building Stone (Khanda, Gitti & Boulder) Mining" Project at Gata No.-479, 480, Khand No.- 01, at Village- Kanja, Tehsil-Mauranipur, District- Jhansi, U.P., , Lease area-2.023 ha.	Mining	29-10-2020		Information SEIAA
1564	Proposed River Bed Sand/Morrum Mining having lease area 7.13 ha (17.61) along River Ken in Khanda No.- BA-1,Gata No.- 43 mi, 44 mi, Village- Bara, Tehsil- Bindki, District- Fatehpur, U.P., M/s Shreebamdev Global Pvt. Ltd., (Leased Area-7.13 Ha)	Mining	31-10-2020	23/12/2020	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1565	Proposed River Bed Sand/Morrum Mining Project on the River Bed of River Betwa located at Gata No.- 1396 G, Khand No.- 02, Village-Bhedikhurd, Tehsil- Kalpi, District-Jalaun, Uttar Pradesh. M/s M P Infra, Sanctioned Lease Area-20.242Ha	Mining	31-10-2020	15/01/2021	EC Issued
1566	Proposed Project of Riverbed "Ordinary Sand Mining" on the Riverbed of Ganga River at Gata No.- 1436/22, Khand No.-1/A,Village- Ralpur, Tehsil-Laganj, District- Raebareli, U.P., (Leased Area: 8.49 Ha)	Mining	03-11-2020	15/01/2021	EC Issued
1567	Proposed for Group Housing at Plot No.- 3/S9-10, Siddhart Vihar, Ghaziabad, U.P.,M/s Shadbolt Build World Pvt. Ltd.	Building Construction	03-11-2020		Information SEAC
1568	Proposed Institutional Building at Plot No.- A-09, Sector- 132, Noida, District- Gautam Buddha Nagar, U.P, M/s Wellgrow Infotech Pvt. Ltd.	Building Construction	05-11-2020		Information SEAC
1569	Proposed of "Building Stone (Sand Stone) Mine" Project at Gata No./Araji No./Plot No.-1006, at Village-Sariya, Tehsil- Chunar, District- Mirzapur, U.P.,Shri Digvijay Singh, M/s Aastha Traders Leased Area -1.01 ha	Mining	07-11-2020	16/03/2021	EC Issued
1570	Proposed of (Balu, Bajri, Boulder) Mining" Project at Gata No.-253, 254, 255, 256, 257 & 266, at Village-Sundarwali, Tehsil-Nagina, District -Bijnor, U.P. Lease area-2.335 ha.	Mining	07-11-2020	13/01/2021	EC Issued
1571	Proposed Group Housing Project (PMAY) "Migsun Atharva-Plot C" located at Khasra No.- 90 & 91, Village-Morta, District- Ghaziabad, U.P., M/s Mahaluxmi Buildtech Ltd.,	Building Construction	09-11-2020		Information SEIAA
1572	Proposed of "Building Stone (Sand Stone) Mine" Project at Gata No./Araji No.-399, at Village-Kudaran, Tehsil- Chunar, District- Mirzapur, U.P., Leased Area -1.616 ha	Mining	09-11-2020	27/05/2021	EC Issued
1573	Proposed of "Building Stone (Sand Stone) Mine" Project at Gata No./Araji No.-188 mi, at Village-Lahaura, Tehsil- Chunar, District- Mirzapur, U.P.,M/s Om Sai Construction, Leased Area -0.809 ha	Mining	10-11-2020	21/12/2021	EC Issued
1574	Proposed for Building Stone (Sand Stone) mine at Gata No./Araji No.-141, Lease Area-1.212 ha (3.00 Acres) at Village- Chiraiya, Tehsil- Chunar, District- Mirzapur, U.P., M/s A.K.S. Industries, Leased Area - 1.212 ha	Mining	11-11-2020		Information SEAC
1575	Proposed of "Building Stone (Sand Stone) Mine" Project at located Gata No./Araji No-997 mi, at Village-Sindhora, Tehsil- Sadar, District- Mirzapur, U.P.,M/s Unnati Construction Leased Area -0.809 ha	Mining	11-11-2020	11-09-2021	EC Issued
1576	Proposed of "Building Stone (Sand Stone) Mine" Project at Gata No./Araji No./Plot No-02 , at Village-Sariya , Tehsil- Chunar, District- Mirzapur, U.P.,Leased Area -0.809 ha	Mining	12-11-2020	19/11/2021	EC Issued
1577	Proposed of "Building Stone (Sand Stone) Mine" Project at Gata No./Araji No./Plot No.-1 KA , at Village-Sonpur, Tehsil- Chunar, District- Mirzapur, U.P.,M/s Maa Shitala Stone, Leased Area -0.809 ha	Mining	19-11-2020	03-04-2021	EC Issued
1578	Proposed of " Building Stone (Khanda, Gitti, Boulder)Mining" Project at Gata No.-442 Ga, Khand No.- 02, at Village- Dongri, Tehsil-Sadar, District -Jhansi, U.P. Lease area-1.618 ha.	Mining	21-11-2020	19/11/2021	EC Issued
1579	Proposed of " Building Stone (Khanda, Gitti, Boulder)Mining" Project at Gata No.-105, Khand No.- 01, at Village- Athodna, Tehsil-Sadar, District -Jhansi, U.P. Lease area-2.023 ha.	Mining	21-11-2020		Information SEAC
1580	Proposed of " Building Stone (Khanda, Gitti, Boulder)Mining" Project at Gata No.-06, Khand No.- 01, at Village- Punawali Kalan, Tehsil & District -Jhansi, U.P. Lease area-2.428 ha.	Mining	21-11-2020	15/01/2021	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1581	Proposed of Upgradation of District Hospital Building 300 bed into teaching hospital 500 bed of medical college (construction of 200 bedded hospital) at District- Bijnor, U.P.	Building Construction	22-11-2020		Closed
1582	Proposed of Sand/ Bajari/Boulder Mining Project at Gata No.-378/2 & 379/2, Village- Sherpur Pelo, Tehsil- Behat, District- Saharanpur, U.P., Lease Area 7.00 Ha	Mining	25-11-2020	13/01/2021	EC Issued
1583	Proposed of Yamuna River Sand/ Bajari/ Boulder Mining Project at Khand No.-01, Village- Bartha Korsi, Tehsil- Behat, District- Saharanpur, U.P., M/s Star Mines, Lease Area 36.00 Ha	Mining	25-11-2020	30/12/2021	EC Issued
1584	Proposed Ordinary Sand Mining Project from Ganghra river for at Gata No.- 648, Village- Malauli, Tehsil- Gola, District- Gorakhpur, U.P., Leased Area -5.0 ha,	Mining	26-11-2020	15/01/2021	EC Issued
1585	Proposed for Sand Stone (Khanda, Gitti, Boulder) Mine, at Gata No./Araji No.- 997 mi, Village- Sindhora, Tehsil- Sadar, District- Mirzapur, U.P., (Area: 0.80 Ha)	Mining	26-11-2020	03-04-2021	EC Issued
1586	Proposed Medical College at District Referral Hospital at Village- Bans Deoria, District- Deoria, U.P.	Building Construction	28-11-2020		Information SEIAA
1587	M/s Avadh Sugar & Energy Ltd., (Sugar Hargaon Unit) has proposed expansion/ modernization of Sugar Cane Crushing Capacity from 10,000 TCD to 13,000 TCD, and Power Plant from 22.0 MW to 26.5 MW at Village- Hargaon, District- Sitapur, U.P., M/s Avadh Sugar & Energy Ltd.	Industry	30-11-2020	15/01/2021	EC Issued
1588	Proposed Ordinary Sand Mining Project from River Bed of Rapti river at Gata No./Khand No.- 03, at Village- Indravar, Tehsil- Campierganj, District- Gorakhpur, U.P., Leased Area -5.0 ha,	Mining	01-12-2020	15/01/2021	EC Issued
1589	Proposed of Ordinary Earth Mining Project at Khasra No.-1288, 1289, Village- Katesar, Tehsil- Laharpur, District- Sitapur, U.P., (Lease Area: 0.562 ha)	Mining	01-12-2020		Information SEAC
1590	Proposed of Ordinary Earth (Loam/Silty Clay) Mining Project at Khasra No.-1124, 1186, Village- Katesar, Tehsil- Laharpur, District- Sitapur, U.P., (Lease Area: 0.376 ha)	Mining	01-12-2020		Information SEIAA
1591	Proposed of " Building Stone (Khanda, Boulder, Bailast & Gitti)Mining" Project at Gata No.-188, Khand No.- 02, at Village- Mahua Itaura, Tehsil-Kulpahad, District -Mahoba, U.P. Lease area-1.012 ha.	Mining	01-12-2020	15/01/2021	EC Issued
1592	Proposed "Gitti/ Patthar & Weathered Morrum Mine" Project at Gata No.- 35, Khand No.- 03, Village- Sangrampur, Tehsil- Atarra, District- Banda, M/s Jai Shri Sankat Mochan Stone Mill, Leased Area -2.0 ha	Mining	01-12-2020	15/01/2021	EC Issued
1593	Proposed of Ajay Soil Mining Project (Category B2) from Khasra No.-447, Village- Tahpur, Tehsil- Laharpur, District- Sitapur, U.P., (Lease Area: 0.591 ha)	Mining	02-12-2020	18/03/2021	EC Issued
1594	Proposed of Ordinary Soil Eccavation Project at Gata No.-176, 166/2, 167, 168, 169, 171/2, 135/2, 318, 172, 207, 195, 196, 180, 390,, Village- Murtajanagar, Tehsil- Mahmoodabad, District- Sitapur, U.P., (Lease Area:2.176 ha)	Mining	02-12-2020	15/01/2021	EC Issued
1595	Proposed Commercial Building , Sector-133, Noida, District- Gautam Buddha Nagar, U.P., M/s Franklin Infratech Pvt. Ltd.	Building Construction	03-12-2020	02-09-2021	EC Issued
1596	Proposed of " Building Stone (Khanda, Gitti ,Boulder & Bailast)Mining" Project at Gata No.669, Khand No.- 03, at Village- kHAILAR, Tehsil-Sadar , District -Jhansi, U.P. Lease area-2.023 ha.	Mining	05-12-2020		Information SEAC

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1597	Proposed of " Building Stone (Khanda,Gitti, Boulder) Mining" Project at Gata No.-267, Khand No.- 01, at Village- Silari, Tehsil-Moth, District -Jhansi, U.P. Lease area-1.416 ha.	Mining	05-12-2020	19/10/2021	EC Issued
1598	Proposed Commercial Development Project Ithum's 73 ,located at Plot No.- 04 Sector-73, Noida, District- Gautam Buddha Nagar, U.P., M/s Sifal Infotech Pvt . Ltd.	Building Construction	06-12-2020	06-04-2021	EC Issued
1599	Proposed Revision & Expansion of "IT Park" Project Plot No.- 06, Sector-142, Noida, District- Gautam Buddha Nagar, U.P., M/s Splendor IT Pvt . Ltd.	Building Construction	06-12-2020		Closed
1600	Proposed for IT Park (Think Next Village) Project at Plot No.- 20, Knowledge Park- III, Greater Noida,District- Gautam Buddha Nagar, U.P.,	Building Construction	06-12-2020	02-09-2021	EC Issued
1601	Proposed Ordinary Sand Mining Project at Gata No.-21 Ka/20,at Village- Manjha Setuhee, Tehsil- Laharpur, District- Sitapur, U.P.,Leased Area -1.0720 ha,	Mining	08-12-2020	15/11/2021	EC Issued
1602	Proposed of " Building Stone (Khanda, Boulder, Bailast & Gitti)Mining" Project at Gata No.-426, at Village- Palka, Tehsil-Mahoba, District -Mahoba, U.P. Lease area-1.214 ha.	Mining	08-12-2020	15/11/2021	EC Issued
1603	Proposed of " Building Stone (Khanda, Boulder, Bailast & Gitti)Mining" Project at Gata No.-50, at Village- Kumaharora, Tehsil & District- Mahoba, U.P., M/s Harishankar Rajput Contractor Lease area-0.635 ha.	Mining	08-12-2020	15/01/2021	EC Issued
1604	Proposed of New Cement (Clinker) Grinding unit capacity 90000 TPA (300 TPD) at Plot No.-B-34, SIDA, Industrial Area, Satharia, District-Jaunpur, U.P. M/s DLVK Cement Private Ltd.	Cement	10-12-2020	15/01/2021	EC Issued
1605	Proposed of Building Stone (Khandas & Gitti, Boulder) Mining Project at Gata No.- 01, Khand No.- 01,Area- 0.809 ha, Village- Baghwa, Tehsil- Mahoba, District- Mahoba, U.P.,(Leased Area-0.809 ha)	Mining	10-12-2020		Information SEAC
1606	Proposed of Building Stone (Khanda & Gitti, Boulder) Mining Project at Khasra No./ Plot No.- 719, Khand No.- 01, at Village- Chhatahara Ghurehtha, Tehsil- Bara, District- Prayagraj, U.P., M/s Sarita Construction Company, (Leased Area- 2.024 ha)	Mining	10-12-2020	26/03/2021	EC Issued
1607	Proposed for "Building Stone (Khanda, Gitti & Boulder) Mine" Project at Gata No.-332, Khand No.- 01, Village- Badokhar Khurd, Tehsil- Naraini, District- Banda, U.P.,Leased Area -1.61 ha	Mining	11-12-2020	15/01/2021	EC Issued
1608	Proposed Project of Building Stone,(Sand Stone) Mine Project located at Gata No./Araji No./Plot No.- 188mi, Village- Lahaura, Tehsil- Chaunar, District- Mirzapur, U.P., Leased Area -1.01 ha	Mining	11-12-2020		Information SEAC
1609	Proposed of "Building Stone (Khanda, Gitti & Boulder) Mining" Project located at Gata No.-339, Khand No.- 19, at Village-Daharra, Tehsil & District- Mahoba, U.P.,M/s Natinonal Granite, Leased Area -1.214 ha	Mining	11-12-2020	15/01/2021	EC Issued
1610	Proposed Capacity Expansion of Sand Stone (Gitte- Pathhar, Khandas, Boulder) mine at Khasra No./Plot No.- 2098, Khand No.- 51A, at Village- Bhatauti, Tehsil- Meja, District- Prayagraj, U.P., M/s Nitin Nishad/90873, Leased Area -2.631 ha	Mining	12-12-2020	26/03/2021	EC Issued
1611	Proposed for "Granite (Khanda, Gitti & Boulder & Weathered Morrum)Mine" Project at Gata No.-714, Khand No.- 03, Village- Gonda,Tehsil- Karwi, District- Chitarkoot, U.P.,Leased Area -1.4169 ha	Mining	12-12-2020		Information SEAC

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1612	Proposed of Khanda,Gitti mine at Araj/Gata No.- 02/1, Khand No.-03, Village- Lakhanpura, Tehsil & District- Lalitpur, U.P.,Lease Area 1.0 Ha	Mining	13-12-2020	15/01/2021	EC Issued
1613	Proposed of " Building Stone (Khanda, Boulder, Bailast & Gitti)Mining" Project at Gata No.-664, at Village-Jailwara, Tehsil-Kulpahar, District -Mahoba, U.P. Lease area-1.417 ha.	Mining	15-12-2020	15/01/2021	EC Issued
1614	Proposed of " Building Stone (Khanda, Boulder, Bailast & Gitti) Mining" Project at Gata No.-593,Khand- 01, at Village- Mahobknath, Tehsil-Kulpahar, District -Mahoba, U.P. Lease area-1.012 ha.	Mining	16-12-2020	15/01/2021	EC Issued
1615	Proposed for Khanda, Gitti Mining Project at Araj No.-93/1, Khand-08, Village- Lakhanpura, Tehsil-Lalitpur,District-Lalitpur,U.P., Lease area- 2.064 ha.	Mining	16-12-2020	15/01/2021	EC Issued
1616	Proposed of "IT Park" Project Plot No.- 06, Sector-142, Noida, District- Gautam Buddha Nagar, U.P., M/s Splendor Information Technology Pvt . Ltd.	Building Construction	17-12-2020	15/01/2021	EC Issued
1617	Proposed Project of riverbed Sand/Morrum Mining on the River Yamuna at Gata No.-58, Village- Bilaspur, Tehsil- Sikandra, District.- Kanpur Dehat, U.P.,M/s Anandeshwar Agro Food Pvt. Ltd., (Leased Area-8.275 Ha)	Mining	17-12-2020	15/01/2021	EC Issued
1618	Proposed of Building Stone (Khanda & Gitti, Boulder) Mining Project at Gata No.- 314, Khand No.- 01, Village- Pangara, Tehsil- Naraini, District-Banda, U.P., M/s Ram Krishan Garg & Suppliers (Leased Area-1.20 ha)	Mining	18-12-2020	24/02/2021	EC Issued
1619	Proposed Project of Building Stone (Khandas & Gitti, Boulder) Mining Project at Khanda No.- 22, Gata No.- 93, Area-1.012 ha(2.50 Acre), Village- Bari, Tehsil- Mahoba, District- Mahoba, U.P.,(Leased Area-1.012 ha)	Mining	18-12-2020	15/01/2021	EC Issued
1620	Proposed of " Building Stone (Khanda, Boulder, Bailast & Gitti) Mining" Project at Gata No.-978 Kha, at Village- Paswara, Tehsil & District- Mahoba, U.P., M/s Prem Enterprises, Lease area-2.429 ha.	Mining	18-12-2020	15/01/2021	EC Issued
1621	Proposed for Khanda, Gitti Mining Project at Araj No.-02/1, Khand-02, Village- Lakhanpura, Tehsil-Lalitpur,District-Lalitpur,U.P., Lease area- 2.550 ha.	Mining	18-12-2020	15/01/2021	EC Issued
1622	Proposed for Up Gradation of District Hospitalfrom 300 to 500 Bedded at Tehsil & District- Bijnor, U.P.	Building Construction	18-12-2020	15/01/2021	EC Issued
1623	Proposed of " Building Stone (Khanda, Boulder, Bailast & Gitti) Mining" Project at Gata No.-3136, Khand No.- 04 New, 02 Old, at Village- Jaitpur, Tehsil-Kulpahar, District - Mahoba, U.P. , Lease area-0.809 ha.	Mining	19-12-2020	15/01/2021	EC Issued
1624	Building Stone, Khanda & Boulder, Gitti/Ballast Mining at Gata No.-205/02,, Khand No.- 01, at Village-Bhadarwara Bujurg, Tehsil-Garautha, District - Jhansi, U.P. , M/s Shivam Steels, Lease area-1.618 ha.	Mining	21-12-2020		Information SEAC
1625	Proposed of Formaldehyde Manufacturing Unit-19800 MT/ Annum (60.0 MT/day) at Plot No.-12, Rajapur Industrial Area, District-Lakhimpur Kheri, U.P.,M/s Power Bridge Chemicals	Industry	21-12-2020	03-04-2021	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1626	Proposed of Expansion & Modification of existing project of Group Housing "Savior Park" Project at Khasra No.- 1125/1, 1126/1, 1131,1144/2, 1145/1, 1146/M, 1154/1,1132, 1127/M, 1128/1, 1129, 1114 to 1117, 1119, 1120, 1124/1, 1130, 1147 to 1150, 1146/M, in Karhera & 1/2, 13, 13, 1/2, in Sahibabad, at Plot No.-108, Katori Mill, Loni Road, Mohan Nagar, Ghaziabad, U.P.,M/s Savfab Buildtech Pvt. Ltd.	Building Construction	22-12-2020	03-04-2021	EC Issued
1627	Proposed Baipur Ehatmali Sand/Morrum Mining Project on River Yamunaat Plot/Khasra No.- 32, Village-Baipur Ehatmali, Tehsil- Sadar, District- Agra, U.P., M/s Mahakali Construction,(Leased Area-6.07 Ha)	Mining	22-12-2020	30/12/2021	EC Issued
1628	Proposed Commercial Building for Ltd. At FC-21/22, Sector-16A, Noida, District-Gautam Buddha Nagar, U.P., M/s AR Airways (P)	Building Construction	22-12-2020	28/05/2021	EC Issued
1629	Proposed of Building Stone (Sand Stone) Mine Project at Gata No./Araji No.-36/6/5, at Village-Sonbarsa, Tehsil- Lalganj, District- Mirzapur, U.P., Leased Area -0.809 ha	Mining	22-12-2020	15/01/2021	EC Issued
1630	Proposed of "Building Stone (Gitti- Boulder) Sand Stone Mine" Project at Khasra No./Plot No./Gata No-174, Khand No.-B/9, at Village- Bangaliya, Tehsil- Meja, District-Prayagraj, U.P.,M/s Varun Kumar/110803, Leased Area -4.048 ha	Mining	22-12-2020	26/03/2021	EC Issued
1631	Building Stone (Khandas, Gitti, Boulder Mining at Gata No.-515, 16, 17, Khand -03, Village- Sirbo, Chanpura, Tehsil-Garautha,District- Jhansi, U.P., Lease area- 1.214 ha.	Mining	22-12-2020	01-01-2022	EC Issued
1632	Proposed for the Utasini Khandar Sand Mining for mining of Ordinary Sand from the Bed of River Yamuna Near at Khasra No.- 625, 626, 639, 650, 651, 652, 653, 654, 655, 656,Village- Utasini Khadar, Tehsil- Khair, District- Aligarh, U.P.,Lease Area - 6.648 Ha.	Mining	23-12-2019	01-04-2022	EC Issued
1633	Proposed for Kshish Brick Earth Mining at Gata No.-256, 309, 232, 261, Village-Dhanela, Tehsil- Tilhar, Disrict- Shahjahanpur. Area-2.611 ha.	Mining	23-12-2019		Closed
1634	Proposed for Building Stone (Gitti & Khandas, Boulder Mining at Gata No.-669, Khand No.-27, Village-Khailar, Tehsi -Sadar, District- Jhansi, U.P., Lease area- 2.023 ha.	Mining	23-12-2020	19/11/2021	EC Issued
1635	Proposed for Khanda, Gitti & Boulder Mining at Araji No.- 02/1, Khand No.- 04, Village-Lakhanpura, Tehsil & District- Lalitpur, U.P.,Leased Area -1.00 ha	Mining	23-12-2020	15/01/2021	EC Issued
1636	Proposed for Extraction of Sand/Morrum from river bed of Yamuna, at Zone No./Gata No.-38, 40, Part of 41, and Part of 42, Khand No.- 07, Village- Dadaukhadar, Tehsil- Baberu, Distt.- Banda, U.P.,Lease Area-12.0 ha. M/s Sri Falgun Giri Mines	Mining	24-12-2020	01-04-2022	EC Issued
1637	Proposed for "IT Complex" at Plot No.- 01, 02, 11, 12, & 10 Sector-13, Noida, District- Gautam Buddha Nagar, U.P., M/s Cadillac Infotech Pvt . Ltd.	Building Construction	24-12-2020	03-10-2021	EC Issued
1638	Proposed Hotel(Non Star) at Khasra No.- 1181(M) & 1183(M), Noor Nagar, Ghaziabad, U.P.,M/s Jyoti Super Construction & Housing Pvt. Ltd.	Building Construction	24-12-2020	03-04-2021	EC Issued
1639	Proposed of Group Housing "Gulmohar Garden" located at Khasra No.-1131, 1133, 1139, 1143, 1144, Village- Noor Nagar,Pargana- Loni, District- Ghaziabad, U.P.,M/s SVP Builders (I) Ltd.	Building Construction	25-12-2020	06-12-2021	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1640	Proposed Sand/ Morrum Mining Project at Adhawal Composite-02, Gata No.-331, 33 to 335, 339 to 343, 346 to 351, 362 to 366, 376, 380 to 390, 392, 395 to 397, 407, Village- Adhawal, Tehsil- Fatehpur, District- Fatehpur, U.P. , M/s Pragyasan Business Pvt. Ltd. Lease Area: 45.0 ha	Mining	25-12-2020	15-01-2021	EC Issued
1641	Proposed Building Stone (khanda, Gitti & Boulder) Mining Project at Gata No.-295, Khand No.-01, Village- Khilara, Tehsil-Mauranipur, District Jhansi, U.P. Lease area-0.809 ha.	Mining	25-12-2020	15/01/2021	EC Issued
1642	Proposed of Sand /Morrur Mining Project at Gata No.-402 to 404, 432 to 436, 438, 440 to 453, 468 to 473, 480 to 488,Village-Adhawal, Tehsil & District- Fatehpur, U.P.,Leased Area -30.0 ha	Mining	25-12-2020	15/01/2021	EC Issued
1643	Proposed Building Stone (khanda, Gitti & Boulder, Ballast) Mining Project at Gata No.-455, Khand No.-01, Village-Pachobai, Tehsil-Moth, District Jhansi, U.P. Lease area-0.809 ha.	Mining	25-12-2020		Under Process
1644	Proposed Building Stone (khanda, Gitti & Boulder, Ballast) Mining Project at Gata No.-1498, Khand No.-04, Village-Gadiya, Tehsil-Talbehat, District- Lalitpur, U.P. Lease area-2.023 ha.	Mining	25-12-2020	12-10-2021	EC Issued
1645	Proposed for Data Centre at Plot o.-21/D, Sec- Tech Zone- IV, Greater Noida West, District- Gautam Buddh Nagar, U.P., M/s Netmagic IT Services Pvt.Ltd.	Building Construction	26-12-2020	15/01/2021	EC Issued
1646	Proposed Ordinary Sand Mining Project along River Ghaghra at Gata No.-567 Ka, at Village- Deoria Urf Tengariya Babu, Tehsil-Sadar, District- Basti, U.P.,Leased Area -2.204 ha,	Mining	28-12-2020	15/01/2021	EC Issued
1647	Proposed for Advant Solaris Business Park, Plot No. 1, Sector - 142, Noida,District- Gautam Budh Nagar,U.P., M/s SS Technopark Private Limited	Building Construction	28-12-2020	03-10-2021	EC Issued
1648	Proposed Building Stone (Khanda -Boulder / Ballast-Gitti) Mining Project at Gata No.-524, Punchobai, Tehsil- Moth, District- Jhansi, U.P.,M/s Suryansh Construction, Lease area-1.0 ha.	Mining	28-12-2020	23/12/2021	EC Issued
1649	Proposed Sand (Balu) Mining Project located at Gata No.-1 Ka Sa,Village- Tarauli, Tehsil- Sadar, District- Basti, U.P.,Lease area-3.59 ha.	Mining	28-12-2020	06-12-2021	EC Issued
1650	Proposed of "Greenberry Higstreet Mall at Plot No.- C.P. 3/2, Vastu Khand-03, Gomti Nagar, Lucknow, U.P.	Building Construction	28-12-2020		Information SEIAA
1651	Proposed of "Building Stone (Sand stone) Mining Project at Araj No.-37, Village- Dakahi, Tehsil- Chunar, District- Mirzapur, U.P., M/s Shiv Stone works. , Leased Area -1.21 ha	Mining	28-12-2020	20/11/2021	EC Issued
1652	Proposed for Building Stone (Khandas, Gitti, Boulder) Mining at Araj No.-422/3, Village- Sijhari, Tehsil- Sadar, District- Mahoba, U.P., Lease area- 1.923 ha.	Mining	29-12-2020	15/01/2021	EC Issued
1653	Proposed for Building Stone (Khandas, Gitti, Boulder) Mining at Araj No.-692, Village- Utiyan, Tehsil- Sadar, District- Mahoba, U.P., Lease area- 2.821 ha.	Mining	29-12-2020	24/02/2021	EC Issued
1654	Proposed Group Housing for Sport City at Land Parcel SC-01/D3, Sector- 79, Noida, District- Gautam Buddha Nagar, U.P.	Building Construction	29-12-2020	03-10-2021	EC Issued
1655	Proposed of Sand (Balu) Mining" Project at Gata No.-558 Ka, 568 Ka/18, 568 Ka/20 & 567 Ka,, at Village-Deoria Urf Tengariya Babu,Tehsil- Sadar, District- Basti, U.P.,M/s Shiksha Shakti Construction Lease area- 2.065 ha.	Mining	29-12-2020	15/01/2021	EC Issued
1656	Proposed for Building Stone (Khanda, Gitti, Boulder) Mining at Araj No.-188, (Khand -03 New, 02 old), Village- Mahua Itaura, Tehsil-Kulpahad, District- Mahoba, U.P., Lease area- 1.214 ha.	Mining	30-12-2020	06-11-2021	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1657	Proposed of "Building Stone (Khanda, Gitti & Boulder, Patiya, Lalmorrum etc) Mining" Project at Araj No.-93/1, Khanda No.- 07, at Village- Lakhanapur, Tehsil-Lalitpur, District- Lalitpur, U.P., Leased Area - 2.134ha	Mining	31-12-2020	15/01/2021	EC Issued
1658	Proposed of Soil Excavation Project at Gata No.- 189, 190, 191, 192, 247, 200, 201, 210, 231, 185, 199, 239, 202, 196, located in Village-Salawa, Tehsil- Kanth, District- Moradabad, U.P., Leased Area -2.725 ha	Mining	31-12-2020	26/03/2021	EC Issued
1659	Proposed of " Building Stone (Khanda, Boulder, Bailast & Gitti)Mining" Project at Gata No.-1619, Khand No.- 03, at Village- Rauni, Tehsil-Mauranipur, District- Jhansi, U.P., Lease area-1.618 ha.	Mining	31-12-2020	30/10/2021	EC Issued
1660	Proposed of Ordinary Soil Mining Project at Gata No.- 424, located in Village-Veerpur Than,, Tehsil & District- Moradabad, U.P., Leased Area -1.680 ha	Mining	31-12-2020	15/01/2021	EC Issued
1661	Proposed River Bed Sand/ Morrum Mining Project from Yamuna River located at Khasra No./Gata No.- 389, 391, Village-Korra Kanak, Tehsil-Fatehpur, District-Fatehpur, U.P., M/s M/s Amoras Trading India, Lease Area: 40.0 ha	Mining	31-12-2020	15/01/2021	EC Issued
1662	Proposed of " Building Stone (Khanda, Boulder, Bailast & Gitti)Mining" Project at Araj No.-60, Khand No.- 05, at Village- Jamala, Tehsil-Kulpahad, District- Mahoba, U.P., Lease area-0.870 ha.	Mining	31-12-2020	06-11-2021	EC Issued
1663	Proposed of " Building Stone (Khanda, Boulder, Bailast & Gitti)Mine" Project at Gata No.-1076, Khand No.- 03, at Village- Makarbai, Tehsil-Sadar, District- Mahoba, U.P., Lease area-2.894 ha.	Mining	31-12-2020	10-08-2021	EC Issued
1664	Proposed of Soil Excavation Project at Gata No.-15, 47, 89, located in Village-Arifpur, Tehsil- Bilari, District- Moradabad, U.P., Leased Area -1.567 ha	Mining	31-12-2020	15/01/2021	EC Issued
1665	Proposed of Ordinary Soil Mining Project at Gata No.- 251, 252, 409, located in Village- Sihora Baje, Tehsil & District- Moradabad, U.P. Leased Area -0.891 ha	Mining	31-12-2020	15/01/2021	EC Issued
1666	Proposed of " Building Stone (Khanda, Boulder & Gitti)Mining" Project at Araj No.-188, Khand No.- 04 New 01 old, at Village- Mahua Itaura, Tehsil-Kulpahad, District- Mahoba, U.P., Lease area-1.012 ha.	Mining	31-12-2020	15/01/2021	EC Issued
1667	Proposed of " Building Stone (Khanda, Boulder, Bailast & Gitti)Mine" Project at Gata No.-2561, Khand No.- 02, at Village- Pahara, Tehsil-Sadar, District- Mahoba, U.P., Lease area-1.21 ha.	Mining	31-12-2020	10-04-2021	EC Issued
1668	Proposed Project of (Khanda-Boulder/ Bailast- Gitti)Mine" at Gata No.-3096, Khand No.- 12, at Village- Bijauli, Tehsil- Sadar, District-Jhansi, U.P., Lease area-0.8090 ha.	Mining	03-01-2021		Information SEAC
1669	Proposed of Building Stone (Sand Stone) Mine Project at Araj No.-01, at Village- Ahirupur, Tehsil- Chunar, District- Mirzapur, U.P., M/s Dipali Traders, Leased Area -1.01 ha	Mining	04-01-2021	20/11/2021	EC Issued
1670	Proposed of Building Stone (Sand Stone) Mine Project at Araj No.-997 mi, at Village- Sindhora, Tehsil- Sadar, District- Mirzapur, U.P., Leased Area -1.21 ha	Mining	04-01-2021	20/11/2021	EC Issued
1671	Proposed of "Building Stone (Sand Stone) Mining" Project at Araj No.- 428, at Village-Dhuriya, Tehsil- Chunar, District- Mirzapur, U.P., Leased Area -1.862 ha	Mining	06-01-2021	27-05-2021	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1672	Proposed of Expansion Group Housing Project at Plot No.- SC-02-G, Sector-150, District- Gautam Buddha Nagar, U.P., U.P., M/s ACE Infacity Developers Pvt. Ltd.,	Building Construction	08-01-2021		Information SEIAA
1673	Proposed of "Building Stone (Khanda, Gitti & Boulder) Mine" Project located at Gata No.- 339, Khand No.- 09, at Village- Daharra, Tehsil & District- Mahoba, U.P., M/s Shivam Granite, Leased Area -0.809 ha	Mining	09-01-2021	27/08/2021	EC Issued
1674	Proposed of "Building Stone (Khanda, Boulder & (Gitti) Bailast) Mining" Project at Gata No.- 19, Khand No.-03, Village- Dunara, Tehsil & District-Mahoba, U.P., Leased Area -2.226 ha	Mining	09-01-2021	25/11/2021	EC Issued
1675	Proposed W.R.T. Revision of Township AIMS Golf Town, Plot No.- GH-04, Sector-04, Greater Noida, District-Gautam Buddha Nagar, U.P.,M/s Aims Golf Town Developers Pvt. Ltd.	Building Construction	11-01-2021	06-12-2021	EC Issued
1676	Proposed Project of Common Boimedical Waste Treatment Plant at Khasra No.- 906/13, Village- Gadery, District- Mainpur, U.P., M/s Green House Waste Management,	Industry	11-01-2021	12-06-2021	EC Issued
1677	Proposed Group Housing Project "SKA Orion" at Plot No.- GH-01/A2, Sector- 143, Noida, District- Gautam Buddha Nagar, U.P., M/s Provence Developer Pvt. Ltd.	Building Construction	11-01-2021	06-12-2021	EC Issued
1678	Proposed Group Housing Project located at Plot No.- GH-09, Sport City, Techzone -IV, Greater Noida, District- Gautam Buddha Nagar, U.P., M/s Sai Namoh Construction Pvt. Ltd.	Building Construction	11-01-2021		Under Process
1679	Proposed Construction of project at Pocket-1, Land Developer and Grahthan Yojna (Ajantapuram),Loni Road, District- Ghaziabad, U.P., M/s Shri Rama Krishna Sehkar Awas Samiti Ltd.	Building Construction	13-01-2021	06-12-2021	EC Issued
1680	Proposed Construction of project at Pocket-2, Land Developer and Grahthan Yojna (Ajantapuram),Loni Road, District- Ghaziabad, U.P., M/s Shri Rama Krishna Sehkar Awas Samiti Ltd.	Building Construction	13-01-2021	06-12-2021	EC Issued
1681	Proposed of "Building Stone (Sand Stone) Mining" Project at Gata No.- 760, 762, 766, 768, 769 & 770, at Village- Semri Mangardaha, Tehsil- Lalganj, District- Mirzapur, U.P.,M/s Dilip Buildcon Ltd. , Leased Area - 1.61 ha	Mining	13-01-2021	10-09-2021	EC Issued
1682	Proposed Commercial/Multiplex Building at Plot No.- C.P.-138, Sector- D-1, Kanpur Road, District- Lucknow, U.P.	Building Construction	14-01-2021	06-12-2021	EC Issued
1683	Proposed of "Building Stone (Sand Stone) Mining" Project at Gata No.- 764, at Village- Semri Mangardaha, Tehsil- Lalganj, District- Mirzapur, U.P.,M/s Dilip Buildcon Ltd. , Leased Area -2.504 ha	Mining	14-01-2021	10-08-2021	EC Issued
1684	Proposed of Ordinary Earth Mining Project at Gata No.-1288, 1289, Village- Katesar, Tehsil- Laharpur, District- Sitapur, U.P., (Lease Area: 0.562 ha)	Mining	14-01-2021		Under Process
1685	Proposed River Bed Sand Mining Project at Gata No.-523, Village- Khakuora , Tehsil-Mauranipur, District- Jhansi, U.P., Lease Area: 20.0 ha)	Mining	15-01-2021	01-04-2022	EC Issued
1686	Proposed of "Building Stone (Khanda, Gitti & Boulder) Mine" Project at Gata No./Araji No./Plot No.-719, Khand No.-30, at Village- Goramachhiya, Tehsil & District- Jhansi, U.P., M/s Ashish Enterprises, Leased Area -1.214 ha	Mining	21-01-2021	10-09-2021	EC Issued
1687	Proposed "Ordinary Soil Excavation Project" at Gata No.-366, 367, Village- Kakarghata, Tehsil & District- Moradabad,U.P., (Leased Area-3.072 Ha)	Mining	25-01-2021	06-10-2021	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1688	Proposed for Up Gradation of District Hospital Lakhimpur Kheri from 140 to 500 Bedded at District-Lakhimpur, U.P.	Building Construction	27-01-2021	15-05-2021	EC Issued
1689	Proposed "Ordinary Soil Excavation Project" at Gata No.-369, Village- Kakarghata, Tehsil & District-Moradabad, U.P., (Leased Area-1.866 Ha)	Mining	28-01-2021	06-10-2021	EC Issued
1690	Proposed Construction of New Fire Training Academy inclusive of auditorium and hostel block in Allahabad, U.P., being developed by M/s Airports Authority of India	Building Construction	29-01-2021		Information SEIAA
1691	Proposed "Ordinary Soil Excavation Project" at Gata No.-318 k, 387, 383, Village- Malipur, Tehsil-Bilari, District- Moradabad, U.P., (Leased Area-0.368 Ha)	Mining	29-01-2021	06-10-2021	EC Issued
1692	Proposed for Up Gradation of Existing District Hospital Sonbhadra from 210 to 330 Bedded at District-Sonbhadra, U.P.	Building Construction	02-02-2021	15-05-2021	EC Issued
1693	Proposed for Government Medical College for Admission & Upgradation of District Hospital upto 500 Beds at District- Bulandshahar, U.P.	Building Construction	03-02-2021	15-05-2021	EC Issued
1694	Proposed of Granite (Khanda / Boulder) & Morrum Mining Project at Khasra/Gata No.- 2131/6, Village-Rauli Kalyanpur, Tehsil- Karwi, District- Chitrkoot, U.P., (Leased Area-2.4289 Ha)	Mining	05-02-2021		Information SEAC
1695	Proposed of Soil Mine located at Khasra/Gata No.- 1740 Kha, 1714, 1738, 1643 Kha, 1734, 1739, 1758 Kha, 1713, 1755 Kha, 1705 Kha, 1746, 1717 Ka, 1700, 1769 Kha, 1708, 1186, 1675, 1689, 1208 Kha, 1781 Ga & 1717 Kha, Village- Mustafabad, Tehsil- Sadar, District-Varanasi, U.P., M/s Akash Enterprises, (Leased Area-4.527 Ha)	Mining	05-02-2021		Information SEAC
1696	Proposed for the Project New Medical College attached with existing district /Referral Hospital and Upgradation of district hospital to 500 bedded Hospital at District- Pilibhitt, U.P., M/s Public Works Department	Building Construction	06-02-2021		Delisted
1697	Proposed for the Project New Medical College attached with existing district /Referral Hospital and Upgradation of district hospital to 500 bedded Hospital at District- Chandauli, U.P., M/s Public Works Department	Building Construction	06-02-2021		Delisted
1698	Proposed Project river bed "Ordinary Sand Mining "Project on the river bed Ghaghra River located at , Gata No.- GHA, Village-Hariharpur, Tehsil- Gola, District- Gorakhpur, U.P., (Leased Area-5.00 Ha)	Mining	08-02-2021	06-10-2021	EC Issued
1699	Proposed of "Ordinary Sand Mining "Project located at , Gata No.- GHA, Village-Hariharpur , Tehsil-Gola, District- Gorakhpur, U.P., (Leased Area-1.1300 Ha)	Mining	08-02-2021	28-05-2021	EC Issued
1700	Proposed of " Building Stone (Sand Stone) Mining" Project at Gata No.-562, at Village-Darhram, Tehsil-Sadar, District-Mahoba, U.P., Leased Area -0.606 ha	Mining	09-02-2021	10-04-2021	EC Issued
1701	Proposed of " Building Stone (Khanda, Boulder, Bailast & Gitti)Mining" Project at Gata No.-226, Khand No.-07, at Village-Sirvo, Tehsil- Garautha, District- Jhnsi, U.P., Leased Area -0.809 ha	Mining	09-02-2021	22/11/2021	EC Issued
1702	Proposed for Upgradation & Expansion of Existing District Hospital at Gonda, U.P.	Building Construction	09-02-2021	15-05-2021	EC Issued
1703	Proposed of " Building Stone (Sand Stone) Mining" Project at Gata No.-562, at Village-Dadhram, Tehsil-Sadar, District-Mahoba, U.P., Leased Area -0.8090 ha	Mining	09-02-2021	11-09-2021	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1704	Proposed River Bed Sand/Morrum Mining in River Ken at Gata No.-455, Village-Khapatiha Kalan, Tehsil-Pailani, Distt.- Banda, U.P.,M/s Om Prakash Ram Aoutar, Lease Area 23.00 Ha	Mining	09-02-2021	10-09-2021	EC Issued
1705	Proposed for Construction of Government Medical College at District- Sonbhadra, U.P.	Building Construction	09-02-2021		Closed
1706	Proposed river bed Sand/Morrum Mining Yamuna River for at Khand No.- 05, Gata No.- 376 Mi, 377 Mi, 374 Mi, 415 Mi, 414 Mi, 378, 381 Mi, 413 Mi, 379, 380 Mi, 412 Mi, 409, 408 Mi, 411 Mi, 410, 406 Mi, 438 Mi, 439, 405, 398 Mi, 399 Mi, 440 Mi, 404 Mi, 403 Mi, 435, Village- Adhaval, Tehsil- Fatepur, District- Fatepur, U.P. ,M/s Lime Light Dealers Pvt. Ltd., Lease Area 23.00 Ha	Mining	10-02-2021	27-05-2021	EC Issued
1707	Proposed for Construction of 100 Admission Government Medical College with expansion of 150 Admission & Upgradation of District Hospital upto 500 Beds at District- Lalitpur, U.P.	Building Construction	11-02-2021	15-05-2021	EC Issued
1708	Proposed for "Granite (Khanda, Gitti & Boulder)" at Gata No.- 587 & 588, Khand No.- 09, Village- Nahari, Tehsil- Naraini, District- Banda, U.P.,M/s P.P.Pandey Infrastructure Pvt. Ltd., Leased Area -2.0 ha	Mining	11-02-2021		Information SEAC
1709	Proposed of "Building Stone (Khanda, Gitti & Boulder) at Gata No.-84, at Village- Khalari, Tehsil- Naraini, District- Banda, U.P.,Leased Area -3.01 ha	Mining	11-02-2021	06-12-2021	EC Issued
1710	Proposed for Assembling of Led Lights & Components at Plot No.- 10, Sector-156, Noida, District- Gautam Buddha Nagar, U.P., M/s Ikio Solution Pvt. Ltd.	Building Construction	12-02-2021		Information SEAC
1711	Proposed for Upgradation of existing district /Referral Hospital from 266 to 500 bedded Hospital at District- Kushinagar, U.P.	Building Construction	13-02-2021	15-05-2021	EC Issued
1712	Proposed Cement (Clinker) Grinding Unit Capcity 1100 TPD located at Khasra No.- 357, Village- Kodra, Post- Purani Basti, District- Basti, U.P.	Cement	15-02-2021	11-06-2021	TOR issued
1713	Proposed for Upgradation & Expansion of Existing District Hospital at District-Kaushambi, U.P.	Building Construction	15-02-2021	15-05-2021	EC Issued
1714	Proposed "Ordinary Soil Mining Project" at Gata No.-421, Village- Sardar Nagar, Tehsil & District- Moradabad, U.P., (Leased Area-1.420 Ha)	Mining	15-02-2021	06-11-2021	EC Issued
1715	Proposed of "Building Stone (Sand Stone) Mine" Project at Araj No.-180/2, SI No.-28, at Village- Ummaniya, Tehsil- Rath, District- Hamirpur, U.P.,Leased Area -0.506 ha	Mining	16-02-2021		Under Process
1716	Proposed "Ordinary Soil Mining Project" at Khasra No./Gata No.-301, 314, 306, Village- Nagla Hasha, Tehsil-Bilari District- Moradabad, U.P., (Leased Area-0.864 Ha)	Mining	16-02-2021		Closed
1717	Proposed "Soil Mine Project" at Khasra No./Gata No.-325, Village- Jata, Tehsil-Nawabganj , District- Barabanki, U.P., (Leased Area-0.506 Ha)	Mining	16-02-2021	06-11-2021	EC Issued
1718	Proposed for Upgradation of Existing District Hospital from 170 (Men:70 + Women:100) to 500 bedded Hospital at District- Kanpur Dehat, U.P.	Building Construction	16-02-2021	15-05-2021	EC Issued
1719	Proposed River Bed Sand/Morrum Mining Project from Yamuna River for M/s Balaji Coal Company, located at Khand No.- 9/8 to 9/10, Village- Umarwal, Tehsil- Chail, District- Kaushambi, U.P., Sanctioned Lease Area: 18 ha,	Mining	17-02-2021	28-05-2021	EC Issued
1720	Proposed of " Building Stone (Khanda, Gitti , Boulder) Mining" Project at Gata No.669, Khand No.- 03, at Village- Khailar, Tehsil-Sadar , District -Jhansi, U.P. Lease area-2.023 ha.	Mining	17-02-2021		Under Process

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1721	Proposed "Ordinary Soil Excavation Project" at Gata No.-255, 254/2, 211, 212, 195, 254/1, 254/4, 254/3, 254/5, 206, 213, Village- Gola Panday Urf Sandlipur, Tehsil -Kanth, District- Moradabad, U.P., (Leased Area-1.535 Ha)	Mining	17-02-2021	06-11-2021	EC Issued
1722	Proposed of "Building Stone (Khanda, Gitti & Boulder) Mining" Project at located Gata No./Araji No./ Plot No.-643, Khanda No.- 17, at Village- Goramachhiya, Tehsil & District- Jhansi, U.P., Leased Area -2.306 ha	Mining	17-02-2021	10-12-2021	EC Issued
1723	Proposed for the Sand/Morrum Mining lease located at Gata No.-2494 (Block No.-34),Village - Chandaur, Tehsil - Atarra, District -Banda, U.P.. Leased Area - 7.80 ha, M/s Sri Falgun Giri Mines	Mining	17-02-2021	30-12-2021	EC Issued
1724	Proposed for Expansion of Integrated Paint Plant located at Khasra No.-735, 718, 720, 721, 719, 722, & 723, Village- Vishunpur, Post- Choubeypur- Bithoor Road, District- Kanpur, U.P.,M/s P.R. Coatings Pvt. Ltd.	Industry	18-02-2021	06-12-2021	EC Issued
1725	Proposed for Pahadi Red Morrum Project at Gata No.- 178/1, Village- Todi, Tehsil- Rath, District- Hamirpur, U.P., Leased Area -0.80 ha	Mining	18-02-2021	06-12-2021	EC Issued
1726	Proposed of Group Housing Project named "Excella Kutumb" at Khasra No.- 2678/1, 2688/2, 2692/1, 2695/1, 2677, 2693, 2694, 2677, 2833/2, 2834, 2837 Sa, 2677, Village- Bakkas, Tehsil- Mohanlalganj, District- Lucknow, U.P., M/s ABC Infrapromoters Pvt. Ltd.	Building Construction	19-02-2021		Under Process
1727	Proposed of "Building Stone (Khanda, Gitti & Boulder) Mining" Project at located Gata No./Araji No./ Plot No.-693, Khanda No.- 24, Area - 0.979 ha (2.419 Acres), at Village- Goramachhiya, Tehsil & District- Jhansi, U.P., Leased Area -0.979 ha	Mining	19-02-2021		Information SEAC
1728	Proposed "Soil Excavation Project" at Gata No.-04, Village- Meerpur, Tehsil -Farrukhabad, District- Farrukhabad, U.P., (Leased Area-1.1980 1.1980 Ha)	Mining	19-02-2021	30/12/2021	EC Issued
1729	Proposed "Soil Excavation Project" at Gata No.-301, 314, 306, Village- Nagla Hasha, Tehsil-Bilari District- Moradabad, U.P., (Leased Area-0.8640 Ha)	Mining	19-02-2021	06-11-2021	EC Issued
1730	Proposed "Simple Soil Excavation Project"(Period 6.0 month) at Gata No.-1892, Village- Benthur, Tehsil & District- Unnao, U.P., (Leased Area-1.265 Ha)	Mining	23-02-2021	06-11-2021	EC Issued
1731	Proposed Project of Common Biomedical Waste Treatment Facility at Khasra No.- 433, at located Gram- Ambehta Chand, Tehsil-Rampur Maniharan, District- Saharanpur, U.P.,M/s Greenlee Environmental Solutions	Industry	23-02-2021		Under Process
1732	Proposed "Soil Excavation Project" at Gata No.-313,Village-Lakhanpur, Tehsil- Kaimganj, District- Farrukhabad, U.P., (Leased Area-0.3280 Ha)	Mining	26-02-2021	30/12/2021	EC Issued
1733	Proposed for Diamond Industries at Plot No.- E-7,UPSIDE, Shidhwan Industrial, District- Jaunpur, U.P, M/s Diamond Industries	Cement	01-03-2021	06-12-2021	EC Issued
1734	Extraction of Building Stone, Khanda, Gitti & Boulder at Gata No.-587,KhandNo.-04,Village- Nahari, Tehsil- Naraini, District- Mirzapur, U.P., M/s Ankur Enterprises, Leased Area -2.0 ha	Mining	02-03-2021	10-04-2021	EC Issued
1735	Proposed for Upgradation of Existing District Hospital at Village- Dubeypur, Tehsil- Sadar, District- Sultanpur, U.P.	Building Construction	04-03-2021	15-05-2021	EC Issued
1736	Proposed forConstruction of Government Medical College at Village- Dubeypur, Tehsil- Sadar, District- Sultanpur, U.P.	Building Construction	04-03-2021		Closed

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1737	Proposed of Building Stone, (Khanda, Gitti Boulder & Red Morrum) at Gata No.-476, Village- Pahra, Tehsil- Sarila, District-District- Hamirpur, U.P., Leased Area -1.62 ha	Mining	05-03-2021	13/08/2021	EC Issued
1738	Proposed of "Building Stone (Khanda, Boulder & (Gitti) Bailast) Mining" Project at Gata No.- 2561, Khand No.-03, Village- Pahra Tehsil -Sadar, District-Mahoba, U.P., Leased Area -1.821 ha	Mining	05-03-2021	06-10-2021	EC Issued
1739	Proposed for the Establishment of new Molasses/Cane Juice/ grain based distillery having Capacity:100 KLD along with 4.5 MW co-gen power at Plot No.- A, UPSIDA, Usar Bazar, Tehsil- Rudrapur , District-Deoria, U.P.,M/s Forever Distillery Pvt. Ltd.	Industry	05-03-2021	31/05/2021	EC Issued
1740	Proposed for Kuldeep Soil Mining Project (for category B2) at Gata No.- 70 Mi, 85, 67, 32, 110, Village- Vangawan, Tehsil-Puwanya,District- Shahjahanpur, U.P., Leased Area -3.337 ha	Mining	05-03-2021	10-09-2021	EC Issued
1741	Proposed of "Building Stone (Khanda, Boulder & (Gitti) Bailast) Mining" Project at Gata No.- 142, Khand No.-01, Village- Pahra Tehsil -Sadar, District-Mahoba, U.P., Leased Area -1.214 ha	Mining	05-03-2021	06-10-2021	EC Issued
1742	Proposed of Khanda, Gitti ,Boulders & Red Morrum Mining" Project at Gata No.- 526, Village- Khadakhar, Tehsil- Rath, District- Hamirpur, U.P.,Leased Area -0.80 ha	Mining	05-03-2021	13/08/2021	EC Issued
1743	Proposed for Soil Mining Project at Khasra No./Gata No.- 461 & 609, Village- Daudpur, Tehsil- Nawabganj, Distrct- Barabanki, U.P., Leased Area -0.309 ha	Mining	06-03-2021		Under Process
1744	Proposed for Soil Mining Project at Khasra No./Gata No.- 221, Village- Daudpur, Tehsil- Nawabganj, Distrct- Barabanki, U.P., Leased Area -0.696 ha	Mining	06-03-2021	06-12-2021	EC Issued
1745	Warehousing Unit at Khasra No.- 84, 77, 74, 64, 66, 73, 72, 70, 71, 69, 68, 65, 67, 76, situated in Village- Bani and Khasra No.- 314, situated in Village-Sarai Shehzadi, Post- Bijnor, Tehsil- Sarojini Nagar, District- Lucknow. U.P.,M/s BG Link Infrastructure LLP	Building Construction	08-03-2021		Closed
1746	Proposed for Building Stone (Sand Stone Mining) Mine at Khasra/ Gata No.-188 mi, Khand No.- V/1, Village- Lahaura, Tehsil- Chunar, District- Mirzapur, U.P.,(Leased Area-2.02 Ha)	Mining	10-03-2021	10-09-2021	EC Issued
1747	Proposed for Building Stone (Sand Stone Mining) Mine at Khasra/ Gata No.-188 mi, Village- Lahaura, Tehsil- Chunar, District- Mirzapur, U.P.,(Leased Area-0.909 Ha)	Mining	10-03-2021	10-09-2021	EC Issued
1748	Proposed for Building Stone (Sand Stone Mining) Mine at Khasra/ Gata No.- 37, Village- Dakahi, Tehsil- Chunar, District- Mirzapur, U.P.,(Leased Area-1.21Ha)	Mining	10-03-2021	01-04-2022	EC Issued
1749	Proposed for Building Stone (Sand Stone Mining) Mine at Khasra/ Gata No.- 1141, Village- Darhram, Tehsil- Sadar, District- Mirzapur, U.P.,(Leased Area-0.607 Ha)	Mining	11-03-2021	01-04-2022	EC Issued
1750	Proposed Project of Sand Stone (Gitti- Patiya, Khandas & Boulder) Mine Project at Gata No./Araji No.- 997 mi,, Village- Sindhora, Tehsil- Sadar,Mirzapur, U.P., M/s Bol Bam Ent Bhatta, (Leased Area-0.809 ha)	Mining	11-03-2021	19/11/2021	EC Issued
1751	Proposed for Rajesh Kumar Soil Mining Project (for category B2) at Gata No.- 129, 146 mi, 104 mi, 8 mi, 153, 77 mi, 123/158, Village- Kurreya mu. Khanpur, Tehsil-Puwanya, District- Shahjahanpur, U.P., Leased Area -3.652 ha	Mining	13-03-2021	17/09/2021	EC Issued
1752	Proposed Residential Township Project "ORO Estate" located at Khasra No.- 267, 268 & 269 of Village- Kabirpur and Khasra No.- 783, 804, 805, 806,807, 834, 836, 837, 838, 843 and 844of Village- Kasimpur Biruha, Tehsil- Mohanlalganj, District- Lucknow,U.P.,M/s Oro Constructions Pvt. Ltd.	Building Construction	16-03-2021		Information SEAC

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1753	Proposed of Earth Mining to be in used in "Earth Filling by Ordinary Soil Excavation, at Khasra No.- 196, Village-Mohammadpur Kirat, Tehsil-Ramsanehigh, District- Barabanki, U.P.,Leased Area -0.5086 ha	Mining	19-03-2021	14/09/2021	EC Issued
1754	Proposed of Sand/Morrum Mining Project from Riverbed of Betwa River located at Gata No.- 240, Khand No.- 03, Village- Hamanpur, Tehsil- Kalpi, District- Jalaun, U.P., (Lease Area: 13.360 ha)	Mining	19-03-2021	10-09-2021	EC Issued
1755	Proposed Institutional Building at Plot No.- A-09, Sector- 132, Noida, District- Gautam Buddha Nagar, U.P, M/s Wellgrow Infotech Pvt. Ltd.	Building Construction	20-03-2021	13/09/2021	EC Issued
1756	Proposed for Manufacturing of Sythetic Organic Chemicals (API/Bulk Drugs/ Pharmaceutical Products) at Plot No.- G-3, G-4, H-41, H-42, H-43, H-44, UPSIDC Industrial Estate Jamour, District- Shahjahanpur, U.P., M/s Organo Chem (India)	Industry	22-03-2021	12-06-2021	EC Issued
1757	Proposed for T T S Cement at Plot No.- D-11, UPSIDE, Shidhwan Industrial, District- Jaunpur, U.P., M/s T T S Cement	Cement	22-03-2021		Information SEAC
1758	Proposed River Bed Sand/Morrum Mining Project from Betwa River for located at Khand No.- 240, Khand No.-04, Village- Himanpura, Tehsil-Kalpi, District- Jalaun, U.P., Lease Area: 16.194 ha)	Mining	22-03-2021	10-04-2021	EC Issued
1759	Proposed of Sand/Morrum Mining Project from Riverbed of Betwa River located at Gata No.- 747, Khand No.- 03, Village- Pathrehta , Tehsil- Kalpi, District- Jalaun, U.P., (Lease Area: 16.194 ha)	Mining	23-03-2021	23/12/2021	EC Issued
1760	Proposed of Sand/Morrum Mining Project from Riverbed of Betwa River located at Gata No.- 747, Khand No.- 06, Village- Pathrehta , Tehsil- Kalpi, District- Jalaun, U.P., M/s Krishna Technoconsultant Pvt. Ltd., (Lease Area: 10.121 ha)	Mining	24-03-2021	10-09-2021	EC Issued
1761	Proposed River Bed Sand/ Morrum Mining Project from Yamuna Riverbed for located at Gata No.- 303 mi, 313 mi, 290 mi, 301 mi,303, 304 mi, 314 mi, 297 mi, 298 mi, 302 mi, 311 mi, 312 mi, 313, 314, Khand No.-02 , Village- Panchayara, Tehsil- Loni, District- Ghaziabad, U.P.,M/s New Panther Security Guard Service, Lease Area: 12.512 ha	Mining	25-03-2021	27/05/2021	EC Issued
1762	Proposed for Umesh Soil Mining Project (for category B2) at Gata No.- 122/1, Village- Dhanaikheda, Tehsil & District- Sitapur, U.P., Leased Area -1.00 ha	Mining	25-03-2021	01-04-2022	EC Issued
1763	Proposed for Expansion of Existing Integrated Paints & Resins Emulsions Manufacturing Plant located at UPSIDC ,Village- Kasna, Taluka Dankaur, District- Gautam Buddha Nagar, U.P.	Industry	25-03-2021		Under Process
1764	Proposed for Expansion of Existing Products including addition of new API/ Bulk drugs/Pharmaceutical Products, at Plot No.- 20/3, Site-IV, Industrial Area, Sahibabad, District- Ghaziabad, U.P., M/s Para Products Pvt. Ltd.	Industry	25-03-2021	06-12-2021	EC Issued
1765	Proposed for Upgradation & Expansion of District Hospital Chanduali from 200 bedded to 500 bedded Hospital at District- Chanduali, U.P., M/s Medical Eduction Department	Building Construction	26-03-2021	15-05-2021	EC Issued
1766	Proposed for Upgradation & Expansion of District Hospital Pilibhit from 300 bedded to 500 bedded Hospital at District- Pilibhit, U.P., M/s Medical Eduction Department	Building Construction	26-03-2021	15-05-2021	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1767	Proposed for Expansion of Existing Products including addition of new API/ Bulk drugs/ Pharmaceutical Products, at Plot No.- 35, 35/1 & 36, South Side of G.T. Road, Industrial Area, District- Ghaziabad, U.P., M/s Sara Exports Ltd.	Industry	27-03-2021	06-12-2021	EC Issued
1768	Proposed for Manufacturing of API Bulk Drugs And Intermediate (New) at Plot No.- B-13 & C-3, Shikohabad Industrial Estate, District- Firozabad, U.P., M/s Shyam Organics	Industry	27-03-2021		Under Process
1769	Proposed Upgradation of District Referral Hospital from 200 bedded to 500 bedded Hospital at District- Etah, U.P.	Building Construction	27-03-2021	15-05-2021	EC Issued
1770	Proposed of Rajvansh Residency at Khasra No.- 1578, Gram- Aurangabad Khalsa, Ward- Raja Bijali Pasi, District- Lucknow, U.P.	Building Construction	27-03-2021		Information SEIAA
1771	Proposed for Manufacturing of Bulk Drugs, Intermediates and Organic Chemical at Khasra No.- 624 & 645, Bahadurpur Road, Achhrona, Partapur, District- Meerut, U.P., M/s Bharat Chemicals Industries	Industry	30-03-2021		Information SEAC
1772	Proposed of Hospital Project at F-16, Sector-50, Noida, District- Gautam Buddha Nagar, U.P., M/s Global Health Pvt. Ltd.	Building Construction	30-03-2021	19/10/2021	EC Issued
1773	Proposed for Building Stone(Khanda, Gitti & Boulder)Mining at Aaraji No.- 93/1, Khand No.- 05, Village- Lakhanpura, Tehsil & District- Lalitpur, U.P., Leased Area -2.024 ha	Mining	31-03-2021	30/12/2021	EC Issued
1774	Proposed of "Building Stone (Khanda, Gitti, Boulder) Mining" Project at Aaraji No.- 725 Mi, Khand No.-01, Village- Janwan, Tehsil -Bara, District-Prayagraj, U.P., Leased Area -2.921 ha	Mining	01-04-2021		Under Process
1775	Proposed River bed Sand Mining Project from Yamuna River for M/s Shanti Enterprises located at Gata No.-1/1/1, Laat No.- 03, Village-Nuniyari Aehatmal, Tehsil-Behat, District- Saharanpur, U.P., M/s Shanti Enterprises (Leased Area-24.29 Ha)	Mining	02-04-2021	17/09/2021	EC Issued
1776	Proposed for Upgradation existing District Referral Hospital from 200 bedded to 500 beds Hospital at Auraiya, U.P.,	Building Construction	02-04-2021	15-05-2021	EC Issued
1777	Proposed of Sand/Morrum Mining Project from Riverbed of Betwa River located at Gata No.- 1782 & 1783, Khand No.- 01, Village- Mohan, Tehsil- Orai, District- Jalaun, U.P., (Lease Area: 14.574 ha)	Mining	03-04-2021	01-04-2022	EC Issued
1778	Proposed Sand/ Morrum Mining Project from Yamuna Riverbed for located at Khand No.-10/19 to 10/21, Village- Kataieya, Tehsil- Chayal, District- Kaushambi, U.P. , M/s Aman Brick Field, Lease Area: 10.0 ha	Mining	03-04-2021	22/11/2021	EC Issued
1779	Proposed "Soil Excavation Project" at Gata No.-311 Ka, Village- Jata, Barauli, District- Barabanki, U.P., (Leased Area-0.421 Ha)	Mining	04-04-2021	06-12-2021	EC Issued
1780	Proposed of Sand/Morrum Mining Project from Riverbed of Betwa River located at Gata No.- 02, Khand No.- 01, Village- Kalothra , Tehsil- Tahrauli, District- Jhansi, U.P., M/s R.S. Mines & Minerals, (Lease Area: 3.50 ha)	Mining	04-04-2021		Under Process
1781	Proposed Expansion of Group Housing Project situated at Khasra No.- 527/4, 528, 549-554, 556-559 Village- Kanawani, Indrapuram, District- Ghaziabad, U.P. promoted by M/s Niho Construction Ltd	Building Construction	05-04-2021		Under Process
1782	Proposed "Soil Excavation Project" at Gata No.-1421, 1428, 1429, Village- Malaha, Tehsil- Malihabad, District- Lucknow, U.P., (Leased Area-1.6503 Ha)	Mining	05-04-2021		Information SEIAA

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1783	Proposed of Hotel Project at Plot No.- TC-25 V,Vibhuti Khand Gomti Nagar, District- Lucknow, U.P., M/s Luxus Hospitality Pvt. Ltd.	Building Construction	07-04-2021		Under Process
1784	Proposed of "Building Stone (Khand, Boulder & (Gitti) Bailast) Mining" Project at Gata No.- 120, Khand No.-01, Village- Majhari, Tehsil- Tahrauli, District- Jhansi, U.P., , Leased Area -0.809 ha	Mining	07-04-2021	19/10/2021	EC Issued
1785	Proposed for the Project "Construction of Government Unani Medical Collge at Bareilly, U.P., M/s Unani Medical Collge	Building Construction	07-04-2021	06-12-2021	EC Issued
1786	Proposed of Building Stone (Sand Stone) Mine Project at Gata No./Araji No./Plot No.-428, at Village- Dhuria, Tehsil- Chunar, District- Mirzapur, U.P.,Shri Chhatrabali Singh, Leased Area -0.909 ha	Mining	07-04-2021	12-10-2021	EC Issued
1787	Proposed of Affordabble Housing Project "Diya Green City "located at Khasra No.- 630 & 632 ,Village- Khera Dehat, Tehsil- Dholana, District- Hapur,U.P., M/s Eureka Builders (P) Ltd.	Building Construction	07-04-2021		Under Process
1788	M/s Avadh Sugar & Energy Ltd.,New India Sugar Mills,Hata(Hata Sugar) has proposed expansion/modernization of existing Sugar Unit: Sugar Plant from 7000 TCD to 9000 TCD, at Village- Dhandha Bujurg, Post- Sukrauli,Tehsil- Hata, District- Kushnagar, U.P., M/s Avadh Sugar & Energy Ltd.	Industry	09-04-2021	06-12-2021	EC Issued
1789	Proposed Expansion of Residential Complex "GulMohur Greens" located at Khasra No.-(955 to 960) 1010, 1011, 1015 & (1017 to 1051), Village- Kareda, 95-Katori Mil Loni Road, Mohan Nagar , Ghaziabad, U.P.,M/s Friends Land Developers	Building Construction	09-04-2021		Under Process
1790	Proposed of "Building Stone (Khand, Boulder & (Gitti) Bailast) Mining" Project at Gata No.- 291, (Khand No.-02 New), Village- Majhol, Tehsil- CharKhari, District- Mahoba, U.P., Leased Area -0.809 ha	Mining	10-04-2021	11-09-2021	EC Issued
1791	Proposed of Group Housing Project at Plot No.- A-99, Sector- 51, Noida, District- Gautam Budha Nagar, U.P., M/s Uflex Ltd.	Building Construction	11-04-2021		Under Process
1792	Proposed Office of Central Excise Commissionerate & Audit- II Commissionerate Bulding at Kamla Nehru Nagar, Ghaziabad, U.P.	Building Construction	15-04-2021	06-12-2021	EC Issued

1794	Proposed Ordinary Sand Mining Project located at Gata No.- 388,Village- Bhoovra Ehatmali, Tehsil- Swar, District- Rampur, U.P., (Lease Area: 2.3400 ha)	Mining	18-04-2021	16/12/2021	EC Issued
1795	Proposed for Ordinary Sand Mining Project at Gata No.33, Village-Assampur, Teshil-Amritpur, District- Farrukhabad, U.P., M/s Kamla Contractor & Supplier Assampur Amritpur,Leased Area -10.05 ha	Mining	18-04-2021	17/09/2021	EC Issued
1796	Proposed for Khand Gitti Mining Project at Khand No.- 09, Araji No.-93/1, Village-Lakhanapur, Tehsil & District- Lalitpur, U.P,Area-1.396 Ha	Mining	22-04-2021	30/09/2021	EC Issued
1797	Proposed River Bed Sand/ Morrum Mining Project from Yamuna River located at Gata No.- 4, 5, 16, 17, 18, 25, 48 & 56, Village- Ghazipur, Tehsil-Khaga, District-Fatehpur, U.P., M/s The Sunworld Travels, Lease Area: 15.0 ha	Mining	23-04-2021	21/12/2021	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1798	Proposed of Ordinary Soil Excavation, at Gata No.- 627, 638 & 757, Village-Salempur Mustakam, Tehsil-Kanth, District- Moradabad, U.P.,Leased Area -1.409 ha	Mining	26-04-2021	17/09/2021	EC Issued
1799	M/s Avadh Sugar & Energy Ltd., (Hargaon Distillery) has proposed Expansion OF existing molasses based distillery from 100 KLD to 160 KLD (RS/ENA/Ethanol) along with cogeneration of power: 8 MW at -Village-Surjipara Hargaon,Tehsil & District-Sitapur, U.P.,M/s Avadh Sugar & Energy Ltd.,	Industry	29-04-2021	12-06-2021	EC Issued
1800	Proposed of " Building Stone (Khanda, Boulder, Bailast & Gitti)Mine" Project at Gata No.-755/2, at Village- Utiyan, Tehsil -Sadar, District- Mahoba, U.P., Lease area-1.081 ha.,M/s PNC Infratech Ltd.	Mining	21-05-2021	25/11/2021	EC Issued
1801	Proposed of "Building Stone (Khanda, Gitti- Boulder) Mine" Project at Gata No.-2451, Khand No.-02, at Village- Jarar, Tehsil- Naraini, District-Banda, U.P. Leased Area -1.21 ha	Mining	21-05-2021		Under Process
1802	Proposed of "Building Stone (Khanda, Gitti- Boulder) Mine" Project at Arazi No.-288, Khand No.-03, at Village- Majhol, Tehsil- Charkhari, District- Mahoba, U.P., M/s Ekta Construction Leased Area -0.809 ha	Mining	26-05-2021	22/11/2021	EC Issued
1803	Proposed of " Building Stone (Khanda, Boulder, Bailast & Gitti)Mining" Project at Gata No.-68, 69, 70, at Village- Damaura, Tehsil -Sadar, District- Mahoba, U.P., Lease area-2.631 ha., M/s Shri Maa Saraswati Associates	Mining	28-05-2021	25/11/2021	EC Issued
1804	Proposed for Institutional Project" Bennett University"Situated at Plot No.- 8, 9, 10, & 11, Sector Techzone -II, Greater Noida Industrial Development Area District -Gautam Budha Nagar, U.P. ,M/s Bennett Institute of Higher Education	Building Construction	31-05-2021		Under Process
1805	Proposed Project of riverbed "Daulatpur Kachhar Sand/Morrum Mining" on the river bed of Yamuna River located at Khand No.-01,Village- Daulatpur Kachhar, Tehsil- Bhognipur, District-Kanpur Dehat, U.P., Lease Area: 8.5 Ha ,	Mining	01-06-2021	10-09-2021	EC Issued
1806	Proposed "Ordinary Soil Execavation Project" at Gata No.-1038, 1033, 1035, 1036, 1045, 1046, 1047,Village-Aata, Tehsil- Sadar, District- Unnao,U.P.(Leased Area-0.8377 Ha)	Mining	01-06-2021	30/11/2021	EC Issued
1807	Proposed Project of "RBM (Mixed Form) Mining Project" located at Khand No.-83/2/1, 83/2/3,Village-Sundarwali, Tehsil- Nagina, District- Bijnor, U.P., Lease Area: 1.062 Ha ,	Mining	02-06-2021	10-09-2021	EC Issued
1808	Proposed of Construction Project for Mixed Land use Project "Bliss"(Expansion),District-Ghaziabad, U.P., M/s MSS Infracon Pvt. Ltd.	Building Construction	03-06-2021		Under Process
1809	Proposed for Assembling of Led Lights & Components llocated at Plot No.- 10, Sector-156, Noida, District- Gautam Buddha Nagar, U.P., M/s Ikio Solution Pvt. Ltd.	Building Construction	03-06-2021		Under Process
1810	Proposed of "Building Stone (Sand Stone) Mine" Project at Gata No./Araji No./Plot No.-428, at Village-Dhuria, Tehsil- Chunar, District- Mirzapur, U.P., Leased Area -0.909 ha	Mining	07-04-2021		Information SEIAA
1811	Proposed of " Building Stone (Khanda, Boulder, Gitti)" Project at Araji No.-1195/11 & 1219/11,at Village- Digara, Tehsil-Sadar, District- Jhansi, U.P., Lease area-1.396 ha.,	Mining	08-06-2021		Under Process
1812	Proposed of "Building Stone (Sand Stone) Mining" Project located at Arazi No.-02, at Village-Saria, Tehsil-Chunar, District- Mirzapur, U.P., Leased Area -1.21 ha	Mining	08-06-2021	24/12/2021	EC Issued
1813	Proposed "Soil Execavation Project" at Gata No.-33, 575, 576, 585, 586,Village- Daniyalganj, Tehsil-Sadar, District- Hardoi, U.P., (Leased Area-0.853 Ha)	Mining	08-06-2021	30/10/2021	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1814	Proposed "Ordinary Soil Project" at Gata No.-23,52,Village- Mundya Mohiuddinpur, Tehsil-Thakurdwara, District- Moradabad, U.P., (Leased Area-0.482 Ha)	Mining	08-06-2021		Under Process
1815	Proposed of " Building Stone (Gitti / Khanda) " Project at Gata No.-314, Khand No.-04,at Village- Pangara, Tehsil-Naraini, District- Banda, U.P., Lease area-0.628 ha.,	Mining	08-06-2021		Under Process
1816	Proposed of " Building Stone (Khanda, Boulder, Bailast & Gitti)" Project at Gata No.-87, Khand No.-02, at Village- Dasna, Tehsil-Moth, District- Jhansi, U.P., Lease area-0.809 ha.,	Mining	09-06-2021	11-09-2021	EC Issued
1817	Proposed of " Building Stone (Sand Stone) Mining" Project at Gata No.-112 Mi. & 121 Mi, at Village- Matikhana, Tehsil-Lalganj, District- Mirzapur, U.P., Lease area-0.707 ha.,	Mining	11-06-2021	23/12/2021	EC Issued
1818	Proposed of Group Housing "Grand Forte Apartments" at Plot NO.- 76, Sigma-IV, Greater Noida, District- Gautam Buddha Nagar, U.P.,M/s Satilila Sahkari Awasi Samiti	Building Construction	13-06-2021		Under Process
1819	Proposed river bed Sand/Morrum Mine in Ken river bed located at , Khand No.- 5137, 5138, 5139, 5140 & 5141, Village-Bhawanipurwa , Tehsil & District-Banda, U.P., (Leased Area-4.0Ha)	Mining	15-06-2021	22-11-2021	EC Issued
1820	Proposed of " Building Stone (Khanda, Boulder, Gitti) Mine" Project at Khasra No./Plot No./Gata No.- 3114, 3115, Khand No.-18, at Village- Koshnakalan, Tehsil- Meja, District- Prayagraj,U.P., M/s Maa Savitri Stones, Lease area-2.024 ha.,	Mining	15-06-2021		Under Process
1821	Proposed of " Building Stone (Khanda, Boulder, Gitti) Mine" Project at Khasra No./Plot No./Gata No.- 3460, Khand No.-17, at Village- Koshnakalan, Tehsil- Meja, District- Prayagraj,U.P., Lease area-1.619 ha.,	Mining	16-06-2021	12-10-2021	EC Issued
1822	Proposed of Soil Mine located at Khasra/Gata No.-356, 357, 358 & 359, Village- Hadha, Tehsil & District- Unnao, U.P., (Leased Area-1.2335 Ha)	Mining	16-06-2021	30-10-2021	EC Issued
1823	Proposed "Ordinary Soil Mining Project" at Gata No.-435, 449, 455, Village- Faridnagar, Tehsil- Thakurdwara District- Moradabad, U.P., (Leased Area-1.518 Ha)	Mining	16-06-2021	11-09-2021	EC Issued
1824	Proposed of " Building Stone (Khanda, Boulder, Bailast & Gitti) Mine" Project at Gata No.-60, Khand No.- 03, at Village- Jamala,Tehsil- Kulpahar, District- Mahoba, U.P., Lease area-1.02 ha.,	Mining	17-06-2021	25/11/2021	EC Issued
1825	Proposed of " Building Stone (Khanda, Boulder, Bailast & Gitti) Mine" Project at Gata No.-142, at Village- Naigawan,Tehsil-Sadar, District- Mahoba, U.P., Lease area-1.485 ha.,	Mining	17-06-2021	11-09-2021	EC Issued
1826	Proposed of " Building Stone (Khanda, Boulder, Bailast & Gitti) Mine" Project at Gata No.-60, Khand No.- 01, at Village- Jamala,Tehsil- Kulpahar, District- Mahoba, U.P., Lease area-1.214 ha.,	Mining	17-06-2021	25/11/2021	EC Issued
1827	Proposed of Building Stone (Sand Stone) Mining Project at Gata No.-37, at Village- Dakhi, Tehsil- Chunar, District- Mirzapur, U.P.,M/s Maa Vindhya Vasini Traders , Leased Area -1.21 ha	Mining	18-06-2021	29/12/2021	EC Issued
1828	Proposed of Building Stone (Sand Stone) Mining Project at Gata No.-484, at Village- Patti Kalan, Tehsil- Chunar, District- Mirzapur, U.P.,M/s Jai Maa Bhandari Stone, Leased Area -0.948 ha	Mining	18-06-2021	01-04-2022	EC Issued
1829	Proposed of Building Stone (Sand Stone) with the average production capacity of 18,200 Cubic meter/ Year at Gata No./Araji No.-997mi, at Village- Sindhora, Tehsil- Sadar, District- Mirzapur, U.P.,Leased Area - 1.82 ha	Mining	18-06-2021	23/12/2021	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1830	Proposed of Sangolipur Garha Sand/ Morrum Mining Project for Production of 2,50.00 cubic/year or 4,50,00 TPA located at Khasra No./Gata No.- 191, 269/3, 270 to 277, 293/2, 375, 376, 378, 379, Village- Sangolipur Garha , Tehsil-Khaga, District-Fatehpur, U.P., M/s Tesmas Treading Pvt. Ltd..Lease Area: 25 ha	Mining	18-06-2021	30/10/2021	EC Issued
1831	Proposed of Gadhiva Majhgawan-1 Sand/ Morrum Mining Project for Production of 2,50.00 cubic/year or 4,50,00 TPA located at Khasra No./Gata No.- 61 to 69, 86 to 92, 93 Mi, 94 Mi, 98 Mi, 99 Mi,Village- Gadhiva Majhgawan, Tehsil-Khaga, District-Fatehpur, U.P., M/s Tesmas Treading Pvt. Ltd..Lease Area: 25 ha	Mining	18-06-2021		Under Process
1832	Proposed of river bed Sand/Morrum Mine in Betwa river bed located at ,Gata No.-64 Khand No.-01, Village-Kalyanpura , Tehsil-Tahrauli, District-Jhansi, U.P., (Leased Area-4.0 Ha)	Mining	19-06-2021	01-04-2022	EC Issued
1833	Peroposed of Establishment of new 80 KLD Grain/ Molasses Based Distillery Unit (RS/ENA/AA) along with 3.0 MW Co.-Generation Power Plant at Khasra No.- 612/1, 564, 565, 566, 567, 589/1, 590, 600/1, 601, 602, 603, 604, 605/1, 606/1, 613/2, in Village- Derabarari, Tehsil- Bara, District- Prayagaraj, U.P., M/s Mahakaushal Agricrop India Pvt. Ltd.,	Industry	19-06-2021		Under Process
1834	Proposed of Building Stone (Sand Stone) Mine Project at Araj No.-137, at Village- Kanchanpur, Tehsil- Chunar, District- Mirzapur, U.P., Leased Area -0.809 ha	Mining	19-06-2021	29/12/2021	EC Issued
1835	Proposed Project of River Bed Ordinary Sand Mining on the river bed of Ghaghra River located at Gata No.-01, Village- Kalafarpur Manjha, Tehsil-Sohawal, District-Ayodhya, U.P., M/s Hina Enterprises., Lease Area: 8.7 Ha ,	Mining	21-06-2021	22/11/2021	EC Issued
1836	Proposed of Building Stone (Sand Stone) Mining Project at Gata No.-754, at Village- Jigan, Tehsil- Chunar, District- Mirzapur, U.P.,M/s Jai Prabha Devi Leased Area -1.212 ha	Mining	21-06-2021	01-04-2022	EC Issued
1837	Proposed Project of riverbed "Ordinary Sand Mining" on the riverbed of River Ghaghra at Gata No.-83, Village- Kalafarpur Manjh, Tehsil-Sohawal, District-Ayodhya, U.P.,(Leased Area-6.0 ha)	Mining	23-06-2021	11-09-2021	EC Issued
1838	Proposed for Ordinary Earth Mining at Gata No.- 1063, at Village- Mahnaura, Tehsil- Hasnang, District- Unnao, U.P., Lease area-0.6900 ha.	Mining	25-06-2021	12-10-2021	EC Issued
1839	Proposed Project of Ordinary Sand Mining Project on the riverbed Ghaghra River at Gata No.-Gha, Block No.-04, Village-Ratanpura, Teshsil-Gola, District- Gorakhpur, U.P., M/s Aarchis Enterprises, Lease Area: 5.0 Ha	Mining	28-06-2021	01-04-2022	EC Issued
1840	Proposed of Building Stone (Sand Stone) Mining Project at Arazi No.-614, 615 & 616, at Village- Layan, Tehsil- Lalganj, District-Mirzapur, U.P. Leased Area -1.58 ha	Mining	28-06-2021	22/11/2021	EC Issued
1841	Proposed for the Commercial Complex Project "Mahagun Millenia"at Khasra No.- 709, 674, 708, 710, 741, Crossing Republik, Commercial Plot NO.- C-7, Dundadhera, District- Ghaziabad, U.P., M/s Sparsh Builders Pvt. Ltd.	Building Construction	28-06-2021		Under Process
1842	Proposed for Non-Agro Warehouse (Industrial Shed) and logistic facility at Khasra No.- 8477, 74, 64, 66, 67, 73, 72, 70, 71, 76, 69, 68, 65 situated in Village-Bani and Khasra No.- 313, 314,situated in Village-Sarai Shehzadi, Post-Bijnor, Tehsil-Sarojini Nagar, District- Lucknow, U.P., M/s BG Link Infrastructure LLP	Building Construction	28-06-2021		Under Process

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1843	Proposed Expansion of Multiplex and Commercial Complex Building (Fun Republic) at Khasra No.- 103 (Part), 105 (Part), 105 (Part), 106 (Part), 116 (Part), 117 (Part), 117 (Part), 118 (Part), 199(Part), Bhikhamnagar,Gomti Nagar, District- Lucknow, U.P., M/s E-City Entertainment (India) Pvt. Ltd.	Building Construction	29-06-2021		Under Process
1844	Proposed Common Bio-medical Waste Treatment Facility at Khasra No.-1006, Village- Paharpur, Post-Gotha Rasoolpur, District-Deoria, U.P.,M/s JKN Purvanchal CBWTF Works,	Industry	29-06-2021	03-12-2021	EC Issued
1845	Proposed of " Building Stone (Gitti , Khanda & Boulder) Mining" Project at Gata No.-856, Khand No.-04, at Village-Pali Pahari, Tehsil-Sadar, District- Jhansi, U.P., Lease area-0.728 ha.,	Mining	30-06-2021		Under Process
1846	Proposed of " Building Stone (Gitti , Khanda & Boulder) Mining" Project at Gata No.-745/2, at Village-Makarbai , Tehsil-Sadar, District- Jhansi, U.P., Lease area-1.182 ha.,	Mining	30-06-2021		Under Process
1847	Proposed of " Building Stone (Khanda, Boulder, Bailast & Gitti) Mining" Project at Gata No.-37/4, at Village-Jarbo, Tehsil-Sadar, District- Jhansi, U.P., Lease area-1.011 ha.,	Mining	30-06-2021	30/12/2021	EC Issued
1848	Proposed for Flatted Factpry Complex (White Goods Manufacturing) at Plot No- D-10, d-11, d-12, d-13, d-59, d-60 & 61, Industrial Area, UPSIDA, found, District- Agra, U.P., M/s Uttar Pradesh Small Industries Corporation (UPSIC)	Building Construction	30-06-2021	01-12-2021	EC Issued
1849	Proposed of " Building Stone (Khanda, Gitti, Boulder) Mining" Project at Gata No.-23, Khand No.- 07, at Village-Dasna, Tehsil-Moth, District- Jhansi, U.P., Lease area-2.00 ha.,	Mining	02-07-2021	01-04-2022	EC Issued
1850	Proposed of Red Morrum Mine Project at Gata No.-2232, Khand No.- 04, at Village-Jhansi, U.P., Lease area-0.8090 ha.,	Mining	02-07-2021	01-04-2022	EC Issued
1851	Proposed for Ordinary Soil Mining at Khasra No.- 73, at Village- Mitai, Tehsil & District- Hathras, U.P.Lease area-1.055 ha.	Mining	03-07-2021		Under Process
1852	Proposed of " Building Stone (Khanda, Gitti, Boulder) Mining" Project at Gata No.-479, 480, Khand No.- 01, at Village-Kanja, Tehsil-Mauranipur, District-Jhansi, U.P., Lease area-2.023 ha.,	Mining	03-07-2021	01-04-2022	EC Issued
1853	Proposed of " Building Stone (Khanda, Boulder, Bailast & Gitti) Mining" Project at Gata No.-449/1, at Village-Thana, Tehsil & District- Mahoba, U.P., Lease area-0.684 ha.,	Mining	05-07-2021	24-11-2021	EC Issued
1854	Proposed for Construction of Institutional Building Project located at Plot No.- A 45 TO A 52 & A 56 TO 63, Sector-153, Noida, District- Gautam Budh Nagar, U.P., M/s Rail Vikas Nigam Ltd.	Building Construction	08-07-2021		Under Process
1855	Proposed for Group Housing "Eros Sampooram" at Plot No.-01, Sector-02, Greater Noida, District- Gautam Budha Nagar, U.P.,M/s Ajay Enterprises Pvt. Ltd.,	Building Construction	09-07-2021		Under Process
1856	Proposed of " Building Stone (Khanda, Boulder, Bailast & Gitti) Mine" Project at Gata No.-3096, Khand No.- 12, at Village-Bijauli, Tehsil-Sadar, District- Jhansi, U.P., Lease area-0.8090 ha.,	Mining	12-07-2021	01-04-2022	EC Issued
1857	Proposed of " Building Stone (Khanda, Boulder & Gitti) Mining" Project at Gata No.-244, Khand No.-01, at Village-Musawali, Tehsil-Moth, District- Jhansi, U.P., M/s Brij Construction Company, Lease area-1.821 ha.,	Mining	15-07-2021		Under Process
1858	Proposed IT/ITES Park Project at Plot No.- A-37-38, Sector- 62, Noida, Gautam Buddha Nagar, U.P., M/s Chambal Trading Pvt. Ltd.	Building Construction	15-07-2021		Under Process

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1859	Proposed of " Building Stone (Khanda, Boulder & Gitti) Mining" Project at Gata No.-669, Khand No.-03, at Village- Khailar , Tehsil-Sadar, District- Jhansi, U.P., Lease area-2.023 ha.,	Mining	17-07-2021	01-04-2022	EC Issued
1860	Proposed of " R.B.M.(Sand, Bajri, Boulder (In Mix From) Mining" Project at Gata No.-2/40/7, 351/58/5, at Village- Shahalipur Kotara , Tehsil- Nagina, District- Bijnor, U.P., Lease area-1.0120 ha.,	Mining	18-07-2021	25/11/2021	EC Issued
1861	Proposed of " Building Stone (Khanda, Boulder & Gitti)Mine" Project at Gata No.-2/4, Khand No.- 08, at Village- Jujhar, Tehsil-Mahoba, District -Mahoba, U.P. Lease area-1.619 ha.	Mining	20-07-2021	24-11-2021	EC Issued
1862	Proposed of " Building Stone (Khanda, Boulder & Gitti)Mining" Project at Gata No.-2/4, Khand No.- 07, at Village- Jujhar, Tehsil-Mahoba, District -Mahoba, U.P. Lease area-1.619 ha.	Mining	20-07-2021	24-11-2021	EC Issued
1863	Proposed of " Building Stone (Khanda, Boulder, Bailast & Gitti)Mining" Project at Gata No.-1082, at Village- Utiyan, Tehsil-Mahoba, District -Mahoba, U.P. Lease area-4.655 ha.	Mining	21-07-2021	25/11/2021	EC Issued
1864	Proposed River Bed Sand/Morrum Mining Project from Dhasan River located at Gata No.- 908 Na, Khand No.-02, Village- Kharwanch, Tehsil- Garautha, District- Jhansi, U.P., M/s Bharosa Sarkar Cintractor Suppliers, Lease Area: 20 ha,	Mining	22-07-2021	26/11/2021	EC Issued
1865	Proposed of " Building Stone (Khanda, Boulder, Bailast & Gitti)Mining" Project at Gata No.-1033, at Village- Makarbai, Tehsil & District -Mahoba, U.P. Lease area-0.809 ha.	Mining	23-07-2021		Under Process
1866	Proposed of Clinker Grinding Unit WITH Cement Production Capacity of 2.0 Million TPA and D.G. Sets (1250 KVA & 125 KVA)at Village- Ingotha ,Tehsil- Hamirpur, District- Hamirpur,U.P. , M/s Jaykaycem (Central) Ltd.	Cement	28-07-2021	30/09/2021	EC Issued
1867	Proposed of "Ekikrit Mandaliya Karyalya at Arazi Chhawani, Tapp & Pargana-Haveli, Tehsil-Sadar, District- Gorakhpur, U.P.	Building Construction	28-07-2021	16/12/2021	EC Issued
1868	Proposed for Group Housing Project at Mauza Bhagatpur at Araji No.- 22, 23, 24, 25, 28 Part & Mauza Suddhipur Araji No.- 346, 351 Part, 352, 353, 354 Part, 355 pPart, 383, 391, 392 Part, 394 Part, at Pargana-Shivpur, Tehsil- Sadar,District-Varanasi, U.P., M/s Swastik Nilayam Pvt. Ltd.	Building Construction	29-07-2021	08-10-2021	EC Issued
1869	Proposed for Group Housing Project "Metro City"at Khasra No.- 827, 828, 829 & 835 at Village- Ganeshpur, Pargana-Shivpur, Tehsil- Sadar,District-Varanasi, U.P., M/s Kartikey Developers	Building Construction	31-07-2021		Under Process
1870	Proposed for Modernization of Hotel Building to 197 Bedded Multi Specialty Hospital Building at Plot No.- SH-06, Site-IV, Surajpur, Industrial Area, Greater Noida, District- Gautam Buddha Ngar ,U.P., M/s Ram Ratan Real Estate Pvt. Ltd.	Building Construction	01-08-2021	12-10-2021	EC Issued
1871	Proposed River Bed Sand Mine Project at Gata No.- 01 Kha, 277, Khand No.-02, Village- Teharka, Tehsil- Garautha, District- Jhansi, U.P., M/s Shiv Corporation (India)Ltd., Lease Area: 13.0 ha)	Mining	03-08-2021		Under Process
1872	Proposed of "Ordinary Soil Excavation Project" at Gata No.-1, 24, 26, 27, 28, 29, 33, Village- Palanpur, Tehsil- Bilari District- Moradabad, U.P., (Leased Area-0.9521 Ha)	Mining	03-08-2021	24/12/2021	EC Issued
1873	Proposed of "Ordinary Soil Excavation Project" at Gata No.-133, 408, Village- Kharagpur Jagatpur,Tehsil & District- Moradabad, U.P. (Leased Area-1.934 Ha)	Mining	03-08-2021	24/12/2021	EC Issued
1874	Proposed of "Ordinary Soil Excavation Project" at Gata No.-152, 156, 184 & 226 Mi, Village- Baripur,Tehsil & District- Moradabad, U.P. (Leased Area-1.165 Ha)	Mining	03-08-2021	29/12/2021	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1875	Proposed of " Soil Excavation Project" at Gata No.-27, 72, Village- Imaratpur Udhaw,Tehsil-Bilari, District-Moradabad, U.P. (Leased Area-1.805 Ha)	Mining	04-08-2021	29/12/2021	EC Issued
1876	Proposed of Building Stone (Sand Stone) Mine Project at Khasra No.-360, at Village- Adhwar, Tehsil-Chunar, District- Mirzapur, U.P.,Leased Area -1.01 ha	Mining	05-08-2021	12-10-2021	EC Issued
1877	Proposed of Building Stone (Sand Stone) Mine" Project at Khasra No.- 484, at Village- Pattikalan , Tehsil-Chunar, District- Mirzapur, U.P.. Lease area-0.933 ha.	Mining	05-08-2021	12-09-2021	EC Issued
1878	Proposed of Building Stone (Sand Stone) Mine" Project at Khasra No.- 485 & 486, at Village- Patti Kalan, Tehsil- Chunar, District- Mirzapur, U.P.. Lease area-1.01 ha.	Mining	05-08-2021	12-09-2021	EC Issued
1879	Proposed of Building Stone (Sand Stone) Mine" Project at Khasra No.-360, at Village-Adhwar, Tehsil-Chunar, District- Mirzapur, U.P. . Lease area-1.01 ha.	Mining	05-08-2021	23/12/2021	EC Issued
1880	Proposed of " Building Stone (Khanda, Boulder, Bailast & Gitti)Mining" Project at Arazi No.-93, Khand No.- 27, at Village- Bari, Tehsil-Mahoba, District -Mahoba, U.P. Lease area-1.012 ha.	Mining	05-08-2021	26/11/2021	EC Issued
1881	Proposed of Building Stone (Sand Stone) Mine" Project at Arazi No.-170, at Village- Sonpur, Tehsil-Chunar, District- Mirzapur, U.P.. Lease area-1.21 ha.	Mining	06-08-2021	12-09-2021	EC Issued
1882	Proposed Multi Modal Logistics Hub at Village- Dadri, Kathera, Pali, Palla, Chitehra, Tehsil- Dadri,District- Gautam Buddha Nagar, U.P., M/s DMIC Integrated Industrial Township Greater Noida Ltd.	Building Construction	09-08-2021		Under Process
1883	Proposed Multi Modal Transport Hub at Village- Bodaki, Junpat, Kathera, Pali, Palla, Thapkheda, Tehsil-Dadri,District- Gautam Budha Nagar, U.P., M/s DMIC Integrated Industrial Township Greater Noida Ltd.	Building Construction	09-08-2021		Under Process
1884	Proposed of Setting Up of a Grain Based Distillery of Capacity 100 KLD (ccl Unit-2) for Ethanol Production with ZLD Under Ethanol Blended Petrol Programmeof Gol at Village- Tapri, Tehsil & District- Saharanpur, U.P.	Industry	10-08-2021		Under Process
1885	Proposed for our Housing Society "Hindustan Petroleum Co-operative Society Ltd." located at Plot No.- 14, Sector-32 (Pi-1), Greater Noida, District- Gautam Budha Nagar, U.P., M/s Hindustan Petroleum Co-operative Society Ltd.	Building Construction	10-08-2021		Under Process
1886	Proposed of " Building Stone (Khanda, Boulder & Gitti)Mine" Project at Araji No.-310, Khand No.- 03, at Village-Dangariyarund , Tehsil- Sadar, District-Jhansi, U.P.,Lease area-2.0 ha.	Mining	11-08-2021	01-04-2022	EC Issued
1887	Proposed of Expansion of Group Housing Colony Project located at Plot No.- GH-A, (GH-6 to GH-13) Housing Sector, Talanagri Industrial Area, Aligarh,U.P., M/s Ozone Promoters Pvt. Ltd.	Building Construction	11-08-2021	24/12/2021	EC Issued
1888	Proposed for Warehousing Project beside Sohramu Police Stataion, Hasanganj, District- Unnao, U.P., M/s Sambandh Infrastructure Development LLP	Building Construction	13-08-2021		Under Process
1889	Proposed for Building Stone (Sand Stone) Mine, at Gata No./Araji No.- 399, Village- Jigna, Tehsil- Chunar, District- Mirzapur, U.P., (Area: 1.01 Ha)	Mining	16-08-2021	21/12/2021	EC Issued
1890	Proposed for Develop T-5 Commercial Project at Plot No.- 5(T-5)located at Busines Bay-1, Sushant Golf City, Hi-Tech, Sultanpur Road, District- Lucknow, U.P., M/s M/s SJP Hotal Resorts Pvt. Ltd.	Building Construction	16-08-2021		Under Process

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1891	Proposed of Building Stone "Sand Stone" Project at Araj No.-01, at Village-Ahirupur, Tehsil- Chunar, District-Mirzapur, U.P.,Leased Area -1.01 ha	Mining	16-08-2021	01-01-2022	EC Issued
1892	Proposed of " Building Stone (Khandas, Gitti & Boulder)Mining" Project at Khand No.- 13, Gata No.-27, at Village- Dunara, Tehsil-Sadar, District -Jhansi, U.P. Lease area-2.023 ha.	Mining	16-08-2021	01-04-2022	EC Issued
1893	Proposed for "Ordinary Earth" at Gata No.- 78, 129, 510, 8, 325, 40, Village- Angrasi, Tehsil & District-Sitapur, U.P.,M/s Ramraj Construction, (Leased Area-2.0170 Ha)	Mining	19-08-2021		Under Process
1894	Proposed Sand/Morrum Mining Project at Gata No.-332/1, Khand-02, Village-Deori , Tehsil-Garautha, District- Jhansi, U.P., Lease Area: 10.0 ha)	Mining	20-08-2021		Under Process
1895	Proposed for the Chak Baraincha Sand Mining for mining of sand from private land on the Bed of River Garra at Khasra No.- 157, 158, 159, 160 a, 161 a, 162 ba, 163, 164,Village- Chak Baraincha, Tehsil- Tilhar, District- Shahjahanpur, U.P., M/s Gurunank Contractor, Lease Area: 1.186 Ha	Mining	22-08-2021	26/11/2021	EC Issued
1896	Proposed of "Building Stone (Sand Stone) Mine" Project at Gata No.- 997, at Village- Sindhora, Tehsil - Chunar, District- Mirzapur, U.P., M/s Euphoria Mines and Minerals, Leased Area -0.809 ha	Mining	24-08-2021	01-04-2022	EC Issued
1897	Proposed for "Granite (Khandas, Gitti & Boulder)Mine "Project at Gata No.- 2451, Khand No.- 01, Village-Jarar, Tehsil- Naraini, District- Banda, U.P.,M/s Eureka Mines & Minerals LLP, Leased Area -2.50 ha	Mining	24-08-2021	30/12/2021	EC Issued
1898	Proposed of Building Stone "SandStone" Project at Araj No.-01, at Village-Ahaura, Tehsil- Chunar, District-Mirzapur, U.P.,Leased Area -1.01 ha	Mining	25-08-2021	15/12/2021	EC Issued
1899	Proposed Project of "RBM (Mixed Form) Mining Project" located at Gata No.-2/102,Village- Shahalipur Kotra, Tehsil- Nagina, District- Bijnor, U.P., Lease Area: 1.215 Ha ,	Mining	25-08-2021	16/12/2021	EC Issued
1900	Proposed of " Building Stone (Khandas,Gitti, Boulder) Mining" Project at Gata No.-1097, Khand No.- 10, at Village-Utiya, Tehsil- Sadar, District- Mahoba, U.P.,Lease area-0.809 ha.	Mining	25-08-2021	25/11/2021	EC Issued
1901	Proposed Project of "Balu/Morrum" Mining Project" located at Gata No.-242/1, Village- Syodhi,Tehsil-Kulpahar , District- Mahoba, U.P., Lease Area: 1.0500 Ha ,	Mining	26-08-2021	16/12/2021	EC Issued
1902	Proposed of Ordinary Soil Excavation Project at Gata No.- 855, located in Village-Raipur Raja, Tehsil-B.K.T, District- Lucknow, U.P.,M/s SVGS Enterprises Leased Area -0.4480 ha	Mining	26-08-2021	29/12/2021	EC Issued
1903	Proposed of Ordinary Soil Excavation Project at Gata No.- 312, located in Village-Sultanpur, Tehsil-B.K.T, District- Lucknow, U.P.,M/s SVGS Enterprises Leased Area -0.7344 ha	Mining	26-08-2021	24/12/2021	EC Issued
1904	Proposed of Sand/Morrum Mining Project from Riverbed of Betwa River located at Gata No.- 1064, Khand No.- 01, Village- Kahta Hamirpur, Tehsil- Kalpi, District- Jalaun, U.P., (Lease Area: 9.710 ha)	Mining	26-08-2021	08-12-2021	EC Issued
1905	Proposed Project of "Balu/Morrum" Mining Project" located at Gata No.-720, Village- Nakra, Tehsil-Kulpahar , District- Mahoba, U.P., , Lease Area: 0.4700 Ha ,	Mining	26-08-2021	08-12-2021	EC Issued
1906	Proposed of " Building Stone (Khandas/Boulder, Bailast & Gitti)Mining" Project at Gata No.-346, at Village- Umanniya, Tehsil-Rath, District -Hamirpur, U.P. Lease area-0.5060 ha.	Mining	27-08-2021		Under Process
1907	Proposed of Sand/Morrum Mining Project located at Gata No.- 152/66, Village- Nagaara Ghat, Tehsil-Kulpahar, District- Mahoba, U.P. (Lease Area: 0.4050 ha)	Mining	27-08-2021	16/12/2021	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1908	Proposed of Building Stone (Sand Stone) Mine Project at Gata No./Araji No.-78, at Village- Khamhawa Jamati, Tehsil- Chunar, District- Mirzapur, U.P.,Leased Area -0.607 ha	Mining	27-08-2021	08-12-2021	EC Issued
1909	Proposed of " Building Stone (Khanda, Boulder, Bailast & Gitti)Mining" Project at Gata No.-935, Khand No.-01, at Makarbai, Tehsil & District-Mahoba, U.P., Leased Area -3.643 ha	Mining	27-08-2021	25/11/2021	EC Issued
1910	Proposed of Hon'ble High Court, Allahabad (Development of Multilevel Parking & Advocates Chamber) at Prayagraj, U.P.	Building Construction	27-08-2021		Under Process
1911	Proposed of " Building Stone (Khanda, Boulder, Bailast & Gitti)Mining" Project at Gata No.-1097, Khand No.- 05, at Village- Utiyan, Tehsil-Mahoba, District -Mahoba, U.P. Lease area-0.809 ha.	Mining	27-08-2021	25/11/2021	EC Issued
1912	Proposed of Riverbed Sand /Morrum mine at Gata No.- 03 GA, Khand No.-03 , Village-Nandha, Tehsil - Orai, District- Jalaun, U.P.,M/s R N S Pvt. Ltd., Leased Area -8.502 ha	Mining	27-08-2021	03-12-2021	EC Issued
1913	Proposed for Revision & Expansion of Group Housing Project "MRJV Palm Resort" Khasra No.- 10024, 1045, 1046, 107, 1067, 1068,NH-58, Noor Nagar, District- Ghaziabad, U.P., M/s MRJV Construction Company	Building Construction	27-08-2021		Under Process
1914	Proposed Sand Mining Project located at Gata No.-99 mi,101 mi, 102 mi & 103, Khanda No.- 02, Village-Bijhalpur, Tehsil- Ajitmal, District-Auraiya, U.P., (Leased Area-11.9595 Ha)	Mining	28-08-2021		Under Process
1915	Proposed River Bed Sand Mining Project at Gata No.-28, 67, 73, 76, Khand No.-02, Village- Nawada, Tehsil-Mauranipur, District- Jhansi, U.P., Lease Area: 14.0 ha)	Mining	28-08-2021		Under Process
1916	Proposed of " Building Stone (Khanda, Gitti, Boulder)Mining" Project at Araji No./Plot No.275, 278, Khand No.- DH/13, at Village- Dharawal, Teshil- Meja, District- Prayagraj, U.P. Lease area-4.048 ha.	Mining	29-08-2021	08-12-2021	EC Issued
1917	Proposed of " Building Stone (Khanda ,Gitti, Boulder) Mining" Project at ArajiNo./ Plot No.-98, Khand No.- 07, at Village-Parvezabad,Tehsil- Bara, District- Prayagraj, U.P.,Lease area-8.094 ha.	Mining	29-08-2021	12-09-2021	EC Issued
1918	Proposed of "Building Stone (Khanda, Boulder & (Gitti) Bailast) Mining" Project at Gata No.- 989, Khand No.-06, Village- Makarbai, Tehsil & District-Mahoba, U.P., Leased Area -1.619 ha	Mining	29-08-2021	25/11/2021	EC Issued
1919	Proposed of "Building Stone (Khanda, Gitti & Boulder) Sand Stone Mine" Project located at Araji No./Plot No.-59, 98, Khand No.- 05, at Village-Parvezabad, Tehsil- Bara, District- Prayagraj, U.P., M/s Mateshree Associates, Leased Area -6.072 ha	Mining	31-08-2021	03-12-2021	EC Issued
1920	Proposed River Bed Sand/Morrum Mining Project from Dhasan River at Khand No.-05, Village-Tolakhanganar , Tehsil- Rath, District- Hamirpur, U.P., Lease Area: 13 ha,	Mining	01-09-2021		Under Process
1921	Proposed of "Building Stone (Sand Stone) Mine" Project at Gata No./Araji No./Plot No.-188 Mi, at Village-Lahaura, Tehsil- Chunar, District- Mirzapur, U.P., Leased Area -2.828 ha	Mining	01-09-2021	03-12-2021	EC Issued
1922	Proposed of "Building Stone (Khanda, Boulder & (Gitti) Bailast) Mining" Project at Gata No.- 989, Khand No.-08, Village- Makarbai, Tehsil & District-Mahoba, U.P., Leased Area -1.619 ha	Mining	01-09-2021	25/11/2021	EC Issued
1923	Proposed of "Building Stone (Khanda, Boulder & (Gitti) Bailast) Mining" Project at Gata No.- 989, Khand No.-20, Village- Makarbai, Tehsil & District-Mahoba, U.P., Leased Area -0.809 ha	Mining	01-09-2021	25/11/2021	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1924	Proposed of "Building Stone (Sand Stone) Mine" Project at Gata No.-1 Ka, 1 Ja, 1 Ddha, 1Ttha, 1Ttha, at Village-Dhanaval, Tehsil- Marihan, District- Mirzapur, U.P., Leased Area -4.18 ha	Mining	31-08-2021	14-12-2021	EC Issued
1925	Proposed of Expansion of Exiting Sugar Mill Cane Cushing Capacity from 4600 TCD to 6600 TCD ALONG WITH Co-Gen Power Expansion from 6.0 MW to 10.0 MW at Village- Agwanpur, Tehsil & District- Moradabad, U.P, M/s Dewan Sugar Ltd.	Industry	02-09-2021	30/12/2021	EC Issued
1926	Proposed of Ordinary Soil Mining Project at Gata No.- 187, 415, 204 mi, Village- Simla Ther, Tehsil- Bilari District-Moradabad, U.P,Leased Area -0.364 ha	Mining	02-09-2021	24/12/2021	EC Issued
1927	Proposed River Bed Sand/ Morrum Mining Project from Dhasan River for located at Khand No.- 04, Village- Tolakhangaram, Tehsil- Rath, District- Hamirpur, U.P.,Lease Area: 21 ha	Mining	02-09-2021	08-12-2021	EC Issued
1928	Proposed Ordinary Sand Mining Project from River Bed of Ghaghra river at Gata No.- 1048 & 1049,at Village- Manjha Barehata, Tehsil- Sadar, District- Ayodhya, U.P.,Leased Area -25.00 ha,	Mining	03-09-2021	03-12-2021	EC Issued
1929	Proposed of Ordinary Soil Mining Project at Gata No.- 375, Village- Sekri Tehsil- Bilari District-Moradabad, U.P,Leased Area -0.737 ha	Mining	04-09-2021		Under Process
1930	Proposed of "Building Stone (Khanda, Gitti, Boulder) Mining" Project at Gata No.- 22, Khand No.-07, Village- Dunara, Tehsil -Sadar, District-Jhansi, U.P., Leased Area -3.237 ha	Mining	04-09-2021	12-10-2021	EC Issued
1931	Proposed Project of "Granite (Khanda, Gitti & Boulders & Pahadi Red Morrum)" Project at Gata No.- 2131/08, Village- Raulikalyanpur, Tehsil- Karwi, District- Chitrakoot, U.P.,(Leased Area-4.0481 ha)	Mining	05-09-2021	24/12/2021	EC Issued
1932	Proposed river bed Sand/Morrum Mining Project along Sone River in Gata No./Arazi No.-21 mi, Khand No.- 01, Village-Bhagwa, Tehsil-Obra, District-Sonbhadra, U.P., M/s Veera Construction, (Leased Area-14.98 Ha)	Mining	06-09-2021	01-12-2021	EC Issued
1933	Proposed river bed Sand/Morrum Mining Project along Sone River of M/s New India Minerals located at Gata No./Arazi No.-824 Kha, Khand No.- 03, Village-Agori Khas, Tehsil-Obra, District-Sonbhadra, U.P., (Leased Area-16.194 Ha)	Mining	06-09-2021	01-12-2021	EC Issued
1934	Proposed of Sand/Morrum Mining Project from Sukhani Riveratlocated at Gata No.- 1984 mi & 01, Village- Dhawakar/ Sitaura, Tehsil- Mauranipur, District- Jhansi, U.P.,Lease Area-09.0 ha	Mining	06-09-2021	30/11/2021	EC Issued
1935	Proposed of " Building Stone (Khanda, Gitti & Boulder)Mining" Project at Gata No.-275, 276, Khand No.- D.H/12, at Village- Dharawal, Tehsil-Meja, District -Prayagraj, U.P., Lease area-6.758 ha	Mining	06-09-2021	12-10-2021	EC Issued
1936	Proposed for Banke Bihari Brick Earth Mining Project (for category B2) at Gata No.- 168, 171, 165, 187, 170, 169, Village- Kewal Rampur Chilowa, Tehsil- Jalalabad, District- Shahjahanpur, U.P, M/s Banke Bihari Ent Udyog (Leased Area-3.422 Ha)	Mining	06-09-2021		Under Process
1937	Proposed Project of Building Stone , Khanda & Gitti, Boulder Mining (Capacity Expansion) located at Gata No.- 721, Village- Daharra, Tehsil- Mahoba, District- Mahoba, U.P.,(Leased Area-0.647 ha)	Mining	07-09-2021		Under Process

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1938	Building Stone (Khandas, Gitti, Boulder Mining at Gata No.-515, 16, 17, Khand -03, Village- Sirbo, Chandpura, Tehsil-Garautha, District- Jhansi, U.P., Lease area- 1.214 ha.	Mining	07-09-2021	01-01-2022	EC Issued
1939	Proposed for Construction Of Office Building at Madhuban Bapudham Scheme Ghaziabad by Ghaziabad Development Authority	Building Construction	07-09-2021		Under Process
1940	Proposed for Building Stone (Sand Stone) mine at Gata No./Araji No.-141, at Village- Chiraiya, Tehsil- Chunar, District- Mirzapur, U.P., M/s P.B.R. Infratech Pvt. Ltd., Leased Area -0.890 ha	Mining	07-09-2021		Under Process
1941	Proposed of "Building Stone (Khanda, Boulder & (Gitti) Bailast) Mining" Project at Gata No.- 339, Khand No.-12 Old 28 New, Village- Daharra, Tehsil -Sadar, District-Mahoba, U.P., Leased Area -0.809 ha	Mining	07-09-2021	25/11/2021	EC Issued
1942	Proposed of " Building Stone (Khanda, Boulder, Bailast & Gitti)Mining" Project at Gata No.-478/2, Khand No.-01 New, at Village-Bilbai, Tehsil & District-Mahoba, U.P., Leased Area -2.024 ha	Mining	07-09-2021	25/11/2021	EC Issued
1943	Proposed of "Building Stone (Khanda, Boulder & (Gitti) Bailast) Mining" Project at Gata No.- 339, Khand No.-10 Old 29 New, Village- Daharra, Tehsil -Sadar, District-Mahoba, U.P., Leased Area -0.809 ha	Mining	07-09-2021	25/11/2021	EC Issued
1944	Proposed of " Building Stone (Khanda, Boulder, Bailast & Gitti)Mining" Project at Gata No.-478/2, Khand No.-03 New, at Village-Bilbai, Tehsil & District-Mahoba, U.P., Leased Area -1.012 ha	Mining	07-09-2021	25/11/2021	EC Issued
1945	Proposed of Building Stone (Sand Stone) Mine" Project at Araji No.-428, at Village-Dhuriya, Tehsil- Chunar, District- Mirzapur, U.P. Lease area-1.414 ha.	Mining	08-09-2021	13-12-2021	EC Issued
1946	Proposed of Building Stone (Sand Stone) Mine" Project at Khasra No./Gata No.-519, at Village- Ghasipur , Tehsil- Chunar, District- Mirzapur, U.P.. Lease area-1.21 ha.	Mining	08-09-2021	13-12-2021	EC Issued
1947	Proposed of Building Stone (Sand Stone) Mine" Project at Araji No.-428, at Village-Dhuriya, Tehsil- Chunar, District- Mirzapur, U.P. Lease area-1.37 ha.	Mining	08-09-2021	12-10-2021	EC Issued
1948	Proposed of "Building Stone (Sand Stone) Mine" Project at Gata No./Araji No.-399, at Village-Jigna, Tehsil- Chunar, District- Mirzapur, U.P., Leased Area -1.01 ha	Mining	08-09-2021	12-10-2021	EC Issued
1949	Proposed of Building Stone (Sand Stone) Mine" Project at Khasra No./Gata No.-142, at Village-Sonpur, Tehsil- Chunar, District- Mirzapur, U.P . Lease area-1.01 ha.	Mining	08-09-2021	13-12-2021	EC Issued
1950	Proposed of "Building Stone (Khanda, Gitti, Boulder & Pattia) Mining" Project at Gata No.- 177, at Village- Dhuria, Tehsil- Chunar, District-Mirzapur, U.P., Leased Area -1.01 ha	Mining	08-09-2021	13-12-2021	EC Issued
1951	Proposed of "Building Stone (Sand stone) Mine in Project at Araji No.-428, Village-Dhuria, Tehsil- Chunar, District- Mirzapur, U.P., Leased Area -0.809 ha	Mining	08-09-2021	01-06-2022	EC Issued
1952	Proposed for Building Stone (Sand Stone) Mine, at Gata No.- 177, Village- Dhuria, Tehsil- Chunar, District- Mirzapur, U.P.(Area: 1.01 Ha)	Mining	08-09-2021	12-10-2021	EC Issued
1953	Proposed of Building Stone (Sand Stone) Mine" Project at Khasra No./Gata No.-141, at Village-Chiraiya, Tehsil- Chunar, District- Mirzapur, U.P.,M/s Abhiyaan Infrastructure, Lease area-1.21 ha.	Mining	08-09-2021	13-12-2021	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1954	Proposed Group Housing at Plot No: 3/SP-10, Siddharth Vihar, District- Ghaziabad, U.P., M/s Shadbolt Buildworld Pvt. Ltd.	Building Construction	08-09-2021		Under Process
1955	Proposed Project for setting of Cement Industry having Production Capacity 1x150=150 TPD or 54000 at Khasra No.-158 Mi, Village-Mai, Post-Rampur, Tehsil-Mariyahu, District- Jaunpur, U.P., M/s J.P.Cement & Chemicals	Cement	09-09-2021		Under Process
1956	Proposed Common Bio-medical Waste Treatment Facility (CBWTF) Proposed by Progressive Lifecare- A Unit of M/s Topsy Turvy Retail Pvt.Ltd., at Khasra No.-1035, Village- Bhaesar, Pargana-Kada, Tehsil-Sirathu, District-Kausambi, U.P., M/s Topsy Turvy Retail Pvt.Ltd.	Industry	09-09-2021		Under Process
1957	Proposed "Ordinary Soil Excavation" Project at Gata No.-161, 164, 165, 166, 167 Village-Bhadri, Tehsil-Bilari, District- Moradabad, U.P., Lease area-0.549 ha.	Mining	10-09-2021	24/12/2021	EC Issued
1958	Proposed of Granite (Khanda, Gitti, Boulder) Mine Project at Gata No.- 1876, Khand No.- 04, Village-Girawan, Naraini, District- Banda, U.P., M/s Bajrang Road Lines, Leased Area - 1.21 ha	Mining	10-09-2021	23/12/2021	EC Issued
1959	Proposed of Granite (Khanda, Gitti, Boulder) Mine Project at Gata No.- 1876, Khand No.- 03, Village-Girawan, Naraini, District- Banda, U.P., M/s Bajrang Road Lines, Leased Area - 1.41 ha	Mining	10-09-2021	14-12-2021	EC Issued
1960	Proposed of " Building Stone (Khanda, Boulder, Bailast & Gitti)Mining" Project at Gata No.- 707 Mi, Village- Nathupura, District- Mahoba, U.P. Leased Area -2.428 ha	Mining	10-09-2021		Under Process
1961	Proposed of " Building Stone (Khanda, Boulder, Bailast & Gitti)Mining" Project at Gata No.- 640, Village-Ratauli, Tehsil- Sadar, District- Mahoba, U.P., Leased Area -1.7730 ha	Mining	11-09-2021	25/11/2021	EC Issued
1962	Proposed of " Building Stone (Khanda, Boulder, Bailast & Gitti)Mining" Project at Gata No.- 1580, Village-Makarbai, Tehsil & District- Mahoba, U.P., Leased Area -1.4160 ha	Mining	11-09-2021	25/11/2021	EC Issued
1963	Proposed of "Building Stone (Khanda, Boulder & (Gitti) Bailast) Mining" Project at Gata No.- 946, Village-Makarbai, Tehsil & District-Mahoba, U.P., Leased Area -4.445 ha	Mining	11-09-2021	25/11/2021	EC Issued
1964	Proposed of Ordinary Earth Mine at Khasra No./Gata No.- 42, Village- Sohilpur, Tehsil-Ramsanehighat, District-Barabanki, U.P, Leased Area -0.122 ha	Mining	12-09-2021	23/12/2021	EC Issued
1965	Proposed of "Soil Excavation Project" at Gata No.-379 & 391, located in Village-Ranpur, Tehsil-Bilari, District- Moradabad, U.P., Leased Area -1.0050 ha	Mining	15-09-2021	24/12/2021	EC Issued
1966	Revision and Expansion of Affordable Group Housing Project "Delhi-99" at Khasra No.-2115 M, 2049, 2054 M, 2119, 2117, 2055 M, 2056 M, 2109 M, 2114 M, 2110 M & 2107, Village- Baheta Hajipur, Tehsil- Loni, District- Ghaziabad, U.P., M/s M.R. Proview Realtech Pvt. Ltd.	Building Construction	15-09-2021		Under Process
1967	Proposed of "Building Stone (Khanda, Boulder & (Gitti) Bailast) Mining" Project at Gata No.- 339, Khand No.-21 New 32 Old, Village- Daharra, Tehsil -Sadar, District-Mahoba, U.P., Leased Area -1.619 ha	Mining	15-09-2021	25/11/2021	EC Issued
1968	Proposed of " Building Stone (Khanda, Boulder, Bailast & Gitti)Mining" Project at Gata No.-478/2, Khand No.-02 New, at Village-Bilbai, Tehsil & District-Mahoba, U.P., Leased Area -2.024 ha	Mining	15-09-2021	25/11/2021	EC Issued
1969	Proposed River Bed Sand Mining Project from Betwa River for located at Khand No.- 22/05, Village- Rirua Basaria, Tehsil- Sarila, District- Hamirpur, U.P., Lease Area: 23.0 ha)	Mining	15-09-2021	01-04-2022	EC Issued
1970	Proposed "Ordinary Soil Excavation Project" at Gata No.- 757, Village- Kuroni, Tehsil- Sarojani Nagar, District- Lucknow, U.P., Lease area-0.7160 ha.	Mining	17-09-2021		Under Process

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1971	Proposed "Ordinary Soil Excavation Project" at Gata No.- 50, Village- Shahpur Bujurg, Tehsil- Dhanaura, District- Amroha, U.P.,M/S Jai Bhole Nath Contractor (Lease Area: 1.7250 Ha.)	Mining	17-09-2021		Under Process
1972	Proposed "Sand Mining" Project in Koshi River at Gata no. 236, 237, 238, 240 & 245, Village- Rampur Dhamman, Tehsil – Tanda, District – Rampur, U.P., (Lease Area: 1.721 Ha.)	Mining	18-09-2021		Under Process
1973	Proposed "Granite (Khanda,Gitti, Boulders)Mining"Project at Gata No.-714, Khand No.- 04, Village-Gonda, Tehsil- Karwai, District- Chitrakoot, U.P., M/S Ashind I.T. Solutions Pvt. Ltd., Leased Area -2.0241 ha,	Mining	18-09-2021	01-04-2022	EC Issued
1974	Proposed Institutional Building (IT/ITES Building) Project at Plot No.- B-23, Sector-62, Noida, Uttar Pradesh by M/s Seven Star Infosoft Pvt. Ltd.	Building Construction	21-09-2021		Under Process
1975	Proposed for our new Project for Establishesd of a 01x120 KLPD Grain Based Distillery for manufacturing of Ethanol Unit under Distillery at Khasra No.- 47/1, 52, 51, 60, 54, Village- Binaura Khas, Tehsil-Puranpur, District- Pilibhit, U.P., M/s Gangotri Refinery Pvt. Ltd.	Industry	20-09-2021		Under Process
1976	Proposed of " Building Stone (Khanda,Gitti, Boulder) Mining" Project at Gata No.-181, Khand No.- 03, at Village- Haivatpura, Tehsil-Garautha, District -Jhansi, U.P. Lease area-1.214 ha.	Mining	20-09-2021		Under Process
1977	Proposed of " Building Stone (Khanda, Gitti, Boulder) Mining" Project at Gata No.-181, Khand No.- 04, at Village- Haivatpura, Tehsil-Garautha, District -Jhansi, U.P.,M/s Saksham Contractor and Suppliers, Lease area-0.8090 ha.	Mining	20-09-2021		Under Process
1978	Proposed of " Building Stone (Khanda, Boulder, Bailast & Gitti) Mine" Project at Gata No.-277, Khand No.- 02, at Village-Silari, Tehsil-Moth, District- Jhansi, U.P., Lease area-1.416 ha.,	Mining	21-09-2021	14-12-2021	EC Issued
1979	Proposed of " Building Stone (Sand Stone) Mining" Project at Gata No.-2 Mi, 4 Mi, 3, 5, 6 Mi, at Village- Chakgaura Bisen, Post Post- Nakti, Mishrauli, District- Mirzapur, U.P., Lease area-0.525 ha.,	Mining	22-09-2021	15/12/2021	EC Issued
1980	Proposed Project of "Building Stone (Sand stone) Mining" located at Araji No. – 1537 ₹, Village- Bahuti, Tehsil- Marihan, District Mirzapur, U.P., Lease area-2.615 ha.,	Mining	22-09-2021	29/12/2021	EC Issued
1981	Proposed of Shahbaznagar Khadar Sand Mining Project from private land on Bed of River Garra at Khasra No.- 552, Village- Shahbaznagar Khadar, Tehsil- Sadar, District- Shahjahanpur, U.P., Lease area-1.01 ha.,	Mining	23-09-2021	31/12/2021	EC Issued
1982	Proposed of Ordinary Soil Mining project at Gata No- 95, 79Ka, 79Kha Village-Chaurahiya, Tehsil- Mohanlalganj, District- Lucknow, U.P.,M/s Ujjwal India Enterprises, Lease area-0.56 ha.,	Mining	24-09-2021	14-12-2021	EC Issued
1983	Proposed of "Building Stone (Khanda, Boulder & (Gitti) Bailast) Mining" Project at Arazi No. 1819 Kha, Village- Makarbai, Tehsil- Sadar, District- Mahoba,U.P., Lease Area: 1.420 ha	Mining	24-09-2021	26/11/2021	EC Issued
1984	Proposed of " Building Stone (Khanda, Boulder, Bailast & Gitti)Mining" Project at Gata No.-1097, Khand No.- 01, at Village- Utian, Tehsil-Sadar, District -Mahoba, U.P. Lease area-1.214 ha.	Mining	24-09-2021	25/11/2021	EC Issued
1985	Proposed of Group Housing "GSR HEIGHTS" at Kalp City, Village- Bijnour, Pargana- Bijnour, Tehsil and District Lucknow, U.P., M/S G.S.R. BUILDERS AND DEVELOPERS PVT. LTD.	Building Construction	25-09-2021		Under Process

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
1986	Proposed Project of Ordinary Sand Mine at Gata No.- 1 Gh, Village- Kothri Gauriya, Tehsil- Sirauligaupur, District- Barabanki,U.P., Lease area-2.1833 ha.	Mining	27-09-2021	21/12/2021	EC Issued
1987	"Proposed of Affordable Rental Housing Scheme" at Khasra No.- Nil, Deoghat, Jalwa Scheme Allahabad (Prayagraj), U.P., M/s Indian Oil Corporation Limited	Building Construction	27-09-2021		Under Process
1988	Proposed of Sand/Morrum Mining Project at Guruwal Composite at Gata No.- 53 to 71, 74 to 86, 91, 132 to 134, Khand No.- 01, Village- Guruwal, Tehsil- Khaga, District-Fatehpur, U.P., M/s Ambey Granite, (Lease Area: 50.00 ha)	Mining	28-09-2021	23/12/2021	EC Issued
1989	Proposed of Ordinary Earth Excavation Mining Projec at Gata No.-602, 62/1, Villag-Shivpuri, Tehsil-Bakshi ka Talab,District- Lucknow,U.P.,M/s Shree Balaji Infratech and Developer,(Lease Area: 1.804 ha),	Mining	28-09-2021	23/12/2021	EC Issued
1990	Proposed for "Ordinary Sand Mining Project", at Gata No. 259 ग, 258 ग & 258 ख, Village/Ghat-Chivarahiya, Tehsil-Naugarh, District-Siddharth Nagar , U.P. , (Lease Area: Area-2.32 Ha)	Mining	29-09-2021	14-12-2021	EC Issued
1991	Proposed Project of "RBM (Mixed Form) Mining Project" located at Gata No. -70 Mi, Village- Abulfazalpur Pahara, Tehsil- Nagina, District- Bijnor, U.P.,(Lease Area: 1.264 Ha)	Mining	29-09-2021	29/12/2021	EC Issued
1992	Proposed Sand Mining Project of at Sonauli Nankar Ghat on Budhi Rapti River at Gata No.- 331, Village- Sonauli Nankar, Tehsil- Itwa, District: Siddharth Nagar, M/s AAYUSH TRADERS, Lease Area 3.0 Ha	Mining	30-09-2021	16/12/2021	EC Issued
1993	Proposed of Ordinary Sand Mining Project from river bed of Ram Ganga , at Gata No: 365, Lease Area – 3.919 ha (9.68 Acres), Village – Kamalpur Mafi, Tehsil - Kanth, District - Moradabad, U.P., M/s R. K. Construction and Supplier/1, Lease Area – 3.919 ha ,	Mining	30-09-2021	01-04-2022	EC Issued
1994	Proposed "Building Stone (Khanda, Boulder, Bailast (Gitti)) Mine" Project at Gata No.- 959, Village- Tikamaui, Tehsil- Sadar, District- Mahoba, U.P., Lease Area – 2.0240 ha ,	Mining	01-10-2021	26/11/2021	EC Issued
1995	Proposed of Sand/Morrum Mining Project from Riverbed of Yamuna River located at Gata No.- 78 to 120, 124 to 133, 153 to 162, Village- Oti Composite , Tehsil & District- Fatehpur, U.P., (Lease Area: 50.0 ha)	Mining	02-10-2021	29/12/2021	EC Issued
1996	Proposed Development of "Ganga Expressway" from Meerut to Prayagraj, an Access Controlled Greenfield Expressway Project, (Ch.7+900-Ch.601+847 Km) Total Length-593.947 Km.	Highway	02-10-2021	20/11/2021	EC Issued
1997	Proposed of Sand Mining Project from River Bed of Rohin river at Gata No.- 247 Ga,at Village- Baikunthpur, Tehsil- Nautanwa, District- Maharajgaj, U.P.,Leased Area -5.475 ha,	Mining	04-10-2021	29/12/2021	EC Issued
1998	Proposed River Bed Sand/ Morrum Mining Project from Ganga River located at Gata No.- 2153/1, Village- Adampur, Tehsil & District-Fatehpur, U.P., M/s Rajesh Mishra Construction and Suppliar, Lease Area: 10.0 ha	Mining	04-10-2021		Under Process
1999	Proposed of Medical College at Village & Tehsil- Tiloi, District- Amethi, U.P.	Building Construction	05-10-2021		Under Process
2000	Proposed "Building Stone (Khanda, Boulder, Bailast (Gitti)) Mine" Project at Gata No.- 192, Village- Mochipura, Tehsil- Sadar, District- Mahoba, U.P., Lease Area – 4.048 ha ,	Mining	06-10-2021	26/11/2021	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
2001	Proposed of Affordable Housing (Pmay) Project "Aradhyam" (Plot No.- A,B & C)" AT Khasra No.- 291 M, 290 M, 294M, 332, 337, 338, 339, 358M, 462M, 493M, at Village- Pasonda, District- Ghaziabad, U.P., M/s Aradhyam Builders	Building Construction	06-10-2021		Under Process
2002	Proposed "Building Stone (Khanda, Boulder, Bailast (Gitti)) Mine" Project at Araj No.-989, Khand No.-18,, Village: Makarbai, Tehsil: Mahoba, District: Mahoba, , U.P., Lease Area – 1.012 ha ,	Mining	06-10-2021	26/11/2021	EC Issued
2003	Proposed for Ordinary Sand Mining Project from river bed Feeka River located at Gata No.- 3mi, 4mi, & 5mi,, Village- Sabalpur Aihatmali, Tehsil-Thakurdwara District- Moradabad, U.P., M/s Pushpendra Chaudhary/127626, Lease Area: 4.90 ha	Mining	07-10-2021	23/12/2021	EC Issued
2004	Proposed of Ordinary Earth Mine at Khasra/Gata No.- 316, Village- Jata, Tehsil- Nawabganj , District- Barabanki,U.P., Lease Area: 0.567 ha	Mining	07-10-2021	30/12/2021	EC Issued
2005	Proposed "Silica Sand Mining Project" at Arazi No. -2 , Village- Lakhnauti, Tehsil- Bara, District- Prayagraj, U.P.,Lease Area: 16.75 Ha, M/s Chawla Silica Sand Trading Company	Mining	08-10-2021		Under Process
2006	Proposed for Building Stone (Khandas, Gitti, Boulder) Mining at Araj No.-2/4, Khand -02, Village- Jujhar, Chanpura, Tehsil-Sadar, District- Mahoba, U.P., Lease area- 4.048 ha.	Mining	08-10-2021	25/11/2021	EC Issued
2007	Proposed Project of "Building Stone (Sand stone) Mining" located at Araj No – 1537 ₹, Village- Bahuti, Tehsil- Marihan, District- Mirzapur, U.P., Lease area- 2.0 ha.	Mining	09-10-2021		Under Process
2008	Proposed Project of Building Stone (Khandas,Gitti,Boulder) Mining at Khand -12,Gata No.-27, Village- Dunara, Tehsil-Sadar,District- Jhansi, U.P., Lease area- 1.416 ha.	Mining	09-10-2021	01-04-2022	EC Issued
2009	Proposed of " Building Stone (Khanda, Boulder, Bailast & Gitti)Mining" Project at Gata No.-712, Khand No.-08, at Village-Chikahra, Tehsil & District-Mahoba, U.P., Leased Area -1.214 ha	Mining	09-10-2021	25/11/2021	EC Issued
2010	Proposed Construction of Data Center building at Plot No.- C-20/1A/10, Sector-62,Noida, District- Gautam Buddha Nagar, U.P.,M/s Adani Enterprises Limited	Building Construction	11-10-2021		Under Process
2011	Proposed of Building Stone "Sand Stone Project" at Araj No.-639, at Village- Rampur Sakteshgarh, Tehsil- Chunar, District- Mirzapur, U.P.,Leased Area -3.64 ha	Mining	11-10-2021	23/12/2021	EC Issued
2012	Proposed river bed Sand Mining from Yamuna River at Gata No.138, Village-Bichhawali Kanchhar, Tehsil- Sikandara, District-Kanpur Dehat, U.P., M/s Vaishno Agro Industries, (Leased Area-24.24 Ha)	Mining	11-10-2021	23/12/2021	EC Issued
2013	Proposed of Ordinary Soil Excavation" Project at Gata No.–200, 204Mi, 518, 522 Village-Bajinathpur, Tehsil-Thakurdwara , District- Moradabad, U.P , (Leased Area-1.368 Ha, Toshani Roots Construction (OPC) Pvt. Ltd.	Mining	11-10-2021		Under Process
2014	Proposed Clinker Grinding unit with Cement production capacity of 12,00,000 TPA (3650 TPD) at Plot no: AL-5A, Sector-23, GIDA, Tehsil: Sahjanwa, District: Gorakhpur (U.P.) of M/s Gallantt Industry Private Limited	Cement	12-10-2021		Under Process
2015	Proposed Mini Township at Khasra No.-675, 676, 677, 678, 680 & 692, Village- Madaon, Tehsil-Bakshi Ka Talab, District- Lucknow, U.P., M/s ORO REAL INFRA LLP	Building Construction	12-10-2021		Under Process
2016	Proposed construction of Warehouse (Non Agricultural Produce) at khasra no. 315, village- Saraijoga, Tahsil- Hasanganj , District- Unnao,U.P.,M/s Plus Nine One Development Pvt. Ltd & Plus Nine One Warehouse Pvt. Ltd.	Building Construction	12-10-2021		Under Process

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
2017	Proposed Noida OATS - A 47-48, Sector 136, Noida, District- Gautam Buddha Nagar, U.P.,M/s Open Advanced Technologies LLP	Building Construction	13-10-2021		Under Process
2018	Proposed of " Building Stone (Khanda, Boulder, Bailast & Gitti)Mining" Project at Gata No.-1097, Khand No.- 09, at Village- Utiyan, Tehsil-Sadar, District -Mahoba, U.P. Lease area-0.809 ha.	Mining	13-10-2021	25/11/2021	EC Issued
2019	Proposed of the IT Park Project at Plot No.- 2, Knowledge Park- III, Greater Noida, District- Gautam Buddha Nagar, U.P.,M/s Dhampur Alco-Chem Pvt. Ltd.	Building Construction	14-10-2021		Under Process
2020	Proposed "Ordinary Sand Mining Project at, Gata No.-46, 47, 50, 54, 61, 62, 69, 55, 60, 63, 68, 70, 75, 74, 71, 67, 64, 59 & 56, Village- Devranar, Tehsil- Fatehpur, District- Fatehpur, U.P. , M/s Pragyasan Contractor Pvt. Ltd. Lease Area: 15.0 ha	Mining	14-10-2021	29/12/2021	EC Issued
2021	Proposed River Bed Sand/Morrum Mining Project from River Dhasan located at Khand No.-06, Village- Tolakhangaran, Tehsil- Rath, District- Hamirpur, U.P., (Area: 32.11 Ha)	Mining	14-10-2021		Under Process
2022	Proposed for Building Stone (Sand Stone) Mining Project at Araj No.-01, SI No.-35, Village- Dhuria, Tehsil- Chunar,District- Mirzapur, U.P., Lease area- 1.01 ha.	Mining	19-10-2021	01-04-2022	EC Issued
2023	Proposed for Building Stone (Sand Stone) Mining Project at Araj No.-399, SI No.-16, Village- Jigna, Tehsil- Chunar,District- Mirzapur, U.P., Lease area- 1.01 ha.	Mining	19-10-2021	31/12/2021	EC Issued
2024	Proposed of CBTWF in Muzzafarnagar at Khasra No.- 539/3, Village- Makhiyali, District- Muzaffarnagar, U.P.,M/s Rudra Waste Management (P) Ltd.	Industry	19-10-2021		Under Process
2025	Proposed for Building Stone (Sand Stone) Mining Project at Araj No.-01, SI No.-15, Village- Dhuria, Tehsil- Chunar,District- Mirzapur, U.P., Lease area- 1.01 ha.	Mining	19-10-2021	01-01-2022	EC Issued
2026	Proposed for Building Stone (Sand Stone) Mining Project at Araj No.-428,SI No.-06, Village- Dhuria, Tehsil- Chunar, District- Mirzapur, U.P., Lease area- 2.02 ha.	Mining	19-10-2021	01-01-2022	EC Issued
2027	Proposed Group Housing Project at Plot No 3, SP-03,Sector-3, Siddharth Vihar, Ghaziabad,U.P,M/S TANDT INFRA DEVELOPERS PRIVATE LIMITED	Building Construction	20-10-2021		Under Process
2028	Proposed of " Building Stone (Khanda, Boulder, Bailast & Gitti)Mining" Project at Gata No.-1097, Khand No.- 07, at Village- Utiyan, Tehsil-Mahoba, District -Mahoba, U.P. Lease area-0.809 ha.	Mining	20-10-2021	26/11/2021	EC Issued
2029	Proposed of Warehouse Project at Village- Madapur-Mustafabad & Baharmandpur, Dasna, Tehsil- Dhaulana, District- Hapur, U.P., M/s Indo World Spaces	Building Construction	22-10-2021		Under Process
2030	Proposed of Expansion of Tikaula Distillery (through Molasses/Sugar Syrup/Cane Juice) & Cogeneration Plant Tikaula, Ramraj, Muzaffarnagar, U.P. M/s Tikaula Distillery (A Unit of Tikaula Sugar Mills Limited)	Industry	22-10-2021		Under Process
2031	Proposed Project of Khanda- Boulder / Gitty- Ballast and Red Morrum Mine at Arazi No. 2456 Kha (Khand 03), Village- Pahra, Tehsil- Sadar, District- Mahoba, U.P., M/S JAGDEESH AND COMPANY, Lease area-4.0 ha	Mining	23-10-2021		Under Process
2032	Proposed Project of river "Sand/ Morrum Mining" on the River bed of Yamuna River, at Khand No- 13/15 to 13/17, Village-Badahari, Tehsil- Manjhanpur, District- Kausambhi, U.P., Lease Area 27.17 Ha	Mining	25-10-2021	30/12/2021	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
2033	Proposed of Sand/Morrum Mining Project from Riverbed of Betwa River located at Gata No.- 747, Khand No.- 04, Village- Pathrehta , Tehsil- Kalpi, District- Jalaun, U.P., (Lease Area: 16.194 ha)	Mining	26-10-2021		Under Process
2034	Proposed of " Building Stone (Khanda,Gitti, Boulder) Mining" Project at Araj No.-1097, Khand No.- 08, at Village-Utiya, Tehsil- Sadar, District- Mahoba, U.P.,Lease area-0.809 ha.	Mining	22-10-2021	26/11/2021	EC Issued
2035	Proposed of " Building Stone (Khanda, Boulder, Bailast & Gitti) Mining" Project at Gata No.-19, Khand No.- 01, at Village- Ganj, Tehsil & District- Mahoba, U.P., M/s Prem Enterprises , Lease area-1.619 ha.	Mining	24-10-2021	25/11/2021	EC Issued
2036	Proposed of Institutional Building “Eye of Noida (EON)” at Plot No. 01A, sector- 140 A ,Noida, District- Gautam Budh Nagar,U.P, M/s FAIRFOX ITINFRA PVT.LTD.	Building Construction	25-10-2021		Under Process
2037	Proposed Establishment of Formaldehyde manufacturing unit 39600 MT/Annum (120.0 MT/Day) at Plot No: 41, Bhojipura Industrial Area, Tehsil & District – Bareilly, Uttar Pradesh by M/s Bhagwati Udyog	Industry	27-10-2021		Under Process
2038	Proposed of " Building Stone (Khanda, Boulder, Bailast & Gitti)Mining" Project at Gata No.-967, Khand No.- 01, at Village- Kabrai, Tehsil-Sadar, District -Mahoba, U.P. Lease area-1.315 ha.	Mining	27-10-2021	26/11/2021	EC Issued
2039	Proposed of “Building stone (Sandstone)” Project at Arazi No.-207, Village– Alhua, Tehsil-Chunar, District– Mirzapur, Uttar Pradesh By M/s Maa Mundeshwari Devi Enterprises, Lease area-1.01 ha.	Mining	28-10-2021	29/12/2021	EC Issued
2040	Proposed Residential & Non - Residential Building at PAC Mahilla Battalion at Village- Saijani, Pargana- Salempur, Tehsil- Dataganj, District- Badaun, State- U.P Uttar Pradesh	Building Construction	28-10-2021		Under Process
2041	Proposed Project “Maha Yogi Guru Gorakhnath Ayush University” at Village-pipri & tarkulha, (Pipri Khata no- 296, 295, 06, 28, 435 & Tarkulha khata no- 272, 10, 273), District-Gorakhpur, U.P. M/s Regional Ayurvedic and Unani Department, Gorakhpur.	Building Construction	28-10-2021	03-11-2021	EC Issued
2042	Proposed of Khailar Khanda-Boulder/ Gitti-Ballast Mining project at Gata No 669 (Khand 07) Village- Khailar, Tehsil- Sadar, District: Jhansi, Uttar Pradesh, M/s Raj and Company,Area: 2.0 ha	Mining	28-10-2021		Under Process
2043	Proposed Ordinary Earth Mine At Gata No.- 594, Village- Ruhera, Tehsil- Ramnagar, Barabanki, U.P., M/s Chauhan Enterprises, Area: 0.379 ha,	Mining	29-10-2021	29/12/2021	EC Issued
2044	Proposed Building Stone (Sandstone) mine, at Gata No./Araji No. /Plot no. – 141) at Village- Chiraiya, Tehsil- Chunar, District- Mirzapur, Uttar Pradesh of M/s Sriram Infrastructure., Lease Area: 2.02 ha.	Mining	30-10-2021		Under Process
2045	Proposed Project of riverbed Sand / Morrum Mining” from private land (Niji Bhoomi) at Arazi No. 166 Kh, in Village- Nagwa, Tehsil-Dudhi, District- Sonbhadra, Uttar Pradesh., Area 2.0 ha	Mining	30-10-2021	30/12/2021	EC Issued
2046	Proposed Rajesh Verma Soil Mining Project (for category B2) from Gata No.- 77, 102, 90, 32mi, 18/227 Village Rampur Khurd & Diwariya Mu. Chadiya, Tehsil Puwanya, District- Shahjahanpur, U.P. (Area- 3.753 ha).	Mining	02-11-2021		Under Process

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
2047	Proposed Bhagautidei Building Stone (Sandstone) Mining Project for at Arazi No 180/2, Sl.no. 19, Village-Bhagautidei, Tehsil-Chunar, District-Mirzapur, State- Uttar Pradesh by Shri Sanjay Bhai Patel, Area 1.21 Ha.	Mining	03-11-2021	01-01-2022	EC Issued
2048	Proposed of "Building Stone (Sand Stone) Mine" Project at Arajai No.-180/2, SI No.-28, at Village-Bhagautidei, Tehsil- Chunar, District- Mirzapur, U.P.,Leased Area -1.21 ha	Mining	03-11-2021	31/12/2021	EC Issued
2049	Production capacity: Expansion of Existing Tannery unit from capacity of 4.5 TPD of Finished Leather (Wet Blue to Finished Leather) to 5TPD of Finished Leather (Raw to Finished Leather) at Plot No. A-3/2 & A3/3, Jainpur Industrial Area, Kanpur Dehat, Uttar Pradesh,	Industry	09-11-2021		Under Process
2050	Proposed Commercial Building on Block 8, International Trade Park-2(ITP-2) at Sushant Golf City, Sultanpur Road, Lucknow, Uttar Pradesh, M/s Highness Construction Private Limited.	Building Construction	10-11-2021		Under Process
2051	Proposed "Ordinary Soil Excavation Project" at Gata No.- 106, 107, 17, 18, 450, Village- Nak Phulha, Tehsil- Raebareli, District- Raebareli, Uttar Pradesh. (Lease Area: 1.2550 Ha.)	Mining	10-11-2021		Under Process
2052	Proposed of "Sand Stone (Khanda, Gitti & Boulder) Mine" Project located at Gata No.-174, Khanda No.- B/4, Village- Bangaliya, Tehsil-Meja District- Prayagraj , U.P., M/s Kusum Construction, Leased Area - 2.024 ha	Mining	11-11-2021	30/12/2021	EC Issued
2053	Proposed of ordinary earth excavation from Khasra/Gata Nos. 175,235 at Village- Kuakheda Khalsa, Tehsil- Thakurdwara District – Moradabad, Uttar Pradesh., Area – 3.107 ha	Mining	11-11-2021		Under Process
2054	Proposed Building Stone (Khanda, Gitti, Boulder & Pattia) mine, at Gata No. /Araji /Plot No. 428, at Village - Dhuria, TehsilChunar, District- Mirzapur, Uttar Pradesh of M/s Jai Maa Vaishno Stone Works, , Lease Area: 1.01ha	Mining	13-11-2021	01-04-2022	EC Issued
2055	Proposed 5-Star Resort & Hotel project "Shree Goverdhan Resort & SPA" at village - Myapur, Fatehabad Road, District-Agra, Uttar Pradesh by M/s Shree Goverdhan Awas Private Limited	Building Construction	13-11-2021		Under Process
2056	Proposed Project of "Building stone, Khanda – Boulder/ Gitti -Baillast Mining" located at Gata No- 505 (Khand-01), Area Village- Patha, TehsilGarautha, District- Jhansi, Uttar Pradesh., 1.618 Ha.	Mining	13-11-2021		Under Process
2057	Proposed Building Stone (Khanda, Boulder, Gitty) Sandstone mine at Arajai No. /Plot No. Gata No- 1251, Khand No.-05, at Village – Kohdar, Tehsil- Meja, District- Prayagraj, Uttar Pradesh of M/s J.H. Traders, Area 8.097 ha	Mining	15-11-2021	01-04-2022	EC Issued
2058	Proposed Riverbed Sand/Morrum Mining Project from Sone River of located at Gata No.-221 Cha, Village- Sasnai, Tehsil-Obra, District-Sonbhadra, M/s A.V. Mining, Lease Area-18.215 Ha	Mining	15-11-2021		Under Process
2059	Proposed Project of "Building stone, Khanda – Boulder/ Gitti -Ballast Mining" located at Gata No- 442 ^T (Khand-01), in Village Dongri, Tehsil- Sadar, District Jhansi, Uttar Pradesh, Area 1.618 Ha.	Mining	15-11-2021	01-04-2022	EC Issued
2060	Proposed Building Stone "Khandas, Gitti, Boulder Mining Project" at Gata No. 98 (Khand – 05) ,Village: Karanpura, Tehsil: Garautha, District: Jhansi, State: Uttar Pradesh, Area: 0.809 Ha	Mining	17-11-2021	01-01-2022	EC Issued
2061	Proposed Sand/Morrum Mine Project located at Gata No.-523, Village-Khakuora, Tehsil-Mauranipur, District- Jhansi, State- Uttar Pradesh (Area- 20.0 Ha)	Mining	17-11-2021		Under Process
2062	Proposed Sand/Morrum Mine, Located at Gata No. 1ka, 470, Village- Khama, Tehsil-Garautha, District- Jhansi, State- Uttar Pradesh (Area- 12.00 Ha)	Mining	19-11-2021	01-01-2022	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
2063	Proposed of " Building Stone (Khanda, Boulder, Bailast & Gitti)Mining" Project at Gata No.-2/4, Khand No.-06, at Village- Jujhar, Tehsil-Sadar, District -Mahoba, U.P. Lease area-1.619 ha.	Mining	19-11-2021	31/12/2021	EC Issued
2064	Proposed river bed Sand/Morrum Mining Project along river Yamuna located at , Khand No.- 9/25 to 9/26, Village-Mohammadabad Kewat Ka Purwa, Tehsil-Chayal, District-Kaushambi, U.P., (Leased Area-16.00 Ha)	Mining	20-11-2021	29/12/2021	EC Issued
2065	Proposed of Ordinary River Sand Mining project at Khand No-31, Village- ParanipurIII (from tower of hightension line up to constructing tower of high tension line) & Kandla Mawaiya (Ganga River), Tehsil-Meja/Handiya District- Prayagraj, U.P.,Area 5.0 Ha	Mining	20-11-2021	01-05-2022	EC Issued
2066	Proposed of Snad/Morrum Mining Project of Betwa River located at Khand No./Gata No 18/3 Village-Sahurapur, Tehsil- Hamirpur, District- Hamirpur, Uttar Pradesh, Area- 36.437 Ha	Mining	22-11-2021		Under Process
2067	Proposed of Commercial Hub "Knowledge Park-2" Plot No. C-03 and 04, Sector Knowledge Park-2, Greater Noida, Distrct-Gautam Buddha Nagar, U.P.M/s Vinayaka Expo Plaza Private Limited	Building Construction	22-11-2021		Under Process
2068	Proposed "Ordinary Soil Excavation" Project at Gata No.– 65/7, 65/1,65/3,65/4, 65/5, 78, 200Kha, Village-Baripur, Tehsil & District-Moradabad, Uttar Pradesh. (Area:0.693Ha.)	Mining	24-11-2021		Under Process
2069	Proposed Hospital project "Regency Hospital" at Plot No. 3, Block – C, Sarvodaya Nagar, Kanpur, Uttar Pradesh by M/s Regency Hospital Limited	Building Construction	24-11-2021	01-01-2022	EC Issued
2070	Proposed Hotel Project at, Noornagar, District- Ghaziabad, Uttar Pradesh., M/s ASPG Infra Global Pvt. Ltd.	Building Construction	25-11-2021		Under Process
2071	Proposed "Ordinary Soil Excavation" Project at Gata No.– 423, Village-Sardar Nagar, Tehsil & District-Moradabad, Uttar Pradesh. (Area:1.453 Ha.)	Mining	25-11-2021		Under Process
2072	Proposed Building Stone (Sandstone) mine at Gata No. /Araji /Plot No.-703, at Village- Bhagauti Dei, Tehsil- Chunar, District-Mirzapur, Uttar Pradesh of Shri Chandrabali Yadav.,Lease Area: 0.809 ha	Mining	26-11-2021	01-04-2022	EC Issued
2073	Proposed Building Stone (Gitti-Boulder) Sand Stone mine, at Khasra no. /Plot no./ Gata No. – 1144, Khand No.3, Area 2.024 ha. (5.0 Acres) at Village – Mamauli, Tehsil- Meja, District- Prayagraj, Uttar Pradesh of M/s Kumar Garnitey/90284.	Mining	26-11-2021		Under Process
2074	Proposed Commercial Building Complex for Retail outlets/shops and service shops, etc on Plot No.C-01,02, Knowledge Park-02, Greater Noida, Uttar Pradesh by Shree Kunj Bihariji Infracon Pvt Ltd.	Building Construction	26-11-2021		Under Process
2075	Proposed Building Stone (Sand stone) mine, at Gata No./Araji No. /Plot no. – 01, Area 0.809 ha. (2.0 Acres) at Village – Ahirupur, Tehsil- Chunar, District- Mirzapur, Uttar Pradesh of M/s Om Sai Construction	Mining	26-11-2021		Under Process
2076	Proposed Building Stone [Khanda, Boulder, Ballast (Gitti)] mine at Araji No. /Plot No. – 989, Khand No.–17, Area 4.048 ha. (10.00 Acres) at Village – Makarbai, Tehsil- Sadar, District- Mahoba, Uttar Pradesh of Shri Kanak Dhawaj Singh	Mining	26-11-2021	29/12/2021	EC Issued

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
2077	Proposed "Building Stone, Gitti, Khanda & Boulder Mining" located at Gata No. 281 (Khand No.- 08), Area- 1.214 Ha. in Village- Madorakhurd, Tehsil- Moth & District- Jhansi, Uttar Pradesh, M/s Ratan Stone Gramodhyog	Mining	26-11-2021		Under Process
2078	Proposed Expansion In Prodcution Capacity 100 Tpd To 500 Tpd Of Cement Grinding Unit Plot No. D-15, Ramnagar Industrial Area, Tehsil: Bilari Dih District: Chandauli, State: Uttar Pradesh, M/s Alaknanda Cement Pvt. Ltd.	Cement	27-11-2021		Under Process
2079	Proposed Project of "Building Stone, Khanda, Boulder, Ballast (Gitty) Mine" located at Gata No. 1509 (Area 1.133 Ha.) in Village- Pahra, Tehsil- Sadar , District- Mahoba, Uttar Pradesh.	Mining	27-11-2021		Under Process
2080	Proposed Project of Khanda-Boulder/ Gitti-Ballast Mine at Gata No 98 (Khand 03) Area 0.8090 ha in Village- Karanpura, Tehsil- Garautha, District- Jhansi ,Uttar Pradesh.	Mining	29-11-2021		Under Process
2081	Proposed of Expansion of Group Housing Project "Express Zenith" at Plot No. 2A, Sector 77, Noida, G.B. Nagar, U.P., M/s Express Builders & Promoters Pvt.Ltd.	Building Construction	29-11-2021		Under Process
2082	Proposed of mining permit for Simpler Soil Excavation form Khasra/Gata Nos.2035, Khand No. 777, Area- 2.897 ha at Village- Hadaha, Tehsil & District - Unnao, Uttar Pradesh	Mining	29-11-2021		Under Process
2083	Proposed Construction of Residential & NonResidential Buildings of "PAC Mahila Battalion" At Gorakhpur, Uttar Pradesh By Commandant, Veerangana Jhalkari Bai Mahila Police Battalion, Gorakhpur	Building Construction	30-11-2021		Under Process
2084	Proposed of Building Stone (Sandstone) Mine At Gata No.- 1006 Village- Saria, Tehsil- Chunar & District- Mirzapur, Uttar Pradesh (Category B1) Lease Area-2.02 Ha.	Mining	30-11-2021		Under Process
2085	Proposed of Building Stone (Khanda, Boulder, Ballast (Gitti) Mining Lease Area at Araj No :-2/4 Khand No. 03, Village-Jujhar, Tehsil -Sadar, District-Mahoba , Uttar Pradesh, Lease Area-4.048 Ha.	Mining	30-11-2021	01-04-2022	EC Issued
2086	Proposed Project of "Khanda, Boulder, Blastt (Gitti), [Granite] Mine" located at Arazi No. 1517, in Village- Pahra, Tehsil -Sadar, District-Mahoba, Uttar Pradesh, Lease Area-1.542 Ha.	Mining	30-11-2021	01-04-2022	EC Issued
2087	Proposed Project of "Building Stone, Khanda, Boulder, Ballast (Gitty), Granite Mine" located at Araj No. 541, in Village- Bilbai, Tehsil- Sadar & District Mahoba, Uttar Pradesh, Lease Area-1.327 Ha	Mining	30-11-2021	01-04-2022	EC Issued
2088	Proposed of Sand/Morrum Mining Project for Yamuna River at Khand No-2 Gata No-2/2 Village-Tirghumai Gangu, Tehsil- Rajapur, District- Chitrakoot, U.P., Lease Area-23.0 Ha	Mining	30-11-2021	29/12/2021	EC Issued
2089	Proposed of Balu (Ordinary Sand) Mine At Gata No. 494 Ga/2 Village Baisukiya Tehsil-Sadar, District- Mirzapur (Total Area -5.0 Ha.)	Mining	30-11-2021	01-04-2022	EC Issued
2090	Proposed "Building Stone (Sand Stone)" Project at Gata No.- 997Mi, Village- Sindhora, Tehsil- Sadar, District- Mirzapur, U.P. (Leased Area : 3.56 ha.)	Mining	30-11-2021	01-04-2022	EC Issued
2091	Proposed of Cement Grinding Unit of 1200 TPD at Plot No. : B-10, Ramnagar Industrial Area- I, Village: Patana, Tehsil: Mughal Sarai, District: Chandauli State: U.P., M/s Chunar Churk Cement Limited	Cement	01-12-2021		Under Process

S.N.	Name of Project	Sector	Date of application for EC	Date of grant of EC	Final Status
2092	Proposed "Granite Gitti, Khanda, Boulders & Red Morrum Mining" Project at Khasra No./Gata No.- 2131/5, Village- Rauli Kalyanpur, Tehsil- Karwi, District- Chitrakoot, U.P., Leased Area -1.0121 ha	Mining	02-12-2021	01-04-2022	EC Issued
2093	Gitti - Boulder (Dolo Stone) Mining at Araj No. 5593 Ka Khand No.-08 Village- Billi Markundi, Tehsil- Obra, Sonbhadra., Shri Manish Khushlani M/s K.D. Resources Pvt. Ltd, Area:4.230 Ha.	Mining	03-12-2021		Under Process
2094	Proposed Sand Stone Dimensional Mining Project located at Arazi No.- 732, Serial No.- 18, Village- Bhagautidei, Tehsil- Chunar, District- Mirzapur, U.P., M/s Satya Naraian Singh Construction Pvt. Ltd., Lease area-1.01 ha.	Mining	04-12-2021	01-04-2022	EC Issued
2095	Proposed "Building Stone (Khanda, Boulder, Bailast (Gitti)) & Pahadi Lal Morrum" Project at Gata No.- 142 (Khand No.- 02), Village- Pachehara, Tehsil- Mahoba, District- Mahoba, U.P. (Applied Area : 0.809 ha.)	Mining	04-12-2021	01-04-2022	EC Issued
2096	Proposed of " Building Stone (Khanda/Gitti, Boulder/Pahadi Red Morrum)Mine" Project at Gata No.- 715/12, at Village- Gonda, Tehsil- Karwee, District- Chitrakoot, U.P., M/s Santosh Kumar Contractor, Lease area-4.048 ha.	Mining	07-12-2021	01-04-2022	EC Issued
2097	Proposed "Ordinary Soil Excavation Project" at Gata No.- 563, 543Mi, 541Mi, 545, 546Mi, 560, 562, 548Mi, Village- Retikhurd Buzurg Tehsil- Raebareli, District- Raebareli, Uttar Pradesh. (Lease Area: 1.7046 Ha.)	Mining	07-12-2021		Under Process
2098	Proposed for Ordinary Sand mine in Kosi river bed at Gata No.- 231 Kh, Village Bhuwara Ehatmali, Tehsil- Swar, District- Rampur, Developed by Shri Rajendra Singh, lease area 1.260 ha	Mining	08-12-2021		Under Process
2099	Proposed Expansion of Group housing project at Khasra No. 6Ka (mi), 7mi, 6Kha Khayora Khachhar, District -Kanpur Nagar, U.P., M/s Sky Line Infra Heights Pvt. Ltd.	Building Construction	08-12-2021		Under Process
2100	Proposed "Soil Excavation Project" at Gata No. - 88, 89, 94, 95, 96, 97, 98, 99, 100, 101, 102 & 125 located in village - Manpur mujjaffarpur, Tehsil - Kanth (Total area 3.839 Ha.), District - Moradabad, Uttar Pradesh.	Mining	08-12-2021		Under Process
2101	Proposed Hospital "Yashoda Medicity" at Hospital Plot, Shakti Khand-2, Indrapuram, Ghaziabad, Uttar Pradesh by M/s Yashoda Foundations	Building Construction	08-12-2021		Under Process
2102	Proposed of excavation of Sand Stone for M/s SatyaNaraian Singh Construction Pvt. Ltd. located at Arazi No. 180/2, Sr. No. 20, Village- Bhagautidei, Tehsil- Chunar, District- Mirzapur (U.P.) lease area 1.21 ha;	Mining	08-12-2021	01-04-2022	EC Issued
2103	Proposed of excavation of Sand Stone for M/s SatyaNaraian Singh Construction Pvt. Ltd. located at Arazi No. 732, Sr. No. 21, Village- Bhagautidei, Tehsil- Chunar, District- Mirzapur (U.P.) lease area 1.01 ha	Mining	08-12-2021	01-04-2022	EC Issued
2104	Proposed of Ordinary Earth Mine at Gata No. 100 & 101,,Village- Manjhar, Tehsil- Haidergarh, Barabanki,U.P. Area- 1.65 Ha.,	Mining	08-12-2021		Under Process
2105	Proposed Building Stone (khanda, gitty, boulder) & Red Morrum Mining Project,Area- 1.2145 hectares. Village -Saipur, Tehsil - karwi, District - chitrakoot, U.P., M/s Rakesh Kumar Mishra Contractor and Supplier	Mining	09-12-2021		Under Process

Form-2**APPLICATION FOR PRIOR ENVIRONMENTAL CLEARANCE**

S. No.	Item	Details
1.	<p>Whether it is a violation case and application is being submitted under Notification No. S.O.804(E) dated 14.03.2017 ?</p> <p><u>Details of Project:</u></p> <p>(a)Name of the project(s)</p> <p>(b)Name of the Company / Organisation</p> <p>(c)Registered Address</p> <p>(d)Legal Status of the Company</p>	<p>No</p> <p>Expansion & Modification of proposed Group Housing Project "Saviour Park" at Karhera & Sahibabad, Mohan Nagar, Ghaziabad, Uttar Pradesh of M/s SAVFAB Buildtech Pvt Ltd</p> <p>M/S SAVFAB BUILDTECH PVT. 	(i)Distance of Nearest HFL from the project boundary within the study area	1.35
	(j)Seismic Zone	4
5.	(a)Number of States in which Project will be Executed (b)Main State of the project	1 Uttar Pradesh

Details of State(s) of the project

S. No.	State Name	District Name	Tehsil Name	Village Name
(1.)	Uttar Pradesh	Ghaziabad	Ghaziabad	Karhera & Sahibabad, Mohan Nagar

6.	Details of Terms of Reference (ToR): (a)Whether TOR is mandatory for submitting application (b)MoEF&CC / SEIAA File Number (c)Date of Apply of TOR (d)Date of Issue of TOR / Standard ToR (e)Previous TOR Letter	Yes 5683 05 Dec 2019 05 Jun 2020 Copy of Previous TOR letter
----	--	--

7.	Details of Public Consultation: (a)Whether the Project Exempted from Public Hearing? (b)Reason (c)Supporting Document	Yes Public Hearing is not applicable as this is a larg Copy of Supporting Document
----	---	--

8.	Details of Project Configuration/Product:	
----	--	--

8.1. Project Configuration

S. No.	Plant/Equipment/Facility	Configuration	Remarks
(1.)	Large Building Construction Project -	Buildup Area - 178365.639 sqm	Built up area increase due to increase in FAR

8.2. Product

S. No.	Product/Activity (Capacity/Area)	Quantity	Unit	Other Unit	Mode of Transport / Transmission of Product	Other Mode of Transport / Transmission of Product
(1.)	Group Housing Project (Built up Area)	178365.639	Others	sqm	Others	This is a 8b Project

9.	In case of Expansion / Modernisation / One Time Capacity Expansion (only for Coal Mining) / Expansion under Clause 7(ii) / Modernisation under Clause 7(ii) / Change of Product Mix under Clause 7(ii): Details Not Applicable	
----	---	--

9.1.	Details of Consent to Operate (i)Whether Consent to operate obtained ? (ii)Copies of all Consent to operate obtained since inception (iii)Date of Issue (iv)Valid Upto (v)File No. (vi)Application No. (vii)Copy of Consent to operate valid as on date	NA NA N/A N/A NA NA NA
------	---	--

10.	Project Cost: (a)Total Cost of the Project at current price level (in crores) (b) Funds Allocated for Environment Management (Capital) (in crores) (c) Funds Allocated Towards ESC (Entrepreneur Social Responsibility) (in crores) (d) Funds Allocated for Environment Management Plan (EMP) (Recurring per Annum) (in crores) (e) Funds Allocated for Environment Management	251 1.59 2.13 0.23 0.63
-----	--	-------------------------------------

	Capital(%)	
11.	Whether project attracts the General Condition specified in the Schedule of EIA Notification ?	No
12.	Whether project attract the Specific Condition specified in the Schedule of EIA Notification ?	No
13.	Raw Material / Fuel Requirement: (a)Proposed quantity of raw material/fuel (b)Existing quantity of raw material/fuel (c)Total quantity of raw material/fuel	0 N/A 0

13.1. **Raw Material / Fuel Profile**

S. No.	Raw Material / Fuel	Quantity	Unit	Other Unit	Source (incase of Import. please specify country and Name of the port from which Raw Material / Fuel is received)	Mode of Transport	Other Mode of Transport	Distance of Source from Project Site (in Kilometres) (In case of import, distance from the port from which the raw material / fuel is received)	Type of Linkage	Other Type of Linkage	Uploaded Copy of Linkage
(1.)	Building & construction raw materials (sand, Cement & steel)	10000	Tons per Annum		open market	Road		100	Open Market		Copy of Linkage

14.	Baseline Data : (a)Period of Base Line Data Collection (b)Season	FROM 01 Oct 2019 To 31 Dec 2019 Post-Monsoon
-----	---	---

14.1. **No. of ambient Air Quality (AAQ) Monitoring Locations : 08**

S. No.	Criteria Pollutants	Other Criteria Pollutants	Unit	Maximum Value	Minimum Value	98 Percentile Value	Prescribed Standard
(1.)	PM10		Micro Gram per Meter Cube	161.2	85.8	147.8	100
(2.)	SO2		Micro Gram per Meter Cube	18.60	7.42	17.89	80
(3.)	PM2.5		Micro Gram per Meter Cube	92.43	50.80	90.36	60
(4.)	NOx		Micro Gram per Meter Cube	24.86	11.71	23.97	80

14.2. **No. of Ground Water Monitoring Locations : 08**

S. No.	Criteria Pollutants	Other Criteria Pollutants	Heavy Metal	Unit	Other Unit	Maximum Value	Minimum Value	Desirable Limit	Maximum Permissible Limit
(1.)	Fluoride			mg/l		0.44	0.22	1.0	1.5
(2.)	TSS			mg/l		0	0	0	0
(3.)	TDS			mg/l		536.4	442.6	500	2000
(4.)	Total Hardness			mg/l		308	224	200	600

(5.)	pH		NA		7.6	7.4	7.5	8.5
(6.)	Chlorides		mg/l		40	24	250	1000
(7.)	Heavy Metals	Fe	mg/l		0.27	0.16	0.3	0.3

14.3. No. of Surface Water Monitoring Locations : 05

S. No.	Criteria Pollutants	Other Criteria Pollutants	Unit	Other Unit	Maximum Value	Minimum Value	Classification of inland water body
(1.)	DO		mg/l		4.8	2.0	D
(2.)	COD		mg/l		120	64	D
(3.)	pH		NA		7.7	7.5	D
(4.)	BOD		mg/l		28.6	12.4	D

14.4. No. of Ambient Noise Monitoring Locations : 08

S. No.	Parameter	Unit	Maximum Value	Minimum Value	Prescribed Standard
(1.)	Leq(Night)	A-weighted decibels(dB(A))	61.0	34.9	70
(2.)	Leq(Day)	A-weighted decibels(dB(A))	70.3	43.9	75

14.5. No. of Soil Sample Monitored Locations : 08

S. No.	Parameter	Unit	Other Unit	Maximum Value	Minimum Value
(1.)	pH			7.6	7.1
(2.)	N(Nitrogen)	Kilogram per hectare		39.76	34.25
(3.)	P(Phosphorus)	Kilogram per hectare		32.80	29.88
(4.)	K(Potassium)	Kilogram per hectare		186.2	146.8
(5.)	Electric Conductivity	Others	micro siemens	278	241

14.6.	Details of Ground Water Table: (a)Range of Water Table Pre-Monsoon Season (Meters Below Ground Level (m bgl)) (b)Range of Water Table Post-Monsoon Season (Meters Below Ground Level (m bgl)) (c)Whether Ground Water Intersection will be there ?	From 8.3 To 18.5 From 18.4 To 5.2 No
-------	--	--

15. Details of Water Requirement (During Operation)

S. No.	Source	Source Other	Required Quantity	Distance from Source	Copy of Permission from Competent Authority	Mode of Transport	Other Mode of Transport	Method of Water Withdrawal	Other Method of Water Withdrawal	Letter No.	Date of Issue	Permitted Quantity
(1.)	Others	Municipal Water Supply	422	2.5	Not Applicable	Pipeline		Others	Municipal Water Supply	NA	01 Dec 2020	422

15.1.	(a)Whether Desalination is proposed	No
-------	-------------------------------------	----

16. Waste Water Management(During Operation)

S. No.	Type/Source	Quantity of Waste Water Generated (Kilolitre per Day)	Treatment Capacity (Kilolitre per Day)	Treatment Method	Mode of Disposal	Other Mode of Disposal	Quantity of Treated Water Used in Recycling/Reuse (Kilolitre per Day)	Quantity of Discharged Water (Kilolitre per Day)
(1.)	Domestic Waste Water	491	575	MBBR Based STP	Others	Partially Recycling	157	334

16.1.	(a)Total Waste Water Generation (b)Total Discharged Water (c)Total Reused Water	491 334 157
-------	---	-------------------

17. Solid Waste Generation/Management

S. No.	Name of Waste	Item	Other Item	Quantity per Annum	Unit	Distance from Site(KM)	Mode of Transport	Other Mode of Transport	Mode of Disposal	Other Mode of Disposal					
(1.)	Municipal Solid Waste	Municipal Solid Waste		3.044	Tons	0.0	Road		Authorized Recyclers						
18.															
18.1.	Air Quality Impact Prediction														
S. No.	Criteria Pollutants	Other Criteria Pollutants	Unit	Baseline Concentration	Distance GLC	Incremental Concentration	Total GLC	Prescribed Standard							
(1.)	PM10		Microgram per Meter Cube	147.8	644	0.28	148.08	100							
(2.)	NOx		Microgram per Meter Cube	23.97	508	0.28	24.25	80							
(3.)	PM2.5		Microgram per Meter Cube	90.36	520	0.22	90.58	60							
(4.)	SO2		Microgram per Meter Cube	17.98	438	0.37	18.35	80							
18.2.	Stack Details														
S. No.	Source	Fuel	Stack Height(m)	Stack Diameter(m)	Pollutants	Other Pollutants	Emission (GLS)								
(1.)	2220 KVA DG set (02 Nos)	Diesel	106	0.5	PM10,SO2,NOx		0.2								
19.	Power Requirement: (a)Quantity (Kilo Volt Amps (kVA)) 3430 (b)Source UP State Electricity Board (c)Uploaded Copy of Agreement Not Applicable (d)Standby Arrangement (Details of DG Sets) 2220 (e)Stack Height (in m) 10														
20.	Land Ownership Pattern: (a)Forest Land 0.0 (b)Private Land 3.7284 (c)Government Land 0.0 (d)Revenue Land 0.0 (e)Other Land 0.0 Total Land 3.278														
21. Undertaking

I hereby give undertaking that the data and information given in the application and enclosures are true to be best of my knowledge and belief. And I am aware that if any part of the data and information found to be false or misleading at any stage, the project will be rejected and clearance given, if any to the project will be revoked at our risk and cost. In addition to above, I hereby give undertaking that no activity/ construction/ expansion has since been taken up.

Name of Applicant	Udaybir Singh
Designation	GM
Name of Company (Applicant Name should not be given here)	M/S SAVFAB BUILDTECH PVT. LTD
Address	AT Plot No. 108, Katori Mill, Loni Road, Mohan Nagar, Ghaziabad, Uttar Pradesh

Chronological sequence of events from the time of application of EC till the time these violations came to notice

1. The Original Application 199 of 2021: Saviour Park Apartment Owners Association Vs. State of Uttar Pradesh & Ors. has been filed by Nalin Verma S/o Shri. D. N. Verma aged about 48 yrs, R/o B- 2/1203, Mohan Nagar, Ghaziabad, Uttar Pradesh before the Hon'ble National Green Tribunal, Principal Bench, New Delhi, sitting at New Delhi.
2. It is submitted that an online Application dated 22/12/2020 was made by the project proponent, Udaybir Singh, General Manager, M/S Savfab Buildtech Pvt. Ltd at Plot No. 108, Katori Mill, Loni Road, Mohan Nagar, Ghaziabad, Uttar Pradesh for issuance of fresh Environmental Clearance of Expansion & Modification of proposed Group Housing Project "Saviour Park" at Karhera & Sahibabad, Mohan Nagar, Ghaziabad, Uttar Pradesh of M/s SAVFAB Buildtech Pvt Ltd
3. Chronologically, the case was considered in 519th SEAC Meeting Dated 06-01-2021 wherein, a presentation was made by project proponent along with their consultant M/s Environmental & Technical Research Centre wherein, the committee discussed the matter and recommended to grant the environmental clearance for the said project proposal along with general conditions as earlier prescribed by authority for construction project and also stipulated specific conditions.
4. Subsequently, the case was considered in 444th SEIAA Meeting 05/02/2021 wherein, SEIAA agreed with the recommendations of the SEAC to grant the prior Environmental Clearance to the proposed project along with the general and specific conditions.
5. Further, SEIAA, vide letter no. 788/Parya/SEAC/6057-5683/2019 dated: 04/03/2021 issued Environment Clearance of Expansion & Modification of Group Housing Project "Savior Park" at Khasra No.- 1125/1, 1126/1, 1131,1144/2, 1145/1, 1146/M, 1154/1, 1132, 1127/M, 1128/1, 1129, 1114 to 1117, 1119, 1120, 1124/1, 1130, 1147 to 1150, 1146/M, in Karhera & 1/2, 13, 13, 1/2, in Sahibabad, at Plot No.-108, Katori Mill, Loni Road, Mohan Nagar, Ghaziabad, U.P., M/s Savfab Buildtech Pvt. Ltd. File No. 6057/ 5683/Proposal No. SIA/UP/MIS/59350/2019.
6. A Joint Committee Meeting of SEIAA, U.P., SEAC-1 and SEAC-2 U.P. was convened on 26/08/2021 wherein, the joint committee noted that Hon'ble NGT has passed an order dated 13/08/2021 in the matter of Original Application No. 199 of 2021 Saviour Park Apartment Owners Association Vs State of Uttar Pradesh and Ors:

...“The joint committee discussed this order in detail and fully honors the concern of Hon'ble NGT. However, the joint committee has given the following opinion:

1. *The project proponent/consultant submits documents and makes a presentation before SEIAA/SEAC. SEIAA/SEAC takes decisions with the collective wisdom and diligence of all of its members. In the case of expansion, the SEIAA takes into account the certified compliance report of the Regional Office of MoEF&CC. In the case of Saviour Park, there has been general compliance of environmental conditions. In few points, compliance has not been done. However, this noncompliance is not of significant nature. Moreover, these have been again put up as conditions in EC of expansion.*
2. *The committee welcomes the decision of Hon'ble NGT that two-member Committee comprising Additional Secretary, MoEF&CC, to be nominated by the Secretary MoEF&CC and the Chairman, CPCB need to conduct functional audit of SEIAA, UP to find out how frequent blatant violations are taking place and how the situation can be remedied. The Committee will be free to take assistance from any other expert/institution and interact with the stake-holders. SEIAA, UP*

has to review its working in the light of judgments of the Hon'ble Supreme Court and in the light of frequent and rampant violations. Considering the report, an appropriate SOP may be laid down by the MoEF&CC to deal with such ECs which may be circulated to all SEIAAs to suggest the majors to improve the working of SEIAA. These facts should be also brought to the notice of Hon'ble NGT at more than 6000 proposals have been appraised by SEIAA, UP in the last 15 years. However, only in negligible cases the decisions of SEIAA, UP have been questioned. Hon'ble NGT should also be appraised that Chairman/Members of SEIAA/SEAC are supposed to take part in the meetings of SEIAA and SEAC work as per MoEF&CC Notification 14 September 2006 (as amended thereof). Normally committees hold 7-8 meetings/month, for which they get the sitting fee. The Chairman/Members are serving or retired officials/scientists /academicians. Because of these facts, Hon'ble NGT should be also requested to expunge the adverse comments about SEIAA, UP.

3. *In this case, the joint committee was also informed that the judgment has been passed without hearing the position of SEIAA, UP. The committee opined to bring this fact in the knowledge of Hon'ble NGT.*
