The attention of the Municipal Commissioners of the ULBs mentioned in the address entry is invited to the references cited.

2. In the reference 4<sup>th</sup> cited, the Municipal Commissioners were directed to discuss with the managements of the Cement Plants, located around their ULBs, to make suitable arrangements, to tie-up with Cement Plants, for disposal of combustible portion of Dry Waste generated in their ULBs. The Rule 5 of Plastic Waste Management Rules, 2016 states that the ULBs shall encourage the use of Plastic Waste, preferably the Plastic Waste which cannot be further recyclable for road construction or energy recovery etc.,

3. Though certain ULBs have reported that they have tied-up with the Cement Plants, there is no considerable progress in disposal of Plastic Waste in the ULBs.

4. Therefore, a tie-up arrangement of the ULBs to the Cement Plants is made (attached to this Circular as Annexure), considering the distance. Thus, the Municipal Commissioners mentioned in the address entry are requested to discuss with the Managements of the Cement Plants, to make suitable arrangements for disposal of combustible portion of the Plastic Waste generated in the ULBs. However, if tie-up arrangement is already made in any ULB with the Cement Plants it can be continued and considering the feasibility and other ground situations the Municipal Commissioners can make tie-up arrangements with the nearby Cement Plants.
