*Further, the Respondent - Board has also carried out joint visit on 05/12/2019 to the field of the complainant along with representative of the industry and observed that the complainant's field is about 7.0 acres and is having common boundary wall. Some quantity of construction debris was observed due to rebuilding of compound wall at some part. As instructed earlier, industry has collected the material i.e. washers, rubber part etc. from the fields of the complainant, which is also agreed by the complainant during visit. The remaining waste i.e. fibre waste and construction waste will be lifted after harvesting of standing crop of cotton, which is agreed by the complainant during visit. The affected area is only strip of land about average 6 feet along the common boundary wall. During the visit, it was observed that there was no discharge of any liquid waste from industry in the field of the complainant. Copies of the visit reports dated 5/12/2019 are enclosed herewith and marked as an **Annexure-IV collectively**”*

3. During the hearing, the learned counsel for the State PCB states that as on today the remedial action has been completed.

Let an affidavit to this effect be filed within one month by e-mail at judicial-ngt@gov.in.

The application is disposed of.
