

Item No.2

**BEFORE THE NATIONAL GREEN TRIBUNAL
CENTRAL ZONE BENCH, BHOPAL**
(Through Video Conferencing)

Original Application No. No.39/2023(CZ)

Sudheer Kumar Pandey

Applicant(s)

Versus

State of Chhattisgarh & Ors.

Respondent(s)

Date of Hearing : 11.09.2023

**CORAM: HON'BLE MR. JUSTICE SHEO KUMAR SINGH, JUDICIAL MEMBER
HON'BLE DR. A SENTHIL VEL EXPERT MEMBER**

For Applicant(s):

Mr. Shrey Kapoor, Adv.

For Respondent(s):

Mr. Abhinay Sharma, Adv.
(with Ms. Parul Khurana, Adv.)

ORDER

1. This Original Application has been filed under Sections 14, 15 and 18 of National Green Tribunal Act, 2010 by Shri Sudheer Kumar Pandey, alleging that respondent nos. 8 to 23 are engaged in illegal mining of dolomite in the area of Districts Raigarh and Sarangarh, State of Chhattisgarh. They are conducting mining beyond the area permitted under the concerned permissions/sanctions/NOCs/Environmental Clearance and in transportation of mined mineral, due precaution is not being observed causing huge dust and thereby causing air pollution. Therefore, respondents-proponents are violating the provisions of Environment (Protection) Act, 1986 and Air (Prevention and Control of Pollution) Act, 1981 etc.
2. The matter was initially filed by the applicant without naming any person as violators and this Tribunal directed the applicant to implead the persons who have violated the rules. Accordingly, the applicant moved an application and impleaded the respondent against whom there are allegations that aforesaid persons have violated the environmental rules.

The Tribunal took the cognizance and vide order dated 10.07.2023 constituted a committee consisting Integrated Regional Officer, Ministry of Environment, Forest and Climate Change, Bhopal, concerned District Magistrates of Districts Raigarh and Sarangarh and Chhattisgarh Environment Conservation Board with direction to submit the technical and action taken report.

3. In compliance of the order the Joint Committee submitted the report with the following facts:

“In compliance to the above order the following officers have been nominated by CPCB and CECB for conducting joint inspection and submitting the report.

1. *Dr. P. R. Sakhare, Scientist `E' Regional Office, Ministry of Environment, Forest & Climate Change, Nagpur (Maharashtra)*
2. *Ku. Santan Devi Jangde (I.A.S.), ADM District- Raigarh (C.G.)*
3. *Smt. Monika Verma S.D.M. (R.), Sarangarh, District-Sarangarh-Bilaigarh (C.G.)*
4. *Sh. Ankur Sahu, Regional officer, CECB, Regional Office, Raigarh (C.G.)*

The committee visited the site as mentioned in petition on 7th August, 2023 for district Sarangarh—Bilaigarh. Although the name of proponents as mentioned in petition are situated in district Sarangarh-Bilaigarh, the committee visited the dolomite mine situated in district Raigarh on 8th August 2023 to find out facts as well as to know the extent of problem.

A. During the visit the committee has observed the following points:

S. No.	Name of Industry & Address	Type of Project	Status During Inspection
1	<i>M/s. Shubh Minerals Pvt. Ltd., Vi11.-Bilaigarh, Teh.-Baramkela, Dist.-Sarangarh-Bilaigarh (C.G.)</i>	<i>Crusher Unit</i>	<i>I. Proponent has obtained storage permission in 1.901 Hect. from mining department for capacity 40,000 Tonne (At a time) which is valid upto Date</i>

			<p>14.12.2030.</p> <p>II. Proponent has obtained consent under water & Air Act from Chhattisgarh Environment Conservation Board which is valid upto Date 31.01.2025.</p> <p>III. Project proponent has informed the committee that the mineral for crushing was purchased from M/s Ramesh Ghanshyam Mines, M/s Ajay Singh Chandra, Jaijaipur, M/s Ashish Goyal As per the document submitted to mining department from April 2023 to July 2023 project proponent has purchase 51,601.8 MT quantity for crushing.</p> <p>IV. Project proponent has covered the vibrating unit by G.I. sheet and has made water sprinkling, arrangements for control of air pollution.</p>
2	<p>Mr. Ashish Goyal, Vill.- Katangpali, Chhelphora, Teh.- Baramkela, Dist.- Sarangarh- Bilaigarh (C.G.)</p>	Mine	<p>I. Proponent has obtained Environment clearance for mining in 4.242 hect. Mine lease area for mining of dol</p> <p>II. Proponent has obtained Mining lease permission from mining department which is valid upto Date 23.12.2029.</p> <p>III. Proponent has obtained consent under Water & Air Act from Chhattisgarh Environment Conservation Board which is valid upto</p>

			<p><i>Date 31.03.2024.</i></p> <p><i>IV. During inspection committee observed that mines pit was almost filled with rain water. Project proponent inform the committee that present excavated area is about 3.6 hect. and mining operation has been closed since 28.02.2023, only 1686 Tonne of material was dispatched in month of June 2023.</i></p> <p><i>V. Proper fencing for protection/safety of unauthorized access of human beings and animals was not found.</i></p> <p><i>VI. Project proponent has not developed dense plantation in 7.5 meter wide safety belt.</i></p>
3	<p><i>M/s. Harsh Minerals, Vill.- Katangpali, Teh. Sarangarh, Dist. Sarangarh-Bilaigarh (C.G.)</i></p>	<p><i>Mine & Crusher Unit</i></p>	<p><i>I. Proponent has obtained Environment clearance for mining in 4,992 hect. Mine lease area for mining of dolomite 118500 MT/Annum quantity. Issued vide letter dated 13.10.2017</i></p> <p><i>II. Proponent has obtained Mining lease permission from mining department which is valid upto Date 28.08.2029.</i></p> <p><i>III. Proponent has obtained consent under</i></p>

			<p><i>Water & Air Act from Chhattisgarh Environment Conservation Board which is valid upto Date 31.01.2024.</i></p> <p><i>IV. During inspection committee observed that mines pit was almost filled with rain water. Project proponent inform the committee that present excavated area is about 2.0 hect. and mining operation has been closed due to water filled in mines.</i></p> <p><i>V. Proper fencing for protection/safety of unauthorized access of human beings and animals was not found.</i></p> <p><i>VI. Project proponent has covered the vibrating unit by G.I. sheet and has made water sprinkling arrangements for control of air pollution.</i></p> <p><i>VII. Project proponent has not developed dense plantation in 7.5 meter wide safety belt.</i></p>
4	<i>M/s. Baba Baidyanath Minerals, Vill.-Salheona, Teh.- Baramkela, Dist.- Sarangarh-</i>	<i>Crusher Unit</i>	<p><i>I. Proponent has obtained storage permission from mining department which is valid upto Date 12.01.2032.</i></p> <p><i>II. Proponent has obtained consent under Water & Air Act from</i></p>

	<i>Bilaigarh (C.G.)</i>		<p><i>Chhattisgarh Environment Conservation Board which is valid upto Date 29.12.2023.</i></p> <p><i>III. Project proponent has informed the committee that the mineral for crushing was purchased from M/s Ramesh Ghanshyam Mines. As per the document submitted to mining department from April 2023 to July 2023 project proponent purchased 24,967 MT quantity for crushing.</i></p> <p><i>IV. Project proponent has covered the vibrating unit by G.I. sheet and has made water sprinkling arrangements for control of air pollution.</i></p>
5	<i>M/s. Bindal Minerals, Vill.- Jotpur, Teh. Baramkela, Dist.- Sarangarh-Bilaigarh (C.G.)</i>	<i>Crusher Unit</i>	<p><i>I. Proponent has obtained storage permission from mining department which is valid upto Date 15.01.2031.</i></p> <p><i>II. Proponent has obtained consent under Water & Air Act from Chhattisgarh Environment Conservation Board which is valid upto Date 31.08.2026.</i></p> <p><i>III. Project proponent has informed the committee that the mineral for crushing was purchased from M/s Agrasen Mines</i></p>

			<p><i>and Minerals, M/s Rajesh Agrawal, M/s Satguru Sai Minerals</i></p> <p><i>As per the document submitted to mining department from April 2023 to July 2023 project proponent has purchased 43,537 MT quantity for crushing.</i></p> <p><i>IV. Project proponent has covered the vibrating unit by G.I. sheet and has made water sprinkling arrangements for control of air pollution. Thick plantation around the periphery was not found.</i></p>
6	<p><i>M/s. GangaMin Jotpur, Teh.- Sarangarh, Dist.- Sarangarh-Bilaigarh (C.G.)</i></p>	<p><i>Crusher Unit</i></p>	<p><i>I. Proponent has obtained storage permission from mining department which is valid upto Date 29.01.2021.</i></p> <p><i>II. Proponent has obtained consent under Water & Air Act from Chhattisgarh Environment Conservation Board which is valid upto Date 30.12.2024.</i></p> <p><i>III. Project proponent has informed the committee that the mineral for crushing was purchased from M/s Pila Babu Patel, M/s Agrasen Mines and Minerals, M/s Aradhana Patel. As per the document submitted to mining department</i></p>

			<p>April 2023 to July 2023 project proponent has purchased</p> <p>IV. Project proponent has covered the vibrating unit by G.I. sheet and has made water sprinkling arrangements for control of air pollution. Thick plantation around the periphery was not found.</p>
7	<p>M/s. Raigarh Minerals Pvt. Ltd., Vill.-Bilaigarh, Teh.-Baramkela, Dist.-Sarangarh- Bilaigarh (C.G.)</p>	Mine	<p>I. Proponent has obtained Environment clearance for mining in 4.659 hect. Mine lease area for mining of dolomite 95,000 MT/Annum quantity. Issued vide letter dated 24.10.2016</p> <p>II. Proponent has obtained mining lease permission from mining department which is valid upto Date 21.03.2067.</p> <p>III. Proponent has obtained consent under Water & Air Act from Chhattisgarh Environment Conservation Board which is valid upto Date 31.05.2024.</p> <p>IV. During inspection committee observed that mines pit was almost filled with rain water. Project proponent inform the committee that present excavated area is</p>

			<p>about 2.5 hect. and mining operation has, been closed due to water filled in mines.</p> <p>V. Committee has observed that mining activity has been done beyond the lease area.</p> <p>VI. Proper fencing For protection/safety of unauthorized access of human beings and animals was not found.</p> <p>VII. Project proponent has not developed dense plantation in 7.5 meter wide safety belt.</p>
8	M/s. Satguru Sai Mines Pvt. Ltd., Vill.- Bilaigarh, Teh.- Bilaigarh (C.G.)	Mine & Crusher Unit	<p>I. Proponent has obtained Environment clearance for mining in 4.399 hect. Mine lease area for mining of dolomite 183705 MT/Annum quantity. Issued vide letter dated 13.10.2017.</p> <p>II. Proponent has obtained mining lease permission from mining department which is valid upto date 19.10.2030.</p> <p>III. Proponent has obtained consent under Water & Air Act from Chhattisgarh Environment Conservation Board which is valid upto date 31.08.2027.</p> <p>IV. During inspection committee observed that</p>

			<p><i>mines pit was almost filled with rain water. project proponent inform the committee that present excavated area is about 2.5 hect. and mining operation has been closed due to water filled in mines.</i></p> <p><i>V. Proper fencing for protection/safety of unauthorized access of human beings and animals was not found.</i></p> <p><i>VI. Project proponent has not developed dense plantation in 7.5 meter wide safety belt.</i></p>
	<p><i>M/s. Jai Durga Crusher Udyog, Vil 1.- Katangpali, Baramkela, Dist.- Bilaigarh (C.G.)</i></p>	<p><i>Crusher Unit</i></p>	<p><i>I. Proponent has obtained storage permission from mining department which is valid upto date 03.03.2032.</i></p> <p><i>II. Proponent has obtained consent under Water & Air Act from Chhattisgarh Environment Conservation Board which is valid upto date 31.01.2024.</i></p> <p><i>III. Project proponent has informed the committee that the mineral for crushing was purchased from M/s Pila Babu Patel, M/s Ramesh Kumar Ghanshyam, M/s</i></p>

			<p><i>Raigarh Minerals Pvt. Ltd., M/s Balaji Mince and Minerals. M/s Rajesh Agrawal. As per the document submitted to mining department from April 2023 to July 2023 project proponent has purchased quantity for crushing.</i></p> <p><i>IV. Project proponent has covered the vibrating unit by G.I. sheet and has made water sprinkling arrangements for control of air pollution.</i></p>
10	<p><i>M/s. Jai Maa Chandrasini Gramudyog, Vill.-Bilaigarh, Teh.- Sarangarh, Dist.- Sarangarh-Bilaigarh (C.G.)</i></p>	<p><i>Crusher Unit</i></p>	<p><i>I. Proponent has obtained storage permission from mining department which is valid upto date 28.04.2032.</i></p> <p><i>II. Proponent has obtained consent under Water & Air Act from Chhattisgarh Environment Conservation Board which is valid upto date 30.11.2027.</i></p> <p><i>III. Project proponent has informed the committee that the mineral for crushing was purchased from M/s Pila Babu Patel, M/s Rajesh Agrawal. As per the document submitted to mining department from April 2023 to July 2023 project</i></p>

			<p><i>proponent has purchased 4,632 MT quantity for crushing.</i></p> <p><i>IV. Project proponent has covered the vibrating unit by G.I. sheet and has made water sprinkling arrangements for control of air pollution. Thick plantation around the periphery was not found.</i></p>
11	<p><i>M/s. OM Minerals, Vill. Salheona.Teh.- Baramkela, Dist.-Sarangarh-Bilaigarh (C.G.)</i></p>	<p><i>Crusher Unit</i></p>	<p><i>I. Proponent has obtained storage permission from mining department which is valid upto date 06.04.2032.</i></p> <p><i>II. Proponent has obtained consent under Water & Air Act from Chhattisgarh Environment Conservation Board which is valid upto date 31.03.2026.</i></p> <p><i>III. Project proponent has informed the committee that the mineral for crushing was purchased from M/s Gurushree Minerals, Jaijaipur. As per the document submitted to mining department from April 2023 to July 2023proje has purchased 960 MT quantity for crushing.</i></p> <p><i>IV. Project proponent has covered the vibrating unit by G.I. sheet and has made water sprinkling</i></p>

			<i>arrangements for control of air pollution.</i>
	<i>M/s. Hari OM Minerals, Vill.- Chhailfora, Teh.- Sarangarh, Dist.-Sarangarh-Bilaigarh (C.G.)</i>	<i>Crusher Unit</i>	<p><i>I. Proponent has obtained storage permission from mining department which is valid upto date 28.03.2032.</i></p> <p><i>II. Proponent has obtained consent under Water & Air Act from Chhattisgarh Environment Conservation Board which is valid upto date 31.03.2024.</i></p> <p><i>III. Project proponent has informed the committee that the mineral for crushing was purchased from M/s Agrasen Mines and Minerals. As per the document submitted to mining department from April 2023 to July 2023 project proponent has purchased 15,000 MT quantity for crushing.</i></p> <p><i>IV. Project proponent has covered the vibrating unit by G.I. sheet and has made water sprinkling arrangements for control of air pollution.</i></p>
12	<i>M/s. Navdurga Crusher Udyog, Vill.-Salheona, Teh.-</i>	<i>Crusher Unit</i>	<i>I. Proponent has obtained storage permission from mining department which is valid upto date</i>

	<p><i>Baramkela, Dist.- Sarangarh- Bilaigarh (C.G.)</i></p>		<p><i>13.03.2032.</i></p> <p><i>II. Proponent has obtained consent under Water & Air Act from Chhattisgarh Environment Conservation Board which is valid upto date 30.04.2027.</i></p> <p><i>III. Project proponent has informed the committee that the mineral for crushing was purchased from M/s Rajesh Agrawal. As per the document submitted to mining department from April 2023 to July 2023 project proponent has purchased 4,117 MT quantity for crushing.</i></p> <p><i>IV. Project proponent has covered the vibrating unit by G.I. sheet and has made water sprinkling arrangements for control of air pollution.</i></p>
13	<p><i>M/s. Mahamiya Minerals, Vill.- Katangpali, Teh.- Baramkela, Dist.-Sarangarh- Bilaigarh (C.G.)</i></p>	<p><i>Mine</i></p>	<p><i>I. Proponent has obtained Environment clearance for mining in 4.016 hect. Mine lease area for mining, of dolomite 51,000 MT/Annum. quantity. Issued vide letter dated 25.02.2017.</i></p> <p><i>II. Proponent has obtained Mining lease permission from mining department which is valid upto date</i></p>

			<p>20.03.2041.</p> <p>III. Proponent has obtained consent under Water & Air Act from Chhattisgarh Environment Conservation Board which is expired 28.02.2028.</p> <p>IV. During inspection committee observed that mines pit was almost filled with rain water. Project proponent inform the committee that present excavated area is about 2.6 hect. and mining operation has been closed due to water filled in mines.</p> <p>V. Proper fencing for protection/safety of unauthorized access of human beings and animals was not found.</p> <p>VI. Project proponent has not developed dense plantation in 7.5 meter wide safety belt.</p>
15	<p>M/s. Aryan Minerals & Metals Pvt. Ltd., V ill.-J otpur, Teh.- Baramkela, Dist.- Sarangarh- Bilaigarh (C. G.)</p>	Mine	<p>I. Proponent has obtained E lease area for mining of dolomite 1,00,000 MT/Annum quantity, vide letter dated 21.02.2017.</p> <p>II. Proponent has obtained Mining lease permission from mining department which is valid upto date 24.07.2067.</p> <p>III. Proponent has obtained consent under Water & Air</p>

			<p>Act from Chhattisgarh Environment Conservation Board which is expired 30.06.2023. Proponent has applied for renewal of consent before C.G. Environment Conservation Board.</p> <p>IV. During inspection committee observed that mines pit was almost filled with rain water. Project proponent inform the committee that present excavated area is about 4.96 hect. and mining operation has been closed due to water filled in mines.</p> <p>V. Proper fencing for protection/safety of unauthorized access of human beings and animals was not found.</p>
16	M/s. Agroha Minerals, Vill.-Salheona, Teh.-Baramkela, Dist.-Sarangarh-Bilaigarh (C.G.)	Crusher unit	<p>I. Proponent has obtained storage permission from mining department which is valid upto date 24.02.2032.</p> <p>II. Proponent has obtained consent under Water & Air Act from Chhattisgarh Environment Conservation Board which is valid upto date 28.02.2028.</p> <p>III. Project proponent has</p>

			<i>informed the committee that the Industry was not in production from last 2 year</i>
--	--	--	--

Committee has also visited the operational Dolomite Mine situated in Raigarh district and observed the following points

S.No.	Name Industry & Address	Type of Project	Status During Inspection
	<i>Mis. Goutam Agrawal Vill.- Chhote Hardi, Teh.- Pussore, Dist.- Raigarh (C.G.)</i>	<i>Mine</i>	<p><i>I. Proponent has obtained Environment clearance for mining in 4.379 hect. Mine lease area for mining of dolomite 1,10,000 MT/Annum quantity, V i de letter dated 30.12.2016. Project Proponent inform the committee earlier the lease was in the name of Mr. Goutam Agrawal and the lease was transfer on dated 14.03.2023 in the name of M/s Shourya Minerals Pvt. Ltd.</i></p> <p><i>II. Proponent has obtained mining lease permission from mining department which is valid upto date 18.01.2032.</i></p> <p><i>III. Proponent has obtained consent under Water & Air Act from Chhattisgarh</i></p>

			<p><i>Environment Conservation Board which is valid upto 31.01.2028.</i></p> <p><i>IV. During inspection committee observed that mines pit was almost filled with rain water. Project proponent inform the committee that present excavated area is about 4.60 hect. and mining operation has been closed due to water filled in mines.</i></p> <p><i>V. Proper fencing for protection/safety of unauthorized access of human beings and animals was not found.</i></p> <p><i>VI Project proponent has not developed dense plantation in 7.5 meter wide safety belt.</i></p> <p><i>VII Proponent inform the committee that proper 7.5 meter safety belt will be provided all around the periphery of the mines within one year.</i></p>
--	--	--	---

B. Observation of the committee:

1. Industry/proponent are engaged in mining of dolomite above the sanctioned lease area/ Environment Clearance:-

During the visit status of mine and crusher unit has been illustrated in the above chart. Committee found that the said mines in the petition are

persuading mining activities within their mine lease boundary expect M/s. Raigarh Minerals Pvt. Ltd., Vill.-Bilaigarh, Teh.-Baramkela, Dist.-Sarangarh-Bilaigarh (C.G.). Committee has observed that the mine of M/s Raigarh Minerals, seems to be excavated the land more than the mine lease area, as the pillar point in the north east direction of the mine lease was not visible due to excess water at the mine pit and the survey for actual lease area and mined out area was not possible. Therefore committee suggested that a detail survey for lease area and mined out area shall be carried out through revenue department after the monsoon season. Mining officer has inform the committee that regular inspection was carried out for monitoring of the mining activity and in case any irregularity and illegal mining operations reported action as per mining act was taken time to time. Committee also noted that project proponents have not developed dense plantation in 7.5 meter wide safety belt, proper fencing for protection/safety of unauthorized access of human beings and animals was not found.

2. Transportation of mined minerals is causing air pollution in the nearby area :-

No transportation of mine material was found during the inspection. It was informed by the project proponent that dolomite is being transported through tarpaulin covered trucks and tankers have been provided for regular sprinkling of water on internal roads.

C. Recommendation:-

- 1. Committee has observed that the mine of M/s Raigarh Minerals, seems to be excavated the land more than the mine lease area, as the pillar point in the north east direction of the mine lease was not visible due to excess water at the mine pit and the survey for actual lease area and mined out area was not possible. Therefore committee suggested that a detail survey for lease area and mined out area shall be carried out through revenue department after the monsoon season. Chhattisgarh Environment Conservation Board and Mining Department shall take appropriate action as per the report of revenue department.*
- 2. Mining Department shall increase the frequency of inspection of mineral reserve areas and storage permission area for monitoring of stocking quantity.*

3. *Project proponents shall make proper arrangements for tarpaulin covering of material carrying trucks.*
4. *Project proponents shall provide proper fencing for protection/safety of unauthorized access of human beings and animals.*
5. *Project proponents shall install CCTV Cameras at the inward and outward gates and ensure the availability of video footage for at least three months all the times.*
6. *Project proponents shall submit compliance of Environment Clearance condition every six month to appropriate authority.*
7. *Project proponents shall increase the density of plantation in 7.5 meter wide safety area all along the mine periphery.*
8. *Project proponents shall install display board with details of mine lease area, name of lease holder, production capacity, validity of various permission and other details at the main gate of mine and crusher unit.*

*Information received from Mining Department is attached as **Annexure-I** and photographs are attached as **Annexure-II**.*

In view of the above, the committee submits that necessary action for non-compliance of the condition for fencing and dense plantation within the periphery shall be initiated against the project proponent by mining department and C.G. Environment conservation Board.”

4. Learned counsel for the applicant has submitted that the more than 60% or 80% of the mineral have been excavated by the project proponent within less then six months which is not in proportionate manner. We have examined the contention raised by the learned counsel for the applicant. Nothing has been shown by the applicant as to whether the project proponent has exceeded the maximum quantity or violated any environmental rules. In reply thereof, learned counsel has submitted that

the report submitted by the joint committee has not taken cognizance of illegal mining, but again he has not shown in his document with regard to the illegal mining.

5. The joint committee report says that the Project Proponent has valid and requisite permission from the competent authority and certain recommendations have been made to be complied by the respondents.
6. With regard to the Raigarh mineral it has been submitted that the lease was not visible due to excess water at the mine pit and on the basis of above it has been suggested that it is for the Mining Department/Revenue Department, to do the detail survey of the lease area.
7. We have gone through the report submitted by the committee and found that unless there is proved violation with the evidence, it would not be appropriate to proceed on the basis of imaginary grounds. On this point, we direct the Mining Department and the State Pollution Control Board to examine the matter and in case of any violation they have to take necessary action according to rules.
8. In light of the observations and recommendations of the joint committee, we direct the respondents to follow the recommendations which are enumerated as follows :-
 - i. Mining Department shall increase the frequency of inspection of mineral reserve areas and storage permission area for monitoring of stocking quantity.
 - ii. Project proponents shall make proper arrangements for tarpaulin covering of material carrying trucks.
 - iii. Project proponents shall provide proper fencing for protection/safety of unauthorized access of human beings and animals.
 - iv. Project proponents shall install CCTV Cameras at the inward and outward gates and ensure the availability of video footage for at least three months all the times.

- v. Project proponents shall submit compliance of Environment Clearance condition every six month to appropriate authority.
- vi. Project proponents shall increase the density of plantation in 7.5 meter wide safety area all along the mine periphery.
- vii. Project proponents shall install display board with details of mine lease area, name of lease holder, production capacity, validity of various permission and other details at the main gate of mine and crusher unit.

9. We direct the State PCB and Mining Department to enforce the above recommendations and incase of violations to ensure the compliances and take necessary actions.

10. With these observations the **Original Application No. 39/2023 stands disposed of.**

Sheo Kumar Singh, JM
